PRELIMINARY—SUBJECT TO COMPLETION, DATED APRIL 29, 2019

**PROXY STATEMENT FOR
EXTRAORDINARY GENERAL MEETING OF LEO HOLDINGS CORP.
PROSPECTUS FOR**

39,000,000 SHARES OF COMMON STOCK AND 14,000,000 WARRANTS OF LEO HOLDINGS CORP. (AFTER ITS DOMESTICATION AS A CORPORATION INCORPORATED IN THE STATE OF DELAWARE, WHICH WILL BE RENAMED CHUCK E. CHEESE BRANDS INC. IN CONNECTION WITH THE MERGER DESCRIBED HEREIN)

The board of directors of Leo Holdings Corp., a Cayman Islands exempted company (“Leo”), has unanimously approved (i) the domestication of Leo as a Delaware corporation (the “Domestication”); (ii) the merger of Queso Holdings Inc. (“Queso”) with and into Leo, with Leo surviving the merger (the “Merger”); and (iii) the other transactions (collectively with the Domestication and Merger, the “Business Combination”) contemplated by the Business Combination Agreement, dated as of April 7, 2019 (as amended, the “Business Combination Agreement”), by and among Leo, Queso and AP VIII CEC Holdings, L.P., a Delaware limited partnership (the “Seller”), a copy of which is attached to this proxy statement/prospectus as Annex A. In connection with the Merger, Leo will change its name to “Chuck E. Cheese Brands Inc.” As used in this proxy statement/prospectus, “New CEC” refers to Leo after the Business Combination. As described in this proxy statement/prospectus, Leo’s shareholders are being asked to consider a vote upon (among other things) the Business Combination.

On the effective date of the Domestication, (1) the issued and outstanding Class A ordinary shares, par value \$0.0001 per share, of Leo will convert automatically by operation of law, on a one-for-one basis, into shares of common stock, par value \$0.0001 per share, of New CEC (“New CEC Common Stock”); (2) the issued and outstanding redeemable warrants that were registered pursuant to the Registration Statement on Form S-1 (333-222599) of Leo (the “IPO registration statement”) will become automatically redeemable warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding public warrants as a result of the Domestication); (3) each issued and outstanding unit of Leo that has not been previously separated into the underlying Class A ordinary share and underlying warrant upon the request of the holder thereof, will be cancelled and will entitle the holder thereof to one share of New CEC Common Stock and one-half of one redeemable warrant to acquire one share of New CEC Common Stock; (4) each issued and outstanding Class B ordinary share, par value \$0.0001 per share, of Leo will convert automatically by operation of law, on a one-for-one basis without giving effect to any rights of adjustment or other anti-dilution protections, into shares of New CEC Common Stock; and (5) the issued and outstanding warrants of Leo issued in a private placement will automatically become warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding private placement warrants as a result of the Domestication).

Accordingly, this prospectus covers 39,000,000 shares of New CEC Common Stock (including shares issuable upon exercise of the warrants described above) and 14,000,000 warrants to acquire shares of New CEC Common Stock to be issued in the Domestication.

Leo’s units, Class A ordinary shares and warrants are currently listed on the New York Stock Exchange (the “NYSE”) under the symbols “LHC.U,” “LHC” and “LHC WS,” respectively. Leo will apply for listing, to be effective at the time of the Business Combination, of New CEC’s common stock and warrants on the NYSE under the proposed symbols “CEC” and “CEC WS,” respectively. It is a condition of the consummation of the Business Combination that Leo receive confirmation from the NYSE that New CEC has been conditionally approved for listing on the NYSE but there can be no assurance such listing condition will be met or that Leo will obtain such confirmation from the NYSE. If such listing condition is not met or if such confirmation is not obtained, the Business Combination will not be consummated unless the NYSE condition set forth in the Business Combination Agreement is waived by the applicable parties.

This proxy statement/prospectus provides shareholders of Leo with detailed information about the Business Combination and other matters to be considered at the extraordinary general meeting of Leo. We encourage you to read this entire document, including the Annexes and other documents referred to herein, carefully and in their entirety. You should also carefully consider the risk factors described in “Risk Factors” beginning on page 38 of this proxy statement/prospectus.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES REGULATORY AGENCY HAS APPROVED OR DISAPPROVED THE TRANSACTIONS DESCRIBED IN THIS PROXY STATEMENT/PROSPECTUS, PASSED UPON THE MERITS OR FAIRNESS OF THE BUSINESS COMBINATION OR RELATED TRANSACTIONS OR PASSED UPON THE ADEQUACY OR ACCURACY OF THE DISCLOSURE IN THIS PROXY STATEMENT/PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY CONSTITUTES A CRIMINAL OFFENSE.

This proxy statement/prospectus is dated _____, 2019, and
is first being mailed to Leo’s shareholders on or about _____, 2019.

LEO HOLDINGS CORP.

**A Cayman Islands Exempted Company
(Company Number 329879)
21 Grosvenor Place
London SW1X 7HF, United Kingdom**

Dear Leo Holdings Corp. Shareholders:

You are cordially invited to attend the extraordinary general meeting in lieu of the annual meeting (the “extraordinary general meeting”) of Leo Holdings Corp., a Cayman Islands exempted company (“Leo” and, after the Domestication as described below, “New CEC”), at _____, Eastern Time, on _____, 2019, at _____, or at such other time, on such other date and at such other place to which the meeting may be adjourned or postponed.

At the extraordinary general meeting, Leo shareholders will be asked to consider and vote upon a proposal, which is referred to herein as the “BCA Proposal,” to approve and adopt the Business Combination Agreement, dated as of April 7, 2019, by and among Leo, Queso Holdings Inc., a Delaware corporation (“Queso”), AP VIII CEC Holdings, L.P., a Delaware limited partnership (the “Seller”), and solely for purposes of Section 7.14(f) and 10.2(i), Leo Investors Limited Partnership, a Cayman Islands limited partnership (“Sponsor”) (the “Business Combination Agreement”), a copy of which is attached to the accompanying proxy statement/prospectus as Annex A, and the transactions contemplated thereby. In accordance with the terms and subject to the conditions of the Business Combination Agreement, among other things, following the Domestication of Leo to Delaware as described below, Queso will merge with and into Leo, the separate corporate existence of Queso will cease and Leo will be the surviving corporation (the “Merger”).

As a condition to closing the Merger, the board of directors of Leo has unanimously approved, and Leo shareholders are being asked to consider and vote upon a proposal to approve (the “Domestication Proposal”), a change of Leo’s jurisdiction of incorporation by deregistering as an exempted company in the Cayman Islands and continuing and domesticating as a corporation incorporated under the laws of the State of Delaware (the “Domestication,” and together with the Merger and other transactions contemplated by the Business Combination Agreement, the “Business Combination”). In connection with the Merger, Leo will change its name to “Chuck E. Cheese Brands Inc.” As used herein, “New CEC” refers to Leo after the Domestication, including after the Merger.

On the effective date of the Domestication, (1) the issued and outstanding Class A ordinary shares, par value \$0.0001 per share (the “Class A ordinary shares”), of Leo will convert automatically by operation of law, on a one-for-one basis, into shares of common stock, par value \$0.0001 per share, of New CEC (“New CEC Common Stock”); (2) the issued and outstanding redeemable warrants that were registered pursuant to the Registration Statement on Form S-1 (333-222599) of Leo (the “IPO registration statement”) will become automatically redeemable warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding public warrants as a result of the Domestication); (3) each issued and outstanding unit of Leo that has not been previously separated into the underlying Class A ordinary share and underlying warrant upon the request of the holder thereof, will be cancelled and will entitle the holder thereof to one share of New CEC Common Stock and one-half of one redeemable warrant to acquire one share of New CEC Common Stock; (4) each issued and outstanding Class B ordinary share, par value \$0.0001 per share (the “Class B ordinary shares” and, together with the Class A ordinary shares, the “ordinary shares”), of Leo will convert automatically by operation of law, on a one-for-one basis without giving effect to any rights of adjustment or other anti-dilution protections, into shares of New CEC Common Stock (as converted, the “Converted Founder Shares”); and (5) the issued and outstanding warrants of Leo issued in a private placement will automatically become warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding private placement warrants as a result of the Domestication). As used herein, “public shares” shall mean the Class A ordinary shares and “public warrants” shall mean the redeemable warrants to acquire Class A ordinary shares, in each case, that were registered pursuant to the IPO registration statement and the shares of New CEC Common Stock issued as a matter of law upon the conversion thereof on the effective

[Table of Contents](#)

date of the Domestication. As used herein, “Class B ordinary shares” or “founder shares” shall mean the 5,000,000 Class B ordinary shares, par value \$0.0001 per share, of Leo and “private placement warrants” shall mean the 4,000,000 private placement warrants outstanding as of the date of this proxy statement/prospectus, which will be automatically converted by operation of law into warrants to acquire shares of New CEC Common Stock in the Domestication. For further details, see “*Proposal No. 2—The Domestication Proposal.*”

You will also be asked to consider and vote upon (a) five separate proposals to approve material differences between Leo’s existing amended and restated memorandum and articles of association (the “Existing Organizational Documents”) and the proposed new certificate of incorporation and bylaws of New CEC upon the Domestication, which are referred to herein as the “Organizational Documents Proposals,” (b) a proposal to approve for purposes of complying with applicable provisions of NYSE Listing Rule 312.03, the issuance of New CEC Common Stock to the equityholders of Queso and to participants in the PIPE Investment (as defined below), including an affiliate of Sponsor, to the extent such issuance would require a shareholder vote under NYSE Listing Rule 312.03, which is referred to herein as the “Stock Issuance Proposal,” (c) a proposal to approve and adopt the Chuck E. Cheese Brands Inc. 2019 Equity Incentive Plan, a copy of which is attached to the accompanying proxy statement/prospectus as Annex E, which is referred to herein as the “Incentive Award Plan Proposal,” and (d) a proposal to approve the adjournment of the extraordinary general meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for the approval of one or more proposals at the extraordinary general meeting, which is referred to herein as the “Adjournment Proposal.” The Business Combination will be consummated only if the BCA Proposal, the Domestication Proposal, certain of the Organizational Documents Proposals (the “Required Organizational Documents Proposals”) and, the Stock Issuance Proposal (collectively, the “Condition Precedent Proposals”) are approved at the extraordinary general meeting. Each of the Condition Precedent Proposals is cross-conditioned on the approval of each other. The Organizational Documents Proposals that are not Required Organizational Documents Proposals and the Incentive Award Plan Proposal, are conditioned on the approval of the Condition Precedent Proposals. The Adjournment Proposal is not conditioned upon the approval of any other proposal. Each of these proposals is more fully described in the accompanying proxy statement/prospectus, which each shareholder is encouraged to read carefully and in its entirety.

In accordance with the terms and subject to the conditions of the Business Combination Agreement, the stockholders of Queso will be entitled to receive 36,000,137 shares of New CEC Common Stock in exchange for their current equity in Queso. Each share of Queso common stock will be converted into the right to receive a number of shares of New CEC Common Stock (as rounded down to the nearest whole number) equal to (a) 36,000,137 shares of New CEC Common Stock divided by (b) the number of shares of Queso common stock issued and outstanding immediately prior to the effective time of the Business Combination (the “Business Combination Consideration”). The Business Combination Consideration does not include (a) an additional 4,000,000 shares of New CEC Common Stock, which will be issuable to the stockholders and certain option holders of Queso upon the occurrence of certain events and the satisfaction of certain conditions as set forth in the Business Combination Agreement (the “Contingent Shares”) and (b) the amount of certain indebtedness of CEC that will be repaid by Leo at the Closing which is expected to be financed by the sum of (i) cash held in the trust account net of redemptions, plus (ii) gross proceeds of the PIPE Investment less (iii) transaction costs incurred to consummate the Business Combination.

The Business Combination Consideration is subject to adjustment to appropriately reflect the effect of any stock split, reverse stock split, stock dividend, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change prior to consummation of the Business Combination.

Concurrently with the execution of the Business Combination Agreement, Leo entered into subscription agreements with certain investors (collectively, the “PIPE Investors”) pursuant to which the PIPE Investors have collectively subscribed for 10,000,000 shares of New CEC Common Stock (plus an additional 700,000) for an aggregate purchase price equal to \$100.0 million (the “PIPE Investment”), \$60.0 million of which will be funded by an affiliate of Sponsor (the “Sponsor PIPE Entity”). The PIPE Investment will be consummated substantially concurrently with the Closing.

[Table of Contents](#)

Concurrently with the execution of the Business Combination Agreement, Leo and the Sponsor entered into the Sponsor Shares Surrender Agreement on April 7, 2019, pursuant to which, among other things, the Sponsor has agreed to, immediately prior to, and conditioned upon, the effective time of the Merger (the “Effective Time”), (a) automatically surrender and forfeit an aggregate of 1,750,000 Class B ordinary shares of Leo (the “Forfeited Shares”) to Leo for no consideration, as a contribution to the capital of Leo and (b) waive certain anti-dilution rights of its Class B ordinary shares. Leo will immediately cancel the Forfeited Shares. For further details, see “*BCA Proposal—The Business Combination Agreement—Business Combination Consideration.*”

In connection with the Business Combination, certain related agreements have been, or will be entered into on or prior to the closing date of the Business Combination (the “Closing Date”), including, the Director Nomination Agreement, Amended and Restated Registration Rights Agreement and Lock-Up Agreement (each as defined in the accompanying proxy statement/prospectus). See “*BCA Proposal—Related Agreements*” in the accompanying proxy statement/prospectus for more information.

Pursuant to the Existing Organizational Documents, a public shareholder may request that Leo redeem all or a portion of such shareholder’s public shares for cash if the Business Combination is consummated. Holders of units must elect to separate the units into the underlying public shares and warrants prior to exercising redemption rights with respect to the public shares. If holders hold their units in an account at a brokerage firm or bank, holders must notify their broker or bank that they elect to separate the units into the underlying public shares and warrants, or if a holder holds units registered in its own name, the holder must contact the transfer agent directly and instruct it to do so. **Public shareholders may elect to redeem their public shares even if they vote “for” the BCA Proposal.** If the Business Combination is not consummated, the public shares will be returned to the respective holder, broker or bank. If the Business Combination is consummated, and if a public shareholder properly exercises its right to redeem all or a portion of the public shares that it holds and timely delivers its shares to Continental Stock Transfer & Trust Company (“Continental”), Leo’s transfer agent, New CEC will redeem such public shares for a per-share price, payable in cash, equal to the pro rata portion of the trust account established at the consummation of our initial public offering, calculated as of two business days prior to the consummation of the Business Combination. For illustrative purposes, as of April 23, 2019, this would have amounted to approximately \$10.22 per issued and outstanding public share. If a public shareholder exercises its redemption rights in full, then it will be electing to exchange its public shares for cash and will no longer own public shares. The redemption takes place following the Domestication and accordingly it is shares of New CEC Common Stock that will be redeemed immediately after consummation of the Business Combination. See “*Extraordinary General Meeting of Leo—Redemption Rights*” in the accompanying proxy statement/prospectus for a detailed description of the procedures to be followed if you wish to redeem your public shares for cash.

Notwithstanding the foregoing, a public shareholder, together with any affiliate of such public shareholder or any other person with whom such public shareholder is acting in concert or as a “group” (as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (“Exchange Act”)), will be restricted from redeeming its public shares with respect to more than an aggregate of 15% of the public shares. Accordingly, if a public shareholder, alone or acting in concert or as a group, seeks to redeem more than 15% of the public shares, then any such shares in excess of that 15% limit would not be redeemed for cash.

The holders of Class B ordinary shares (the “Class B Shareholders”) have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting and waive their redemption rights with respect to such ordinary shares in connection with the consummation of the Business Combination. The Class B ordinary shares will be excluded from the pro rata calculation used to determine the per-share redemption price. As of the date of this proxy statement/prospectus, the Class B Shareholders own approximately 20.0% of the issued and outstanding ordinary shares.

The Business Combination Agreement provides that Queso’s and the Seller’s obligation to consummate the Business Combination is conditioned on, among other things, that after giving effect to (i) the redemptions each holder of ordinary shares of Leo is entitled to, to the extent such holder elects to exercise such redemption rights, and (ii) the PIPE Investments, New CEC shall have net available cash equal to no less than \$250,000,000. We

[Table of Contents](#)

refer to this as the “Maximum Redemption Condition.” If this Maximum Redemption Condition is not met, and such condition is not waived by the Seller, then the Business Combination Agreement could terminate and the proposed Business Combination may not be consummated. The Business Combination Agreement is also subject to the satisfaction or waiver of certain other closing conditions as described in the accompanying proxy statement/prospectus. There can be no assurance that the parties to the Business Combination Agreement would waive any such provision of the Business Combination Agreement. In addition, in no event will Leo redeem public shares in an amount that would cause New CEC’s net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) to be less than \$5,000,001.

Leo is providing the accompanying proxy statement/prospectus and accompanying proxy card to Leo’s shareholders in connection with the solicitation of proxies to be voted at the extraordinary general meeting and at any adjournments or postponements of the extraordinary general meeting. Information about the extraordinary general meeting, the Business Combination and other related business to be considered by Leo’s shareholders at the extraordinary general meeting is included in the accompanying proxy statement/prospectus. **Whether or not you plan to attend the extraordinary general meeting, all of Leo’s shareholders are urged to read the accompanying proxy statement/prospectus, including the Annexes and other documents referred to therein, carefully and in their entirety. You should also carefully consider the risk factors described in “Risk Factors” beginning on page 38 of this proxy statement/prospectus.**

After careful consideration, the board of directors of Leo has unanimously approved the Business Combination and unanimously recommends that shareholders vote “FOR” the adoption of the Business Combination Agreement and approval of the transactions contemplated thereby, including the Business Combination, and “FOR” all other proposals presented to Leo’s shareholders in the accompanying proxy statement/prospectus. When you consider the recommendation of these proposals by the board of directors of Leo, you should keep in mind that Leo’s directors and officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination” in the accompanying proxy statement/prospectus for a further discussion of these considerations.

The approval of each of the Domestication Proposal and Organizational Documents Proposals requires the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. The BCA Proposal, the Incentive Award Plan Proposal, and the Adjournment Proposal require the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. The Stock Issuance Proposal requires the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote or abstain from voting on this proposal at the extraordinary general meeting.

Your vote is very important. Whether or not you plan to attend the extraordinary general meeting, please vote as soon as possible by following the instructions in the accompanying proxy statement/prospectus to make sure that your shares are represented at the extraordinary general meeting. If you hold your shares in “street name” through a bank, broker or other nominee, you will need to follow the instructions provided to you by your bank, broker or other nominee to ensure that your shares are represented and voted at the extraordinary general meeting. The transactions contemplated by the Business Combination Agreement will be consummated only if the Condition Precedent Proposals are approved at the extraordinary general meeting. Each of the Condition Precedent Proposals is cross-conditioned on the approval of each other. The Organizational Documents Proposals that are not Required Organizational Documents Proposals and the Incentive Award Plan Proposal, are conditioned on the approval of the Condition Precedent Proposals. The Adjournment Proposal is not conditioned on the approval of any other proposal set forth in the accompanying proxy statement/prospectus.

If you sign, date and return your proxy card without indicating how you wish to vote, your proxy will be voted FOR each of the proposals presented at the extraordinary general meeting. If you fail to return your proxy card or fail to instruct your bank, broker or other nominee how to vote, and do not attend the extraordinary

[Table of Contents](#)

general meeting in person, the effect will be, among other things, that your shares will not be counted for purposes of determining whether a quorum is present at the extraordinary general meeting. If you are a shareholder of record and you attend the extraordinary general meeting and wish to vote in person, you may withdraw your proxy and vote in person.

TO EXERCISE YOUR REDEMPTION RIGHTS, YOU MUST DEMAND IN WRITING THAT YOUR PUBLIC SHARES ARE REDEEMED FOR A PRO RATA PORTION OF THE FUNDS HELD IN THE TRUST ACCOUNT AND TENDER YOUR SHARES TO LEO'S TRANSFER AGENT AT LEAST TWO BUSINESS DAYS PRIOR TO THE VOTE AT THE EXTRAORDINARY GENERAL MEETING. YOU MAY TENDER YOUR SHARES BY EITHER DELIVERING YOUR SHARE CERTIFICATE TO THE TRANSFER AGENT OR BY DELIVERING YOUR SHARES ELECTRONICALLY USING THE DEPOSITORY TRUST COMPANY'S DWAC (DEPOSIT WITHDRAWAL AT CUSTODIAN) SYSTEM. IF THE BUSINESS COMBINATION IS NOT COMPLETED, THEN THESE SHARES WILL BE RETURNED TO YOU OR YOUR ACCOUNT. IF YOU HOLD THE SHARES IN STREET NAME, YOU WILL NEED TO INSTRUCT THE ACCOUNT EXECUTIVE AT YOUR BANK OR BROKER TO WITHDRAW THE SHARES FROM YOUR ACCOUNT IN ORDER TO EXERCISE YOUR REDEMPTION RIGHTS.

On behalf of Leo's board of directors, I would like to thank you for your support and look forward to the successful completion of the Business Combination.

Sincerely,

Lyndon Lea
Chairman and Chief Executive Officer

(a corporation incorporated in the State of Delaware, assuming the Domestication Proposal is approved and adopted, and the filing with and acceptance by the Secretary of State of Delaware of the certificate of domestication in accordance with Section 388 of the Delaware General Corporation Law (the “DGCL”), which will be renamed “Chuck E. Cheese Brands Inc.” in connection with the Merger (Leo after the Domestication and after the Merger is referred to herein as “New CEC”):

Cheese Brands Inc." (which is expected to occur after the Domestication in connection with the Merger), (2) making New CEC's corporate existence perpetual, (3) adopting Delaware as the exclusive forum for certain stockholder litigation, (4) electing to not be governed by Section 203 of the DGCL and limiting certain corporate takeovers by interested stockholders, (5) granting an explicit waiver regarding corporate opportunities to New CEC and its directors and (6) removing certain provisions related to our status as a blank check company that will no longer be applicable upon consummation of the Business Combination, all of which Leo's board of directors believes is necessary to adequately address the needs of New CEC after the Business Combination (this proposal is referred to herein as "Organizational Documents Proposal E" and, together with Organization Documents Proposal A, the "Required Organizational Documents Proposals");
- **Proposal No. 8—The Stock Issuance Proposal**—to consider and vote upon a proposal to approve by ordinary resolution for the purposes of complying with the applicable provisions of NYSE Listing Rule 312.03, the issuance of shares of New CEC Common Stock to the equityholders of Queso and the participants in the PIPE Investment (as defined herein), including an affiliate of Sponsor, to the extent such issuance would require a shareholder vote under NYSE Listing Rule 312.03 (this proposal is referred to herein as the "Stock Issuance Proposal" and, collectively with the BCA Proposal, the Domestication Proposal and the Required Organizational Documents Proposals, the "Condition Precedent Proposals");
- **Proposal No. 9—The Incentive Award Plan Proposal**—to consider and vote upon a proposal to approve by ordinary resolution the Chuck E. Each of the BCA Proposal, the Domestication Proposal, the Required Organizational Documents Proposals and the Stock Issuance Proposal on the approval and adoption of each of the other Condition Precedent Proposals. The Organizational Documents Proposals that are not Required Organizational Documents Proposals and the Incentive Award Plan Proposal, are conditioned on the approval of the Condition Precedent Proposals. The Adjournment Proposal is not conditioned on any other proposal.

These items of business are described in this proxy statement/prospectus, which we encourage you to read carefully and in its entirety before voting.

Only holders of record of ordinary shares at the close of business on _____, 2019 are entitled to notice of and to vote and have their votes counted at the extraordinary general meeting and any adjournment of the extraordinary general meeting.

[Table of Contents](#)

This proxy statement/prospectus and accompanying proxy card is being provided to Leo's shareholders in connection with the solicitation of proxies to be voted at the extraordinary general meeting and at any adjournment of the extraordinary general meeting. **Whether or not you plan to attend the extraordinary general meeting, all of Leo's shareholders are urged to read this proxy statement/prospectus, including the Annexes and the documents referred to herein carefully and in their entirety. You should also carefully consider the risk factors described in "Risk Factors" beginning on page 38 of this proxy statement/prospectus.**

After careful consideration, the board of directors of Leo has unanimously approved the Business Combination and unanimously recommends that shareholders vote "FOR" the adoption of the Business Combination Agreement and approval of the transactions contemplated thereby, including the Business Combination, and "FOR" all other proposals presented to Leo's shareholders in this proxy statement/prospectus. When you consider the recommendation of these proposals by the board of directors of Leo, you should keep in mind that Leo's directors and officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled "BCA Proposal—Interests of Leo's Directors and Executive Officers in the Business Combination" in this proxy statement/prospectus for a further discussion of these considerations.

Pursuant to the Existing Organizational Documents, a holder of public shares (as defined herein) (a "public shareholder") may request of Leo that New CEC redeem all or a portion of its public shares for cash if the Business Combination is consummated. As a holder of public shares, you will be entitled to receive cash for any public shares to be redeemed only if you:

- (i) (a) hold public shares, or (b) if you hold public shares through units, you elect to separate your units into the underlying public shares and warrants prior to exercising your redemption rights with respect to the public shares;
- (ii) submit a written request to Continental Stock Transfer & Trust Company ("Continental"), Leo's transfer agent, that New CEC redeem all or a portion of your public shares for cash; and
- (iii) deliver your public shares to Continental, Leo's transfer agent, physically or electronically through The Depository Trust Company ("DTC").

Holders must complete the procedures for electing to redeem their public shares in the manner described above prior to 5:00 p.m., Eastern Time, on _____, 2019 (two business days before the extraordinary general meeting) in order for their shares to be redeemed.

Holders of units must elect to separate the units into the underlying public shares and warrants prior to exercising redemption rights with respect to the public shares. If holders hold their units in an account at a brokerage firm or bank, holders must notify their broker or bank that they elect to separate the units into the underlying public shares and warrants, or if a holder holds units registered in its own name, the holder must contact Continental, Leo's transfer agent, directly and instruct them to do so. Public shareholders may elect to redeem public shares regardless of if or how they vote in respect of the BCA Proposal. If the Business Combination is not consummated, the public shares will be returned to the respective holder, broker or bank. If the Business Combination is consummated, and if a public shareholder properly exercises its right to redeem all or a portion of the public shares that it holds and timely delivers its shares to Continental, Leo's transfer agent, New CEC will redeem such public shares for a per-share price, payable in cash, equal to the pro rata portion of the trust account established at the consummation of our initial public offering (the "trust account"), calculated as of two business days prior to the consummation of the Business Combination. For illustrative purposes, as of April 23, 2019, this would have amounted to approximately \$10.22 per issued and outstanding public share. If a public shareholder exercises its redemption rights in full, then it will be electing to exchange its public shares for cash and will no longer own public shares. The redemption takes place following the Domestication and accordingly it is shares of New CEC Common Stock that will be redeemed immediately after consummation of the Business Combination. See "*Extraordinary General Meeting of Leo—Redemption Rights*" in this proxy statement/prospectus for a detailed description of the procedures to be followed if you wish to redeem your public shares for cash.

[Table of Contents](#)

Notwithstanding the foregoing, a public shareholder, together with any affiliate of such public shareholder or any other person with whom such public shareholder is acting in concert or as a “group” (as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (“Exchange Act”)), will be restricted from redeeming its public shares with respect to more than an aggregate of 15% of the public shares. Accordingly, if a public shareholder, alone or acting in concert or as a group, seeks to redeem more than 15% of the public shares, then any such shares in excess of that 15% limit would not be redeemed for cash.

The Class B Shareholders have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting and waive their redemption rights with respect to such ordinary shares in connection with the consummation of the Business Combination. The Class B ordinary shares will be excluded from the pro rata calculation used to determine the per-share redemption price. As of the date of this proxy statement/prospectus, the Class B Shareholders own approximately 20.0% of the issued and outstanding ordinary shares.

The Business Combination Agreement provides that Queso’s and the Seller’s obligation to consummate the Business Combination is conditioned on, among other things, that after giving effect to (i) the redemptions each holder of ordinary shares of Leo is entitled to, to the extent such holder elects to exercise such redemption rights, and (ii) the PIPE Investments, New CEC shall have net available cash equal to no less than \$250,000,000 (the “Maximum Redemption Condition”). If the Maximum Redemption Condition is not met, and such condition is not waived by the Seller, then the Business Combination Agreement could terminate and the proposed Business Combination may not be consummated. The Business Combination Agreement is also subject to the satisfaction or waiver of certain other closing conditions as described in the accompanying proxy statement/prospectus. There can be no assurance that the parties to the Business Combination Agreement would waive any such provision of the Business Combination Agreement. In addition, in no event will Leo redeem public shares in an amount that would cause New CEC’s net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) to be less than \$5,000,001. The approval of each of the Domestication Proposal and Organizational Documents Proposals requires the affirmative vote of holders of at least two-thirds of the Leo ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. The BCA Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal require the affirmative vote of a majority of the Leo ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. The Stock Issuance Proposal requires the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote or abstain from voting on this proposal at the extraordinary general meeting.

Your vote is very important. Whether or not you plan to attend the extraordinary general meeting, please vote as soon as possible by following the instructions in this proxy statement/prospectus to make sure that your shares are represented at the extraordinary general meeting. If you hold your shares in “street name” through a bank, broker or other nominee, you will need to follow the instructions provided to you by your bank, broker or other nominee to ensure that your shares are represented and voted at the extraordinary general meeting. The transactions contemplated by the Business Combination Agreement will be consummated only if the Condition Precedent Proposals are approved at the extraordinary general meeting. Each of the Condition Precedent Proposals is cross-conditioned on the approval of each other. The Organizational Documents Proposals that are not Required Organizational Documents Proposals and the Incentive Award Plan Proposal, are conditioned on the approval of the Condition Precedent Proposals. The Adjournment Proposal is not conditioned on the approval of any other proposal set forth in this proxy statement/prospectus.

If you sign, date and return your proxy card without indicating how you wish to vote, your proxy will be voted FOR each of the proposals presented at the extraordinary general meeting. If you fail to return your proxy card or fail to instruct your bank, broker or other nominee how to vote, and do not attend the extraordinary general meeting in person, the effect will be, among other things, that your shares will not be counted for purposes of determining whether a quorum is present at the extraordinary general meeting. If you are a shareholder of record and you attend the extraordinary general meeting and wish to vote in person, you may withdraw your proxy and vote in person.

Certain statements in this proxy statement/prospectus may constitute “forward-looking statements” for purposes of the federal securities laws. Our forward-looking statements include, but are not limited to, statements regarding our or our management team’s expectations, hopes, beliefs, intentions or strategies regarding the future, including those relating to the Business Combination. The information included in this proxy statement/prospectus in relation to Queso has been provided by Queso and its respective management, and forward-looking statements include statements relating to our and its respective management team’s expectations, hopes, beliefs, intentions or strategies regarding the future, including those relating to the Business Combination. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words “anticipate,” “believe,” “contemplate,” “continue,” “could,” “estimate,” “expect,” “intends,” “may,” “might,” “plan,” “possible,” “potential,” “predict,” “project,” “should,” “will,” “would” and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements in this proxy statement/prospectus and in any document incorporated by reference in this proxy statement/prospectus may include, for example, statements about:

- our ability to complete the Business Combination with Queso or, if we do not consummate such business combination, any other initial business combination;
- satisfaction or waiver of the conditions to the Merger including, among other things: (1) the approval of the BCA Proposal, the Domestication Proposal, the Stock Issuance Proposal and certain of the Organizational Documents Proposals being obtained; (2) the Maximum Redemption Condition; (3) the shares of New CEC Common Stock to be issued in connection with the Business Combination Agreement will have been approved for listing on the NYSE; (4) all required waiting periods or approvals under the Hart-Scott-Rodino Act of 1976 (the “HSR Act”) and all applicable antitrust laws shall have expired, been received or terminated; (5) no applicable law or injunction enacted, entered, promulgated, enforced or issued by any governmental authority or other legal restraint or prohibition preventing the consummation of the Business Combination shall be in effect; (6) the consummation of the Domestication immediately prior to the Closing; (7) the consummation of the PIPE Investment immediately prior to the Closing; (8) the consummation of the Merger concurrently with the Closing; (9) 1,750,000 Class B ordinary shares of Leo shall have been surrendered by Sponsor in accordance with the Sponsor Shares Surrender Agreement; and (10) the net tangible assets of New CEC (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001. Therefore, unless these conditions are waived by the applicable parties to the Business Combination Agreement, the Business Combination Agreement could terminate and the proposed business combination may not be consummated;

QUESTIONS AND ANSWERS FOR SHAREHOLDERS OF LEO

The questions and answers below highlight only selected information from this document and only briefly address some commonly asked questions about the proposals to be presented at the extraordinary general meeting, including with respect to the proposed Business Combination. The following questions and answers do not include all the information that is important to Leo's shareholders. We urge shareholders to read this proxy statement/prospectus, including the Annexes and the other documents referred to herein, carefully and in their entirety to fully understand the proposed Business Combination and the voting procedures for the extraordinary general meeting, which will be held at _____, Eastern Time, on _____, 2019, at _____.

Q: Why am I receiving this proxy statement/prospectus?

A: Leo shareholders are being asked to consider and vote upon, among other proposals, a proposal to approve and adopt the Business Combination Agreement and approve the transactions contemplated thereby, including the Business Combination. In accordance with the terms and subject to the conditions of the Business Combination Agreement, among other things, following the Domestication, Queso will be merged with and into Leo, whereupon the separate existence of Queso will cease, and Leo will continue as the surviving corporation. Following the consummation of the Business Combination, we will be renamed "Chuck E. Cheese Brands Inc." See "BCA Proposal."

A copy of the Business Combination Agreement is attached to this proxy statement/prospectus as Annex A and you are encouraged to read the Business Combination Agreement in its entirety.

The BCA Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal require an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting, and each of the Domestication Proposal and Organizational Documents Proposals requires a special resolution under the Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. The Stock Issuance Proposal requires the affirmative vote of holders of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote or abstain from voting on this proposal at the extraordinary general meeting.

Under the Business Combination Agreement, Leo will domesticate as a Delaware corporation. On the effective date of the Domestication, (1) the issued and outstanding Class A ordinary shares will convert automatically by operation of law, on a one-for-one basis, into shares of New CEC Common Stock, (2) the issued and outstanding public warrants to purchase Class A ordinary shares will automatically become warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding public warrants as a result of the Domestication), (3) each issued and outstanding unit that has not been previously separated into the underlying Class A ordinary share and underlying warrant will be cancelled and will entitle the holder thereof to one share of New CEC Common Stock and one-half of one warrant to Acquire one share of New CEC Common Stock, (4) the issued and outstanding Class B ordinary shares will convert automatically by operation of law, on a one-for-one basis without giving effect to any rights of adjustment or other anti-dilution protections which adjustment and protections will have been waived by the holder of the Class B ordinary shares pursuant to the Sponsor Shares Surrender Agreement, into shares of New CEC Common Stock, which are referred to herein as the Converted Founder Shares, and (5) the issued and outstanding private placement warrants will automatically become warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding private placement warrants as a result of the Domestication). See "Domestication Proposal."

The provisions of the Proposed Organizational Documents will differ materially from the Existing Organizational Documents. Please see "What amendments will be made to the current constitutional documents of Leo?" below.

THE VOTE OF SHAREHOLDERS IS IMPORTANT. SHAREHOLDERS ARE ENCOURAGED TO VOTE AS SOON AS POSSIBLE AFTER CAREFULLY REVIEWING THIS PROXY STATEMENT/PROSPECTUS.

Q: What proposals are shareholders of Leo being asked to vote upon?

A: At the extraordinary general meeting, Leo is asking holders of its ordinary shares to consider and vote upon ten separate proposals:

- a proposal to approve by ordinary resolution and adopt the Business Combination Agreement;
- a proposal to approve by special resolution the Domestication;
- the following five separate proposals to approve by special resolution the following material differences between the Existing Organizational Documents and the Proposed Organizational Documents:
 - to authorize the change in the authorized capital stock of Leo from (i) 200,000,000 Class A ordinary shares, par value \$0.0001 per share, 20,000,000 Class B ordinary shares, par value \$0.0001 per share, and 1,000,000 preferred shares, par value \$0.0001 per share, to (ii) 500,000,000 shares of common stock, par value \$0.0001 per share, of New CEC and 100,000,000 shares of preferred stock, par value \$0.0001 per share, of New CEC;
 - to authorize the board of directors of New CEC to issue any or all shares of New CEC Preferred Stock in one or more classes or series, with such terms and conditions as may be expressly determined by New CEC's board of directors and as may be permitted by the DGCL;
 - to provide that certain provisions of the certificate of incorporation of New CEC are subject to the Director Nomination Agreement;
 - to authorize the removal of the ability of New CEC stockholders to take action by written consent in lieu of a meeting; and
 - to authorize all other changes in connection with the replacement of Existing Organizational Documents with the Proposed Organization Documents as part of the Domestication;
- a proposal to approve by ordinary resolution, for the purposes of complying with the applicable provisions of NYSE Listing Rule 312.03, the issuance of shares of New CEC Common Stock to the equityholders of Queso and to the PIPE Investors, including an affiliate of Sponsor, to the extent such issuance would require a shareholder vote under NYSE Listing Rule 312.03;
- a proposal to approve by ordinary resolution the Incentive Plan; and
- a proposal to approve the adjournment of the extraordinary general meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for the approval of one or more proposals at the extraordinary general meeting.

If our shareholders do not approve each of the Condition Precedent Proposals, then unless certain conditions in the Business Combination Agreement are waived by the applicable parties to the Business Combination Agreement, the Business Combination Agreement could terminate and the Business Combination may not be consummated. In addition to the foregoing proposals, the shareholders are also being asked to consider and vote upon the Adjournment Proposal. See "*BCA Proposal*," "*Domestication Proposal*," "*Organizational Documents Proposals*," "*Stock Issuance Proposal*," "*Incentive Award Plan Proposal*" and "*Adjournment Proposal*."

Leo will hold the extraordinary general meeting to consider and vote upon these proposals. This proxy statement/prospectus contains important information about the Business Combination and the other matters to be acted upon at the extraordinary general meeting. Shareholders of Leo should read it carefully.

After careful consideration, Leo’s board of directors has determined that the BCA Proposal, the Domestication Proposal, each of the Organizational Documents Proposals, the Stock Issuance Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal are in the best interests of Leo and its shareholders and unanimously recommends that you vote or give instruction to vote “FOR” each of those proposals.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

Q: Why is Leo proposing the Business Combination?

A: Leo was organized to effect a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination, with one or more businesses or entities.

Based on its due diligence investigations of Queso and the industry in which it operates, including the financial and other information provided by Queso in the course of Leo’s due diligence investigations, the Leo board of directors believes that the Business Combination with Queso is in the best interests of Leo and its shareholders and presents an opportunity to increase shareholder value. However, there is no assurance of this. See “*BCA Proposal—Leo’s Board of Directors’ Reasons for the Business Combination.*”

Although Leo’s board of directors believes that the Business Combination with Queso presents a unique business combination opportunity and is in the best interests of Leo and its shareholders, the board of directors did consider certain potentially material negative factors in arriving at that conclusion. These factors are discussed in greater detail in the section entitled “*BCA Proposal—Leo’s Board of Directors’ Reasons for the Business Combination,*” as well as in the sections entitled “*Risk Factors—Risks Related to Queso’s Business* and to New CEC’s Business Following the Business Combination.”

Q: What will Queso’s equityholders receive in return for the Business Combination of Queso by Leo?

A: In accordance with the terms and subject to the conditions of the Business Combination Agreement, stockholders of Queso will be entitled to receive 36,000,137 shares of New CEC Common Stock in exchange for their current equity in Queso. Each share of Queso common stock will be converted into the right to receive a number of shares of New CEC Common Stock (as rounded down to the nearest whole number) equal to (a) 36,000,137 shares of New CEC Common Stock divided by (b) the number of shares of Queso common stock issued and outstanding immediately prior to the effective time of the Business Combination (the “Business Combination Consideration”). The Business Combination Consideration does not include (a) an additional 4,000,000 shares of New CEC Common Stock, which will be issuable to the stockholders and certain optionholders of Queso upon the occurrence of certain events and the satisfaction of certain conditions as set forth in the Business Combination Agreement (the “Contingent Shares”) and (b) the amount of CEC senior notes that will be redeemed by Leo at the Closing which is expected to be financed by the sum of (i) cash held in the trust account net of redemptions, plus (ii) gross proceeds of the PIPE Investment less (iii) the transaction costs incurred to consummate the Business Combination.

The Business Combination Consideration is subject to adjustment to appropriately reflect the effect of any stock split, reverse stock split, stock dividend, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change prior to consummation of the Business Combination.

Q: What equity stake will current Leo shareholders and current Queso equityholders hold in New CEC immediately after the consummation of the Business Combination?

A: As of the date of this proxy statement/prospectus, there are 25,000,000 ordinary shares issued and outstanding, which includes an aggregate of 5,000,000 Class B ordinary shares. As of the date of this proxy statement/prospectus, there is outstanding an aggregate of 14,000,000 warrants, which comprise the 4,000,000 private placement warrants held by Sponsor and the 10,000,000 public warrants. Each whole warrant entitles the holder thereof to purchase one Class A ordinary share and, following the Domestication, will entitle the holder thereof to purchase one share of New CEC Common Stock. Therefore, as of the date of this proxy statement/prospectus (without giving effect to the Business Combination), if we assume that each outstanding warrant is exercised and one Class A ordinary share is issued as a result of such exercise, the Leo fully-diluted share capital would be 39,000,000 ordinary shares.

It is anticipated that, upon completion of the Business Combination, (1) Leo’s public shareholders are expected to own approximately 28.6% of the outstanding New CEC Common Stock, (2) the former equityholders of Queso (without taking into account any public shares held by Queso equityholders prior to the consummation of the Business Combination), are expected to own approximately 51.5%, respectively, of the outstanding New CEC Common Stock, (3) the Class B Shareholders are expected to own approximately 4.7% of outstanding New CEC Common Stock and (4) the PIPE Investors (including the Sponsor PIPE Entity) are expected to own approximately 15.3% of outstanding New CEC Common Stock. These percentages (i) exclude the Contingent Shares, (ii) assume no public shareholders exercise their redemption rights in connection with the Business Combination, (iii) reflect the forfeiture by Sponsor of 1,750,000 Class B ordinary shares of Leo pursuant to the Sponsor Shares Surrender Agreement, (iv) assume 10,700,000 shares of New CEC Common Stock are issued to the PIPE Investors upon the consummation of the PIPE Investment, (v) do not take into account public warrants or private placement warrants to purchase New CEC Common Stock that will be outstanding immediately following the completion of the Business Combination and (vi) do not take into account stock options held by current and former employees of Queso that will convert into options to acquire shares of New CEC Common Stock or shares of New CEC Common Stock that may be issued under the Incentive Plan. If the actual facts are different than these assumptions, the percentage ownership retained by the Company’s existing stockholders in New CEC will be different.

The following table illustrates varying ownership levels in New CEC immediately following the consummation of the Business Combination based on the assumptions above except for varying levels of redemptions by the public shareholders:

	Share Ownership in New CEC			
	No redemptions		Maximum redemptions(1)	
	Number of Shares	Percentage of Outstanding Shares	Number of Shares	Percentage of Outstanding Shares
Former equityholders of Queso(2)	36,000,137	51.47%	36,000,137	55.43%
Leo’s public shareholders	20,000,000	28.59%	15,000,000	23.09%
Former Leo Class B Shareholders	3,250,000	4.65%	3,250,000	5.00%
PIPE Investors(3)	10,700,000	15.30%	10,700,000	16.47%
Total	69,950,137		64,950,137	

- (1) Assumes that 5,000,000 public shares (being our estimate of the maximum number of public shares that could be redeemed in connection with the Business Combination in order to satisfy the Maximum Redemption Condition) are redeemed in connection with the Business Combination.
- (2) Excludes 4,000,000 Contingent Shares.
- (3) Includes 6,420,000 shares to be owned by Sponsor PIPE Entity.

The Business Combination Consideration is also subject to adjustment to appropriately reflect the effect of any stock split, reverse stock split, stock dividend, reorganization, recapitalization, reclassification,

combination, exchange of shares or other like change prior to consummation of the Business Combination. For further details, see “*BCA Proposal—The Business Combination Agreement—Business Combination Consideration.*”

Q: Why is Leo proposing the Domestication?

A: Our board of directors believes that there are significant advantages to us that will arise as a result of a change of our domicile to Delaware. Further, our board of directors believes that any direct benefit that the DGCL provides to a corporation also indirectly benefits its stockholders, who are the owners of the corporation. The board of directors believes that there are several reasons why a reincorporation in Delaware is in the best interests of the Company and its shareholders, including, (i) the prominence, predictability and flexibility of the DGCL, (ii) Delaware’s well-established principles of corporate governance and (iii) the increased ability for Delaware corporations to attract and retain qualified directors, each of the foregoing are discussed in greater detail in the section entitled “*Domestication Proposal—Reasons for the Domestication.*”

To effect the Domestication, we will file a notice of deregistration with the Cayman Islands Registrar of Companies, together with the necessary accompanying documents, and file a certificate of corporate domestication and a certificate of incorporation with the Secretary of State of the State of Delaware, under which we will be domesticated and continue as a Delaware corporation.

The approval of the Domestication Proposal is a condition to closing the Merger under the Business Combination Agreement. The approval of the Domestication Proposal requires a special resolution under the Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

Q: What amendments will be made to the current constitutional documents of Leo?

A: The consummation of the Business Combination is conditional, among other things, on the Domestication. Accordingly, in addition to voting on the Business Combination, Leo’s shareholders also are being asked to consider and vote upon a proposal to approve the Domestication, and replace our Existing Organizational Documents, in each case, under the Cayman Islands Companies Law with the Proposed Organizational Documents, in each case, under the DGCL, which differ materially from the Existing Organizational Documents in the following respects:

Q: How will the Domestication affect my ordinary shares, warrants and units?

A: On the effective date of the Domestication, (1) the issued and outstanding Class A ordinary shares will convert automatically by operation of law, on a one-for-one basis, into shares of New CEC Common Stock;

(2) the issued and outstanding redeemable warrants that were registered pursuant to the IPO registration statement will automatically become redeemable warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding public warrants as a result of the Domestication); (3) each issued and outstanding unit will be cancelled and will entitle the holder thereof to one share of New CEC Common Stock and one-half of one redeemable warrant to acquire one share of New CEC Common Stock; (4) each issued and outstanding Class B ordinary share, par value \$0.0001 per share, of Leo will convert automatically by operation of law, on a one-for-one basis without giving effect to any rights of adjustment or other anti-dilution protections, into shares of New CEC Common Stock; and (5) the issued and outstanding warrants of Leo issued in a private placement will automatically become warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding private placement warrants as a result of the Domestication). See “*Domestication Proposal*.”

Q: What are the U.S. federal income tax consequences of the Domestication?

A: As discussed more fully under “*U.S. Federal Income Tax Considerations*” (beginning on page 143 of this proxy statement/prospectus), it is intended that the Domestication will constitute a reorganization within the meaning of Section 368(a)(1)(F) of the U.S. Internal Revenue Code of 1986, as amended (the “Code”). Assuming that the Domestication so qualifies, U.S. Holders (as defined in “*U.S. Federal Income Tax Considerations*” below) will be subject to Section 367(b) of the Code and, as a result:

- a U.S. Holder whose public shares have a fair market value of less than \$50,000 on the date of the Domestication will not recognize any gain or loss and will not be required to include any part of Leo’s earnings in income;
- a U.S. Holder whose public shares have a fair market value of \$50,000 or more and who, on the date of the Domestication, owns (actually or constructively) less than 10% of the total combined voting power of all classes of our stock entitled to vote and less than 10% of the total value of all classes of our stock will generally recognize gain (but not loss) on the exchange of public shares for New CEC public shares pursuant to the Domestication. As an alternative to recognizing gain, such U.S. Holder may file an election to include in income as a deemed dividend the “all earnings and profits amount” (as defined in the Treasury Regulations under Section 367(b) of the Code) attributable to its public shares provided certain other requirements are satisfied; and
- a U.S. Holder whose public shares have a fair market value of \$50,000 or more and who, on the date of the Domestication, owns (actually or constructively) 10% or more of the total combined voting power of all classes of our stock entitled to vote or 10% or more of the total value of all classes of our stock will generally be required to include in income as a deemed dividend the “all earnings and profits amount” attributable to its public shares provided certain other requirements are satisfied.

Leo does not expect to have significant, if any, cumulative earnings and profits through the date of the Domestication.

As discussed more fully under “*U.S. Federal Income Tax Considerations*” (beginning on page 143 of this proxy statement/prospectus), Leo believes that it is likely classified as a “passive foreign investment company,” or PFIC, for U.S. federal income tax purposes. In such case, notwithstanding the foregoing U.S. federal income tax consequences of the Domestication, proposed Treasury Regulations under Section 1291(f) of the Code (which have a retroactive effective date), if finalized in their current form, generally would require a U.S. Holder to recognize gain on the exchange of public shares or public warrants for New CEC public shares or New CEC public warrants pursuant to the Domestication. The tax on any such gain would be imposed at the rate applicable to ordinary income and an interest charge would apply based on a complex set of rules. However, it is difficult to predict whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code will be adopted. Importantly, however, U.S. Holders that make or have made certain elections discussed further under “*U.S. Federal Income Tax Considerations—QEF Election and Mark-to-Market Election*” with respect to their public

[Table of Contents](#)

shares are generally not subject to such gain recognition rules under the currently proposed Treasury Regulations under Section 1291(f) of the Code in respect of such public shares. For a more complete discussion of the potential application of the PFIC rules to U.S. Holders as a result of the Domestication, see “*U.S. Federal Income Tax Considerations*” (beginning on page 143 of this proxy statement/prospectus).

Additionally, the Domestication may cause non-U.S. Holders (as defined in “*U.S. Federal Income Tax Considerations*” beginning on page 143 of this proxy statement/prospectus) to become subject to U.S. federal income withholding taxes on any dividends paid in respect of such non-U.S. Holder’s New CEC public shares after the Domestication.

The tax consequences of the Domestication are complex and will depend on a holder’s particular circumstances. All holders are urged to consult their tax advisor on the tax consequences to them of the Domestication, including the applicability and effect of U.S. federal, state, local and foreign income and other tax laws. For a more complete discussion of the U.S. federal income tax considerations of the Domestication, see “*U.S. Federal Income Tax Considerations*” (beginning on page 143 of this proxy statement/prospectus).

Q: Do I have redemption rights?

A: If you are a holder of public shares, you have the right to request that we redeem all or a portion of your public shares for cash provided that you follow the procedures and deadlines described elsewhere in this proxy statement/prospectus. **Public shareholders may elect to redeem all or a portion of the public shares held by them regardless of if or how they vote in respect of the BCA Proposal.** If you wish to exercise your redemption rights, please see the answer to the next question: “*How do I exercise my redemption rights?*”

Notwithstanding the foregoing, a public shareholder, together with any affiliate of such public shareholder or any other person with whom such public shareholder is acting in concert or as a “group” (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from redeeming its public shares with respect to more than an aggregate of 15% of the public shares. Accordingly, if a public shareholder, alone or acting in concert or as a group, seeks to redeem more than 15% of the public shares, then any such shares in excess of that 15% limit would not be redeemed for cash.

The Class B Shareholders have agreed to waive their redemption rights with respect to all of their ordinary shares in connection with the consummation of the Business Combination. The Class B ordinary shares will be excluded from the pro rata calculation used to determine the per-share redemption price.

Q: How do I exercise my redemption rights?

A: If you are a public shareholder and wish to exercise your right to redeem the public shares, you must:

- (i) (a) hold public shares, or (b) if you hold public shares through units, you elect to separate your units into the underlying public shares and public warrants prior to exercising your redemption rights with respect to the public shares;
- (ii) submit a written request to Continental, our transfer agent, that we redeem all or a portion of your public shares for cash; and
- (iii) deliver your public shares to Continental, our transfer agent, physically or electronically through The Depository Trust Company (“DTC”).

Holders must complete the procedures for electing to redeem their public shares in the manner described above prior to 5:00 p.m., Eastern Time, on _____, 2019 (two business days before the extraordinary general meeting) in order for their shares to be redeemed.

The address of Continental, our transfer agent, is listed under the question “*Who can help answer my questions?*” below.

Holders of units must elect to separate the units into the underlying public shares and public warrants prior to exercising redemption rights with respect to the public shares. If holders hold their units in an account at a brokerage firm or bank, holders must notify their broker or bank that they elect to separate the units into the underlying public shares and public warrants, or if a holder holds units registered in its own name, the holder must contact Continental, our transfer agent, directly and instruct them to do so.

Public shareholders will be entitled to request that their public shares be redeemed for a pro rata portion of the amount then on deposit in the trust account as of two business days prior to the consummation of the Business Combination including interest earned on the funds held in the trust account and not previously released to us (net of taxes payable). For illustrative purposes, as of April 23, 2019, this would have amounted to approximately \$10.22 per issued and outstanding public share. However, the proceeds deposited in the trust account could become subject to the claims of our creditors, if any, which could have priority over the claims of our public shareholders, regardless of whether such public shareholders vote or, if they do vote, irrespective of if they vote for or against the BCA Proposal. Therefore, the per share distribution from the trust account in such a situation may be less than originally expected due to such claims. Whether you vote, and if you do vote irrespective of how you vote, on any proposal, including the BCA Proposal, will have no impact on the amount you will receive upon exercise of your redemption rights. It is expected that the funds to be distributed to public shareholders electing to redeem their public shares will be distributed promptly after the consummation of the Business Combination.

Any request for redemption, once made by a holder of public shares, may be withdrawn at any time up to the time the vote is taken with respect to the BCA Proposal at the extraordinary general meeting. If you deliver your shares for redemption to Continental, our transfer agent, and later decide prior to the extraordinary general meeting not to elect redemption, you may request that our transfer agent return the shares (physically or electronically) to you. You may make such request by contacting Continental, our transfer agent, at the phone number or address listed at the end of this section.

Any corrected or changed written exercise of redemption rights must be received by Continental, our transfer agent, prior to the vote taken on the BCA Proposal at the extraordinary general meeting. **No request for redemption will be honored unless the holder's public shares have been delivered (either physically or electronically) to Continental, our transfer agent, at least two business days prior to the vote at the extraordinary general meeting.**

If a holder of public shares properly makes a request for redemption and the public shares are delivered as described above, then, if the Business Combination is consummated, we will redeem the public shares for a pro rata portion of funds deposited in the trust account, calculated as of two business days prior to the consummation of the Business Combination. The redemption takes place following the Domestication and accordingly it is shares of New CEC Common Stock that will be redeemed immediately after consummation of the Business Combination.

If you are a holder of public shares and you exercise your redemption rights, such exercise will not result in the loss of any warrants that you may hold.

Q: If I am a holder of units, can I exercise redemption rights with respect to my units?

A: No. Holders of issued and outstanding units must elect to separate the units into the underlying public shares and public warrants prior to exercising redemption rights with respect to the public shares. If you hold your units in an account at a brokerage firm or bank, you must notify your broker or bank that you elect to separate the units into the underlying public shares and public warrants, or if you hold units registered in your own name, you must contact Continental, our transfer agent, directly and instruct them to do so. You are requested to cause your public shares to be separated and delivered to Continental, our transfer agent, by 5:00 p.m., Eastern Time, on _____, 2019 (two business days before the extraordinary general meeting) in order to exercise your redemption rights with respect to your public shares.

Q: What are the U.S. federal income tax consequences of exercising my redemption rights?

A: We expect that a U.S. Holder (as defined in “*U.S. Federal Income Tax Considerations*” beginning on page 143 of this proxy statement/prospectus) that exercises its redemption rights to receive cash from the trust account in exchange for its New CEC public shares will generally be treated as selling such New CEC public shares resulting in the recognition of capital gain or capital loss. There may be certain circumstances in which the redemption may be treated as a distribution for U.S. federal income tax purposes depending on the amount of New CEC public shares that such U.S. Holder owns or is deemed to own (including through the ownership of warrants). For a more complete discussion of the U.S. federal income tax considerations of an exercise of redemption rights, see “*U.S. Federal Income Tax Considerations*” (beginning on page 143 of this proxy statement/prospectus).

Additionally, because the Domestication will occur immediately prior to the redemption by any public shareholder, U.S. Holders exercising redemption rights will be subject to the potential tax consequences of Section 367(b) of the Code as well as potential tax consequences of the U.S. federal income tax rules relating to “passive foreign investment companies” (“PFIC”). The tax consequences of Section 367(b) of the Code and the PFIC rules are discussed more fully below under “*U.S. Federal Income Tax Considerations*” (beginning on page 143 of this proxy statement/prospectus).

All holders of our public shares considering exercising their redemption rights are urged to consult their tax advisor on the tax consequences to them of an exercise of redemption rights, including the applicability and effect of U.S. federal, state, local and foreign income and other tax laws.

Q: What happens to the funds deposited in the trust account after consummation of the Business Combination?

A: Following the closing of our initial public offering, an amount equal to \$200,000,000 (\$10.00 per unit) of the net proceeds from our initial public offering and the sale of the private placement warrants was placed in the trust account. As of April 23, 2019, funds in the trust account totaled approximately \$204,486,000 and were held in money market funds. These funds will remain in the trust account, except for the withdrawal of interest to pay taxes, if any, until the earliest of (1) the completion of a business combination (including the closing of the Business Combination) or (2) the redemption of all of the public shares if we are unable to complete a business combination by February 14, 2020, subject to applicable law.

If our initial business combination is paid for using equity or debt securities or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination or used for redemptions or purchases of the public shares, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of New CEC, the payment of principal or interest due on indebtedness incurred in completing our Business Combination, to fund the purchase of other companies or for working capital. See “*Summary of the Proxy Statement/Prospectus—Sources and Uses of Funds for the Business Combination.*”

Q: What happens if a substantial number of the public shareholders vote in favor of the BCA Proposal and exercise their redemption rights?

A: Our public shareholders are not required to vote “FOR” the Business Combination in order to exercise their redemption rights. Accordingly, the Business Combination may be consummated even though the funds available from the trust account and the number of public shareholders are reduced as a result of redemptions by public shareholders.

The Business Combination Agreement provides that Queso’s and the Seller’s obligation to consummate the Business Combination is conditioned on, among other things, the Maximum Redemption Condition. The Maximum Redemption Condition requires that after giving effect to (i) the redemptions each holder of ordinary shares of Leo is entitled to, to the extent such holder elects to exercise such redemption rights, and

(ii) the PIPE Investments, New CEC shall have net available cash equal to no less than \$250,000,000. If the Maximum Redemption Condition is not met, and such condition is not waived by the Seller, then the Business Combination Agreement could terminate and the proposed Business Combination may not be consummated. This condition is for the sole benefit of Queso and the Seller and may be waived only by the Seller. If such condition is not met, and such condition is not waived by the Seller, then the Business Combination Agreement could terminate and the Business Combination may not be consummated. In addition, in no event will Leo redeem public shares in an amount that would cause our net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) to be less than \$5,000,001.

Additionally, as a result of redemptions, the trading market for the New CEC Common Stock may be less liquid than the market for the public shares was prior to consummation of the Business Combination and we may not be able to meet the listing standards for NYSE or another national securities exchange.

Q: What conditions must be satisfied to complete the Business Combination?

A: The consummation of the Business Combination is conditioned upon, among other things, (1) the approval of the BCA Proposal, the Domestication Proposal, the Stock Issuance Proposal and certain of the Organizational Documents Proposals; (2) the Maximum Redemption Condition; (3) the shares of New CEC Common Stock to be issued in connection with the Business Combination Agreement will have been approved for listing on the NYSE; (4) all required waiting periods or approvals under the HSR Act and all applicable antitrust laws shall have expired, been received or terminated; (5) no applicable law or injunction enacted, entered, promulgated, enforced or issued by any governmental authority or other legal restraint or prohibition preventing the consummation of the Business Combination shall be in effect; (6) the consummation of the Domestication immediately prior to the Closing; (7) the consummation of the PIPE Investment immediately prior to the Closing; (8) the consummation of the Merger concurrently with the Closing; (9) 1,750,000 Class B ordinary shares of Leo shall have been surrendered in accordance with the Sponsor Shares Surrender Agreement; and (10) the net tangible assets of New CEC (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001. Therefore, unless these conditions are waived by the applicable parties to the Business Combination Agreement, the Business Combination Agreement could terminate and the proposed business combination may not be consummated.

For more information about conditions to the consummation of the Business Combination, see “*BCA Proposal—The Business Combination Agreement—Closing Conditions.*”

Q: When do you expect the Business Combination to be completed?

A: It is currently expected that the Business Combination will be consummated in the second or third quarter of 2019. This date depends, among other things, on the approval of the proposals to be put to Leo shareholders at the extraordinary general meeting. However, such extraordinary general meeting could be adjourned if the Adjournment Proposal is adopted by our shareholders at the extraordinary general meeting and we elect to adjourn the extraordinary general meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for the approval of one or more proposals at the extraordinary general meeting. For a description of the conditions for the completion of the Business Combination, see “*BCA Proposal—The Business Combination Agreement—Closing Conditions.*”

Q: What happens if the Business Combination is not consummated?

A: Leo will not complete the Domestication to Delaware unless all other conditions to the consummation of the Business Combination have been satisfied or waived by the parties in accordance with the terms of the Business Combination Agreement. If we are not able to complete the Business Combination with Queso nor able to complete another business combination by February 14, 2020, in each case, as such date may be extended pursuant to our Existing Organizational Documents, we will (1) cease all operations except for the purpose of winding up, (2) as promptly as reasonably possible but not more than ten business days

[Table of Contents](#)

thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (which interest shall be net of taxes payable, and less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our board of directors, liquidate and dissolve, subject in each case to our obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable laws.

Q: Do I have appraisal rights in connection with the proposed Business Combination and the proposed Domestication?

A: Neither our shareholders nor our warrant holders have appraisal rights in connection with the Business Combination or the Domestication under the Cayman Islands Companies Law or under the DGCL.

Q: What do I need to do now?

A: We urge you to read this proxy statement/prospectus, including the Annexes and the documents referred to herein, carefully and in their entirety and to consider how the Business Combination will affect you as a shareholder and/or warrant holder. Our shareholders should then vote as soon as possible in accordance with the instructions provided in this proxy statement/prospectus and on the enclosed proxy card.

Q: How do I vote?

A: If you are a holder of record of ordinary shares on the record date for the extraordinary general meeting, you may vote in person at the extraordinary general meeting or by submitting a proxy for the extraordinary general meeting. You may submit your proxy by completing, signing, dating and returning the enclosed proxy card in the accompanying pre-addressed postage paid envelope. **If you hold your shares in "street name," which means your shares are held of record by a broker, bank or nominee, you should contact your broker to ensure that votes related to the shares you beneficially own are properly counted. In this regard, you must provide the broker, bank or nominee with instructions on how to vote your shares or, if you wish to attend the extraordinary general meeting and vote in person, obtain a proxy from your broker, bank or nominee.**

Q: If my shares are held in "street name," will my broker, bank or nominee automatically vote my shares for me?

A: No. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial holder" of the shares held for you in what is known as "street name." If this is the case, this proxy statement/prospectus may have been forwarded to you by your brokerage firm, bank or other nominee, or its agent. As the beneficial holder, you have the right to direct your broker, bank or other nominee as to how to vote your shares. If you do not provide voting instructions to your broker on a particular proposal on which your broker does not have discretionary authority to vote, your shares will not be voted on that proposal. This is called a "broker non-vote." Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting, and otherwise will have no effect on a particular proposal. If you decide to vote, you should provide instructions to your broker, bank or other nominee on how to vote in accordance with the information and procedures provided to you by your broker, bank or other nominee.

Q: When and where will the extraordinary general meeting be held?

A: The extraordinary general meeting will be held at _____, Eastern Time, on _____, 2019, at _____, unless the extraordinary general meeting is adjourned.

Q: Who is entitled to vote at the extraordinary general meeting?

A: We have fixed _____, 2019 as the record date for the extraordinary general meeting. If you were a shareholder of Leo at the close of business on the record date, you are entitled to vote on matters that come before the extraordinary general meeting. However, a shareholder may only vote his or her shares if he or she is present in person or is represented by proxy at the extraordinary general meeting.

Q: How many votes do I have?

A: Leo shareholders are entitled to one vote at the extraordinary general meeting for each ordinary share held of record as of the record date. As of the close of business on the record date for the extraordinary general meeting, there were 25,000,000 ordinary shares issued and outstanding, of which 20,000,000 were issued and outstanding public shares.

Q: What constitutes a quorum?

A: A quorum of Leo shareholders is necessary to hold a valid meeting. A quorum will be present at the extraordinary general meeting if the holders of a majority of the issued and outstanding ordinary shares entitled to vote at the extraordinary general meeting are represented in person or by proxy. As of the record date for the extraordinary general meeting, 12,500,001 ordinary shares would be required to achieve a quorum.

Q: What vote is required to approve each proposal at the extraordinary general meeting?

A: The following votes are required for each proposal at the extraordinary general meeting:

- (i) **BCA Proposal:** The approval of the BCA Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.
- (ii) **Domestication Proposal:** The approval of the Domestication Proposal requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.
- (iii) **Organizational Documents Proposals:** The separate approval of each of the Organizational Documents Proposals requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.
- (iv) **Stock Issuance Proposal:** The approval of the Stock Issuance Proposal requires the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote or abstain from voting on this proposal at the extraordinary general meeting.
- (v) **Incentive Award Plan Proposal:** The approval of the Incentive Award Plan Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.
- (vi) **Adjournment Proposal:** The approval of the Adjournment Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.

Q: What are the recommendations of Leo’s board of directors?

A: Leo’s board of directors believes that the BCA Proposal and the other proposals to be presented at the extraordinary general meeting are in the best interest of Leo’s shareholders and unanimously recommends that its shareholders vote “FOR” the BCA Proposal, “FOR” the Domestication Proposal, “FOR” each of the separate Organizational Documents Proposals, “FOR” the Stock Issuance Proposal, “FOR” the Incentive Award Plan Proposal and “FOR” the Adjournment Proposal, in each case, if presented to the extraordinary general meeting.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

Q: How do Sponsor and the other Class B Shareholders intend to vote their shares?

A: Unlike some other blank check companies in which the initial shareholders agree to vote their shares in accordance with the majority of the votes cast by the public shareholders in connection with an initial business combination, our Class B Shareholders have agreed to vote all their public shares and Class B ordinary shares in favor of all the proposals being presented at the extraordinary general meeting. As of the date of this proxy statement/prospectus, our Class B Shareholders own 20.0% of the issued and outstanding ordinary shares.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Condition Precedent Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Condition Precedent Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their redemption rights, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the BCA Proposal, the Stock Issuance Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the Domestication Proposal and the Organizational Documents Proposals, (3) otherwise limit the number of public shares electing to redeem and (4) New CEC’s net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares

by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the extraordinary general meeting and would likely increase the chances that such proposals would be approved. We will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be put to the extraordinary general meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

Q: What happens if I sell my Leo ordinary shares before the extraordinary general meeting?

A: The record date for the extraordinary general meeting is earlier than the date of the extraordinary general meeting and earlier than the date that the Business Combination is expected to be completed. If you transfer your public shares after the applicable record date, but before the extraordinary general meeting, unless you grant a proxy to the transferee, you will retain your right to vote at such general meeting.

Q: May I change my vote after I have mailed my signed proxy card?

A: Yes. Shareholders may send a later-dated, signed proxy card to our general counsel at our address set forth below so that it is received by our general counsel prior to the vote at the extraordinary general meeting (which is scheduled to take place on _____, 2019) or attend the extraordinary general meeting in person and vote. Shareholders also may revoke their proxy by sending a notice of revocation to our general counsel, which must be received by our general counsel prior to the vote at the extraordinary general meeting. However, if your shares are held in “street name” by your broker, bank or another nominee, you must contact your broker, bank or other nominee to change your vote.

Q: What happens if I fail to take any action with respect to the extraordinary general meeting?

A: If you fail to vote with respect to the extraordinary general meeting and the Business Combination is approved by shareholders and the Business Combination is consummated, you will become a stockholder and/or warrant holder of New CEC. If you fail to vote with respect to the extraordinary general meeting and the Business Combination is not approved, you will remain a shareholder and/or warrant holder of Leo. However, if you fail to vote with respect to the extraordinary general meeting, you will nonetheless be able to elect to redeem your public shares in connection with the Business Combination.

Q: What should I do if I receive more than one set of voting materials?

A: Shareholders may receive more than one set of voting materials, including multiple copies of this proxy statement/prospectus and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you will receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a holder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive in order to cast a vote with respect to all of your ordinary shares.

Q: Who will solicit and pay the cost of soliciting proxies for the extraordinary general meeting?

A: Leo will pay the cost of soliciting proxies for the extraordinary general meeting. Leo has engaged Morrow Sodali LLC (“Morrow”) to assist in the solicitation of proxies for the extraordinary general meeting. Leo has agreed to pay Morrow a fee of \$25,000, plus disbursements, and will reimburse Morrow for its reasonable out-of-pocket expenses and indemnify Morrow and its affiliates against certain claims, liabilities, losses, damages and expenses. Leo will also reimburse banks, brokers and other custodians, nominees and fiduciaries representing beneficial owners of Class A ordinary shares for their expenses in forwarding

[Table of Contents](#)

soliciting materials to beneficial owners of Class A ordinary shares and in obtaining voting instructions from those owners. Leo's directors and officers may also solicit proxies by telephone, by facsimile, by mail, on the Internet or in person. They will not be paid any additional amounts for soliciting proxies.

Q: Where can I find the voting results of the extraordinary general meeting?

A: The preliminary voting results will be announced at the extraordinary general meeting. Leo will publish final voting results of the extraordinary general meeting in a Current Report on Form 8-K within four business days after the extraordinary general meeting.

Q: Who can help answer my questions?

SUMMARY OF THE PROXY STATEMENT/PROSPECTUS

This summary highlights selected information from this proxy statement/prospectus and does not contain all of the information that is important to you. To better understand the proposals to be submitted for a vote at the extraordinary general meeting, including the Business Combination, you should read this proxy statement/prospectus, including the Annexes and other documents referred to herein, carefully and in their entirety. The Business Combination Agreement is the legal document that governs the Business Combination and the other transactions that will be undertaken in connection with the Business Combination. The Business Combination Agreement is also described in detail in this proxy statement/prospectus in the section entitled “BCA Proposal—The Business Combination Agreement.”

Unless otherwise specified, all share calculations (1) assume no exercise of redemption rights by the public shareholders in connection with the Business Combination and (2) do not include any shares issuable upon the exercise of the warrants.

Business Summary

Unless otherwise indicated or the context otherwise requires, references in this Business Summary to the company, “we,” “us,” “our” and other similar terms refer to Queso and its subsidiaries prior to the Business Combination and to New CEC and its consolidated subsidiaries after giving effect to the Business Combination. We operate on a 52 or 53-week fiscal year that ends on the Sunday nearest to December 31, and the terms Fiscal 2018, Fiscal 2017 etc. refer to our fiscal year for the year noted.

We believe we are the leading family entertainment and dining company globally, focused on providing an exciting, fun-filled experience for children and parents alike. Founded in 1977, we have an over 40-year track record and today, have a global network of family entertainment and dining centers (also referred to as “venues”) that we believe is the largest by number of units, more than six times larger than our closest competitor. We develop, operate and franchise venues under our iconic brands “Chuck E. Cheese” (“Where A Kid Can Be A Kid”) and “Peter Piper Pizza” (“Pizza Made Fresh, Families Made Happy”). Our venues deliver a lively, kid-friendly atmosphere and feature a broad array of entertainment offerings including arcade-style and skill-oriented games, rides and live entertainment shows, with the opportunity for our guests to win tickets and redeem prizes such as toys, plush dolls and branded merchandise. We combine this memorable entertainment experience with a broad and creative menu that combines kid-friendly classics with a selection of more sophisticated options for adults. We offer families a highly compelling value proposition, where a family of four can visit Chuck E. Cheese and spend only \$34 for a package that includes food, drinks and entertainment, which we believe to be significantly lower than comparable offerings at other dining and entertainment alternatives. We believe there is consistent demand for wholesome entertainment and family dining, and that our combination of entertainment and dining with a strong value proposition creates a highly differentiated experience that appeals to our diverse guest base. We are the venue of choice for many special occasions, and we believe Chuck E. Cheese is the #1 brand for kids’ birthdays. Additionally, the Chuck E. Cheese brand has near universal overall awareness at 99%, according to a study by Russell Research. We are proud to boast a Net Promoter Score of 91% for the quarter ended December 30, 2018, which is an all-time high for us, and we believe is very strong relative to our peers.

We believe we are the largest provider of family entertainment and dining by number of venues globally. As of December 30, 2018, across both our Chuck E. Cheese and Peter Piper Pizza brands, we operated 554 venues (74% of total) and had 196 venues (26% of total) operating under franchise arrangements across 47 states and 14 foreign countries and territories. This significant geographic scale makes us an accessible choice in many neighborhoods across the U.S. and globally. In Fiscal 2018, we generated \$896.1 million in revenue, (\$20.5) million in net income/(loss) and \$174.9 million in Adjusted EBITDA. Notably, we enjoy a balanced sales mix between Entertainment and Merchandise, which in Fiscal 2018 accounted for 55% of total company venue sales

and had a gross profit margin of 92%, and Food and Beverage, which accounted for 45% of total company venue sales and had a gross profit margin of 76% over the same period, resulting in a total gross profit margin of 85% in Fiscal 2018. See “—*Selected Historical Financial Information of Queso—Non-GAAP Financial Measures*” for additional information about Adjusted EBITDA, a reconciliation of net income/(loss) to Adjusted EBITDA and the calculation of Adjusted EBITDA margin.

We have developed our iconic Chuck E. Cheese brand with broad appeal through our more than 40-year commitment to being a family-fun and entertainment company. Over the last few years, we have invested in revitalizing our guest experience, including revamping our menu with improved food quality and new offerings, tailoring our marketing message to focus on both kids and moms, improving venue amenities such as adding Wi-Fi across all of our locations, and reinvigorating our culture with a new hospitality-oriented program for our venue staff. We have made corresponding investments in technology, staff training, and our physical assets including labor and inventory management systems. In 2018, we completed the rollout of our proprietary Play Pass card system at all company-operated Chuck E. Cheese venues, which we funded through a capital investment of \$56 million from 2015 to 2017. This system replaces the traditional token-based game system used for the last 40 years with an RFID tag that guests use to activate games. Guests can purchase “points” or time on reloadable cards and can use these cards to play our games. Additionally, Play Pass provides us access to significant guest data, which allows us to develop insights into our business and enables us to be more innovative with our game pricing initiatives. In the third quarter of Fiscal 2018, we launched All You Can Play (“AYCP”), a first-of-its-kind gaming experience that allows kids access to play every game at Chuck E. Cheese as many times as they want on any day, without any restrictions, in all of our domestic company-operated Chuck E. Cheese venues. For kids, this alleviates concerns of running out of tokens / points, and for adults it provides surety around activity time, and increases perceived value. We also launched our “More Tickets” program in the third quarter of Fiscal 2018, increasing average tickets earned per game play, to drive higher guest satisfaction. These initiatives, combined with the early stages of our remodel program, have created positive momentum in our comparable venue sales performance, are driving higher margin entertainment and merchandise spending, and we believe position our Company for sustained long-term growth in the future.

Our Complementary Brands

We believe our two brands, Chuck E. Cheese and Peter Piper Pizza, are complementary, with each offering guests a pizza-anchored menu as well as entertainment. While Chuck E. Cheese focuses principally on kids, Peter Piper Pizza operates smaller venues with a primary emphasis on food, resulting in higher frequency of visits. Both venues offer a game area separate from the dining area. We believe that the two concepts have operations that are substantially similar.

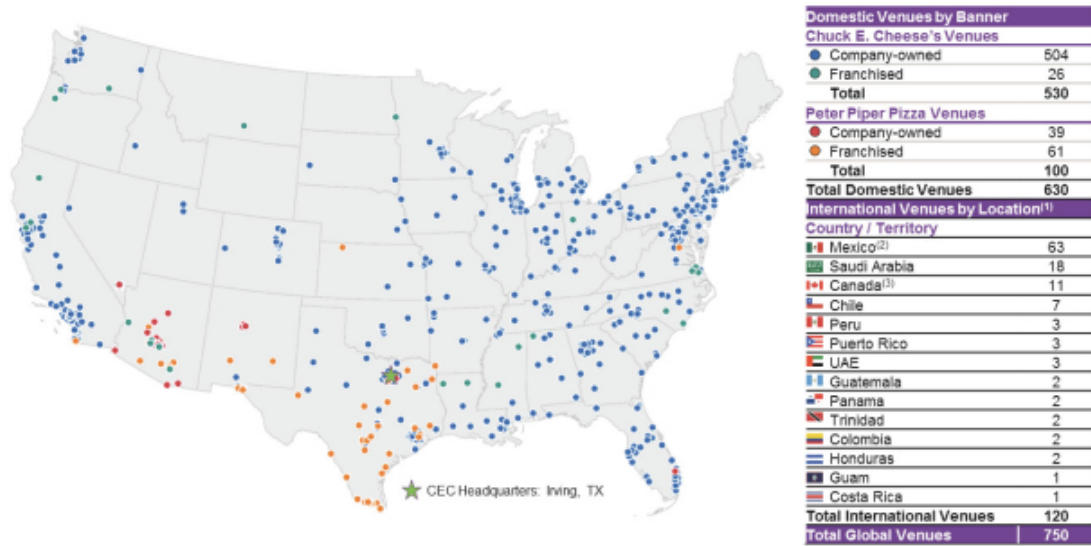

Chuck E. Cheese: Where A Kid Can Be A Kid. Chuck E. Cheese was founded in 1977 and is a highly recognized brand that uniquely appeals to our primary guest base of families with children between 2 and 12 years of age. Chuck E. Cheese venues feature an open and bright setting, which creates an inviting atmosphere for kids and a good line of sight for parents. Safety is a key focus, including our Kid Check safety system, which provides everyone in a group with a unique number stamp that is checked at the door. Each venue includes approximately 75 games, rides and attractions for kids of all ages, including classic skill games, such as arcade basketball, Skee-Ball and Whack-a-Mole, along with the Ticket Blaster machine where birthday guests can grab as many tickets as possible in 30 seconds. Our menu features fresh, hand-made pizza, sandwiches, boneless and bone-in chicken wings, desserts and beverages, including beer and wine at most locations. Chuck E. Cheese, our iconic, energetic mouse mascot, performs music and dance shows and interacts with our guests, driving strong brand recognition. We believe Chuck E. Cheese is the #1 brand for kids’ birthdays, and reserved birthday packages represented approximately 15% of Chuck E. Cheese venue revenues in Fiscal 2018. As of December 30, 2018, there were 606 Chuck E. Cheese locations in 47 states and 14 foreign countries and territories, of which 515 were company-operated.

Peter Piper Pizza: Pizza Made Fresh, Families Made Happy. Peter Piper Pizza serves fresh, high-quality, handcrafted food and beverages, including craft beer and wine, and offers state-of-the-art games for all ages. Venues feature a bold design and contemporary layout, with open kitchens revealing much of the handcrafted food preparation, such as fresh mozzarella being shredded off the block, vegetables being hand-chopped, wings being hand-tossed and our Certified Dough Masters crafting pizzas with made-from-scratch dough. Our large, open dining areas provide an enjoyable atmosphere for families and group events, with attentive staff dedicated to providing an enjoyable and memorable experience to each guest. As of December 30, 2018, there were 144 Peter Piper Pizza locations in the United States (also referred to as “U.S.”) and Mexico, of which 39 were company-operated.

Our company has benefited from the 2014 acquisition of Peter Piper Pizza through the implementation of best practice sharing and synergies from the leveraging of back office functions and procurement spend. Peter Piper Pizza has also benefited from lower game buying costs under CEC’s ownership, as Chuck E. Cheese is one of the largest purchasers of arcade games in the world.

Although these brands are substantially similar operationally, we believe that these distinct concepts are able to coexist effectively in markets.

Our Competitive Strengths

The following strengths differentiate us from our competitors and serve as the foundation for our continued growth:

Iconic, Widely Recognized Brand. We benefit from significant brand strength and high awareness. Chuck E. Cheese is a long-standing, iconic brand that delivers a differentiated guest experience. Chuck E. Cheese is the #1 brand for family fun and entertainment according to a commissioned study conducted by Russell Research. The study indicated that 61% of moms, when asked on an unaided basis to name a place they could bring their children for family fun and dining, named Chuck E. Cheese first, before all branded and non-branded alternatives. The Chuck E. Cheese brand enjoys wide popularity in the U.S. across demographic segments, particularly in fast-growing Hispanic communities. The study also indicated 86% unaided awareness of the brand amongst children ages 6 to 8, demonstrating the brand's broad recognition. Additionally, according to the same study, children ask to go to Chuck E. Cheese an average of 9 times per year.

Differentiated Family Fun and Entertainment Experience. We are a leader in integrated family entertainment and dining and have built brands that are synonymous with a safe, fun, convenient and affordable family experience. Our entertainment and dining offerings are consistently well rated by our guests, and we continually update and modernize our offerings to adapt to evolving consumer tastes. At Chuck E. Cheese, we put smiles on kids' faces through our engaging entertainment offerings, which include arcade-style and skill-oriented games, rides and activities, live interactive performances and sing-alongs on our showroom floor. Our venues also offer group experiences that include birthdays and group celebrations. Our games provide children

with exciting, action-packed entertainment and the ability to win tickets that can be exchanged for prizes of their choice from our merchandise area. Additionally, we believe our Play Pass system and All You Can Play product offering are key differentiators that are difficult for our competitors to replicate. We serve fresh, handcrafted food that both parents and kids can enjoy, and have revamped the menu to include fresh, quality ingredients. Our menu offerings include our oven baked, made-to-order pizza on dough that is made from scratch, handmade breadsticks, fresh sandwiches, salads and desserts in addition to a variety of beverages. We expect our staff to be engaging and enthusiastic and to take pride in providing the best hospitality to each and every family member to ensure a memorable experience. This unique combination of family entertainment and dining, coupled with leading hospitality, results in approximately 75% of our guests purchasing both entertainment and dining offerings when they visit.

Highly Compelling Consumer Value Proposition. Chuck E. Cheese is at the intersection of entertainment and family dining. We understand that families, especially those with young children, evaluate a broad set of factors when selecting their entertainment and dining options. Our guests seek options that are safe, fun, healthy and delicious, but also convenient and affordable. Our business uniquely addresses this set of preferences, combining a wholesome family dining experience with distinctive family-oriented games, rides, activities, shows and other entertainment alternatives, all under one roof in venues that are conveniently located near or in proximity to neighborhoods across the United States and around the world. A family of four can visit Chuck E. Cheese for only \$34 for a package that includes food, drinks and entertainment. We believe this value proposition is highly compelling and represents a fraction of the cost of comparable offerings of alternatives that combine dining with family entertainment. Additionally, our Play Pass system enables us to price games dynamically and offer promotions such as targeted half-price offerings and AYCP hourly packages, which provide additional value to our consumers. AYCP allows us better pricing power than tokens, which is a fundamental change in the business model. We believe offering AYCP is a distinction from our competitors, which mostly operate using cards that limit game time via points.

Compelling Value Proposition

- (1) Illustrative pricing for parties of 2 adults and 2 children for an everyday visit. Based on New York pricing versus \$35 price point in most U.S. venues. \$34 is the lowest price offered in U.S. venues.
- (2) Based on 2 kids meals (pizza), 2 adult burgers & fries and 4 beverages at Chili's.

Substantial Scale and an Attractive Venue Portfolio. Our portfolio of 750 venues is spread across 47 states and 14 foreign countries and territories. As pioneers in the family entertainment and dining space, we believe we are the largest scaled player in the U.S. with a nationwide presence, and as such, our revenue is spread proportionally across the country. Our scale allows us to leverage a national advertising platform that fosters brand strength, loyalty and awareness.

We maintain an attractive portfolio of company-operated venues in the U.S. and Canada. Our venues are located in high-traffic locations, and we have limited exposure to mall locations. Our geographic diversity limits the adverse impact of weather in particular regions, as well as general macroeconomic and market fluctuations in any one particular region. Our franchise business consists of 196 Chuck E. Cheese and Peter Piper Pizza venues and enables us to expand our brands while enhancing profitability and cash flow. We partner with established, large-scale international franchisees which continue to develop existing markets and help Chuck E. Cheese expand in new territories. We have a strong track record internationally, demonstrating Chuck E. Cheese's universal appeal, and we believe we continue to have underpenetrated markets globally as we pursue international franchise expansion with our Chuck E. Cheese brand.

Strong Operating Margins and Attractive Free Cash Flow. For Fiscal 2018, the Company generated 85% gross profit margins, benefiting from the mix of higher margin entertainment and merchandise sales along with favorable food and beverage margins. With 55% of our total revenues tied to entertainment and merchandise and a straightforward menu focused on pizza, we believe our exposure to changes in food and commodity costs is

lower than traditional restaurant companies. Our growing franchise platform generated more than \$20 million of highly profitable franchise fees and royalties in Fiscal 2018. Given our growing, diversified revenue stream and our belief in discipline with respect to operating expenses, we have been able to consistently generate high operating margins. Additionally, we benefit from low maintenance capital expenditure requirements, and thus generate strong discretionary free cash flow. In Fiscal 2016, 2017 and 2018, maintenance capital expenditures represented 4%, 4% and 5% of sales, respectively. With significant resources devoted to games, we benefit from our scale as the largest game buyer in the world and we have the ability to cycle games between venues to help create a sense of newness for our guests.

Consistent Demand Throughout All Cycles. We believe there is strong and consistent demand for wholesome entertainment and family dining, and that Chuck E. Cheese's price point is attractive in any economic condition. This has been demonstrated by the Company's resilient comparable venue sales performance in historical economic downturns. During the Great Recession from 2008 – 2010, Chuck E. Cheese outperformed restaurant and destination entertainment industry benchmarks compiled by Knapp Track, generating, on average, positive comparable venue sales growth of 0.1%.

Proven and Experienced Management Team. Led by Chief Executive Officer Thomas Leverton, our senior leadership team has revitalized our corporate culture. Our executive management team has significant experience in multi-site leisure, hospitality, entertainment and family dining industries. The team combines a unique blend of veterans from both CEC and other entertainment and retail companies such as TopGolf, Omniflight, Nordstrom, Billabong, Pizza Hut and On The Border Mexican Grill & Cantina. We also benefit from a strong team of highly skilled, loyal and committed managers and employees at each of our venues. Our general managers have an average tenure with the Company of approximately 10 years and average time in their position of approximately 5 years. We believe that our executive management team, along with our diverse employee base, is well positioned to continue to drive strong financial performance while providing our guests with a superior and highly memorable experience.

Our Strategic Plan

Our operating strategy aims to "Enhance What We Do For Kids, Wildly Improve What We Do For Adults." This strategic plan is focused on increasing comparable venue sales by enhancing the total guest experience and unlocking operational investments we have made, enhancing our venue base with a comprehensive remodel program, and expanding our global venue network, particularly internationally.

Increase Comparable Venue Sales. Our core strategy to grow comparable venue sales is driven by our initiatives to enhance the in-venue experience for both kids and adults and capitalize on growth opportunities created by recent operational investments. We categorize these initiatives as Improve Guest Experience, Enhance Guest Engagement, Leverage Existing Investments and Optimize Pricing.

Improve Guest Experience

Our recent and ongoing initiatives to improve the in-venue experience and drive comparable venue sales growth include the following:

- **Improved menu offerings:** We continue to enhance the guest experience by introducing new menu items and improving the ordering experience. We are constantly innovating to introduce new made-from-scratch recipes, both kids' classics and more sophisticated options for parents. We are improving the ordering experience by simplifying our menu and experimenting with technological solutions, including mobile ordering.
- **Focus on in-venue experience:** To enhance the experience of our guests, we have implemented a hospitality training program, updated our entertainment options including Top 40 music and Wi-Fi, and

focused on continuously improving the cleanliness of our venues. Additional areas of focus include streamlining the order and checkout process, enhancing our game offerings and improving our birthday packages.

- More Tickets: We believe our guests enjoy the thrill of winning tickets and redeeming them for our merchandise. During the third quarter of 2018, we completed the roll-out of higher ticket payouts at our redemption games, coupled with a smaller adjustment to the ticket “prices” of our merchandise.

Enhance Guest Engagement

We continue to aim to improve the frequency and quality of engagement with our guests. Our current initiatives include:

- Enhancing our marketing message: We have broadened our advertising efforts from a traditional focus on children via television to a broader approach that includes digital advertising, influencer programs, gaming and promotional opportunities. We have also begun to reach out directly to moms through digital advertising, cross-promotional coupons, social media, public relations and e-mail.
- “More Cheese” guest loyalty program: In the first quarter of 2018, we launched our first guest loyalty program where guests can earn awards and discounts based on purchases. We continue to seek to improve this system by testing loyalty offerings with various awards. We developed this system with a user base derived in part from the database we developed as part of our email marketing program from over 40 years of experience. As of the end of Fiscal 2018, the loyalty program had more than 500,000 members.

Leverage Existing Investments

We believe we are in the early stages of realizing the benefits of significant growth capital investments we have made in technology over the past few years which allow us to offer more compelling offerings to a wider variety of guests. These include the following:

- Play Pass: In 2018, we completed the deployment of our proprietary Play Pass card system at all company-operated Chuck E. Cheese venues. Guests can purchase “points” on reloadable plastic cards and use these cards to play our games. Guest reactions have been very positive, with guests focusing on both the ease of use and improved cleanliness due to the removal of tokens. This new system enables us to price games dynamically and offer promotions such as our AYCP package, and collect new data on game uptick and popularity, which we were not able to do under our prior token-based system.
- All You Can Play: In the third quarter of 2018, we completed the roll-out of AYCP at all of our domestic company-operated Chuck E. Cheese venues. This product allows guests the option to play unlimited games within a specified period of time. AYCP is perceived as a greater value proposition for our guests as evidenced during our testing by higher NPS scores in venues, with 66% positive guest comments on price in AYCP venues versus 44% in non-AYCP venues. As of December 30, 2018, AYCP accounted for approximately 50% of our entertainment revenues.

Optimize Pricing

We expect to benefit substantially from our ability to optimize pricing and promotions in our venues utilizing the Play Pass card system.

- Gameplay pricing and promotions: Historically, CEC has taken little to no material game pricing. Play Pass allows us to vary pricing and offerings by geography and day part within a venue. We believe there is opportunity to optimize pricing in games as CEC’s gameplays average approximately \$0.25

while competitor pricing can exceed \$1 or more per gameplay. During 2018, we began testing guest promotions that included discounts during slow school days, dynamic pricing on select weekends, spring breaks and holidays, and traffic-driving deals such as discounted AYCP.

Remodeling Our Venues to Provide a Modern, Fresh Look: In 2017, we began testing a redesigned concept at our Chuck E. Cheese venues which carefully targeted areas to improve family experience and comfort. Changes included a new exterior and signage, brighter interiors, art décor on the walls, digital menu boards, a new star dance stage, a refreshed game offering and open windows that allow guests to view our fresh pizza being made.

Following an initial test of seven remodels in 2017, we completed an additional 25 remodels in 2018 and plan to complete 60 remodels in 2019 and 90 per year thereafter. Through Week 7 of Fiscal 2019, the venues remodeled in 2017 have experienced a sustained 12% comparable store sales uplift, and those remodeled in 2018 have experienced a 16% comparable store sales uplift versus un-remodeled venues. Our business model benefits from substantial operating leverage, and we expect in excess of 50% of this increase in sales to flow through to operating income.

We expect to realize a cash-on-cash return of greater than 20% on these remodels. We define and calculate cash-on-cash returns for an individual store as (a) the increase in Store Operating Income Before Depreciation and Amortization, excluding pre-opening expenses, national marketing expense allocation, non-cash charges related to asset disposals and changes in non-cash deferred amusement revenue and ticket liability, divided by (b) our net development costs for the remodel. Net development costs include equipment, building, leaseholds and site costs, net of tenant improvement allowances and other landlord concessions or payments, excluding pre-opening costs and capitalized interest.

We anticipate that future remodels, on average, will cost between \$525,000 to \$575,000 per unit to complete.

Pursue New Venue Growth Domestically and Internationally. We have a long track record of successful new venue development and will continue to pursue a disciplined venue growth strategy in both new and existing markets where we can achieve strong cash-on-cash returns and long term success. For new venue openings, we follow a rigorous due diligence and site selection process and strategically locate our venues within convenient driving distance to large metropolitan areas. Our venues generate strong cash flow and perform consistently well across geographic regions. We have a successful track record of opening new domestic company-operated Chuck E. Cheese venues at attractive rates of return and believe our existing markets can support additional venues. We target rates of return of over 30% for such company operated venues.

As of December 30, 2018, we had 109 international venues operating under franchise arrangements. Since 2013, our Chuck E. Cheese international franchise venue base has grown at a 25% CAGR from 21 venues in 2013 to 65 venues in 2018. We aim to continue growing internationally with existing and new franchise partners, with development agreements in place for 82 additional committed venues across 16 countries. In 2018, we opened 8 new venues collectively in five countries, with one new franchised Chuck E. Cheese venue and one new franchised Peter Piper Pizza venue in the United States and six new franchised Chuck E. Cheese venues across four countries. In Fiscal 2019, we expect 12 new Chuck E. Cheese franchised venues to open internationally.

Overview of Operations

Food and Beverage

Each Chuck E. Cheese and Peter Piper Pizza venue offers a variety of pizzas, wings, appetizers, salads and desserts, along with certain gluten-free options. Our hand-made pizza and prepared foods are made fresh to order. Soft drinks, coffee and tea are also served, along with beer and wine at most locations. Chuck E. Cheese venues also offer sandwiches, and some Chuck E. Cheese and Peter Piper Pizza venues offer lunch buffet options with unlimited pizza, salad, breadsticks and dessert. We continuously focus on delivering a quality-driven product and believe the quality of our food compares favorably with that of our competitors. As part of our ongoing initiatives to improve operations, we have implemented an improved venue inventory management system that provides additional visibility into food cost measurements and automates our replenishment cycles.

Food and beverage sales represented 45.3%, 47.3% and 45.8% of our company-operated venue sales during Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively.

Entertainment and Merchandise

Each of our Chuck E. Cheese and Peter Piper Pizza venues has a game room area, which includes an array of amusement and entertainment options. These options range from classic arcade, redemption and skill-oriented games, such as air hockey, Skee-ball and basketball, to rides, such as mini trains, motorcycles and various driving games. At Chuck E. Cheese, we also offer musical and comical entertainment that features our iconic Chuck E. Cheese character with live performances and frequent appearances on our showroom and game room floor, along with ongoing entertainment featuring music videos and televised skits. Each Peter Piper Pizza venue also offers flat-screen televisions located throughout the dining area. In the first quarter of 2018, we completed the implementation of Play Pass, a new proprietary game card system, in all of our company-operated Chuck E. Cheese venues. Play Pass is similar to a stored value gift card and allows guests to activate games and rides with their own personal card. In addition, in July 2018, we launched AYCP in all of our domestic company-operated Chuck E. Cheese venues. AYCP, a time-based play option, allows guests to play unlimited games within a block of time, increasing the number of games, tickets and prizes. More Tickets provides the thrill of winning a greater number of tickets on redemption games. A number of games dispense tickets that can be redeemed by guests for prize merchandise such as toys and plush items. Our guests can also purchase this merchandise directly for cash.

Entertainment and merchandise sales represented 54.7%, 52.7% and 54.2% of our company-operated venue sales during Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively.

Franchising

As of December 30, 2018, we franchised a total of 91 Chuck E. Cheese venues, with 26 venues located in the United States and 65 venues located in 14 foreign countries and territories, and a total of 105 Peter Piper Pizza venues, with 61 venues located in the United States and 44 venues located in Mexico. We have 18 active development and franchise agreements to open 78 Chuck E. Cheese venues in 16 countries, and four signed development and franchise agreements with rights to open another 19 Peter Piper Pizza venues in Texas and one signed development and franchise agreement with rights to open another four venues in Mexico. See “*Risk Factors—Risks Related to Queso’s Business and to New CEC’s Business Following the Business Combination*” for more information regarding the risks associated with franchise development agreements.

Our standard franchise agreements grant the franchisee the right to construct and operate a venue and use our associated trade names, trademarks and service marks in accordance with our standards and guidelines. Most of our existing Chuck E. Cheese franchise agreements have an initial term of 15 to 20 years and include a 10-year renewal option. Peter Piper Pizza’s franchise agreements are for a 10-year term and include a 10-year successor

agreement on Peter Piper Pizza's then standard form of agreement. The standard franchise agreement provides us with a right of first refusal should a franchisee decide to sell a venue. We also enter into area development agreements, which grant franchisees exclusive rights to open a specified number of venues in a designated geographic area within a specified period of time. In addition to initial franchise and area development fees, the franchisee is charged a continuing monthly royalty fee equal to a percentage of its gross monthly sales, generally around 5%, which varies by location and brand.

In 1985, we and our Chuck E. Cheese franchisees formed the International Association of CEC Entertainment, Inc. (the "Association") to discuss and consider matters of common interest relating to the operation of company-operated and franchised Chuck E. Cheese venues. Routine business matters of the Association are conducted by a board of directors, composed of five members appointed by us and five members elected by the franchisees. The Association serves as an advisory council that, among other responsibilities, oversees expenditures, including (a) the costs of development, purchasing and placement of advertising programs, including websites; (b) the costs to develop and improve audio-visual and animated entertainment attractions, as well as the development and implementation of new entertainment concepts; and (c) the purchase of national network television advertising.

The franchise agreements governing existing franchised Chuck E. Cheese venues in the U.S. currently require each franchisee to pay to the Association a monthly contribution equal to a certain percentage of its gross monthly sales. Additionally, under these franchise agreements, we are required, with respect to Chuck E. Cheese company-operated venues, to contribute at the same rates, or at higher rates in certain instances, as our franchisees. We and our franchisees are also required to spend minimum amounts on local advertising and could be required to make additional contributions to fund any deficits that may be incurred by the Association. Certain franchise agreements governing existing franchised Chuck E. Cheese venues outside of the U.S. currently require each franchisee to pay a certain percentage of their gross monthly sales to the Association to fund various advertising, media and entertainment costs.

We do not currently have any advertising co-ops or a franchise advisory council with our Peter Piper Pizza franchisees, but we reserve the right to require the formation, merger or dissolution of either or both. Franchisees are required to contribute (a) 5% of weekly gross sales to be used to develop, produce, distribute and administer specific advertising, public relations and promotional programs that promote the services offered by system franchisees; and (b) 0.5% of weekly gross sales to be used to research, develop, produce, and support creative ideas and materials for use in commercial advertisements, public relations, and promotional campaigns in the United States and Mexico. We may elect at any time not to collect or maintain all or any portion of the amount contributed to fund advertising related programs and activities and, during such time that we have made such election, the monies not collected must be expended by the franchisees in their own markets. In addition, we are required, with respect to company-operated Peter Piper Pizza restaurants, to contribute funds on the same basis as our franchisees.

Royalties, franchise and area development fees and other miscellaneous franchise income represented 2.3%, 2.0% and 2.0% of our total consolidated revenues during Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively.

Foreign Operations

As of December 30, 2018, we operated a total of 11 company-operated venues in Canada. Our Canadian venues generated total revenues of \$15.8 million, \$16.6 million and \$15.6 million during Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively, representing 1.8%, 1.9% and 1.7% of our total consolidated revenues, respectively. All of our other international venues are franchised.

These foreign activities, along with our international franchisees, are subject to various risks of conducting business in a foreign country, including fluctuations in foreign currency exchange rates, laws and regulations and

economic and political stability. See “*Risk Factors– Risks Related to Queso’s Business and to New CEC’s Business Following the Business Combination*” for more information regarding the risks associated with operations located in foreign markets.

Third-Party Suppliers

We use a network of 15 distribution centers operated by a single company to distribute most of the food products and supplies used in our domestic Chuck E. Cheese branded venues, five distribution centers for our Canadian Chuck E. Cheese branded venues and four distribution centers for our Peter Piper Pizza branded venues. We believe that alternative third-party distributors are available for our products and supplies, but we may incur additional costs if we are required to replace our distributors or obtain the necessary products and supplies from other suppliers.

We have not entered into any hedging arrangements to reduce our exposure to commodity price volatility; however, we typically enter into short-term purchasing arrangements, which may contain pricing designed to minimize the impact of commodity price fluctuations.

We procure games, rides and other entertainment-related equipment from a limited number of suppliers, some of which are located in China. The number of suppliers from which we purchase games, rides and other entertainment-related equipment, redemption prizes and merchandise has declined due to industry consolidation over the past several years. See “*Risk Factors– Risks Related to Queso’s Business and to New CEC’s Business Following the Business Combination*” for more information regarding the risks associated with our third-party suppliers.

The Parties to the Business Combination

Leo

Leo is a blank check company incorporated on November 29, 2017 as a Cayman Islands exempted company and formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. Leo has neither engaged in any operations nor generated any revenue to date. Based on Leo’s business activities, it is a “shell company” as defined under the Exchange Act because it has no operations and nominal assets consisting almost entirely of cash.

On February 15, 2018, Leo consummated its initial public offering of its units, with each unit consisting of one public share and one-half of one public warrant. Simultaneously with the closing of the initial public offering, Leo completed the private sale of 4,000,000 private placement warrants at a purchase price of \$1.50 per private placement warrant, to Sponsor generating gross proceeds to us of \$6,000,000. The private placement warrants are substantially identical to the public warrants sold as part of the units in Leo’s initial public offering, except that Sponsor agreed not to transfer, assign or sell any of the private placement warrants (except to certain permitted transferees) until 30 days after the completion of Leo’s initial business combination. The private placement warrants are also not redeemable by Leo so long as they are held by Sponsor or its permitted transferees, and they may be exercised by Sponsor and its permitted transferees on a cashless basis.

Following the closing of Leo’s initial public offering, an amount equal to \$200.0 million (\$10.00 per unit) of the net proceeds from its initial public offering and the sale of the private placement warrants was placed in the trust account. The trust account may be invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds investing solely in United States Treasuries and meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended, which invest only in direct U.S.

government obligations. As of April 23, 2019, funds in the trust account totaled approximately \$204,486,000 and were held in money market funds. These funds will remain in the trust account, except for the withdrawal of interest to pay taxes, if any, until the earliest of (1) the completion of Leo's initial business combination, (2) the redemption of any public shares properly tendered in connection with a shareholder vote to amend the Existing Organizational Documents to modify the substance and timing of our obligation to redeem 100% of the public shares if Leo does not complete a business combination by February 14, 2020, or (3) the redemption of all of the public shares if Leo is unable to complete a business combination by February 14, 2020, subject to applicable law.

Proposals to be Put to the Shareholders of Leo at the Extraordinary General Meeting

The following is a summary of the proposals to be put to the extraordinary general meeting of Leo and certain transactions contemplated by the Business Combination Agreement. Each of the proposals below, except the Adjournment Proposal, is cross-conditioned on the approval of each other. The Adjournment Proposal is not conditioned upon the approval of any other proposal set forth in this proxy statement/prospectus. The transactions contemplated by the Business Combination Agreement will be consummated only if the Condition Precedent Proposals are approved at the extraordinary general meeting.

BCA Proposal

As discussed in this proxy statement/prospectus, Leo is asking its shareholders to approve by ordinary resolution the Business Combination Agreement, pursuant to which, among other things, following the Domestication of Leo to Delaware as described below, Queso will merge with and into Leo, the separate corporate existence of Queso will cease and Leo will be the surviving corporation. After consideration of the factors identified and discussed in the section entitled "*BCA Proposal—Leo's Board of Directors' Reasons for the Business Combination*," Leo's board of directors concluded that the Business Combination met all of the requirements disclosed in the prospectus for Leo's initial public offering, including that the businesses of Queso had a fair market value of at least 80% of the balance of the funds in the trust account at the time of execution of the Business Combination Agreement. For more information about the transactions contemplated by the Business Combination Agreement, see "*BCA Proposal*."

The Business Combination Consideration does not include an additional 4,000,000 Contingent Shares, which will be issuable to the stockholders and certain option holders of Queso upon the occurrence of certain events and the satisfaction of certain conditions as set forth in the Business Combination Agreement. The sum of (i) cash held in the trust account net of redemptions, plus (ii) gross proceeds of the PIPE Investment less (iii) transactions costs of the transactions contemplated under the Business Combination Agreement will be used to redeem all or a portion of the CEC senior notes.

The Business Combination Consideration is subject to adjustment to appropriately reflect the effect of any stock split, reverse stock split, stock dividend, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change prior to consummation of the Business Combination. For further details, see “*BCA Proposal—The Business Combination Agreement—Business Combination Consideration.*”

Contingent Shares

Pursuant to the terms and conditions of the Business Combination Agreement, the Contingent Shares will be issued by New CEC:

- (i) with respect to 50% of the Contingent Shares, if (1) the closing sale price of the New CEC Common Stock as quoted on the NYSE (or the principal securities exchange or securities market on which the New CEC Common Stock is then traded) is equal to or exceeds \$13.00 per share (as adjusted for stock splits, dividends, reorganizations, recapitalizations and the like) (the “2021 Target”) for any 20 trading days within any 30 consecutive trading day period ending on or prior to December 31, 2021 or (2) the implied consideration per share of New CEC Common Stock paid or payable in connection with a Change of Control (as defined in the Business Combination Agreement) that is consummated on or prior to December 31, 2021 is equal to or exceeds the 2021 Target; and
- (ii) with respect to the other 50% of the Contingent Shares, if (1) the closing sale price of the New CEC Common Stock as quoted on the NYSE (or the principal securities exchange or securities market on which the New CEC Common Stock is then traded) is equal to or exceeds \$14.00 per share (as adjusted for stock splits, dividends, reorganizations, recapitalizations and the like) (the “2022 Target”) for any 20 trading days within any 30 consecutive trading day period ending on or prior to December 31, 2022 or (2) the implied consideration per share of New CEC Common Stock paid or payable in connection with a Change of Control that is consummated on or prior to December 31, 2022 is equal to or exceeds the 2022 Target;

provided that, the stockholders and applicable optionholders of Queso shall be entitled to receive all of the 4,000,000 Contingent Shares in the event that, (A) for any 20 trading days within any 30 consecutive trading day period ending on or prior to December 31, 2021, the closing sale price of the New CEC Common Stock or (B) the implied consideration per share of the New CEC Common Stock in any Change of Control transaction consummated on or prior to December 31, 2021, in each case is equal to or exceeds both the 2021 Target and the 2022 Target; provided further that if the closing sale price of the New CEC Common Stock does not exceed the 2021 Target on or prior to December 31, 2021, New CEC shall not be required to issue 2,000,000 Contingent Shares and if the closing sale price of the New CEC Common Stock does not exceed the 2022 Target on or prior to December 31, 2022, then New CEC shall not be required to issue the remaining 2,000,000 Contingent Shares.

For further details, see “*BCA Proposal—The Business Combination Agreement—Business Combination Consideration—Contingent Shares.*”

Closing Conditions

The consummation of the Business Combination is conditioned upon, among other things, (1) the approval of the BCA Proposal, the Domestication Proposal, the Stock Issuance Proposal and certain of the Organizational Documents Proposals; (2) the Maximum Redemption Condition; (3) the shares of New CEC Common Stock to be issued in connection with the Business Combination Agreement will have been approved for listing on the NYSE; (4) all required waiting periods or approvals under the HSR Act and all applicable antitrust laws shall have expired, been received or terminated; (5) no applicable law or injunction enacted, entered, promulgated, enforced or issued by any governmental authority or other legal restraint or prohibition preventing the consummation of the Business Combination shall be in effect; (6) the consummation of the Domestication immediately prior to the Closing; (7) the consummation of the PIPE Investment immediately prior to the Closing; (8) the consummation of the Merger concurrently with the Closing; (9) 1,750,000 Class B ordinary shares held by Sponsor shall have been surrendered in accordance with the Sponsor Shares Surrender Agreement; and (10) the net tangible assets of New CEC (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001. Therefore, unless these conditions are waived by the applicable parties to the Business Combination Agreement, the Business Combination Agreement could terminate and the proposed business combination may not be consummated.

For further details, see “*BCA Proposal—The Business Combination Agreement—Closing Conditions.*”

Domestication Proposal

As discussed in this proxy statement/prospectus, Leo will ask its shareholders to approve by special resolution the Domestication Proposal. As a condition to closing the Business Combination pursuant to the terms of the Business Combination Agreement, the board of directors of Leo has unanimously approved the Domestication Proposal. The Domestication Proposal, if approved, will authorize a change of Leo’s jurisdiction of incorporation from the Cayman Islands to the State of Delaware. Accordingly, while Leo is currently governed by the Cayman Islands Companies Law, upon Domestication, New CEC will be governed by the DGCL. There are differences between Cayman Islands corporate law and Delaware corporate law as well as the Existing Organizational Documents and the Proposed Organizational Documents. Accordingly, we encourage shareholders to carefully consult the information set out below under “*Comparison of Corporate Governance and Shareholder Rights.*”

On the effective date of the Domestication, (1) the issued and outstanding Class A ordinary shares will convert automatically by operation of law, on a one-for-one basis, into shares of New CEC Common Stock; (2) the issued and outstanding redeemable warrants that were registered pursuant to the IPO registration statement will automatically become redeemable warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding public warrants as a result of the Domestication); (3) each issued and outstanding unit will be cancelled and will entitle the holder thereof to one share of New CEC Common Stock and one-half of one redeemable warrant to acquire one share of New CEC Common Stock; (4) each issued and outstanding Class B ordinary share, par value \$0.0001 per share, of Leo will convert automatically by operation of law, on a one-for-one basis without giving effect to any rights of adjustment or other anti-dilution protections, into shares of New CEC Common Stock; and (5) the issued and outstanding warrants of Leo issued in a private placement will automatically become warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding private placement warrants as a result of the Domestication).

For further details, see “*Domestication Proposal.*”

Organizational Documents Proposals

Leo will ask its shareholders to approve by special resolution five separate proposals (collectively, the “Organizational Documents Proposals”) in connection with the replacement of the Existing Organizational Documents, under the Cayman Islands Companies Law, with the Proposed Organizational Documents, under the DGCL. Leo’s board has unanimously approved each of the Organizational Documents Proposals and believes such proposals are necessary to adequately address the needs of New CEC after the Business Combination. Approval of each of the Organizational Documents Proposals is a condition to the consummation of the Business Combination. A brief summary of each of the Organizational Documents Proposals is set forth below. These summaries are qualified in their entirety by reference to the complete text of the Proposed Organizational Documents.

- A. *Organizational Documents Proposal A*—to authorize the change in the authorized capital stock of Leo from (i) 200,000,000 Class A ordinary shares, 20,000,000 Class B ordinary shares and 1,000,000 preferred shares of Leo to (ii) 500,000,000 shares of New CEC Common Stock and 100,000,000 shares of New CEC Preferred Stock.
- B. *Organizational Documents Proposal B*—to authorize the board of directors of New CEC to issue any or all shares of New CEC Preferred Stock in one or more classes or series, with such terms and conditions as may be expressly determined by New CEC’s board of directors and as may be permitted by the DGCL.
- C. *Organizational Documents Proposal C*—to provide that certain provisions of the certificate of incorporation of New CEC are subject to the Director Nomination Agreement.
- D. *Organizational Documents Proposal D*—to authorize the removal of the ability of New CEC stockholders to take action by written consent in lieu of a meeting.
- E. *Organizational Documents Proposal E*—to authorize all other changes in connection with the replacement of Existing Organizational Documents with the Proposed Organizational Documents as part of the Domestication, including (1) changing the post-Business Combination corporate name from “Leo Holdings Corp.” to “Chuck E. Cheese Brands Inc.” (which is expected to occur after the Domestication in connection with the Merger), (2) making New CEC’s corporate existence perpetual, (3) adopting Delaware as the exclusive forum for certain stockholder litigation, (4) electing to not be governed by Section 203 of the DGCL and limiting certain corporate takeovers by interested stockholders, (5) granting an explicit waiver regarding corporate opportunities to New CEC and its directors and (6) removing certain provisions related to our status as a blank check company that will no longer be applicable upon consummation of the Business Combination, all of which Leo’s board of directors believes is necessary to adequately address the needs of New CEC after the Business Combination.

The Proposed Organizational Documents differ in certain material respects from the Existing Organizational Documents and we encourage shareholders to carefully consult the information set out in the section entitled “*Organizational Documents Proposals*” and the full text of the Proposed Organizational Documents of New CEC, attached hereto as Annexes C and D.

Stock Issuance Proposal

Our shareholders are also being asked to approve, by ordinary resolution, the Stock Issuance Proposal.

Our public shares are listed on the NYSE and, as such, we are seeking shareholder approval of the issuance of New CEC Common Stock to (1) the existing equityholders of Queso in connection with the Business Combination and (2) the PIPE Investors pursuant to their PIPE Investment in connection with the Business

Combination, to the extent such issuance would require a shareholder vote under NYSE Listing Rule 312.03, in each case, in order to comply with NYSE Listing Rule 312.03. For additional information, see “*Stock Issuance Proposal*.”

Incentive Award Plan Proposal

Our shareholders are also being asked to approve, by ordinary resolution, the Incentive Award Plan Proposal. Pursuant to the Incentive Plan, a copy of which is attached to this proxy statement/prospectus as Annex E, 5,700,000 of New CEC Common Stock outstanding immediately following the consummation of the Business Combination will be reserved for issuance under the Incentive Plan. For additional information, see “*Incentive Award Plan Proposal*.”

Adjournment Proposal

If, based on the tabulated vote, there are not sufficient votes at the time of the extraordinary general meeting to authorize Leo to consummate the Business Combination (because any of the Condition Precedent Proposals have not been approved), Leo’s board of directors may submit a proposal to adjourn the extraordinary general meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies. For additional information, see “*Adjournment Proposal*.”

Each of the BCA Proposal, the Domestication Proposal, the Required Organizational Documents Proposals and Stock Issuance Proposal is conditioned on the approval and adoption of each of the other Condition Precedent Proposals. The Organizational Documents Proposals that are not Required Organizational Documents Proposals and the Incentive Award Plan Proposal, are conditioned on the approval of the Condition Precedent Proposals. The Adjournment Proposal is not conditioned on any other proposal.

Leo’s Board of Directors’ Reasons for the Business Combination

Leo was organized for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses.

In evaluating the Business Combination, the Leo board of directors consulted with Leo’s senior management and considered a number of factors.

In particular, the Leo board of directors considered, among other things, the following factors, although not weighted or in any order of significance:

- Iconic, widely recognized brand;
- Differentiated family fun and entertainment experience;
- Highly compelling consumer value proposition;
- Substantial scale and an attractive venue portfolio;
- Strong operating margins and attractive free cash flow;
- Consistent demand throughout all cycles;
- Proven and experienced management team; and
- Strategic plan with multiple levers of growth.

For a more complete description of the Leo board of directors’ reasons for approving the Business Combination, including other factors and risks considered by the Leo board of directors, see the section entitled “*BCA Proposal—Leo’s Board of Directors’ Reasons for the Business Combination*.”

Related Agreements

This section describes certain additional agreements entered into or to be entered into pursuant to the Business Combination Agreement. For additional information, see “*BCA Proposal—Related Agreements.*”

Equity Financing

Concurrently with the execution of the Business Combination Agreement, Leo entered into the Subscription Agreements with the PIPE Investors pursuant to which the PIPE Investors have collectively subscribed for 10,000,000 shares of New CEC Common Stock (plus an additional 700,000 shares) for an aggregate purchase price of \$100.0 million, \$60.0 million of which will be funded by the Sponsor PIPE Entity. The PIPE Investment will be consummated substantially concurrently with the Closing and proceeds therefrom will be used to fund a portion of the cash required to effect the Business Combination, including any redemption of public shares. The PIPE Investment is conditioned upon the satisfaction or waiver of conditions precedent to the closing of the Business Combination and other customary conditions. Pursuant to the Subscription Agreements, the third-party PIPE Investors will be entitled to certain shelf registration rights, subject to customary black-out periods and other limitations as set forth therein. For additional information, see “*BCA Proposal—Related Agreements—Equity Financing.*”

Sponsor Shares Surrender Agreement

Leo and the Sponsor have entered into the Sponsor Shares Surrender Agreement pursuant to which, among other things, (a) the Sponsor will surrender at Closing an aggregate of approximately 1,750,000 Class B ordinary shares to Leo for no consideration and as a capital contribution to New CEC and, which Class B ordinary shares will be cancelled and (b) waive certain anti-dilution rights of the Converted Founder Shares at Closing. For further details, see “*BCA Proposal—Related Agreements—Sponsor Shares Surrender Agreement.*”

Amended and Restated Registration Rights Agreement

On the Closing Date, New CEC, the Seller, Lion Capital, the holders of ordinary shares of Leo who are parties to the existing registration rights agreement in respect to ordinary shares held by such holders and certain other shareholders will enter into an amended and restated registration rights agreement (the “Amended and Restated Registration Rights Agreement”), providing for, among other things, customary registration rights, including demand and piggy-back rights, subject to cooperation and cut-back provisions. For additional information, see “*BCA Proposal—Related Agreements—Amended and Restated Registration Rights Agreement.*”

Lock-Up Agreement

On the Closing Date, Seller will execute and deliver to New CEC a lock-up agreement (the “Lock-Up Agreement”), pursuant to which, among other things, Seller will agree to certain restrictions regarding the transfer of New CEC Common Stock held or to be received by them, from the Closing until the earlier of (1) 180 days after the date of Closing and (2) the day after New CEC consummates a Change of Control (as defined herein). For additional information, see “*BCA Proposal—Related Agreements—Lock-Up Agreement.*”

Director Nomination Agreement

On the Closing Date, New CEC intends to enter into the Director Nomination Agreement. Pursuant to this agreement, (i) Sponsor will have the right to designate up to three individuals for appointment to the board of directors of New CEC and nomination for election to the board of New CEC thereafter, subject to certain terms and conditions, (ii) Seller will have the right to designate up to five individuals for appointment to the board of

New CEC and nomination for election to the board of New CEC thereafter, subject to certain terms and conditions and (iii) the Chief Executive officer of New CEC will be a member of the board of New CEC. For additional information, see “*BCA Proposal—Related Agreements—Director Nomination Agreement.*”

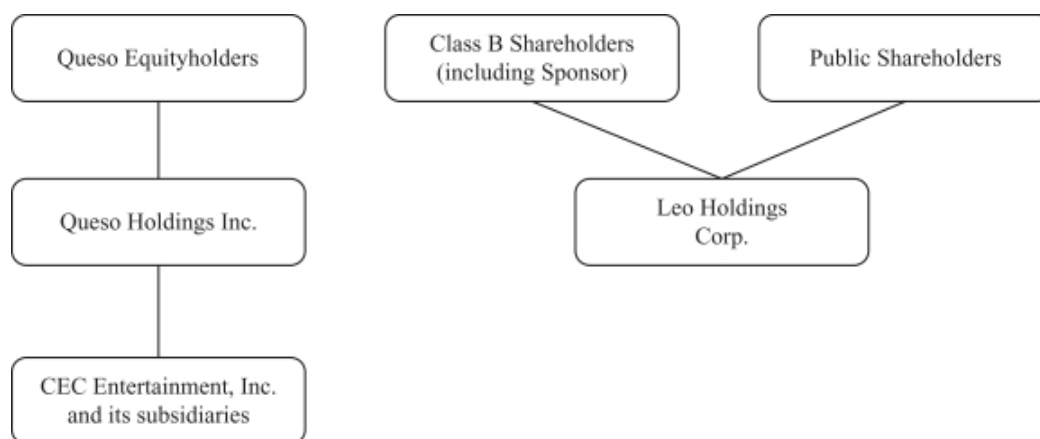

Financing Matters

At or as soon as practicable after the consummation of the Business Combination, New CEC intends to redeem CEC’s 8.000% Senior Notes due 2022 (the “CEC senior notes”) in an aggregate principal amount of the lesser of (i) all outstanding \$255.0 million assuming no public shares are redeemed in connection with the Business Combination, or (ii) the maximum aggregate principal amount of CEC senior notes that can be redeemed using the available funds from the trust account and the PIPE Investment following redemption of public shares and the payment of all transaction costs contemplated under the Business Combination Agreement. Under the terms of the CEC senior notes, the redemption price will be 102% of the principal amount of the CEC senior notes being redeemed, plus all accrued but unpaid interest to the redemption date. New CEC will use the sum of (i) cash held in the trust account, net of redemptions, plus (ii) gross proceeds of the PIPE Investment, less (iii) the transactions costs of the transactions contemplated under the Business Combination Agreement to finance this redemption.

At or following the Business Combination, New CEC will also consider refinancing its existing term loan and revolving credit facilities.

Organizational Structure

The following diagram illustrates the ownership structure of Queso and Leo as of the date of this proxy statement/prospectus.

The following diagram illustrates the ownership structure of New CEC immediately following consummation of the Merger.

Ownership of New CEC

As of the date of this proxy statement/prospectus, there are 25,000,000 ordinary shares issued and outstanding, which includes an aggregate of 5,000,000 Class B ordinary shares. As of the date of this proxy statement/prospectus, there is outstanding an aggregate of 14,000,000 warrants, which comprise the 4,000,000 private placement warrants held by Sponsor and the 10,000,000 public warrants. Each whole warrant entitles the holder thereof to purchase one Class A ordinary share and, following the Domestication, will entitle the holder thereof to purchase one share of New CEC Common Stock. Therefore, as of the date of this proxy statement/prospectus (without giving effect to the Business Combination and assuming no redemptions), if we assume that each outstanding warrant is exercised and one Class A ordinary share is issued as a result of such exercise, the Leo fully-diluted share capital would be 39,000,000 ordinary shares.

It is anticipated that, upon completion of the Business Combination, (1) Leo’s public shareholders are expected to own approximately 28.6% of the outstanding New CEC Common Stock, (2) the former equityholders of Queso (without taking into account any public shares held by Queso equityholders prior to the consummation of the Business Combination), are expected to own approximately 51.5% of the outstanding New CEC Common Stock, (3) the Class B Shareholders are expected to own approximately 4.7% of outstanding New CEC Common Stock and (4) the PIPE Investors (including the Sponsor PIPE Entity) are expected to own approximately 15.3% of outstanding New CEC Common Stock. These percentages (i) exclude the Contingent Shares, (ii) assume no public shareholders exercise their redemption rights in connection with the Business Combination, (iii) reflect the forfeiture by Sponsor of 1,750,000 Class B ordinary shares of Leo pursuant to the Sponsor Shares Surrender Agreement, (iv) assume 10,700,000 shares of New CEC Common Stock are issued to the PIPE Investors upon the consummation of the PIPE Investment, (v) do not take into account public or private placement warrants to purchase New CEC Common Stock that will be outstanding immediately following the completion of the Business Combination and (vi) do not take into account stock options held by current and former employees of Queso that will convert into options to acquire shares of New CEC Common Stock or shares of New CEC Common Stock that may be issued under the Incentive Plan. If the actual facts are different than these

assumptions, the percentage ownership retained by the company’s existing stockholders in New CEC will be different.

The following table illustrates varying ownership levels in New CEC immediately following the consummation of the Business Combination based on the assumptions above except for varying levels of redemptions by the public shareholders:

	Share Ownership in New CEC			
	No redemptions		Maximum redemptions(1)	
	Number of Shares	Percentage of Outstanding Shares	Number of Shares	Percentage of Outstanding Shares
Former equityholders of Queso(2)	36,000,137	51.47%	36,000,137	55.43%
Leo’s public shareholders	20,000,000	28.59%	15,000,000	23.09%
Former Leo Class B Shareholders	3,250,000	4.65%	3,250,000	5.00%
PIPE Investors(3)	10,700,000	15.30%	10,700,000	16.47%
Total	69,950,137		64,950,137	

- (1) Assumes that 5,000,000 public shares (being our estimate of the maximum number of public shares that could be redeemed in connection with the Business Combination in order to satisfy the Maximum Redemption Condition) are redeemed in connection with the Business Combination.
- (2) Excludes 4,000,000 Contingent Shares.
- (3) Includes 6,420,000 shares to be owned by Sponsor PIPE Entity.

The Business Combination Consideration is subject to adjustment to appropriately reflect the effect of any stock split, reverse stock split, stock dividend, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change prior to consummation of the Business Combination. For further details, see “*BCA Proposal—The Business Combination Agreement—Business Combination Consideration.*”

Date, Time and Place of Extraordinary General Meeting of Leo’s Shareholders

The extraordinary general meeting of Leo, will be held at _____, Eastern Time, on _____, 2019, at _____, to consider and vote upon the proposals to be put to the extraordinary general meeting, including if necessary, the Adjournment Proposal, to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the extraordinary general meeting, each of the Condition Precedent Proposals have not been approved.

Voting Power; Record Date

Leo shareholders will be entitled to vote or direct votes to be cast at the extraordinary general meeting if they owned ordinary shares at the close of business on _____, 2019, which is the “record date” for the extraordinary general meeting. Shareholders will have one vote for each ordinary share owned at the close of business on the record date. If your shares are held in “street name” or are in a margin or similar account, you should contact your broker to ensure that votes related to the shares you beneficially own are properly counted. Our warrants do not have voting rights. As of the close of business on the record date, there were 25,000,000 ordinary shares issued and outstanding, of which 20,000,000 were issued and outstanding public shares.

Quorum and Vote of Leo Shareholders

A quorum of Leo shareholders is necessary to hold a valid meeting. A quorum will be present at the extraordinary general meeting if a majority of the issued and outstanding ordinary shares entitled to vote at the

extraordinary general meeting are represented in person or by proxy. As of the record date for the extraordinary general meeting, 12,500,001 ordinary shares would be required to achieve a quorum.

The Class B Shareholders have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting. As of the date of this proxy statement/prospectus, the Class B Shareholders own approximately 20.0% of the issued and outstanding ordinary shares.

The proposals presented at the extraordinary general meeting require the following votes:

- (i) **BCA Proposal:** The approval of the BCA Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.
- (ii) **Domestication Proposal:** The approval of the Domestication Proposal requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.
- (iii) **Organizational Documents Proposals:** The separate approval of each of the Organizational Documents Proposals requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.
- (iv) **Stock Issuance Proposal:** The approval of the Stock Issuance Proposal requires the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote or abstain from voting at the extraordinary general meeting.
- (v) **Incentive Award Plan Proposal:** The approval of the Incentive Award Plan Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.
- (vi) **Adjournment Proposal:** The approval of the Adjournment Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.

Redemption Rights

Pursuant to the Existing Organizational Documents, a public shareholder may request of Leo that New CEC redeem all or a portion of its public shares for cash if the Business Combination is consummated. As a holder of public shares, you will be entitled to receive cash for any public shares to be redeemed only if you:

- (i) (a) hold public shares, or (b) if you hold public shares through units, you elect to separate your units into the underlying public shares and warrants prior to exercising your redemption rights with respect to the public shares;
- (ii) submit a written request to Continental, Leo's transfer agent, that New CEC redeem all or a portion of your public shares for cash; and
- (iii) deliver your public shares to Continental, Leo's transfer agent, physically or electronically through DTC.

Holders must complete the procedures for electing to redeem their public shares in the manner described above prior to 5:00 p.m. Eastern Time on _____, 2019 (two business days before the extraordinary general meeting) in order for their shares to be redeemed.

Holders of units must elect to separate the units into the underlying public shares and public warrants prior to exercising redemption rights with respect to the public shares. If holders hold their units in an account at a brokerage firm or bank, holders must notify their broker or bank that they elect to separate the units into the underlying public shares and public warrants, or if a holder holds units registered in its own name, the holder must contact Continental, Leo's transfer agent, directly and instruct them to do so. Public shareholders may elect to redeem all or a portion of the public shares held by them regardless of if or how they vote in respect of the BCA Proposal. If the Business Combination is not consummated, the public shares will be returned to the respective holder, broker or bank. If the Business Combination is consummated, and if a public shareholder properly exercises its right to redeem all or a portion of the public shares that it holds and timely delivers its shares to Continental, Leo's transfer agent, New CEC will redeem such public shares for a per-share price, payable in cash, equal to the pro rata portion of the trust account, calculated as of two business days prior to the consummation of the Business Combination. For illustrative purposes, as of April 23, 2019, this would have amounted to approximately \$10.22 per issued and outstanding public share. If a public shareholder exercises its redemption rights in full, then it will be electing to exchange its public shares for cash and will no longer own public shares. The redemption takes place following the Domestication and accordingly it is shares of New CEC Common Stock that will be redeemed immediately after consummation of the Business Combination. See "*Extraordinary General Meeting of Leo—Redemption Rights*" in this proxy statement/prospectus for a detailed description of the procedures to be followed if you wish to redeem your public shares for cash.

Notwithstanding the foregoing, a public shareholder, together with any affiliate of such public shareholder or any other person with whom such public shareholder is acting in concert or as a "group" (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from redeeming its public shares with respect to more than an aggregate of 15% of the public shares. Accordingly, if a public shareholder, alone or acting in concert or as a group, seeks to redeem more than 15% of the public shares, then any such shares in excess of that 15% limit would not be redeemed for cash.

The Class B Shareholders have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting and waive their redemption rights with respect to such ordinary shares in connection with the consummation of the Business Combination. The Class B ordinary shares will be excluded from the pro rata calculation used to determine the per-share redemption price. As of the date of this proxy statement/prospectus, the Class B Shareholders own approximately 20.0% of the issued and outstanding ordinary shares.

Holders of the warrants will not have redemption rights with respect to the warrants.

Appraisal Rights

Neither Leo shareholders nor Leo warrant holders have appraisal rights in connection with the Business Combination or the Domestication under the Cayman Islands Companies Law or under the DGCL.

Proxy Solicitation

Proxies may be solicited by mail, telephone or in person. Leo has engaged Morrow Sodali LLC to assist in the solicitation of proxies.

If a shareholder grants a proxy, it may still vote its shares in person if it revokes its proxy before the extraordinary general meeting. A shareholder also may change its vote by submitting a later-dated proxy as described in the section entitled "*Extraordinary General Meeting of Leo—Revoking Your Proxy.*"

Interests of Leo's Directors and Executive Officers in the Business Combination

When you consider the recommendation of Leo's board of directors in favor of approval of the BCA Proposal, you should keep in mind that the Class B Shareholders, including Leo's directors and executive officers, have interests in such proposal that are different from, or in addition to, those of Leo shareholders and warrant holders generally. These interests include, among other things, the interests listed below:

- If Leo does not consummate a business combination by February 14, 2020, it would cease all operations except for the purpose of winding up, redeeming all of the outstanding public shares for cash and, subject to the approval of its remaining shareholders and its board of directors, dissolving and liquidating, subject in each case to its obligations under the Cayman Islands Companies Law to provide for claims of creditors and the requirements of other applicable law. In such event, the 5,000,000 Class B ordinary shares owned by the Class B Shareholders would be worthless because following the redemption of the public shares, Leo would likely have few, if any, net assets and because our Class B Shareholders have agreed to waive their rights to liquidating distributions from the trust account with respect to the Class B ordinary shares if we fail to complete a Business Combination within the required period. Sponsor purchased the Class B ordinary shares prior to our initial public offering for approximately \$0.004 per share. The 3,250,000 Converted Founder Shares that the Class B Shareholders will hold following the Business Combination, if unrestricted and freely tradable, would have had aggregate market value of \$33,442,500 based upon the closing price of \$10.29 per public share on the NYSE on April 25, 2019, the most recent closing price. Given such Converted Founder Shares will be subject to such restrictions, we believe such shares have less value.
- Sponsor paid \$6,000,000 for its 4,000,000 private placement warrants to purchase Class A ordinary shares and such private placement warrants will expire worthless if a business combination is not consummated by February 14, 2020.
- Lyndon Lea, Leo's Chairman and Chief Executive Officer, Robert Darwent, Leo's Chief Financial Officer and member of Leo's Board of Directors, and Mary E. Minnick, a member of Leo's Board of Directors, are each expected to be directors of New CEC after the consummation of the Business Combination.
- Leo's existing directors and officers will be eligible for continued indemnification and continued coverage under Leo's directors' and officers' liability insurance after the Business Combination.
- In order to protect the amounts held in the trust account, Sponsor has agreed that it will be liable to Leo if and to the extent any claims by a vendor for services rendered or products sold to Leo, or a prospective target business with which Leo has discussed entering into a transaction agreement, reduce the amount of funds in the trust account. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the trust account or to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act.
- Following the consummation of the Business Combination, Sponsor would be entitled to the repayment of any working capital loan and advances that have been made to Leo and remain outstanding. If Leo does not complete an initial business combination by February 14, 2020, Leo may use a portion of its working capital held outside the trust account to repay these working capital loans, but no proceeds held in the trust account would be used to repay the working capital loans.
- Following consummation of the Business Combination, Sponsor, our officers and directors and their respective affiliates would be entitled to reimbursement for any reasonable out-of-pocket expenses related to identifying, investigating and consummating an initial business combination, and repayment of any other loans, if any, and on such terms as to be determined by Leo from time to time, made by Sponsor or certain of our officers and directors to finance transaction costs in connection with an

intended initial business combination. However, if Leo fails to consummate a business combination within the required period, Sponsor and Leo's officers and directors and their respective affiliates will not have any claim against the trust account for reimbursement.

- In connection with the PIPE Investment, assuming the Sponsor PIPE Entity finances \$60.0 million of the PIPE Investment, the Sponsor PIPE Entity will receive 6,420,000 shares of New CEC Common Stock.
- Pursuant to the Director Nomination Agreement, Sponsor will have the right to designate up to three directors to the board of directors of New CEC, subject to certain conditions, Seller will have the right to designate up to five directors to the board of directors of New CEC, subject to certain conditions, and the Chief Executive officer of New CEC will be a member of the board of New CEC.
- Pursuant to the Amended and Restated Registration Rights Agreement, the Seller, Lion Capital, the holders of ordinary shares of Leo who are parties to the existing registration rights agreement in respect to ordinary shares held by such holders and certain other shareholders will have customary registration rights, including demand and piggy-back rights, subject to cooperation and cut-back provisions with respect to the shares of New CEC Common Stock and warrants held by such parties.
- The Proposed Certificate of Incorporation will contain provisions that have the same effect as Section 203 and prevent New CEC from engaging in a business combination with an "interested stockholder," unless certain conditions are met.

Leo's directors and executive officers have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting and waive their redemption rights with respect to such ordinary shares in connection with the consummation of the Business Combination. The Class B ordinary shares will be excluded from the pro rata calculation used to determine the per-share redemption price. As of the date of this proxy statement/prospectus, Leo's directors and executive officers own approximately 20.0% of the issued and outstanding ordinary shares.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Condition Precedent Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Condition Precedent Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their redemption rights, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the BCA Proposal, the Stock Issuance Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the Domestication Proposal and the Organizational Documents Proposals, (3) otherwise limit the number of public shares electing to redeem and (4) New CEC's net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price

lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the extraordinary general meeting and would likely increase the chances that such proposals would be approved. We will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be put to the extraordinary general meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

The existence of financial and personal interests of one or more of Leo's directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo's officers have interests in the Business Combination that may conflict with your interests as a shareholder.

Recommendation to Shareholders of Leo

Leo's board of directors believes that the BCA Proposal and the other proposals to be presented at the extraordinary general meeting are in the best interest of Leo's shareholders and unanimously recommends that its shareholders vote "FOR" the BCA Proposal, "FOR" the Domestication Proposal, "FOR" each of the separate Organizational Documents Proposals, "FOR" the Stock Issuance Proposal, "FOR" the Incentive Award Plan Proposal and "FOR" the Adjournment Proposal, in each case, if presented to the extraordinary general meeting.

The existence of financial and personal interests of one or more of Leo's directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo's officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled "*BCA Proposal—Interests of Leo's Directors and Executive Officers in the Business Combination*" for a further discussion of these considerations.

Expected Accounting Treatment

The Domestication

There will be no accounting effect or change in the carrying amount of the consolidated assets and liabilities of Leo as a result of the Domestication. The business, capitalization, assets and liabilities and financial statements of New CEC immediately following the Domestication will be the same as those of Leo immediately prior to the Domestication.

The Business Combination

The Business Combination will be accounted for as a reverse recapitalization in conformity with GAAP. Under this method of accounting, Leo has been treated as the “acquired” company for financial reporting purposes. This determination was primarily based on existing Queso stockholders comprising a majority of the voting power of the combined company, Queso operations comprising a majority of the ongoing operations of New CEC, and Queso’s senior management comprising a majority of the senior management of New CEC combined entity. Accordingly, for accounting purposes, the acquisition will be treated as the equivalent of Queso issuing stock for the net assets of Leo, accompanied by a recapitalization. Net assets of Leo will be stated at historical costs, with no goodwill or other intangible assets recorded.

Regulatory Matters

Under the HSR Act and the rules that have been promulgated thereunder by the U.S. Federal Trade Commission (“FTC”), certain transactions may not be consummated unless information has been furnished to the Antitrust Division of the Department of Justice (“Antitrust Division”) and the FTC and certain waiting period requirements have been satisfied. The Leo portion of the Business Combination is subject to these requirements and may not be completed until the expiration of a 30-day waiting period following the filing of the required Notification and Report Forms with the Antitrust Division and the FTC or until early termination is granted. On April 19, 2019, Leo and Queso filed the required forms under the HSR Act with the Antitrust Division and the FTC and requested early termination. Early termination of the HSR waiting period was granted on April 29, 2019.

At any time before or after consummation of the Business Combination, notwithstanding termination of the waiting period under the HSR Act, the applicable competition authorities in the United States or any other applicable jurisdiction could take such action under applicable antitrust laws as such authority deems necessary or desirable in the public interest, including seeking to enjoin the consummation of the Business Combination, conditionally approving the Business Combination upon divestiture of New CEC’s assets, subjecting the completion of the Business Combination to regulatory conditions or seeking other remedies. Private parties may also seek to take legal action under the antitrust laws under certain circumstances. Leo cannot assure you that the Antitrust Division, the FTC, any state attorney general, or any other government authority will not attempt to challenge the Business Combination on antitrust grounds, and, if such a challenge is made, Leo cannot assure you as to its result.

None of Leo and Queso are aware of any material regulatory approvals or actions that are required for completion of the Business Combination other than the expiration or early termination of the waiting period under the HSR Act. It is presently contemplated that if any such additional regulatory approvals or actions are required, those approvals or actions will be sought. There can be no assurance, however, that any additional approvals or actions will be obtained.

Emerging Growth Company

Leo is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies, including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”), reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. Leo has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, Leo, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of Leo’s financial statements with certain other public companies difficult or impossible because of the potential differences in accounting standards used.

We will remain an emerging growth company until the earlier of: (1) the last day of the fiscal year (a) following the fifth anniversary of the closing of Leo’s initial public offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common equity that is held by non-affiliates exceeds \$700 million as of the end of the prior fiscal year’s second fiscal quarter; and (2) the date on which we have issued more than \$1.00 billion in non-convertible debt securities during the prior three-year period. References herein to “emerging growth company” shall have the meaning associated with it in the JOBS Act.

Risk Factors

In evaluating the proposals to be presented at the Leo extraordinary general meeting, a shareholder should carefully read this proxy statement/prospectus and especially consider the factors discussed in the section entitled “*Risk Factors*.”

(1) We operate on a 52 or 53 week fiscal year ending on the Sunday nearest December 31. Fiscal year 2015 was 53 weeks in length, which resulted in our fourth quarter consisting of 14 weeks. All other fiscal years presented were 52 weeks.

- (2) We define “comparable venue sales” as sales for our domestic owned company-operated venues that have been open for more than 18 months as of the beginning of each respective fiscal year or for acquired venues we have operated for at least 12 months as of the beginning of each respective fiscal year. Comparable venue sales excludes sales for our domestic Company-operated venues that are expected to be temporarily closed for more than three months primarily as a result of natural disasters, fires, floods and property damage. We define “comparable venue sales change” as the percentage change in comparable venue sales for each respective period. We believe comparable venue sales change to be a key performance indicator within our industry; it is a critical factor in evaluating our performance, as it is indicative of acceptance of our strategic initiatives and local economic and consumer trends. Our comparable venue sales for Fiscal 2015, and the Successor 2014 period exclude the Peter Piper Pizza venues that were acquired in October 2014 as we had operated them for less than 12 months at the beginning of each respective fiscal year. As a result of the 53 week fiscal year in 2015, our 2016 fiscal year began one calendar week later than our 2015 fiscal year. The comparable venue sales change in the table above is presented on a calendar week basis, excluding the additional week of operations in 2015. On a fiscal basis, excluding the additional week of operations in 2015, comparable venue sales change would have been 3.0% in 2016.
- (3) For our definition of Adjusted EBITDA, see “—Non-GAAP Financial Measures” below.
- (4) Adjusted EBITDA Margin is defined by us as Adjusted EBITDA as a percentage of Total revenues.
- (5) Total debt includes our senior notes, our outstanding borrowings under the term loan facility and the revolving credit facility, net of deferred financing costs, capital leases and a predecessor credit facility.
- (6) Results for the Successor 2014 period include the revenues and expenses for Peter Piper Pizza for the 73 day period from October 17, 2014 through December 28, 2014.
- (7) As a result of the 2014 Merger, we applied the acquisition method of accounting and established a new basis of accounting on February 15, 2014. The period presented prior to and including February 14, 2014 represents the operations of the predecessor company (“Predecessor”) and the periods presented after February 14, 2014 represent the operations of the successor company (“Successor”). The financial results for the period December 29, 2013 through February 14, 2014 represent the 47 day Predecessor period.

Non-GAAP Financial Measures

Adjusted EBITDA, a measure used by management to assess operating performance, is defined as Net income (loss) plus interest expense, income tax expense (benefit), depreciation and amortization expense, impairments, gains and losses on asset disposals, unrealized gains and losses on foreign exchange, and stock based compensation. In addition, Adjusted EBITDA excludes other items we consider unusual or non-recurring and other adjustments required or permitted in calculating covenant compliance under CEC’s secured credit facilities and the indenture governing CEC’s senior notes. See “*Queso’s Management’s Discussion and Analysis of Financial Condition and Results of Operations—Financial Condition, Liquidity and Capital Resources—Debt Financing.*”

Adjusted EBITDA is presented because we believe that it provides useful information to investors regarding our operating performance and our capacity to incur and service debt and fund capital expenditures. We believe that Adjusted EBITDA is used by many investors, analysts and rating agencies as a measure of performance. We also present Adjusted EBITDA because it is substantially similar to Credit Agreement EBITDA, a measure used in calculating financial ratios and other calculations under CEC’s debt agreements, except for excluding the annualized full year effect of Company-operated and franchised venues that were opened and closed during the year. By reporting Adjusted EBITDA, we provide a basis for comparison of our business operations between current, past and future periods by excluding items that we do not believe are indicative of our core operating performance.

Our definition of Adjusted EBITDA allows for the exclusion of certain non-cash and other income and expense items that are used in calculating net income from continuing operations. However, these are items that may recur, vary greatly and can be difficult to predict. They can represent the effect of long-term strategies as opposed to short-term results. In addition, certain of these items can represent the reduction of cash that could be used for other corporate purposes. These measures should not be considered as alternatives to operating income, cash flows from operating activities or any other performance measures derived in accordance with GAAP as measures of operating performance, or cash flows as measures of liquidity. These measures have important limitations as analytical tools, and you should not consider them in isolation or as a substitute for analysis of our results as reported under GAAP. Because of these limitations, we rely primarily on our GAAP results and use Adjusted EBITDA and Adjusted EBITDA Margin, only supplementally.

The following table sets forth a reconciliation of net income (loss) to Adjusted EBITDA and Adjusted EBITDA Margin for the periods presented:

	Fiscal 2018	Fiscal 2017	Fiscal 2016	Fiscal 2015(1)	For the 317 Day Period Ended December 28, 2014	For the 47 Day Period Ended February 14, 2014

- (1) We operate on a 52 or 53 week fiscal year ending on the Sunday nearest December 31. Fiscal year 2015 was 53 weeks in length, which resulted in our fourth quarter consisting of 14 weeks. All other fiscal years presented were 52 weeks.

- (3) Relates to unrealized gains on the revaluation of our indebtedness with our Canadian subsidiary. Effective January 1, 2018, we no longer consider undistributed income from our Canadian subsidiary to be permanently invested.
- (4) Represents non-cash equity-based compensation expense.
- (5) Represents (i) the removal of the non-cash portion of rent expense relating to the impact of straight-line rent and the amortization of cash incentives and allowances received from landlords, plus (ii) the actual cash received from landlords incentives and allowances in the period in which it was received.
- (6) Represents the actual cash received for franchise fees received in the period for post-acquisition franchise development agreements, which we do not start recognizing into revenue until the franchise venue is opened.
- (7) Represents revenue related to unearned gift cards and unearned franchise fees that were removed in purchase accounting, and therefore were not recorded as revenue.
- (8) Relates to start-up and marketing costs incurred prior to the opening of new Company-operated venues and generally consists of payroll, recruiting, training, supplies and rent incurred prior to venue opening.

**SUMMARY UNAUDITED PRO FORMA
CONDENSED COMBINED FINANCIAL INFORMATION**

The following summary unaudited pro forma condensed combined financial information has been derived from our unaudited pro forma combined balance sheet as of December 30, 2018 and our unaudited pro forma condensed combined statement of earnings for the year ended December 30, 2018 included in “*Unaudited Pro Forma Condensed Combined Financial Information*.”

The unaudited pro forma combined balance sheet as of December 30, 2018 combines the audited balance sheet of Leo as of December 31, 2018 with the consolidated balance sheet of Queso as of December 30, 2018, giving effect to the Business Combination as if it had been consummated as of that date. The unaudited pro forma condensed combined statement of earnings for the year ended December 30, 2018 combines the audited statement of operations of Leo for the year ended December 31, 2018 with the audited consolidated statement of earnings of Queso for the year ended December 30, 2018, giving effect to the Business Combination as if it had occurred as of January 1, 2018.

The selected unaudited condensed combined pro forma financial information should be read in conjunction with the unaudited pro forma combined balance sheet and the unaudited pro forma condensed combined statement of earnings, and the accompanying notes. In addition, the unaudited condensed combined pro forma financial information was based on and should be read in conjunction with the historical financial statements of Leo and Queso, including the accompanying notes, which are included elsewhere in this proxy statement/prospectus.

The Business Combination will be accounted for as a reverse recapitalization in conformity with GAAP. Under this method of accounting, Leo has been treated as the “acquired” company for financial reporting purposes. This determination was primarily based on existing Queso stockholders comprising a majority of the voting power of the combined company, Queso operations comprising a majority of the ongoing operations of New CEC, and Queso’s senior management comprising a majority of the senior management of New CEC combined entity. Accordingly, for accounting purposes, the acquisition will be treated as the equivalent of Queso issuing stock for the net assets of Leo, accompanied by a recapitalization. Net assets of Leo will be stated at historical costs, with no goodwill or other intangible assets recorded.

The unaudited pro forma condensed combined financial information has been prepared assuming two alternative levels of redemption of Leo public shares into cash:

- *Assuming No Redemptions*: This presentation assumes that no public shareholders of Leo exercise redemption rights with respect to their public shares upon consummation of the Business Combination; and

- *Assuming Redemptions:* This presentation assumes that Leo public shareholders exercise their redemption rights with respect to 5,000,000 shares of public shares upon consummation of the Business Combination, at a redemption price of approximately \$10.15 per share. We estimate this to be the maximum redemption of public shares in order to satisfy the Maximum Redemption Condition.

It is presently expected that New CEC will retain all earnings for use in the business operations of New CEC and, accordingly, it is not expected that the board of directors of New CEC will declare any dividends in the foreseeable future. The ability of New CEC to declare dividends may be limited by the terms of any other financing and other agreements entered into by New CEC or its subsidiaries from time to time.

RISK FACTORS

Leo shareholders should carefully consider the following risk factors, together with all of the other information included in this proxy statement/prospectus, before they decide whether to vote or instruct their vote to be cast to approve the relevant proposals described in this proxy statement/prospectus. Risks Related to Queso's Business and to New CEC's Business Following the Business Combination

References in this section to "we," "us" and "our" or the "Company" refer to Queso Holdings Inc. and its subsidiaries prior to the Business Combination and to New CEC and its subsidiaries following the Business Combination.

Negative publicity concerning food quality, health, general safety or other issues, and changes in consumer preferences, could negatively affect our brand image and reputation and adversely affect our consolidated financial results.

Food service businesses can be adversely affected by litigation and complaints from guests, consumer groups, or government authorities, resulting from food quality, illness, injury or other health concerns, or operating issues stemming from one venue or a limited number of venues. Publicity concerning food-borne illnesses, injuries caused by food tampering and general safety issues could negatively affect our operations, reputation and brand. Families with young children may be highly sensitive to adverse publicity that may arise from an actual or perceived negative event within one or more of our venues. We have, from time to time, received negative publicity related to altercations and other safety-related incidents in certain of our venues. There can be no assurance that in the future we will not experience negative publicity regarding one or more of our venues, and the existence of negative publicity could adversely affect our brand image and reputation with our guests and our consolidated financial results.

The speed at which negative publicity can be disseminated has increased dramatically with electronic communication, including social media. Many social media platforms allow for users to immediately publish content without checking the accuracy of the content posted. If we are unable to quickly and effectively respond to such information, we may suffer declines in guest traffic, which could adversely impact our consolidated financial results.

In addition, our industry is affected by consumer preferences and perceptions. Changes in prevailing health or dietary preferences and perceptions may cause consumers to avoid certain products we offer in favor of alternative or healthier foods. If consumer eating habits change significantly and we are unable to respond with appropriate menu offerings, it could adversely affect our brand image and consolidated financial results.

Our business may also be impacted by certain public health issues including epidemics, pandemics and the rapid spread of certain illnesses and contagious diseases. To the extent that extensive publicity relating to such events causes our guests to feel uncomfortable visiting or taking their children to public locations, particularly locations with a large number of children, due to a perceived risk of exposure to a public health issue, we could experience a reduction in guest traffic, which could adversely affect our consolidated financial results.

If we are unable to successfully open new venues or appropriately update and evolve our current venue base, our business and our consolidated financial results could be adversely affected.

Our ability to increase revenues and improve financial results depends, to a significant degree, on our ability to successfully implement and refine our long-term growth strategy. As part of our long-term growth strategy, we plan to upgrade the games, rides and entertainment in most of our existing venues, remodel certain of our existing venues and open additional new venues in selected markets.

[Table of Contents](#)

The opening and success of new Chuck E. Cheese's and Peter Piper Pizza venues is dependent on various factors, including but not limited to the availability of suitable sites, the negotiation of acceptable lease terms for such locations, our ability to meet construction schedules, our ability to manage such expansion and hire and train personnel to manage the new venues, our ability to obtain, for acceptable cost, building and other permits and approvals including liquor licenses, the potential cannibalization of sales at any adjacent venues located in the market, as well as general economic and business conditions. Our ability to successfully open new venues or remodel, expand or upgrade the entertainment at existing venues will also depend upon the availability of sufficient capital for such purposes, including operating cash flow, our existing credit facility, future debt financings, future equity offerings, or a combination thereof. There can also be no assurance that we will be successful in opening and operating the number of anticipated new venues on a timely or profitable basis. There can be no assurance that we can continue to successfully remodel or expand our existing facilities or upgrade the games and entertainment or obtain a reasonable return on such investments.

Our growth is also dependent on our ability to continually evolve and update our business model to anticipate and respond to changing customer preferences and competitive conditions. There can be no assurance that we will be able to successfully anticipate changes in competitive conditions or customer preferences or that the market will accept our business model. If revenues and/or operating results are lower than our current estimates, we may incur additional charges for asset impairments in the future, which could adversely impact our consolidated financial results. Additionally, we incur significant costs each time we open a new venue and other expenses when we relocate or remodel existing venues. The expenses of opening, relocating, or remodeling any of our venues may be higher than anticipated. If we are unable to open or are delayed in opening new or relocated venues, we may incur significant costs, which could adversely affect our consolidated financial results. If we are unable to remodel or are delayed in remodeling venues, we may incur significant costs, which could adversely affect our business and our consolidated financial results.

We may not be successful in the implementation of our marketing strategy, which could adversely affect our business and our consolidated financial results.

Our long-term growth is dependent on the success of strategic initiatives to effectively market and advertise our concept to our target audience. In recent years, we have made significant changes to our marketing and advertising strategy, including (a) the introduction of an updated Chuck E. Cheese character; (b) a change in the mix of our media expenditures; (c) an increase in advertising directed to parents; and (d) promoting our brand and reasons to visit on television and online. There can be no assurance that these changes to our traditional media strategy, which was heavily weighted towards kids' television advertising, free-standing inserts in newspapers and significant couponing, will be effective at reaching customers or be accepted by customers. If we are not effective in reaching our target audience with our new marketing and advertising strategy or if these changes are not accepted by guests, we may incur additional advertising costs, and our business and our consolidated financial results could be adversely affected.

The restaurant and entertainment industries are highly competitive, and that competition could harm our business and our consolidated financial results.

We believe that our combined restaurant and entertainment center concept puts us in a niche, which combines elements of both the restaurant and entertainment industries. As a result, we compete with entities in both industries. The family dining industry and the entertainment industry are highly competitive, with a number of major national and regional chains operating in each of these spaces. Although other restaurant brands presently utilize the concept of combined family dining-entertainment operations, we believe these competitors operate primarily on a local, regional or market-by-market basis. Within the traditional restaurant sector, we compete with other casual dining restaurants on a nationwide basis with respect to price, quality and speed of service; type and quality of food; personnel; the number and location of restaurants; attractiveness of facilities; effectiveness of advertising; and marketing programs and new product development. To a lesser extent, our competition also includes quick service restaurants with respect to pricing, service, experience and perceived

value. Within the entertainment sector, we compete with movie theaters, bowling alleys, theme parks and other family-oriented concepts on a nationwide basis with respect to perceived value and overall experience. Additionally, children's interests and opportunities for entertainment continue to expand. If we are unable to successfully evolve our concept, including new food and entertainment offerings, we may lose market share to our competition. These competitive market conditions, including the emergence of significant new competition, could adversely affect our business and our consolidated financial results.

Economic uncertainty and changes in consumer discretionary spending could reduce sales at our venues and have an adverse effect on our business and our consolidated financial results.

Purchases at our venues are discretionary for consumers; therefore, our consolidated results of operations are susceptible to economic slowdowns and recessions. We are dependent in particular upon discretionary spending by consumers living in the communities in which our venues are located. A significant portion of our venues are clustered in certain geographic areas. As of December 30, 2018, a total of 181 Chuck E. Cheese's venues were located in California, Texas and Florida (178 were operated by us and three are franchised locations), and a total of 135 Peter Piper Pizza venues were located in Arizona, Texas and Mexico (34 were operated by us and 101 were franchised locations). A significant weakening in the local economies of these geographic areas, or any of the areas in which our venues are located, may cause consumers to curtail discretionary spending, which in turn could reduce our company venue sales and have an adverse effect on our business and our consolidated financial results.

The future performance of the United States and global economies is uncertain and is directly affected by numerous national and global financial, political and other factors that are beyond our control. Our target market of families with young children can be highly sensitive to adverse economic conditions, which may impact their desire to spend discretionary dollars, resulting in lower customer traffic levels in our venues. Increases in credit card debt, home mortgage and other borrowing costs and declines in housing values could further weaken the United States, Mexican or Canadian economies, leading to a further decrease in discretionary consumer spending. In addition, reduced consumer confidence as a result of a recession, job losses, home foreclosures, investment losses in the financial markets, personal bankruptcies and reduced access to credit may also result in lower levels of traffic to our venues. Moreover, our customer traffic may be impacted by major changes in United States fiscal policy. Also, while the current administration's policies in many areas are still uncertain at this time, certain types of policies regarding immigration, development and investment could adversely affect our business. While there is currently a substantial lack of clarity and uncertainty around the likelihood, timing and details of any such policies and reforms, such policies and reforms may materially and adversely affect customer confidence and our business. We believe that consumers generally are more willing to make discretionary purchases, including at our venues, during periods in which favorable economic conditions prevail. Further, fluctuations in the retail price of gasoline and the potential for future increases in gasoline and other energy costs may affect consumers' disposable incomes available for entertainment and dining. Changes in consumer spending habits as a result of a recession or a reduction in consumer confidence are likely to reduce our customer traffic and sales performance, which could have an adverse effect on our business and our consolidated financial results. In addition, these economic factors could affect our level of spending on planned capital initiatives at our venues, and thereby impact our future sales, and could also result in potential asset impairments and venue closures.

Increases in food, labor and other operating costs could adversely affect our consolidated financial results.

For Fiscal 2018, 45.3% of company venue sales revenue came from food and beverage sales as compared to the 54.7% of company venue sales revenue resulting from entertainment and merchandise sales. As a result, the performance of our venues is affected by changes in the costs for food products we purchase, including but not limited to cheese, dough, produce, chicken and beef. The commodity prices for these food products vary throughout the year and may be affected by changes in supply demand, and other factors beyond our control. We have not entered into any hedging arrangements to reduce our exposure to commodity price volatility associated

with commodity prices; however, we typically enter into short-term purchasing arrangements, which may contain pricing designed to minimize the impact of commodity price fluctuations. An increase in our food costs could negatively affect our profit margins and adversely affect our consolidated financial results.

Several states and cities in which we operate venues have established a minimum wage higher than the federally-mandated minimum wage. There may be similar increases implemented in other jurisdictions in which we operate or seek to operate. Additionally, a number of our employees could be subject to changes in federal or state rules and regulations concerning increases to salary and compensation levels necessary for white collar workers to be classified as exempt in 2019 and beyond, as well as state-specific laws governing relative pay for male and female employees and/or employees of different races and/or ethnicities and policies to establish more predictable work schedules. Such changes in the minimum wage and other wage or salary requirements could increase our labor costs and could have an adverse effect on our profit margins and our consolidated financial results.

The performance of our venues could also be adversely affected by increases in the price of utilities on which the venues depend, such as electricity and natural gas, whether as a result of inflation, shortages or interruptions in supply, or otherwise. Our business also incurs significant costs for, among other things, insurance, marketing, taxes, real estate, borrowing and litigation, all of which could increase due to inflation, rising interest rates, changes in laws, competition, or other events beyond our control, which could have an adverse effect on our consolidated financial results.

Our strategy to open international franchised venues may not be successful and may subject us to unanticipated conditions in foreign markets, which could adversely impact our business and our ability to operate effectively in those markets.

Part of our growth strategy depends on our ability to attract new international franchisees and the ability of these franchisees to open and operate new venues on a profitable basis. As we do not have a long history of significant international growth experience, there can be no assurance that we will be able to successfully execute this strategy in the future. Delays or failures in identifying desirable franchise partners and opening new franchised venues could adversely affect our planned growth. Moreover, our franchisees depend on the availability of financing to construct and open new venues. If these franchisees experience difficulty in obtaining adequate financing, our growth strategy and franchise revenues could be adversely affected. Additionally, our growth strategy depends on the ability of our international franchisees to learn and implement our business strategy, while adapting to the local culture. There can be no assurance that the Chuck E. Cheese's and Peter Piper Pizza concepts will be accepted in targeted international markets.

Currently, our international franchisees operate venues in 14 countries. We and our franchisees are subject to the regulatory, economic and political conditions of any foreign market in which our franchisees operate venues. Any change in the laws, regulations, and economic and political stability of these foreign markets could adversely affect our consolidated financial results. Changes in foreign markets that could affect our consolidated financial results include, but are not limited to, taxation, inflation, currency fluctuations, political instability, economic instability, war or conflicts, increased regulations and quotas, tariffs and other protectionist measures. Additionally, our long-term growth strategy includes adding franchisees in additional foreign markets in the future. To the extent unfavorable conditions exist in the foreign markets we plan to expand into or we are unable to secure intellectual property rights sufficient to operate in such foreign markets, we and our international franchise partners may not be successful in opening the number of anticipated new venues on a timely and profitable basis. Delays or failures in opening new foreign market venue locations could adversely affect our planned growth and result in increased attendant costs.

Our business dealings with foreign franchisees and vendors are subject to United States and foreign anti-corruption law, and investigations or enforcement actions brought under such law could adversely impact our business and our ability to operate effectively in those markets.

As a business that regularly enters into negotiations and contractual relationships with franchisees and vendors located in foreign countries, we are subject to the requirements of the United States Foreign Corrupt Practices Act and other domestic and foreign laws and regulations governing such activities. Although we have a strong compliance program that includes regular training and reinforcement of our employees who represent us in dealings with foreign individuals and entities on the laws impacting such dealings, we may be faced with investigations or enforcement actions by the United States or foreign governments arising from such dealings. Responding to such investigations or enforcement actions would be costly and may divert management's attention and resources from the regular operation of our business, and together with any fines, penalties, or other actions ordered by governmental authorities, could adversely affect our business and consolidated financial results.

If we are unable to maintain and protect our information technology systems and technologies, we could suffer disruptions in our business, damage our reputation with customers, and incur substantial costs.

The operation of our business is heavily dependent upon the implementation, integrity, security and successful functioning of our computer networks and information systems, including the point-of-sales systems in our venues, data centers that process transactions, the enterprise resource planning system, the Chuck E. Cheese and Peter Piper Pizza brand websites, the birthday reservation system and various software applications used in our operations. In the ordinary course of our business, we also collect and store on our computer networks and information systems sensitive data, including intellectual property, our proprietary business information and that of our customers, suppliers and business partners, and personally identifiable information of our customers and employees. A failure of our systems to operate effectively as a result of a cyber-attack, damage to, interruption, or failure of any of these systems could result in a failure to meet our reporting obligations, material misstatements in our financial statements, or losses due to the disruption of our business operations.

These adverse situations could also lead to loss of sales or profits or cause us to incur additional development costs. While we purchase insurance coverage related to network security and privacy to limit the cost of any such failure or cyber-attack our coverage may not be sufficient to reimburse us for all of the costs we may incur in the event of a cyber-attack. Despite our efforts to secure our computer networks and information systems, security could be compromised or confidential information could be misappropriated, resulting in a loss of customers' or employees' personal information, negative publicity or harm to our business and reputation that could cause us to incur costs to reimburse third parties for damages or to pay governmental fines, or cause a decrease in guest traffic.

Any disruption of our commodity distribution system could adversely affect our business and our consolidated financial results.

We use a network of 15 distribution centers operated by a single company to distribute most of the food products and supplies used in our domestic Chuck E. Cheese's branded venues, five distribution centers for our Canadian Chuck E. Cheese's branded venues and four distribution centers for our Peter Piper Pizza branded venues. Any failure by these distributors to adequately distribute products or supplies to our venues could increase our costs and have an adverse effect on our business and our consolidated financial results. Although we believe that alternative third-party distributors are available for our products and supplies, we may incur additional costs if we are required to replace our distributors or obtain the necessary products and supplies from other suppliers, and there can be no assurance that our business would not be disrupted.

Our procurement of games, rides, entertainment-related equipment, redemption prizes and merchandise is dependent upon a few global providers, the loss of any of which could adversely affect our business and our consolidated financial results.

Our ability to continue to procure new games, rides, entertainment-related equipment, redemption prizes and merchandise is important to our business strategy. The number of suppliers from which we can purchase these items is limited due to industry consolidation over the past several years. To the extent that the number of suppliers continues to decline, we could be subject to risks of distribution delays, pricing pressure and lack of innovation, among other things. Furthermore, some of our suppliers are located in China, and continuing and increasing tension between the United States and Chinese governments could also result in interruptions in our ability to procure these products, which could adversely affect our business and our consolidated financial results.

We face risks with respect to product liability claims and product recalls, which could adversely affect our reputation, business and consolidated financial results.

We purchase merchandise from third parties and offer this merchandise to customers in exchange for prize tickets or for sale. This merchandise could be subject to recalls and other actions by regulatory authorities. Changes in laws and regulations could also impact the type of merchandise we offer to our customers. We have experienced, and may in the future experience, issues that result in recalls of merchandise. In addition, individuals may in the future assert claims or file lawsuits alleging that they have sustained injuries from third-party merchandise offered by us. There is a risk that these claims or liabilities may exceed, or fall outside of the scope of, our insurance coverage. Any of the issues mentioned above could result in damage to our reputation, diversion of development and management resources, or reduced sales and increased costs, any of which could adversely affect our business and our consolidated financial results.

We are subject to various government regulations, which could adversely affect our business and our consolidated financial results.

The development and operation of our venues are subject to various federal, state and local laws and regulations in many areas of our business, including but not limited to those that impose restrictions, levy a fee or tax, or require a permit, license or other regulatory approval and those that relate to the operation of redemption, video, and arcade games and rides, the preparation of food and beverages, the sale and service of alcoholic beverages and building and zoning requirements. Difficulties or failure in obtaining required permits, licenses or other regulatory approvals could delay or prevent the opening of a new venue, remodel or expansion, and the suspension of, or inability to renew, a license or permit could interrupt operations at an existing venue.

We are also subject to laws and regulations governing our relationship with our employees, including those related to minimum wage requirements, exempt status, overtime, health insurance mandates, working and safety conditions, immigration status requirements, child labor, non-discrimination and scheduling practices. Additionally, changes in federal labor laws, including card verification regulations, could result in portions of our workforce being subjected to greater organized labor influence, which could result in an increase to our labor costs. A significant portion of our venue personnel are paid at minimum wage rates established by federal, state and municipal law. Increases in the minimum wage result in higher labor costs, which may be only partially offset by price increases and operational efficiencies. We are also subject to certain laws and regulations that govern our handling of customers' personal information. A failure to protect the integrity and security of our customers' personal information could expose us to litigation and regulatory enforcement action, as well as materially damage our reputation.

We are also subject to the rules and regulations of the Federal Trade Commission and various state laws regulating the offer and sale of franchises. The Federal Trade Commission and various state laws require that we furnish a franchise disclosure document containing certain information to prospective franchisees, and a number

of states require registration of the franchise disclosure document with state authorities. State laws that regulate the franchisor-franchisee relationship presently exist in a substantial number of states, and bills have been introduced in Congress from time to time that would provide for federal regulation of the franchisor-franchisee relationship. The state laws often limit, among other things, the duration and scope of non-competition provisions, the ability of a franchisor to terminate or refuse to renew a franchise and the ability of a franchisor to designate sources of supply. We believe that our franchise disclosure document, together with any applicable state versions or supplements, and franchising procedures, comply in all material respects with both the Federal Trade Commission guidelines and all applicable state laws regulating franchising in those states in which we have offered franchises.

While we endeavor to comply with all applicable laws and regulations, governmental and regulatory bodies may change such laws and regulations in the future, which may require us to incur substantial cost increases. If we fail to comply with applicable laws and regulations, we may be subject to various sanctions, penalties, fines and/or lawsuits, or may be required to cease operations until we achieve compliance, which could have an adverse effect on our business and our consolidated financial results.

We may face litigation risks from customers, employees, franchisees and other third parties in the ordinary course of business, which could adversely affect our business and our consolidated financial results.

Our business is subject to the risk of litigation by customers, current and former employees, franchisees, suppliers, governmental entities, stockholders, or others, through private actions, class actions, administrative proceedings, regulatory actions, or other litigation. The outcome of litigation, particularly class action lawsuits and regulatory actions, is difficult to assess or quantify. Plaintiffs in these types of lawsuits may seek recovery of very large or indeterminate amounts, and the magnitude of the potential loss relating to such lawsuits may remain unknown for substantial periods of time. The cost to defend future litigation may be significant. There may also be adverse publicity associated with litigation that could decrease customer acceptance of our food or entertainment offerings, regardless of whether the allegations are valid or whether we are ultimately found liable. From time to time, we are also involved in lawsuits with respect to alleged infringement of third party intellectual property rights, as well as challenges to our intellectual property.

We are also subject to risks from litigation and regulatory action regarding advertising to our market of children between the ages of two and 12 years old. In addition, since certain of our venues serve alcoholic beverages, we are subject to “dram shop” statutes. These statutes generally allow a person injured by an intoxicated person to recover damages from an establishment that wrongfully served alcoholic beverages to the intoxicated person. Although we believe we are adequately protected against such losses by insurance, a judgment against us under a “dram shop” statute in excess of the liability covered by insurance could have an adverse effect on our business and our consolidated financial results.

We face potential liability with our gift cards and Play Pass cards under the property laws of some states.

Our gift cards are used in our venues to purchase food, beverages, merchandise, game credits and time blocks, and our Play Pass cards are loaded with game credits purchased by our guests. These cards may be considered stored value cards by certain states in accordance with their abandoned and unclaimed property laws. These laws may require us to remit cash amounts equal to all or a designated portion of the unredeemed balance of stored value cards based on certain criteria and the length of time that the cards are inactive or dormant. Our gift cards and Play Pass cards do not expire and do not incur service fees. We recognize income from unredeemed cards when we determine that the likelihood of the cards being redeemed is remote, and we believe remittance pursuant to abandoned and unclaimed property laws is not required.

The analysis of the potential application of the abandoned and unclaimed property laws to our gift cards and Play Pass cards is complex and involves an analysis of constitutional issues, statutory provisions, case law and factual matters. In the event that one or more states change their existing abandoned and unclaimed property laws

or successfully challenges our position on the application of its abandoned and unclaimed property laws or if the estimates that we use in projecting the likelihood of the cards being redeemed prove to be inaccurate, our liabilities for deferred revenue and revenue recognition with respect to unredeemed gift cards and Play Pass cards may materially differ from the amounts reported in our financial statements and our net income could be materially and adversely affected.

Our business may be adversely affected by local conditions, natural disasters, terrorist attacks and other events.

Certain regions in which our facilities (including our support center, venues and warehouses) are located may be subject to adverse local conditions, natural disasters, terrorist attacks and other events. Severe weather, such as heavy snowfall, ice, or extreme temperatures, may discourage or restrict customers in affected regions from traveling to our venues or prevent employees from performing their work in our facilities, which could adversely affect our sales. If severe weather conditions occur during the first quarter of the year, the adverse impact to our sales and profitability could be even greater than at other times during the year because we typically generate our highest sales and profits during the first quarter. Natural disasters including tornadoes, hurricanes, floods and earthquakes may damage our facilities, which may adversely affect our business and our consolidated financial results.

Our business is seasonal, and quarterly results may fluctuate significantly as a result of this seasonality.

We have experienced, and in the future could experience, quarterly variations in our consolidated revenues and profitability as a result of a variety of factors, many of which are outside our control, including the timing of school vacations, holidays and changing weather conditions. We typically generate our highest sales volumes and earnings in the first quarter of each fiscal year. If there is a material decrease in the customer traffic in our venues during the first quarter of the year due to unusually cold or inclement weather or other circumstances outside of our control, our operating results could be materially, adversely affected for that quarter and further, may have an adverse effect on our consolidated financial results for the fiscal year.

Public health issues could adversely affect our consolidated financial results.

Our business may be impacted by certain public health issues including epidemics, pandemics and the rapid spread of certain illnesses and contagious diseases. To the extent that our customers feel uncomfortable visiting public locations, particularly locations with a large number of children, due to a perceived risk of exposure to a public health issue, we could experience a reduction in customer traffic, which could adversely affect our consolidated financial results.

Our current insurance policies may not provide adequate levels of coverage against all claims, and we could incur losses that are not covered by our insurance, which could adversely affect our business and our consolidated financial results.

We have procured and maintain insurance coverage at levels that we believe are typical for a business of our type and size. However, we could experience a loss that either cannot be insured against or is not commercially reasonable to insure. For example, insurance covering liability for violations of wage and hour laws is generally not available. Under certain circumstances, plaintiffs may file certain types of claims that may not be covered by insurance, or by sufficient insurance to cover the entire amount of a judgment. In some cases, plaintiffs may seek punitive damages, which may also not be covered by insurance. Losses such as these, if they occur, could adversely affect our business and our consolidated financial results.

We may face labor shortages that could slow our growth and adversely impact our ability to operate our venues.

The successful operation of our business depends upon our ability to attract, motivate and retain a sufficient number of qualified executives, managers and skilled employees. From time-to-time, there may be a shortage of

skilled labor in certain of the communities in which our venues are located. Shortages of skilled labor may make it increasingly difficult and expensive to attract, train and retain the services of a satisfactory number of qualified employees and could delay the planned openings of new venues or adversely impact our existing venues. Any such delays, material increases in employee turnover rates in existing venues or widespread employee dissatisfaction could have a material adverse effect on our business and results of operations. Competition for qualified employees could require us to pay higher wages, which could result in higher labor costs and could have a material adverse effect on our results of operations.

Immigration reform continues to attract significant attention in the public arena and the United States Congress. If new immigration legislation is enacted, such laws may contain provisions that could increase our costs in recruiting, training and retaining employees. Also, although our hiring practices comply with the requirements of federal law in reviewing employees' citizenship or authority to work in the United States, increased enforcement efforts with respect to existing immigration laws by governmental authorities may disrupt a portion of our workforce or our operations at one or more of our venues, thereby negatively impacting our business.

We are dependent on the service of certain key executives, and the loss of any of these personnel could harm our business.

Our success significantly depends on the continued employment and performance of our key executives. We have employment agreements with certain of our key executives. However, we cannot prevent our key executives from terminating their employment with us. Losing the services of any of our key executives could harm our business until a suitable replacement is hired, and such replacement may not have equal experience or capabilities. Additionally, economic conditions or concerted overtures by competitors may lead to resignations of significant numbers of members of our operations management team, which may also negatively impact our consolidated financial results in the short term.

Failure to establish and maintain effective internal control over financial reporting could have a material adverse effect on our business and operating results.

Maintaining effective internal control over financial reporting is necessary for us to produce reliable financial reports and is important in helping to prevent mistakes in our financial statements and financial fraud. If we are unable to maintain adequate internal controls, our business and operating results could be harmed. Any failure to remediate deficiencies noted by our management or our independent registered public accounting firm or to implement required new or improved controls or difficulties encountered in their implementation could cause us to fail to meet our reporting obligations or result in material misstatements in our financial statements. Any such failure could result in a loss of investor confidence in the reliability of our financial statements, have a material adverse effect on our business, financial condition and results of operations and the fair value of our common stock.

We may not be able to adequately protect our trademarks or other proprietary rights, which could have an adverse effect on our business and our consolidated financial results.

We own certain common law trademark rights and a number of federal and international trademark and service mark registrations, internet domain name registrations and other proprietary rights relating to our operations. We believe that our trademarks and other proprietary rights are important to our success and our competitive position. We therefore devote appropriate resources to the protection of our trademarks and proprietary rights. However, the protective actions that we take may not be enough to prevent unauthorized usage or imitation by others, which could harm our image, brand, or competitive position, and if we commence litigation to enforce our rights, we may incur significant legal fees.

There can be no assurance that third parties will not claim that our trademarks, menu offerings, or advertising claims infringe upon their proprietary rights or constitute unfair competition. Any such claim,

whether or not it has merit, may result in costly litigation, cause delays in introducing new menu items in the future, interfere with our international development agreements, lead to delays or cancellation of pre-paid marketing campaigns, or require us to enter into royalty or licensing agreements. Additionally, we may be subject to infringement claims by purported patent holders that relate to software or systems that are critical to our operations. As a result, any such claim could have an adverse effect on our business and our consolidated financial results.

We are subject to risks in connection with owning and leasing real estate, which could adversely affect our consolidated financial results.

As an owner or lessee of the land and/or buildings for our company-operated venues, we are subject to all of the risks generally associated with owning and leasing real estate, including changes in the supply and demand for real estate in general and the supply and demand for the use of the venues. We may be compelled to continue to operate a non-profitable venue due to our obligations under lease agreements, or we may close a non-profitable venue and continue making rental payments with respect to the lease, which could adversely affect our consolidated financial results. Furthermore, economic instability may inhibit our landlords from securing financing and maintaining good standing in their existing financing arrangements, which could result in their inability to keep existing tenants or attract new tenants, thereby reducing customer traffic to our venues. The lease terms for our leased facilities vary, and some have only a short term remaining. Most—but not all—of our leased facilities have renewal terms. When a lease term expires, the Company may not be able to renew such lease on reasonable economic and commercial terms, or at all. Such failure to renew leases on reasonable economic and commercial terms could adversely affect our business and consolidated financial results.

We also may not be able to renew real property leases on favorable terms, or at all, which may require us to close a venue or relocate, either of which could have a material adverse effect on our business, results of operations or financial condition. Of the 515 company-operated Chuck E. Cheese's venues as of December 30, 2018, 506 are leased. All of the 39 company-operated Peter Piper Pizza venues as of December 30, 2018 are leased premises. The leases typically provide for a base rent and, in some instances additional rent based on a percentage of the revenue generated by the venues on the leased premises once certain thresholds are met. A decision not to renew a lease for a venue could be based on a number of factors, including an assessment of the area in which the venue is located. We may choose not to renew, or may not be able to renew, certain of such existing leases if the capital investment then required to maintain the venues at the leased locations is not justified by the return on the required investment. If we are not able to renew the leases at rents that allow such venues to remain profitable as their terms expire, the number of such venues may decrease, resulting in lower revenue from operations, or we may relocate a venue, which could subject us to construction and other costs and risks, and, in either case, could have a material adverse effect on our business, results of operations or financial condition.

Fixed rental payments account for a significant portion of our cash operating expenses, which increases our vulnerability to general adverse economic and industry conditions and could limit our operating and financial flexibility.

Payments under our operating leases (excluding rental payments on our sale leaseback properties) account for a significant portion of our operating expenses. For example, total rental payments, including additional rental payments based on sales at some of our venues, under operating leases were approximately \$93.9 million, or 10.5% of our Total revenues, in fiscal 2018. In addition, as of December 30, 2018, we were a party to operating leases requiring future minimum lease payments aggregating approximately \$183.4 million through the next two years and approximately \$718.2 million thereafter. We expect that we will lease any new venues we open under operating leases. Our substantial operating lease obligations could have significant negative consequences, including:

- increasing our vulnerability to general adverse economic and industry conditions;

[Table of Contents](#)

- limiting our ability to obtain additional financing;
- requiring a substantial portion of our available cash to be applied to pay our rental obligations, thus reducing cash available for other purposes;
- limiting our flexibility in planning for or reacting to changes in our business or the industry in which we compete; and
- placing us at a disadvantage with respect to our competitors.

We depend on cash flow from operations to pay our lease obligations and to fulfill our other cash needs. If our business does not generate sufficient cash flow from operating activities and sufficient funds are not otherwise available to us from borrowings under the CEC revolving credit facility or from other sources, we may not be able to service our operating lease obligations, grow our business, respond to competitive challenges or fund our other liquidity and capital needs, which would have a material adverse effect on us.

We may not be successful in integrating the operations of companies we acquire, which could have an adverse effect on our business and results of operations.

We have engaged in acquisition activity in the past and in the future we may engage in acquisitions or other strategic transactions, such as investments in other entities. Strategic transactions, such as the Peter Piper Pizza acquisition completed in October 2014, involve risks, including those associated with integrating operations or maintaining operations as separate (as applicable); financial reporting; disparate technologies and personnel of acquired companies; the diversion of management's attention from other business concerns; unknown risks; and the potential loss of key employees, customers and strategic partners of acquired companies or companies in which we may make strategic investments. We may not successfully integrate any businesses or technologies we may acquire or strategically develop in the future and may not achieve anticipated revenue and cost benefits relating to any such strategic transactions. Strategic transactions may be expensive and time consuming and may strain our resources. Strategic transactions may not be accretive and may negatively impact our results of operations as a result of, among other things, the incurrence of debt, write-offs of goodwill and amortization expenses of other intangible assets.

We are involved in litigation relating to the 2014 Merger Agreement that could divert management's attention and harm our business.

Following the January 16, 2014 announcement that we had entered into a merger agreement (the "2014 Merger Agreement"), pursuant to which an entity controlled by funds managed by affiliates of Apollo merged with and into CEC Entertainment Inc., with CEC Entertainment Inc. surviving the merger (the "2014 Merger"), four putative class actions were filed by 29 shareholders in the District Court of Shawnee County, Kansas, on behalf of our purported stockholders, against us, our directors, Apollo, Queso Holdings Inc. and Merger Sub (as defined in the 2014 Merger Agreement), in connection with the 2014 Merger Agreement and the transactions contemplated thereby. These actions were consolidated into one action in March 2014. On July 21, 2015, a consolidated class action petition was filed as the operative consolidated complaint, asserting claims against CEC and its former directors, adding The Goldman Sachs Group ("Goldman Sachs") as a defendant, and removing all Apollo entities as defendants ("Consolidated Class Action Petition"). The Consolidated Class Action Petition alleges that our directors breached their fiduciary duties to our stockholders in connection with their consideration and approval of the 2014 Merger Agreement by, among other things, conducting a deficient sales process, agreeing to an inadequate tender price, agreeing to certain provisions in the 2014 Merger Agreement, and filing materially deficient disclosures regarding the transaction. The Consolidated Class Action Petition also alleges that two members of our board who also served as our senior managers had material conflicts of interest and that Goldman Sachs aided and abetted the board's breaches as a result of various conflicts of interest facing the bank. The Consolidated Class Action Petition seeks, among other things, to recover damages, attorneys' fees and costs. On March 23, 2016, the Court conducted a hearing on the defendants' Motion to Dismiss the

Consolidated Class Action Petition and on March 1, 2017, the Special Master appointed by the Court issued a report recommending to the Court that the Consolidated Class Action Petition be dismissed in its entirety. On September 9, 2018, the Plaintiff in the Consolidated Shareholder Litigation filed a notice of appeal of the District Court's decision. Although CEC and its former directors are no longer defendants in the lawsuit, we assumed the defense of the Consolidated Shareholder Litigation (as defined herein) on behalf of CEC's named former directors and Goldman Sachs pursuant to existing indemnity agreements, and continuing to fund Goldman Sachs's defense of this action is expensive and may divert management's attention and resources, which could adversely affect our business. The parties have briefed the appeal and are waiting for the appeals court to set the case for oral argument or issue a ruling.

Risks Related to Our Capital Structure

References in this section to "we," "us" and "our" or the "Company" refer to Queso Holdings Inc. and its subsidiaries prior to the Business Combination and to New CEC and its subsidiaries following the Business Combination.

Our indebtedness could adversely affect our ability to raise additional capital or to fund our operations, expose us to interest rate risk to the extent of our variable rate debt, limit our ability to react to changes in the economy, and prevent us from making debt service payments.

As of December 30, 2018, on a pro forma basis giving effect to the Business Combination, assuming no redemptions, we had \$723.9 million face value of outstanding indebtedness (excluding capital leases, sale leaseback obligations, original issue discount and unamortized debt issuance costs), in addition to \$141.0 million available for borrowing under the revolving credit facility at that date. Assuming redemptions of the maximum number of public shares that could be redeemed in order to satisfy the Maximum Redemption Condition, outstanding indebtedness at face value on a pro forma basis would be \$760.0 million (excluding capital leases, sale lease back obligations, original issue discount and unamortized debt issuance costs). For Fiscal 2018, and on a pro forma basis giving effect to the Business Combination, debt service payments would have been \$47.6 million (assuming no redemptions) or \$50.5 million (assuming maximum redemptions) (excluding capital leases, sale leaseback obligations, and fees to extend our revolving credit facility).

Our indebtedness could have important consequences for us, including, but not limited to, the following:

- limit, along with the financial and other restrictive covenants in our indebtedness, among other things, our ability to borrow additional funds or dispose of assets; limit our ability to repurchase shares and pay cash dividends;
- limit our ability to borrow money for our working capital, capital expenditures, debt service requirements, strategic initiatives or other purposes;
- make it more difficult for us to satisfy our obligations with respect to our indebtedness, and any failure to comply with the obligations of any of our debt instruments, including restrictive covenants and borrowing conditions, could result in an event of default under the indenture and the agreements governing other indebtedness;
- require us to dedicate a substantial portion of our cash flow from operations to the repayment of our indebtedness, thereby reducing funds available to us for other purposes;
- limit our flexibility in planning for, or reacting to, changes in our operations or business;
- make us more highly leveraged than some of our competitors, which may place us at a competitive disadvantage;
- impact our rent expense on leased space, which could be significant;
- make us more vulnerable to downturns in our business or the economy;
- restrict us from making strategic acquisitions, engaging in development activities, introducing new technologies, or exploiting business opportunities;

[Table of Contents](#)

- cause us to make non-strategic divestitures; and
- expose us to the risk of increased interest rates, as certain of our borrowings are at variable rates of interest.

In addition, our credit agreement contains restrictive covenants that may limit our ability to engage in activities that may be in our long-term best interest. Our failure to comply with those covenants could result in an event of default which, if not cured or waived, could result in the acceleration of substantially all of our indebtedness.

We may be able to incur substantial additional indebtedness in the future, subject to the restrictions contained in our revolving credit facility. If new indebtedness is added to our current debt levels, the related risks described above could intensify.

We may not be able to generate sufficient cash to service all of our indebtedness, and we may be forced to take other actions to satisfy our obligations under our indebtedness that may not be successful.

Our ability to pay principal and interest on our debt obligations will depend upon, among other things, (a) our future financial and operating performance (including the realization of any cost savings described herein), which will be affected by prevailing economic, industry and competitive conditions and financial, business, legislative, regulatory and other factors, many of which are beyond our control; and (b) our future ability to borrow under our revolving credit facility, the availability of which depends on, among other things, our complying with the covenants in the credit agreement governing such facility.

We cannot assure you that our business will generate cash flow from operations, or that we will be able to draw under our revolving credit facility or otherwise, in an amount sufficient to fund our liquidity needs, including the payment of principal and interest on our debt. If our cash flows and capital resources are insufficient to service our indebtedness, we may be forced to reduce or delay capital expenditures, sell assets, seek additional capital, or restructure or refinance our indebtedness. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. In addition, the terms of existing or future debt agreements may restrict us from adopting some of these alternatives. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions for fair market value or at all. Furthermore, any proceeds that we could realize from any such dispositions may not be adequate to meet our debt service obligations then due. Our inability to generate sufficient cash flow to satisfy our debt obligations, or to refinance our indebtedness on commercially reasonable terms or at all, could have a material adverse effect on our business, results of operations, and financial condition, and could negatively impact our ability to satisfy our debt obligations.

If we cannot make scheduled payments on our indebtedness, we will be in default, and holders of our senior notes could declare all outstanding principal and interest to be due and payable, the lenders under the secured credit facilities could terminate their commitments to loan money, our secured lenders could foreclose against the assets securing their loans, and we could be forced into bankruptcy or liquidation.

Risks Related to the Business Combination and Leo

References in this section to “we,” “us” and “our” or the “Company” refer to Leo prior to the Business Combination and to New CEC and its subsidiaries following the Business Combination.

Our Class B Shareholders have entered into letter agreements with us to vote in favor of the Business Combination, regardless of how our public shareholders vote.

Unlike some other blank check companies in which the initial shareholders agree to vote their shares in accordance with the majority of the votes cast by the public shareholders in connection with an initial business combination, our Class B Shareholders have agreed to vote all their public shares and Class B ordinary shares in favor of all the proposals being presented at the extraordinary general meeting, including the BCA Proposal. As of the date of this proxy statement/prospectus, our Class B Shareholders own 20.0% of the issued and outstanding ordinary shares.

Neither the Leo board of directors nor any committee thereof obtained a third-party valuation in determining whether or not to pursue the Business Combination.

Neither the Leo board of directors nor any committee thereof is required to obtain an opinion from an independent investment banking or accounting firm that the price that Leo is paying for Queso is fair to Leo from a financial point of view. Neither the Leo board of directors nor any committee thereof obtained a third party valuation in connection with the Business Combination. In analyzing the Business Combination, the Leo board of directors and management conducted due diligence on Queso and researched the industry in which Queso operate. The Leo board of directors reviewed, among other things, financial due diligence materials prepared by professional advisors, including quality of earnings reports and tax due diligence reports, financial and market data information on selected comparable companies, the implied purchase price multiple of Queso and the financial terms set forth in the Business Combination Agreement, and concluded that the Business Combination was in the best interest of its shareholders. Accordingly, investors will be relying solely on the judgment of the Leo board of directors and management in valuing Queso, and the Leo board of directors and management may not have properly valued such businesses. The lack of a third-party valuation may also lead an increased number of shareholders to vote against the Business Combination or demand redemption of their shares, which could potentially impact our ability to consummate the Business Combination.

Since the Class B Shareholders, including Leo's directors and executive officers, have interests that are different, or in addition to (and which may conflict with), the interests of our shareholders, a conflict of interest may have existed in determining whether the Business Combination with Queso is appropriate as our initial business combination. Such interests include that Sponsor, as well as our executive officers and directors, will lose their entire investment in us if our business combination is not completed.

When you consider the recommendation of Leo's board of directors in favor of approval of the BCA Proposal, you should keep in mind that the Class B Shareholders, including Leo's directors and executive officers, have interests in such proposal that are different from, or in addition to (which may conflict with), those of Leo shareholders and warrant holders generally.

These interests include, among other things, the interests listed below:

- If Leo does not consummate a business combination by February 14, 2020, it would cease all operations except for the purpose of winding up, redeeming all of the outstanding public shares for cash and, subject to the approval of its remaining shareholders and its board of directors, dissolving and liquidating, subject in each case to its obligations under the Cayman Islands Companies Law to provide for claims of creditors and the requirements of other applicable law. In such event, the 5,000,000 Class B ordinary shares owned by the Class B Shareholders would be worthless because following the redemption of the public shares, Leo would likely have few, if any, net assets and because our Class B Shareholders have agreed to waive their rights to liquidating distributions from the trust account with respect to the Class B ordinary shares if we fail to complete a Business Combination within the required period. Sponsor purchased the Class B ordinary shares prior to our initial public offering for approximately \$0.004 per share. The 3,250,000 Converted Founder Shares that the Class B Shareholders will hold following the Business Combination, if unrestricted and freely tradable, would

[Table of Contents](#)

have had aggregate market value of \$33,442,500 based upon the closing price of \$10.29 per share of public share on the NYSE on April 25, 2019, the most recent closing price. Given such Converted Founder Shares will be subject to such restrictions, we believe such shares have less value.

- Sponsor paid \$6,000,000 for its 4,000,000 private placement warrants to purchase Class A ordinary shares and such private placement warrants will expire worthless if a business combination is not consummated by February 14, 2020.
- Lyndon Lea, Leo's Chairman and Chief Executive Officer, Robert Darwent, Leo's Chief Financial Officer and member of Leo's Board of Directors, and Mary E. Minnick, a member of Leo's Board of Directors, are each expected to be directors of New CEC after the consummation of the Business Combination.
- Leo's existing directors and officers will be eligible for continued indemnification and continued coverage under Leo's directors' and officers' liability insurance after the Business Combination.
- In order to protect the amounts held in the trust account, Sponsor has agreed that it will be liable to Leo if and to the extent any claims by a vendor for services rendered or products sold to Leo, or a prospective target business with which Leo has discussed entering into a transaction agreement, reduce the amount of funds in the trust account. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the trust account or to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act.
- Following the consummation of the Business Combination, Sponsor would be entitled to the repayment of any working capital loan and advances that have been made to Leo and remain outstanding. If Leo does not complete an initial business combination by February 14, 2020, Leo may use a portion of its working capital held outside the trust account to repay these working capital loans, but no proceeds held in the trust account would be used to repay the working capital loans.
- Following consummation of the Business Combination, Sponsor, our officers and directors and their respective affiliates would be entitled to reimbursement for any reasonable out-of-pocket expenses related to identifying, investigating and consummating an initial business combination, and repayment of any other loans, if any, and on such terms as to be determined by Leo from time to time, made by Sponsor or certain of our officers and directors to finance transaction costs in connection with an intended initial business combination. However, if Leo fails to consummate a business combination within the required period, Sponsor and Leo's officers and directors and their respective affiliates will not have any claim against the trust account for reimbursement.
- In connection with the PIPE Investment, assuming the Sponsor PIPE Entity finances \$60.0 million of the PIPE Investment, the Sponsor PIPE Entity will receive 6,420,000 shares of New CEC Common Stock.
- Pursuant to the Director Nomination Agreement, Sponsor will have the right to designate up to three directors to the board of directors of New CEC, subject to certain conditions, Seller will have the right to designate up to five directors to the board of directors of New CEC, subject to certain conditions, and the Chief Executive officer of New CEC will be a member of the board of New CEC.
- Pursuant to the Amended and Restated Registration Rights Agreement, the Seller, Lion Capital, the holders of ordinary shares of Leo who are parties to the existing registration rights agreement in respect to ordinary shares held by such holders and certain other shareholders will have customary registration rights, including demand and piggy-back rights, subject to cooperation and cut-back provisions with respect to the shares of New CEC Common Stock and warrants held by such parties.
- The Proposed Certificate of Incorporation will contain provisions that have the same effect as Section 203, except that they provide that Sponsor, Seller, certain of their affiliates and respective transferees will not be deemed to be "interested stockholders."

[Table of Contents](#)

See “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for additional information on interests of Leo’s directors and executive officers.

The personal and financial interests of the Class B Shareholders as well as Leo’s directors and executive officers may have influenced their motivation in identifying and selecting Queso as business combination targets, completing an initial business combination with Queso and influencing the operation of the business following the initial business combination. In considering the recommendations of Leo’s board of directors to vote for the proposals, its shareholders should consider these interests.

The exercise of Leo’s directors’ and executive officers’ discretion in agreeing to changes or waivers in the terms of the Business Combination may result in a conflict of interest when determining whether such changes to the terms of the Business Combination or waivers of conditions are appropriate and in Leo’s shareholders’ best interest.

In the period leading up to the closing of the Business Combination, events may occur that, pursuant to the Business Combination Agreement, would require Leo to agree to amend the Business Combination Agreement, to consent to certain actions taken by Queso or to waive rights that Leo is entitled to under the Business Combination Agreement. Such events could arise because of changes in the course of Queso’s business, a request by Queso to undertake actions that would otherwise be prohibited by the terms of the Business Combination Agreement or the occurrence of other events that would have a material adverse effect on Queso’s business and would entitle Leo to terminate the Business Combination Agreement. In any of such circumstances, it would be at Leo’s discretion, acting through its board of directors, to grant its consent or waive those rights. The existence of financial and personal interests of one or more of the directors described in the preceding risk factors may result in a conflict of interest on the part of such director(s) between what he or they may believe is best for Leo and its shareholders and what he or they may believe is best for himself or themselves in determining whether or not to take the requested action. As of the date of this proxy statement/prospectus, Leo does not believe there will be any changes or waivers that Leo’s directors and executive officers would be likely to make after shareholder approval of the BCA Proposal has been obtained. While certain changes could be made without further shareholder approval, Leo will circulate a new or amended proxy statement/prospectus and resolicit Leo’s shareholders if changes to the terms of the transaction that would have a material impact on its shareholders are required prior to the vote on the BCA Proposal.

The Seller and Sponsor will have significant influence over us after completion of the Business Combination.

Upon the completion of the Business Combination, the former equityholders of Queso will own approximately 51.5% of the outstanding New CEC Common Stock (excluding any Contingent Shares), and the Class B Shareholders and the Sponsor PIPE Entity will own approximately 13.8% of the outstanding New CEC Common Stock assuming no public shareholders redeem their public shares in connection with the Business Combination or approximately 55.4% and 14.9%, respectively, of the outstanding New CEC Common Stock (excluding any Contingent Shares) assuming that 5,000,000 public shares (being our estimate of the maximum number of public shares that could be redeemed in connection with the Business Combination in order to satisfy the Maximum Redemption Condition) are redeemed in connection with the Business Combination. As long as the former equityholders of Queso and Sponsor each own or control a significant percentage of outstanding voting power, they will have the ability to strongly influence all corporate actions requiring stockholder approval, including the election and removal of directors and the size of our board of directors, any amendment of our certificate of incorporation or bylaws, or the approval of any merger or other significant corporate transaction, including a sale of substantially all of our assets. In addition, pursuant to the Director Nomination Agreement, Sponsor will have the right to designate up to three directors to the board of directors of New CEC, subject to certain conditions, Seller will have the right to designate up to five directors to the board of directors of New CEC, subject to certain conditions, and the Chief Executive officer of New CEC will be a member of the board of New CEC. For additional information, see “*BCA Proposal—Related Agreements—Director Nomination Agreement.*” Sponsor’s and Seller’s interests may not align with the interests of our other stockholders.

As a “controlled company” within the meaning of NYSE listing standards, New CEC will qualify for exemptions from certain corporate governance requirements. New CEC has the opportunity to elect any of the exemptions afforded a controlled company.

Because the Seller will control more than a majority of the total voting power of New CEC’s common stock following the consummation of the Business Combination, New CEC will be a “controlled company” within the meaning of NYSE listing standards. Under NYSE rules, a company of which more than 50% of the voting power is held by another person or group of persons acting together is a “controlled company” and may elect not to comply with the following NYSE rules regarding corporate governance:

- the requirement that a majority of its board of directors consist of independent directors;
- the requirement that the board have a nominating and governance committee that its compensation committee composed entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities; and
- the requirement that the board have a compensation committee composed entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities.

New CEC currently expects that upon consummation of the Business Combination, eight of its nine directors will be independent directors, and it is expected that the New CEC’s board will have an independent compensation committee (in addition to an independent audit committee). However it does not anticipate that its board will have a nominating and governance committee. Rather, actions with respect to director nominations and corporate governance will be taken by the full board. In addition, for as long as the “controlled company” exemption is available, New CEC’s board in the future may not consist of a majority of independent directors and may not have an independent compensation committee. As a result, you may not have the same protections afforded to stockholders of companies that are subject to all of the NYSE rules regarding corporate governance.

Subsequent to consummation of the Business Combination, we may be required to subsequently take write-downs or write-offs, restructuring and impairment or other charges that could have a significant negative effect on our financial condition, results of operations and our share price, which could cause you to lose some or all of your investment.

We cannot assure you that the due diligence conducted in relation to Queso has identified all material issues or risks associated with Queso, its business or the industry in which it competes. As a result of these factors, we may incur additional costs and expenses and we may be forced to later write-down or write-off assets, restructure our operations, or incur impairment or other charges that could result in our reporting losses. Even if our due diligence has identified certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with our preliminary risk analysis. If any of these risks materialize, this could have a material adverse effect on our financial condition and results of operations and could contribute to negative market perceptions about our securities or New CEC. Accordingly, any shareholders of Leo who choose to remain New CEC stockholders following the Business Combination could suffer a reduction in the value of their shares and warrants. Such shareholders are unlikely to have a remedy for such reduction in value unless they are able to successfully claim that the reduction was due to the breach by our officers or directors of a duty of care or other fiduciary duty owed to them, or if they are able to successfully bring a private claim under securities laws that the registration statement or proxy statement/prospectus relating to the Business Combination contained an actionable material misstatement or material omission.

Our ability to successfully effect the Business Combination and to be successful thereafter will be dependent upon the efforts of key personnel of New CEC, some of whom may be from Leo, Queso and some of whom may join New CEC following the Business Combination. The loss of key personnel or the hiring of ineffective personnel after the Business Combination could negatively impact the operations and profitability of New CEC.

Our ability to successfully effect the Business Combination and be successful thereafter will be dependent upon the efforts of our key personnel. Although some of Leo's key personnel may remain with the target business in senior management or advisory positions following our business combination, we expect Queso's current management to remain in place. We cannot assure you that we will be successful in integrating and retaining such key personnel, or in identifying and recruiting additional key individuals we determine may be necessary following the Business Combination.

The unaudited pro forma financial information included elsewhere in this proxy statement/prospectus may not be indicative of what New CEC's actual financial position or results of operations would have been.

The unaudited pro forma financial information in this proxy statement/prospectus is presented for illustrative purposes only and has been prepared based on a number of assumptions including, but not limited to, Leo being considered the accounting acquiror in the Business Combination, the total debt obligations and the cash and cash equivalents of Queso on the Closing Date, the value of the Contingent Shares and the number of Class A ordinary shares that are redeemed in connection with the Business Combination. Accordingly, such pro forma financial information may not be indicative of our future operating or financial performance and our actual financial condition and results of operations may vary materially from our pro forma results of operations and balance sheet contained elsewhere in this proxy statement/prospectus, including as a result of such assumptions not being accurate. Additionally, the final acquisition accounting adjustments could differ materially from the unaudited pro forma adjustments presented in this proxy statement/prospectus. Any increase or decrease in the fair value of the assets acquired and liabilities assumed, as compared to the information shown herein, could also change the portion of the purchase consideration allocable to goodwill and could impact the operating results of the Company following the Business Combination due to differences in the allocation of the purchase consideration, depreciation and amortization related to some of these assets and liabilities. The unaudited pro forma condensed combined financial information does not give effect to any anticipated synergies, operating efficiencies or cost savings that may be associated with the Business Combination. See "Unaudited Pro Forma Condensed Combined Financial Information."

The ability of our public shareholders to exercise redemption rights with respect to a large number of our public shares may not allow us to complete the most desirable business combination or optimize the capital structure of New CEC.

At the time of entering into the Business Combination Agreement, we did not know how many shareholders may exercise their redemption rights, and therefore, we needed to structure the transaction based on our expectations as to the number of shares that will be submitted for redemption. The Business Combination Agreement provides that the parties' obligations to consummate the Business Combination is conditioned on, among other things, (1) the approval of the BCA Proposal, the Domestication Proposal, the Stock Issuance Proposal and certain of the Organizational Documents Proposals being obtained; (2) the Maximum Redemption Condition; (3) the shares of New CEC Common Stock to be issued in connection with the Business Combination Agreement will have been approved for listing on the NYSE; (4) all required waiting periods or approvals under the HSR Act and all applicable antitrust laws shall have expired, been received or terminated; (5) no applicable law or injunction enacted, entered, promulgated, enforced or issued by any governmental authority or other legal restraint or prohibition preventing the consummation of the Business Combination shall be in effect; (6) the consummation of the Domestication immediately prior to the Closing; (7) the consummation of the PIPE Investment immediately prior to the Closing; (8) the consummation of the Merger concurrently with the Closing; (9) 1,750,000 Class B ordinary shares of Leo shall have been surrendered by Sponsor in accordance with the

Table of Contents

Sponsor Shares Surrender Agreement; and (10) the net tangible assets of New CEC (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001. Therefore, unless these conditions are waived by the applicable parties to the Business Combination Agreement, the Business Combination Agreement could terminate and the proposed business combination may not be consummated.

Sponsor, as well as our directors, executive officers, advisors and their affiliates may elect to purchase shares from public shareholders prior to the consummation of the Business Combination, which may influence the vote on the Business Combination and reduce the public “float” of our Class A ordinary shares.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Condition Precedent Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Condition Precedent Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their redemption rights, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the BCA Proposal, the Stock Issuance Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the Domestication Proposal and the Organizational Documents Proposals, (3) otherwise limit the number of public shares electing to redeem and (4) New CEC’s net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the extraordinary general meeting and would likely increase the chances that such proposals would be approved.

In addition, if such purchases are made, the public “float” of our public shares and the number of beneficial holders of our securities may be reduced, possibly making it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

We are not registering the shares of New CEC Common Stock issuable upon exercise of the warrants under the Securities Act or any state securities laws at this time, and such registration may not be in place when an investor desires to exercise warrants, thus precluding such investor from being able to exercise its warrants and causing such warrants to expire worthless.

We are not registering the shares of New CEC Common Stock issuable upon exercise of the warrants under the Securities Act or any state securities laws at this time. However, under the terms of the warrant agreement,

we have agreed, as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, to use our best efforts to file a registration statement under the Securities Act covering the issuance of such shares and maintain a current prospectus relating to the shares of New CEC Common Stock issuable upon exercise of the warrants, until the expiration of the warrants in accordance with the provisions of the warrant agreement. We cannot assure you that we will be able to do so if, for example, any facts or events arise which represent a fundamental change in the information set forth in the registration statement or prospectus, the financial statements contained or incorporated by reference therein are not current, complete or correct or the SEC issues a stop order. If the shares issuable upon exercise of the warrants are not registered under the Securities Act, we will be required to permit holders to exercise their warrants on a cashless basis. However, no warrant will be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their warrants, unless the issuance of the shares upon such exercise is registered or qualified under the securities laws of the state of the exercising holder or an exemption from registration is available. Notwithstanding the above, if the New CEC Common Stock is at the time of any exercise of a warrant not listed on a national securities exchange such that it satisfies the definition of a “covered security” under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of public warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event we so elect, we will not be required to file or maintain in effect a registration statement, but we will use our best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. In no event will we be required to net cash settle any warrant, or issue securities or other compensation in exchange for the warrants in the event that we are unable to register or qualify the shares underlying the warrants under applicable state securities laws. If the issuance of the shares upon exercise of the warrants is not so registered or qualified or exempt from registration or qualification, the holder of such warrant shall not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In such event, holders who acquired their warrants as part of a purchase of units will have paid the full unit purchase price solely for the shares of New CEC Common Stock. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying shares of New CEC Common Stock for sale under all applicable state securities laws.

If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per share redemption amount received by shareholders may be less than \$10.00 per share (which was the offering price in our initial public offering).

Our placing of funds in the trust account may not protect those funds from third-party claims against us. Although we will seek to have all vendors, service providers (other than our independent registered public accounting firm), prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party’s engagement would be significantly more beneficial to us than any alternative.

Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Upon redemption of our public shares, if we are unable to complete our business combination within the

[Table of Contents](#)

prescribed time frame, or upon the exercise of a redemption right in connection with our business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the ten years following redemption. Accordingly, the per share redemption amount received by public shareholders could be less than the \$10.00 per share initially held in the trust account, due to claims of such creditors. In order to protect the amounts held in the trust account, Sponsor has agreed to be liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduces the amount of funds in the trust account. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the trust account or to any claims under our indemnity of the underwriters of our initial public offering against certain liabilities, including liabilities under the Securities Act. Moreover, even in the event that an executed waiver is deemed to be unenforceable against a third party, Sponsor will not be responsible to the extent of any liability for such third party claims. We have not independently verified whether Sponsor has sufficient funds to satisfy its indemnity obligations and we have not asked Sponsor to reserve for such indemnification obligations. Therefore, we cannot assure you that Sponsor would be able to satisfy those obligations. None of our officers will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

Additionally, if we are forced to file a bankruptcy case or an involuntary bankruptcy case is filed against us which is not dismissed, or if we otherwise enter compulsory or court supervised liquidation, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy claims deplete the trust account, we may not be able to return to our public shareholders \$10.00 per share (which was the offering price in our initial public offering).

If, after we distribute the proceeds in the trust account to our public shareholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and we and our board of directors may be exposed to claims of punitive damages.

If, after we distribute the proceeds in the trust account to our public shareholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by shareholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover all amounts received by our shareholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith, thereby exposing it and us to claims of punitive damages, by paying public shareholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

If, before distributing the proceeds in the trust account to our public shareholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our shareholders and the per share amount that would otherwise be received by our shareholders in connection with our liquidation may be reduced.

If, before distributing the proceeds in the trust account to our public shareholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy claims deplete the trust account, the per share amount that would otherwise be received by our shareholders in connection with our liquidation may be reduced.

Our shareholders may be held liable for claims by third parties against us to the extent of distributions received by them upon redemption of their shares.

If we are forced to enter into an insolvent liquidation, any distributions received by shareholders could be viewed as an unlawful payment if it was proved that immediately following the date on which the distribution was made, we were unable to pay our debts as they fall due in the ordinary course of business. As a result, a liquidator could seek to recover all amounts received by our shareholders. Furthermore, our directors may be viewed as having breached their fiduciary duties to us or our creditors and/or may have acted in bad faith, and thereby exposing themselves and our company to claims, by paying public shareholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons.

We are an emerging growth company within the meaning of the Securities Act, and if we take advantage of certain exemptions from disclosure requirements available to emerging growth companies, this could make our securities less attractive to investors and may make it more difficult to compare our performance with other public companies.

We are an “emerging growth company” within the meaning of the Securities Act, as modified by the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and shareholder approval of any golden parachute payments not previously approved. As a result, our shareholders may not have access to certain information they may deem important. We cannot predict whether investors will find our securities less attractive because we will rely on these exemptions. If some investors find our securities less attractive as a result of our reliance on these exemptions, the market prices of our securities may be lower than they otherwise would be, there may be a less active trading market for our securities and the market prices of our securities may be more volatile.

Further, section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. Leo has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, Leo, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of Leo’s financial statements with certain other public companies difficult or impossible because of the potential differences in accounting standards used.

We will remain an emerging growth company until the earlier of: (1) the last day of the fiscal year (a) following the fifth anniversary of the closing of Leo’s initial public offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common equity that is held by non-affiliates exceeds \$700 million as of the end of the prior fiscal year’s second fiscal quarter; and (2) the date on which we have issued more than \$1.00 billion in non-convertible debt securities during the prior three-year period. References herein to “emerging growth company” shall have the meaning associated with it in the JOBS Act.

Compliance obligations under the Sarbanes-Oxley Act may make it more difficult for us to effectuate the Business Combination, require substantial financial and management resources and increase the time and costs of completing a business combination.

The fact that we are a blank check company makes compliance with the requirements of the Sarbanes-Oxley Act particularly burdensome on us as compared to other public companies. Although CEC is a publicly reporting company required to comply with Section 404 of the Sarbanes-Oxley Act, Queso is not and New CEC management may not be able to effectively and timely implement controls and procedures that adequately respond to the increased regulatory compliance and reporting requirements that will be applicable to New CEC after the Business Combination. If we are not able to implement the requirements of Section 404, including any additional requirements once we are no longer an emerging growth company, in a timely manner or with adequate compliance, we may not be able to assess whether its internal control over financial reporting are effective, which may subject us to adverse regulatory consequences and could harm investor confidence and the market price of New CEC Common Stock. Additionally, once we are no longer an emerging growth company, we will be required to comply with the independent registered public accounting firm attestation requirement on our internal control over financial reporting.

The price of New CEC Common Stock and New CEC's warrants may be volatile.

Upon consummation of the Business Combination, the price of New CEC Common Stock and New CEC's warrants may fluctuate due to a variety of factors, including:

- changes in the industries in which New CEC and its customers operate;
- variations in its operating performance and the performance of its competitors in general;
- actual or anticipated fluctuations in New CEC's quarterly or annual operating results;
- publication of research reports by securities analysts about New CEC or its competitors or its industry;
- the public's reaction to New CEC's press releases, its other public announcements and its filings with the SEC;
- New CEC's failure or the failure of its competitors to meet analysts' projections or guidance that New CEC's or its competitors may give to the market;
- additions and departures of key personnel;
- changes in laws and regulations affecting its business;
- commencement of, or involvement in, litigation involving New CEC;
- changes in New CEC's capital structure, such as future issuances of securities or the incurrence of additional debt;
- the volume of shares of New CEC Common Stock available for public sale; and
- general economic and political conditions such as recessions, interest rates, fuel prices, foreign currency fluctuations, international tariffs, social, political and economic risks and acts of war or terrorism.

These market and industry factors may materially reduce the market price of New CEC Common Stock and New CEC's warrants regardless of the operating performance of New CEC.

A significant portion of our total outstanding shares are restricted from immediate resale but may be sold into the market in the near future. This could cause the market price of New CEC Common Stock to drop significantly, even if New CEC's business is doing well.

Sales of a substantial number of shares of New CEC Common Stock in the public market could occur at any time. These sales, or the perception in the market that the holders of a large number of shares intend to sell

shares, could reduce the market price of New CEC Common Stock. Upon completion of the Business Combination, the former equityholders of Queso, and the Class B Shareholders and the Sponsor PIPE Entity, collectively, will own approximately 51.5% and 13.8%, respectively, of the outstanding shares of New CEC Common Stock (excluding the Contingent Shares) assuming no public shareholders redeem their public shares in connection with the Business Combination or approximately 55.4% and 14.9%, respectively, of the outstanding New CEC Common Stock (excluding any Contingent Shares) assuming that 5,000,000 public shares (being our estimate of the maximum number of public shares that could be redeemed in connection with the Business Combination in order to satisfy the Maximum Redemption Condition) are redeemed in connection with the Business Combination. While the Seller will agree, and Sponsor will continue to be subject, to certain restrictions regarding the transfer of New CEC Common Stock, these shares may be sold after the expiration of the respective applicable lock-up. Sponsor PIPE Entity will not be subject to any such restrictions. In addition, after the Business Combination, the PIPE Investors (other than the Sponsor PIPE Entity) will hold approximately 6.1% of the outstanding shares of New CEC Common Stock (excluding Contingent Shares), and will not be subject to any contractual restrictions or resale. We intend to file one or more registration statements prior to or shortly after the closing of the Business Combination to provide for the resale of such shares from time to time. As restrictions on resale end and the registration statements are available for use, the market price of New CEC Common Stock could decline if the holders of currently restricted shares sell them or are perceived by the market as intending to sell them.

The public stockholders will experience immediate dilution as a consequence of the issuance of New CEC Common Stock as consideration in the Business Combination and in the PIPE Investment.

It is anticipated that, upon completion of the Business Combination, (1) Leo's public shareholders are expected to own approximately 28.6% of the outstanding New CEC Common Stock, (2) the former equityholders of Queso (without taking into account any public shares held by Queso equityholders prior to the consummation of the Business Combination), are expected to own approximately 51.5% of the outstanding New CEC Common Stock, (3) the Class B Shareholders are expected to own approximately 4.7% of outstanding New CEC Common Stock and (4) the PIPE Investors (including the Sponsor PIPE Entity) are expected to own approximately 15.3% of outstanding New CEC Common Stock. These percentages (i) exclude the Contingent Shares, (ii) assume no public shareholders exercise their redemption rights in connection with the Business Combination, (iii) reflect the forfeiture of 1,750,000 Class B ordinary shares of Leo by Sponsor pursuant to the Sponsor Shares Surrender Agreement, (iv) assume 10,700,000 shares of New CEC Common Stock are issued to the PIPE Investors upon the consummation of the PIPE Investment, (v) do not take into account public warrants or private placement warrants to purchase New CEC Common Stock that will be outstanding immediately following the completion of the Business Combination and (vi) do not take into account stock options held by current and former employees of Queso that will convert into options to acquire shares of New CEC Common Stock or shares of New CEC Common Stock that may be issued under the Incentive Plan. These percentages also do not take into account public warrants to purchase New CEC Common Stock that will be outstanding immediately following the completion of the Business Combination. If the actual facts are different than these assumptions, the percentage ownership retained by the Company's existing stockholders in New CEC will be different.

The issuance of additional common stock will significantly dilute the equity interests of existing holders of Leo securities; and may adversely affect prevailing market prices for the New CEC Common Stock and/or the New CEC warrants.

Warrants will become exercisable for New CEC Common Stock, which would increase the number of shares eligible for future resale in the public market and result in dilution to our stockholders.

If the Business Combination is completed, outstanding warrants to purchase an aggregate of 14,000,000 shares of New CEC Common Stock will become exercisable in accordance with the terms of the warrant agreement governing those securities. These warrants will become exercisable 30 days after the completion of the Business Combination. The exercise price of these warrants will be \$11.50 per share. To the extent such

[Table of Contents](#)

warrants are exercised, additional shares of New CEC Common Stock will be issued, which will result in dilution to the holders of New CEC Common Stock and increase the number of shares eligible for resale in the public market. Sales of substantial numbers of such shares in the public market or the fact that such warrants may be exercised could adversely affect the market price of New CEC Common Stock. However, there is no guarantee that the public warrants will ever be in the money prior to their expiration, and as such, the warrants may expire worthless. See “*—Even if the Business Combination is consummated, the public warrants may never be in the money, and they may expire worthless and the terms of the warrants may be amended in a manner adverse to a holder if holders of at least 50% of the then outstanding public warrants approve of such amendment.*”

Even if the Business Combination is consummated, the public warrants may never be in the money, and they may expire worthless and the terms of the warrants may be amended in a manner adverse to a holder if holders of at least 50% of the then outstanding public warrants approve of such amendment.

The warrants were issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and Leo. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders of public warrants. Accordingly, we may amend the terms of the public warrants in a manner adverse to a holder if holders of at least 50% of the then outstanding public warrants approve of such amendment. Although our ability to amend the terms of the public warrants with the consent of at least 50% of the then outstanding public warrants is unlimited, examples of such amendments could be amendments to, among other things, increase the exercise price of the warrants, shorten the exercise period or decrease the number of shares of New CEC Common Stock purchasable upon exercise of a warrant.

We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.

We have the ability to redeem outstanding warrants at any time after they become exercisable and prior to their expiration, at a price of \$0.01 per warrant, provided that the last reported sales price of the New CEC Common Stock equals or exceeds \$18.00 per share (as adjusted for share splits, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like) for any 20 trading days within a 30 trading-day period ending on the third trading day prior to the date we send the notice of redemption to the warrant holders. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. Redemption of the outstanding warrants could force you to: (i) exercise your warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so; (ii) sell your warrants at the then-current market price when you might otherwise wish to hold your warrants; or (iii) accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, is likely to be substantially less than the market value of your warrants.

The NYSE may not list New CEC's securities on its exchange, which could limit investors' ability to make transactions in New CEC's securities and subject New CEC to additional trading restrictions.

In connection with the Business Combination, in order to continue to maintain the listing of our securities on the NYSE, we will be required to demonstrate compliance with the NYSE's listing requirements. We will apply to have New CEC's securities listed on the NYSE upon consummation of the Business Combination. We cannot assure you that we will be able to meet all listing requirements, and in October 2018, Leo received a notice from the NYSE that it was not in compliance with the NYSE requirement that the Class A ordinary shares be held by a minimum of 300 public shareholders. Even if New CEC's securities are listed on the NYSE, New CEC may be unable to maintain the listing of its securities in the future.

[Table of Contents](#)

If New CEC fails to meet the listing requirements and the NYSE does not list its securities on its exchange, Queso would not be required to consummate the Business Combination. In the event that Queso elected to waive this condition, and the Business Combination was consummated without New CEC's securities being listed on the NYSE or on another national securities exchange, New CEC could face significant material adverse consequences, including:

- a limited availability of market quotations for New CEC's securities;
- reduced liquidity for New CEC's securities;
- a determination that New CEC Common Stock is a "penny stock" which will require brokers trading in New CEC Common Stock to adhere to more stringent rules and possibly result in a reduced level of trading activity in the secondary trading market for New CEC's securities;
- a limited amount of news and analyst coverage; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as "covered securities." If New CEC's securities were not listed on the NYSE, such securities would not qualify as covered securities and we would be subject to regulation in each state in which we offer our securities because states are not preempted from regulating the sale of securities that are not covered securities.

Reports published by analysts, including projections in those reports that differ from our actual results, could adversely affect the price and trading volume of our common shares.

Securities research analysts may establish and publish their own periodic projections for New CEC following consummation of the Business Combination. These projections may vary widely and may not accurately predict the results we actually achieve. Our share price may decline if our actual results do not match the projections of these securities research analysts. Similarly, if one or more of the analysts who write reports on us downgrades our stock or publishes inaccurate or unfavorable research about our business, our share price could decline. If one or more of these analysts ceases coverage of us or fails to publish reports on us regularly, our share price or trading volume could decline. While we expect research analyst coverage following consummation of the Business Combination, if no analysts commence coverage of us, the market price and volume for our common shares could be adversely affected.

Risks Related to the Consummation of the Domestication

References in this section to "we," "us" and "our" refer to Leo prior to the Business Combination and to New CEC and its subsidiaries following the Business Combination.

The Domestication may result in adverse tax consequences for holders of public shares.

U.S. Holders (as defined in "U.S. Federal Income Tax Considerations" beginning on page 143 of this proxy statement/prospectus) may be subject to U.S. federal income tax as a result of the Domestication. Because the Domestication will occur immediately prior to the redemption of public shares, U.S. Holders exercising redemption rights will be subject to the potential tax consequences of the Domestication. Additionally, non-U.S. Holders (as defined in "U.S. Federal Income Tax Considerations" below) may become subject to withholding tax on any dividends paid on New CEC public shares after the Domestication.

A U.S. Holder who on the day of the Domestication beneficially owns (actually or constructively) public shares with a fair market value of less than \$50,000 on the date of the Domestication will not recognize any gain or loss and will not be required to include any part of Leo's earnings in income. A U.S. Holder who on the day of

the Domestication beneficially owns (actually or constructively) public shares with a fair market value of \$50,000 or more, but less than 10% of the total combined voting power of all classes of our stock entitled to vote and less than 10% or more of the total value of all classes of our stock, generally will recognize gain (but not loss) in respect of the Domestication as if such U.S. Holder exchanged its public shares for New CEC public shares in a taxable transaction, unless such U.S. Holder elects in accordance with applicable Treasury Regulations to include in income as a deemed dividend the “all earnings and profits amount” (as defined in the Treasury Regulations under Section 367(b) of the Code) attributable to the public shares held directly by such U.S. Holder. A U.S. Holder who on the day of the Domestication beneficially owns (actually or constructively) 10% or more of the total combined voting power of all classes of our stock entitled to vote or 10% or more of the total value of all classes of our stock, will generally be required to include in income as a deemed dividend the “all earnings and profits amount” attributable to the public held directly by such U.S. Holder.

Additionally, proposed Treasury Regulations with a retroactive effective date have been promulgated under Section 1291(f) of the Code which generally require that, a U.S. person who disposes of stock of a PFIC (including for this purpose exchanging warrants for newly issued warrants in the Domestication) must recognize gain equal to the excess of the fair market value of such PFIC stock over its adjusted tax basis, notwithstanding any other provision of the Code. Because Leo is a blank check company with no current active business, we believe that it is likely that Leo is classified as a PFIC for U.S. federal income tax purposes. As a result, these proposed Treasury Regulations, if finalized in their current form, would generally require a U.S. Holder of public shares to recognize gain on the exchange of public shares or warrants for New CEC public shares or New CEC public warrants pursuant to the Domestication unless such U.S. Holder has made certain tax elections with respect to such U.S. Holder’s public shares. The tax on any such gain would be imposed at the rate applicable to ordinary income and an interest charge would apply based on complex rules designed to offset the tax deferral to such U.S. Holder on the undistributed earnings, if any, of Leo. The same rule may also apply to a U.S. Holder who exchanges public warrants for newly issued New CEC public warrants; a U.S. Holder, however, cannot currently make the elections mentioned above with respect to such U.S. Holder’s public warrants. It is not possible to determine at this time whether, in what form, and with what effective date, final Treasury Regulations under Section 1291(f) of the Code will be adopted.

All holders are urged to consult their tax advisor for the tax consequences of the Domestication to their particular situation. For a more detailed description of the U.S. federal income tax consequences associated with the Domestication, see “U.S. Federal Income Tax Considerations” (beginning on page 143 of this proxy statement/prospectus).

Upon consummation of the Business Combination, the rights of holders of New CEC Common Stock arising under the DGCL as well as Proposed Organizational Documents will differ from and may be less favorable to the rights of holders of Class A ordinary shares arising under the Cayman Islands Companies Law as well as our current memorandum and articles of association.

Upon consummation of the Business Combination, the rights of holders of New CEC Common Stock will arise under the Proposed Organizational Documents as well as the DGCL. Those new organizational documents and the DGCL contain provisions that differ in some respects from those in our current memorandum and articles of association and the Cayman Islands Companies Law and, therefore, some rights of holders of New CEC Common Stock could differ from the rights that holders of Class A ordinary shares currently possess. For instance, while class actions are generally not available to shareholders under Cayman Islands Companies Law, such actions are generally available under the DGCL. This change could increase the likelihood that New CEC becomes involved in costly litigation, which could have a material adverse effect on New CEC.

In addition, there are differences between the new organizational documents of New CEC and the current constitutional documents of Leo. For a more detailed description of the rights of holders of New CEC Common Stock and how they may differ from the rights of holders of Class A ordinary shares, please see “*Comparison of Corporate Governance and Shareholder Rights.*” The forms of the Proposed Certificate of Incorporation and the

[Table of Contents](#)

Proposed Bylaws of New CEC are attached as Annex C and Annex D, respectively, to this proxy statement/prospectus and we urge you to read them.

Delaware law and New CEC's Proposed Organizational Documents contain certain provisions, including anti-takeover provisions, that limit the ability of stockholders to take certain actions and could delay or discourage takeover attempts that stockholders may consider favorable.

The Proposed Organizational Documents that will be in effect upon consummation of the Business Combination, and the DGCL, contain provisions that could have the effect of rendering more difficult, delaying, or preventing an acquisition deemed undesirable by New CEC's board of directors and therefore depress the trading price of New CEC Common Stock. These provisions could also make it difficult for stockholders to take certain actions, including electing directors who are not nominated by the current members of the New CEC board of directors or taking other corporate actions, including effecting changes in our management. Among other things, the Proposed Organizational Documents include provisions regarding:

- the ability of the New CEC board of directors to issue shares of preferred stock, including "blank check" preferred stock and to determine the price and other terms of those shares, including preferences and voting rights, without stockholder approval, which could be used to significantly dilute the ownership of a hostile acquirer;
- the limitation of the liability of, and the indemnification of, New CEC's directors and officers;
- a prohibition on stockholder action by written consent, which forces stockholder action to be taken at an annual or special meeting of stockholders and could delay the ability of stockholders to force consideration of a stockholder proposal or to take action, including the removal of directors;
- the requirement that a special meeting of stockholders may be called only by a majority of the entire New CEC board of directors or New CEC's chief executive officer, which could delay the ability of stockholders to force consideration of a proposal or to take action, including the removal of directors;
- controlling the procedures for the conduct and scheduling of board of directors and stockholder meetings;
- the ability of the New CEC board of directors to amend the bylaws, which may allow New CEC's board of directors to take additional actions to prevent an unsolicited takeover and inhibit the ability of an acquirer to amend the bylaws to facilitate an unsolicited takeover attempt; and
- advance notice procedures with which stockholders must comply to nominate candidates to the New CEC board of directors or to propose matters to be acted upon at a stockholders' meeting, which could preclude stockholders from bringing matters before annual or special meetings of stockholders and delay changes in the New CEC board of directors and also may discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of New CEC.

These provisions, alone or together, could delay or prevent hostile takeovers and changes in control or changes in the New CEC board of directors or management.

In addition, the Proposed Certificate of Incorporation includes a provision substantially similar to Section 203 of the DGCL, which may prohibit certain stockholders holding 15% or more of New CEC's outstanding capital stock from engaging in certain business combinations with us for a specified period of time.

Any provision of the Proposed Organizational Documents or Delaware law that has the effect of delaying or preventing a change in control could limit the opportunity for New CEC stockholders to receive a premium for their shares of New CEC capital stock and could also affect the price that some investors are willing to pay for New CEC Common Stock.

New CEC's bylaws will designate a state or federal court located within the State of Delaware as the sole and exclusive forum for substantially all disputes between New CEC and its stockholders, which could limit New CEC stockholders' ability to obtain a favorable judicial forum for disputes with New CEC or its directors, officers, stockholders, employees or agents.

The Proposed Bylaws, which will be in effect upon consummation of the Business Combination, provide that, unless New CEC consents to the selection of an alternative forum, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for:

- any derivative action or proceeding brought on behalf of New CEC;
- any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of New CEC to New CEC or New CEC's stockholders;
- any action asserting a claim against New CEC, its directors, officers or employees arising pursuant to any provision of the DGCL or the Proposed Certificate of Incorporation or the Proposed Bylaws; or
- any action asserting a claim against New CEC, its directors, officers or employees governed by the internal affairs doctrine.

This choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with New CEC or any of New CEC's directors, officers, or other employees, which may discourage lawsuits with respect to such claims. Alternatively, if a court were to find the choice of forum provision contained in the Proposed Certificate of Incorporation to be inapplicable or unenforceable in an action, New CEC may incur additional costs associated with resolving such action in other jurisdictions, which could harm New CEC's business, results of operations and financial condition.

Risks Related to the Redemption

References in this section to "we," "us" and "our" refer to Leo prior to the Business Combination and to New CEC and its subsidiaries following the Business Combination.

Public Shareholders who wish to redeem their public shares for a pro rata portion of the trust account must comply with specific requirements for redemption that may make it more difficult for them to exercise their redemption rights prior to the deadline. If shareholders fail to comply with the redemption requirements specified in this proxy statement/prospectus, they will not be entitled to redeem their public shares for a pro rata portion of the funds held in the trust account.

A public shareholder will be entitled to receive cash for any public shares to be redeemed only if such public shareholder: (1)(a) holds public shares, or (b) if the public shareholder holds public shares through units, the public shareholder elects to separate its units into the underlying public shares and public warrants prior to exercising its redemption rights with respect to the public shares; (2) submits a written request to Continental, Leo's transfer agent, that New CEC redeem all or a portion of its public shares for cash; and (3) delivers its public shares to Continental, Leo's transfer agent, physically or electronically through DTC. Holders must complete the procedures for electing to redeem their public shares in the manner described above prior to 5:00 p.m., Eastern Time, on _____, 2019 (two business days before the extraordinary general meeting) in order for their shares to be redeemed. In order to obtain a physical share certificate, a shareholder's broker and/or clearing broker, DTC and Continental, Leo's transfer agent, will need to act to facilitate this request. It is Leo's understanding that shareholders should generally allot at least two weeks to obtain physical certificates from the

[Table of Contents](#)

transfer agent. However, because Leo does not have any control over this process or over DTC, it may take significantly longer than two weeks to obtain a physical stock certificate. If it takes longer than anticipated to obtain a physical certificate, public shareholders who wish to redeem their public shares may be unable to obtain physical certificates by the deadline for exercising their redemption rights and thus will be unable to redeem their shares.

If the Business Combination is consummated, and if a public shareholder properly exercises its right to redeem all or a portion of the public shares that it holds and timely delivers its shares to Continental, Leo's transfer agent, New CEC will redeem such public shares for a per-share price, payable in cash, equal to the pro rata portion of the trust account established at the consummation of our initial public offering, calculated as of two business days prior to the consummation of the Business Combination. Please see the section entitled "*Extraordinary General Meeting of Leo—Redemption Rights*" for additional information on how to exercise your redemption rights.

If a public shareholder fails to receive notice of Leo's offer to redeem public shares in connection with the Business Combination, or fails to comply with the procedures for tendering its shares, such shares may not be redeemed.

If, despite Leo's compliance with the proxy rules, a public shareholder fails to receive Leo's proxy materials, such public shareholder may not become aware of the opportunity to redeem his, her or its public shares. In addition, the proxy materials that Leo is furnishing to holders of public shares in connection with the Business Combination describes the various procedures that must be complied with in order to validly redeem the public shares. In the event that a public shareholder fails to comply with these procedures, its public shares may not be redeemed. Please see the section entitled "*Extraordinary General Meeting of Leo—Redemption Rights*" for additional information on how to exercise your redemption rights.

Leo does not have a specified maximum redemption threshold. The absence of such a redemption threshold may make it possible for us to complete the Business Combination with which a substantial majority of Leo's shareholders do not agree.

Leo's memorandum and articles of association does not provide a specified maximum redemption threshold, except that Leo will not redeem public shares in an amount that would cause Leo's net tangible assets to be less than \$5,000,001 (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act). Additionally, while Queso's obligation to consummate the Business Combination is conditioned on, among other things, the Maximum Redemption Condition, we can satisfy this condition only if no more than 5,000,000 public shares are redeemed in connection with the Business Combination. These conditions are for the sole benefit of Queso and the Seller and may be waived by the Seller.

As a result, Leo may be able to complete the Business Combination even though a substantial portion of public shareholders do not agree with the transaction and have redeemed their shares or have entered into privately negotiated agreements to sell their shares to Sponsor, directors or officers or their affiliates. As of the date of this proxy statement/prospectus, no agreements with respect to the private purchase of public shares by Leo or the persons described above have been entered into with any such investor or holder. Leo will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be put to the extraordinary general meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

If you or a "group" of shareholders of which you are a part are deemed to hold an aggregate of more than 15% of the public shares, you (or, if a member of such a group, all of the members of such group in the aggregate) will lose the ability to redeem all such shares in excess of 15% of the public shares.

A public shareholder, together with any of his, her or its affiliates or any other person with whom it is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from redeeming

in the aggregate his, her or its shares or, if part of such a group, the group's shares, in excess of 15% of the public shares. In order to determine whether a shareholder is acting in concert or as a group with another shareholder, Leo will require each public shareholder seeking to exercise redemption rights to certify to Leo whether such shareholder is acting in concert or as a group with any other shareholder. Such certifications, together with other public information relating to stock ownership available to Leo at that time, such as Section 13D, Section 13G and Section 16 filings under the Exchange Act, will be the sole basis on which Leo makes the above-referenced determination. Your inability to redeem any such excess shares will reduce your influence over Leo's ability to consummate the Business Combination and you could suffer a material loss on your investment in Leo if you sell such excess shares in open market transactions. Additionally, you will not receive redemption distributions with respect to such excess shares if Leo consummates the Business Combination. As a result, you will continue to hold that number of shares aggregating to more than 15% of the public shares and, in order to dispose of such excess shares, would be required to sell your stock in open market transactions, potentially at a loss. Leo cannot assure you that the value of such excess shares will appreciate over time following the Business Combination or that the market price of the public shares will exceed the per-share redemption price. Notwithstanding the foregoing, shareholders may challenge Leo's determination as to whether a shareholder is acting in concert or as a group with another shareholder in a court of competent jurisdiction.

However, Leo's shareholders' ability to vote all of their shares (including such excess shares) for or against the Business Combination is not restricted by this limitation on redemption.

There is no guarantee that a shareholder's decision whether to redeem its shares for a pro rata portion of the trust account will put the shareholder in a better future economic position.

Leo can give no assurance as to the price at which a shareholder may be able to sell its public shares in the future following the completion of the Business Combination or any alternative business combination. Certain events following the consummation of any initial business combination, including the Business Combination, may cause an increase in Leo share price, and may result in a lower value realized now than a shareholder of Leo might realize in the future had the shareholder not redeemed its shares. Similarly, if a shareholder does not redeem its shares, the shareholder will bear the risk of ownership of the public shares after the consummation of any initial business combination, and there can be no assurance that a shareholder can sell its shares in the future for a greater amount than the redemption price set forth in this proxy statement/prospectus. A shareholder should consult the shareholder's own financial advisor for assistance on how this may affect his, her or its individual situation.

Risks if the Adjournment Proposal is Not Approved

If the Adjournment Proposal is not approved, and an insufficient number of votes have been obtained to authorize the consummation of the Business Combination and the Domestication, Leo's board of directors will not have the ability to adjourn the extraordinary general meeting to a later date in order to solicit further votes, and, therefore, the Business Combination will not be approved, and, therefore, the Business Combination may not be consummated.

Leo's board of directors is seeking approval to adjourn the extraordinary general meeting to a later date or dates if, at the extraordinary general meeting, based upon the tabulated votes, there are insufficient votes to approve each of the Condition Precedent Proposals. If the Adjournment Proposal is not approved, Leo's board will not have the ability to adjourn the extraordinary general meeting to a later date and, therefore, will not have more time to solicit votes to approve the Condition Precedent Proposals. In such events, the Business Combination would not be completed.

Risks if the Domestication and the Business Combination are not Consummated

References in this section to “we,” “us” and “our” refer to Leo.

If we are not able to complete the Business Combination with Queso nor able to complete another business combination by February 14, 2020, in each case, as such date may be extended pursuant to our Existing Organizational Documents, we would cease all operations except for the purpose of winding up and we would redeem our Class A ordinary shares and liquidate the trust account, in which case our public shareholders may only receive approximately \$10.00 per share and our warrants will expire worthless.

If we are not able to complete the Business Combination with Queso nor able to complete another business combination by February 14, 2020, in each case, as such date may be extended pursuant to our Existing Organizational Documents we will (1) cease all operations except for the purpose of winding up, (2) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (which interest shall be net of taxes payable, and less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders’ rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law; and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our board of directors, liquidate and dissolve, subject in each case to our obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. In such case, our public shareholders may only receive approximately \$10.00 per share and our warrants will expire worthless.

You will not have any rights or interests in funds from the trust account, except under certain limited circumstances. To liquidate your investment, therefore, you may be forced to sell your public shares or public warrants, potentially at a loss.

Our public shareholders will be entitled to receive funds from the trust account only upon the earliest of (1) the completion of a business combination (including the closing of the Business Combination), and then only in connection with those public shares that such public shareholder properly elected to redeem, (2) the redemption of any public shares properly tendered in connection with a shareholder vote to amend the Existing Organizational Documents to modify the substance and timing of our obligation to redeem 100% of the public shares if we do not complete a business combination by February 14, 2020, or (3) the redemption of all of the public shares if we are unable to complete an initial business combination by February 14, 2020, subject to applicable law, and as further described in this proxy statement/prospectus. In no other circumstances will a public shareholder have any right or interest of any kind in the trust account. Accordingly, to liquidate your investment, you may be forced to sell your public shares or public warrants, potentially at a loss.

If we are unable to consummate our initial business combination, our public shareholders may be forced to wait until after February 14, 2020 before redemption from the trust account.

If we are unable to consummate our initial business combination by February 14, 2020 (as such date may be extended pursuant to our Existing Organizational Documents), we will distribute the aggregate amount then on deposit in the trust account (less up to \$100,000 of the net interest earned thereon to pay dissolution expenses), pro rata to our public shareholders by way of redemption and cease all operations except for the purposes of winding up of our affairs, as further described in this proxy statement/prospectus. Any redemption of public shareholders from the trust account shall be affected automatically by function of our memorandum and articles of association prior to any voluntary winding up. If we are required to wind-up, liquidate the trust account and distribute such amount therein, pro rata, to our public shareholders, as part of any liquidation process, such winding up, liquidation and distribution must comply with the applicable provisions of the Cayman Islands Companies Law. In that case, investors may be forced to wait beyond February 14, 2020 (as such date may be extended pursuant to our Existing Organizational Documents), before the redemption proceeds of the trust

[Table of Contents](#)

account become available to them, and they receive the return of their pro rata portion of the proceeds from the trust account. We have no obligation to return funds to investors prior to the date of our redemption or liquidation unless we consummate our initial business combination prior thereto and only then in cases where investors have sought to redeem their public shares. Only upon our redemption or any liquidation will public shareholders be entitled to distributions if we are unable to complete our initial business combination.

If the net proceeds of our initial public offering not being held in the trust account are insufficient to allow us to operate through February 14, 2020, and we are unable to obtain additional capital, we may be unable to complete our initial business combination, in which case our public shareholders may only receive \$10.00 per share, and our warrants will expire worthless.

As of December 31, 2018, we had cash of approximately \$550,000 held outside the trust account, which is available for use by us to cover the costs associated with identifying a target business and negotiating a business combination and other general corporate uses. In addition, as of December 31, 2018, we had total current liabilities of approximately \$109,000. The funds available to us outside of the trust account may not be sufficient to allow us to operate until February 14, 2020, assuming that our initial business combination is not completed during that time. Of the funds available to us, we could use a portion of the funds available to us to pay fees to consultants to assist us with our search for a target business. We could also use a portion of the funds as a down payment or to fund a “no-shop” provision (a provision in letters of intent designed to keep target businesses from “shopping” around for transactions with other companies on terms more favorable to such target businesses) with respect to a particular proposed business combination, although we do not have any current intention to do so. If we entered into a letter of intent where we paid for the right to receive exclusivity from a target business and were subsequently required to forfeit such funds (whether as a result of our breach or otherwise), we might not have sufficient funds to continue searching for, or conduct due diligence with respect to, a target business.

If we are required to seek additional capital, we would need to borrow funds from Sponsor, members of our management team or other third parties to operate or may be forced to liquidate. Any such advances would be repaid only from funds held outside the trust account or from funds released to us upon completion of our initial business combination. If we are unable to obtain additional financing, we may be unable to complete our initial business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. Consequently, our public shareholders may only receive approximately \$10.00 per share on our redemption of the public shares and the public warrants will expire worthless.

EXTRAORDINARY GENERAL MEETING OF LEO

General

Leo is furnishing this proxy statement/prospectus to Leo's shareholders as part of the solicitation of proxies by Leo's board of directors for use at the extraordinary general meeting of Leo to be held on _____, 2019, and at any adjournment thereof. This proxy statement/prospectus is first being furnished to Leo's shareholders on or about _____, 2019 in connection with the vote on the proposals described in this proxy statement/prospectus. This proxy statement/prospectus provides Leo's shareholders with information they need to know to be able to vote or instruct their vote to be cast at the extraordinary general meeting.

Date, Time and Place

The extraordinary general meeting will be held at _____, Eastern Time, on _____, 2019 at _____, unless the extraordinary general meeting is adjourned.

Purpose of the Leo Extraordinary General Meeting

At the extraordinary general meeting, Leo is asking holders of ordinary shares to:

- consider and vote upon a proposal to approve by ordinary resolution and adopt the Business Combination Agreement (a copy of which is attached to this proxy statement/prospectus as Annex A) pursuant to which, among other things, following the Domestication of Leo to Delaware, Queso will merge with and into Leo, the separate corporate existence of Queso will cease and Leo will be the surviving corporation and a wholly owned subsidiary of New CEC (we refer to this proposal as the "BCA Proposal");
- consider and vote upon a proposal to approve by special resolution the change of Leo's jurisdiction of incorporation by deregistering as an exempted company in the Cayman Islands and continuing and domesticating as a corporation incorporated under the laws of the State of Delaware (we refer to this proposal as the "Domestication Proposal");
- consider and vote upon the following five separate proposals (we refer to these proposals, collectively, as the "Organizational Documents Proposals") to approve by special resolution the following material differences between the Existing Organizational Documents and the Proposed Organizational Documents:
 - (A) to authorize the change in the authorized capital stock of Leo from (i) 200,000,000 Class A ordinary shares, par value \$0.0001 per share, 20,000,000 Class B ordinary shares, par value \$0.0001 per share, and 1,000,000 preferred shares, par value \$0.0001 per share, to (ii) 500,000,000 shares of common stock, par value \$0.0001 per share, of New CEC and 100,000,000 shares of preferred stock, par value \$0.0001 per share, of New CEC (we refer to this as "Organizational Documents Proposal A");
 - (B) to authorize the board of directors of New CEC to issue any or all shares of New CEC Preferred Stock in one or more classes or series, with such terms and conditions as may be expressly determined by New CEC's board of directors and as may be permitted by the DGCL (we refer to this as "Organizational Documents Proposal B");
 - (C) to provide that certain provisions of the certificate of incorporation of New CEC are subject to the Director Nomination Agreement (we refer to this as "Organizational Documents Proposal C");
 - (D) to authorize the removal of the ability of New CEC stockholders to take action by written consent in lieu of a meeting (we refer to this as "Organizational Documents Proposal D"); and
 - (E) to authorize all other changes in connection with the replacement of Existing Organizational Documents with the Proposed Organization Documents as part of the Domestication (copies of

which are attached to this proxy statement/prospectus as Annex C and Annex D), including (1) changing the post-Business Combination corporate name from “Leo Holdings Corp.” to “Chuck E. Cheese Brands Inc.” (which is expected to occur after the Domestication in connection with the Merger), (2) making New CEC’s corporate existence perpetual, (3) adopting Delaware as the exclusive forum for certain stockholder litigation, (4) electing to not be governed by Section 203 of the DGCL and limiting certain corporate takeovers by interested stockholders, (5) granting an explicit waiver regarding corporate opportunities to New CEC and its directors and (6) removing certain provisions related to our status as a blank check company that will no longer be applicable upon consummation of the Business Combination, all of which Leo’s board of directors believes is necessary to adequately address the needs of New CEC after the Business Combination (we refer to this as “Organizational Documents Proposal E” and, together with Organization Documents Proposal A, the “Required Organizational Documents Proposals”);

- consider and vote upon a proposal to approve for the purposes of complying with the applicable provisions of NYSE Listing Rule 312.03, the issuance of shares of New CEC Common Stock to the equityholders of Queso and to the PIPE Investors, including an affiliate of Sponsor, to the extent such issuance would require a shareholder vote under NYSE Listing Rule 312.03 (we refer to this proposal as the “Stock Issuance Proposal” and, collectively with the BCA Proposal, the Domestication Proposal, the Required Organizational Documents Proposals and the Stock Issuance Proposal, the “Condition Precedent Proposals”);
- consider and vote upon a proposal to approve by ordinary resolution the Incentive Plan, a copy of which is attached to this proxy statement/prospectus as Annex E (we refer to this proposal as the “Plan Proposal”); and
- consider and vote upon a proposal to approve the adjournment of the extraordinary general meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for the approval of one or more proposals at the extraordinary general meeting (we refer to this proposal as the “Adjournment Proposal”).

Each of the BCA Proposal, the Domestication Proposal, the Required Organizational Documents Proposals and the Stock Issuance Proposal is conditioned on the approval and adoption of each of the other Condition Precedent Proposals. The Organizational Documents Proposals that are not Required Organizational Documents Proposals and the Incentive Award Plan Proposal, are conditioned on the approval of the Condition Precedent Proposals. The Adjournment Proposal is not conditioned on any other proposal.

Recommendation of Leo Board of Directors

Leo’s board of directors believes that the BCA Proposal and the other proposals to be presented at the extraordinary general meeting are in the best interest of Leo’s shareholders and unanimously recommends that its shareholders vote “FOR” the BCA Proposal, “FOR” the Domestication Proposal, “FOR” each of the separate Organizational Documents Proposals, “FOR” the Stock Issuance Proposal, “FOR” the Incentive Award Plan Proposal and “FOR” the Adjournment Proposal, in each case, if presented to the extraordinary general meeting.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

Record Date; Who is Entitled to Vote

Leo shareholders will be entitled to vote or direct votes to be cast at the extraordinary general meeting if they owned ordinary shares at the close of business on _____, 2019, which is the “record date” for the extraordinary general meeting. Shareholders will have one vote for each ordinary share owned at the close of business on the record date. If your shares are held in “street name” or are in a margin or similar account, you should contact your broker to ensure that votes related to the shares you beneficially own are properly counted. Our warrants do not have voting rights. As of the close of business on the record date, there were 25,000,000 ordinary shares issued and outstanding, of which 20,000,000 were issued and outstanding public shares.

The Class B Shareholders have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting. As of the date of this proxy statement/prospectus, the Class B Shareholders own approximately 20.0% of the issued and outstanding ordinary shares.

Quorum

A quorum of Leo shareholders is necessary to hold a valid meeting. A quorum will be present at the extraordinary general meeting if the holders of a majority of the issued and outstanding ordinary shares entitled to vote at the extraordinary general meeting are represented in person or by proxy. As of the record date for the extraordinary general meeting, 12,500,001 ordinary shares would be required to achieve a quorum.

Abstentions and Broker Non-Votes

Proxies that are marked “abstain” and proxies relating to “street name” shares that are returned to Leo but marked by brokers as “not voted” will be treated as shares present for purposes of determining the presence of a quorum on all matters. Abstentions will have no effect on any of the proposals other than the Stock Issuance Proposal, where they will be considered votes against such proposal, and broker-non votes will have no effect on any of the proposals. If a shareholder does not give the broker voting instructions, under applicable self-regulatory organization rules, its broker may not vote its shares on “non-routine” proposals, such as the BCA Proposal or any of the other Condition Precedent Proposals.

Vote Required for Approval

The approval of the BCA Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.

The approval of the Domestication Proposal requires the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.

The approval of each of the Organizational Documents Proposals requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.

The approval of the Stock Issuance Proposal requires the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.

The approval of the Incentive Award Plan Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.

The approval of the Adjournment Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting.

[Table of Contents](#)

Each of the BCA Proposal, the Domestication Proposal, the Required Organizational Documents Proposals and the Stock Issuance Proposal is conditioned on the approval and adoption of each of the other Condition Precedent Proposals. The Organizational Documents Proposals that are not Required Organizational Documents Proposals and the Incentive Award Plan Proposal, are conditioned on the approval of the Condition Precedent Proposals. The Adjournment Proposal is not conditioned on any other proposal.

Voting Your Shares

Each ordinary share that you own in your name entitles you to one vote. Your proxy card shows the number of ordinary shares that you own. If your shares are held in "street name" or are in a margin or similar account, you should contact your broker to ensure that votes related to the shares you beneficially own are properly counted.

There are two ways to vote your ordinary shares at the extraordinary general meeting:

- You can vote by signing and returning the enclosed proxy card. If you vote by proxy card, your "proxy," whose name is listed on the proxy card, will vote your shares as you instruct on the proxy card. If you sign and return the proxy card but do not give instructions on how to vote your shares, your shares will be voted as recommended by Leo's board "FOR" the BCA Proposal, "FOR" the Domestication Proposal, "FOR" each of the separate Organizational Documents Proposals, "FOR" the Stock Issuance Proposal, "FOR" the Incentive Award Plan Proposal and "FOR" the Adjournment Proposal, in each case, if presented to the extraordinary general meeting. Votes received after a matter has been voted upon at the extraordinary general meeting will not be counted.
- You can attend the extraordinary general meeting and vote in person. You will receive a ballot when you arrive. However, if your shares are held in the name of your broker, bank or another nominee, you must get a valid legal proxy from the broker, bank or other nominee. That is the only way Leo can be sure that the broker, bank or nominee has not already voted your shares.

Revoking Your Proxy

If you are a Leo shareholder and you give a proxy, you may revoke it at any time before it is exercised by doing any one of the following:

- you may send another proxy card with a later date;
- you may notify Leo's general counsel in writing before the extraordinary general meeting that you have revoked your proxy; or
- you may attend the extraordinary general meeting, revoke your proxy, and vote in person, as indicated above.

Who Can Answer Your Questions About Voting Your Shares

If you are a shareholder and have any questions about how to vote or direct a vote in respect of your ordinary shares, you may call Morrow Sodali LLC, our proxy solicitor, by calling (800) 662-5200, or banks and brokers can call collect at (203) 658-9400, or by emailing LHC.info@morrow sodali.com.

Redemption Rights

Pursuant to the Existing Organizational Documents, a public shareholder may request of Leo that New CEC redeem all or a portion of its public shares for cash if the Business Combination is consummated. As a holder of public shares, you will be entitled to receive cash for any public shares to be redeemed only if you:

- (i) (a) hold public shares, or (b) if you hold public shares through units, you elect to separate your units into the underlying public shares and warrants prior to exercising your redemption rights with respect to the public shares;

[Table of Contents](#)

- (ii) submit a written request to Continental, Leo's transfer agent, that New CEC redeem all or a portion of your public shares for cash; and
- (iii) deliver your public shares to Continental, Leo's transfer agent, physically or electronically through DTC.

Holders must complete the procedures for electing to redeem their public shares in the manner described above prior to 5:00 p.m., Eastern Time, on _____, 2019 (two business days before the extraordinary general meeting) in order for their shares to be redeemed.

Holders of units must elect to separate the units into the underlying public shares and public warrants prior to exercising redemption rights with respect to the public shares. If holders hold their units in an account at a brokerage firm or bank, holders must notify their broker or bank that they elect to separate the units into the underlying public shares and public warrants, or if a holder holds units registered in its own name, the holder must contact Continental, Leo's transfer agent, directly and instruct them to do so. Public shareholders may elect to redeem all or a portion of the public shares held by them regardless of if or how they vote in respect of the BCA Proposal. If the Business Combination is not consummated, the public shares will be returned to the respective holder, broker or bank. If the Business Combination is consummated, and if a public shareholder properly exercises its right to redeem all or a portion of the public shares that it holds and timely delivers its shares to Continental, Leo's transfer agent, New CEC will redeem such public shares for a per-share price, payable in cash, equal to the pro rata portion of the trust account, calculated as of two business days prior to the consummation of the Business Combination. For illustrative purposes, as of April 23, 2019, this would have amounted to approximately \$10.22 per issued and outstanding public share. If a public shareholder exercises its redemption rights in full, then it will be electing to exchange its public shares for cash and will no longer own public shares. The redemption takes place following the Domestication and accordingly it is shares of New CEC Common Stock that will be redeemed immediately after consummation of the Business Combination.

If you hold the shares in "street name," you will have to coordinate with your broker to have your shares certificated or delivered electronically. New CEC public shares that have not been tendered (either physically or electronically) in accordance with these procedures will not be redeemed for cash. There is a nominal cost associated with this tendering process and the act of certificating the shares or delivering them through DTC's DWAC system. The transfer agent will typically charge the tendering broker \$80 and it would be up to the broker whether or not to pass this cost on to the redeeming shareholder. In the event the proposed business combination is not consummated this may result in an additional cost to shareholders for the return of their shares.

Any request for redemption, once made by a holder of public shares, may be withdrawn at any time up to the time the vote is taken with respect to the BCA Proposal at the extraordinary general meeting. If you deliver your shares for redemption to Continental, our transfer agent, and later decide prior to the extraordinary general meeting not to elect redemption, you may request that our transfer agent return the shares (physically or electronically) to you. You may make such request by contacting Continental, our transfer agent, at the phone number or address listed at the end of this section.

Any corrected or changed written exercise of redemption rights must be received by Continental, our transfer agent, prior to the vote taken on the BCA Proposal at the extraordinary general meeting. No request for redemption will be honored unless the holder's public shares have been delivered (either physically or electronically) to Continental, our agent, at least two business days prior to the vote at the extraordinary general meeting.

Notwithstanding the foregoing, a public shareholder, together with any affiliate of such public shareholder or any other person with whom such public shareholder is acting in concert or as a "group" (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from redeeming its public shares with respect to more than an aggregate of 15% of the public shares. Accordingly, if a public shareholder, alone or acting in concert or as a group, seeks to redeem more than 15% of the public shares, then any such shares in excess of that 15% limit would not be redeemed for cash.

[Table of Contents](#)

The Class B Shareholders have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting and waive their redemption rights with respect to such ordinary shares in connection with the consummation of the Business Combination. The Class B ordinary shares will be excluded from the pro rata calculation used to determine the per-share redemption price. As of the date of this proxy statement/prospectus, the Class B Shareholders own approximately 20.0% of the issued and outstanding ordinary shares.

Holders of the warrants will not have redemption rights with respect to the warrants.

The closing price of public shares on April 25, 2019, the most recent closing price, was \$10.29. For illustrative purposes, as of April 23, 2019, funds in the trust account plus accrued interest thereon totaled approximately \$204,486,000 or \$10.22 per issued and outstanding public share.

Prior to exercising redemption rights, public shareholders should verify the market price of the public shares as they may receive higher proceeds from the sale of their public shares in the public market than from exercising their redemption rights if the market price per share is higher than the redemption price. Leo cannot assure its shareholders that they will be able to sell their public shares in the open market, even if the market price per share is higher than the redemption price stated above, as there may not be sufficient liquidity in its securities when its shareholders wish to sell their shares.

Appraisal Rights

Neither our shareholders nor our warrant holders have appraisal rights in connection with the Business Combination or the Domestication under the Cayman Islands Companies Law or under the DGCL.

Proxy Solicitation Costs

Leo is soliciting proxies on behalf of its board of directors. This solicitation is being made by mail but also may be made by telephone or in person. Leo and its directors, officers and employees may also solicit proxies in person, by telephone or by other electronic means. Leo will bear the cost of the solicitation.

Leo has hired Morrow Sodali LLC to assist in the proxy solicitation process. Leo will pay that firm a fee of \$25,000 plus disbursements. Such fee will be paid with non-trust account funds.

Leo will ask banks, brokers and other institutions, nominees and fiduciaries to forward the proxy materials to their principals and to obtain their authority to execute proxies and voting instructions. Leo will reimburse them for their reasonable expenses.

Leo Initial Shareholders Agreements

As of the date of this proxy statement/prospectus, there are 25,000,000 ordinary shares issued and outstanding, which includes an aggregate of 5,000,000 Class B ordinary shares held by the Class B Shareholders, including Sponsor. In addition, as of the date of this proxy statement/prospectus, there is outstanding an aggregate of 14,000,000 warrants to acquire ordinary shares, which comprise the 4,000,000 private placement warrants held by Sponsor and the 10,000,000 public warrants.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Condition Precedent Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in

[Table of Contents](#)

favor of the Condition Precedent Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their redemption rights, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the BCA Proposal, the Stock Issuance Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the Domestication Proposal and the Organizational Documents Proposals, (3) otherwise limit the number of public shares electing to redeem and (4) New CEC's net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the extraordinary general meeting and would likely increase the chances that such proposals would be approved. We will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be put to the extraordinary general meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

BCA PROPOSAL

We are asking our shareholders to approve by ordinary resolution and adopt the Business Combination Agreement. Leo shareholders should read carefully this proxy statement/prospectus in its entirety for more detailed information concerning the Business Combination Agreement, which is attached as Annex A to this proxy statement/prospectus, and the transactions contemplated thereby. Please see “—*The Business Combination Agreement*” below for additional information and a summary of certain terms of the Business Combination Agreement. You are urged to read carefully the Business Combination Agreement in its entirety before voting on this proposal.

Because we are holding a shareholder vote on the Business Combination, we may consummate the Business Combination only if it is approved by the affirmative vote of the holders of a majority of ordinary shares that are voted at the extraordinary general meeting.

The Business Combination Agreement

This subsection of the proxy statement/prospectus describes the material provisions of the Business Combination Agreement, but does not purport to describe all of the terms of the Business Combination Agreement. The following summary is qualified in its entirety by reference to the complete text of the Business Combination Agreement, which is attached as Annex A to this proxy statement/prospectus. You are urged to read the Business Combination Agreement in its entirety because it is the primary legal document that governs the Business Combination.

The Business Combination Agreement contains representations, warranties and covenants that the respective parties made to each other as of the date of the Business Combination Agreement or other specific dates. The assertions embodied in those representations, warranties and covenants were made for purposes of the contract among the respective parties and are subject to important qualifications and limitations agreed to by the parties in connection with negotiating the Business Combination Agreement. The representations, warranties and covenants in the Business Combination Agreement are also modified in part by the underlying disclosure schedules (the “disclosure schedules”), which are not filed publicly and which are subject to a contractual standard of materiality different from that generally applicable to shareholders and were used for the purpose of allocating risk among the parties rather than establishing matters as facts. We do not believe that the disclosure schedules contain information that is material to an investment decision. Additionally, the representations and warranties of the parties to the Business Combination Agreement may or may not have been accurate as of any specific date and do not purport to be accurate as of the date of this proxy statement/prospectus. Accordingly, no person should rely on the representations and warranties in the Business Combination Agreement or the summaries thereof in this proxy statement/prospectus as characterizations of the actual state of facts about Leo, Queso or any other matter.

Structure of the Business Combination

On April 7, 2019, Leo entered into the Business Combination Agreement with Queso, the Seller and, solely for purposes of Sections 7.14 (f) and 10.2(i) thereof, Sponsor, pursuant to which, among other things, following the Domestication, Queso will merge with and into Leo, the separate corporate existence of Queso will cease and Leo will be the surviving corporation.

Immediately prior to and as a condition of the Merger, pursuant to the Domestication, Leo will change its jurisdiction of incorporation by effecting a deregistration under the Cayman Islands Companies Law and a domestication under Section 388 of the DGCL, pursuant to which Leo’s jurisdiction of incorporation will be changed from the Cayman Islands to the State of Delaware. For more information on the Domestication, see “*Domestication Proposal*.”

Business Combination Consideration

In accordance with the terms and subject to the conditions of the Business Combination Agreement, the aggregate Business Combination Consideration to be received by the equityholders of Queso under the Business Combination Agreement will be 36,000,137 shares of New CEC Common Stock. The Business Combination Consideration does not include an additional 4,000,000 shares of New CEC Common Stock, which will be issuable to the stockholders and certain optionholders of Queso subsequent to the consummation of the Business Combination subject to the occurrence of certain events and satisfaction of certain conditions as set forth in the Business Combination Agreement (such additional shares, the “Contingent Shares”). The sum of (i) cash held in the trust account net of redemptions, plus (ii) gross proceeds of the PIPE Investment, less (iii) the transactions costs of the transactions contemplated under the Business Combination Agreement will be used to redeem all or a portion of the CEC senior notes.

Equityholders of Queso are converting 100% of their current equity in Queso into shares of New CEC Common Stock. As a result of the transaction, existing equity holders of Queso will collectively hold a majority of the equity of New CEC. Currently, there are no issued and outstanding shares of Queso preferred stock, par value \$0.01 per share (“Queso Preferred Stock”) and any shares of Queso Preferred Stock owned by Queso will be canceled prior to the Effective Time and no payment will be made with respect thereto. At the Effective Time, each issued and outstanding share of common stock, par value \$0.01 per share, of Queso (“Queso Common Stock”) immediately prior to the Effective Time (other than any shares of Queso Common Stock owned by Queso (which will be canceled and with respect to which no payment will be made) or with respect to which appraisal rights under the DGCL are properly exercised and not withdrawn) will be canceled and converted automatically into and become the right to receive the applicable portion of the Business Combination Consideration and the applicable Contingent Shares, if any, as determined in accordance with the Business Combination Agreement. The Queso Common Stock, when so converted, will no longer be outstanding and will automatically be canceled and shall cease to exist, and each holder of the Queso Common Stock immediately prior to the Effective Time will cease to have any rights with respect thereto, except the right to receive the applicable portion of Business Combination Consideration, the applicable Contingent Shares, if any, and any dividends or other distributions to which holders become entitled upon the delivery of a letter of transmittal as required pursuant to the Business Combination Agreement and all certificates representing shares of Queso Common Stock (to the extent issued), without interest. In addition, whether vested or unvested, each Assumed Option (as defined in the Business Combination Agreement) will be assumed by New CEC and automatically converted into an option to purchase New CEC Common Stock equal to (as rounded down to the nearest whole number) the product of (1) 34,950,137 shares of New CEC Common Stock divided by (2) the total number of shares of Queso Common Stock issued and outstanding as of immediately prior to the Effective Time (excluding any shares of Queso Common Stock owned by Queso) multiplied by (3) the number of shares of Queso Common Stock subject to the unexercised portion of such Assumed Option immediately prior to the Effective Time.

Adjustments to the Business Combination Consideration

The Business Combination Consideration is subject to equitable adjustment to reflect the effect of any stock split, reverse stock split, stock dividend, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with respect to the ordinary shares of Leo prior to the Effective Time.

Contingent Shares

Pursuant to the terms and conditions of the Business Combination Agreement, the Contingent Shares will be issued by New CEC:

- (i) with respect to 50% of the Contingent Shares, if (1) the closing sale price of the New CEC Common Stock as quoted on the NYSE (or the principal securities exchange or securities market on which the New CEC Common Stock is then traded) is equal to or exceeds \$13.00 per share (as adjusted for stock splits, dividends, reorganizations, recapitalizations and the like) (the “2021 Target”) for any 20 trading

days within any 30 consecutive trading day period ending on or prior to December 31, 2021 or (2) the implied consideration per share of New CEC Common Stock paid or payable in connection with a Change of Control (as defined in the Business Combination Agreement) that is consummated on or prior to December 31, 2021 is equal to or exceeds the 2021 Target; and

- (ii) with respect to the other 50% of the Contingent Shares, if (1) the closing sale price of the New CEC Common Stock as quoted on the NYSE (or the principal securities exchange or securities market on which the New CEC Common Stock is then traded) is equal to or exceeds \$14.00 per share (as adjusted for stock splits, dividends, reorganizations, recapitalizations and the like) (the “2022 Target”) for any 20 trading days within any 30 consecutive trading day period ending on or prior to December 31, 2022 or (2) the implied consideration per share of New CEC Common Stock paid or payable in connection with a Change of Control that is consummated on or prior to December 31, 2022 is equal to or exceeds the 2022 Target;

provided that, the stockholders and applicable optionholders of Queso shall be entitled to receive all of the 4,000,000 Contingent Shares in the event that (A) for any 20 trading days within any 30 consecutive trading days ending on or prior to December 31, 2021, the closing sale price of the New CEC Common Stock or (B) the implied consideration per share of the New CEC Common Stock in any Change of Control transaction consummated on or prior to December 31, 2021, in each case is equal to or exceeds both the 2021 Target and the 2022 Target; provided further that if the closing sale price of the New CEC Common Stock does not exceed the 2021 Target on or prior to December 31, 2021, New CEC shall not be required to issue 2,000,000 Contingent Shares and if the closing sale price of the New CEC Common Stock does not exceed the 2022 Target on or prior to December 31, 2022, then New CEC shall not be required to issue the remaining 2,000,000 Contingent Shares.

Closing

Subject to the terms and conditions of the Business Combination Agreement, the Closing will take place on a date that is no later than the third business day after the satisfaction or waiver of the conditions set forth in the Business Combination Agreement (other than those conditions that by their nature are to be satisfied at the Closing, but subject to the satisfaction or waiver of those conditions), or such other date as may be mutually agreed upon by the parties.

Material Adverse Effect

Under the Business Combination Agreement, certain representations and warranties of Queso are qualified in whole or in part by a material adverse effect standard for purposes of determining whether a breach of such representations and warranties has occurred.

Pursuant to the Business Combination Agreement, a material adverse effect with respect to Queso (“Material Adverse Effect”) means any event, change, development or effect that, individually or in the aggregate with all other events, changes, developments or effects, has had, or would reasonably be expected to have, a material adverse effect upon (a) the assets, liabilities, condition (financial or otherwise), the business or results of operations of the Queso and its subsidiaries (the “Queso Group”), taken as a whole, or (b) the ability of Queso to consummate the transactions contemplated by the Business Combination Agreement in accordance with the terms and subject to the conditions set forth therein; provided, that the following shall not be taken into account in determining whether a “Material Adverse Effect” shall have occurred: (i) any national, international or any foreign or domestic regional economic, financial, social or political conditions (including changes therein) or events in general, including the results of any primary or general elections, (ii) changes in any financial, debt, credit, capital or banking markets or conditions (including any disruption thereof), (iii) changes in interest, currency or exchange rates or the price of any commodity, security or market index, (iv) changes in legal or regulatory conditions, including changes or proposed changes in Law, GAAP or other accounting principles or requirements, or standards, interpretations or enforcement thereof, (v) changes that are generally applicable to the

Table of Contents

industries or markets in which the Queso Group operates, (vi) any change in the market price or trading volume of any indebtedness of any member of the Queso Group (it being understood that the underlying causes of such change may, if they are not otherwise excluded from the definition of Material Adverse Effect, be taken into account in determining whether a Material Adverse Effect has occurred), (vii) any failure of the Queso Group to meet any internal or public projections, forecasts, budgets or estimates of or relating to the Queso Group for any period, including with respect to revenue, earnings, cash flow or cash position (it being understood that the underlying causes of such decline or failure may, if they are not otherwise excluded from the definition of Material Adverse Effect, be taken into account in determining whether a Material Adverse Effect has occurred), (viii) the occurrence, escalation, outbreak or worsening of any hostilities, war, police action, acts of terrorism or military conflicts, whether or not pursuant to the declaration of an emergency or war, (ix) the existence, occurrence or continuation of any force majeure events, including any earthquakes, floods, hurricanes, tropical storms, fires or other natural disasters or any national, international or regional calamity, (x) any Action (as defined in the Business Combination Agreement) required to occur pursuant the Business Combination Agreement or the transactions expressly contemplated by the Business Combination Agreement, (xi) the execution, announcement, performance or existence of the Business Combination Agreement, in each case in accordance with the terms of the Business Combination Agreement, the identity of the parties thereto or any of their respective Affiliates (as defined in the Business Combination Agreement), Representatives (as defined in the Business Combination Agreement) or financing sources, (xii) the taking of any action by the Queso Group expressly required by the terms of the Business Combination Agreement, including the failure to take any action restricted by the Business Combination Agreement (but excluding effects resulting from the Closing), (xiii) any actions taken, or not taken, with the consent, waiver or at the request of Leo or any action taken to the extent expressly permitted by the Business Combination Agreement, (xiv) any actions taken by Leo or any of its Affiliates or any of their respective Representatives or financing sources after the date of the Business Combination Agreement or (xv) any matters disclosed in the disclosure schedules; provided, however, that with respect to each of clauses (i) through (v), any event, development, occurrence, fact, condition, or change referred to above shall be taken into account in determining whether a Material Adverse Effect has occurred or would reasonably be expected to occur to the extent that such event, development, occurrence, fact, condition, or change has a disproportionate effect on the Queso Group compared to other participants in the industries in which the Queso Group primarily conducts its business.

Closing Conditions

The consummation of the Business Combination is conditioned upon the satisfaction or written waiver, in whole or in part, to the extent such conditions can be waived (to the extent permitted by applicable law) at or prior to the Closing by the applicable parties to the Business Combination Agreement of the conditions set forth below. Therefore, unless these conditions are satisfied or waived in writing by the applicable parties to the Business Combination Agreement, the Business Combination Agreement could be terminated and the proposed Business Combination may not be consummated.

Conditions to Each Party's Obligations

The respective obligations of each party to the Business Combination Agreement to effect the Merger and the other transactions contemplated thereby are subject to the satisfaction or written waiver, in whole or in part, to the extent such conditions can be waived (to the extent permitted by applicable law) at or prior to the Closing Date of the following conditions:

- all required waiting periods or approvals applicable to the Business Combination Agreement and the transactions contemplated thereby under the HSR Act and all applicable antitrust laws shall have expired, been received or terminated;
- no applicable law or injunction enacted, entered, promulgated, enforced or issued by any governmental authority or other legal restraint or prohibition preventing the consummation of the transactions contemplated by the Business Combination Agreement shall be in effect;

[Table of Contents](#)

- the Merger shall have been consummated substantially simultaneously pursuant to the terms of the Business Combination Agreement and the Related Documents (as defined in the Business Combination Agreement);
- the approval of the BCA Proposal, the Domestication Proposal, the Stock Issuance Proposal and certain of the Organization Documents Proposals shall have been obtained;
- the Domestication shall have been consummated immediately prior to the Effective Time; and
- the PIPE Investment shall have been consummated immediately prior to the Effective Time in accordance with the terms set forth in the applicable Subscription Agreements.

Conditions to Leo's Obligations

The obligations of Leo to consummate the Merger and the other transactions contemplated by the Business Combination Agreement are subject to the satisfaction (or written waiver by Leo, in whole or in part, to the extent such conditions can be waived) at or prior to the Closing Date of the following conditions:

- (i) the representations and warranties of the Seller set forth in Sections 4.1(a), 4.2 (except for errors which are *de minimis* in aggregate), and 4.3 of the Business Combination Agreement shall be true and correct in all respects as of the Closing Date as though made on and as of the Closing Date (other than any representation or warranty that expressly relates to a specific date, which representation and warranty shall be so true and correct on the date so specified), and (ii) the other representations and warranties of the Seller set forth in Article IV of the Business Combination Agreement shall be true and correct (without giving effect to any limitation as to “materiality” or “Material Adverse Effect” or similar qualifier) as of the Closing Date as though made on and as of the Closing Date (other than any representation or warranty that expressly relates to a specific date, which representation and warranty shall be so true and correct on the date so specified), except in the case of this clause (ii), where the failure of such representations and warranties to be so true and correct would not, individually or in the aggregate, have a Material Adverse Effect;

Each of Queso and Leo will use its reasonable best efforts to respond as promptly as reasonably practicable to any comments from the SEC with respect to this proxy statement. Prior to filing or mailing this proxy statement (or any amendment or supplement thereto) or responding to any comments of the SEC with respect thereto, each of Queso and Leo (i) shall provide the other an opportunity to review and comment on such document or response (including the proposed final version of such document or response), (ii) shall include in such document or response all comments reasonably proposed by the other and (iii) shall not file or mail such document or respond to the SEC prior to receiving the approval of the other, which approval shall not be unreasonably withheld, conditioned or delayed.

- If prior to the Closing, any event occurs with respect to Leo, or any change occurs with respect to other information supplied by Leo for inclusion in this proxy statement, which is required to be described in an amendment of, or a supplement to, this proxy statement, Leo shall promptly notify Queso of such event, and Queso and Leo shall cooperate in the prompt filing with the SEC of any necessary amendment or supplement to this proxy statement and, as required by law, in disseminating the information contained in such amendment or supplement to the Leo's stockholders, and Queso's stockholders.

- by Leo, upon written notice to the Seller, if Queso breaches or fails to perform in any material respect any of its representations, warranties or covenants set forth in the Business Combination Agreement and such breach or failure to perform (i) would give rise to the failure of a condition to each party's obligations or to Leo's obligations to complete the Business Combination, (ii) cannot be or has not been cured within 30 days following delivery by Leo of written notice to the Seller, of such breach or failure to perform and (iii) has not been waived by Leo; provided, that Leo shall not be entitled to terminate the Business Combination Agreement if, at the time of such termination, Leo is in breach of any representation, warranty, covenant or other agreement contained in the Business Combination Agreement in a manner such that the conditions to Closing would not have been satisfied;
- by the Seller, upon written notice to Leo, if Leo breaches or fails to perform in any respect any of its representations, warranties or covenants set forth in the Business Combination Agreement and such breach or failure to perform (i) would give rise to the failure of a condition to Queso's obligations or to the Seller's obligations to complete the Business Combination, (ii) cannot be or has not been cured within 30 days following delivery by the Seller of written notice to Leo of such breach or failure to perform and (iii) has not been waived by the Seller; provided, that the Seller shall not be entitled to terminate the Business Combination Agreement if, at the time of such termination, the Seller is in breach of any representation, warranty, covenant or other agreement contained in the Business Combination Agreement in a manner such that the conditions to Closing would not have been satisfied;

- by Leo, if the Seller Consent is not delivered to it within 24 hours after the execution and delivery of the Business Combination Agreement; or

Any waiver by New CEC of the provisions of the Lock-Up Agreement requires the approval of a majority of New CEC's directors who qualify as "independent" for purposes of serving on the audit committee under the listing standards of the NYSE and the rules of the SEC.

Director Nomination Agreement

On the Closing Date, New CEC, Sponsor and Seller will enter into a Director Nomination Agreement, substantially in the form attached to this proxy statement/prospectus as Annex H, pursuant to which, among other things the Seller and Sponsor will each have certain rights to designate a certain number of individuals to be nominated for election to the board of directors of New CEC as described in more detail below.

Director Composition

New CEC shall take all necessary and desirable actions within its control such that, as of the Effective Time, (i) the size of the board of directors of New CEC (the “New CEC Board”) is set at nine directors, (ii) sufficient existing directors resign or are removed from the New CEC Board such that seven director positions are vacant immediately prior to the nomination and appointment of the Seller’s directors and Sponsor’s directors provided for in the following clauses, (iii) Lyndon Lea, Robert Darwent and Mary E. “Issued and Outstanding” shall mean, as of any given time, (a) the number of shares of New CEC Common Stock issued and outstanding (on a non-fully diluted basis), excluding (b) the number of shares of New CEC Common Stock, if any, (i) held in treasury by New CEC, (ii) held by any New CEC Subsidiary (as such term defined in the Business Combination Agreement) or (iii) issued in connection with the exercise of any warrants for New CEC Common Stock.

If Seller, or its permitted assignees, as applicable, has the right to designate one or more directors and either has not exercised such right or the applicable director has not been elected as a Seller Director, then Seller, or its permitted assignees, as applicable, may elect at such time, in its sole discretion, to designate one Board observer (regardless of the number of such designation rights held by the Seller, or its permitted assignees, as applicable) to attend and participate in all meetings of the Board or any committees thereof, in a non-voting capacity by the giving of written notice to New CEC of such election.

Financing Matters

Under the terms of the CEC senior notes, the redemption price will be 102% of the principal amount of the CEC senior notes being redeemed, plus all accrued but unpaid interest to the redemption date. New CEC will use the sum of (i) cash held in the trust account, net of redemptions, plus (ii) gross proceeds of the PIPE Investment, less (iii) the transactions costs of the transactions contemplated under the Business Combination Agreement to finance this redemption.

At or following the Business Combination, New CEC will also consider refinancing its existing term loan and revolving credit facilities.

Background to the Business Combination

Leo is a blank check company incorporated on November 29, 2017 as a Cayman Islands exempted company and formed for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. The potential Merger was the result of an extensive search for potential transactions utilizing the global network of Leo's management team, including its board of directors. The terms of the Business Combination Agreement were the result of extensive negotiations among the representatives of Leo and Queso. Conversations on behalf of Queso were conducted with Queso management and individuals affiliated with Apollo Global Management, LLC (together with its consolidated subsidiaries, "Apollo"), as representatives of Queso. Funds managed by affiliates of Apollo (the "Apollo Funds") collectively own the Seller, and through the Seller, a majority of the equity interests of Queso. Andrew S. Jhawar, Senior Partner of Apollo responsible for the Apollo Funds' investment in Queso and Chairman of the Board of Queso from December 2018, assisted by other individuals affiliated with Apollo, had primary responsibility for negotiating the Business Combination Agreement on Queso's behalf.

On February 15, 2018, Leo completed its initial public offering of 20,000,000 units at a price of \$10.00 per unit generating gross proceeds of \$200.0 million before underwriting discounts and expenses. Each unit consisted of one Class A ordinary share and one-half of one public warrant. Each whole warrant entitles the holder thereof to purchase one Class A ordinary share for \$11.50 per share, subject to certain adjustments. Simultaneous with the closing of the initial public offering, Leo completed the private sale of an aggregate of 4,000,000 private placement warrants at a price of \$1.50 per private placement warrant to our Sponsor. The private placement warrants are substantially identical to the public warrants sold as part of the units in the initial public offering, except that Sponsor has agreed not to transfer, assign or sell any of the private placement warrants (except to certain permitted transferees) until 30 days after the completion of Leo's initial business combination. In addition, the private placement warrants also are not redeemable by Leo so long as they are held by Sponsor or its permitted transferees, and they may be exercised by Sponsor and its permitted transferees on a cashless basis.

Since the completion of its initial public offering, Leo considered a number of potential target businesses with the objective of consummating its initial business combination. Representatives of Leo contacted, and were

[Table of Contents](#)

contacted by, a number of individuals and entities who offered to present ideas for business combination opportunities, including financial advisors and companies in the media, entertainment, consumer products and telecommunications sectors. Leo considered businesses that it believed could benefit from the substantial expertise, experience and network of its management team, have attractive growth prospects and exhibited industry leadership.

In the process that led to identifying Queso as attractive investment opportunities, Leo's management team evaluated over 40 potential business combination targets, entered into non-disclosure agreements with approximately 12 potential business combination targets (other than Queso), and submitted non-binding indications of interest or letters of intent with respect to eight potential business combination targets (other than Queso).

On March 20, 2019, K&E circulated a draft PIPE subscription agreement and Leo engaged Marsh Risk & Insurance Services to act as a broker for R&W insurance.

On March 23, 2019, based on a completion of business due diligence and investor feedback, Mr. Lea communicated to representatives of Queso a proposed revised enterprise valuation of \$1,410 million with a surrender of 1,250,000 of the 5,000,000 founder shares by the Sponsor to the Company.

On March 25, 2019, Mr. Lea and Mr. Jhavar discussed a revised transaction proposal and agreed to a \$1,409 million enterprise valuation (7.54x 2019 estimated adjusted EBITDA of \$187 million) with the Sponsor surrendering 1,750,000 Class B ordinary shares to the Company.

On March 26, 2019, K&E sent a revised version of the Business Combination Agreement to ML.

On March 27, 2019, Leo executed a term sheet with Euclid Transactional, LLC, provider of representations and warranties insurance, and provided Euclid access to data room and PwC report.

From and after March 27, 2019, the parties continued to negotiate the Business Combination Agreement, the related ancillary agreements and the terms of the PIPE Investment.

On April 4, 2019, there was a telephonic meeting of Leo's board, and representatives of K&E and Maples & Calder, Cayman Islands counsel to Leo, at which Mr. Lea provided an overview of the proposed transaction, discussed the transaction and the reasons therefor. These discussions included the terms and conditions of the Business Combination Agreement and the key ancillary agreements, the potential benefits of the proposed transaction, the risks related thereto, and the proposed timeline for finalizing and announcing the proposed transaction and recommending that shareholders vote "FOR" the proposals to approve the transaction. Before any actions were approved, Mr. Lea and Robert Darwent, Chief Financial Officer and Director, gave notice for the record that (i) they are officers and directors of the Company and have equity interests in the Sponsor, the holder of 4,000,000 warrants to purchase Class A ordinary shares and 4,910,000 shares of Class B ordinary shares (of which 1,750,000 will be forfeited in the transaction and the related anti-dilution features of the remaining Class B ordinary shares were waived), (ii) that Mr. Lea and other officers may be nominated for the board of the Company post-closing and that it was anticipated that Mr. Lea would serve as co-Chairman and/or Chairman; and (iii) have other interests in the transactions, including that a portion of the private placement would be provided by affiliates of Lion Capital which are controlled by Mr. Lea, and therefore should be regarded as interested accordingly in the proposed transaction.

The board then reviewed the Business Combination Agreement and unanimously adopted resolutions (i) determining that it is in the best interests of the Company to enter into the Business Combination Agreement and (ii) adopting the Business Combination Agreement and approving the Company's execution, delivery and performance of the same and the consummation of the transactions contemplated by the Business Combination Agreement including the private placement in which affiliates of Lion Capital, controlled by Mr. Lea, would participate and enter into the ancillary documents. In coming to its decision, the board viewed the surrender of 1,750,000 Class B ordinary shares by Leo Investors Limited Partnership together with a PIPE transaction for \$100,000,000 in proceeds in exchange for 10,700,000 New CEC Common Stock as overall not being dilutive to a \$10 share price.

The transaction described above including the nomination agreement pursuant to which Leo Investors Limited Partnership would have nomination rights for three directors was discussed and the transactions were approved unanimously by all directors who did not have ownership interests in Leo Investors Limited Partnership.

On April 7, 2019, certain institutional investors executed subscription agreements to purchase for a \$100,000,000 aggregate subscription price 10,000,000 shares of common stock (plus an additional 700,000) and the Business Combination Agreement was executed.

On April 8, 2019, Leo and Queso issued a joint press release announcing the execution of the transaction and Leo filed a Current Report on Form 8-K with an investor presentation providing information on Queso and the proposed transaction.

On April 8, 2019, as contemplated by the Business Combination Agreement, Queso provided to Leo the written consent of its majority stockholder approving the transactions contemplated by the Business Combination Agreement.

Leo's Board of Directors' Reasons for the Business Combination

On April 4, 2019, the Leo board of directors (i) approved the Business Combination Agreement and related transaction agreements and the transactions contemplated thereby, (ii) determined that the Business Combination is in the best interests of Leo and its shareholders, and (iii) recommended that Leo's shareholders approve and adopt the Business Combination.

In evaluating the Business Combination and making these determinations and this recommendation, the Leo board of directors consulted with Leo's senior management and considered a number of factors.

The Leo board of directors and management also considered the general criteria and guidelines that Leo believed would be important in evaluating prospective target businesses as described in the prospectus for Leo's initial public offering. The Leo board of directors also considered that they could enter into a business combination with a target business that does not meet those criteria and guidelines. In the prospectus for its initial public offering, Leo stated that it intended to focus primarily on acquiring a company or companies with the following criteria and guidelines in part:

- (i) could benefit from the substantial expertise, experience and network of Leo's management team;
- (ii) have attractive growth prospects;
- (iii) have a competitive advantage;
- (iv) exhibit barriers to entry;
- (v) exhibit industry leadership;
- (vi) exhibit potential for global expansion;
- (vii) are well positioned to participate in sector consolidation or would benefit from a public acquisition currency;
- (viii) demonstrate attractive valuation and limit Leo's downside exposure; and/or
- (ix) demonstrate potential for free cash flow generation.

In considering the Business Combination, the Leo board of directors determined that the Business Combination was an attractive business opportunity that met the vast majority of the criteria and guidelines above, although not weighted or in any order of significance.

In particular, the Leo board of directors considered the following factors:

- A. **Iconic, Widely Recognized Brand.** The Leo board of directors noted that Chuck E. Cheese is an iconic, widely-recognized brand with significant brand strength and high awareness. It has near universal overall awareness at 99% and 86% unaided awareness, according to a study by Russell Research, and a Net Promoter Score of 91% for the quarter ended December 30, 2018.
- B. **Differentiated Family Fun and Entertainment Experience.** The Leo board of directors noted that Chuck E. Cheese is a leader in integrated family entertainment and dining. Chuck E. Cheese's unique combination of family entertainment and dining, coupled with leading hospitality, results in approximately 75% of guests purchasing both entertainment and dining offerings when they visit.
- C. **Highly Compelling Consumer Value Proposition.** The Leo board of directors believes that, at only \$34 for a package that includes food, drinks, and entertainment, the value proposition Chuck E. Cheese offers is highly compelling and represents a fraction of the cost of comparable offerings of alternatives that combine dining with family entertainment.
- D. **Substantial Scale and an Attractive Venue Portfolio.** With a portfolio of 750 venues spread across 47 states and 14 foreign countries and territories, the Leo board of directors believes that Chuck E. Cheese is the largest scaled player in the United States with a nationwide presence.

- E. **Strong Operating Margins and Attractive Free Cash Flow.** The Leo board of directors considered that Queso achieved high gross profit margins of 85% for Fiscal 2018, benefitting from the mix of higher margin entertainment and merchandise sales along with favorable food and beverage margins. Coupled with low maintenance capital expenditures, representing 5% of Fiscal 2018 sales, Queso achieves strong discretionary free cash flow.
- F. **Consistent Demand Throughout All Cycles.** The Leo board of directors believes there is strong and consistent demand for wholesome entertainment and family dining, and that Chuck E. Cheese’s price point is attractive in any economic condition. This has been demonstrated by Queso’s resilient comparable venue sales performance in historical economic downturns. During the Great Recession from 2008 – 2010, Chuck E. Cheese outperformed restaurant and destination entertainment industry benchmarks compiled by Knapp Track, generating, on average, positive comparable venue sales growth of 0.1%.
- G. **Proven and Experienced Management Team.** Following the Business Combination, Queso’s current management team will remain in place. Led by Chief Executive Officer Thomas Leverton, Queso’s executive management team has significant experience in multi-site leisure, hospitality, entertainment and family dining industries.
- H. **Strategic Plan with Multiple Levers of Growth.** The Leo board of directors believes that Queso’s strategic plan is attractive, by focusing on increasing comparable venue sales by enhancing the total guest experience and unlocking operational investments Chuck E. Cheese has made, enhancing its venue base with a comprehensive remodel program, and expanding its global venue network, particularly internationally.
- (i) *Increase Comparable Venue Sales.* Chuck E. Cheese’s core strategy to grow comparable venue sales is driven by initiatives to enhance the in-venue experience for both kids and adults and capitalize on growth opportunities created by recent operational investments in order to improve the guest experience, enhance guest engagement, leverage existing investments in its proprietary Play Pass card system and All You Can Play, and optimize pricing.
- (ii) *Remodeling Venues to Provide a Modern, Fresh Look.* Following initial tests of a redesigned concept at Chuck E. Cheese venues which carefully targeted areas to improve family experience and comfort, Chuck E. Cheese completed a series of initial remodels in 2017 and 2018. The venues remodeled in 2017 have experienced a sustained 12% comparable store sales uplift, and those remodeled in 2018 have experienced a 16% comparable store sales uplift versus un-remodeled venues. Chuck E. Cheese plans to complete 60 remodels in 2019 and 90 per year thereafter.
- (iii) *Pursue New Venue Growth Domestically and Internationally.* Chuck E. Cheese has a long track record of successful new venue development and will continue to pursue a disciplined venue growth strategy in both new and existing markets where strong cash-on-cash returns and long term success can be achieved. Chuck E. Cheese targets rates of return of over 30% for new company-operated venues.
- I. **Financial Condition.** The Leo board of directors also considered factors such as Queso’s historical financial results, outlook, financial plan, debt structure and owned asset base, as well as valuations and trading of publicly traded companies and valuations of precedent merger and acquisition targets in similar and adjacent sectors.
- J. **Terms of Transaction.** The Leo board of directors reviewed and considered the terms of the Business Combination Agreement and the related agreements, including the parties’ conditions to their respective obligations to complete the transactions contemplated therein and their ability to terminate the agreement. See “—*The Business Combination Agreement*,” “—*Related Agreements—Amended and Restated Registration Rights Agreement*” and “—*Related Agreements—Director Nomination Agreement*” for detailed discussions of the terms and conditions of these agreements.

- K. **Results of Review of Transactions.** The Leo management team evaluated several companies which the Leo management team could add value through its relationships and expertise. The Leo board of directors considered that it was not aware of any alternative transactions that would be reasonably likely to be more favorable to the Leo shareholders than the terms of the Business Combination. In particular, since Leo's initial public offering, representatives of Leo had considered over 40 potential acquisition targets, entered into nondisclosure agreements with approximately 12 potential acquisition targets (other than Queso) or their representatives, and submitted indications of interest with respect to eight potential acquisition targets (other than Queso). Despite these efforts, the Leo board of directors was not aware of any transaction available to Leo that it believed was more favorable than the Business Combination. In addition, the Leo board of directors considered that the terms of the Business Combination had been negotiated on an arm's-length basis in light of each party's judgment about its ability to negotiate different or better terms. Based on the negotiations, the Leo board of directors considered that it believed that the terms of the Business Combination Agreement and related agreements were the best terms to which Queso were reasonably likely to agree. See "*—Background to the Business Combination*" for more information on Leo's consideration of other transactions and the negotiations of the terms of the Business Combination. The Leo board of directors also considered that Leo could decide not to consummate an initial business combination and return to its shareholders their pro rata portion of the trust account, however, the Leo board of directors determined that, in light of the other factors considered by the board noted in this section, the Business Combination was more beneficial to Leo's shareholders than not consummating an initial business combination.
- L. **Continued Ownership By Sellers.** The Leo board of directors considered that Queso equityholders would be receiving exclusively New CEC Common Stock for their consideration, including, with respect to Queso equityholders, New CEC Common Stock that will be subject to vesting and certain other restrictions. The Leo board of directors considered this as a sign of confidence in New CEC following the Business Combination and the benefits to be realized by each company as a result of the Business Combination.
- M. **Results of Due Diligence.** The Leo board of directors considered the scope of the due diligence investigation conducted by Leo's senior management and outside advisors and evaluated the results thereof and information available to it related to Queso, including:
- a. multiple meetings and calls with the Queso management team regarding its operations and projections and the proposed transaction;
 - b. in-person visits to Queso's headquarters in Irving, Texas;
 - c. review of materials related to Queso made available by Queso, including material contracts, strategic plans, key metrics and performance indicators, benefit plans, insurance policies, litigation information, financial statements, environmental matters, risk mitigation materials, and other legal diligence;
 - d. review of financial due diligence materials prepared by professional advisors, including quality of earnings reports and tax due diligence reports;
 - e. other financial, tax, legal, environmental and accounting diligence; and
 - f. discussions with industry experts.

The Leo board of directors also identified and considered the following factors and risks weighing negatively against pursuing the Business Combination, although not weighted or in any order of significance:

- A. **Potential Inability to Complete the Business Combination.** The Leo board of directors considered the possibility that the Business Combination may not be completed and the potential adverse consequences to Leo if the Business Combination is not completed, in particular the expenditure of time and resources in pursuit of the Business Combination and the loss of the opportunity to participate in the transaction. In particular, they considered the uncertainty related to the closing of the Business

Combination primarily outside of the control of the parties to the transaction, including the need for antitrust approvals. In addition, the Leo board of directors considered the risk that the current public shareholders of Leo would redeem their public shares for cash in connection with consummation of the Business Combination, thereby reducing the amount of cash available to New CEC following the consummation of the Business Combination and potentially requiring Queso and the Seller to waive certain conditions under the Business Combination Agreement in order for the Business Combination to be consummated. The Leo board of directors noted that the Business Combination Agreement includes a condition that, after giving effect to redemptions by holders of Leo Class A ordinary shares in connection with the Business Combination and the PIPE Investments, New CEC shall have net available cash equal to no less than \$250,000,000. As of April 23, 2019, without giving effect to any future redemptions that may occur, the trust account has approximately \$204,486,000. Further, the Leo board of directors considered the risk that current public shareholders would exercise their redemption rights is mitigated because Queso will be acquired at an attractive aggregate purchase price.

- B. *Queso Business Risks.* The Leo board of directors considered that Leo shareholders would be subject to the execution risks associated with New CEC if they retained their public shares following the closing of the Business Combination, which were different from the risks related to holding public shares of Leo prior to the closing. In this regard, the Leo board of directors considered that there were risks associated with successful implementation of New CEC's long term business plan and strategy, New CEC realizing the anticipated benefits of the Business Combination on the timeline expected or at all. The Leo board of directors considered that the failure of any of these activities to be completed successfully may decrease the actual benefits of the Business Combination and that Leo shareholders may not fully realize these benefits to the extent that they expected to retain the public shares following the completion of the Business Combination. For additional description of these risks, please see "*Risk Factors.*"
- C. *Post-Business Combination Corporate Governance; Terms of the Director Nomination Agreement.* The Leo board of directors considered the corporate governance provisions of the Business Combination Agreement, the Director Nomination Agreement and the Proposed Organizational Documents and the effect of those provisions on the governance of the company following the closing. In particular, they considered that Seller and Sponsor will have the right to designate directors to the board of directors of New CEC for as long as they hold certain amounts of shares of the New CEC Common Stock. The Leo board of directors was aware that these rights are not generally available to shareholders of Leo, including shareholders that may hold a large number of shares. See "*—The Business Combination Agreement*" and "*—Related Agreements—Director Nomination Agreement*" for detailed discussions of the terms and conditions of these agreements.
- D. *Limitations of Review.* The Leo board of directors considered that they were not obtaining an opinion from any independent investment banking or accounting firm that the price Leo is paying to acquire Queso is fair to Leo or its shareholders from a financial point of view. In addition, the senior management reviewed only certain materials in connection with its due diligence review of Queso. Accordingly, the Leo board of directors considered that Leo may not have properly valued Queso.
- E. *Limited Survival of Remedies for Breach of Representations, Warranties or Covenants of Queso.* The Leo board of directors considered that the terms of the Business Combination Agreement provide that Leo will have limited surviving remedies against the majority stockholder after the closing to recover for losses as a result of any inaccuracies or breaches of certain Queso's and the Seller's fundamental representations, warranties or post-closing covenants set forth in the agreement. To mitigate against this, Leo determined to acquire R&W Policies for Queso which will be partially funded by Queso. However, the R&W Policies have certain exclusions and deductibles. As a result, Leo shareholders could be adversely affected by, among other things, a decrease in the financial performance or worsening of financial condition of Queso prior to the closing, whether determined before or after the closing, without any ability to reduce the cash to be paid or the number of shares to be issued in the Business Combination or recover for the amount of any damages. The Leo board of directors

determined that this structure was appropriate and customary, in light of the fact that several transactions include similar terms, Leo was obtaining the R&W Policies and the owners of Queso would continue to be equityholders in New CEC.

- F. *Interests of Leo's Directors and Executive Officers.* The Leo board of directors considered the potential additional or different interests of Leo's directors and executive officers, as described in the section entitled "*—Interests of Leo's Directors and Executive Officers in the Business Combination.*" However, Leo's board of directors concluded that the potentially disparate interests would be mitigated because (i) these interests were disclosed in the prospectus for Leo's initial public offering and are included in this proxy statement/prospectus, (ii) these disparate interests would exist with respect to a business combination by Leo with any other target business(es) and (iii) a significant portion of the consideration to Leo's directors and executive officers was structured to be realized based on the future performance of the New CEC Common Stock.

Based on its review of the forgoing considerations, the Leo board of directors concluded that the potentially negative factors associated with the Business Combination were outweighed by the potential benefits that it expects Leo shareholders will receive as a result of the Business Combination.

The preceding discussion of the information and factors considered by the Leo board of directors is not intended to be exhaustive but includes the material factors considered by the Leo board of directors. In view of the complexity and wide variety of factors considered by the Leo board of directors in connection with its evaluation of the Business Combination, the Leo board of directors did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign relative weights to the different factors that it considered in reaching its decision. In addition, in considering the factors described above, individual members of the Leo board of directors may have given different weight to different factors. The Leo board of directors considered this information as a whole and overall considered the information and factors to be favorable to, and in support of, its determinations and recommendations.

This explanation of the Leo board of directors' reasons for its approval of the Business Combination, and all other information presented in this section, is forward-looking in nature and, therefore, should be read in light of the factors discussed under "*Cautionary Statement Regarding Forward-Looking Statements.*"

Projected Financial Information

Queso does not as a matter of course make public projections as to future sales, earnings or other results. However, Leo's management has prepared the prospective financial information set forth below for internal use, capital budgeting and other management purposes. Queso provided Leo with its internally prepared projections for the fiscal years ended December 29, 2019 and December 27, 2020. The prospective financial information was not prepared with a view toward compliance with the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information but, in the view of Queso's management, was prepared on a reasonable basis and reflects the best estimates and judgments available to Queso's management as of March 10, 2019, and presented, to the best of management's knowledge and belief, the expected course of action and the expected future financial performance of Queso, in each case as of such date. Because these projections were prepared solely for internal use, capital budgeting and other management purposes, they are therefore subjective in many respects and susceptible to varying interpretations and the need for periodic revision based on actual experience and business developments, and were not intended for third party use when prepared, including by investors or holders. You are cautioned not to rely on the projections in making a decision regarding the transaction, as the projections may be materially different than actual results.

[Table of Contents](#)

The projections reflect numerous assumptions including assumptions with respect to general business, economic, market, regulatory, and financial conditions and various other factors, all of which are difficult to predict and many of which are beyond Queso's control, such as the risks and uncertainties contained in the section entitled "*Risk Factors*." The projections reflect the consistent application of accounting policies of Queso and should be read in conjunction with the accounting policies included in Note 1 accompanying the historical audited consolidated financial statement of Queso included elsewhere in this proxy statement/prospectus.

The financial projections for revenue and costs are forward looking statements that are based on growth assumptions that are inherently subject to significant uncertainties and contingencies, many of which are beyond Queso's control. While all projections are necessarily speculative, Queso believes that the prospective financial information covering periods beyond 12 months from its date of preparation carries even higher levels of uncertainty and should be read in that context. There will be differences between actual and projected financial results, and actual results may be materially greater or materially less than those contained in the projections. The inclusion of the projections in this proxy statement/prospectus should not be regarded as an indication that Queso, Leo or any of their respective representatives considered or consider the projections to be a reliable prediction of future events.

The projections were requested by, and disclosed to, Leo for use as a component in its overall evaluation of Queso, and are included in this proxy statement/prospectus on that account. Queso has not warranted the accuracy, reliability, appropriateness or completeness of the projections to anyone, including Leo. Neither Queso's management nor any of its representatives has made or makes any representation to any person regarding the ultimate performance of Queso compared to the information contained in the projections, and none of them intends to or undertakes any obligation to update or otherwise revise the projections to reflect the circumstances existing after March 10, 2019 or to reflect the occurrence of future events in the event that any or all of the assumptions underlying the projections are shown to be in error. Accordingly, they should not be looked at as "guidance" of any sort. Queso will not refer back to these forecasts in its future periodic reports filed under the Exchange Act.

The projections were prepared by, and are the responsibility of, Queso's management. Queso's auditors have neither examined nor complied nor performed any procedures with respect to the accompanying prospective financial information nor have they expressed any opinion or any other form of assurance on such information or its achievability and assume no responsibility for and disclaim any association with the prospective financial information.

The key elements of the projections provided to Leo as of March 10, 2019 are summarized in the table below:

(\$ in millions)	Fiscal Year Ended December 31,	
	2019E(1)	2020E(2)
Revenue	\$ 929	\$ 974
% Growth	3.7%	4.8%
Adjusted EBITDA(3)	\$ 187	\$ 205
% Margin	20%	21%
Capital Expenditures	\$ 103	\$ 98
% Revenue	11.1%	10.1%
Discretionary Free Cash Flow(4)	\$ 152	\$ 172
% Conversion(5)	81%	84%

(1) Queso financials presented in accordance with GAAP.

(2) The presentations for 2020 were prepared on the basis of a 52-week year for comparability. New CEC's Fiscal 2020 will be a 53-week year.

- (3) See “*Summary of the Proxy Statement/Prospectus—Selected Historical Financial Information of Queso—Non-GAAP Financial Measures*” for information about Adjusted EBITDA, a reconciliation of net income to Adjusted EBITDA and the calculation of Adjusted EBITDA Margin. Projections reflect Queso’s management’s estimate of the additional costs of being a public company.
- (4) Calculated as Adjusted EBITDA less maintenance capital expenditures.
- (5) % Conversion is calculated as (i) Adjusted EBITDA minus maintenance capital expenditures, divided by (ii) Adjusted EBITDA.

The reconciliation of forward-looking Free Cash Flow and Adjusted EBITDA to the closest corresponding GAAP measure is not available without unreasonable efforts on a forward-looking basis due to the high variability, complexity and low visibility with respect to the charges excluded from these non-GAAP measures such as the impact of foreign exchange gains and losses, the effects of stock-based compensation, acquisition related costs, severance costs and asset write-offs. We expect the variability of these items to have a significant, and potentially unpredictable, impact on our future GAAP financial results.

Satisfaction of 80% Test

It is a requirement under our memorandum and articles of association that any business acquired by Leo have a fair market value equal to at least 80% of the balance of the funds in the trust account at the time of the execution of a definitive agreement for an initial business combination. Based on the financial analysis of Queso generally used to approve the transaction, the Leo board of directors determined that this requirement was met. The board determined that the consideration being paid in the Business Combination, which amount was negotiated at arms-length, was fair to and in the best interests of Leo and its shareholders and appropriately reflected Queso’s value. In reaching this determination, the board concluded that it was appropriate to base such valuation in part on qualitative factors such as management strength and depth, competitive positioning, customer relationships, and technical skills, as well as quantitative factors such as Queso’s historical growth rate and its potential for future growth in revenue and profits. Leo’s board of directors believes that the financial skills and background of its members qualify it to conclude that the acquisition of Queso met this requirement.

Interests of Leo’s Directors and Executive Officers in the Business Combination

When you consider the recommendation of Leo’s board of directors in favor of approval of the BCA Proposal, you should keep in mind that the Class B Shareholders, including Leo’s directors and executive officers, have interests in such proposal that are different from, or in addition to, those of Leo shareholders and warrant holders generally. These interests include, among other things, the interests listed below:

- If Leo does not consummate a business combination by February 14, 2020, it would cease all operations except for the purpose of winding up, redeeming all of the outstanding public shares for cash and, subject to the approval of its remaining shareholders and its board of directors, dissolving and liquidating, subject in each case to its obligations under the Cayman Islands Companies Law to provide for claims of creditors and the requirements of other applicable law. In such event, the 5,000,000 Class B ordinary shares owned by the Class B Shareholders would be worthless because following the redemption of the public shares, Leo would likely have few, if any, net assets and because our Class B Shareholders have agreed to waive their rights to liquidating distributions from the trust account with respect to the Class B ordinary shares if we fail to complete a Business Combination within the required period. Sponsor purchased the Class B ordinary shares prior to our initial public offering for approximately \$0.004 per share. The 3,250,000 Converted Founder Shares that the Class B Shareholders will hold following the Business Combination, if unrestricted and freely tradable, would have had aggregate market value of \$33,442,500 based upon the closing price of \$10.29 per share of public share on the NYSE on April 25, 2019, the most recent closing price. Given such Converted Founder Shares will be subject to such restrictions, we believe such shares have less value.

Table of Contents

- Sponsor paid \$6,000,000 for its 4,000,000 private placement warrants to purchase Class A ordinary shares and such private placement warrants will expire worthless if a business combination is not consummated by February 14, 2020.
- Lyndon Lea, Leo's Chairman and Chief Executive Officer, Robert Darwent, Leo's Chief Financial Officer and member of Leo's Board of Directors and Mary E. Minnick, a member of Leo's Board of Directors, are each expected to be directors of New CEC after the consummation of the Business Combination.
- Leo's existing directors and officers will be eligible for continued indemnification and continued coverage under Leo's directors' and officers' liability insurance after the Business Combination.
- In order to protect the amounts held in the trust account, Sponsor has agreed that it will be liable to Leo if and to the extent any claims by a vendor for services rendered or products sold to Leo, or a prospective target business with which Leo has discussed entering into a transaction agreement, reduce the amount of funds in the trust account. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the trust account or to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act.
- Following the consummation of the Business Combination, Sponsor would be entitled to the repayment of any working capital loan and advances that have been made to Leo and remain outstanding. Leo does not complete an initial business combination by February 14, 2020, Leo may use a portion of its working capital held outside the trust account to repay these working capital loans, but no proceeds held in the trust account would be used to repay the working capital loans.
- Following consummation of the Business Combination, Sponsor, our officers and directors and their respective affiliates would be entitled to reimbursement for any reasonable out-of-pocket expenses related to identifying, investigating and consummating an initial business combination, and repayment of any other loans, if any, and on such terms as to be determined by Leo from time to time, made by Sponsor or certain of our officers and directors to finance transaction costs in connection with an intended initial business combination. However, if Leo fails to consummate a business combination within the required period, Sponsor and Leo's officers and directors and their respective affiliates will not have any claim against the trust account for reimbursement.
- In connection with the PIPE Investment, assuming the Sponsor PIPE Entity finances \$60.0 million of the PIPE Investment, the Sponsor PIPE Entity will receive 6,420,000 shares of New CEC Common Stock.
- Pursuant to the Director Nomination Agreement, Sponsor will have the right to designate up to three directors to the board of directors of New CEC, subject to certain conditions, Seller will have the right to designate up to five directors to the board of directors of New CEC, subject to certain conditions, and the Chief Executive officer of New CEC will be a member of the board of New CEC.
- Pursuant to the Amended and Restated Registration Rights Agreement, the Seller, Lion Capital, the holders of ordinary shares of Leo who are parties to the existing registration rights agreement in respect to ordinary shares held by such holders and certain other shareholders will have customary registration rights, including demand and piggy-back rights, subject to cooperation and cut-back provisions with respect to the shares of New CEC Common Stock and warrants held by such parties.
- The Proposed Certificate of Incorporation will contain provisions that have the same effect as Section 203 and prevent New CEC from engaging in a business combination with an "interested stockholder," unless certain conditions are met.

Leo's directors and executive officers have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting and waive their redemption rights with respect to such ordinary shares in connection with the consummation of the Business Combination. The Class B ordinary

[Table of Contents](#)

shares will be excluded from the pro rata calculation used to determine the per-share redemption price. As of the date of this proxy statement/prospectus, Leo's directors and executive officers own approximately 20.0% of the issued and outstanding ordinary shares.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Condition Precedent Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Condition Precedent Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their redemption rights, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the BCA Proposal, the Stock Issuance Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the Domestication Proposal and the Organizational Documents Proposals, (3) otherwise limit the number of public shares electing to redeem and (4) New CEC's net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001.

Entering into any such arrangements may have a depressive effect on the ordinary shares. For example, as a result of these arrangements, an investor or holder may have the ability to effectively purchase shares at a price lower than market and may therefore be more likely to sell the shares he or she owns, either at or prior to the Business Combination.

If such transactions are effected, the consequence could be to cause the Business Combination to be consummated in circumstances where such consummation could not otherwise occur. Purchases of shares by the persons described above would allow them to exert more influence over the approval of the proposals to be presented at the extraordinary general meeting and would likely increase the chances that such proposals would be approved. We will file or submit a Current Report on Form 8-K to disclose any material arrangements entered into or significant purchases made by any of the aforementioned persons that would affect the vote on the proposals to be put to the extraordinary general meeting or the redemption threshold. Any such report will include descriptions of any arrangements entered into or significant purchases by any of the aforementioned persons.

The existence of financial and personal interests of one or more of Leo's directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo's officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled "*—Interests of Leo's Directors and Executive Officers in the Business Combination*" for a further discussion of these considerations.

Expected Accounting Treatment of the Business Combination

The Business Combination will be accounted for as a reverse recapitalization in conformity with GAAP. Under this method of accounting, Leo has been treated as the "acquired" company for financial reporting purposes. This determination was primarily based on existing Queso stockholders comprising a majority of the

[Table of Contents](#)

voting power of the combined company, Queso operations comprising a majority of the ongoing operations of New CEC, and Queso's senior management comprising a majority of the senior management of New CEC combined entity. Accordingly, for accounting purposes, the acquisition will be treated as the equivalent of Queso issuing stock for the net assets of Leo, accompanied by a recapitalization. Net assets of Leo will be stated at historical costs, with no goodwill or other intangible assets recorded.

Regulatory Matters

Under the HSR Act and the rules that have been promulgated thereunder by the FTC, certain transactions may not be consummated unless information has been furnished to the Antitrust Division and the FTC and certain waiting period requirements have been satisfied. The Queso portion of the Business Combination is subject to these requirements and may not be completed until the expiration of a 30-day waiting period following the filing of the required Notification and Report Forms with the Antitrust Division and the FTC or until early termination is granted. On April 19, 2019, Leo and Queso filed the required forms under the HSR Act with the Antitrust Division and the FTC and requested early termination. Early termination of the HSR waiting period was granted on April 29, 2019.

At any time before or after consummation of the Business Combination, notwithstanding termination of the waiting period under the HSR Act, the applicable competition authorities the United States or any other applicable jurisdiction could take such action under applicable antitrust laws as such authority deems necessary or desirable in the public interest, including seeking to enjoin the consummation of the Business Combination, conditionally approving the Business Combination upon divestiture of New CEC's assets, subjecting the completion of the Business Combination to regulatory conditions or seeking other remedies. Private parties may also seek to take legal action under the antitrust laws under certain circumstances. Leo cannot assure you that the Antitrust Division, the FTC, any state attorney general, or any other government authority will not attempt to challenge the Business Combination on antitrust grounds, and, if such a challenge is made, Leo cannot assure you as to its result.

None of Leo or Queso are aware of any material regulatory approvals or actions that are required for completion of the Business Combination other than the expiration or early termination of the waiting period under the HSR Act. It is presently contemplated that if any such additional regulatory approvals or actions are required, those approvals or actions will be sought. There can be no assurance, however, that any additional approvals or actions will be obtained.

Vote Required for Approval

The approval of the BCA Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

Resolution

The full text of the resolution to be passed is as follows:

“RESOLVED, as an ordinary resolution, that the Company's entry into the Business Combination Agreement, dated as of April 7, 2019, by and among the Company, Queso Holdings Inc., a Delaware corporation (“Queso”), and the other parties thereto (a copy of which is attached to the proxy statement/prospectus as Annex A), pursuant to which, among other things, following the Domestication of the Company to Delaware as described below, Queso will merge with and into the Company, the separate corporate existence of Queso will cease and Leo will be the surviving corporation and a wholly owned subsidiary of New CEC (the “Merger”) be approved, ratified and confirmed in all respects.”

Recommendation of Leo's Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE LEO SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE BUSINESS COMBINATION PROPOSAL.

The existence of financial and personal interests of one or more of Leo's directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo's officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled "*BCA Proposal—Interests of Leo's Directors and Executive Officers in the Business Combination*" for a further discussion of these considerations.

DOMESTICATION PROPOSAL

Overview

As discussed in this proxy statement/prospectus, Leo is asking its shareholders to approve the Domestication Proposal. Under the Business Combination Agreement, the approval of the Domestication Proposal is also a condition to the consummation of the Merger.

As a condition to closing the Merger, the board of directors of Leo has unanimously approved, and Leo shareholders are being asked to consider and vote upon a proposal to approve (the “Domestication Proposal”), a change of Leo’s jurisdiction of incorporation by deregistering as an exempted company in the Cayman Islands and continuing and domesticating as a corporation incorporated under the laws of the State of Delaware. To effect the Domestication, Leo will file a notice of deregistration with the Cayman Islands Registrar of Companies, together with the necessary accompanying documents, and file a certificate of incorporation and a certificate of corporate domestication with the Secretary of State of the State of Delaware, under which Leo will be domesticated and continue as a Delaware corporation.

On the effective date of the Domestication, (1) the issued and outstanding Class A ordinary shares will convert automatically by operation of law, on a one-for-one basis, into shares of New CEC Common Stock; (2) the issued and outstanding redeemable warrants that were registered pursuant to the IPO registration statement will become automatically redeemable warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding public warrants as a result of the Domestication); (3) each issued and outstanding unit will be cancelled and will entitle the holder thereof to one share of New CEC Common Stock and one-half of one redeemable warrant to acquire one share of New CEC Common Stock; (4) each issued and outstanding Class B ordinary share, par value \$0.0001 per share, of Leo will convert automatically by operation of law, on a one-for-one basis without giving effect to any rights of adjustment or other anti-dilution protections, into shares of New CEC Common Stock; and (5) the issued and outstanding warrants of Leo issued in a private placement will become automatically warrants to acquire shares of New CEC Common Stock (no other changes will be made to the terms of any issued and outstanding private placement warrants as a result of the Domestication).

The Domestication Proposal, if approved, will approve a change of Leo’s jurisdiction of incorporation from the Cayman Islands to the State of Delaware. Accordingly, while Leo is currently governed by the Cayman Islands Companies Law, upon the Domestication, New CEC will be governed by the DGCL. We encourage shareholders to carefully consult the information set out below under “*Comparison of Corporate Governance and Shareholder Rights*.” Additionally, we note that if the Domestication Proposal is approved, then Leo will also ask its shareholders to approve the Organizational Documents Proposals (discussed below), which, if approved, will replace our current memorandum and articles of association under the Cayman Islands Companies Law with a new certificate of incorporation and bylaws of New CEC under the DGCL. The Proposed Organizational Documents differ in certain material respects from the Existing Organizational Documents and we encourage shareholders to carefully consult the information set out below under “*Organizational Documents Proposals*,” the Existing Organizational Documents of Leo, attached hereto as Annex B and the Proposed Organizational Documents of New CEC, attached hereto as Annex C and Annex D.

Reasons for the Domestication

Our board of directors believes that there are significant advantages to us that will arise as a result of a change of our domicile to Delaware. Further, our board of directors believes that any direct benefit that the DGCL provides to a corporation also indirectly benefits its stockholders, who are the owners of the corporation. The board of directors believes that there are several reasons why a reincorporation in Delaware is in the best interests of Leo and its shareholders. As explained in more detail below, these reasons can be summarized as follows:

- *Prominence, Predictability, and Flexibility of Delaware Law.* For many years Delaware has followed a policy of encouraging incorporation in its state and, in furtherance of that policy, has been a leader in adopting, construing, and implementing comprehensive, flexible corporate laws responsive to the legal and business needs of corporations organized under its laws. Many corporations have chosen Delaware initially as a state of incorporation or have subsequently changed corporate domicile to Delaware. Because of Delaware's prominence as the state of incorporation for many major corporations, both the legislature and courts in Delaware have demonstrated the ability and a willingness to act quickly and effectively to meet changing business needs. The DGCL is frequently revised and updated to accommodate changing legal and business needs and is more comprehensive, widely used and interpreted than other state corporate laws. This favorable corporate and regulatory environment is attractive to businesses such as ours.
- *Well-Established Principles of Corporate Governance.* There is substantial judicial precedent in the Delaware courts as to the legal principles applicable to measures that may be taken by a corporation and to the conduct of a company's board of directors, such as under the business judgment rule and other standards. Because the judicial system is based largely on legal precedents, the abundance of Delaware case law provides clarity and predictability to many areas of corporate law. We believe, such clarity would be advantageous to New CEC, its board of directors and management to make corporate decisions and take corporate actions with greater assurance as to the validity and consequences of those decisions and actions. Further, investors and securities professionals are generally more familiar with Delaware corporations, and the laws governing such corporations, increasing their level of comfort with Delaware corporations relative to other jurisdictions. The Delaware courts have developed considerable expertise in dealing with corporate issues, and a substantial body of case law has developed construing Delaware law and establishing public policies with respect to corporate legal affairs. Moreover, Delaware's vast body of law on the fiduciary duties of directors provides appropriate protection for New CEC's stockholders from possible abuses by directors and officers.
- *Increased Ability to Attract and Retain Qualified Directors.* Reincorporation from the Cayman Islands to Delaware is attractive to directors, officers, and stockholders alike. New CEC's incorporation in Delaware may make New CEC more attractive to future candidates for our board of directors, because many such candidates are already familiar with Delaware corporate law from their past business experience. To date, we have not experienced difficulty in retaining directors or officers, but directors of public companies are exposed to significant potential liability. Thus, candidates' familiarity and comfort with Delaware laws—especially those relating to director indemnification (as discussed below)—draw such qualified candidates to Delaware corporations. Our board of directors therefore believes that providing the benefits afforded directors by Delaware law will enable New CEC to compete more effectively with other public companies in the recruitment of talented and experienced directors and officers. Moreover, Delaware's vast body of law on the fiduciary duties of directors provides appropriate protection for our stockholders from possible abuses by directors and officers.

The frequency of claims and litigation pursued against directors and officers has greatly expanded the risks facing directors and officers of corporations in carrying out their respective duties. The amount of time and money required to respond to such claims and to defend such litigation can be substantial. While both Cayman and Delaware law permit a corporation to include a provision in its governing documents to reduce or eliminate the monetary liability of directors for breaches of fiduciary duty in certain circumstances, we

believe that, in general, Delaware law is more developed and provides more guidance than Cayman law on matters regarding a company's ability to limit director liability. As a result, we believe that the corporate environment afforded by Delaware will enable the surviving corporation to compete more effectively with other public companies in attracting and retaining new directors.

Expected Accounting Treatment of the Domestication

There will be no accounting effect or change in the carrying amount of the consolidated assets and liabilities of Leo as a result of the Domestication. The business, capitalization, assets and liabilities and financial statements of New CEC immediately following the Domestication will be the same as those of Leo immediately prior to the Domestication.

Vote Required for Approval

The approval of the Domestication Proposal requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

The Domestication Proposal is conditioned on the approval and adoption of each of the other Condition Precedent Proposals.

Resolution

The full text of the resolution to be passed is as follows:

"RESOLVED, as a special resolution, that the Company be de-registered in the Cayman Islands pursuant to Article 47 of the Amended and Restated Articles of Association of the Company (as amended) and be registered by way of continuation as a corporation in the State of Delaware."

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE DOMESTICATION PROPOSAL.

The existence of financial and personal interests of one or more of Leo's directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo's officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled "*BCA Proposal—Interests of Leo's Directors and Executive Officers in the Business Combination*" for a further discussion of these considerations.

ORGANIZATIONAL DOCUMENTS PROPOSALS

If each of the following Organizational Documents Proposals and the Condition Precedent Proposals are approved and the Business Combination is to be consummated, Leo will replace the current amended and restated memorandum of association of Leo under the Cayman Islands Companies Law (the “Existing Memorandum”) and the current articles of association of Leo (the “Existing Articles” and, together with the Existing Memorandum, the “Existing Organizational Documents”), in each case, under the Cayman Islands Companies Law, with a proposed new certificate of incorporation (the “Proposed Certificate of Incorporation”) and proposed new bylaws (the “Proposed Bylaws” and, together with the Proposed Certificate of Incorporation, the “Proposed Organizational Documents”) of New CEC, in each case, under the DGCL.

Leo’s shareholders are asked to consider and vote upon and to approve by special resolution five separate proposals (collectively, the “Organizational Documents Proposals”) in connection with the replacement of the Existing Organizational Documents with the Proposed Organizational Documents. The Organizational Documents Proposals are conditioned on the approval of the Domestication Proposal, and, therefore, also conditioned on approval of the BCA Proposal. Therefore, if the BCA Proposal and the Domestication Proposal are not approved, the Organizational Documents Proposals will have no effect, even if approved by holders of ordinary shares.

The Proposed Organizational Documents differ materially from the Existing Organizational Documents. The following table sets forth a summary of the principal changes proposed to be made between our existing memorandum and articles of association and the Proposed Certificate of Incorporation and Proposed Bylaws for New CEC. This summary is qualified by reference to the complete text of the Existing Organizational Documents of Leo, attached to this proxy statement/prospectus as Annex B the complete text of the Proposed Certificate of Incorporation, a copy of which is attached to this proxy statement/prospectus as Annex C and the complete text of the Proposed Bylaws, a copy of which is attached to this proxy statement/prospectus as Annex D. All shareholders are encouraged to read each of the Proposed Organizational Documents in its entirety for a more complete description of its terms. Additionally, as the Existing Organizational Documents are governed by the Cayman Islands Companies Law and the Proposed Organizational Documents will be governed by the DGCL, we encourage shareholders to carefully consult the information set out under the “*Comparison of Corporate Governance and Shareholder Rights*” section of this proxy statement/prospectus.

Resolution

“RESOLVED, as a special resolution, that the Existing Organizational Documents currently in effect be amended and restated by the deletion in their entirety and the substitution in their place of the Proposed Certificate of Incorporation and Proposed Bylaws (copies of which are attached to the proxy statement/prospectus as Annex C and Annex D, respectively), with such principal changes as described in Organizational Documents Proposals A-E.”

ORGANIZATIONAL DOCUMENTS PROPOSAL A—APPROVAL OF AUTHORIZATION OF CHANGE TO AUTHORIZED CAPITAL STOCK, AS SET FORTH IN THE PROPOSED ORGANIZATIONAL DOCUMENTS

Overview

Organizational Documents Proposal A—to authorize the change in the authorized capital stock of Leo from (i) 200,000,000 Class A ordinary shares, 20,000,000 Class B ordinary shares and 1,000,000 preferred shares of Leo to (ii) 500,000,000 shares of New CEC Common Stock and 100,000,000 shares of New CEC Preferred Stock.

As of the date of this proxy statement/prospectus, there are 25,000,000 ordinary shares issued and outstanding, which includes an aggregate of 5,000,000 Class B ordinary shares held by the Class B Shareholders, including Sponsor. In addition, as of the date of this proxy statement/prospectus, there is outstanding an aggregate of 14,000,000 warrants to acquire ordinary shares, which comprise the 4,000,000 private placement warrants held by Sponsor and the 10,000,000 public warrants.

In connection with the Business Combination, (1) New CEC will issue 36,000,137 shares of New CEC Common Stock to the former equityholders of Queso and (2) 10,700,000 shares of New CEC Common Stock are issued to the PIPE Investors upon the consummation of the PIPE Investment. New CEC may also issue an additional 4,000,000 shares of New CEC Common Stock to the stockholders and certain optionholders of Queso subsequent to the consummation of the Business Combination upon the occurrence of certain events and satisfaction of certain conditions as set forth in the Business Combination Agreement. For further details, see “*BCA Proposal—The Business Combination Agreement—Business Combination Consideration.*”

In order to ensure that New CEC has sufficient authorized capital for future issuances, our board of directors has approved, subject to stockholder approval, that the Proposed Organizational Documents of New CEC change in the authorized capital stock of Leo from (i) 200,000,000 Class A ordinary shares, 20,000,000 Class B ordinary shares and 1,000,000 preferred shares of Leo to (ii) 500,000,000 shares of New CEC Common Stock and 100,000,000 shares of New CEC Preferred Stock.

This summary is qualified by reference to the complete text of the Proposed Organizational Documents of New CEC, copies of which are attached to this proxy statement/prospectus as Annex C and Annex D. All stockholders are encouraged to read the Proposed Organizational Documents in their entirety for a more complete description of their terms.

Reasons for the Amendments

The principal purpose of this proposal is to provide for an authorized capital structure of New CEC that will enable it to continue as an operating company governed by the DGCL. Our board of directors believes that it is important for us to have available for issuance a number of authorized shares of common stock and preferred stock sufficient to support our growth and to provide flexibility for future corporate needs (including, if needed, as part of financing for future growth acquisitions).

Vote Required for Approval

The approval of Organizational Documents Proposal A requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

Organizational Documents Proposal A is conditioned on the approval and adoption of each of the other Condition Precedent Proposals.

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE ORGANIZATIONAL DOCUMENTS PROPOSAL A.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

ORGANIZATIONAL DOCUMENTS PROPOSAL B—APPROVAL OF PROPOSAL REGARDING ISSUANCE OF PREFERRED STOCK OF NEW CEC AT THE BOARD OF DIRECTORS’ SOLE DISCRETION, AS SET FORTH IN THE PROPOSED ORGANIZATIONAL DOCUMENTS

Overview

Organizational Documents Proposal B—to authorize the board of directors of New CEC to issue any or all shares of New CEC Preferred Stock in one or more classes or series, with such terms and conditions as may be expressly determined by New CEC’s board of directors and as may be permitted by the DGCL.

Our shareholders are also being asked to approve Organizational Documents Proposal B, which is, in the judgment of our board of directors, necessary to adequately address the needs of New CEC after the Business Combination.

If Organizational Documents Proposal A is approved, the number of authorized shares of preferred stock of New CEC will be 100,000,000 shares. Approval of this Organizational Documents Proposal B will allow for issuance of any or all of these shares of preferred stock from time to time at the discretion of the board of directors, as may be permitted by the DGCL, and without further stockholder action. The shares of preferred stock would be issuable for any proper corporate purpose, including, among other things, future acquisitions, capital raising transactions consisting of equity or convertible debt, stock dividends or issuances under current and any future stock incentive plans, pursuant to which we may provide equity incentives to employees, officers and directors, and in certain instances may be used as an anti-takeover defense.

This summary is qualified by reference to the complete text of the Proposed Organizational Documents of New CEC, copies of which are attached to this proxy statement/prospectus as Annex C and Annex D. All stockholders are encouraged to read the Proposed Organizational Documents in their entirety for a more complete description of their terms.

Reasons for the Amendments

Our board of directors believes that these additional shares will provide us with needed flexibility to issue shares in the future in a timely manner and under circumstances we consider favorable without incurring the risk, delay and potential expense incident to obtaining stockholder approval for a particular issuance.

Authorized but unissued preferred stock may enable the board of directors to render it more difficult or to discourage an attempt to obtain control of New CEC and thereby protect continuity of or entrench its management, which may adversely affect the market price of New CEC. If, in the due exercise of its fiduciary obligations, for example, the board of directors was to determine that a takeover proposal was not in the best interests of New CEC, such preferred stock could be issued by the board without stockholder approval in one or more private placements or other transactions that might prevent or render more difficult or make more costly the completion of any attempted takeover transaction by diluting voting or other rights of the proposed acquirer or insurgent stockholder group, by creating a substantial voting bloc in institutional or other hands that might support the position of the board of directors, by effecting an acquisition that might complicate or preclude the takeover, or otherwise. Allowing New CEC’s board of directors to issue the authorized preferred stock on its own volition will enable New CEC to have the flexibility to issue such preferred stock in the future for financing its business, for acquiring other businesses, for forming strategic partnerships and alliances and for stock dividends and stock splits. New CEC currently has no such plans, proposals, or arrangements, written or otherwise, to issue any of the additional authorized stock for such purposes.

Vote Required for Approval

The approval of Organizational Documents Proposal B requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in

person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

Organizational Documents Proposal B is conditioned on the approval and adoption of the BCA Proposal, the Domestication Proposal, the Required Organizational Documents Proposals and the Stock Issuance Proposal..

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE ORGANIZATIONAL DOCUMENTS PROPOSAL B.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

ORGANIZATIONAL DOCUMENTS PROPOSAL C—APPROVAL OF PROPOSAL REGARDING CERTAIN PROVISIONS OF THE CERTIFICATE OF INCORPORATION BEING SUBJECT TO THE DIRECTOR NOMINATION AGREEMENT

Overview

Organizational Documents Proposal C—to provide that certain provisions of the certificate of incorporation of New CEC are subject to the Director Nomination Agreement

Our shareholders are also being asked to approve Organizational Documents Proposal C, which is, in the judgment of our board of directors, necessary to adequately address the needs of New CEC after the Business Combination.

Pursuant to the Director Nomination Agreement, the Seller and Sponsor will each have certain rights to designate directors to the board of directors of New CEC. For additional information, see “*BCA Proposal—Related Agreements—Director Nomination Agreement—Director Composition.*”

This amendment would indicate that the terms of New CEC’s certificate of incorporation are subject to the terms of each Director Nomination Agreement when such terms are in conflict.

This summary is qualified by reference to the complete text of the Proposed Organizational Documents of New CEC, copies of which are attached to this proxy statement/prospectus as Annex C and Annex D. All stockholders are encouraged to read the Proposed Organizational Documents in their entirety for a more complete description of their terms.

Reasons for the Amendments

These provisions are intended to ensure that the terms of New CEC’s certificate of incorporation do not conflict with the rights granted under the Director Nomination Agreement. See “*BCA Proposal—Related Agreements—Director Nomination Agreement.*”

Vote Required for Approval

The approval of Organizational Documents Proposal C requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

Organizational Documents Proposal C is conditioned on the approval and adoption of the BCA Proposal, the Domestication Proposal, the Required Organizational Documents Proposals and the Stock Issuance Proposal.

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE ORGANIZATIONAL DOCUMENTS PROPOSAL C.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

ORGANIZATIONAL DOCUMENTS PROPOSAL D—APPROVAL OF PROPOSAL REGARDING THE ABILITY OF STOCKHOLDERS TO ACT BY WRITTEN CONSENT, AS SET FORTH IN THE PROPOSED ORGANIZATIONAL DOCUMENTS

Overview

Organizational Documents Proposal D—to authorize the removal of the ability of New CEC stockholders to take action by written consent in lieu of a meeting.

Our shareholders are also being asked to approve Organizational Documents Proposal D, which is, in the judgment of our board of directors, necessary to adequately address the needs of New CEC after the Business Combination.

The Proposed Organizational Documents stipulate that any action required or permitted to be taken by the stockholders of New CEC must be effected at a duly called annual or special meeting of stockholders of New CEC, and may not be effected by any consent in writing by such stockholders.

This summary is qualified by reference to the complete text of the Proposed Organizational Documents of New CEC, copies of which are attached to this proxy statement/prospectus as Annex C and Annex D. All stockholders are encouraged to read the Proposed Organizational Documents in their entirety for a more complete description of their terms.

Reasons for the Amendments

Under the Proposed Organizational Documents, New CEC's stockholders will have the ability to propose items of business (subject to the restrictions set forth therein) at duly convened stockholder meetings. Eliminating the right of stockholders to act by written consent limits the circumstances under which stockholders can act on their own initiative to remove directors, or alter or amend New CEC's organizational documents outside of a duly called special or annual meeting of the stockholders of New CEC. Further, our board of directors believes continuing to limit stockholders' ability to act by written consent will reduce the time and effort our board of directors and management would need to devote to stockholder proposals, which time and effort could distract our directors and management from other important company business.

In addition, the elimination of the stockholders' ability to act by written consent may have certain anti-takeover effects by forcing a potential acquirer to take control of the board of directors only at a duly called special or annual meeting. However, this proposal is not in response to any effort of which Leo is aware to obtain control of New CEC, and Leo and its management do not presently intend to propose other anti-takeover measures in future proxy solicitations. Further, the board of directors does not believe that the effects of the elimination of stockholder action by written consent will create a significant impediment to a tender offer or other effort to take control of New CEC. Inclusion of these provisions in the Proposed Organizational Documents might also increase the likelihood that a potential acquirer would negotiate the terms of any proposed transaction with the board of directors and thereby help protect stockholders from the use of abusive and coercive takeover tactics.

Vote Required for Approval

The approval of Organizational Documents Proposal D requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

Organizational Documents Proposal D is conditioned on the approval and adoption of the BCA Proposal, the Domestication Proposal, the Required Organizational Documents Proposals and the Stock Issuance Proposal.

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE ORGANIZATIONAL DOCUMENTS PROPOSAL D.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

ORGANIZATIONAL DOCUMENTS PROPOSAL E—APPROVAL OF OTHER CHANGES IN CONNECTION WITH ADOPTION OF THE PROPOSED ORGANIZATIONAL DOCUMENTS

Overview

Organizational Documents Proposal E—authorize all other changes in connection with the replacement of Existing Organizational Documents with the Proposed Certificate of Incorporation and Proposed Bylaws as part of the Domestication (copies of which are attached to this proxy statement/prospectus as Annex C and Annex D, respectively), including (1) changing the post-Business Combination corporate name from “Leo Holdings Corp.” to “Chuck E. Cheese Brands Inc.” (which is expected to occur after the Domestication in connection with the Merger), (2) making New CEC’s corporate existence perpetual, (3) adopting Delaware as the exclusive forum for certain stockholder litigation, (4) electing to not be governed by Section 203 of the DGCL and limiting certain corporate takeovers by interested stockholders, (5) granting an explicit waiver regarding corporate opportunities to New CEC and its directors and (6) removing certain provisions related to our status as a blank check company that will no longer be applicable upon consummation of the Business Combination, all of which Leo’s board of directors believes is necessary to adequately address the needs of New CEC after the Business Combination.

Our shareholders are also being asked to approve Organizational Documents Proposal E, which is, in the judgment of our board of directors, necessary to adequately address the needs of New CEC after the Business Combination.

The Proposed Organizational Documents will be further amended in connection with the Merger to provide that the name of the corporation will be “Chuck E. Cheese Brands Inc.” However, as this name change will occur in connection with the Merger, and therefore, after the Domestication and associated adoption of the Proposed Organizational Documents, the name of the corporation as it appears in the Proposed Organizational Documents attached as Annex C and Annex D to this proxy statement/prospectus and to be in effect as of the Domestication will be “Leo Holdings Corp.” In addition, the Proposed Organizational Documents will make New CEC’s corporate existence perpetual.

The Proposed Organizational Documents stipulate that the Court of Chancery for the State of Delaware, which we refer to as the “Court of Chancery,” be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of New CEC, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee of New CEC to the New CEC or New CEC’s stockholders, (iii) any action asserting a claim against New CEC, its directors, officers or employees arising pursuant to any provision of the DGCL or the Proposed Certificate of Incorporation or the Proposed Bylaws, or (iv) any action asserting a claim against New CEC, its directors, officers or employees governed by the internal affairs doctrine, except for, as to each of (i) through (iv) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction.

The Proposed Organizational Documents of New CEC explicitly “opt out” of Section 203 of the DGCL and, instead, include a provision in the Proposed Certificate of Incorporation that is substantially similar to Section 203 of the DGCL, but carves out Sponsor and certain other exempted persons and, certain of their respective affiliates and respective transferees from the definition of “interested stockholder.” In general, Section 203 of the DGCL prevents a public company incorporated in Delaware from engaging in a “business combination” with any “interested stockholder” for three years following the time that the person became an interested stockholder, unless, among other exceptions, the interested stockholder attained such status with the approval of the board of directors. A business combination includes, among other things, a merger or

[Table of Contents](#)

consolidation involving the interested stockholder and the sale of more than 10% of the company's assets. In general, an interested stockholder is any stockholder that, together with its affiliates, beneficially owns 15% or more of the company's stock. A public company incorporated in Delaware is automatically subject to Section 203, unless it opts out in its original corporate charter or pursuant to a subsequent charter or bylaw amendment approved by stockholders.

The Proposed Organizational Documents will also provide an explicit waiver of corporate opportunities to New CEC and its directors.

The Proposed Organizational Documents will not contain provisions related to a blank check company (including those related to operation of the trust account, winding up of our operations should we not complete a business combination by a specified date, and other such blank check-specific provisions as are present in the Existing Organizational Documents) because following the consummation of the Business Combination, New CEC will not be a blank check company.

Approval of each of the Organizational Documents Proposals, assuming approval of each of the other Condition Precedent Proposals, will result, upon the Domestication, in the wholesale replacement of Leo's Existing Organizational Documents with New CEC's Proposed Organizational Documents. While certain material changes between the Existing Organizational Documents and the Proposed Organizational Documents have been unbundled into distinct Organizational Documents Proposals or otherwise identified in this Organizational Documents Proposal E, there are other differences between the Existing and Proposed Organizational Documents (arising from, among other things, differences between the Cayman Islands Companies Law and the DGCL and the typical form of organizational documents under each such body of law) that will be approved (subject to the approval aforementioned related proposals and consummation of the Business Combination) if our shareholders approve this Organizational Documents Proposal E. Accordingly, we encourage shareholders to carefully review the terms of the Proposed Organizational Documents of New CEC, attached hereto as Annex C and Annex D as well as the information set under the "*Comparison of Corporate Governance and Shareholder Rights*" section of this proxy statement/prospectus.

Reasons for the Amendments

Corporate Name

Our board of directors believes that changing the post-business combination corporate name from "Leo Holdings Corp." to "Chuck E. Cheese Brands Inc." is desirable to reflect the Business Combination with Queso and to clearly identify New CEC as the publicly traded entity.

Perpetual Existence

Our board of directors believes that making New CEC's corporate existence perpetual is desirable to reflect the Business Combination. Additionally, perpetual existence is the usual period of existence for public corporations, and our board of directors believes that it is the most appropriate period for New CEC following the Business Combination.

Exclusive Forum

Adopting Delaware as the exclusive forum for certain stockholder litigation is intended to assist New CEC in avoiding multiple lawsuits in multiple jurisdictions regarding the same matter. The ability to require such claims to be brought in a single forum will help to assure consistent consideration of the issues, the application of a relatively known body of case law and level of expertise and should promote efficiency and cost-savings in the resolutions of such claims. Our board of directors believes that the Delaware courts are best suited to address disputes involving such matters given that the after the Domestication, New CEC will be incorporated in

Table of Contents

Delaware. Delaware law generally applies to such matters and the Delaware courts have a reputation for expertise in corporate law matters. Delaware offers a specialized Court of Chancery to address corporate law matters, with streamlined procedures and processes which help provide relatively quick decisions. This accelerated schedule can minimize the time, cost and uncertainty of litigation for all parties. The Court of Chancery has developed considerable expertise with respect to corporate law issues, as well as a substantial and influential body of case law construing Delaware's corporate law and long-standing precedent regarding corporate governance. This provides stockholders and the post-combination company with more predictability regarding the outcome of intra-corporate disputes. In the event the Court of Chancery does not have jurisdiction, the other state courts located in Delaware would be the most appropriate forums because these courts have more expertise on matters of Delaware law compared to other jurisdictions.

In addition, this amendment would promote judicial fairness and avoid conflicting results, as well as make the post-combination company's defense of applicable claims less disruptive and more economically feasible, principally by avoiding duplicative discovery.

Takeovers by Interested Stockholders

The Proposed Organizational Documents explicitly "opt out" of Section 203 of the DGCL, but our board of directors believes that it is in the best interest of stockholders to have protections similar to those afforded by Section 203. These provisions will encourage any potential acquiror to negotiate with the board of directors and therefore provide an opportunity to possibly obtain a higher purchase price than would otherwise be offered in connection with a non-negotiated, hostile or unsolicited proposed acquisition of New CEC. Such provisions may make it more difficult for an acquirer to consummate certain types of unfriendly or hostile corporate takeovers or other transactions involving the corporation that have not been approved by the board of directors. Our board of directors believes that while such provisions will provide some measure of protection against an interested stockholder that is proposing a two-tiered transaction structure that is unduly coercive, it would not ultimately prevent a potential takeover that enjoys the support of stockholders and will also help to prevent a third party from acquiring "creeping control" of New CEC without paying a fair premium to all stockholders. Thus, our board of directors has determined that the provisions opting out of Section 203 included in Proposed Certificate of Incorporation are in the best interests of the post-combination company.

The Proposed Certificate of Incorporation will contain provisions that have the same effect as Section 203, except that they provide that Sponsor, Seller, certain of their respective affiliates and respective transferees will not be deemed to be "interested stockholders," regardless of the percentage of our voting stock owned by them, and accordingly will not be subject to such restrictions. The board of directors has determined to exclude Sponsor and Seller and such persons and entities from the definition of "interested stockholder" because of the interests such entities currently hold. As a result, the risk of "creeping control" without paying a fair premium to all stockholders, which Section 203 of the DGCL is intended to prevent, would not be applicable to such stockholders.

Waiver of Corporate Opportunities

Our board of directors believes that granting this waiver is essential to our ability to retain and attract qualified directors. We expect that qualified directors would likely engage in business activities outside of New CEC and would anticipate that such outside experience would be beneficial to any such director's board service for and management of New CEC. Our board of directors believes that without such a waiver, qualified directors could be dissuaded from serving on New CEC's board of directors if they are concerned that their directorship could foreclose them from, or expose them to potential liability for, pursuing commercial opportunities in their individual capacity (including in connection with other entities unrelated to New CEC and its affiliates). Our board of directors believes that the corporate opportunity waiver included in the Proposed Organizational Documents provides a clear delineation between what constitutes a corporate opportunity for New CEC and what constitutes a commercial opportunity that a director may otherwise pursue in his or her individual capacity, and that such clarity will enable New CEC to attract and retain qualified directors.

Provisions Related to Status as Blank Check Company

The elimination of certain provisions related to our status as a blank check company is desirable because these provisions will serve no purpose following the Business Combination. For example, the Proposed Organizational Documents do not include the requirement to dissolve New CEC and allows it to continue as a corporate entity with perpetual existence following consummation of the Business Combination. Perpetual existence is the usual period of existence for public corporations, and our board of directors believes it is the most appropriate period for New CEC following the Business Combination. In addition, certain other provisions in our current certificate require that proceeds from the Leo's initial public offering be held in the trust account until a business combination or liquidation of Leo has occurred. These provisions cease to apply once the Business Combination is consummated and are therefore not included in the Proposed Organizational Documents.

Vote Required for Approval

The approval of Organizational Documents Proposal E requires a special resolution under Cayman Islands Companies Law, being the affirmative vote of holders of at least two-thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

Organizational Documents Proposal E is conditioned on the approval and adoption of each of the other Condition Precedent Proposals.

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE ORGANIZATIONAL DOCUMENTS PROPOSAL E.

The existence of financial and personal interests of one or more of Leo's directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo's officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled "*BCA Proposal—Interests of Leo's Directors and Executive Officers in the Business Combination*" for a further discussion of these considerations.

STOCK ISSUANCE PROPOSAL

Overview

The Stock Issuance Proposal—to consider and vote upon a proposal to approve for the purposes of complying with the applicable provisions of NYSE Listing Rule 312.03, the issuance of shares of New CEC Common Stock to the equityholders of Queso and to the PIPE Investors, including an affiliate of Sponsor, to the extent such issuance would require a shareholder vote under NYSE Listing Rule 312.03 (we refer to this proposal as the “Stock Issuance Proposal”).

Our shareholders are also being asked to approve the Stock Issuance Proposal.

Reasons for the Approval for Purposes of NYSE Listing Rule 312.03

Under NYSE Listing Rule 312.03, a company is required to obtain stockholder approval prior to the issuance of securities if the number of shares of New CEC Common Stock to be issued is, or will be upon issuance, equal to or in excess of 20% of the number of shares of New CEC Common Stock outstanding before the issuance of the common stock or of securities convertible into or exercisable for New CEC Common Stock. If the Business Combination is completed pursuant to the Business Combination Agreement, Leo currently expects to issue an estimated 46,700,137 shares of New CEC Common Stock in connection with the Business Combination, including the PIPE Investment, and options to acquire shares of Queso will convert into options to acquire 2,364,278 shares of New CEC Common Stock. In addition, New CEC may issue the additional 4,000,000 Contingent Shares. For further details, see “*BCA Proposal—The Business Combination Agreement—Business Combination Consideration.*” Accordingly, the aggregate number of shares of New CEC Common Stock that Leo will issue in the Business Combination will exceed 20% of the shares of New CEC Common Stock outstanding before such issuance, and for this reason, Leo is seeking the approval of Leo shareholders for the issuance of shares of New CEC Common Stock pursuant to the Business Combination Agreement.

Additionally, pursuant to NYSE Listing Rule 312.03, when a NYSE-listed company proposes to issue securities in connection with the Business Combination of the stock or assets of another company, stockholder approval is required if a substantial stockholder of such company has a 5% or greater interest, directly or indirectly, in such company or the assets to be acquired or in the consideration to be paid in the transaction or series of related transactions and the present or potential issuance of common stock could result in an increase in outstanding shares of common stock or voting power of 5% or more. NYSE Listing Rule 312.03(e) defines a substantial stockholder as the holder of an interest of 5% or more of either the number of shares of common stock or the voting power outstanding of a NYSE-listed company. Because Sponsor currently owns greater than 5% of Leo’s ordinary shares, Sponsor and the Sponsor PIPE Entity is considered a substantial shareholder of Leo under NYSE Listing Rule 312.03(e). In connection with the PIPE Investment, the Sponsor PIPE Entity is expected to be issued 6,420,000 shares of New CEC Common Stock.

In the event that this proposal is not approved by Leo shareholders, the Business Combination cannot be consummated. In the event that this proposal is approved by Leo shareholders, but the Business Combination Agreement is terminated (without the Business Combination being consummated) prior to the issuance of shares of New CEC Common Stock pursuant to the Business Combination Agreement, New CEC will not issue such shares of New CEC Common Stock.

Vote Required for Approval

The approval of the Stock Issuance Proposal requires the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote or abstain from voting at the extraordinary general meeting. Abstentions and broker non-votes are considered present for the purposes of establishing a quorum and will count as votes cast against the proposal at the extraordinary general meeting.

The Stock Issuance Proposal is conditioned on the approval and adoption of each of the other Condition Precedent Proposals.

Resolution

The full text of the resolution to be passed is as follows:

“RESOLVED that, for the purposes of complying with the applicable provisions of NYSE Listing Rule 312.03, the issuance of shares of New CEC Common Stock to the equityholders of Queso and the participants in the PIPE Investment (as defined herein) be approved.”

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE STOCK ISSUANCE PROPOSAL.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

INCENTIVE AWARD PLAN PROPOSAL

Overview

The Incentive Award Plan Proposal—to consider and vote upon a proposal to approve by ordinary resolution the Chuck E. Cheese Brands Inc. 2019 Equity Incentive Plan, which is referred to herein as the Incentive Plan, a copy of which is attached to this proxy statement/prospectus as Annex E (we refer to this proposal as the “Incentive Award Plan Proposal”).

Our shareholders are also being asked to approve, by ordinary resolution, the Incentive Award Plan Proposal.

A total of 5,700,000 shares of New CEC Common Stock will be reserved for issuance under the Incentive Plan. As of April 25, 2019, the closing price on NYSE per Class A ordinary share, each of which shall be converted to one share of New CEC Common Stock, was \$10.29. The board of directors of Leo approved the Incentive Plan on _____, 2019, subject to approval by Leo’s stockholders. The Incentive Plan will be effective upon approval by Leo’s stockholders.

The following is a summary of the material features of the Incentive Plan. This summary is qualified in its entirety by the full text of the Incentive Plan, a copy of which is included as Annex E to this proxy statement.

Summary of Chuck E. Cheese Brands Inc. 2019 Equity Incentive Plan

Type of Awards

The Incentive Plan provides for the issuance of stock options (including non-statutory stock options and incentive stock option), stock appreciation rights (referred to as “SARs”), restricted stock, restricted stock units (referred to as “RSUs”), stock bonuses and other stock-based awards to officers, employees, non-employee directors, independent contractors and consultants of New CEC or its affiliates.

Purpose and Types of Grants

The purpose of the Incentive Plan is to attract and retain employees, non-employee directors and consultants, and advisors. The Incentive Plan provides for the issuance of incentive stock options, non-qualified stock options, stock awards, stock units, stock appreciation rights and other stock-based awards. The Incentive Plan is intended to provide an incentive to participants to contribute to our economic success by aligning the economic interests of participants with those of our stockholders.

Administration

The Incentive Plan will be administered by the Compensation Committee of our Board, and the Compensation Committee will determine all of the terms and conditions applicable to grants under the Incentive Plan. Our Compensation Committee will also determine who will receive grants under the Incentive Plan and the number of shares of common stock that will be subject to grants, except that grants to members of our Board must be authorized by a majority of our Board. Our Compensation Committee may delegate authority under the Incentive Plan to one or more subcommittees as it deems appropriate. Subject to compliance with applicable law and stock exchange requirements, the Compensation Committee (or our Board or a subcommittee, as applicable) may delegate all or part of its authority to our Chief Executive Officer, as it deems appropriate, with respect to grants to employees or key advisors who are not executive officers under Section 16 of the Exchange Act. Our Compensation Committee, our Board, any subcommittee or the Chief Executive Officer, as applicable, that has authority with respect to a specific grant will be referred to as “the committee” in this description of the Incentive Plan.

Shares Subject to the Plan

Subject to adjustment, our Incentive Plan authorizes the issuance or transfer of up to 5,700,000 shares of our common stock.

If any options or stock appreciation rights expire or are canceled, forfeited, exchanged, or surrendered without having been exercised, or if any stock awards, stock units or other stock-based awards are forfeited, terminated, or otherwise not paid in full, the shares of our common stock subject to such awards will again be available for purposes of the Incentive Plan. Shares of our common stock that are surrendered in payment of the exercise price of an option or a stock appreciation right will not be available for issuance under the Incentive Plan. Shares of our common stock that are withheld in satisfaction of the withholding taxes, or surrendered for the payment of taxes, incurred in connection with the issuance, vesting or exercise of any award, or the issuance of our common stock will not be available for issuance under the Incentive Plan. When stock appreciation rights are granted, the full number of shares subject to the stock appreciation rights will be considered issued under the Incentive Plan regardless of the number of shares issued upon exercise of the stock appreciation rights. If any awards are paid in cash, and not in shares of our common stock, any shares of our common stock subject to such awards will also be available for future awards. If we repurchase shares of our common stock on the open market with the proceeds from the exercise price we receive from options, the repurchased shares will not be available for issuance under the Incentive Plan.

Individual Limits

Subject to adjustment, the committee may not grant stock options, stock awards, stock units, stock appreciation rights or other stock-based awards to any employee or key advisor that in any year exceed _____ shares of our common stock outstanding on the effective date of the Incentive Plan, in the aggregate. This limit on grants to employees or key advisors shall be increased to two times the otherwise applicable limit with respect to grants that are made on or around the date of hire to a newly hired employee. The maximum aggregate grant date value of shares of common stock granted to any non-employee director in any one calendar year, taken together with any cash fees earned by such non-employee director for services rendered during the calendar year, shall not exceed \$ _____ in total value.

Adjustments

In connection with stock splits, stock dividends, recapitalizations and certain other events affecting our common stock, the committee will make adjustments as it deems appropriate in: the maximum number of shares of common stock reserved for issuance as grants; the maximum number and kind of shares that may be granted to any individual in any year; the number and kind of shares covered by outstanding grants; the number and kind of shares that may be issued under the Incentive Plan; the price per share or market value of any outstanding grants; the exercise price of options; the base amount of stock appreciation rights; and the performance goals or other terms and conditions as the committee deems appropriate.

Eligibility and Vesting

All of our employees are eligible to receive grants under the Incentive Plan. In addition, our non-employee directors and key advisors who perform services for us may receive grants under the Incentive Plan. The committee determines the vesting and exercisability terms of awards granted under the Incentive Plan.

Options

Under our Incentive Plan, the committee will determine the exercise price of the options granted and may grant options to purchase shares of our common stock in such amounts as it determines. The committee may grant options that are intended to qualify as incentive stock options under Section 422 of the Code, or

[Table of Contents](#)

non-qualified stock options, which are not intended to so qualify. Incentive stock options may only be granted to our employees. Anyone eligible to participate in the Incentive Plan may receive a grant of non-qualified stock options. The exercise price of a stock option granted under the Incentive Plan cannot be less than the fair market value of a share of our common stock on the date the option is granted. If an incentive stock option is granted to a 10% stockholder, the exercise price cannot be less than 110% of the fair market value of a share of our common stock on the date the option is granted. The aggregate number of shares of common stock that may be issued or transferred under the Incentive Plan pursuant to incentive stock options under Section 422 of the Code may not exceed 10% of the number of shares of common stock outstanding on the effective date of the Incentive Plan.

The exercise price for any option is generally payable in cash. In certain circumstances as permitted by the committee, the exercise price may be paid: by the surrender of shares of our common stock with an aggregate fair market value on the date the option is exercised equal to the exercise price; by payment through a broker in accordance with procedures established by the Federal Reserve Board; by withholding shares of common stock subject to the exercisable option that have a fair market value on the date of exercise equal to the aggregate exercise price; or by such other method as the committee approves.

The term of an option cannot exceed ten years from the date of grant, except that if an incentive stock option is granted to a 10% stockholder, the term cannot exceed five years from the date of grant. In the event that on the last day of the term of a non-qualified stock option, the exercise is prohibited by applicable law, including a prohibition on purchases or sales of our common stock under our insider trading policy, the term of the non-qualified option will be extended for a period of 30 days following the end of the legal prohibition, unless the committee determines otherwise.

Except as provided in the grant instrument, an option may only be exercised while a participant is employed by or providing service to us. The committee will determine in the grant instrument under what circumstances and during what time periods a participant may exercise an option after termination of employment.

Stock Appreciation Rights

Under the Incentive Plan, the committee may grant stock appreciation rights, which may be granted separately or in tandem with any option. Stock appreciation rights granted in tandem with a non-qualified stock option may be granted either at the time the non-qualified stock option is granted or any time thereafter while the option remains outstanding. Stock appreciation rights granted in tandem with an incentive stock option may be granted only at the time the grant of the incentive stock option is made. The committee will establish the base amount of the stock appreciation right at the time the stock appreciation right is granted, which will be equal to or greater than the fair market value of a share of our common stock as of the date of grant.

If a stock appreciation right is granted in tandem with an option, the number of stock appreciation rights that are exercisable during a specified period will not exceed the number of shares of our common stock that the participant may purchase upon exercising the related option during such period. Upon exercising the related option, the related stock appreciation rights will terminate, and upon the exercise of a stock appreciation right, the related option will terminate to the extent of an equal number of shares of our common stock. Generally, stock appreciation rights may only be exercised while the participant is employed by, or providing services to, us. When a participant exercises a stock appreciation right, the participant will receive the excess of the fair market value of the underlying common stock over the base amount of the stock appreciation right. The appreciation of a stock appreciation right will be paid in shares of our common stock, cash or both.

The term of a stock appreciation right cannot exceed ten years from the date of grant. In the event that on the last day of the term of a stock appreciation right, the exercise is prohibited by applicable law, including a prohibition on purchases or sales of our common stock under our insider trading policy, the term of the stock appreciation right will be extended for a period of 30 days following the end of the legal prohibition, unless the committee determines otherwise.

Stock Awards

Under the Incentive Plan, the committee may grant stock awards. A stock award is an award of our common stock that may be subject to restrictions as the committee determines. The restrictions, if any, may lapse over a specified period of employment or based on the satisfaction of pre-established criteria, in installments or otherwise, as the committee may determine. Except to the extent restricted under the grant instrument relating to the stock award, a participant will have all of the rights of a stockholder as to those shares, including the right to vote and the right to receive dividends or distributions on the shares. Dividends with respect to stock awards that vest based on performance shall vest if and to the extent that the underlying stock award vests, as determined by the committee. All unvested stock awards are forfeited if the participant's employment or service is terminated for any reason, unless the committee determines otherwise.

Stock Units

Under the Incentive Plan, the committee may grant stock units to anyone eligible to participate in the Incentive Plan. Stock units represent hypothetical shares of our common stock. Stock units become payable on terms and conditions determined by the committee and will be payable in cash, shares of common stock, or a combination thereof, as determined by the committee. All unvested stock units are forfeited if the participant's employment or service is terminated for any reason, unless the committee determines otherwise.

Other Stock-Based Awards

Under the Incentive Plan, the committee may grant other types of awards that are based on, or measured by, our common stock, and granted to anyone eligible to participate in the Incentive Plan. The committee will determine the terms and conditions of such awards. Other stock-based awards may be payable in cash, shares of our common stock or a combination of the two.

Dividend Equivalents

Under the Incentive Plan, the committee may grant dividend equivalents in connection with grants of stock units or other stock-based awards made under the Incentive Plan. Dividend equivalents entitle the participant to receive amounts equal to ordinary dividends that are paid on the shares underlying a grant while the grant is outstanding. The committee will determine whether dividend equivalents will be paid currently or accrued as contingent cash obligations. Dividend equivalents may be paid in cash or shares of our common stock. The committee will determine the terms and conditions of the dividend equivalent grants, including whether the grants are payable upon the achievement of specific performance goals. Dividend equivalents with respect to stock units or other stock-based awards that vest based on performance shall vest and be paid only if and to the extent that the underlying stock units or other stock-based awards vest and are paid as determined by the committee.

Change of Control

If we experience a change of control where we are not the surviving corporation (or survive only as a subsidiary of another corporation), unless the committee determines otherwise, all outstanding grants that are not exercised or paid at the time of the change of control will be assumed by, or replaced with grants (with respect to cash, securities or a combination thereof) that have comparable terms by, the surviving corporation (or a parent or subsidiary of the surviving corporation). Unless a grant instrument provides otherwise, if a participant's employment is terminated by the surviving corporation without cause upon or within 12 months following a change of control, the participant's outstanding grants will fully vest as of the date of termination; provided that if the vesting of any grants is based, in whole or in part, on performance, the applicable grant instrument will specify how the portion of the grant that becomes vested upon a termination following a change in control will be calculated.

[Table of Contents](#)

If there is a change of control and all outstanding grants are not assumed by, or replaced with grants that have comparable terms by, the surviving corporation, the committee may (but is not obligated to) make adjustments to the terms and conditions of outstanding grants, including, without limitation, taking any of the following actions (or combination thereof) without the consent of any participant:

- determine that outstanding options and stock appreciation rights will accelerate and become fully exercisable and the restrictions and conditions on outstanding stock awards, stock units and dividend equivalents immediately lapse;
- pay participants, in an amount and form determined by the committee, in settlement of outstanding stock units or dividend equivalents;
- require that participants surrender their outstanding stock options and stock appreciation rights in exchange for a payment by us, in cash or shares of our common stock, equal to the difference between the exercise price and the fair market value of the underlying shares of our common stock; provided, however, if the per share fair market value of our common stock does not exceed the per share stock option exercise price or stock appreciation right base amount, as applicable, we will not be required to make any payment to the participant upon surrender of the stock option or stock appreciation right; or
- after giving participants an opportunity to exercise all of their outstanding stock options and stock appreciation rights, terminate any unexercised stock options and stock appreciation rights on the date determined by the committee.

In general terms, a change of control under the Incentive Plan occurs if:

- a person, entity or affiliated group, with certain exceptions, acquires more than 50% of our then- outstanding voting securities;
- we merge into another entity unless the holders of our voting shares immediately prior to the merger have at least 50% of the combined voting power of the securities in the merged entity or its parent;
- we merge into another entity and the members of our Board prior to the merger would not constitute a majority of the board of the merged entity or its parent;
- we sell or dispose of all or substantially all of our assets;
- we consummate a complete liquidation or dissolution; or
- a majority of the members of our Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the incumbent directors.

Deferrals

The committee may permit or require participants to defer receipt of the payment of cash or the delivery of shares of common stock that would otherwise be due to the participant in connection with a grant under the Incentive Plan. The committee will establish the rules and procedures applicable to any such deferrals, consistent with the requirements of Section 409A of the Code.

Withholding

All grants under the Incentive Plan are subject to applicable U.S. federal (including FICA), state and local, foreign or other tax withholding requirements. We may require participants or other persons receiving grants or exercising grants to pay an amount sufficient to satisfy such tax withholding requirements with respect to such grants, or we may deduct from other wages and compensation paid by us the amount of any withholding taxes due with respect to such grant.

The committee may permit or require that our tax withholding obligation with respect to grants paid in our common stock be paid by having shares withheld up to an amount that does not exceed the participant's

Table of Contents

minimum applicable withholding tax rate for United States federal (including FICA), state and local tax liabilities, or as otherwise determined by the committee. In addition, the committee may, in its discretion, and subject to such rules as the committee may adopt, allow participants to elect to have such share withholding applied to all or a portion of the tax withholding obligation arising in connection with any particular grant.

Transferability

Except as permitted by the committee with respect to non-qualified stock options, only a participant may exercise rights under a grant during the participant's lifetime. Upon death, the personal representative or other person entitled to succeed to the rights of the participant may exercise such rights. A participant cannot transfer those rights except by will or by the laws of descent and distribution or, with respect to grants other than incentive stock options, pursuant to a domestic relations order. The committee may provide in a grant instrument that a participant may transfer non-qualified stock options to family members, or one or more trusts or other entities for the benefit of or owned by family members, consistent with applicable securities laws.

Amendment; Termination

Our Board may amend or terminate our Incentive Plan at any time, except that our stockholders must approve an amendment if such approval is required in order to comply with the Code, applicable laws or applicable stock exchange requirements. Unless terminated sooner by our Board or extended with stockholder approval, the Incentive Plan will terminate on the day immediately preceding the tenth anniversary of the effective date of the Incentive Plan.

Stockholder Approval

Except in connection with certain corporate transactions, including stock dividends, stock splits, a recapitalization, a change in control, a reorganization, a merger and a spin-off, stockholder approval is required (i) to reduce the exercise price or base price of outstanding stock options or stock appreciation rights, (ii) to cancel outstanding stock options or stock appreciation rights in exchange for the same type of grant with a lower exercise price or base price, and (iii) to cancel outstanding stock options or stock appreciation rights that have an exercise price or base price above the current price of a share of our common stock, in exchange for cash or other securities, each as applicable.

Establishment of Sub-Plans

Our Board may, from time to time, establish one or more sub-plans under the Incentive Plan to satisfy applicable blue sky, securities or tax laws of various jurisdictions. Our Board may establish such sub-plans by adopting supplements to the Incentive Plan setting forth limitations on the committee's discretion and such additional terms and conditions not otherwise inconsistent with the Incentive Plan as our Board deems necessary or desirable. All such supplements will be deemed part of the Incentive Plan, but each supplement will only apply to participants within the affected jurisdiction.

Clawback

Subject to applicable law, the committee may provide in any grant instrument that if a participant breaches any restrictive covenant agreement between the participant and us, or otherwise engages in activities that constitute cause (as defined in the Incentive Plan) either while employed by, or providing services to, us or within a specified period of time thereafter, all grants held by the participant will terminate, and we may rescind any exercise of an option or stock appreciation right and the vesting of any other grant and delivery of shares upon such exercise or vesting, as applicable on such terms as the committee will determine, including the right to require that in the event of any rescission:

- the participant must return the shares received upon the exercise of any option or stock appreciation right or the vesting and payment of any other grants; or

[Table of Contents](#)

- if the participant no longer owns the shares, the participant must pay to us the amount of any gain realized or payment received as a result of any sale or other disposition of the shares (if the participant transferred the shares by gift or without consideration, then the fair market value of the shares on the date of the breach of the restrictive covenant agreement or activity constituting cause), net of the price originally paid by the participant for the shares.

The committee may also provide for clawbacks pursuant to a clawback policy, which our Board may in the future adopt and amend from time to time. Payment by the participant will be made in such manner and on such terms and conditions as may be required by the committee. We will be entitled to set off against the amount of any such payment any amounts that we otherwise owe to the participant.

Form S-8

Following the consummation of the Business Combination, when permitted by SEC rules, we intend to file with the SEC a registration statement on Form S-8 covering the New CEC Common Stock issuable under the Incentive Plan.

Certain United States Federal Income Tax Aspects

The following is a summary of certain U.S. federal income tax consequences of awards under the Incentive Plan. It does not purport to be a complete description of all applicable rules, and those rules (including those summarized here) are subject to change.

Options

An optionee generally will not recognize taxable income upon the grant of a non-statutory option. Rather, at the time of exercise of the option, the optionee will recognize ordinary income for income tax purposes in an amount equal to the excess, if any, of the fair market value of the shares purchased over the exercise price. We generally will be entitled to a tax deduction at such time and in the same amount, if any, that the optionee recognizes as ordinary income. The optionee's tax basis in any shares received upon exercise of an option will be the fair market value of the shares on the date of exercise, and if the shares are later sold or exchanged, then the difference between the amount received upon such sale or exchange and the fair market value of such shares on the date of exercise will generally be taxable as long-term or short-term capital gain or loss (if the shares are a capital asset of the optionee) depending upon the length of time such shares were held by the optionee.

Incentive stock options are eligible for favorable U.S. federal income tax treatment if certain requirements are satisfied. An incentive stock option must have an option price that is not less than the fair market value of the stock at the time the option is granted, and must be exercisable within ten years from the date of grant. An employee granted an incentive stock option generally does not realize compensation income for U.S. federal income tax purposes upon the grant of the option. At the time of exercise of an incentive stock option, no compensation income is realized by the optionee other than tax preference income for purposes of the federal alternative minimum tax on individual income. If the shares acquired on exercise of an incentive stock option are held for at least two years after grant of the option and one year after exercise, the excess of the amount realized on the sale over the exercise price will be taxed as capital gain. If the shares acquired on exercise of an incentive stock option are disposed of within less than two years after grant or one year of exercise, the optionee will realize taxable compensation income equal to the excess of the fair market value of the shares on the date of exercise or the date of sale, whichever is less, over the exercise price, and any additional amount realized will be taxed as capital gain.

Stock Appreciation Rights

A participant who is granted a SAR generally will not recognize ordinary income upon receipt of the SAR. Rather, at the time of exercise of such SAR, the participant will recognize ordinary income for U.S. federal

[Table of Contents](#)

income tax purposes in an amount equal to the value of any cash received and the fair market value on the date of exercise of any shares received. We generally will be entitled to a tax deduction at such time and in the same amount, if any, that the participant recognizes as ordinary income. The participant's tax basis in any shares received upon exercise of a SAR will be the fair market value of the shares on the date of exercise, and if the shares are later sold or exchanged, then the difference between the amount received upon such sale or exchange and the fair market value of such shares on the date of exercise will generally be taxable as long-term or short-term capital gain or loss (if the shares are a capital asset of the participant) depending upon the length of time such shares were held by the participant.

Stock Awards

A participant generally will not be taxed upon the grant of stock awards subject to restrictions, but rather will recognize ordinary income in an amount equal to the fair market value of the shares at the time the shares are no longer subject to a "substantial risk of forfeiture" (within the meaning of the Code). We generally will be entitled to a deduction at the time when, and in the amount that, the participant recognizes ordinary income on account of the lapse of the restrictions. A participant's tax basis in the shares will equal their fair market value at the time the restrictions lapse, and the participant's holding period for capital gains purposes will begin at that time. Any cash dividends paid on the restricted stock before the restrictions lapse will be taxable to the participant as additional compensation (and not as dividend income). Under Section 83(b) of the Code, a participant may elect to recognize ordinary income at the time the shares of stock are awarded in an amount equal to their fair market value at that time, notwithstanding the fact that such shares of stock are subject to restrictions and a substantial risk of forfeiture. If such an election is made, no additional taxable income will be recognized by such participant at the time the restrictions lapse, the participant will have a tax basis in the shares equal to their fair market value on the date of their award, and the participant's holding period for capital gains purposes will begin at that time. We generally will be entitled to a tax deduction at the time when, and to the extent that, ordinary income is recognized by such participant.

Stock Units

In general, the grant of stock units will not result in income for the participant or in a tax deduction for us. Upon the settlement of such an award in cash or shares, the participant will recognize ordinary income equal to the aggregate value of the payment received, and we generally will be entitled to a tax deduction at the same time and in the same amount.

Other Awards

With respect to other stock-based awards granted under the Incentive Plan, generally when the participant receives payment with respect to an award, the amount of cash and/or the fair market value of any shares or other property received will be ordinary income to the participant, and we generally will be entitled to a tax deduction at the same time and in the same amount.

New Plan Benefits

Future benefits under the Incentive Plan generally will be granted at the discretion of the committee and are therefore not currently determinable.

Vote Required for Approval

The approval of the Incentive Award Plan Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

[Table of Contents](#)

The Incentive Award Plan Proposal is conditioned on the approval and adoption of the BCA Proposal, the Domestication Proposal, the Organizational Documents Proposal and the Stock Issuance Proposal.

Resolution

The full text of the resolution to be passed is as follows:

“**RESOLVED**, as an ordinary resolution, that the Chuck E. Cheese Brands Inc. 2019 Equity Incentive Plan (the “Incentive Plan”), a copy of which is attached to the proxy statement/prospectus as Annex E be adopted and approved.”

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE INCENTIVE AWARDS PLAN PROPOSAL.

The existence of financial and personal interests of one or more of Leo’s directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo’s officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled “*BCA Proposal—Interests of Leo’s Directors and Executive Officers in the Business Combination*” for a further discussion of these considerations.

ADJOURNMENT PROPOSAL

The Adjournment Proposal allows Leo's board of directors to submit a proposal to approve, by ordinary resolution, the adjournment of the extraordinary general meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event, based on the tabulated votes, there are not sufficient votes at the time of the extraordinary general meeting to approve the Condition Precedent Proposals. The purpose of the Adjournment Proposal is to permit further solicitation of proxies and votes and to provide additional time for Sponsor and Queso and the Queso stockholders to make purchases of ordinary shares or other arrangements that would increase the likelihood of obtaining a favorable vote on the proposals to be put to the extraordinary general meeting. See "*BCA Proposal—Interests of Leo's Directors and Executive Officers in the Business Combination.*"

Consequences if the Adjournment Proposal is Not Approved

If the Adjournment Proposal is presented to the extraordinary general meeting and is not approved by the shareholders, Leo's board of directors may not be able to adjourn the extraordinary general meeting to a later date in the event that, based on the tabulated votes, there are not sufficient votes at the time of the extraordinary general meeting to approve the Condition Precedent Proposals. In such events, the Business Combination would not be completed.

Vote Required for Approval

The approval of the Adjournment Proposal requires an ordinary resolution under Cayman Islands law, being the affirmative vote of a majority of the ordinary shares represented in person or by proxy and entitled to vote thereon and who vote at the extraordinary general meeting. Abstentions and broker non-votes, while considered present for the purposes of establishing a quorum, will not count as votes cast at the extraordinary general meeting.

The Adjournment Proposal is not conditioned on any other proposal.

Resolution

The full text of the resolution to be passed is as follows:

"RESOLVED, as an ordinary resolution, that the adjournment of the extraordinary general meeting to a later date or dates, if necessary, to permit further solicitation and vote of proxies in the event that there are insufficient votes for the approval of one or more proposals at the extraordinary general meeting be approved."

Recommendation of the Leo Board of Directors

THE LEO BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT LEO SHAREHOLDERS VOTE "FOR" THE APPROVAL OF THE ADJOURNMENT PROPOSAL.

The existence of financial and personal interests of one or more of Leo's directors may result in a conflict of interest on the part of such director(s) between what he or they may believe is in the best interests of Leo and its shareholders and what he or they may believe is best for himself or themselves in determining to recommend that shareholders vote for the proposals. In addition, Leo's officers have interests in the Business Combination that may conflict with your interests as a shareholder. See the section entitled "*BCA Proposal—Interests of Leo's Directors and Executive Officers in the Business Combination*" for a further discussion of these considerations.

U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of U.S. federal income tax considerations generally applicable to holders of our public shares or public warrants of the Domestication and exercise of redemption rights. This section applies only to holders that hold their public shares or public warrants as capital assets for U.S. federal income tax purposes (generally, property held for investment). This discussion is a summary only and does not discuss all aspects of U.S. federal income taxation that may be relevant to holders in light of their particular circumstances or status including:

- financial institutions or financial services entities;
- broker-dealers;
- taxpayers that are subject to the mark-to-market accounting rules;
- tax-exempt entities;
- governments or agencies or instrumentalities thereof;
- insurance companies;
- regulated investment companies or real estate investment trusts;
- expatriates or former long-term residents of the United States;
- persons that actually or constructively own five percent or more of our voting shares or five percent or more of the total value of all classes of our shares;
- persons that acquired our securities pursuant to an exercise of employee share options, in connection with employee share incentive plans or otherwise as compensation;
- persons that hold our securities as part of a straddle, constructive sale, hedging, conversion or other integrated or similar transaction;
- persons whose functional currency is not the U.S. dollar;
- controlled foreign corporations; or
- passive foreign investment companies.

This discussion is based on current U.S. federal income tax law, which is subject to change, possibly on a retroactive basis, which may affect the U.S. federal income tax consequences described herein. Furthermore, this discussion does not address any aspect of U.S. federal non-income tax laws, such as gift, estate or Medicare contribution tax laws, or state, local or non-U.S. tax laws. We have not sought, and will not seek, a ruling from the U.S. Internal Revenue Service (“IRS”) as to any U.S. federal income tax consideration described herein. The IRS may disagree with the discussion herein, and its determination may be upheld by a court. Moreover, there can be no assurance that future legislation, regulations, administrative rulings or court decisions will not adversely affect the accuracy of the statements in this discussion.

This discussion does not consider the U.S. federal income tax treatment of partnerships or other pass-through entities or persons who hold our securities through such entities. If a partnership (or other entity classified as a partnership for U.S. federal income tax purposes) is the beneficial owner of our public shares or public warrants, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partner and the partnership. If you are a partner of a partnership holding our public shares or public warrants, we urge you to consult your tax advisor.

THE FOLLOWING IS FOR INFORMATIONAL PURPOSES ONLY. EACH HOLDER SHOULD CONSULT ITS TAX ADVISOR WITH RESPECT TO THE PARTICULAR TAX CONSEQUENCES TO SUCH HOLDER OF THE DOMESTICATION AND AN EXERCISE OF REDEMPTION RIGHTS, INCLUDING THE EFFECTS OF U.S. FEDERAL, STATE AND LOCAL AND NON-U.S. TAX LAWS.

U.S. Holders

As used herein, a “U.S. Holder” is a beneficial owner of our public shares or public warrants and is, for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation (or other entity that is treated as a corporation for U.S. federal income tax purposes) that is created or organized (or treated as created or organized) in or under the laws of the United States or any state thereof or the District of Columbia;
- an estate whose income is subject to U.S. federal income tax regardless of its source; or
- a trust if (1) a U.S. court can exercise primary supervision over the administration of such trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) it has a valid election in place to be treated as a U.S. person.

Effects of the Domestication on U.S. Holders

The U.S. federal income tax consequences of the Domestication will depend primarily upon whether the domestication qualifies as a “reorganization” within the meaning of Section 368 of the Code.

Under Section 368(a)(1)(F) of the Code, a reorganization is a “mere change in identity, form, or place of organization of one corporation, however effected” (an “F Reorganization”). Pursuant to the Domestication, we will change our jurisdiction of incorporation from the Cayman Islands to Delaware and will change our name to Chuck E. Cheese Brands Inc.

It is intended that the Domestication qualify as an F Reorganization. Assuming the Domestication so qualifies, U.S. Holders of public shares or public warrants generally should not recognize gain or loss for U.S. federal income tax purposes on the Domestication, except as provided under “—*Effects of Section 367(b) to U.S. Holders*” and “—*PFIC Considerations*,” and the Domestication should be treated for U.S. federal income tax purposes as if Leo (i) transferred all of its assets and liabilities to New CEC in exchange for all of the outstanding common stock and warrants of New CEC; and (ii) then distributed the common stock and warrants of New CEC to the shareholders of Leo in liquidation of Leo. The taxable year of Leo will be deemed to end on the date of the Domestication.

Because the Domestication will occur immediately prior to the redemption of U.S. Holders that exercise redemption rights with respect to our public shares, U.S. Holders exercising such redemption rights will be subject to the potential tax consequences of the Domestication. All U.S. Holders considering exercising redemption rights with respect to their public shares are urged to consult with their tax advisors with respect to the potential tax consequences to them of the Domestication and exercise of redemption rights.

Basis and Holding Period Considerations

Assuming the Domestication qualifies as an F Reorganization: (i) the tax basis of a New CEC public share or New CEC public warrant received by a U.S. Holder in the Domestication will equal the U.S. Holder’s tax basis in the public share or public warrant surrendered in exchange therefor, increased by any amount included in the income of such U.S. Holder as a result of Section 367(b) of the Code (as discussed below) and (ii) the holding period for a New CEC public share or New CEC public warrant received by a U.S. Holder will include such U.S. Holder’s holding period for the public share or public warrant surrendered in exchange therefor.

Effects of Section 367(b) to U.S. Holders

Section 367(b) of the Code applies to certain transactions involving foreign corporations, including an inbound domestication of a foreign corporation in an F Reorganization. Section 367(b) of the Code imposes U.S.

federal income tax on certain United States persons in connection with transactions that would otherwise qualify as a “reorganization” within the meaning of Section 368 of the Code. Section 367(b) of the Code will generally apply to U.S. Holders on the date of the Domestication. Because the Domestication will occur immediately prior to the redemption of U.S. Holders that exercise redemption rights with respect to our public shares, U.S. Holders exercising such redemption rights will be subject to the potential tax consequences of Section 367(b) of the Code as a result of the Domestication.

A. U.S. Holders That Hold 10 Percent or More of Leo

A U.S. Holder who, on the date of the Domestication beneficially owns (actually or constructively) 10% or more of the total combined voting power of all classes of our stock entitled to vote or 10% or more of the total value of all classes of our stock (a “U.S. Shareholder”) must include in income as a dividend the “all earnings and profits amount” attributable to the public shares it directly owns, within the meaning of Treasury Regulations under Section 367(b) of the Code. A U.S. Holder’s ownership of public warrants will be taken into account in determining whether such U.S. Holder is a U.S. Shareholder. Complex attribution rules apply in determining whether a U.S. Holder is a U.S. Shareholder and all U.S. Holders are urged to consult their tax advisors with respect to these attribution rules.

A U.S. Shareholder’s “all earnings and profits amount” with respect to its public shares is the net positive earnings and profits of Leo (as determined under Treasury Regulations under Section 367 of the Code) attributable to such public shares (as determined under Treasury Regulations under Section 367 of the Code) but without regard to any gain that would be realized on a sale or exchange of such public shares. Treasury Regulations under Section 367 provide that the all earnings and profits amount attributable to a shareholder’s stock is determined according to the principles of Section 1248 of the Code. In general, Section 1248 of the Code and the Treasury Regulations thereunder provide that the amount of earnings and profits attributable to a block of stock (as defined in Treasury Regulations under Section 1248 of the Code) in a foreign corporation is the ratably allocated portion of the foreign corporation’s earnings and profits generated during the period the shareholder held the block of stock.

Leo does not expect to have significant, if any, cumulative earnings and profits through the date of the Domestication. If Leo’s cumulative net earnings and profits through the date of the Domestication is less than or equal to zero, then a U.S. Holder should not be required to include in gross income an “all earnings and profits amount” with respect to its public shares. It is possible, however, that the amount of Leo’s cumulative net earnings and profits may be greater than expected through the date of the Domestication in which case a U.S. Shareholder would be required to include its “all earnings and profits amount” in income as a deemed dividend under Treasury Regulations under Section 367(b) of the Code as a result of the Domestication.

B. U.S. Holders That Own Less Than 10 Percent of Leo

A U.S. Holder who, on the date of the Domestication, beneficially owns (actually or constructively) public shares with a fair market value of \$50,000 or more and is not a U.S. Shareholder will recognize gain (but not loss) with respect to the Domestication or, in the alternative, may elect to recognize the “all earnings and profits” amount attributable to such U.S. Holder as described below.

Unless a U.S. Holder makes the “all earnings and profits election” as described below, such U.S. Holder generally must recognize gain (but not loss) with respect to New CEC public shares received in the Domestication in an amount equal to the excess of the fair market value of such New CEC public shares over the U.S. Holder’s adjusted tax basis in the public shares deemed surrendered in exchange therefor.

In lieu of recognizing any gain as described in the preceding paragraph, a U.S. Holder may elect to include in income the “all earnings and profits amount” attributable to its public shares under Section 367(b) of the Code.

[Table of Contents](#)

There are, however, strict conditions for making this election. This election must comply with applicable Treasury Regulations and generally must include, among other things:

- (i) a statement that the Domestication is a Section 367(b) exchange (within the meaning of the applicable Treasury Regulations);
- (ii) a complete description of the Domestication;
- (iii) a description of any stock, securities or other consideration transferred or received in the Domestication;
- (iv) a statement describing the amounts required to be taken into account for U.S. federal income tax purposes;
- (v) a statement that the U.S. Holder is making the election that includes (A) a copy of the information that the U.S. Holder received from Leo establishing and substantiating the U.S. Holder's "all earnings and profits amount" with respect to the U.S. Holder's public shares and (B) a representation that the U.S. Holder has notified Leo (or New CEC) that the U.S. Holder is making the election; and
- (vi) certain other information required to be furnished with the U.S. Holder's tax return or otherwise furnished pursuant to the Code or the Treasury Regulations.

In addition, the election must be attached by an electing U.S. Holder to such U.S. Holder's timely filed U.S. federal income tax return for the year of the Domestication, and the U.S. Holder must send notice of making the election to New CEC no later than the date such tax return is filed. In connection with this election, we intend to provide each U.S. Holder eligible to make such an election with information regarding Leo's earnings and profits upon written request.

Leo does not expect to have significant, if any, cumulative earnings and profits through the date of the Domestication. However, as noted above, if it were determined that Leo had positive earnings and profits through the date of the Domestication, a U.S. Holder that makes the election described herein could have an "all earnings and profits amount" with respect to its public shares, and thus could be required to include that amount in income as a deemed dividend under applicable Treasury Regulations as a result of the Domestication.

EACH U.S. HOLDER IS URGED TO CONSULT ITS TAX ADVISOR REGARDING THE CONSEQUENCES TO IT OF MAKING THE ELECTION DESCRIBED HEREIN AND THE APPROPRIATE FILING REQUIREMENTS WITH RESPECT TO SUCH ELECTION.

C. U.S. Holders that Own Public Shares with a Fair Market Value of Less Than \$50,000

A U.S. Holder who, on the date of the Domestication, beneficially owns (actually or constructively) public shares with a fair market value less than \$50,000 should not be required to recognize any gain or loss under Section 367(b) of the Code in connection with the Domestication, and generally should not be required to include any part of the "all earnings and profits amount" in income.

Tax Consequences for U.S. Holders of Public Warrants

Subject to the considerations described above relating to a U.S. Holder's ownership of public warrants being taken into account in determining whether such U.S. Holder is a U.S. Shareholder for purposes of Section 367(b) of the Code, and the considerations described below relating to PFIC considerations, a U.S. Holder of public warrants should not be subject to U.S. federal income tax with respect to the exchange of warrants for newly issued New CEC public warrants in the Domestication.

ALL U.S. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS WITH RESPECT TO THE EFFECT OF SECTION 367(b) OF THE CODE TO THEIR PARTICULAR CIRCUMSTANCES.

PFIC Considerations

In addition to the discussion under “—*Effects of Section 367(b) to U.S. Holders*,” the Domestication could be a taxable event to U.S. Holders under the PFIC provisions of the Code.

A. Definition of a PFIC

A foreign (i.e., non-U.S.) corporation will be classified as a PFIC for U.S. federal income tax purposes if either (i) at least 75% of its gross income in a taxable year, including its pro rata share of the gross income of any corporation in which it is considered to own at least 25% of the shares by value, is passive income or (ii) at least 50% of its assets in a taxable year (ordinarily determined based on fair market value and averaged quarterly over the year), including its pro rata share of the assets of any corporation in which it is considered to own at least 25% of the shares by value, are held for the production of, or produce, passive income. Passive income generally includes dividends, interest, rents and royalties (other than rents or royalties derived from the active conduct of a trade or business) and gains from the disposition of passive assets. For purposes of these rules, interest income earned by Leo would be considered to be passive income and cash held by Leo would be considered to be a passive asset.

B. PFIC Status of Leo

Because Leo is a blank check company with no current active business, based upon the composition of its income and assets, and upon a review of its financial statements, Leo believes that it likely was a PFIC for its most recent taxable year ended on December 31, 2018 and will likely be considered a PFIC for its current taxable year which ends as a result of the Domestication.

C. Effects of PFIC Rules on the Domestication

As discussed above, Leo believes that it is likely classified as a PFIC for U.S. federal income tax purposes. Section 1291(f) of the Code requires that, to the extent provided in Treasury Regulations, a United States person who disposes of stock of a PFIC (including for this purpose exchanging public warrants for newly issued New CEC public warrants in the Domestication) recognizes gain notwithstanding any other provision of the Code. No final Treasury Regulations are currently in effect under Section 1291(f) of the Code. However, proposed Treasury Regulations under Section 1291(f) of the Code have been promulgated with a retroactive effective date. If finalized in their current form, those proposed Treasury Regulations may require gain recognition to U.S. Holders of public shares and public warrants upon the Domestication if (i) Leo were classified as a PFIC at any time during such U.S. Holder’s holding period in such public shares or public warrants and (ii) the U.S. Holder had not timely made (a) a QEF Election (as described below) for the first taxable year in which the U.S. Holder owned such public shares or in which Leo was a PFIC, whichever is later, or (b) a mark-to-market election (as described below) with respect to such public shares. Generally, neither election is available with respect to the public warrants. The tax on any such recognized gain would be imposed based on a complex set of computational rules designed to offset the tax deferral with respect to the undistributed earnings of Leo.

Under these rules:

- the U.S. Holder’s gain will be allocated ratably over the U.S. Holder’s holding period for such U.S. Holder’s public shares or public warrants;
- the amount of gain allocated to the U.S. Holder’s taxable year in which the U.S. Holder recognized the gain, or to the period in the U.S. Holder’s holding period before the first day of the first taxable year in which Leo was a PFIC, will be taxed as ordinary income;
- the amount of gain allocated to other taxable years (or portions thereof) of the U.S. Holder and included in such U.S. Holder’s holding period would be taxed at the highest tax rate in effect for that year and applicable to the U.S. Holder; and

- an additional tax equal to the interest charge generally applicable to underpayments of tax will be imposed on the U.S. Holder in respect of the tax attributable to each such other taxable year of such U.S. Holder.

Any “all earnings and profits amount” included in income by a U.S. Holder as a result of the Domestication (discussed under “—*Effects of Section 367(b) to U.S. Holders*”) generally would be treated as gain subject to these rules.

It is difficult to predict whether, in what form and with what effective date, final Treasury Regulations under Section 1291(f) of the Code will be adopted. Therefore, U.S. Holders of public shares that have not made a timely QEF Election or a mark-to-market election (both as defined and described below) and U.S. Holders of public warrants may, pursuant to the proposed Treasury Regulations, be subject to taxation on the Domestication to the extent their public shares or public warrants have a fair market value in excess of their tax basis therein. An Electing Shareholder (as described below) generally would not be subject to the adverse PFIC rules discussed above with respect to their public shares but rather would include annually in gross income its pro rata share of the ordinary earnings and net capital gain of Leo, whether or not such amounts are actually distributed.

D. QEF Election and Mark-to-Market Election

The impact of the PFIC rules on a U.S. Holder of public shares will depend on whether the U.S. Holder has made a timely and effective election to treat Leo as a “qualified electing fund” under Section 1295 of the Code for the taxable year that is the first year in the U.S. Holder’s holding period of public shares during which Leo qualified as a PFIC (a “QEF Election”). The QEF Election is made on a shareholder-by-shareholder basis and, once made, can be revoked only with the consent of the IRS. A U.S. Holder generally makes a QEF election by attaching a completed IRS Form 8621 (Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund), including the information provided in a “PFIC Annual Information Statement,” to a timely filed U.S. federal income tax return for the tax year to which the election relates. Retroactive QEF Elections generally may be made only by filing a protective statement with such return and if certain other conditions are met or with the consent of the IRS. U.S. Holders should consult their tax advisors regarding the availability and tax consequences of a retroactive QEF Election under their particular circumstances. A U.S. Holder’s ability to make a QEF Election with respect to Leo is contingent upon, among other things, the provision by Leo of a “PFIC Annual Information Statement” to such U.S. Holder. Upon written request, we will endeavor to provide to a U.S. Holder such information as the IRS may require, including a PFIC Annual Information Statement, in order to enable the U.S. Holder to make and maintain a QEF Election. There is no assurance, however, that we will timely provide such required information. A U.S. Holder that made a QEF Election may be referred to as an “Electing Shareholder” and a U.S. Holder that did not make a QEF Election may be referred to as a “Non-Electing Shareholder.” A U.S. Holder is not able to make a QEF Election with respect to public warrants. An Electing Shareholder generally would not be subject to the adverse PFIC rules discussed above with respect to their public shares. As a result, such a U.S. Holder should not recognize gain or loss as a result of the Domestication except to the extent described under “—*Effects of Section 367(b) to U.S. Holders.*”

The impact of the PFIC rules on a U.S. Holder of public shares may also depend on whether the U.S. Holder has made an election under Section 1296 of the Code. U.S. Holders who hold (actually or constructively) stock of a foreign corporation that is classified as a PFIC may annually elect to mark such stock to its market value if such stock is regularly traded on an established exchange (a “mark-to-market election”). No assurance can be given that the public shares are considered to be regularly traded for purposes of the mark-to-market election or whether the other requirements of this election are satisfied. If such an election is available and has been made, such U.S. Holders will generally not be subject to the special taxation rules of Section 1291 of the Code discussed herein. However, if the mark-to-market election is made by a Non-Electing Shareholder after the beginning of the holding period for the PFIC stock, then the Section 1291 rules will apply to certain dispositions of, distributions on and other amounts taxable with respect to public shares. A mark-to-market election is not available with respect to public warrants.

ALL U.S. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS CONCERNING THE CONSEQUENCES TO THEM OF THE PFIC RULES, INCLUDING, WITHOUT LIMITATION, WHETHER A QEF ELECTION, A MARK-TO-MARKET ELECTION OR ANY OTHER ELECTION IS AVAILABLE AND THE CONSEQUENCES TO THEM OF ANY SUCH ELECTION.

Effects to U.S. Holders of Exercising Redemption Rights

The U.S. federal income tax consequences to a U.S. Holder of public shares (which were exchanged for New CEC public shares in the Domestication) that exercises its redemption rights to receive cash from the trust account in exchange for all or a portion of its New CEC public shares will depend on whether the redemption qualifies as a sale of the New CEC public shares redeemed under Section 302 of the Code or is treated as a distribution under Section 301 of the Code. If the redemption qualifies as a sale of such U.S. Holder's New CEC public shares redeemed, such U.S. Holder will generally recognize capital gain or capital loss equal to the difference, if any, between the amount of cash received and such U.S. Holder's tax basis in the New CEC public shares redeemed.

The redemption of New CEC public shares generally will qualify as a sale of the New CEC public shares redeemed if such redemption (i) is "substantially disproportionate" with respect to the redeeming U.S. Holder, (ii) results in a "complete termination" of such U.S. Holder's interest in us or (iii) is "not essentially equivalent to a dividend" with respect to such U.S. Holder. These tests are explained more fully below.

For purposes of such tests, a U.S. Holder takes into account not only New CEC public shares actually owned by such U.S. Holder, but also shares of New CEC public shares that are constructively owned by such U.S. Holder. A redeeming U.S. Holder may constructively own, in addition to New CEC public shares owned directly, New CEC public shares owned by certain related individuals and entities in which such U.S. Holder has an interest or that have an interest in such U.S. Holder, as well as any New CEC public shares such U.S. Holder has a right to acquire by exercise of an option, which would generally include New CEC public shares which could be acquired pursuant to the exercise of the public warrants.

The redemption of New CEC public shares generally will be "substantially disproportionate" with respect to a redeeming U.S. Holder if the percentage of our outstanding voting shares that such U.S. Holder actually or constructively owns immediately after the redemption is less than 80 percent of the percentage of our outstanding voting shares that such U.S. Holder actually or constructively owned immediately before the redemption. There will be a complete termination of such U.S. Holder's interest if either (i) all of the New CEC public shares actually or constructively owned by such U.S. Holder is redeemed or (ii) all of the New CEC public shares actually owned by such U.S. Holder is redeemed and such U.S. Holder is eligible to waive, and effectively waives in accordance with specific rules, the attribution of the New CEC public shares owned by certain family members and such U.S. Holder does not constructively own any other of our shares. The redemption of New CEC public shares will not be essentially equivalent to a dividend if it results in a "meaningful reduction" of such U.S. Holder's proportionate interest in us. Whether the redemption will result in a "meaningful reduction" in such U.S. Holder's proportionate interest will depend on the particular facts and circumstances applicable to it. The IRS has indicated in a published ruling that even a small reduction in the proportionate interest of a small minority shareholder in a publicly held corporation who exercises no control over corporate affairs may constitute such a "meaningful reduction."

If none of the above tests is satisfied, a redemption will be treated as a distribution with respect to the New CEC public shares. Such distribution will generally be treated as a dividend for U.S. federal income tax purposes to the extent the distribution is paid out of New CEC's current or accumulated earnings and profits (as determined under U.S. federal income tax principles). Distributions in excess of any such earnings and profits will generally be applied against and reduce the U.S. Holder's basis in its other New CEC public shares (but not below zero) and, to the extent in excess of such basis, will be treated as capital gain from the sale or exchange of such redeemed shares. After the application of those rules, any remaining tax basis of the U.S. Holder in the New

[Table of Contents](#)

CEC public shares redeemed will generally be added to the U.S. Holder's adjusted tax basis in its remaining New CEC public shares, or, if it has none, to the U.S. Holder's adjusted tax basis in its New CEC public warrants or possibly in other New CEC public shares constructively owned by such U.S. Holder.

Because the Domestication will occur immediately prior to the redemption of U.S. Holders that exercise redemption rights, U.S. Holders exercising redemption rights will be subject to the potential tax consequences of Section 367(b) of the Code as a result of the Domestication (discussed further above).

ALL U.S. HOLDERS ARE URGED TO CONSULT THEIR TAX ADVISORS AS TO THE TAX CONSEQUENCES TO THEM OF A REDEMPTION OF ALL OR A PORTION OF THEIR NEW CEC PUBLIC SHARES PURSUANT TO AN EXERCISE OF REDEMPTION RIGHTS.

Non-U.S. Holders

As used herein, a "non-U.S. Holder" is a beneficial owner (other than a partnership or entity treated as a partnership for U.S. federal income tax purposes) of public shares or public warrants that is not a U.S. Holder.

The following describes U.S. federal income tax considerations relating to the ownership and disposition of New CEC public shares and New CEC public warrants by a non-U.S. Holder after the Domestication.

Distributions

In general, any distributions made to a non-U.S. Holder with respect to New CEC public shares, to the extent paid out of New CEC's current or accumulated earnings and profits (as determined under U.S. federal income tax principles), will constitute dividends for U.S. federal income tax purposes and, provided such dividends are not effectively connected with such non-U.S. Holder's conduct of a trade or business within the United States, will be subject to withholding tax from the gross amount of the dividend at a rate of 30%, unless such non-U.S. Holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate (usually on an IRS Form W-8BEN or W-8BEN-E, as applicable). Any distribution not constituting a dividend will be treated first as reducing (but not below zero) the non-U.S. Holder's adjusted tax basis in its New CEC public shares or New CEC public warrants and then, to the extent such distribution exceeds the non-U.S. Holder's adjusted tax basis, as gain realized from the sale or other disposition of such New CEC public shares or New CEC public warrants, which will be treated as described under "*Sale, Exchange or Other Disposition of New CEC Public Shares and New CEC Public Warrants.*"

Dividends paid by New CEC to a non-U.S. Holder that are effectively connected with such non-U.S. Holder's conduct of a trade or business within the United States (and if an income tax treaty applies, are attributable to a U.S. permanent establishment or fixed base maintained by the non-U.S. Holder) will generally not be subject to U.S. withholding tax, provided such non-U.S. Holder complies with certain certification and disclosure requirements (usually by providing an IRS Form W-8ECI). Instead, such dividends will generally be subject to U.S. federal income tax, net of certain deductions, at the same graduated individual or corporate rates applicable to U.S. Holders.

Sale, Exchange or Other Disposition of New CEC Public Shares and New CEC Public Warrants

A non-U.S. Holder will generally not be subject to U.S. federal income tax on gain realized on a sale or other disposition of New CEC public shares or New CEC public warrants unless:

- (i) such non-U.S. Holder is an individual who was present in the United States for 183 days or more in the taxable year of such disposition and certain other requirements are met, in which case any gain realized will generally be subject to a flat 30% U.S. federal income tax;

- (ii) the gain is effectively connected with a trade or business of such non-U.S. Holder in the United States (and if an income tax treaty applies, is attributable to a U.S. permanent establishment or fixed base maintained by such non-U.S. Holder), in which case such gain will be subject to U.S. federal income tax, net of certain deductions, at the same graduated individual or corporate rates applicable to U.S. Holders, and, if the non-U.S. Holder is a corporation, an additional “branch profits tax” may also apply; or
- (iii) New CEC is or has been a U.S. real property holding corporation at any time during the shorter of the five-year period preceding such disposition and such non-U.S. Holder’s holding period and either (A) the New CEC public shares has ceased to be regularly traded on an established securities market or (B) such non-U.S. Holder has owned or is deemed to have owned, at any time during the shorter of the five-year period preceding such disposition and such non-U.S. Holder’s holding period more than 5% of outstanding New CEC public shares.

If paragraph (iii) above applies to a non-U.S. Holder, gain recognized by such non-U.S. Holder on the sale, exchange or other disposition of New CEC public shares or New CEC public warrants will be subject to tax at generally applicable U.S. federal income tax rates. In addition, a buyer of such New CEC public shares or New CEC public warrants from a non-U.S. Holder may be required to withhold U.S. income tax at a rate of 15% of the amount realized upon such disposition. We will be classified as a U.S. real property holding corporation if the fair market value of our “United States real property interests” equals or exceeds 50% of the sum of the fair market value of our worldwide real property interests and our other assets used or held for use in a trade or business, as determined for U.S. federal income tax purposes. We do not expect to be classified as a U.S. real property holding corporation following the Merger. However, such determination is factual and in nature and subject to change and no assurance can be provided as to whether we are or will be a U.S. real property holding corporation with respect to a non-U.S. Holder following the Merger or at any future time.

Effects to Non-U.S. Holders of Exercising Redemption Rights

Because the Domestication will occur immediately prior to the redemption of non-U.S. Holders that exercise redemption rights with respect to our public shares, the U.S. federal income tax consequences to a non-U.S. Holder of New CEC public shares that exercises its redemption rights to receive cash from the trust account in exchange for all or a portion of its New CEC public shares will depend on whether the redemption qualifies as a sale of the New CEC public shares redeemed, as described above under “—*Effects to U.S. Holders of Exercising Redemption Rights.*” If such a redemption qualifies as a sale of New CEC public shares, the U.S. federal income tax consequences to the non-U.S. Holder will be as described above under “—*Sale, Exchange or Other Disposition of New CEC Public Shares and New CEC Public Warrants.*” If such a redemption does not qualify as a sale of New CEC public shares, the non-U.S. Holder will be treated as receiving a distribution, the U.S. federal income tax consequences of which are described above under “—*Distributions.*”

Information Reporting Requirements and Backup Withholding

Information returns will be filed with the IRS in connection with payments of dividends on and the proceeds from a sale or other disposition of New CEC public shares. A non-U.S. Holder may have to comply with certification procedures to establish that it is not a United States person for U.S. federal income tax purposes or otherwise establish an exemption in order to avoid information reporting and backup withholding requirements or to claim a reduced rate of withholding under an applicable income tax treaty. The amount of any backup withholding from a payment to a non-U.S. Holder will be allowed as a credit against such non-U.S. Holder’s U.S. federal income tax liability and may entitle such non-U.S. Holder to a refund, provided that the required information is furnished by such non-U.S. Holder to the IRS in a timely manner.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code and the Treasury Regulations and administrative guidance promulgated thereunder (commonly referred as the “Foreign Account Tax Compliance Act” or “FATCA”)

[Table of Contents](#)

generally impose withholding at a rate of 30% in certain circumstances on dividends in respect of, and, after December 31, 2018 (subject to the proposed Treasury Regulations discussed below), gross proceeds from the sale or other disposition of, securities (including public shares or public warrants and New CEC public shares or New CEC public warrants) which are held by or through certain foreign financial institutions (including investment funds), unless any such institution (i) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (ii) if required under an intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. Accordingly, the entity through which public shares or public warrants or New CEC public shares or New CEC warrants are held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and, after December 31, 2018 (subject to the proposed Treasury Regulations discussed below), gross proceeds from the sale or other disposition of, public shares or public warrants or New CEC public shares or New CEC public warrants held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exceptions will generally be subject to withholding at a rate of 30%, unless such entity either (i) certifies to the applicable withholding agent that such entity does not have any “substantial United States owners” or (ii) provides certain information regarding the entity’s “substantial United States owners,” which will in turn be provided to the U.S. Department of Treasury.

Under the applicable Treasury Regulations and administrative guidance, withholding under FATCA generally applies to payments of dividends in respect of our securities. While, beginning on January 1, 2019, withholding under FATCA would have applied also to payments of gross proceeds from the sale or other disposition of securities (including public shares or public warrants and New CEC public shares or New CEC public warrants), recently proposed Treasury Regulations eliminate FATCA withholding on payments of gross proceeds entirely. Taxpayers generally may rely on these proposed Treasury Regulations until final Treasury Regulations are issued.

All holders should consult their tax advisors regarding the possible implications of FATCA on their investment in public shares, public warrants, New CEC public shares or New CEC public warrants.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

Introduction

We are providing the following unaudited pro forma condensed combined financial information to aid you in your analysis of the financial aspects of the Business Combination.

The unaudited pro forma combined balance sheet as of December 30, 2018 combines the audited balance sheet of Leo as of December 31, 2018 with the consolidated balance sheet of Queso as of December 30, 2018, giving effect to the Business Combination as if it had been consummated as of that date.

The unaudited pro forma condensed combined statement of earnings for the year ended December 30, 2018 combines the audited statement of operations of Leo for the year ended December 31, 2018 with the audited consolidated statement of earnings of Queso for the year ended December 30, 2018, giving effect to the Business Combination as if it had occurred as of January 1, 2018.

The unaudited condensed combined pro forma financial information should be read in conjunction with the accompanying notes. In addition, the unaudited condensed combined pro forma financial information was based on and should be read in conjunction with the following historical financial statements and the accompanying notes, which are included elsewhere in this proxy statement/prospectus:

- historical audited financial statements of Leo Holdings Corp. as of, and for the year ended, December 31, 2018; and
- historical audited consolidated financial statements of Queso Holdings Inc. as of, and for the year ended, December 30, 2018.

The foregoing historical financial statements have been prepared in accordance with GAAP.

Description of the Business Combination

On April 7, 2019, Leo entered into the Business Combination Agreement with Queso and the Seller, pursuant to which at the Closing (a) Queso will merge with and into Leo, with Leo continuing as the surviving entity, referred to as New CEC, and (b) holders of shares in Queso will receive shares of New CEC Common Stock in exchange for their Queso shares. In connection with the consummation of the Business Combination, pursuant to the PIPE Investment, certain PIPE investors will subscribe for 10,000,000 shares of New CEC Common Stock (plus an additional 700,000) for an aggregate purchase price of \$100 million. The proceeds of the PIPE Investment plus cash held in Leo's trust account, net of share redemptions, will be used to fund redemptions of up to all \$255 million aggregate principal amount of the 8.000% CEC senior notes and to pay estimated transaction costs of \$15.5 million and deferred underwriting commissions from Leo's IPO of \$7 million.

Accounting for the Business Combination

The Business Combination will be accounted for as a reverse recapitalization in conformity with GAAP. Under this method of accounting, Leo has been treated as the "acquired" company for financial reporting purposes. This determination was primarily based on existing Queso stockholders comprising a majority of the voting power of the combined company, Queso operations comprising a majority of the ongoing operations of New CEC, and Queso's senior management comprising a majority of the senior management of New CEC combined entity. Accordingly, for accounting purposes, the acquisition will be treated as the equivalent of Queso issuing stock for the net assets of Leo, accompanied by a recapitalization. Net assets of Leo will be stated at historical costs, with no goodwill or other intangible assets recorded.

Basis of Pro Forma Presentation

The historical financial information has been adjusted to give pro forma effect to events that are related and/or directly attributable to the Business Combination, are factually supportable and are expected to have a continuing impact on the results of New CEC. The adjustments presented on the unaudited pro forma combined financial statements have been identified and presented to provide relevant information necessary for an accurate understanding of the combined company upon consummation of the Business Combinations. Upon closing of the Business Combination, we anticipate incurring incremental general and administrative expenses of approximately \$1.5 million to \$2.5 million per year as a result of being a public company. The unaudited proforma condensed combined financial statements do not reflect these incremental general and administrative expenses. In addition, the unaudited pro forma condensed combined financial statements also exclude costs associated with employee arrangements, long term incentive plans and compensation consultants, if any, that may be put into place after closing of the Business Combination.

The unaudited pro forma condensed combined financial information assumes no exercise of warrants, and excludes the potential issuance of the Contingent Shares.

The unaudited pro forma condensed combined financial information is presented for illustrative purposes only. The financial results may have been different had the Business Combination been consummated for the referenced periods. You should not rely on the unaudited pro forma condensed combined financial information as being indicative of the future results that New CEC will experience.

The unaudited pro forma condensed combined financial information has been prepared assuming two alternative levels of redemption of Leo public shares into cash:

- *Assuming No Redemptions:* This presentation assumes that no public shareholders of Leo exercise redemption rights with respect to their public shares upon consummation of the Business Combination; and
- *Assuming Redemptions:* This presentation assumes that Leo public shareholders exercise their redemption rights with respect to 5,000,000 shares of public shares upon consummation of the Business Combination, at a redemption price of approximately \$10.15 per share. We estimate this to be the maximum redemption of public shares in order to satisfy the Maximum Redemption Condition.

NOTES TO LEO HOLDINGS, CORP.
UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

Note 1. Basis of Presentation:

Overview:

The pro forma adjustments have been prepared as if the Business Combination had been consummated on December 30, 2018 in the case of the unaudited pro forma condensed combined balance sheet and on January 1, 2018, the beginning of the earliest period presented, in the case of the unaudited pro forma condensed combined statement of operations.

The unaudited pro forma condensed combined financial statements have been prepared assuming the following methods of accounting in accordance with GAAP.

The Business Combination will be accounted for as a reverse acquisition in conformity with GAAP. Under this method of accounting, Leo will be treated as the “acquired” company for financial reporting purposes. This determination was primarily based on existing Queso stockholders comprising a majority of the voting power of the combined company, Queso operations comprising a majority of the ongoing operations of the combined entity, and Queso senior management comprising a majority of the senior management of the combined entity. Accordingly, for accounting purposes, the acquisition will be treated as the equivalent of Queso issuing stock for the net assets of Leo, accompanied by a recapitalization. The net assets of Leo will be stated at historical cost, with no goodwill or other intangible assets recorded. Operations prior to the acquisition will be those of Queso.

Upon closing of the Business Combination, New CEC anticipates incurring incremental general and administrative expenses of approximately \$1.5 million to \$2.5 million per year as a result of being a public company, including costs associated with annual and quarterly reporting, Sarbanes-Oxley compliance expenses, expenses associated with listing on the NYSE, legal fees, investor relations expenses, registrar and transfer agent fees, director and officer liability insurance expenses, compensation for independent directors, and other administrative costs. The unaudited pro forma condensed combined financial statements do not reflect these incremental general and administrative expenses. Further, the unaudited pro forma condensed combined financial statements also exclude the costs associated with employee arrangements, long-term incentive plans, and compensation consultants, if any, that may be put into place after closing of the Business Combination.

The unaudited pro forma condensed combined financial information assumes no exercise of warrants as their exercise price exceeds the current stock price, and excludes the potential issuance of the Contingent Shares, as the issuance of the Contingent Shares is dependent on the occurrence of certain future events.

The pro forma adjustments represent management’s estimates based on information available as of the date of this proxy statement and are subject to change as additional information becomes available and additional analyses are performed. The unaudited pro forma condensed combined financial statements do not reflect possible adjustments related to transaction or other costs following the Business Combination that are not expected to have a continuing impact. Further, one-time transaction-related expenses anticipated to be incurred prior to, or concurrent with, closing the Business Combination and the other related transactions are not included in the unaudited pro forma condensed combined statements of operations. However, the impact of such transaction expenses is reflected in the unaudited pro forma condensed combined balance sheet as a decrease to retained earnings and a decrease to cash.

INFORMATION ABOUT LEO

Unless the context otherwise requires, all references in this section to the “Company,” “we,” “us” or “our” refer to Leo prior to the consummation of the Business Combination.

General

We are a blank check company incorporated as a Cayman Islands exempted company on November 29, 2017 and incorporated for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. We reviewed a number of opportunities to enter into a business combination with an operating business, and entered into the Business Combination Agreement on April 7, 2019. We intend to finance the Business Combination through a combination of (i) shares of New CEC Common Stock issued to the equityholders of Queso, (ii) cash held in the trust account net of redemptions and deferred underwriting discounts, and (iii) gross proceeds of the PIPE Investment.

On February 15, 2018, we consummated the initial public offering of our units, with each unit consisting of one Class A ordinary share, par value \$0.0001 per share, which we refer to as the “public shares,” and one-half of one warrant. Simultaneously with the closing of the initial public offering, we completed the private sale of 4,000,000 private placement warrants at a purchase price of \$1.50 per private placement warrant, to Sponsor generating gross proceeds to us of \$6,000,000. The private placement warrants are substantially identical to the warrants sold as part of the units in the initial public offering, except that Sponsor has agreed not to transfer, assign or sell any of the private placement warrants (except to certain permitted transferees) until 30 days after the completion of our initial business combination. The private placement warrants are also not redeemable by us so long as they are held by Sponsor or its permitted transferees, and they may be exercised by Sponsor and its permitted transferees on a cashless basis.

Following the closing of the initial public offering, a total of \$200,000,000 from the net proceeds of the sale of the units in the initial public offering and the private placement warrants was placed in the trust account. The trust account may be invested only in U.S. government treasury bills with a maturity of 180 days or less or in money market funds investing solely in United States Treasuries and meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended, which invest only in direct U.S. government obligations.

As of April 23, 2019, funds in the trust account totaled approximately \$204,486,000 and were held in money market funds.

Effecting Our Initial Business Combination

Fair Market Value of Target Business

The NYSE listing rules require that our initial business combination must be with one or more target businesses that together have a fair market value equal to at least 80% of the balance in the trust account (less any deferred underwriting commissions and taxes payable on interest earned) at the time of our signing a definitive agreement in connection with our initial business combination. Our board of directors determined that this test was met in connection with the proposed Business Combination.

Shareholder Approval of Business Combination

We are seeking stockholder approval of the Business Combination at the extraordinary general meeting, at which shareholders may elect to redeem their shares, regardless of if or how they vote in respect of the BCA Proposal, into their pro rata portion of the amount then on deposit in the trust account as of two business days

[Table of Contents](#)

prior to the consummation of the Business Combination including interest earned on the funds held in the trust account and not previously released to us (net of taxes payable). We will consummate the Business Combination only if we have net tangible assets of at least \$5,000,001 upon such consummation and the Condition Precedent Proposals are approved. Notwithstanding the foregoing, a public shareholder, together with any affiliate of such public shareholder or any other person with whom such public shareholder is acting in concert or as a "group" (as defined in Section 13(d)(3) of the Exchange Act), will be restricted from redeeming its public shares with respect to more than an aggregate of 15% of the public shares. Accordingly, if a public shareholder, alone or acting in concert or as a group, seeks to redeem more than 15% of the public shares, then any such shares in excess of that 15% limit would not be redeemed for cash.

The Class B Shareholders have agreed to vote all of their ordinary shares in favor of the proposals being presented at the extraordinary general meeting and waive their redemption rights with respect to such ordinary shares in connection with the consummation of the Business Combination. The Class B ordinary shares will be excluded from the pro rata calculation used to determine the per-share redemption price. As of the date of this proxy statement/prospectus, the Class B Shareholders own approximately 20.0% of the issued and outstanding ordinary shares.

At any time at or prior to the Business Combination, during a period when they are not then aware of any material nonpublic information regarding us or our securities, our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates may purchase public shares from institutional and other investors who vote, or indicate an intention to vote, against any of the Condition Precedent Proposals, or execute agreements to purchase such shares from such investors in the future, or they may enter into transactions with such investors and others to provide them with incentives to acquire public shares or vote their public shares in favor of the Condition Precedent Proposals. Such a purchase may include a contractual acknowledgement that such shareholder, although still the record or beneficial holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our Class B Shareholders, Queso and/or their directors, officers, advisors or respective affiliates purchase shares in privately negotiated transactions from public shareholders who have already elected to exercise their redemption rights, such selling shareholder would be required to revoke their prior elections to redeem their shares. The purpose of such share purchases and other transactions would be to increase the likelihood of satisfaction of the requirements that (1) holders of a majority of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the BCA Proposal, the Stock Issuance Proposal, the Incentive Award Plan Proposal and the Adjournment Proposal, (2) holders of at least two-thirds of the ordinary shares, represented in person or by proxy and entitled to vote at the extraordinary general meeting, vote in favor of the Domestication Proposal and the Organizational Documents Proposals, (3) otherwise limit the number of public shares electing to redeem and (4) New CEC's net tangible assets (as determined in accordance with Rule 3a51-1(g)(1) of the Exchange Act) being at least \$5,000,001.

Liquidation if No Business Combination

If we are not able to complete the Business Combination with Queso nor able to complete another business combination by February 14, 2020, in each case, as such date may be extended pursuant to our Existing Organizational Documents we will (1) cease all operations except for the purpose of winding up, (2) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (which interest shall be net of taxes payable, and less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and our board of directors, liquidate and dissolve, subject in each case to our obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

[Table of Contents](#)

Our Class B Shareholders have entered into letter agreements with us, pursuant to which they have waived their rights to liquidating distributions from the trust account with respect to their Class B ordinary shares if we fail to complete our initial business combination within the required time period. However, if our Class B Shareholders own public shares, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the allotted time period.

Our Class B Shareholders have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated memorandum and articles of association that would affect the substance or timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within the required time period, unless we provide our public shareholders with the opportunity to redeem their public shares upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, divided by the number of then outstanding public shares. However, we may not redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we do not then become subject to the SEC's "penny stock" rules). Prior to acquiring any securities from our Class B Shareholders, permitted transferees must enter into a written agreement with us agreeing to be bound by the same restrictions.

We expect that all costs and expenses associated with implementing our plan of dissolution, as well as payments to any creditors, will be funded from amounts remaining out of the proceeds held outside the trust account, although we cannot assure you that there will be sufficient funds for such purpose. However, if those funds are not sufficient to cover the costs and expenses associated with implementing our plan of dissolution, to the extent that there is any interest accrued in the trust account not required to pay taxes, we may request the trustee to release to us an additional amount of up to \$50,000 of such accrued interest to pay those costs and expenses.

The proceeds deposited in the trust account could, however, become subject to the claims of our creditors which would have higher priority than the claims of our public shareholders. We cannot assure you that the actual per-share redemption amount received by public shareholders will not be substantially less than \$10.00. See "*Risk Factors—Risks Related to the Business Combination and Leo—If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per share redemption amount received by shareholders may be less than \$10.00 per share (which was the offering price in our initial public offering)*" and other risk factors contained herein. While we intend to pay such amounts, if any, we cannot assure you that we will have funds sufficient to pay or provide for all creditors' claims.

Although we will seek to have all vendors, service providers (other than our independent auditors), prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public shareholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for

any reason. Upon redemption of our public shares, if we are unable to complete our initial business combination within the prescribed time frame, or upon the exercise of a redemption right in connection with our initial business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the ten years following redemption. In order to protect the amounts held in the trust account, our Sponsor has agreed that it will be liable to us if and to the extent any claims by a vendor for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amount of funds in the trust account to below (i) \$10.00 per public share or (ii) such lesser amount per public share held in the trust account as of the date of the liquidation of the trust account, due to reductions in value of the trust assets, in each case net of the amount of interest which may be withdrawn to pay taxes, except as to any claims by a third party who executed a waiver of any and all rights to seek access to the trust account and except as to any claims under our indemnity of the underwriters of our initial public offering against certain liabilities, including liabilities under the Securities Act. In the event that an executed waiver is deemed to be unenforceable against a third party, then Sponsor will not be responsible to the extent of any liability for such third-party claims. We cannot assure you, however, that Sponsor would be able to satisfy those obligations. None of our directors or officers will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the trust account are reduced below (i) \$10.00 per public share or (ii) such lesser amount per public share held in the trust account as of the date of the liquidation of the trust account, due to reductions in value of the trust assets, in each case net of the amount of interest which may be withdrawn to pay taxes, and Sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against Sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against Sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in any particular instance. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per-share redemption price will not be substantially less than \$10.00 per share. See *“Risk Factors—Risks Related to the Business Combination and Leo—If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per share redemption amount received by shareholders may be less than \$10.00 per share (which was the offering price in our initial public offering)”* and other risk factors contained herein.

We will seek to reduce the possibility that Sponsor will have to indemnify the trust account due to claims of creditors by endeavoring to have all vendors, service providers (other than our independent auditors), prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to monies held in the trust account. Sponsor will also not be liable as to any claims under our indemnity of the underwriters of the initial public offering against certain liabilities, including liabilities under the Securities Act.

If we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our shareholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you we will be able to return \$10.00 per share to our public shareholders. Additionally, if we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by shareholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover all amounts received by our shareholders. Furthermore, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, and thereby exposing itself and us to claims of punitive damages, by paying public shareholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons. See *“Risk Factors—Risks Related to the Business Combination and Leo—If, after we distribute the proceeds in the trust account to our public shareholders, we file a bankruptcy*

petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and we and our board of directors may be exposed to claims of punitive damages.”

Our public shareholders will be entitled to receive funds from the trust account only in the event of the redemption of our public shares if we do not complete our initial business combination within the required time period or if they redeem their respective shares for cash upon the completion of the initial business combination. In no other circumstances will a shareholder have any right or interest of any kind to or in the trust account. In the event we seek shareholder approval in connection with our initial business combination, a shareholder’s voting in connection with the initial business combination alone will not result in a shareholder’s redeeming its shares to us for an applicable pro rata share of the trust account. Such shareholder must have also exercised its redemption rights as described in this proxy statement/prospectus.

Properties

We currently maintain our offices at 21 Grosvenor Place, London, SW1X 7HF, United Kingdom. The cost for this space is included in the \$10,000 per month fee that we pay an affiliate of Sponsor for office space, utilities and secretarial and administrative services. We consider our current office space, adequate for our current operations.

Upon consummation of the Business Combination, the principal executive offices of New CEC will be located at 1707 Market Place Blvd, Suite 200, Irving, Texas 75063.

Employees

We currently have 2 executive officers. Members of our management team are not obligated to devote any specific number of hours to our matters but they intend to devote as much of their time as they deem necessary to our affairs until we have completed our initial business combination. The amount of time that any members of our management team will devote in any time period will vary based on whether a target business has been selected for our business combination and the current stage of the Business Combination process.

Competition

If we succeed in effecting the Business Combination with Queso, there will be, in all likelihood, significant competition from their competitors. We cannot assure you that, subsequent to the Business Combination, we will have the resources or ability to compete effectively. Information regarding Leo’s competition is set forth in the section entitled “*Information About Queso—Competition.*”

Number and Terms of Office of Officers and Directors

Our board of directors is divided into three classes, with only one class of directors being elected in each year, and with each class (except for those directors appointed prior to our first annual meeting of shareholders) serving a three-year term. In accordance with NYSE corporate governance requirements, we are not required to hold an annual meeting until one year after our first fiscal year end following our listing on NYSE. The term of office of the first class of directors, consisting of Robert Bensoussan and Lori Bush, will expire at our first annual meeting of shareholders. The term of office of the second class of directors, consisting of Robert Darwent and Mary E. Minnick, will expire at our second annual meeting of shareholders. The term of office of the third class of directors, consisting of Lyndon Lea, will expire at our third annual meeting of shareholders.

Prior to the completion of an initial business combination, any vacancy on the board of directors may be filled by a nominee chosen by holders of a majority of our Class B ordinary shares. In addition, prior to the completion of an initial business combination, holders of a majority of our Class B ordinary shares may remove a member of the board of directors for any reason.

Our officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Our board of directors is authorized to appoint persons to the offices set

forth in our amended and restated memorandum and articles of association as it deems appropriate. Our amended and restated memorandum and articles of association provide that our officers may consist of one or more chairman of the board, chief executive officer, president, chief financial officer, vice presidents, secretary, treasurer and such other offices as may be determined by the board of directors.

Director Independence

NYSE listing standards require that a majority of our board of directors be independent. Our board of directors has determined that Lori Bush, Robert Bensoussan and Mary E. Minnick are “independent directors” as defined in the NYSE listing standards and applicable SEC rules. Our independent directors have regularly scheduled meetings at which only independent directors are present.

Executive Compensation and Director Compensation and Other Interests

The following disclosure concerns the compensation of Leo’s executive officers and directors for the fiscal year ended December 31, 2018 (i.e., pre-business combination) and other interests Leo’s executive officers and directors have in Class B ordinary shares.

None of our executive officers or directors have received any cash compensation for services rendered to us. Since the consummation of our initial public offering and until the earlier of consummation of our initial business combination and our liquidation, we will reimburse an affiliate of our sponsor for office space, secretarial and administrative services provided to us in an amount not to exceed \$10,000 per month. In addition, our sponsor, executive officers and directors, or any of their respective affiliates are being reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee reviews on a quarterly basis all payments that were made to our sponsor, executive officers or directors, or our or their affiliates. Any such payments prior to an initial business combination are made using funds held outside the trust account. Other than quarterly audit committee review of such reimbursements, we do not have any additional controls in place governing our reimbursement payments to our directors and executive officers for their out-of-pocket expenses incurred in connection with our activities on our behalf in connection with identifying and consummating an initial business combination. Other than these payments and reimbursements, no compensation of any kind, including finder’s and consulting fees, is paid by the company to our sponsor, executive officers and directors, or any of their respective affiliates, prior to completion of our initial business combination.

After the completion of our initial business combination, directors or members of our management team who remain with us may be paid consulting or management fees from New CEC. For more information on post-combination company executive compensation, see the section entitled “*Management of New CEC Following the Business Combination—Executive and Director Compensation following the Business Combination.*” All of these fees will be fully disclosed to shareholders, to the extent then known, in the proxy solicitation materials or tender offer materials furnished to our shareholders in connection with a proposed business combination. We have not established any limit on the amount of such fees that may be paid by New CEC to our directors or members of management. It is unlikely the amount of such compensation will be known at the time of the proposed business combination, because the directors of the post-combination business will be responsible for determining executive officer and director compensation. Any compensation to be paid to our executive officers will be determined, or recommended to the board of directors for determination, either by a compensation committee constituted solely by independent directors or by a majority of the independent directors on our board of directors.

We do not intend to take any action to ensure that members of our management team maintain their positions with us after the consummation of our initial business combination, although it is possible that some or all of our executive officers and directors may negotiate employment or consulting arrangements to remain with us after our initial business combination. The existence or terms of any such employment or consulting

arrangements to retain their positions with us may influence our management's motivation in identifying or selecting a target business but we do not believe that the ability of our management to remain with us after the consummation of our initial business combination will be a determining factor in our decision to proceed with any potential business combination. We are not party to any agreements with our executive officers and directors that provide for benefits upon termination of employment.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers, directors and persons who beneficially own more than ten percent (10%) of our Class A ordinary shares to file reports of ownership and changes in ownership with the SEC. These reporting persons are also required to furnish us with copies of all Section 16(a) forms they file. Based solely upon a review of such Forms, we believe that during the fiscal year ended December 31, 2018 there were no delinquent filers.

Legal Proceedings

There is no material litigation, arbitration or governmental proceeding currently pending or to our knowledge, threatened against us or any members of our management team in their capacity as such.

Periodic Reporting and Audited Financial Statements

Leo has registered its securities under the Exchange Act and has reporting obligations, including the requirement to file annual and quarterly reports with the Securities and Exchange Commission. In accordance with the requirements of the Exchange Act, Leo's annual reports contain financial statements audited and reported on by Leo's independent registered public accounting firm. Leo has filed with the SEC its Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

LEO'S MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Unless the context otherwise requires, all references in this section to the "Company," "we," "us" or "our" refer to Leo prior to the consummation of the Business Combination. The following discussion and analysis of Leo's financial condition and results of operations should be read in conjunction with Leo's consolidated financial statements and notes to those statements included in this proxy statement/prospectus. Certain information contained in the discussion and analysis set forth below includes forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of many factors. Please see "Cautionary Statement Regarding Forward-Looking Statements" and "Risk Factors" in this proxy statement/prospectus.

Overview

We are a blank check company incorporated as a Cayman Islands exempted company on November 29, 2017 and incorporated for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. We reviewed a number of opportunities to enter into a business combination with an operating business, and entered into the Business Combination Agreement on April 7, 2019. We intend to finance the Business Combination through a combination of (i) shares of New CEC Common Stock issued to the equityholders of Queso, (ii) cash held in the trust account net of redemptions and deferred underwriting discounts, and (iii) gross proceeds of the PIPE Investment.

The issuance of additional shares in a business combination:

- may significantly dilute the equity interest of investors in the initial public offering, which dilution would increase if the anti-dilution provisions in the Class B ordinary shares resulted in the issuance of public shares on a greater than one-to-one basis upon conversion of the Class B ordinary shares;
- may subordinate the rights of holders of ordinary shares if preferred shares are issued with rights senior to those afforded our ordinary shares;
- could cause a change in control if a substantial number of our ordinary shares are issued, which may affect, among other things, our ability to use our net operating loss carryforwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change in control of us by diluting the share ownership or voting rights of a person seeking to obtain control of us; and
- may adversely affect prevailing market prices for our public shares and/or warrants to purchase our public shares.

Similarly, if we issue debt securities or otherwise incur significant indebtedness, it could result in:

- default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt is payable on demand;
- our inability to obtain necessary additional financing if the debt contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our ordinary shares;

[Table of Contents](#)

- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our ordinary shares, if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

As of December 31, 2018, we held cash of \$550,164, current liabilities of \$109,310 and deferred underwriting compensation of \$7 million. Further, we expect to continue to incur significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to complete a Business Combination will be successful.

Results of Operations

For the year ended December 31, 2018, we had net income of \$2,595,287. Our business activities consisted solely of interest income of \$3,085,087 for the year ended December 31, 2018 earned on the investments held in the trust account and identifying and evaluating prospective acquisition targets for a Business Combination.

Liquidity and Capital Resources

On December 8, 2017, Sponsor purchased 8,625,000 shares of the Company's Class B ordinary shares, par value \$0.0001, for an aggregate price of \$25,000. In February 2018, Sponsor transferred 30,000 founder shares to each of Mss. Bush and Minnick, and Mr. Bensoussan, Leo's independent directors. In February 2018, the Sponsor effected a surrender of 2,875,000 Class B ordinary shares to us for no consideration, resulting in a decrease in the total number of Class B ordinary shares from 8,625,000 to 5,750,000. The Class B ordinary shares will automatically convert into Class A ordinary shares at the time of our initial Business Combination and are subject to certain transfer restrictions. The Sponsor had agreed to forfeit up to 750,000 Class B ordinary shares to the extent that the over-allotment option was not exercised in full by the underwriter. On March 29, 2018, the over-allotment option expired and an aggregate of 750,000 shares were subsequently forfeited by the Sponsor.

On February 15, 2018, we consummated the initial public offering of 20,000,000 Units at a price of \$10.00 per Unit generating gross proceeds of \$200,000,000 before underwriting discounts and expenses. Prior to the Closing Date, we completed the private sale of an aggregate of 4,000,000 private placement warrants, each exercisable to purchase one Class A ordinary share for \$11.50 per share, to Sponsor, at a price of \$1.50 per private placement warrant.

We received gross proceeds from the initial public offering and the sale of the private placement warrants of \$200,000,000 and \$6,000,000, respectively, for an aggregate of \$206,000,000. \$200,000,000 of the gross proceeds were deposited in the trust account with Continental Stock Transfer and Trust Company acting as Trustee. The Sponsor and its affiliate had loaned the Company an aggregate of \$300,000 to cover expenses related to the Initial Public Offering pursuant to a promissory note. This loan was non-interest bearing and became payable upon the completion of the Initial Public Offering. The Company repaid \$300,000 on February 15, 2018. In addition, the Sponsor and its affiliate loaned the Company another \$25,000 for working capital. The Company fully repaid this amount on February 20, 2018.

On February 15, 2018, we invested the funds held in the trust account in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended, which invest solely

[Table of Contents](#)

in United States Treasuries. Due to the short-term nature of the money market fund's investments, we do not believe that we are subject to material interest rate risk.

As of December 31, 2018, funds held in the trust account consisted solely of cash and investments. As of December 31, 2018, we had cash held outside of the trust account of \$550,164, which is available to fund our working capital requirements.

As of December 31, 2018, we had current liabilities of \$109,310, largely due to due diligence fees related to identifying potential targets and amounts owed to professionals, consultants, advisors and others who performed services related to our initial public offering, the sale of the private placement warrants, identifying and evaluating a Business Combination and/or the negotiation of, or consummation of the transactions contemplated by, the Business Combination Agreement. Additional expenses will be incurred in connection with the consummation of the transactions contemplated by the Business Combination Agreement. Such expenses may be significant, and we expect some portion of these expenses to be paid upon the completion of a Business Combination, including the Queso Business Combination. We may request additional loans from Sponsor, affiliates of Sponsor or certain of our executive officers and directors to fund our working capital requirements prior to completing a Business Combination. We may use working capital to repay such loans, but no proceeds from the trust account will be utilized for such repayment. Additional funds could also be raised through a private offering of debt or equity. Our Sponsor, affiliates of Sponsor, executive officers and directors are not obligated to make additional loans to us, and we may not be able to raise additional funds from unaffiliated parties. Considering these uncertainties, there is substantial doubt regarding our ability to continue as a going concern.

On April 7, 2019, we entered into the Business Combination Agreement with Queso, a Delaware corporation, and the other parties thereto. Pursuant to the Business Combination Agreement, among other things, the Company will domesticate as a Delaware corporation and following the Domestication, Queso will merge with and into Leo, the separate corporate existence of Queso will cease and Leo will be the surviving corporation and a wholly owned subsidiary of the Company, on the terms and subject to the conditions set forth in the Business Combination Agreement.

We are required to complete a Business Combination within 24 months from the closing of the Initial Public Offering (the "Business Combination Period"). If we do not complete a Business Combination within this time period, we shall (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible, but not more than ten business days thereafter, redeem the public shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (which interest shall be net of taxes payable, and less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then issued and outstanding public shares, which redemption will completely extinguish public shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining shareholders and the board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to our public warrants and private placement warrants, which will expire worthless if we fail to complete our Business Combination within the Business Combination Period. We intend to use substantially all of the funds then on deposit in the trust account, including any amounts representing interest earned on the trust account (which interest shall be net of taxes payable and excluding deferred underwriting commissions) to complete our Business Combination. Our annual income tax obligations will depend on the amount of interest and other income earned on the amounts held in the trust account. We expect the interest earned on the amount in the trust account will be sufficient to pay our taxes. To the extent that our ordinary shares or debt is used, in whole or in part, as consideration to complete our Business Combination, the remaining proceeds held in the trust account after completion of the Business Combination and redemptions of Class A ordinary shares, if any, will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategy.

[Table of Contents](#)

We do not believe we will need to raise additional funds in order to meet the expenditures required for operating our business. However, if our estimates of the costs of identifying a target business, undertaking in-depth due diligence and negotiating a Business Combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our Business Combination. Moreover, we may need to obtain additional financing either to complete a Business Combination or because we become obligated to redeem a significant number of our public shares upon completion of a Business Combination, in which case we may issue additional securities or incur debt in connection with such Business Combination.

Off-Balance Sheet Financing Arrangements

We have no obligations, assets or liabilities which would be considered off-balance sheet arrangements. We do not participate in transactions that create relationships with unconsolidated entities or financial partnerships, often referred to as variable interest entities, which would have been established for the purpose of facilitating off-balance sheet arrangements.

We have not entered into any off-balance sheet financing arrangements, established any special purpose entities, guaranteed any debt or commitments of other entities, or entered into any non-financial agreements involving assets.

Contractual Obligations

We do not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities other than an administrative agreement to pay monthly recurring expenses of \$10,000 for office space, utilities and secretarial and administrative services to an affiliate of Sponsor and the deferred underwriting compensation as further described in Note 5 to our unaudited financial statements included elsewhere in this joint proxy statement/prospectus. The agreement terminates upon the earlier of the consummation by the Company of a Business Combination or the liquidation of the Company.

Critical Accounting Policies

The preparation of financial statements and related disclosures in conformity with accounting principles generally accepted in the United States of America requires our management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the condensed financial statements, and income and expenses during the periods reported. Actual results could materially differ from those estimates. We have identified the following as our critical accounting policies:

Offering Costs

We comply with the requirements of Accounting Standards Codification (“ASC”) 340-10-S99-1 and SEC Staff Accounting Bulletin Topic 5A, “Expenses of Offering.” We incurred offering costs in connection with our initial public offering of approximately \$11.9 million, inclusive of \$7.0 million in deferred underwriting commissions. These costs were charged to additional paid-in capital at the Closing Date.

Redeemable Ordinary Shares

The 20,000,000 Class A ordinary shares sold as part of the units in the initial public offering (each, a “Public Share” and together “Public Shares”) contain a redemption feature under which holders of the Class A ordinary shares may redeem all or a portion of their public shares upon completion of our Business Combination for an amount in cash equal to their pro rata share of the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the Business Combination including interest (which interest shall be net of taxes payable). In accordance with ASC 480, “Distinguishing Liabilities from Equity” (“ASC

480”), redemption provisions not solely within an entity’s control require the security to be classified outside of permanent equity. Ordinary liquidation events, which involve the redemption and liquidation of all of an entity’s equity instruments, are excluded from the provisions of ASC 480. Although we did not specify a maximum redemption threshold, our amended and restated memorandum and articles of association provide that in no event will we redeem our public shares in an amount that would cause our net tangible assets to fall below \$5,000,001. Accordingly, as of December 31, 2018, 19,116,628 of our 20,000,000 Class A ordinary shares were classified outside of permanent equity. We recognize changes in redemption value immediately as they occur and adjust the carrying value of redeemable ordinary shares to equal the redemption value at the end of each reporting period. Increases or decreases in the carrying value are affected by charges against accumulated deficit.

Net Income/(Loss) per Ordinary Share

Net income/(loss) per ordinary share is computed by dividing net income/(loss) attributable to ordinary shares by the weighted average number of ordinary shares issued and outstanding during the period, plus to the extent dilutive the incremental number of ordinary shares to settle warrants, as calculated using the treasury share method. As of December 31, 2018, we had outstanding warrants for the purchase of up to 14,000,000 Class A ordinary shares.

The Company has two classes of ordinary shares, which are referred to as Class A ordinary shares and Class B ordinary shares. The Company’s public shareholders have the opportunity to redeem their shares upon the completion of the Business Combination at a per share price that is equal to the aggregate amount then on deposit in the trust account including interest, divided by the number of then issued and outstanding Public Shares, subject to certain limitations. Accordingly, the Company uses the two-class method to compute the earnings per ordinary share. The two-class method is an earnings allocation formula that determines earnings per share separately for each class of ordinary shares based on an allocation of undistributed earnings per the rights of each class. As of December 31, 2018, the Company had outstanding warrants for the purchase of up to 14,000,000 Class A ordinary shares. For all periods presented, the weighted average of these shares was excluded from the calculation of diluted net income/(loss) per ordinary share because its inclusion would have been anti-dilutive. As a result, diluted net income/(loss) per ordinary share is equal to basic net income/(loss) per ordinary share.

Recent Accounting Pronouncements

In August 2018, the SEC adopted the final rule under SEC Release No. 33-10532, *Disclosure Update and Simplification*, amending certain disclosure requirements that were redundant, duplicative, overlapping, outdated or superseded. In addition, the amendments expanded the disclosure requirements on the analysis of shareholders’ equity for financial statements. Under the amendments, an analysis of changes in each caption of shareholders’ equity presented in the balance sheet must be provided in a note or separate statement. The analysis should present a reconciliation of the beginning balance to the ending balance of each period for which a statement of comprehensive income is required to be filed. The company anticipates its first presentation of changes in shareholders’ equity, in accordance with the new guidance, will be included in its Form 10-Q for the quarter ended March 31, 2019.

Management does not believe that any recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on our financial statements.

Quantitative and Qualitative Disclosures About Market Risk

To date, our efforts have been limited to organizational activities and activities relating to the initial public offering and the identification and evaluation of prospective acquisition targets for a business combination. We have neither engaged in any operations nor generated any revenues. As of December 31, 2018, the net proceeds from the initial public offering and the sale of the private placement warrants held in the trust account were

[Table of Contents](#)

comprised entirely of money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended, which invest solely in United States Treasuries. Due to the short-term nature of the money market fund's investments, we do not believe that there will be an associated material exposure to interest rate risk.

As of December 31, 2018, \$203,081,753 (including accrued interest) were held in the trust account for the purposes of consummating a business combination. If we complete a business combination within the required period, funds then on deposit in the trust account will be used to pay for our initial business combination, redemptions of Class A ordinary shares, if any, deferred underwriting compensation of \$7,000,000 and accrued expenses related to the business combination. Any funds remaining will be made available to us to provide working capital to finance our operations.

We have not engaged in any hedging activities since our inception. We do not expect to engage in any hedging activities with respect to the market risk to which we are exposed.

Business Summary

We believe we are the leading family entertainment and dining company globally, focused on providing an exciting, fun-filled experience for children and parents alike. Founded in 1977, we have an over 40-year track record and today, have a global network of family entertainment and dining centers (also referred to as “venues”) that we believe is the largest by number of units, more than six times larger than our closest competitor. We develop, operate and franchise venues under our iconic brands “Chuck E. Cheese” (“Where A Kid Can Be A Kid”) and “Peter Piper Pizza” (“Pizza Made Fresh, Families Made Happy”). Our venues deliver a lively, kid-friendly atmosphere and feature a broad array of entertainment offerings including arcade-style and skill-oriented games, rides and live entertainment shows, with the opportunity for our guests to win tickets and redeem prizes such as toys, plush dolls, and branded merchandise. We combine this memorable entertainment experience with a broad and creative menu that combines kid-friendly classics with a selection of more sophisticated options for adults. We offer families a highly compelling value proposition, where a family of four can visit Chuck E. Cheese and spend only \$34 for a package that includes food, drinks, and entertainment, which we believe to be significantly lower than comparable offerings at other dining and entertainment alternatives. We believe there is consistent demand for wholesome entertainment and family dining, and that our combination of entertainment and dining with a strong value proposition creates a highly differentiated experience that appeals to our diverse guest base. We are the venue of choice for many special occasions, and we believe Chuck E. Cheese is the #1 brand for kids’ birthdays. Additionally, the Chuck E. Cheese brand has near universal overall awareness at 99%, according to a study by Russell Research. We are proud to boast a Net Promoter Score of 91% for the quarter ended December 30, 2018, which is an all-time high for us, and we believe is very strong relative to our peers.

We believe we are the largest provider of family entertainment and dining by number of venues globally. As of December 30, 2018, across both our Chuck E. Cheese and Peter Piper Pizza brands, we operated 554 venues (74% of total) and had 196 venues (26% of total) operating under franchise arrangements across 47 states and 14 foreign countries and territories. This significant geographic scale makes us an accessible choice in many neighborhoods across the U.S. and globally. In Fiscal 2018, we generated \$896.1 million in revenue, (\$20.5) million in net income/(loss), and \$174.9 million in Adjusted EBITDA. Notably, we enjoy a balanced sales mix between Entertainment and Merchandise, which in Fiscal 2018 accounted for 55% of total company venue sales and had a gross profit margin of 92%, and Food and Beverage, which accounted for 45% of total company venue sales and had a gross profit margin of 76% over the same period, resulting in a total gross profit margin of 85% in Fiscal 2018. Our business has demonstrated significant momentum, with positive comparable venue sales growth since the second quarter of Fiscal 2018. See “*Summary of the Proxy Statement/Prospectus—Selected Historical Financial Information of Queso—Non-GAAP Financial Measures*” for additional information about Adjusted EBITDA, a reconciliation of net income/(loss) to Adjusted EBITDA and the calculation of Adjusted EBITDA margin.

We have developed our iconic Chuck E. Cheese brand with broad appeal through our more than 40-year commitment to being a family-fun and entertainment company. Over the last few years, we have invested in revitalizing our guest experience, including revamping our menu with improved food quality and new offerings, tailoring our marketing message to focus on both kids and moms, improving venue amenities such as adding Wi-Fi across all of our locations, and reinvigorating our culture with a new hospitality-oriented program for our venue staff. We have made corresponding investments in technology, staff training, and our physical assets including labor and inventory management systems. In 2018, we completed the rollout of our proprietary Play Pass card system at all company-operated Chuck E. Cheese venues, which we funded through a capital

investment of \$56 million from 2015 to 2017. This system replaces the traditional token-based game system used for the last 40 years with an RFID tag that guests use to activate games. Guests can purchase “points” or time on reloadable cards and can use these cards to play our games. Additionally, Play Pass provides us access to significant guest data, which allows us to develop insights into our business and enables us to be more innovative with our game pricing initiatives. In the third quarter of 2018 we launched All You Can Play (“AYCP”), a first-of-its-kind gaming experience that allows kids access to play every game at Chuck E. Cheese as many times as they want on any day, without any restrictions, in all of our domestic company-operated Chuck E. Cheese venues. For kids, this alleviates concerns of running out of tokens / points, and for adults it provides surety around activity time, and increases perceived value. We also launched our “More Tickets” program in the third quarter of 2018, increasing average tickets earned per game play, to drive higher guest satisfaction. These initiatives, combined with the early stages of our remodel program, have created positive momentum in our Comparable Venue Sales performance, are driving higher margin entertainment and merchandise spending, and we believe position our Company for sustained long-term growth in the future.

Our Complementary Brands

We believe our two brands, Chuck E. Cheese and Peter Piper Pizza, are complementary, with each offering guests a pizza-anchored menu as well as entertainment. While Chuck E. Cheese focuses principally on kids, Peter Piper Pizza operates smaller venues with a primary emphasis on food, resulting in higher frequency of visits. Both venues offer a game area separate from the dining area. We believe that the two concepts have operations that are substantially similar.

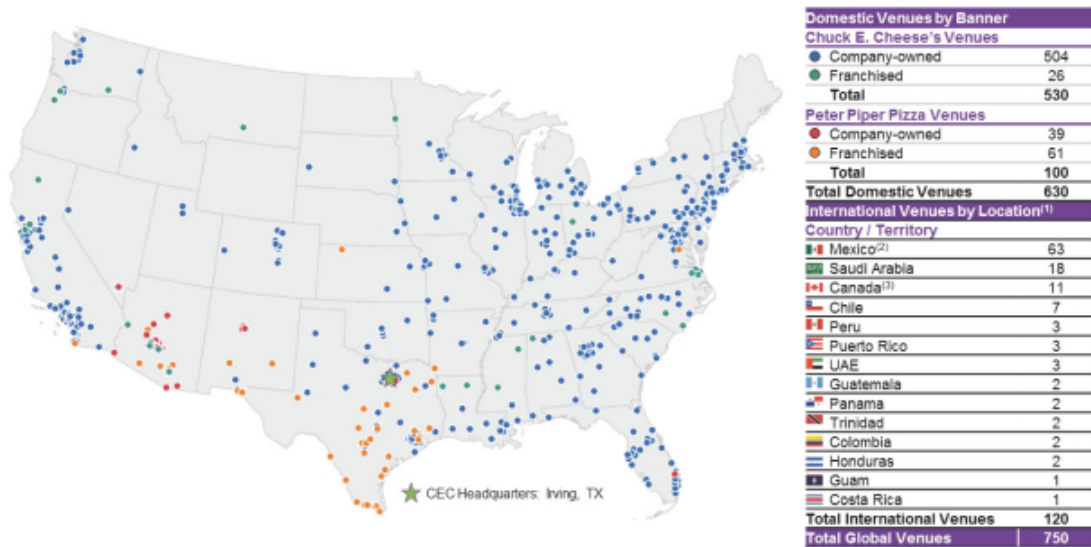

Chuck E. Cheese: Where A Kid Can Be A Kid. Chuck E. Cheese was founded in 1977 and is a highly recognized brand that uniquely appeals to our primary guest base of families with children between 2 and 12 years of age. Chuck E. Cheese venues feature an open and bright setting, which creates an inviting atmosphere for kids and a good line of sight for parents. Safety is a key focus, including our Kid Check safety system, which provides everyone in a group with a unique number stamp that is checked at the door. Each venue includes approximately 75 games, rides and attractions for kids of all ages, including classic skill games, such as arcade basketball, Skee-Ball and Whack-a-Mole, along with the Ticket Blaster machine where birthday guests can grab as many tickets as possible in 30 seconds. Our menu features fresh, hand-made pizza, sandwiches, boneless and bone-in chicken wings, desserts and beverages, including beer and wine at most locations. Chuck E. Cheese, our iconic, energetic mouse mascot, performs music and dance shows and interacts with our guests, driving strong brand recognition. We believe Chuck E. Cheese is the #1 brand for kids’ birthdays, and reserved birthday packages represented approximately 15% of Chuck E. Cheese venue revenues in Fiscal 2018. As of December 30, 2018, there were 606 Chuck E. Cheese locations in 47 states and 14 foreign countries and territories, of which 515 were company-operated.

Peter Piper Pizza: Pizza Made Fresh, Families Made Happy. Peter Piper Pizza serves fresh, high-quality, handcrafted food and beverages, including craft beer and wine, and offers state-of-the-art games for all ages. Venues feature a bold design and contemporary layout, with open kitchens revealing much of the handcrafted food preparation, such as fresh mozzarella being shredded off the block, vegetables being hand-chopped, wings being hand-tossed, and our Certified Dough Masters crafting pizzas with made-from-scratch dough. Our large, open dining areas provide an enjoyable atmosphere for families and group events, with attentive staff dedicated to providing an enjoyable and memorable experience to each guest. As of December 30, 2018, there were 144 Peter Piper Pizza locations in the United States (also referred to as “U.S.”) and Mexico, of which 39 were company-operated.

Our Company has benefited from the 2014 acquisition of Peter Piper Pizza through the implementation of best practice sharing and synergies from the leveraging of back office functions and procurement spend. Peter Piper Pizza has also benefited from lower game buying costs under CEC’s ownership, as Chuck E. Cheese is one of the largest purchasers of arcade games in the world.

Although these brands are substantially similar operationally, we believe that these distinct concepts are able to coexist effectively in markets.

Our Competitive Strengths

The following strengths differentiate us from our competitors and serve as the foundation for our continued growth:

Iconic, Widely Recognized Brand. We benefit from significant brand strength and high awareness. Chuck E. Cheese is a long-standing, iconic brand that delivers a differentiated guest experience. Chuck E. Cheese is the #1 brand for family fun and entertainment according to a commissioned study conducted by Russell Research. The study indicated that 61% of moms, when asked on an unaided basis to name a place they could bring their children for family fun and dining, named Chuck E. Cheese first, before all branded and non-branded alternatives. The Chuck E. Cheese brand enjoys wide popularity in the U.S. across demographic segments, particularly in fast-growing Hispanic communities. The study also indicated 86% unaided awareness of the brand amongst children ages 6 to 8, demonstrating the brand's broad recognition. Additionally, according to the same study, children ask to go to Chuck E. Cheese an average of 9 times per year.

Differentiated Family Fun and Entertainment Experience. We are a leader in integrated family entertainment and dining and have built brands that are synonymous with a safe, fun, convenient and affordable family experience. Our entertainment and dining offerings are consistently well rated by our guests, and we continually update and modernize our offerings to adapt to evolving consumer tastes. At Chuck E. Cheese, we put smiles on kids’ faces through our engaging entertainment offerings, which include arcade-style and skill-oriented games, rides and activities, live interactive performances and sing-alongs on our showroom floor. Our venues also offer group experiences that include birthdays and group celebrations. Our games provide children with exciting, action-packed entertainment and the ability to win tickets that can be exchanged for prizes of their choice from our merchandise area. Additionally, we believe our Play Pass system and All You Can Play product offering are key differentiators that are difficult for our competitors to replicate. We serve fresh, handcrafted food that both parents and kids can enjoy, and have revamped the menu to include fresh, quality ingredients. Our menu offerings include our oven baked, made-to-order pizza on dough that is made from scratch, handmade breadsticks, fresh sandwiches, salads and desserts in addition to a variety of beverages. We expect our staff to be engaging and enthusiastic and to take pride in providing the best hospitality to each and every family member to ensure a memorable experience. This unique combination of family entertainment and dining, coupled with leading hospitality, results in approximately 75% of our guests purchasing both entertainment and dining offerings when they visit.

Highly Compelling Consumer Value Proposition. Chuck E. Cheese is at the intersection of entertainment and family dining. We understand that families, especially those with young children, evaluate a broad set of factors when selecting their entertainment and dining options. Our guests seek options that are safe, fun, healthy and delicious, but also convenient and affordable. Our business uniquely addresses this set of preferences, combining a wholesome family dining experience with distinctive family-oriented games, rides, activities, shows and other entertainment alternatives, all under one roof in venues that are conveniently located near or in proximity to neighborhoods across the United States and around the world. A family of four can visit Chuck E. Cheese for only \$34 for a package that includes food, drinks, and entertainment. We believe this value proposition is highly compelling and represents a fraction of the cost of comparable offerings of alternatives that combine dining with family entertainment. Additionally, our Play Pass system enables us to price games dynamically and offer promotions such as targeted half-price offerings and AYCP hourly packages, which provide additional value to our consumers. AYCP allows us better pricing power than tokens, which is a fundamental change in the business model. We believe offering AYCP is a distinction from our competitors, which mostly operate using cards that limit game time via points.

Compelling Value Proposition

- (1) Illustrative pricing for parties of 2 adults and 2 children for an everyday visit. Based on New York pricing versus \$35 price point in most U.S. venues. \$34 is the lowest price offered in U.S. venues.
- (2) Based on 2 kids meals (pizza), 2 adult burgers & fries, and 4 beverages at Chili's.

Substantial Scale and an Attractive Venue Portfolio. Our portfolio of 750 venues is spread across 47 states and 14 foreign countries and territories. As pioneers in the family entertainment and dining space, we believe we are the largest scaled player in the U.S. with a nationwide presence, and as such, our revenue is spread proportionally across the country. Our scale allows us to leverage a national advertising platform that fosters brand strength, loyalty and awareness.

We maintain an attractive portfolio of company-operated venues in the U.S. and Canada. Our venues are located in high-traffic locations, and we have limited exposure to mall locations. Our geographic diversity limits the adverse impact of weather in particular regions, as well as general macroeconomic and market fluctuations in any one particular region. Our franchise business consists of 196 Chuck E. Cheese and Peter Piper Pizza venues and enables us to expand our brands while enhancing profitability and cash flow. We partner with established, large-scale international franchisees which continue to develop existing markets and help Chuck E. Cheese expand in new territories. We have a strong track record internationally, demonstrating Chuck E. Cheese's universal appeal, and we believe we continue to have underpenetrated markets globally as we pursue international franchise expansion with our Chuck E. Cheese brand.

Strong Operating Margins and Attractive Free Cash Flow. For Fiscal 2018, the Company generated 85% gross profit margins, benefiting from the mix of higher margin entertainment and merchandise sales along with favorable food and beverage margins. With 55% of our total revenues tied to entertainment and merchandise and a straightforward menu focused on pizza, we believe our exposure to changes in food and commodity costs is lower than traditional restaurant companies. Our growing franchise platform generated more than \$20 million of highly profitable franchise fees and royalties in Fiscal 2018. Given our growing, diversified revenue stream and our belief in discipline with respect to operating expenses, we have been able to consistently generate high operating margins. Additionally, we benefit from low maintenance capital expenditure requirements, and thus

generate strong discretionary free cash flow. In Fiscal 2016, 2017 and 2018, maintenance capital expenditures represented 4%, 4% and 5% of sales, respectively. With significant resources devoted to games, we benefit from our scale as the largest game buyer in the world and we have the ability to cycle games between venues to help create a sense of newness for our guests.

Consistent Demand Throughout All Cycles. We believe there is strong and consistent demand for wholesome entertainment and family dining, and that Chuck E. Cheese's price point is attractive in any economic condition. This has been demonstrated by the Company's resilient comparable venue sales performance in historical economic downturns. During the Great Recession from 2008 – 2010, Chuck E. Cheese outperformed restaurant and destination entertainment industry benchmarks compiled by Knapp Track, generating, on average, positive comparable venue sales growth of 0.1%.

Proven and Experienced Management Team. Led by Chief Executive Officer Thomas Leverton, our senior leadership team has revitalized our corporate culture. Our executive management team has significant experience in multi-site leisure, hospitality, entertainment and family dining industries. The team combines a unique blend of veterans from both CEC and other entertainment and retail companies such as TopGolf, Omniflight, Nordstrom, Billabong, Pizza Hut, and On The Border Mexican Grill & Cantina. We also benefit from a strong team of highly skilled, loyal and committed managers and employees at each of our venues. Our general managers have an average tenure with the Company of approximately 10 years and average time in their position of approximately 5 years. We believe that our executive management team, along with our diverse employee base, is well positioned to continue to drive strong financial performance while providing our guests with a superior and highly memorable experience.

Our Strategic Plan

Our operating strategy aims to “Enhance What We Do For Kids, Wildly Improve What We Do For Adults.” This strategic plan is focused on increasing comparable venue sales by enhancing the total guest experience and unlocking operational investments we have made, enhancing our venue base with a comprehensive remodel program, and expanding our global venue network, particularly internationally.

Increase Comparable Venue Sales. Our core strategy to grow comparable venue sales is driven by our initiatives to enhance the in-venue experience for both kids and adults and capitalize on growth opportunities created by recent operational investments. We categorize these initiatives as Improve Guest Experience, Enhance Guest Engagement, Leverage Existing Investments and Optimize Pricing.

Improve Guest Experience

Our recent and ongoing initiatives to improve the in-venue experience and drive comparable venue sales growth include the following:

- **Improved menu offerings:** We continue to enhance the guest experience by introducing new menu items and improving the ordering experience. We are constantly innovating to introduce new made-from-scratch recipes, both kids' classics and more sophisticated options for parents. We are improving the ordering experience by simplifying our menu and experimenting with technological solutions, including mobile ordering.
- **Focus on in-venue experience:** To enhance the experience of our guests, we have implemented a hospitality training program, updated our entertainment options including Top 40 music and Wi-Fi, and focused on continuously improving the cleanliness of our venues. Additional areas of focus include streamlining the order and checkout process, enhancing our game offerings and improving our birthday packages.
- **More Tickets:** We believe our guests enjoy the thrill of winning tickets and redeeming them for our merchandise. During the third quarter of 2018, we completed the roll-out of higher ticket payouts at our redemption games, coupled with a smaller adjustment to the ticket “prices” of our merchandise.

Enhance Guest Engagement

We continue to aim to improve the frequency and quality of engagement with our guests. Our current initiatives include:

- Enhancing our marketing message: We have broadened our advertising efforts from a traditional focus on children via television to a broader approach that includes digital advertising, influencer programs, gaming and promotional opportunities. We have also begun to reach out directly to moms through digital advertising, cross-promotional coupons, social media, public relations and e-mail.
- “More Cheese” guest loyalty program: In the first quarter of 2018, we launched our first guest loyalty program where guests can earn awards and discounts based on purchases. We continue to seek to improve this system by testing loyalty offerings with various awards. We developed this system with a user base derived in part from the database we developed as part of our email marketing program from over 40 years of experience. As of the end of Fiscal 2018, the loyalty program had more than 500,000 members.

Leverage Existing Investments

We believe we are in the early stages of realizing the benefits of significant growth capital investments we have made in technology over the past few years which allow us to offer more compelling offerings to a wider variety of guests. These include the following:

- Play Pass: In 2018, we completed the deployment of our proprietary Play Pass card system at all company-operated Chuck E. Cheese venues. Guests can purchase “points” on reloadable plastic cards and use these cards to play our games. Guest reactions have been very positive, with guests focusing on both the ease of use and improved cleanliness due to the removal of tokens. This new system enables us to price games dynamically and offer promotions such as our AYCP package, and collect new data on game uptick and popularity, which we were not able to do under our prior token-based system.
- All You Can Play: In the third quarter of 2018, we completed the roll-out of AYCP at all of our domestic company-operated Chuck E. Cheese venues. This product allows guests the option to play unlimited games within a specified period of time. AYCP is perceived as a greater value proposition for our guests as evidenced during our testing by higher NPS scores in venues, with 66% positive guest comments on price in AYCP venues versus 44% in non-AYCP venues. As of December 30, 2018, AYCP accounted for approximately 50% of our entertainment revenues.

Optimize Pricing

We expect to benefit substantially from our ability to optimize pricing and promotions in our venues utilizing the Play Pass card system.

- Gameplay pricing and promotions: Historically, CEC has taken little to no material game pricing. Play Pass allows us to vary pricing and offerings by geography and day part within a venue. We believe there is opportunity to optimize pricing in games as CEC’s gameplays average approximately \$0.25 while competitor pricing can exceed \$1 or more per gameplay. During 2018, we began testing guest promotions that included discounts during slow school days, dynamic pricing on select weekends, spring breaks, and holidays, and traffic-driving deals such as discounted AYCP.

Remodeling Our Venues to Provide a Modern, Fresh Look: In 2017, we began testing a redesigned concept at our Chuck E. Cheese venues which carefully targeted areas to improve family experience and comfort. Changes included a new exterior and signage, brighter interiors, art décor on the walls, digital menu boards, a new star dance stage, a refreshed game offering and open windows that allow guests to view our fresh pizza being made.

Following an initial test of seven remodels in 2017, we completed an additional 25 remodels in 2018 and plan to complete 60 remodels in 2019 and 90 per year thereafter. Through Week 7 of Fiscal 2019, the venues

[Table of Contents](#)

remodeled in 2017 have experienced a sustained 12% comparable store sales uplift, and those remodeled in 2018 have experienced a 16% comparable store sales uplift versus un-remodeled venues. Our business model benefits from substantial operating leverage, and we expect in excess of 50% of this increase in sales to flow through to operating income.

We expect to realize a cash-on-cash return of greater than 20% on these remodels. We define and calculate cash-on-cash returns for an individual store as (a) the increase in Store Operating Income Before Depreciation and Amortization, excluding pre-opening expenses, national marketing expense allocation, non-cash charges related to asset disposals and changes in non-cash deferred amusement revenue and ticket liability, divided by (b) our net development costs for the remodel. Net development costs include equipment, building, leaseholds and site costs, net of tenant improvement allowances and other landlord concessions or payments, excluding pre-opening costs and capitalized interest.

We anticipate that future remodels, on average, will cost between \$525,000 to \$575,000 per unit to complete.

Pursue New Venue Growth Domestically and Internationally. We have a long track record of successful new venue development and will continue to pursue a disciplined venue growth strategy in both new and existing markets where we can achieve strong cash-on-cash returns and long term success. For new venue openings, we follow a rigorous due diligence and site selection process and strategically locate our venues within convenient driving distance to large metropolitan areas. Our venues generate strong cash flow and perform consistently well across geographic regions. We have a successful track record of opening new domestic company-operated Chuck E. Cheese venues at attractive rates of return and believe our existing markets can support additional venues. We target rates of return of over 30% for such company operated venues.

As of December 30, 2018, we had 109 international venues operating under franchise arrangements. Since 2013, our Chuck E. Cheese international franchise venue base has grown at a 25% CAGR from 21 venues in 2013 to 65 venues in 2018. We aim to continue growing internationally with existing and new franchise partners, with development agreements in place for 82 additional committed venues across 16 countries. In 2018, we opened 8 new venues collectively in five countries, with one new franchised Chuck E. Cheese venue and one new franchised Peter Piper Pizza venue in the United States and six new franchised Chuck E. Cheese venues across four countries. In Fiscal 2019, we expect 12 new Chuck E. Cheese franchised venues to open internationally.

Overview of Operations

Food and Beverage

Each Chuck E. Cheese and Peter Piper Pizza venue offers a variety of pizzas, wings, appetizers, salads, and desserts, along with certain gluten-free options. Our hand-made pizza and prepared foods are made fresh to order. Soft drinks, coffee, and tea are also served, along with beer and wine at most locations. Chuck E. Cheese venues also offer sandwiches, and some Chuck E. Cheese and Peter Piper Pizza venues offer lunch buffet options with unlimited pizza, salad, breadsticks and dessert. We continuously focus on delivering a quality-driven product and believe the quality of our food compares favorably with that of our competitors. As part of our ongoing initiatives to improve operations, we have implemented an improved venue inventory management system that provides additional visibility into food cost measurements and automates our replenishment cycles.

Food and beverage sales represented 45.3%, 47.3% and 45.8% of our company-operated venue sales during Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively.

Entertainment and Merchandise

Each of our Chuck E. Cheese and Peter Piper Pizza venues has a game room area, which includes an array of amusement and entertainment options. These options range from classic arcade, redemption and skill-oriented games, such as air hockey, Skee-ball and basketball, to rides, such as mini trains, motorcycles and various driving games. At Chuck E. Cheese, we also offer musical and comical entertainment that features our iconic Chuck E. Cheese character with live performances and frequent appearances on our showroom and game room floor, along with ongoing entertainment featuring music videos and televised skits. Each Peter Piper Pizza venue also offers flat-screen televisions located throughout the dining area. In the first quarter of 2018, we completed the implementation of Play Pass, a new proprietary game card system, in all of our company-operated Chuck E. Cheese venues. Play Pass is similar to a stored value gift card and allows guests to activate games and rides with their own personal card. In addition, in July 2018, we launched AYCP in all of our domestic company-operated Chuck E. Cheese venues. AYCP, a time-based play option, allows guests to play unlimited games within a block of time, increasing the number of games, tickets and prizes. More Tickets provides the thrill of winning a greater number of tickets on redemption games. A number of games dispense tickets that can be redeemed by guests for prize merchandise such as toys and plush items. Our guests can also purchase this merchandise directly for cash.

Entertainment and merchandise sales represented 54.7%, 52.7% and 54.2% of our company-operated venue sales during Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively.

Franchising

As of December 30, 2018, we franchised a total of 91 Chuck E. Cheese venues, with 26 venues located in the United States and 65 venues located in 14 foreign countries and territories, and a total of 105 Peter Piper Pizza venues, with 61 venues located in the United States and 44 venues located in Mexico. We have 18 active development and franchise agreements to open 78 Chuck E. Cheese venues in 16 countries, and four signed development and franchise agreements with rights to open another 19 Peter Piper Pizza venues in Texas and one signed development and franchise agreement with rights to open another four venues in Mexico. See “*Risk Factors—Risks Related to Queso’s Business and to New CEC’s Business Following the Business Combination*” for more information regarding the risks associated with franchise development agreements.

Our standard franchise agreements grant the franchisee the right to construct and operate a venue and use our associated trade names, trademarks and service marks in accordance with our standards and guidelines. Most of our existing Chuck E. Cheese franchise agreements have an initial term of 15 to 20 years and include a 10-year renewal option. Peter Piper Pizza’s franchise agreements are for a 10-year term and include a 10-year successor agreement on Peter Piper Pizza’s then standard form of agreement. The standard franchise agreement provides us with a right of first refusal should a franchisee decide to sell a venue. We also enter into area development agreements, which grant franchisees exclusive rights to open a specified number of venues in a designated geographic area within a specified period of time. In addition to initial franchise and area development fees, the franchisee is charged a continuing monthly royalty fee equal to a percentage of its gross monthly sales, generally around 5%, which varies by location and brand.

In 1985, we and our Chuck E. Cheese franchisees formed the International Association of CEC Entertainment, Inc. (the “Association”) to discuss and consider matters of common interest relating to the operation of company-operated and franchised Chuck E. Cheese venues. Routine business matters of the Association are conducted by a board of directors, composed of five members appointed by us and five members elected by the franchisees. The Association serves as an advisory council that, among other responsibilities, oversees expenditures, including (a) the costs of development, purchasing and placement of advertising programs, including websites; (b) the costs to develop and improve audio-visual and animated entertainment attractions, as well as the development and implementation of new entertainment concepts; and (c) the purchase of national network television advertising.

The franchise agreements governing existing franchised Chuck E. Cheese venues in the U.S. currently require each franchisee to pay to the Association a monthly contribution equal to a certain percentage of its gross

[Table of Contents](#)

monthly sales. Additionally, under these franchise agreements, we are required, with respect to Chuck E. Cheese company-operated venues, to contribute at the same rates, or at higher rates in certain instances, as our franchisees. We and our franchisees are also required to spend minimum amounts on local advertising and could be required to make additional contributions to fund any deficits that may be incurred by the Association. Certain franchise agreements governing existing franchised Chuck E. Cheese outside of the U.S. currently require each franchisee to pay a certain percentage of their gross monthly sales to the Association to fund various advertising, media, and entertainment costs.

We do not currently have any advertising co-ops or a franchise advisory council with our Peter Piper Pizza franchisees, but we reserve the right to require the formation, merger or dissolution of either or both. Franchisees are required to contribute (a) 5% of weekly gross sales to be used to develop, produce, distribute and administer specific advertising, public relations and promotional programs that promote the services offered by system franchisees; and (b) 0.5% of weekly gross sales to be used to research, develop, produce, and support creative ideas and materials for use in commercial advertisements, public relations, and promotional campaigns in the United States and Mexico. We may elect at any time not to collect or maintain all or any portion of the amount contributed to fund advertising related programs and activities and, during such time that we have made such election, the monies not collected must be expended by the franchisees in their own markets. In addition, we are required, with respect to company-operated Peter Piper Pizza restaurants, to contribute funds on the same basis as our franchisees.

Royalties, franchise and area development fees and other miscellaneous franchise income represented 2.3%, 2.0% and 2.0% of our total consolidated revenues during Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively.

Foreign Operations

As of December 30, 2018, we operated a total of 11 company-operated venues in Canada. Our Canadian venues generated total revenues of \$15.8 million, \$16.6 million, and \$15.6 million during Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively, representing 1.8%, 1.9% and 1.7% of our total consolidated revenues, respectively. All of our other international venues are franchised.

These foreign activities, along with our international franchisees, are subject to various risks of conducting business in a foreign country, including fluctuations in foreign currency exchange rates, laws and regulations and economic and political stability. See “*Risk Factors— Risks Related to Queso’s Business and to New CEC’s Business Following the Business Combination*” for more information regarding the risks associated with operations located in foreign markets.

Third-Party Suppliers

We use a network of 15 distribution centers operated by a single company to distribute most of the food products and supplies used in our domestic Chuck E. Cheese branded venues, five distribution centers for our Canadian Chuck E. Cheese branded venues and four distribution centers for our Peter Piper Pizza branded venues. We believe that alternative third-party distributors are available for our products and supplies, but we may incur additional costs if we are required to replace our distributors or obtain the necessary products and supplies from other suppliers.

We have not entered into any hedging arrangements to reduce our exposure to commodity price volatility; however, we typically enter into short-term purchasing arrangements, which may contain pricing designed to minimize the impact of commodity price fluctuations.

We procure games, rides and other entertainment-related equipment from a limited number of suppliers, some of which are located in China. The number of suppliers from which we purchase games, rides and other entertainment-related equipment, redemption prizes and merchandise has declined due to industry consolidation

over the past several years. See “*Risk Factors– Risks Related to Queso’s Business and to New CEC’s Business Following the Business Combination*” for more information regarding the risks associated with our third-party suppliers.

Competition

The family dining and entertainment industries are highly competitive, with a number of major national and regional chains operating in each of these markets. In this regard, we compete for guests on the basis of (a) our name recognition; (b) the price, quality, variety, and perceived value of our food and entertainment offerings; (c) the quality of our customer service; and (d) the convenience and attractiveness of our venues. Although there are other concepts that presently utilize the combined family dining and entertainment format, these competitors primarily operate on a regional or market-by-market basis. To a lesser extent, we also compete directly and/or indirectly with other dining and entertainment formats, including full-service and quick-service restaurants appealing to families with young children, the quick service pizza segment, movie theaters, themed amusement attractions, and other entertainment facilities for children.

Intellectual Property

We own various trademarks and proprietary rights, including Chuck E. Cheese®, Where A Kid Can Be A Kid®, Peter Piper Pizza® and the Chuck E. Cheese character image used in connection with our business, which have been registered with the appropriate patent and trademark offices. The duration of such trademarks is unlimited, subject to continued use and renewal. We believe that we hold the necessary rights for protection of the trademarks considered essential to conduct our business. We believe our trade names and our ownership of trademarks and proprietary rights in the names and character likenesses featured in the operation of our venues provide us with an important competitive advantage, and we actively seek to protect our interests in such property. We believe there is an opportunity to leverage our IP into additional revenue and licensing opportunities.

Seasonality

Our operating results fluctuate seasonally. We typically generate our highest sales volumes during the first quarter of each fiscal year due to the timing of school vacations, holidays and changing weather conditions. School operating schedules, holidays and weather conditions may also affect our sales volumes in some operating regions differently than others. Because of the seasonality of our business, results for any quarter are not necessarily indicative of the results that may be achieved for our full fiscal year.

Government Regulation

We and our franchisees are subject to various federal, state and local laws and regulations affecting the development and operation of Chuck E. Cheese and Peter Piper Pizza venues. For a discussion of government regulation risks to our business, see “*Risk Factors– Risks Related to Queso’s Business and to New CEC’s Business Following the Business Combination.*”

Employees

As of December 30, 2018, we employed approximately 16,800 employees, including approximately 16,400 in the operation of our company-operated venues and approximately 400 in our corporate offices. Our employees do not belong to any union or collective bargaining group. We believe that our employee relations are satisfactory, and we have not experienced any work stoppages at any of our venues.

Each Chuck E. Cheese and Peter Piper Pizza venue typically employs a general manager, senior assistant manager, one or more assistant managers, an electronics specialist who is responsible for repair and maintenance

of the show, games and rides, and approximately 25 to 45 food preparation and service employees, many of whom work part-time. Our staffing requirements are seasonal, and the number of people we employ at our venues will fluctuate throughout the year. In 2016, we introduced an enhanced labor management tool as part of our ongoing operational improvements.

Cheese and Peter Piper Pizza venues are typically located in densely populated locations and are predominantly situated in shopping centers or in free-standing buildings near shopping centers. Cheese existing venues are approximately 12,700 square feet, with table and chair seating generally averaging between 400 to 450 guests per venue, and include approximately 75 games, rides and attractions. Company-operated Venue Leases

Of the 515 Company-operated Chuck E. Cheese venues as of December 30, 2018, nine are owned premises and 506 are leased. All of the 39 Company-operated Peter Piper Pizza venues as of December 30, 2018 are leased premises.

The terms of our venue leases vary in length from lease to lease, although generally a lease provides for an initial primary term of 10 years, with two additional five-year options to renew. As of December 30, 2018, seven of our leases were month-to-month and 37 of our leases were set to expire in 2019. Of those set to expire in 2019, 12 have no available renewal options and the remainder have available renewal options expiring between 2020 and 2039. Our remaining leases are set to expire at various dates through 2037, with available renewal options that expire at various dates through 2054.

These leases generally require us to pay the cost of repairs, other maintenance costs, insurance and real estate taxes and, in some instances, may provide for additional rent equal to the amount by which a percentage of revenues exceed the minimum rent. It is common for us to take possession of leased premises prior to the commencement of rent payments for the purpose of constructing leasehold improvements.

Corporate Offices and Warehouse Facilities

We lease 55,257 square feet of space in an office building in Irving, Texas, which serves as our corporate office and support services center. This lease expires in July 2026 with options to renew through July 2036. Peter Piper Pizza leased a 5,243 square foot office building in Phoenix, Arizona through September 2018, which served primarily as its corporate office. Upon expiration of the lease in September 2018, we relocated our Peter Piper Pizza corporate office to an adjoining office space located at a Peter Piper Pizza venue in Phoenix, Arizona. We also lease a 166,432 square foot warehouse building in Topeka, Kansas, which primarily serves as a storage, distribution and refurbishing facility for our venue fixtures and game equipment. The lease expires in August 2024 with options to renew through August 2034.

Legal Proceedings

From time to time, we are involved in various inquiries, investigations, claims, lawsuits and other legal proceedings that are incidental to the conduct of our business. These matters typically involve claims from

guests, employees or other third parties involved in operational issues common to the retail, restaurant and entertainment industries. Such matters typically represent actions with respect to contracts, intellectual property, taxation, employment, employee benefits, personal injuries and other matters. A number of such claims may exist at any given time, and there are currently a number of claims and legal proceedings pending against us.

In the opinion of our management, after consultation with legal counsel, the amount of liability with respect to claims or proceedings currently pending against us is not expected to have a material effect on our consolidated financial condition, results of operations or cash flows. All necessary loss accruals based on the probability and estimate of loss have been recorded.

Litigation Related to the 2014 Merger: Following the January 16, 2014 announcement that CEC had entered into an agreement (“2014 Merger Agreement”), pursuant to which an entity controlled by Apollo Global Management, LLC and its subsidiaries merged with and into CEC, with CEC surviving the merger (“the 2014 Merger”), four putative shareholder class actions were filed in the District Court of Shawnee County, Kansas, on behalf of purported stockholders of CEC, against A.P. VIII Queso Holdings, L.P., CEC, CEC’s directors, Apollo and Merger Sub (as defined in the 2014 Merger Agreement), in connection with the 2014 Merger Agreement and the transactions contemplated thereby. These actions were consolidated into one action (the “Consolidated Shareholder Litigation”) in March 2014, and on July 21, 2015, a consolidated class action petition was filed as the operative consolidated complaint, asserting claims against CEC’s former directors, adding The Goldman Sachs Group (“Goldman Sachs”) as a defendant, and removing all Apollo entities as defendants (the “Consolidated Class Action Petition”). The Consolidated Class Action Petition alleges that CEC’s directors breached their fiduciary duties to CEC’s stockholders in connection with their consideration and approval of the 2014 Merger Agreement by, among other things, conducting a deficient sales process, agreeing to an inadequate tender price, agreeing to certain provisions in the 2014 Merger Agreement, and filing materially deficient disclosures regarding the transaction. The Consolidated Class Action Petition also alleges that two members of CEC’s board who also served as the senior managers of CEC had material conflicts of interest and that Goldman Sachs aided and abetted the board’s breaches as a result of various conflicts of interest facing the bank. The Consolidated Class Action Petition seeks, among other things, to recover damages, attorneys’ fees and costs. The Company assumed the defense of the Consolidated Shareholder Litigation on behalf of CEC’s named former directors and Goldman Sachs pursuant to existing indemnity agreements. On March 23, 2016, the Court conducted a hearing on the defendants’ Motion to Dismiss the Consolidated Class Action Petition and on March 1, 2017, the Special Master appointed by the Court issued a report recommending to the Court that the Consolidated Class Action Petition be dismissed. On September 9, 2018, the Court accepted the Special Master’s recommendations and dismissed the lawsuit in its entirety. On October 8, 2018, the Plaintiff in the Consolidated Shareholder Litigation filed a notice of appeal of the District Court’s decision. While no assurance can be given as to the ultimate outcome of the consolidated matter, we currently believe that the final resolution of the action will not have a material adverse effect on our results of operations, financial position, liquidity or capital resources.

Corporate Governance

Committees of the Board

The Board of Directors has two standing committees: Audit and Compensation. While the Audit Committee has primary responsibility for risk oversight, both our Audit Committee and our entire Board of Directors are actively involved in risk oversight on behalf of the Company and both receive a report on the Company's risk management activities from our executive management team on a regular basis. Members of both the Audit Committee and the Board of Directors also engage in periodic discussions with our President, Chief Executive Officer, Chief Financial Officer, General Counsel, Internal Audit and other officers of the Company as they deem appropriate to ensure that risk is being properly managed at the Company. In addition, each of the committees of the Board of Directors considers risks associated with its respective area of responsibility.

Audit Committee

The Audit Committee is composed of three directors: Peter Brown, Naveen Shahani and Allen Weiss. Lance Milken, who resigned as a director of the Company effective December 21, 2018, and Michael Diverio, who resigned as a director of the Company effective February 19, 2019, served on the Audit Committee through the

[Table of Contents](#)

dates of their respective resignations. The primary role of the Audit Committee is to provide financial oversight. Our management is responsible for preparing financial statements, and our independent registered public accounting firm is responsible for auditing those financial statements. The Audit Committee does not provide any expert or special assurance or certifications as to our financial statements or as to the work of our independent registered public accounting firm. The Audit Committee is directly responsible for the selection, engagement, compensation, retention and oversight of our independent registered public accounting firm. The Board has also determined that each member of the Audit Committee is financially literate.

The Audit Committee has established a procedure whereby complaints or concerns regarding accounting, internal controls or auditing matters may be submitted anonymously to the Audit Committee by email at auditcomm@cecenterainment.com. The Audit Committee met four times in 2018.

Although our Board of Directors has determined that each of the members of our Audit Committee is financially literate and has experience analyzing or evaluating financial statements, at this time we do not have an “audit committee financial expert” within the meaning of Item 407 of Regulation S-K under the Exchange Act serving on the Audit Committee. As a company whose stock is privately-held and given the financial sophistication and other business experience of the members of the audit committee, we do not believe that we require the services of an audit committee financial expert at this time.

Compensation Committee

The Compensation Committee is composed of four directors: Andrew Jhavar, Peter Brown, Naveen Shahani and Allen Weiss. Lance Milken, who resigned as a director of the Company effective December 21, 2018, and Michael Diverio, who resigned as a director of the Company effective February 19, 2019, served on the Audit Committee through the dates of their respective resignations. The Compensation Committee is responsible for approving the compensation, including performance bonuses, payable to the executive officers of the Company, and administering the Company’s equity compensation plans.

The Compensation Committee acts on behalf of and in conjunction with the Board of Directors to establish or recommend the compensation of executive officers of the Company and to provide oversight of our overall compensation programs and philosophy. The Compensation Committee met twice in 2018.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our officers and employees, as well as a separate Code of Ethics for our Chief Executive Officer, President and Senior Financial Officers that applies to our principal executive officer, principal financial officer and principal accounting officer. Both documents may be accessed on our website at www.chuckecheese.com, under “Investor Relations-Governance.”

Compensation Committee Interlocks and Insider Participation

None of the persons who serve on the Queso compensation committee currently serves, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers who is a member of Queso’s board of directors or compensation committee.

Executive and Director Compensation

Narrative Disclosure to Summary Compensation Table

Employment Agreements with Named Executive Officers

On July 30, 2014, CEC entered into employment agreements with Messrs. Leverton and Cardinale, and on December 20, 2018, CEC entered into an employment agreement with Mr. Howell. Each of these agreements contains substantially similar terms and conditions of employment, including a five-year term. The employment agreements provide for an annual base salary of \$550,000 for Mr. Leverton, \$485,000 for Mr. Cardinale, and \$400,000 for Mr. Howell. The agreements also provide for maximum annual bonus opportunities equal to 150% of the named executive's respective base salary. Finally, all of our named executive officers are entitled to receive, pursuant to the terms of their employment agreements, employee benefits provided to senior executives of CEC.

Under each employment agreement, if the executive is terminated by CEC without "cause" or resigns for "good reason" during the "employment period" (each as defined in the employment agreement), then, subject to his execution, delivery, and non-revocation of a release of claims in favor of CEC, the executive will be entitled to receive a lump-sum payment of cash severance equal to the sum of his base salary and the annual bonus paid or to be paid with respect to the fiscal year completed most recently prior to the employment termination date. Each employment agreement also provides for certain restrictive covenants, including 12-month post-termination noncompetition and nonsolicitation covenants.

The employment agreements also (a) required that each named executive officer purchase common stock of Queso having an aggregate value as of the date of purchase equal to \$1,500,000, in the case of Mr. Cardinale; \$500,000, in the case of Mr. Leverton; and \$300,000, in the case of Mr. Howell, to be made as an initial investment of \$150,000 and up to \$150,000 of Mr. Howell's annual bonus, net of applicable taxes, until such amount reaches \$150,000; (b) provided for a one-time grant of stock options to purchase common stock of Queso representing a percentage of the fully diluted shares of common stock of Queso equal to 1.50% (580,875 shares), in the case of Mr. Leverton; 1.00% (387,249 shares), in the case of Mr. Cardinale; and 0.545% (211,054 shares), in the case of Mr. Howell (which stock options were granted on January 30, 2019); and (c) for Mr. Leverton only, provided for a one-time award of restricted shares of Queso having an aggregate grant date value equal to \$550,000, prorated for the number of days he served during 2014 (which reduced, dollar-for-dollar, his annual bonus for 2014). All such equity awards were granted pursuant to the terms of the Queso Holdings Inc. 2014 Equity Incentive Plan (the "Equity Incentive Plan") and award agreements. Mr. Howell purchased his initial investment of common stock of Queso on December 21, 2018.

The awards of stock options to each of our named executive officers remain subject to certain service- and performance-based vesting criteria, and are eligible for accelerated vesting in the event of certain terminations of employment within a specified period following a sale of Queso. (See "*Potential Payments Upon Termination or Change in Control—Accelerated Vesting of Stock Options—Option to Repurchase Stock*," below.) The award of restricted shares granted to Mr. Leverton vested in full on March 10, 2015.

On October 12, 2018, CEC entered into an "Amendment to Employment Agreement" with each of Messrs. Leverton and Cardinale, pursuant to which (a) their original employment agreements were extended for an additional term of one year, to be automatically extended thereafter for successive one-year terms unless either party gives notice of an intention not to further extend the term at least 90 days before the applicable renewal date of the agreement; (b) provided for a stock bonus grant valued at \$70,140 for Mr. Leverton and \$63,263 for Mr. Cardinale, to be granted on or about January 1, 2019; (c) established the Company's obligations to the named executive officers in the event the Employment Period defined in their agreements expires as a result of either (i) the Company's non-extension of the Agreement without Cause, or (ii) the Executive's non-extension of the Agreement for Good Reason; and (d) updated the Notice provision of the Employment Agreements.

In connection with the purchase of the shares of the Company and the grant of stock options, each of our named executive officers became a party to an investor rights agreement among CEC, AP VIII CEC Holdings,

[Table of Contents](#)

LP f/k/a AP VIII Queso Holdings, L.P., an affiliate of our sponsor, and other shareholder parties. The shares purchased by the executive or received by the executive upon exercise of a vested option or lapse of forfeiture conditions on restricted shares are subject to repurchase by the Company under certain circumstances.

Non-Equity Incentive Plan Compensation

For 2018, the Compensation Committee determined that CEC's pro forma Adjusted EBITDA (as defined in the Alternative Incentive Bonus Plan, referred to herein as "Adjusted Plan EBITDA") for the incentive period covering August 2018 through December 2018 (5/12 of the fiscal year) was an appropriate quantitative measure of CEC's performance for purposes of determining the incentive compensation to be awarded to each of our named executive officers under the 2018 Alternative Support Center Incentive Bonus Plan (the "Alternative Incentive Bonus Plan"). The Compensation Committee also determined that the Alternative Incentive Bonus Plan should have a discretionary component to reward individual performance. In no event would a cash bonus be paid under the Alternative Incentive Bonus Plan with respect to any given performance measure unless the minimum target for the incentive period covering August 2018 through December 2018 (5/12 of the fiscal year) as predetermined by the Compensation Committee was attained.

For 2018, the actual bonus that could have been earned by an eligible employee was equal to the employee's gross base earnings for the year (which was equal to the gross salary paid to the employee during fiscal year 2018), multiplied by his or her target bonus percentage, multiplied by the sum of the multipliers for each of the two measurable components of the Alternative Incentive Bonus Plan, each measured for CEC: (i) Adjusted Plan EBITDA, and (ii) a discretionary portion that was based on the employee's individual performance. The two components were weighted as follows:

<u>Metric</u>	<u>Total Bonus %</u>
Adjusted Plan EBITDA	80%
Discretionary	20%
Total	100%

For 2018, the Compensation Committee set the target, minimum, and maximum levels for payout eligibility under the Alternative Incentive Bonus Plan's performance measure of Adjusted Plan EBITDA for CEC as follows (all dollar figures are in millions):

<u>Metric</u>	<u>Minimum(1)</u>	<u>Target</u>	<u>Maximum(2)</u>
Adjusted Plan EBITDA(3)	\$ 50.2	\$52.8	\$ 55.0

- (1) If the minimum quantitative component of the Alternative Incentive Bonus Plan were achieved, the bonus payout, as a percentage of target, would be 50%.
- (2) The maximum bonus payout on the quantitative component of the Alternative Incentive Bonus Plan, as a percentage of target, is 150%.
- (3) Target for the incentive period covering August, 2018 through December, 2018 (5/12 of the 2018 Fiscal Year).

If the actual quantitative component achieved was either (i) greater than such component's minimum level but less than its target level or (ii) greater than such component's target level but less than its maximum level, then the portion of the bonus payable in respect of such component would be calculated based on a linear interpolation.

Actual CEC performance on the quantitative measure considered for determination of payment eligibility in the Alternative Incentive Bonus Plan was \$54.7 million. CEC's Adjusted EBITDA of \$54.7 million resulted in a payout equal to 109.16% of the target for the Adjusted Plan EBITDA component under the Alternative Incentive

[Table of Contents](#)

Bonus Plan. As this metric could contribute up to 80% of the total bonus available under the Incentive Bonus Plan, the actual payout for the Adjusted Plan EBITDA component was 87.33% of an eligible employees' target bonus ($109.16\% \times 80\% = 87.33\%$).

The Alternative Incentive Bonus Plan also provides that each employee may be awarded a discretionary bonus of up to 20% of the total target bonus percentage. The percentage of the discretionary bonus component awarded to an employee is decided by the employee's direct supervisor (or, in the case of our Chief Executive Officer, the Compensation Committee), whose decision is to be guided by the employee's individual performance during the year, measured by the employee's achievement of his or her goals that were established in coordination with the supervisor or the Compensation Committee, as applicable at the beginning of the employee's review period. The discretionary component of the Alternative Incentive Bonus Plan cannot be achieved above 100% of target, and many employees were awarded less than 100% of the discretionary portion of the bonus.

Assuming a 100% award of the discretionary portion of the bonus, the maximum payout that an eligible employee could receive would be 107.33% of the employee's target bonus ($87.33\% + 20\% = 107.33\%$). Mr. Howell's bonus payout was prorated for the time that he worked for CEC in 2018.

These calculations are set forth in the following table:

<u>Metric</u>	<u>% Weighting</u>	<u>2018 Payout</u>	
		<u>Bonus as a % of Target</u>	<u>% of Base</u>
Adjusted Plan EBITDA	80%	109.16%	87.3%
Discretionary	20%	100%	20%
Total	100%		107.3%

Based on these calculations, our named executive officers received the following bonuses under the Incentive Bonus Plan:

<u>Name and Position</u>	<u>2018 Incentive Bonus Plan Payment</u>
Thomas Leverton, Chief Executive Officer	\$ 300,728
J. Roger Cardinale, President	\$ 260,337
James. A. Howell, Chief Financial Officer	\$ 121,532
Dale Black, Former Chief Financial Officer ⁽¹⁾	—

- (1) As Mr. Black's employment with CEC terminated as of September 21, 2018, he was not eligible to receive a payment under the Alternative Incentive Bonus Plan for 2018.

Indemnification Agreements

The board of directors has authorized the Company to enter into indemnification agreements with certain current and future directors and senior officers of the Company who may be designated from time to time by the board of directors, including each of our named executive officers. The indemnification agreements supplement and clarify existing indemnification provisions of the Company's Articles of Incorporation and Bylaws and, in general, require the Company, to the extent permitted under applicable law, to indemnify such persons against all expenses, judgments and fines incurred in connection with the defense or settlement of any actions brought against them by reason of the fact that they are or were directors or officers of the Company or any other enterprise, to the extent they assumed those responsibilities at the direction of the Company. The indemnification agreements also establish processes and procedures for indemnification claims, advancement of expenses and costs and other determinations with respect to indemnification.

Outstanding Equity Awards at 2018 Fiscal Year-End

The following table provides information on stock option awards held by our named executive officers as of December 30, 2018, the last day of our 2018 fiscal year. Each equity grant is shown separately for each named executive officer. The vesting schedule for each grant is shown following this table, based on the stock option award grant date.

- (1) Under the Queso Holdings Inc. Equity Incentive Plan Stock Option Agreement (the “Option Agreement”), which each named executive officer signed as a condition of receiving option grants from the Company, each of our named executive officers was awarded three tranches of stock options (with each of Tranche A, Tranche B, and Tranche C equal to 1/3 of the total grant). As to Messrs. Leverton and Cardinale, Tranche A stock options vest and become exercisable in equal installments on each of the first five anniversaries of February 14, 2014. Tranche B stock options vest and become exercisable if AP VIII CEC Holdings, L.P. (f/k/a AP VIII Queso Holdings, L.P.), an affiliate of our sponsor, and its affiliates realize a multiple on invested capital (“MOIC”) of at least 2.0x (with such MOIC to be calculated in accordance with the methodology set forth in the Equity Incentive Plan). Tranche C stock options vest and become exercisable if AP VIII CEC Holdings, L.P., an affiliate of our sponsor, and its affiliates realize an MOIC of at least 3.0x. For a description of the treatment of the stock option in the event of an initial public offering or change in control, please see the description below under the heading “—Potential Payments Upon Termination or Change in Control —Accelerated Vesting of Stock Options; Option to Repurchase Stock.” As of the same date, none of our named executive officers’ Tranche B and C stock options had vested.
- (2) The listed stock option exercise prices reflect adjustments taking into account dividends paid in 2015.
- (3) Mr. Howell had not been granted any stock options as of December 30, 2018.

Potential Payments Upon Termination or Change in Control

Severance Benefits

As described above, the employment agreements with each of Messrs. Leverton, Cardinale, and Howell provide for severance benefits upon a termination by CEC without “cause” or upon a resignation by the named executive officer with “good reason,” in either case consisting of a lump-sum payment (the “Severance Payment”) equal to the sum of one year of base salary plus the annual bonus paid to the named executive officer in respect of the most recently completed fiscal year. “Good reason” is defined as the occurrence of any of the following: (i) any reduction in base salary (or in the case of Mr. Leverton, reduction in base salary or maximum bonus opportunity), (ii) any material breach by CEC of the executive’s employment agreement, and (iii) a forced relocation of more than 50 miles from the executive’s principal place of employment. As indicated above, pursuant to the amendments to their Employment Agreements, the Company’s obligation to make a Severance Payment to Messrs. Leverton and Cardinale also attaches in the event of either (x) the Company’s non-extension of the Agreement without Cause, or (y) the Executive’s non-extension of the Agreement for Good Reason. In any event, the executive’s right to receive the Severance Payment is conditioned upon the execution, delivery, and non-revocation by the executive of a comprehensive release of claims in favor of CEC.

Accelerated Vesting of Stock Options; Option to Repurchase Stock

The Option Agreements signed by Messrs. Leverton and Cardinale provide that any Tranche A stock options that have not vested at the time of a termination of employment for any reason other than certain qualifying terminations of employment that occur within 6 months following a change in control will be canceled for no consideration. In the event of a change in control, however, any unvested Tranche A stock options are to be canceled and converted into a right to receive an amount of cash equal to the aggregate spread value of such unvested stock options at the time of the transaction (the “Converted Award”), which amount shall be contributed to a rabbi trust and is payable on the six-month anniversary of the change in control (or, if earlier, the original scheduled vesting date), as long as the named executive officer is still employed at that time. If the employment of Mr. Leverton or Mr. Cardinale, as applicable, is terminated without “cause” or by the executive for “good reason” (as each such term is defined in such executive’s employment agreement) before the six-month anniversary of the change in control, however, any then-outstanding portion of the Converted Award shall be released from the rabbi trust and paid within 10 days following such termination of employment.

In the event of an initial public offering (and the Business Combination will be treated as an initial public offering), the original stock options vesting schedule for all stock options held by our named executive officers shall hold, with the exception that if any Tranche B or Tranche C stock options vest as a result of achievement of the applicable performance targets in such initial public offering, 50% of such stock options shall be exercisable upon the consummation of such offering, with the remaining 50% becoming exercisable on the later of (a) the first anniversary of the offering and (b) the third anniversary of the grant date, subject to the applicable named executive officer’s continued employment through the applicable date.

If the employment of our named executive officer is terminated for any reason other than “cause” independent of a change in control or initial public offering, all unvested stock options held by such named executive officer at the time of the termination of his employment will be canceled for no consideration, but vested stock options may be exercised for a defined period after the termination. A termination for “cause” will result in termination of all stock options, including those that have vested.

Each of Messrs. Leverton, Cardinale, and Howell also signed an “Investor Rights Agreement” as a condition of purchasing common stock of Queso pursuant to his employment agreement. That agreement provides that Queso or its designee may repurchase such stock from the officer in the event of termination of his employment prior to a public offering by Queso. If the executive’s termination is for any reason other than (i) by CEC for “cause” (as that term is defined in the Investor Rights Agreement), or (ii) a voluntary resignation by the executive, then the price that CEC or its designee will pay for the stock will be the fair market value of the stock as of the termination date. If the termination is by CEC for “cause,” or by the executive for any reason, the price to be paid will be the lesser of the fair market value of the stock as of the termination date and the amount originally paid by the shareholder to acquire the shares, less any amount per share of any dividends or other distributions paid or payable to the shareholder since share purchase. Following the same framework, the Option Agreement allows CEC the same right (but not obligation) to repurchase any shares of common stock acquired by our named executive officers through option exercise.

As of December 30, 2018, 80% of the Tranche A stock options granted to Messrs. Leverton and Cardinale, had vested, so in the event of their termination as of that date for any reason (other than a termination for cause) and absent a change in control, these vested stock options would be available for exercise. Under the Option Agreement, such stock options remain exercisable as follows: (a) in the event of death or disability of the named executive officer, by the earlier of (1) one year following such termination and (2) the expiration of the option term; and (b) for all other terminations, by the earlier of (1) 90 days following such termination and (2) the expiration of the option term.

If, in connection with a change in control, CEC had terminated the employment of Messrs. Leverton or Cardinale without cause, or as the result of their respective resignation for good reason as of December 30, 2018, their respective Tranche A stock options would have vested in full.

[Table of Contents](#)

In summary, therefore, assuming a severance-eligible termination as of December 30, 2018, each of our named executives would have been entitled to the following:

(1) Subject to the continued employment of Messrs. Leverton and Cardinale, as applicable, any portion of the Converted Award (i.e., the spread value of Tranche A stock options in a change in control) is payable on the six-month anniversary of such transaction. If, however, the employment of Mr. Leverton or Mr. Cardinale, as applicable, is terminated without cause or due to a resignation with good reason prior to such date, such named executive officer would be eligible to accelerated payment of the Converted Award.

(2) As of December 30, 2018, Mr. Howell had not been granted any stock options.

Director Compensation

As of December 30, 2018, we compensated Allen Weiss for his services on our board of directors with an annual retainer fee of \$100,000. All other members of our board of directors receive no compensation. We reimburse our directors for travel expenses to and from our board meetings and other out-of-pocket expenses they incur when attending meetings or conducting their duties as directors.

Key Measures of Our Financial Performance and Key Non-GAAP Measures

Comparable venue sales. We define “comparable venue sales” as the sales for our domestic Company-operated venues that have been open for more than 18 months as of the beginning of each respective fiscal year or for acquired venues we have operated for at least 12 months as of the beginning of each respective fiscal year. Comparable venue sales excludes sales for our domestic Company-operated venues that are expected to be temporarily closed for more than three months primarily as a result of natural disasters, fires, floods and property damage. We define “comparable venue sales change” as the percentage change in comparable venue sales for each respective fiscal year. We believe comparable venue sales change to be a key performance indicator used within our industry; it is a critical factor when evaluating our performance, as it is indicative of acceptance of our strategic initiatives and local economic and consumer trends.

[Table of Contents](#)

Average Sales per Comparable Venue. Average sales per comparable venue is calculated based on the average annual sales of our comparable venue base. Average sales per comparable venue cannot be used to compute year-over year comparable venue sales increases or decreases due to the change in the comparable venue base.

	Fiscal Year Ended		
	December 30, 2018	December 31, 2017	January 1, 2017
	(in thousands, except venue number amounts)		
Average sales per comparable venue	\$ 1,587	\$ 1,561	\$ 1,636
Number of venues included in our comparable venue base	526	531	529

Adjusted EBITDA and Margin. We define Adjusted EBITDA, a measure used by management to assess operating performance, as net income (loss) plus interest expense, income tax expense (benefit), depreciation and amortization expense, impairments, gains and losses on asset disposals, and stock based compensation. In addition, Adjusted EBITDA excludes other items we consider unusual or non-recurring and other adjustments required or permitted in calculating covenant compliance under the indenture governing our senior notes and/or secured credit facilities. Adjusted EBITDA Margin represents Adjusted EBITDA as a percentage of total revenues.

Key Income Statement Line Item Descriptions

Revenues. Our primary source of revenues is sales at our Company-operated venues (“Company venue sales”), which consist of the sale of food, beverages, game-play credits, unlimited game-play time blocks, and merchandise. A portion of our company venue sales are from sales of value-priced combination packages generally comprised of food, beverage, and through the end of the second quarter of 2018 game plays and/or time blocks, which we promote through in-venue menu pricing, our website and coupon offerings. Beginning in the third quarter of 2018, we offer combination packages comprised of food and beverage only (“Package Deals”), with game plays and/or time blocks available for purchase separately. Prior to the bifurcation of the “Food and beverage sales” and “Entertainment and merchandise sales” components of combination packages, we allocated the revenues recognized from the sale of combination packages and coupons between “Food and beverage sales” and “Entertainment and merchandise sales” based upon the price charged for each component when it is sold separately, or in limited circumstances, our best estimate of selling price if a component is not sold on a stand-alone basis, which we believe approximates each component’s fair value.

Food and beverage sales include all revenues recognized with respect to stand-alone food and beverage sales, and through the end of the second quarter of 2018, the portion of revenues allocated from combination packages and coupons that relate to food and beverage sales. Entertainment and merchandise sales include all revenues recognized with respect to stand-alone sales of game-play credits and unlimited game-play time blocks, and through the end of the second quarter of 2018, a portion of revenues allocated from combination packages and coupons that relate to entertainment and merchandise.

Franchise fees and royalties are another source of revenues. We earn monthly royalties from our franchisees based on a percentage of each franchise venue’s sales. We also receive development and initial franchise fees to establish new franchised venues, as well as earn revenues from the sale of equipment and other items or services to franchisees. Historically, we recognized development and franchise fees as revenues when the franchise venue had opened and we had substantially completed our obligations to the franchisee relating to the opening of a venue. Effective January 1, 2018, with the adoption of Accounting Standards Update 2016-10 *Revenues from Contracts with Customers (Topic 606)* (“ASU 606”), we recognize initial and renewal development and franchise fees as revenues on a straight-line basis over the life of the franchise agreement starting when the franchise venue has opened. In addition, our national advertising fund receipts from members of the Association are now accounted for on a gross basis as revenue from franchisees, when historically they have been netted against advertising expense.

Company venue operating costs. Certain of our costs and expenses relate only to the operation of our Company-operated venues. These costs and expenses are listed and described below:

- cost of food and beverage includes all direct costs of food, beverages and costs of related paper and birthday supplies, less rebates from suppliers;
- cost of entertainment and merchandise includes all direct costs of prizes provided and merchandise sold to our customers, and the cost of Play Pass and AYCP cards and wristbands, as well as the cost of tickets dispensed to customers;
- labor expenses consist of salaries and wages, bonuses, related payroll taxes and benefits for venue personnel;
- rent expense includes lease costs for Company-operated venues, excluding common occupancy costs (e.g., common area maintenance (“CAM”) charges and property taxes); and
- other venue operating expenses primarily include utilities, repair and maintenance costs, liability and property insurance, CAM charges, property taxes, credit card processing fees, licenses, preopening expenses, venue asset disposal gains and losses and all other costs directly related to the operation of a venue.

“Cost of food and beverage” and “Cost of entertainment and merchandise” mentioned above, as a percentage of company venue sales, are influenced both by the cost of products and the overall mix of our Package Deals and coupon offerings. “Entertainment and merchandise sales” have higher margins than “Food and beverage sales.”

Advertising expense. Advertising expense includes production costs for television commercials, newspaper inserts, Internet advertising, coupons, media expenses for national and local advertising, consulting fees and other forms of advertising such as social media. Historically, prior to the adoption of ASU 606 on January 1, 2018, advertising expense was partially offset by contributions from our franchisees. Contributions from franchisees are now recognized as revenue from franchisees.

General and administrative expenses. General and administrative expenses represent all costs associated with operating our corporate office, including regional and district management and corporate personnel payroll and benefits, back-office support systems, costs of outsourced functions, and other administrative costs not directly related to the operation of our Company-operated venues.

Depreciation and amortization. Depreciation and amortization includes expenses that are directly related to our Company-operated venues’ property and equipment, including leasehold improvements, game and ride equipment, furniture, fixtures and other equipment, and depreciation and amortization of corporate assets and intangibles.

Asset impairments. Asset impairments represent non-cash charges to reduce the carrying amount of certain long-lived assets within our venues to their estimated fair value, when a venue’s operation is not expected to generate sufficient projected future cash flows to recover the current net book value of the long-lived assets within the venue. We believe our assumptions in calculating the fair value of our long-lived assets are similar to those used by other marketplace participants.

Note: Due to rounding, percentages presented in the table above may not sum to total. The percentage amounts for the components of Cost of food and beverage and the Cost of entertainment and merchandise may not sum to total due to the fact that Cost of food and beverage and Cost of entertainment and merchandise are expressed as a percentage of related Food and beverage sales and Entertainment and merchandise sales, as opposed to Total Company venue sales.

Fiscal 2018 Compared to Fiscal 2017

Revenues

Company venue sales were \$875.3 million and \$868.9 million for Fiscal 2018 and Fiscal 2017, respectively. The increase in Company venue sales was primarily attributable to the favorable impact of approximately \$6.6 million in net breakage related to Play Pass for Fiscal 2018 compared to \$2.2 million of net deferral for Fiscal 2017. The favorable impact of the reduction in deferred revenue related to Play Pass was partially offset by a \$3.6 million decrease in revenue due to temporary venue closures, and a \$2.6 million net decrease in revenue from venues closed in Fiscal 2018 and 2017.

Franchise fees and royalties increased from \$17.9 million to \$20.7 million primarily due to the impact of new revenue recognition guidance in 2018 which resulted in \$3.5 million of national advertising fund contributions from franchisees being recorded as revenue, rather than netted against advertising expense (see “—Advertising Expense” below), partially offset by a \$0.3 million decrease in revenue recognized from franchise and development fee agreements which as a result of the new revenue recognition guidance are now recognized on a straight-line basis over the life of the related franchise agreement beginning at the time a new franchised location is opened. Historically we recognized revenue from initial franchise and development fees upon the opening of a franchised location. Additionally, Franchise fees and royalties were impacted by a \$0.3 million reduction in revenue from the shipment of games to franchisees.

Company Venue Operating Costs

The cost of food, beverage, entertainment and merchandise, as a percentage of Total company venue sales, was 15.0% and 14.7% for Fiscal 2018 and Fiscal 2017, respectively, as a sales shift towards higher margin entertainment and merchandise sales from food and beverage sales was offset by an increase in redemptions for merchandise, primarily related to the impact of More Tickets, one of the new initiatives launched by the Company in 2018.

The cost of food and beverage as a percentage of food and beverage sales, was 23.8% for both Fiscal 2018 and Fiscal 2017, as a change in sales mix and increased beverage costs in 2018 offset favorability in commodity prices and volume, primarily related to cheese and pepperoni compared to 2017.

The cost of entertainment and merchandise, as a percentage of Entertainment and merchandise sales, was 7.7% and 6.5% for Fiscal 2018 and Fiscal 2017, respectively. The cost of entertainment and merchandise, as a percentage of Entertainment and merchandise in 2018 compared to 2017 primarily reflects a combination of the impact of AYCP and More Tickets which were launched nationally during the third quarter of 2018. Also impacting the cost of entertainment and merchandise, as a percentage of Entertainment and merchandise sales, was an increase in Play Pass related supplies such as cards and wristbands, as a result of Play Pass being deployed to all of our Company-operated venues in 2018 compared to 268 at the beginning of 2017.

Labor expenses, as a percentage of Total company venue sales, were 29.3% and 28.5% for Fiscal 2018 and Fiscal 2017, respectively. Increased minimum wage rates in several states fully offset a decrease in labor hours in Fiscal 2018 compared to Fiscal 2017. Our sales per man hour improved approximately 1.7% in Fiscal 2018 from Fiscal 2017.

Other venue operating expenses, as a percentage of Total company venue sales, were flat at 17.2% for both Fiscal 2018 and Fiscal 2017. Fiscal 2018 reflects higher property taxes and common area and utility costs, as well as expenses related to the production and deployment of new menu boards and panels in connection with the launch of AYCP. Fiscal 2017 reflects losses incurred in connection with Hurricanes Harvey and Irma, as well as higher IT and technology support costs related primarily to the completion in 2017 of the deployment of Play Pass in all of our domestic Company-owned venues.

Advertising Expense

Advertising expense was \$48.2 million and \$48.4 million for Fiscal 2018 and Fiscal 2017, respectively. Advertising expense for Fiscal 2018 was impacted by the adoption of a new revenue recognition standard effective January 1, 2018 that requires us to account for our national advertising fund contributions as revenues, rather than netted against Advertising expense. Including the impact of netting national advertising fund revenues against Advertising expense, Advertising expense for Fiscal 2018 would have been \$45.0 million (see “—Revenues” above). Advertising expense for Fiscal 2018 reflects a decrease in national media costs and local venue marketing, as well as a decrease in advertising for our Peter Piper Pizza venues as we shifted away from television and print advertising to digital advertising.

General and Administrative Expenses

General and administrative expenses were \$55.0 million and \$57.3 million for Fiscal 2018 and Fiscal 2017, respectively. The decrease in General and administrative expenses is primarily due to cost savings initiatives implemented in 2018, a decrease in labor-related litigation, and direct and incremental costs, such as accounting and legal fees, incurred in 2017 in connection with certain transactions that we decided not to pursue, partially offset by an increase in incentive compensation as a result of improved operating results in the latter part of the year.

Depreciation and Amortization

Depreciation and amortization was \$100.7 million and \$109.8 million for Fiscal 2018 and Fiscal 2017, respectively. The decrease in depreciation and amortization is primarily due to the impact of certain property plant and equipment having reached the end of their depreciable lives, and impairments recorded on certain venues.

Transaction, Severance and Related Litigation Costs

Transaction, severance and related litigation costs were \$0.5 million and \$1.4 million for Fiscal 2018 and Fiscal 2017, respectively. The transaction, severance and related litigation costs for Fiscal 2018 and Fiscal 2017 relate primarily to \$0.3 million and \$1.0 million, respectively, in legal fees and settlements incurred in connection with 2014 Merger related litigation, and severance payments of \$0.2 million and \$0.5 million, respectively.

Asset Impairments

In Fiscal 2018, we recognized an asset impairment charge of \$6.9 million primarily related to eight venues. In Fiscal 2017, we recognized an asset impairment charge of \$1.8 million primarily related to five venues, of which two were previously impaired. We continue to operate all but two of these venues. The impairment charges were based on the determination that the financial performance of these venues was adversely impacted by various competitive and economic factors in the market in which the venues are located.

Interest Expense

Interest expense was \$76.3 million and \$69.1 million for Fiscal 2018 and Fiscal 2017, respectively. Our weighted average effective interest rate under our secured credit facilities and senior notes (including amortized debt issuance costs, amortization of original issue discount, commitment and other fees related to the secured credit facilities and senior notes) was 6.4% and 5.6% for Fiscal 2018 and Fiscal 2017, respectively.

Income Taxes

Our effective income tax rates for Fiscal 2018 and Fiscal 2017 were 17.0% and 36.2%, respectively (excluding the adjustment to our deferred tax liability resulting from the decrease in the federal income tax rate

[Table of Contents](#)

from 35% to 21% enacted on December 22, 2017, as part of the Tax Cuts and Jobs Act (the “TCJA”). Our effective income tax rate for Fiscal 2018 was favorably impacted by employment-related federal income tax credits and a one-time adjustment to deferred tax (the tax effect of the cumulative foreign currency translation adjustment existing as of January 1, 2018) resulting from the change in our intent to no longer indefinitely reinvest monies previously loaned to our Canadian subsidiary recorded in the first quarter, offset by:

- i. nondeductible litigation costs related to the 2014 Merger;
- ii. nondeductible penalties;
- iii. an increase in our state income tax expense for the year which in large part was caused by state tax legislation enacted during the second quarter that increased the amount of income subject to state taxation;
- iv. foreign income taxes withheld (not offset by foreign tax credits due to the foreign tax credit limitation);
- v. an increase in the reserve for uncertain tax positions; and
- vi. an increase in a valuation allowance for deferred tax assets associated with a carryforward of certain state tax credits and deferred tax assets relating to our Canadian operations that could expire before they are utilized.

Our effective income tax rate for Fiscal 2018 was also favorably impacted by adjustments to the provisional estimates provided in Fiscal 2017 to account for the impact of the TCJA pursuant to Staff Accounting Bulletin No. 118 (“SAB 118”). Under SAB 118, we included a provisional estimate of \$66.6 million tax benefit in our consolidated financial statements for the fiscal year ended December 31, 2017, relating to the enactment of TCJA, which primarily related to the re-measurement of our deferred tax liability. In the second quarter of Fiscal 2018, we recorded an adjustment to the provisional estimate of \$0.2 million tax benefit, and in the third quarter of Fiscal 2018, we recorded an incremental adjustment to the provisional estimate of \$0.5 million tax benefit. The measurement period relating to the enactment of the TCJA ended during our fourth quarter, and the tax effects thereof have been completed as of the end of Fiscal 2018.

Fiscal 2017 Compared to Fiscal 2016

Revenues

Company venue sales were \$868.9 million and \$905.3 million for Fiscal 2017 and Fiscal 2016, respectively, the decrease was primarily attributable to a 4.8% decrease in comparable venue sales, offset partially by revenue from new venue openings. Company venue sales for Fiscal 2017 were also negatively impacted by an increase of approximately \$2.2 million in Play Pass related deferred revenue compared to Fiscal 2016.

Franchise fees and royalties decreased from \$18.3 million to \$17.9 million due to a reduction in shipping revenue from the shipment of games to franchisees as a result of fewer unit openings in Fiscal 2017 compared to Fiscal 2016, offset partially by an increase in sales at our franchised units, and additional revenue from new franchise units opened in 2017, net of franchise units closed.

Company Venue Operating Costs

The cost of food, beverage, entertainment and merchandise, as a percentage of Total company venue sales, was 14.7% and 15.1% for Fiscal 2017 and Fiscal 2016, respectively, as food and beverage costs benefited from the implementation of our new inventory management system offset by higher Entertainment and merchandise costs related to an increase in Play Pass related supplies.

The cost of food and beverage as a percentage of Food and beverage sales, was 23.8% and 25.1% for Fiscal 2017 and Fiscal 2016, respectively. The decrease in the cost of food and beverage on a percentage basis in Fiscal

[Table of Contents](#)

2017 was driven by benefits realized from the implementation of our inventory management system late in the third quarter of 2016, as well as price increases taken in our food and beverage menu in the fourth quarter of 2016, partially offset by an increase in our commodity prices, primarily cheese, pepperoni and chicken wings.

The cost of entertainment and merchandise, as a percentage of Entertainment and merchandise sales, was 6.5% for both Fiscal 2017 and Fiscal 2016. The cost of entertainment and merchandise, as a percentage of Entertainment and merchandise sales reflects an increase in Play Pass related supplies in 2017 as a result of Play Pass being deployed to more venues compared to 2016, and an increase in the amount of revenue deferred in connection with the implementation of our Play Pass card system. The cost of Entertainment and merchandise sales, excluding the impact of supplies and deferred revenue related to Play Pass, was 5.7% for Fiscal 2017 compared to 6.2% for Fiscal 2016.

Labor expenses were \$248.1 million and \$251.4 million for Fiscal 2017 and Fiscal 2016, respectively. A decrease in labor hours as a result of lower sales volumes in Fiscal 2017 compared to Fiscal 2016 mostly offset increased minimum wage rates in several states.

Other venue operating expenses were \$149.5 million and \$148.9 million for Fiscal 2017 and Fiscal 2016, respectively, the increase was primarily due to losses incurred in connection with Hurricanes Harvey and Irma, and an increase in IT and technology support costs related primarily to the completion in 2017 of the deployment of Play Pass in all of our domestic Company-owned venues, partially offset by a decrease in startup and marketing costs related to new venue openings.

Advertising Expenses

Advertising expenses were \$48.4 million and \$46.1 million for Fiscal 2017 and Fiscal 2016, respectively. As a percentage of Total revenues, Advertising Expenses were 5.5% and 5.0%, respectively, for Fiscal 2017 and Fiscal 2016. Fiscal 2017 reflects an increase in radio advertising and digital and social media costs.

General and Administrative Expenses

General and administrative expenses were \$57.3 million and \$61.6 million for Fiscal 2017 and Fiscal 2016, respectively. General and administrative expenses in Fiscal 2017 reflect a decrease in incentive compensation as a result of lower sales and operating performance and a decrease in labor related litigation costs, partially offset by an increase in subscription service fees related to corporate IT initiatives, and direct and incremental costs, such as accounting and legal costs, incurred in 2017 in connection with certain transactions that we decided not to pursue.

Depreciation and Amortization

Depreciation and amortization was \$109.8 million and \$119.6 million for Fiscal 2017 and Fiscal 2016, respectively. The decrease in depreciation and amortization is primarily due to the impact of certain property plant and equipment having reached the end of their depreciable lives.

Transaction, Severance and Related Litigation Costs

Transaction, severance and related litigation costs were \$1.4 million and \$1.3 million for Fiscal 2017 and Fiscal 2016, respectively. The transaction, severance and related litigation costs for Fiscal 2017 and Fiscal 2016 relate primarily to \$1.0 million and \$1.2 million, respectively, in legal fees and settlements incurred in connection with 2014 Merger related litigation, and severance payments of \$0.5 million and \$0.1 million, respectively.

Interest Expense

Interest expense was \$69.1 million and \$67.7 million for Fiscal 2017 and Fiscal 2016, respectively. Our weighted average effective interest rate under our secured credit facilities and senior notes (including amortized debt issuance costs, amortization of original issue discount, commitment and other fees related to the secured credit facilities and senior notes) was 5.6% and 5.5% for Fiscal 2017 and Fiscal 2016, respectively.

Income Taxes

Our effective income tax rate for Fiscal 2017, excluding the adjustment to our deferred taxes resulting from the enactment of the TCJA, was 36.2% as compared to 41.5% for Fiscal 2016. Our effective income tax rate for Fiscal 2017 differs from the statutory tax rate primarily due to the favorable impact of employment-related federal income tax credits which were partially offset by the true-up of the prior year's estimate of employment-related tax credits versus actuals. Our effective income tax rate for Fiscal 2017 was negatively impacted by non-deductible litigation costs related to the 2014 Merger, non-deductible Canadian interest expense, and adjustments recorded in Fiscal 2017 to state tax credit carryforwards that we estimate will expire. In addition, our Fiscal 2017 effective income tax rate was favorably impacted by a reorganization of our Canadian structure, partially offset by the impact of a valuation allowance recorded in connection with our Canadian subsidiary.

The reduction in the federal corporate tax rate resulting from the TCJA significantly impacted our Fiscal 2017 income taxes. GAAP requires deferred tax assets and liabilities to be measured at the enacted tax rate expected to apply when temporary differences are to be realized or settled, and further requires the effect of a change in tax law to be recorded discretely as a component of the income tax provision related to continuing operations in the period of enactment. This accounting requirement resulted in a \$66.6 million nonrecurring reduction of our net deferred tax liability and a corresponding \$66.6 million benefit to deferred federal income taxes.

Financial Condition, Liquidity and Capital Resources

Overview of Liquidity

We finance our business activities through cash flows provided by our operations.

The primary components of working capital are as follows:

- our guests pay for their purchases in cash or credit cards at the time of the sale and the cash from these sales is typically received before our related accounts payable to suppliers and employee payroll becomes due;
- frequent inventory turnover and the use of fresh ingredients results in a limited investment required in inventories; and
- our accounts payable are generally due within five to 30 days.

As a result of these factors, our requirement for working capital is not significant and we are able to operate with a net working capital deficit (current liabilities in excess of current assets), similar to other companies in the restaurant industry.

The following tables present summarized consolidated financial information that we believe is helpful in evaluating our liquidity and capital resources as of the periods presented:

Funds generated by our operating activities and available cash and cash equivalents continue to be our primary sources of liquidity. We believe these sources of liquidity will be sufficient to finance our strategic plan and capital initiatives for the next twelve months. However, in the event of a material decline in our sales trends or operating margins, there can be no assurance that we will generate sufficient cash flows at or above our current levels. Our revolving credit facility is also available for additional working capital needs and investment opportunities. Our ability to access our revolving credit facility is subject to our compliance with the terms and conditions of the credit agreement governing such facility, including our compliance with certain prescribed covenants, as more fully described below.

As of December 30, 2018, we had no borrowings outstanding and a \$9.0 million of letter of credit issued but undrawn under the revolving credit facility, leaving \$141.0 million in borrowing capacity under the revolving credit facility as of December 30, 2018. As of December 31, 2017, we had no borrowings outstanding and \$9.9 million of letters of credit issued but undrawn under the revolving credit facility. On May 8, 2018, we extended the maturity on \$95.0 million of the revolving credit facility through November 16, 2020 from February 14, 2019, whereas the remaining \$55 million matured on February 14, 2019.

Our primary uses for cash provided by operating activities relate to funding our ongoing business activities, planned capital expenditures, servicing our debt, and the payment of income taxes.

Our strategic plan does not require that we enter into any material development or contractual purchase obligations. Therefore, we have the flexibility necessary to manage our liquidity by promptly deferring or curtailing any planned capital spending.

We monitor the capital markets and our capital structure and make changes from time to time, with the goal of maintaining financial flexibility, preserving or improving liquidity and/or achieving cost efficiency. From time to time we may elect to repurchase our outstanding debt, including repurchases of our senior notes, for cash through open market repurchases or privately negotiated transactions with certain of our debtholders, although there is no assurance we will do so.

Sources and Uses of Cash—Fiscal 2018 Compared to Fiscal 2017

Net cash provided by operating activities was \$86.6 million in Fiscal 2018 and \$104.3 million in Fiscal 2017. The decrease in net cash provided by operating activities is primarily due to an increase in our net loss, excluding the adjustment to our deferred taxes resulting from the enactment of the TCJA in Fiscal 2017, and fluctuations in working capital, partially offset by a reduction in income taxes receivable.

Net cash used in investing activities was \$79.3 million in Fiscal 2018 and \$93.7 million in Fiscal 2017. Net cash used in investing activities in Fiscal 2018 and Fiscal 2017 relates primarily to capital expenditures.

Net cash used in financing activities was \$11.4 million in Fiscal 2018 and primarily related to principal payments on our term loan and lease related obligations. Net cash used in financing activities of \$5.0 million in Fiscal 2017 related primarily to principal payments on our term loan and lease related obligations, partially offset by sale leaseback proceeds of \$4.1 million and a \$1.4 million return of capital.

Sources and Uses of Cash—Fiscal 2017 Compared to Fiscal 2016

Net cash provided by operating activities was \$104.3 million in Fiscal 2017 and \$118.8 million in Fiscal 2016. The decrease in net cash provided by operating activities is primarily due to a decrease in net income, excluding the adjustment to our deferred taxes resulting from the enactment of the TCJA, and fluctuations in working capital.

Net cash used in investing activities was \$93.7 million in Fiscal 2017 and \$98.4 million in Fiscal 2016. Net cash used in investing activities in Fiscal 2017 and Fiscal 2016 relates primarily to capital expenditures.

Net cash used in financing activities was \$5.0 million in Fiscal 2017 and related primarily to principal payments on our term loan and lease related obligations, partially offset by sale leaseback proceeds of \$4.1 million and a \$1.4 million return of capital. Net cash used in financing activities was \$10.1 million in Fiscal 2016 and related primarily to principal payments on our term loan and lease related obligations.

Debt Financing

CEC Secured Credit Facilities

The CEC secured credit facilities include (i) a \$760.0 million term loan facility with a maturity date of February 14, 2021 (the “CEC term loan facility”) and (ii) a \$150.0 million senior secured revolving credit facility with an original maturity date of February 14, 2019, which includes a letter of credit sub-facility and a \$30.0 million swingline loan sub-facility (the “CEC revolving credit facility” and together with the term loan facility, the “secured credit facilities”). The secured credit facilities will initially remain in place upon completion of the Business Combination. However, we may consider opportunities to renew, replace or refinance these secured credit facilities.

On May 8, 2018, we entered into an incremental assumption agreement with certain of the CEC revolving credit facility lenders to extend the maturity on \$95.0 million of the CEC revolving credit facility through November 16, 2020. In connection with the extension of the maturity date, we agreed to the following covenants for the benefit of the CEC revolving facility lenders: (a) with respect to each fiscal year (commencing with the fiscal year ended December 30, 2018), we are required to make a mandatory prepayment of term loan principal to the extent that 75% of our excess cash flow (as defined in the secured credit facilities agreement and subject to step-downs based on our net first lien senior secured leverage ratio) exceeds \$10 million and any such required mandatory payment shall be reduced by any optional prepayments of principal that may have occurred during the fiscal year, and (b) we shall not incur additional first lien senior secured debt in connection with certain acquisitions, mergers or consolidations unless our net first lien senior secured leverage ratio is not greater than 3.65 to 1.00 on a pro forma basis. The maturity date of the amount of the CEC revolving credit facility that was

[Table of Contents](#)

not extended remains February 14, 2019. All borrowings under the CEC revolving credit facility are subject to the satisfaction of customary conditions, including the absence of a default and the accuracy of representations and warranties.

We may request one or more incremental term loan facilities and/or increase commitments under the CEC revolving credit facility in an aggregate amount of up to the sum of (a) \$200.0 million plus (b) such additional amount so long as, (i) in the case of loans under additional credit facilities that rank equally and without preference with the liens on the collateral securing the secured credit facilities, our consolidated net first lien senior secured leverage ratio would be no greater than 4.25 to 1.00 and (ii) in the case of loans under additional credit facilities that rank junior to the liens on the collateral securing the secured credit facilities, our consolidated total net secured leverage ratio would be no greater than 5.25 to 1.00, subject to certain conditions, and receipt of commitments by existing or additional lenders.

The secured credit facilities require scheduled quarterly payments on the CEC term loan facility equal to 0.25% of the original principal amount of the CEC term loan facility from July 2014 to December 2020, with the balance paid at maturity, February 14, 2021. We may voluntarily repay outstanding loans under the secured credit facilities at any time, without prepayment premium or penalty, except in connection with a repricing event subject to customary “breakage” costs with respect to London Interbank Offered Rate (“LIBOR”) loans.

As of December 30, 2018, we had no borrowings outstanding and \$9.0 million of letter of credit issued but undrawn under the CEC revolving credit facility leaving \$141.0 million in borrowing capacity under the CEC revolving credit facility as of December 30, 2018. As of December 31, 2017, we had no borrowings outstanding and \$9.9 million of letter of credit issued but undrawn under the CEC revolving credit facility.

Borrowings under the secured credit facilities bear interest at a rate equal to, at our option, either (a) LIBOR determined by reference to the costs of funds for Eurodollar deposits for the interest period relevant to such borrowings, adjusted for certain additional costs, subject to a 1.00% floor in the case of term loans or (b) a base rate determined by reference to the highest of (i) the federal funds effective rate plus 0.50%; (ii) the prime rate of Deutsche Bank AG New York Branch; and (iii) the one-month adjusted LIBOR plus 1.00%, in each case plus an applicable margin. The base applicable margin is 3.25% with respect to LIBOR borrowings and 2.25% with respect to base rate borrowings under the term loan facility, and base rate borrowings and swingline borrowings under the CEC revolving credit facility. The applicable margin for LIBOR borrowings under the CEC term loan facility is subject to one step-down from 3.25% to 3.00%, based on our net first lien senior secured leverage ratio. The applicable margin for LIBOR borrowings under the CEC revolving credit facility is subject to two step-downs from 3.25% to 3.00% and 2.75% based on our net first lien senior secured leverage ratio. During Fiscal 2018, the applicable margin for LIBOR borrowings under both the CEC term loan facility and CEC revolving credit facility was 3.25% and during Fiscal 2017, the applicable margin was 3.00% under both the CEC term loan facility and the CEC revolving facility until November 16, 2017, when the applicable margin returned to its current rate of 3.25% for both the CEC term loan facility and CEC revolving credit facility. During Fiscal 2018, the federal funds rate ranged from 1.34% to 2.40%, the prime rate ranged from 4.50% to 5.50% and the one-month LIBOR ranged from 1.55% to 2.52%.

In addition to paying interest on outstanding principal under the secured credit facilities, we are required to pay a commitment fee to the lenders under the CEC revolving credit facility with respect to the unutilized commitments thereunder. The base applicable commitment fee under the CEC revolving credit facility was 0.5% per annum and was subject to one step-down from 0.5% to 0.375% based on our net first lien senior secured leverage ratio. During Fiscal 2018, the commitment fee rate was 0.5% and for Fiscal 2017, the commitment fee rate was 0.375% until November 16, 2017, when it returned to its current rate of 0.5%. We are also required to pay customary agency fees, as well as letter of credit participation fees computed at a rate per annum equal to the applicable margin for LIBOR rate borrowings on the dollar equivalent of the daily stated amount of outstanding letters of credit, plus such letter of credit issuer’s customary processing and fronting fees computed at a rate equal to 0.125% per annum on the daily stated amount of each letter of credit.

[Table of Contents](#)

The weighted average effective interest rate incurred on our borrowings under our secured credit facilities was 5.8% for the 2018 fiscal year, 4.7% for the 2017 fiscal year and 4.6% for the 2016 fiscal year, which includes amortization of debt issuance costs related to our secured credit facilities, amortization of the CEC term loan facility original issue discount, and commitment and other fees related to our secured credit facilities.

Obligations under the secured credit facilities are unconditionally guaranteed by Queso on a limited-recourse basis and each of CEC's existing and future direct and indirect material, wholly-owned domestic subsidiaries, subject to certain exceptions. The obligations are secured by a pledge of our capital stock and substantially all of our assets and those of each subsidiary guarantor, including capital stock of the subsidiary guarantors and 65.0% of the capital stock of the first-tier foreign subsidiaries that are not subsidiary guarantors, in each case subject to exceptions. Such security interests consist of a first-priority lien with respect to the collateral. The secured credit facilities also contain customary covenants and events of default. The covenants limit our ability to, among other things:

- i. incur additional debt or issue certain preferred shares;
- ii. create liens on certain assets;
- iii. make certain loans or investments (including acquisitions);
- iv. pay dividends on or make distributions in respect of our capital stock or make other restricted payments;
- v. consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;
- vi. sell assets;
- vii. enter into certain transactions with our affiliates;
- viii. enter into sale-leaseback transactions;
- ix. change our lines of business;
- x. restrict dividends from our subsidiaries or restrict liens;
- xi. change our fiscal year; and
- xii. modify the terms of certain debt or organizational agreements.

The CEC revolving credit facility includes a springing financial maintenance covenant that requires our net first lien senior secured leverage ratio not to exceed 6.25 to 1.00 (the ratio of consolidated net debt secured by first-priority liens on the collateral to last twelve month's EBITDA, as defined in the senior credit facilities). The covenant will be tested quarterly when the CEC revolving credit facility is more than 30.0% drawn (excluding outstanding letters of credit) and will be a condition to drawings under the CEC revolving credit facility that would result in more than 30.0% drawn thereunder.

CEC Senior Unsecured Notes

The CEC senior unsecured notes consist of \$255.0 million aggregate principal amount borrowings of 8.000% Senior Notes due 2022 and mature on February 15, 2022. The CEC senior notes are registered under the Securities Act, do not bear legends restricting their transfer and are not entitled to registration rights under our registration rights agreement. As of February 15, 2017, we may redeem some or all of the CEC senior notes at certain redemption prices set forth in the indenture governing the CEC senior notes (the "indenture"). At or as soon as practicable after the consummation of the Business Combination, New CEC intends to redeem the CEC senior notes in an aggregate principal amount of the lesser of (i) all outstanding \$255.0 million assuming no public shares are redeemed in connection with the Business Combination, or (ii) the maximum aggregate principal amount of CEC senior notes that can be redeemed using the available funds from the trust account and the PIPE Investment following redemption of public shares and the payment of all fees and expenses. Under the

[Table of Contents](#)

terms of the CEC senior notes, the redemption price will be 102% of the principal amount of the CEC senior notes being redeemed, plus all accrued but unpaid interest to the redemption date. New CEC will use the sum of (i) cash held in the trust account, net of redemptions, plus (ii) gross proceeds of the PIPE Investment, less (iii) the transactions costs of the transactions contemplated under the Business Combination Agreement to finance this redemption.

Our obligations under the CEC senior notes are fully and unconditionally guaranteed, jointly and severally, by CEC's present and future direct and indirect wholly-owned material domestic subsidiaries that guarantee our secured credit facilities.

The indenture contains restrictive covenants that limit our ability to, among other things: (i) incur additional debt or issue certain preferred shares; (ii) create liens on certain assets; (iii) make certain loans or investments (including acquisitions); (iv) pay dividends on or make distributions in respect of our capital stock or make other restricted payments; (v) consolidate, merge, sell or otherwise dispose of all or substantially all of our assets; (vi) sell assets; (vii) enter into certain transactions with our affiliates; and (viii) restrict dividends from our subsidiaries.

The weighted average effective interest rate incurred on borrowings under our senior notes was 8.2% for the 2018, 2017 and 2016 fiscal years, which includes amortization of debt issuance costs and other fees related to our senior notes.

Capital Expenditures

We intend to continue to focus our future capital expenditures on reinvestment into our existing Company-operated Chuck E. Cheese's and PPP venues through various planned capital initiatives and the development or acquisition of additional Company-operated venues. During Fiscal 2018, we completed 268 game enhancements and 31 major remodels, of which 25 related to the re-imaging effort to update Chuck E. Cheese locations to a new look and feel.

We have funded and expect to continue to fund our capital expenditures through existing cash flows from operations. Capital expenditures in 2018 totaled approximately \$79.8 million.

The following table reconciles the approximate total capital spend by initiative to our Consolidated Statements of Cash Flows for the periods presented:

	Fiscal Year Ended		
	December 30, 2018	December 31, 2017	January 1, 2017
		(in thousands)	
Growth capital spend(1)	\$ 31,269	\$ 51,079	\$ 55,200
Maintenance capital spend(2)	44,656	35,678	33,838
IT capital spend	3,919	7,309	10,058
Total Capital Spend	\$ 79,844	\$ 94,066	\$ 99,096

(1) Growth capital spend includes our Play Pass initiative, major remodels, venue expansions, major attractions and new venue development, including relocations and franchise acquisitions.

(2) Maintenance capital spend includes game enhancements, general venue capital expenditures and corporate capital expenditures.

We currently estimate our capital expenditures in 2019 will total approximately \$95 million to \$105 million, inclusive of maintenance capital, growth capital and IT related capital.

Off-Balance Sheet Arrangements and Contractual Obligations

As of December 30, 2018, we had no off-balance sheet financing arrangements as described in Regulation S-K Item 303(a)(4)(ii).

The following table summarizes our contractual obligations as of December 30, 2018:

	Total	Payments Due by Period			
		Less than 1 Year	1-3 Years	4-5 Years	More than 5 Years
			(in thousands)		
Operating leases ⁽¹⁾	\$ 901,598	\$ 92,435	\$ 179,897	\$ 171,989	\$ 457,277
CEC secured credit facilities	723,900	7,600	716,300	—	—
Sale leaseback obligations	257,017	14,083	29,001	30,196	183,737
CEC senior notes	255,000	—	—	255,000	—
Interest obligations ⁽²⁾	162,399	60,001	92,198	10,200	—
Purchase Obligations ⁽³⁾	40,486	31,310	8,233	943	—
Capital leases	24,002	2,182	4,415	4,139	13,266
Uncertain tax positions ⁽⁴⁾	343	343	—	—	—
	<u>\$ 2,364,745</u>	<u>\$ 207,954</u>	<u>\$ 1,030,044</u>	<u>\$ 472,467</u>	<u>\$ 654,280</u>

- (1) Includes the initial non-cancellable term plus renewal option periods provided for in the lease that can be reasonably assured but excludes contingent rent obligations and obligations to pay property taxes, insurance and maintenance on the leased assets.
- (2) Interest obligations represent an estimate of future interest payments under our secured credit facilities and senior notes. We calculated the estimate based on the terms of the secured credit facilities and senior notes. Our estimate uses interest rates in effect during Fiscal 2018 and assumes we will not have any amounts drawn on our revolving credit facility.
- (3) A “purchase obligation” is defined as an agreement to purchase goods or services that is enforceable and legally binding on us and that specifies all significant terms, including (a) fixed or minimum quantities to be purchased; (b) fixed, minimum or variable price provisions; and (c) the approximate timing of the transaction. Our purchase obligations primarily consist of obligations for the purchase of merchandise and entertainment inventory, obligations under fixed price purchase agreements and contracts with “spot” market prices primarily relating to food and beverage products, obligations for the purchase of commercial airtime, and obligations associated with the modernization of various information technology platforms. The above purchase obligations exclude agreements that are cancellable without significant penalty.
- (4) Due to the uncertainty related to the settlement of uncertain tax positions, only the current portion of the liability for unrecognized tax benefits (including accrued interest and penalties) has been provided in the table above. The non-current portion of \$5.1 million is excluded from the table above.

As of December 30, 2018, unpaid obligations related to capital expenditures totaling \$2.4 million were outstanding and included in accounts payable. These amounts are expected to be paid in less than one year.

The total estimate of accrued liabilities for our self-insurance programs was \$14.7 million as of December 30, 2018. We estimate that \$4.8 million of these liabilities will be paid in Fiscal 2018 and the remainder paid in fiscal 2019 and beyond. Due to the nature of the underlying liabilities and the extended period of time often experienced in resolving insurance claims, we cannot make reliable estimates of the timing of cash payments to be made in the future for our obligations related to our insurance liabilities. Therefore, no amounts for such liabilities have been included in the table above.

As of December 30, 2018, we had \$9.0 million of letters of credit issued but undrawn under the CEC revolving credit facility. We utilize letters of credit primarily for our self-insurance programs. These letters of credit do not represent additional obligations of the Company since the underlying liabilities are already recorded

[Table of Contents](#)

in accrued liabilities. However, if we were unable to pay insurance claims when due, our insurance carrier could demand for payment pursuant to these letters of credit.

In addition, see further discussion of our indebtedness and future debt obligations above under “—*Financial Condition, Liquidity and Capital Resources—Debt Financing.*”

We enter into various purchase agreements in the ordinary course of business and have fixed price agreements and contracts with “spot” market prices primarily relating to food and beverage products. Other than the purchase obligations included in the above table, we do not have any material contracts (either individually or in the aggregate) in place committing us to a minimum or fixed level of purchases or that are cancellable subject to significant penalty.

Inflation

Our cost of operations, including but not limited to labor, food products, supplies, utilities, financing and rental costs, can be significantly affected by inflationary factors.

Critical Accounting Policies and Estimates

Our consolidated financial statements are prepared in conformity with GAAP, which requires us to make estimates and assumptions that affect the reported amount of our assets and liabilities at the date of our consolidated financial statements, the reported amount of revenues and expenses during the reporting period and the related disclosures of contingent assets and liabilities. The use of estimates is pervasive throughout our consolidated financial statements and is affected by management judgment and uncertainties. Our estimates, assumptions and judgments are based on historical experience, current market trends and other factors that we believe to be relevant and reasonable at the time our consolidated financial statements were prepared. We continually evaluate the information used to make these estimates as our business and the economic environment change. Actual results could differ materially from these estimates under different assumptions or conditions.

The significant accounting policies used in the preparation of our consolidated financial statements are described in Note 1 of our consolidated financial statements. We consider an accounting policy or estimate to be critical if it requires difficult, subjective or complex judgments and is material to the portrayal of our consolidated financial condition, changes in financial condition or results of operations. The selection, application and disclosure of the critical accounting policies and estimates have been reviewed by the Audit Committee of our Board of Directors. Our accounting policies and estimates that our management considers most critical are as follows:

Goodwill and Other Intangible Assets

The excess of the purchase price over fair value of net identifiable assets and liabilities of an acquired business (“goodwill”), trademarks, trade names and other indefinite-lived intangible assets are not amortized, but rather tested quantitatively and qualitatively for impairment, at least annually, and whenever events or circumstances indicate that impairment may have occurred. Events or circumstances that could trigger an impairment review include, but are not limited to, a significant adverse change in legal factors or in the business climate, an adverse action or assessment by a regulator, significant changes in competition, a loss of key personnel, significant changes in our use of the acquired assets or the strategy for our overall business, significant negative industry or economic trends, or significant under-performance relative to expected historical or projected future results of operations. We determined that no triggering events occurred during Fiscal 2018.

Recoverability of the carrying value of goodwill is measured at the reporting unit level. In performing a quantitative analysis, we measure the recoverability of goodwill for our reporting units using a discounted cash flow model incorporating discount rates commensurate with the risks involved, which is classified as a Level 3

fair value measurement. The key assumptions used in the discounted cash flow valuation model include discount rates, growth rates, tax rates, cash flow projections and terminal value rates. Discount rates, growth rates and cash flow projections are the most sensitive and susceptible to change as they require significant management judgment.

We test indefinite-lived intangible assets utilizing the relief from royalty method to determine the estimated fair value for each indefinite-lived intangible asset, which is classified as a Level 3 fair value measurement. The relief from royalty method estimates our theoretical royalty savings from ownership of the intangible asset. Key assumptions used in this model include discount rates, royalty rates, growth rates, tax rates, sales projections and terminal value rates. Discount rates, royalty rates, growth rates and sales projections are the assumptions most sensitive and susceptible to change as they require significant management judgment. Discount rates used are similar to the rates estimated by the weighted average cost of capital considering any differences in company-specific risk factors.

We tested our goodwill, trademarks, trade names and other indefinite-lived intangible assets for impairment as of October 1, 2018. The fair value of our goodwill, trademarks, trade names and other indefinite-lived intangible assets was in excess of the carrying value as of the date of our Fiscal 2018 goodwill impairment test. No indicators of impairment were identified from the date of our impairment test through the end of Fiscal 2018.

Impairment of Long-Lived Assets

We review our property and equipment for indicators of impairment on an ongoing basis at the lowest level of cash flows available, which is on a venue-by-venue basis, to assess if the carrying amount may not be recoverable. Such events or changes may include a significant change in the business climate in a particular market area (for example, due to economic downturn or natural disaster), historical negative cash flows or plans to dispose of or sell the property and equipment before the end of its previously estimated useful life. If an event or change in circumstances occurs, we estimate the future cash flows expected to result from the use of the property and equipment and its eventual disposition. If the sum of the expected future cash flows, undiscounted and without interest, is less than the asset carrying amount (an indication that the carrying amount may not be recoverable), we may be required to recognize an impairment loss. We estimate the fair value of a venue's property and equipment by discounting the expected future cash flows of the venue over its remaining lease term using a weighted average cost of capital commensurate with the risk.

The following estimates and assumptions used in the discounted cash flow analysis impact the fair value of a venue's long-lived assets:

- discount rate based on our weighted average cost of capital and the risk-free rate of return;
- sales growth rates and cash flow margins over the expected remaining lease terms;
- strategic plans, including projected capital spending and intent to exercise renewal options, for the venue;
- salvage values; and
- other risks and qualitative factors specific to the asset or conditions in the market in which the asset is located at the time the assessment was made.

During Fiscal 2018, the average discount rate, average sales growth rate and average cash flow margin growth rate used were 8.1%, 0.0% and 0.0%, respectively. We believe our assumptions in calculating the fair value of our long-lived assets are similar to those used by other marketplace participants. If actual results are not consistent with our estimates and assumptions, we may be exposed to additional impairment charges, which could be material to our Consolidated Statements of Earnings.

Estimation of Reserves

The liabilities we record for claims related to insurance and tax reserves requires us to make judgments about the amount of expenses that will ultimately be incurred. We use historical experience, as well as other specific circumstances surrounding these contingencies, in evaluating the amount of liability that should be recorded. As additional information becomes available, we assess the potential liability related to various claims and revise our estimates as appropriate. These revisions could materially impact our consolidated results of operations, financial position or liquidity.

Self-Insurance reserves. We are self-insured for certain losses related to workers' compensation, general liability, property, and company-sponsored employee health plans. Liabilities associated with risks retained by the Company are estimated primarily using historical claims experience, current claims data, demographic and severity factors, other factors deemed relevant by us, as well as information provided by independent third-party actuaries. To limit our exposure for certain losses, we purchase stop-loss or high-deductible insurance coverage through third-party insurers. Our stop-loss limit or deductibles for workers' compensation, general liability, property, and company-sponsored employee health plans, generally range from \$0.2 million to \$0.5 million per occurrence. As of December 30, 2018, our total estimate of accrued liabilities for our self-insurance and high deductible plan programs was \$14.7 million. We estimate approximately \$4.8 million of these liabilities will be paid in fiscal 2019 and the remainder paid in fiscal 2020 and beyond. If actual claims trends or other factors differ from our estimates, our financial results could be significantly impacted.

Income tax reserves. We are subject to audits from multiple domestic and foreign tax authorities. We maintain reserves for federal, state and foreign income taxes when we believe a position may not be fully sustained upon review by taxing authorities. Although we believe that our tax positions are fully supported by the applicable tax laws and regulations, there are matters for which the ultimate outcome is uncertain. We recognize the benefit from an uncertain tax position in our consolidated financial statements when the position is more-likely-than-not (a greater than 50 percent chance of being sustained). The amount recognized is measured using a probability weighted approach and is the largest amount of benefit that is greater than 50 percent likelihood of being realized upon settlement or ultimate resolution with the taxing authority. We routinely assess the adequacy of the estimated liability for unrecognized tax benefits, which may be affected by changing interpretations of laws, rulings by tax authorities and administrative policies, certain changes and/or developments with respect to audits and expirations of the statute of limitations. Depending on the nature of the tax issue, the ultimate resolution of an uncertain tax position may not be known for a number of years; therefore, the estimated reserve balances could be included on our Consolidated Balance Sheets for multiple years. To the extent that new information becomes available that causes us to change our judgment regarding the adequacy of a reserve balance, such a change will affect our income tax expense or benefit in the period in which the determination is made and the reserve is adjusted. Significant judgment is required to estimate our provision for income taxes and liability for unrecognized tax benefits. At December 30, 2018, the reserve for uncertain tax positions (unrecognized tax benefits) was \$4.3 million and the related interest and penalties was \$1.1 million. Although we believe our approach is appropriate, there can be no assurance that the final outcome resulting from a tax authority's review will not be materially different than the amounts reflected in our estimated tax provision and tax reserves. If the results of any audit materially differ from the liabilities we have established for taxes, there would be a corresponding impact to our consolidated financial statements, including the liability for unrecognized tax benefits, current tax provision, effective tax rate, net after tax earnings and cash flows, in the period of resolution.

Accounting for Leases

The majority of our venues are leased. The terms of our venue leases vary in length from lease to lease, although a typical lease provides for an initial primary term of ten years with two additional five year options to renew. We estimate the expected term of a lease by assuming the exercise of renewal options, in addition to the initial non-cancellable lease term, if the renewal is reasonably assured. Generally, "reasonably assured" relates to

[Table of Contents](#)

our contractual right to renew and the existence of an economic penalty that would preclude the abandonment of the lease at the end of the initial non-cancellable lease term. The expected term is used in the determination of whether a lease is a capital or operating lease and in the calculation of straight-line rent expense. Additionally, the useful life of leasehold improvements is limited by the expected lease term or the economic life of the asset, whichever is shorter. If significant expenditures are made for leasehold improvements late in the expected term of a lease and renewal is reasonably assured, the useful life of the leasehold improvement is limited to the end of the reasonably assured renewal period or economic life of the asset.

The determination of the expected term of a lease requires us to apply judgment and estimates concerning the number of renewal periods that are reasonably assured. If a lease is terminated prior to reaching the end of the expected term, this may result in the acceleration of depreciation or impairment of a venue's long-lived assets, and it may result in the accelerated recognition of landlord contributions and the reversal of deferred rent balances that assumed higher rent payments in renewal periods that were never ultimately exercised by us.

With the adoption of the new Accounting Standards Update 2016-02, *Leases (Topic 842)*, effective December 31, 2018, we will be required to recognize lease assets and lease liabilities on the balance sheet. The determination of the lease liabilities will require us to estimate the present value of our future lease commitments over their reasonably assured remaining lease term using a weighted average incremental borrowing rate commensurate with the rate of interest we would have to pay to borrow on a collateralized basis over a similar term an amount equal to our future lease payments in a similar economic environment.

“Controlled Company,” Director Independence

Upon the consummation of the Business Combination, we anticipate that New CEC will qualify for the “controlled company” exception as defined in the NYSE listing standards because the Seller will control more than 50% of our voting power. Under NYSE listing standards, a company of which more than 50% of the voting power is held by another person or group of persons acting together is a “controlled company” and may elect not to comply with the following NYSE rules regarding corporate governance:

- the requirement that a majority of its board of directors consist of independent directors;

Table of Contents

- the requirement that it have a nominating and governance committee composed solely of independent directors with a written charter addressing the committee’s purpose and responsibilities; and
- the requirement that it have a compensation committee composed entirely of independent directors with a written charter addressing the committee’s purpose and responsibilities.

Notwithstanding the availability of the “controlled company” exception, each individual expected to serve on our Board upon consummation of the Business Combination, other than Thomas Leverton, expected to be our Chief Executive Officer, will qualify as an independent under NYSE listing standards.

Committees of the Board of Directors

Following the completion of the Business Combination, our board of directors will have two standing committees: an audit committee and a compensation committee. As a “controlled company,” we will not be required to, and will not have, a nominating and corporation governance committee. Our audit committee will be composed of three independent directors and our compensation committee will be composed of three independent directors.

Audit Committee

Upon the completion of the Business Combination, the members of our audit committee will be Peter C. Brown, Mary E. Minnick and . Mr. Brown will serve as chairman of the audit committee. Under the NYSE listing rules and applicable SEC rules, we are required to have at least three members of the audit committee. The rules of the NYSE and Rule 10A-3 of the Exchange Act require that the audit committee of a listed company be composed solely of independent directors, and each of the foregoing individuals will qualify as independent directors under applicable rules. Each member of the audit committee is financially literate and our board of directors has determined that , and each qualifies as an “audit committee financial expert” as defined in applicable SEC rules.

The audit committee will operate pursuant to a charter and will be responsible for:

- meeting with our independent registered public accounting firm regarding, among other issues, audits, and adequacy of our accounting and control systems;
- monitoring the independence of the independent registered public accounting firm;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all audit services and permitted non-audit services to be performed by our independent registered public accounting firm, including the fees and terms of the services to be performed;
- appointing or replacing the independent registered public accounting firm;
- determining the compensation and oversight of the work of the independent registered public accounting firm (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work;
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies;
- monitoring compliance on a quarterly basis with the terms of our Initial Public Offering and, if any noncompliance is identified, immediately taking all action necessary to rectify such noncompliance or otherwise causing compliance with the terms of our Initial Public Offering; and

[Table of Contents](#)

- reviewing and approving all payments made to our existing shareholders, executive officers or directors and their respective affiliates. Any payments made to members of our audit committee are reviewed and approved by our board of directors, with the interested director or directors abstaining from such review and approval.

Compensation Committee

Upon the completion of the Business Combination, the members of our compensation committee will be Peter C. Brown, Andrew S. Jhawar and Lyndon Lea. Mr. Jhawar will serve as chairman of the compensation committee.

The compensation committee will operate pursuant to a charter, which will detail the principal functions of the compensation committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer's compensation, evaluating our Chief Executive Officer's performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer based on such evaluation;
- reviewing and approving the compensation of all of our other Section 16 executive officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;
- approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our executive officers and employees;
- producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The charter will also provide that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser and is directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by NYSE and the SEC.

Guidelines for Selecting Director Nominees

Upon the consummation of the Business Combination, New CEC will be subject to the terms of the Director Nomination Agreement.

Executive and Director Compensation following the Business Combination

Following the completion of the Business Combination, New CEC's compensation committee will determine the annual compensation to be paid to executive officers and the members of New CEC's board of directors.

Compensation Committee Interlocks and Insider Participation

None of the persons expected to serve as executive officers of New CEC upon the consummation of the Business Combination currently serves, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers that is expected to serve as a member of New CEC's board of directors or compensation committee upon the consummation of the Business Combination.

BENEFICIAL OWNERSHIP OF SECURITIES

The following table sets forth information regarding (i) the actual beneficial ownership of Leo ordinary shares as of April 25, 2019 and (ii) expected beneficial ownership of New CEC Common Stock immediately following consummation of the Business Combination, assuming that no public shares are redeemed in connection with the Business Combination, and alternatively that 5,000,000 public shares are redeemed in connection with the Business Combination, by:

- each person who is, or is expected to be, the beneficial owner of more than 5% of the outstanding shares of our ordinary shares or the New CEC Common Stock, as applicable;
- each of our current executive officers and directors;
- each person who will become an executive officer or director of New CEC post-Business Combination; and
- all executive officers and directors of Leo as a group pre-Business Combination and all executive officers and directors of New CEC post-business combination.

Beneficial ownership is determined according to the rules of the SEC, which generally provide that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power over that security, including options and warrants that are currently exercisable or exercisable within 60 days.

The beneficial ownership of our ordinary shares pre-Business Combination is based on 25,000,000 ordinary shares issued and outstanding, which includes an aggregate of 5,000,000 Class B ordinary shares, as of April 25, 2019.

The expected beneficial ownership of shares of New CEC Common Stock post-Business Combination is based on 69,950,137, assuming no redemption, and 64,950,137, assuming maximum redemption, shares of New CEC Common Stock and assumes that (1) no Contingent Shares are issued, (2) 1,750,000 Class B ordinary shares of Leo are forfeited by Sponsor pursuant to the Sponsor Shares Surrender Agreement, and (3) 10,700,000 shares of New CEC Common Stock are issued to the PIPE Investors upon the consummation of the PIPE Investment. If the actual facts are different than these assumptions, the numbers in the below table will be different. See “*BCA Proposal—The Business Combination Agreement—Business Combination Consideration.*”

The following table does not reflect the beneficial ownership of any shares of New CEC Common Stock issuable upon exercise of public warrants or private placement warrants as such securities are not currently exercisable or convertible within 60 days.

(2) Leo Investors Limited Partnership is controlled by its general partner, Leo Investors General Partner Limited, which is governed by a three member board of directors. Each director has one vote, and the approval of a majority of the directors is required to approve an action of our sponsor. Under the so-called “rule of three,” if voting and dispositive decisions regarding an entity’s securities are made by two or more individuals, and a voting and dispositive decision requires the approval of a majority of those individuals, then none of the individuals is deemed a beneficial owner of the entity’s securities. This is the situation with regard to our sponsor. Based upon the foregoing analysis, no individual director of the general partner of Leo Investors Limited Partnership exercises voting or dispositive control over any of the securities held by Leo Investors Limited Partnership, even those in which such director directly holds a pecuniary interest. Accordingly, none of them will be deemed to have or share beneficial ownership of such shares.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Certain Relationships and Related Person Transactions—Leo

Class B ordinary shares

Prior to Leo's initial public offering, in December 2017, Sponsor purchased 8,625,000 shares of the Company's Class B ordinary shares, par value \$0.0001, for an aggregate price of \$25,000. In February 2018, Sponsor transferred 30,000 founder shares to each of Mss. Bush and Minnick, and Mr. Bensoussan, Leo's independent directors. In February 2018, the Sponsor effected a surrender of 2,875,000 Class B ordinary shares to us for no consideration, resulting in a decrease in the total number of Class B ordinary shares from 8,625,000 to 5,750,000. The Sponsor had agreed to forfeit up to 750,000 Class B ordinary shares to the extent that the over-allotment option was not exercised in full by the underwriter. On March 29, 2018, the over-allotment option expired and an aggregate of 750,000 shares were subsequently forfeited by the Sponsor.

The Class B ordinary shares are identical to the public shares, and holders of Class B ordinary shares have the same shareholder rights as public shareholders, except that: (i) the Class B ordinary shares are subject to certain transfer restrictions; (ii) the Class B Shareholders have entered into letter agreements with Leo, pursuant to which they have agreed (a) to waive their redemption rights with respect to their Class B ordinary shares and public shares in connection with the completion of Leo's business combination and (b) to waive their rights to liquidating distributions from the trust account with respect to their Class B ordinary shares if Leo fails to complete its business combination within the required time period, although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if Leo fails to complete its business combination within such time period; (iii) the Class B ordinary shares are automatically convertible into Class A ordinary shares at the time of Leo's business combination on a one-for-one basis, subject to adjustment pursuant to certain anti-dilution rights, as described in the Leo's Existing Organizational Documents (which adjustment and anti-dilution rights were waived in connection with the Business Combination); and (iv) the Class B ordinary shares are subject to registration rights. If Leo submits its business combination to its public shareholders for a vote, the Class B Shareholders have agreed to vote their Class B ordinary shares and any public shares purchased during or after the initial public offering in favor of Leo's business combination. Permitted transferees of the Class B Shareholders will be subject to the same obligations of our Class B Shareholders.

Pursuant to the Sponsor Shares Surrender Agreement, the Sponsor will among other things, contribute an aggregate of approximately 1,750,000 Class B ordinary shares of Leo to Leo for no consideration and as a capital contribution to Leo which Class B ordinary shares will be cancelled. For additional information, see "*BCA Proposal—Related Agreements—Sponsor Shares Surrender Agreement.*"

Private Placement Warrants

Simultaneously with the consummation of the initial public offering, Sponsor purchased 4,000,000 private placement warrants at a price of \$1.50 per warrant, or \$6,000,000 in the aggregate, in a private placement. Each private placement warrants entitles the holder to purchase one Class A ordinary share for \$11.50 per share. A portion of the proceeds from the sale of the private placement warrants was placed in the trust account. The private placement warrants may not be redeemed by Leo so long as they are held by Sponsor or its permitted transferees. If the private placement warrants are held by holders other than Sponsor or its permitted transferees, the private placement warrants will be redeemable by Leo and exercisable by the holders on the same basis as the public warrants. Sponsor, or its permitted transferees, has the option to exercise the private placement warrants on a cashless basis.

The private placement warrants (including the Class A ordinary shares issuable upon exercise of the private placement warrants) may not, subject to certain limited exceptions, be transferred, assigned or sold by it until 30 days after the completion of Leo's initial business combination. If Leo does not complete a business combination

[Table of Contents](#)

within the required time period, the proceeds of the sale of the private placement warrants held in the trust account will be used to fund the redemption of the public shares, subject to the requirements of applicable law, and the private placement warrants will expire worthless.

Registration Rights

The holders of the Class B ordinary shares, private placement warrants, and public warrants that may be issued upon conversion of working capital loans (and any Class A ordinary shares issuable upon the exercise of the private placement warrants or public warrants issued upon conversion of the working capital loans) are entitled to registration rights pursuant to a registration and shareholder rights agreement signed on the closing of Leo's initial public offering requiring us to register such securities for resale (in the case of the Class B ordinary shares, only after conversion to our Class A ordinary shares). The holders of these securities are entitled to make up to three demands, excluding short form demands, that we register such securities. In addition, the holders have certain "piggy-back" registration rights with respect to registration statements filed subsequent to the completion of our initial business combination and rights to require Leo to register for resale such securities pursuant to Rule 415 under the Securities Act.

However, the registration and shareholder rights agreement provides that Leo will not permit any registration statement filed under the Securities Act to become effective until termination of the applicable lock-up period, which occurs: (i) in the case of the Class B ordinary shares, on the earlier of (A) one year after the completion of Leo's initial business combination or (B) if, subsequent to Leo's initial business combination, (x) the last reported sale price of the Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for share splits, share dividends, rights issuances, subdivisions, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after Leo's business combination, or (y) the date following the completion of Leo's business combination on which it completes a liquidation, merger, share exchange, reorganization or other similar transaction that results in all of Leo's public shareholders having the right to exchange their public shares for cash, securities or other property; and (ii) in the case of the private placement warrants and the respective Class A ordinary shares underlying such warrants, 30 days after the completion of Leo's business combination. We will bear the expenses incurred in connection with the filing of any such registration statements. In connection with the Business Combination, the registration and shareholder rights agreement will be amended and restated. For additional information, see "*BCA Proposal—Related Agreements—Amended and Restated Registration Rights Agreement.*"

Related Party Notes

Between inception and the closing of our initial public offering, Sponsor loaned Leo \$300,000 in unsecured promissory notes. The funds were used to pay up-front expenses associated with our initial public offering. Leo repaid \$300,000 on February 15, 2018. In addition, the Sponsor and its affiliate loaned Leo another \$25,000 for working capital. Leo fully repaid this amount on February 20, 2018.

Sponsor and Leo's officers and directors, or any of their respective affiliates, will be reimbursed for any out-of-pocket expenses incurred in connection with activities on Leo's behalf such as identifying potential target businesses and performing due diligence on suitable business combinations.

Leo's audit committee will review on a quarterly basis all payments that were made to Sponsor or Leo's officers or directors or Leo's or their affiliates and will determine which expenses and the amount of expenses that will be reimbursed. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf, although no such reimbursements will be made from the proceeds of the initial public offering held in the trust account prior to the completion of the initial business combination.

In addition, in order to finance transaction costs in connection with our business combination, Sponsor or an affiliate of Sponsor or certain of Leo's officers and directors may, but are not obligated to, loan Leo funds as may

[Table of Contents](#)

be required. If Leo completes a business combination, it would repay such loaned amounts. In the event that Leo's business combination does not close, Leo may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from the trust account would be used for such repayment.

Leo does not expect to seek loans from parties other than Sponsor or an affiliate of Sponsor as Leo does not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

Leo is not prohibited from pursuing a business combination with a company that is affiliated with Sponsor or Leo's officers or directors or making the acquisition through a joint venture or other form of shared ownership with Sponsor or Leo's officers or directors. In the event Leo seeks to complete a business combination with a target that is affiliated with Sponsor or Leo's officers or directors, Leo, or a committee of independent and disinterested directors, would obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm, that such an initial business combination is fair to Leo from a financial point of view. Leo is not required to obtain such an opinion in any other context.

Administrative Services Agreement

Effective February 15, 2018, Leo entered into an agreement to pay monthly expenses of \$10,000 for office space, administrative services and support services to an affiliate of Sponsor. The agreement terminates upon the earlier of the completion of a business combination or the liquidation of Leo. For the fiscal year ended December 31, 2018 Leo incurred expenses of \$105,000 under this agreement.

Director Nomination Agreement

On the Closing Date, Leo, Sponsor and Seller will enter into a Director Nomination Agreement, substantially in the form attached to this proxy statement/prospectus as Annex H, pursuant to which, among other things the Seller and Sponsor will each have certain rights to designate directors to the board of directors of New CEC. For additional information, see "*BCA Proposal—Related Agreements—Director Nomination Agreement.*"

Certain Relationships and Related Person Transactions—Queso

CEC reimburses Apollo Management, L.P. for certain out-of-pocket expenses incurred in connection with travel and Board of Directors related expenses. In addition, CEC engages Apollo portfolio companies to provide various services, including security services to its venues, licensed music video content for use in its venues, and employment screening services to its recruiting functions. Included in our Total operating costs and expenses are \$1.5 million, \$1.4 million and \$1.7 million for Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively.

Policies and Procedures for Related Person Transactions

Effective upon the consummation of the Business Combination, our board of directors will adopt a written related person transaction policy that will set forth the following policies and procedures for the review and approval or ratification of related person transactions.

A "Related Person Transaction" is a transaction, arrangement or relationship in which the post-combination company or any of its subsidiaries was, is or will be a participant, the amount of which involved exceeds \$120,000, and in which any related person had, has or will have a direct or indirect material interest. A "Related Person" means:

- any person who is, or at any time during the applicable period was, one of the post-combination company's executive officers or one of the post-combination company's directors;

Table of Contents

- any person who is known by the post-combination company to be the beneficial owner of more than 5% of our voting stock;
- any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of a director, executive officer or a beneficial owner of more than 5% of our voting stock, and any person (other than a tenant or employee) sharing the household of such director, executive officer or beneficial owner of more than 5% of our voting stock; and
- any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

New CEC will have policies and procedures designed to minimize potential conflicts of interest arising from any dealings it may have with its affiliates and to provide appropriate procedures for the disclosure of any real or potential conflicts of interest that may exist from time to time. Specifically, pursuant to its audit committee charter, the audit committee will have the responsibility to review related party transactions.

COMPARISON OF CORPORATE GOVERNANCE AND SHAREHOLDER RIGHTS

Leo is an exempted company incorporated under the Cayman Islands Companies Law. The Cayman Islands Companies Law and Leo's memorandum and articles of association govern the rights of its shareholders. The Cayman Islands Companies Law differs in some material respects from laws generally applicable to United States corporations and their stockholders. In addition, the memorandum and articles of association will differ in certain material respects from the Proposed Organizational Documents. As a result, when you become a stockholder of New CEC, your rights will differ in some regards as compared to when you were a shareholder of Leo.

Below is a summary chart outlining important similarities and differences in the corporate governance and stockholder/shareholder rights associated with each of Leo and New CEC according to applicable law and/or the organizational documents of Leo and New CEC. You also should review the Proposed Certificate of Incorporation and the Proposed Bylaws of New CEC attached hereto as Annex C and Annex D to this proxy statement/prospectus, as well as the Delaware corporate law and corporate laws of the Cayman Islands, including the Cayman Islands Companies Law, to understand how these laws apply to Leo and New CEC.

Appraisal Rights	Generally a stockholder of a publicly traded corporation does not have appraisal rights in connection with a merger.	Minority shareholders that dissent from a merger are entitled to be paid the fair market value of their shares, which if necessary may ultimately be determined by the court.
Inspection of Books and Records	Any stockholder may inspect the corporation's books and records for a proper purpose during the usual hours for business.	Shareholders generally do not have any rights to inspect or obtain copies of the register of shareholders or other corporate records of a company.
Stockholder/Shareholder Lawsuits	A stockholder may bring a derivative suit subject to procedural requirements (including adopting Delaware as the exclusive forum as per Organizational Documents Proposal E).	In the Cayman Islands, the decision to institute proceedings on behalf of a company is generally taken by the company's board of directors. A shareholder may be entitled to bring a derivative action on behalf of the company, but only in certain limited circumstances.
Fiduciary Duties of Directors	Directors must exercise a duty of care and duty of loyalty and good faith to the company and its stockholders.	<p>A director owes fiduciary duties to a company, including to exercise loyalty, honesty and good faith to the company as a whole.</p> <p>In addition to fiduciary duties, directors owe a duty of care, diligence and skill.</p> <p>Such duties are owed to the company but may be owed direct to creditors or shareholders in certain limited circumstances.</p>
Indemnification of Directors and Officers	A corporation is generally permitted to indemnify its directors and officers acting in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation.	A Cayman Islands company generally may indemnify its directors or officers except with regard to fraud or willful default.

Limited Liability of Directors

Delaware

Permits limiting or eliminating the monetary liability of a director to a corporation or its stockholders, except with regard to breaches of duty of loyalty, intentional misconduct, unlawful repurchases or dividends, or improper personal benefit.

Cayman Islands

Liability of directors may be unlimited, except with regard to their own fraud or willful default.

DESCRIPTION OF NEW CEC SECURITIES

The following summary of certain provisions of New CEC securities does not purport to be complete and is subject to the Proposed Certificate of Incorporation, the Proposed Bylaws and the provisions of applicable law. Copies of the Proposed Certificate of Incorporation and the Proposed Bylaws are attached to this proxy statement/prospectus as Annex C and Annex D, respectively.

Authorized Capitalization

General

The total amount of our authorized capital stock consists of 500,000,000 shares of common stock, par value \$0.0001 per share, and 100,000,000 shares of undesignated preferred stock, par value \$0.0001 per share. We expect to have approximately 69,950,137 shares of common stock outstanding immediately after the consummation of the Business Combination, excluding contingent shares and assuming no public shareholders exercise their redemption rights in connection with the Business Combination.

The following summary describes all material provisions of our capital stock. We urge you to read the Proposed Certificate of Incorporation and the Proposed Bylaws (copies of which are attached to this proxy statement/prospectus as Annex C and Annex D, respectively).

Common Stock

Our common stock is not entitled to preemptive or other similar subscription rights to purchase any of our securities. Our common stock is neither convertible nor redeemable. Unless our board of directors determines otherwise, we will issue all of our capital stock in uncertificated form.

Preferred Stock

Our board of directors has the authority to issue shares of preferred stock from time to time on terms it may determine, to divide shares of preferred stock into one or more series and to fix the designations, preferences, privileges, and restrictions of preferred stock, including dividend rights, conversion rights, voting rights, terms of redemption, liquidation preference, sinking fund terms, and the number of shares constituting any series or the designation of any series to the fullest extent permitted by the DGCL. The issuance of our preferred stock could have the effect of decreasing the trading price of our common stock, restricting dividends on our capital stock, diluting the voting power of our common stock, impairing the liquidation rights of our capital stock, or delaying or preventing a change in control of New CEC.

Voting Rights

Each holder of our common stock is entitled to one vote per share on each matter submitted to a vote of stockholders, unless otherwise provided by the Proposed Certificate of Incorporation. The Proposed Bylaws provide that the presence, in person or by proxy, of holders of shares representing a majority of the issued and outstanding shares of capital stock entitled to vote at a stockholders' meeting shall constitute a quorum. When a quorum is present, the affirmative vote of a majority of the votes cast is required to take action, unless otherwise specified by law, the Director Nomination Agreement, the Proposed Bylaws or the Proposed Certificate of Incorporation, and except for the election of directors, which is determined by a plurality vote. There are no cumulative voting rights.

Dividend Rights

Each holder of shares of our capital stock is entitled to receive such dividends and other distributions in cash, stock or property as may be declared by our board of directors from time to time out of our assets or funds

[Table of Contents](#)

legally available for dividends or other distributions. See “*Summary of the Proxy Statement/Prospectus—Market Price and Dividend Information—Dividend Policy*.” These rights are subject to the preferential rights of the holders of our preferred stock, if any, and any contractual limitations on our ability to declare and pay dividends.

Other Rights

Each holder of common stock is subject to, and may be adversely affected by, the rights of the holders of any series of preferred stock that we may designate and issue in the future.

Liquidation Rights

If our company is involved in a consolidation, merger, recapitalization, reorganization, voluntary or involuntary liquidation, dissolution or winding up of our affairs, or similar event, each holder of common stock will participate pro rata in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding.

Anti-takeover Effects of the Proposed Certificate of Incorporation and the Proposed Bylaws

The Proposed Certificate of Incorporation and the Proposed Bylaws contain provisions that may delay, defer or discourage another party from acquiring control of us. We expect that these provisions, which are summarized below, will discourage coercive takeover practices or inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with the board of directors, which we believe may result in an improvement of the terms of any such acquisition in favor of our stockholders. However, they also give the board of directors the power to discourage acquisitions that some stockholders may favor.

Action by Written Consent and Advance Notice Requirements for Stockholder Proposals

The Proposed Certificate of Incorporation provides that stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent in lieu of a meeting.

In addition, the Proposed Bylaws require advance notice procedures for stockholder proposals to be brought before an annual meeting of the stockholders, including the nomination of directors. Stockholders at an annual meeting may only consider the proposals specified in the notice of meeting or brought before the meeting by or at the direction of the board of directors, or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered a timely written notice in proper form to our secretary, of the stockholder’s intention to bring such business before the meeting.

These provisions could have the effect of delaying until the next stockholder meeting any stockholder actions, even if they are favored by the holders of a majority of our outstanding voting securities.

Amendment to Certificate of Incorporation and Bylaws

The DGCL provides generally that the affirmative vote of a majority of the outstanding stock entitled to vote on amendments to a corporation’s certificate of incorporation or bylaws is required to approve such amendment, unless a corporation’s certificate of incorporation or bylaws, as the case may be, requires a greater percentage. Our Bylaws may be further amended, altered, changed or repealed by a majority vote of our board of directors.

Delaware Anti-Takeover Statute

Section 203 of the DGCL provides that if a person acquires 15% or more of the voting stock of a Delaware corporation, such person becomes an “interested stockholder” and may not engage in certain “business

[Table of Contents](#)

combinations” with the corporation for a period of three years from the time such person acquired 15% or more of the corporation’s voting stock, unless: (1) the board of directors approves the acquisition of stock or the merger transaction before the time that the person becomes an interested stockholder, (2) the interested stockholder owns at least 85% of the outstanding voting stock of the corporation at the time the merger transaction commences (excluding voting stock owned by directors who are also officers and certain employee stock plans), or (3) the merger transaction is approved by the board of directors and at a meeting of stockholders, not by written consent, by the affirmative vote of 2/3 of the outstanding voting stock which is not owned by the interested stockholder. A Delaware corporation may elect in its certificate of incorporation or bylaws not to be governed by this particular Delaware law.

Under the Proposed Certificate of Incorporation, we opted out of Section 203 of the DGCL and therefore are not subject to Section 203. However, the Proposed Certificate of Incorporation contains similar provisions providing that we may not engage in certain “business combinations” with any “interested stockholder” for a three-year period following the time that the stockholder became an interested stockholder, unless:

- prior to such time, our board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding certain shares; or
- at or subsequent to that time, the business combination is approved by our board of directors and by the affirmative vote of holders of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Generally, a “business combination” includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an “interested stockholder” is a person who, together with that person’s affiliates and associates, owns, or within the previous three years owned, 15% or more of our voting stock.

Under certain circumstances, this provision will make it more difficult for a person who would be an “interested stockholder” to effect various business combinations with a corporation for a three-year period. This provision may encourage companies interested in acquiring our company to negotiate in advance with our board of directors because the stockholder approval requirement would be avoided if our board of directors approves either the business combination or the transaction which results in the stockholder becoming an interested stockholder. These provisions also may have the effect of preventing changes in our board of directors and may make it more difficult to accomplish transactions which stockholders may otherwise deem to be in their best interests.

The Proposed Certificate of Incorporation provides that Sponsor, Seller, any Affiliated Company (as defined in the Proposed Certificate of Incorporation), any of their respective direct or indirect transferees of at least 15% of our outstanding common stock and any group as to which such persons are party to, do not constitute “interested stockholders” for purposes of this provision.

Corporate Opportunity

The Proposed Certificate of Incorporation provides that we renounce any interest or expectancy in, or in being offered an opportunity to participate in, any business opportunity that may from time to time be presented to each of the stockholders and directors of New CEC or any of their respective affiliates and all of their respective partners, principals, directors, officers, members, managers, equityholders and/or employees, including any of the foregoing who serve as directors of New CEC (other than New CEC and its subsidiaries and other than directors that are employees of New CEC or any of its subsidiaries) (the “Exempted Person”) and that

may be a business opportunity for New CEC, even if the opportunity is one that we might reasonably have pursued or had the ability or desire to pursue if granted the opportunity to do so. No such person will be liable to us for breach of any fiduciary or other duty, as a director or officer or otherwise, by reason of the fact that such person, pursues or acquires any such business opportunity, directs any such business opportunity to another person or fails to present any such business opportunity, or information regarding any such business opportunity, to us unless, in the case of any such person who is our director, any such business opportunity is expressly offered to such director solely in his or her capacity as our director. Each of the Exempted Person shall not have any duty to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as us or any of our subsidiaries.

Limitations on Liability and Indemnification of Officers and Directors

The Proposed Certificate of Incorporation limits the liability of our directors to the fullest extent permitted by the DGCL, and the Proposed Bylaws provide that we will indemnify them to the fullest extent permitted by such law. We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers and other employees as determined by our board of directors. Under the terms of such indemnification agreements, we are required to indemnify each of our directors and officers, to the fullest extent permitted by the laws of the state of Delaware, if the basis of the indemnitee's involvement was by reason of the fact that the indemnitee is or was a director or officer of New CEC or any of its subsidiaries or was serving at New CEC's request in an official capacity for another entity. We must indemnify our officers and directors against all reasonable fees, expenses, charges and other costs of any type or nature whatsoever, including any and all expenses and obligations paid or incurred in connection with investigating, defending, being a witness in, participating in (including on appeal), or preparing to defend, be a witness or participate in any completed, actual, pending or threatened action, suit, claim or proceeding, whether civil, criminal, administrative or investigative, or establishing or enforcing a right to indemnification under the indemnification agreement. The indemnification agreements also require us, if so requested, to advance within 10 days of such request all reasonable fees, expenses, charges and other costs that such director or officer incurred, provided that such person will return any such advance if it is ultimately determined that such person is not entitled to indemnification by us. Any claims for indemnification by our directors and officers may reduce our available funds to satisfy successful third-party claims against us and may reduce the amount of money available to us.

Exclusive Jurisdiction of Certain Actions

The Proposed Certificate of Incorporation requires, to the fullest extent permitted by law, that derivative actions brought in the name of New CEC, actions against directors, officers and employees for breach of fiduciary duty and other similar actions may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder's counsel. Although we believe this provision benefits New CEC by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, the provision may have the effect of discouraging lawsuits against our directors and officers.

Warrants

New CEC Public Warrants

Each New CEC public warrant entitles the registered holder to purchase one share of New CEC Common Stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing 30 days after the completion of our Business Combination, provided that we have an effective registration statement under the Securities Act covering the New CEC Common Stock issuable upon exercise of the warrants and a current prospectus relating to them is available (or we permit holders to exercise their warrants on a cashless basis under the circumstances specified in the warrant agreement) and such shares are registered, qualified or

[Table of Contents](#)

exempt from registration under the securities, or blue sky, laws of the state of residence of the holder. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of shares of New CEC Common Stock. This means only a whole warrant may be exercised at a given time by a warrant holder. The warrants will expire five years after the completion of our initial business combination, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

We will not be obligated to deliver any shares of New CEC Common Stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act with respect to the shares of New CEC Common Stock underlying the warrants is then effective and a prospectus relating thereto is current, subject to our satisfying our obligations described below with respect to registration. No warrant will be exercisable and we will not be obligated to issue a share of New CEC Common Stock upon exercise of a warrant unless the New CEC Common Stock issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In no event will we be required to net cash settle any warrant.

We have agreed that as soon as practicable, but in no event later than twenty business days after the closing of the Business Combination, we will use our commercially reasonable efforts to file with the SEC a registration statement for the registration, under the Securities Act, of the New CEC Common Stock issuable upon exercise of the warrants. We will use our commercially reasonable efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the warrants in accordance with the provisions of the warrant agreement. If a registration statement covering the New CEC Common Stock issuable upon exercise of the warrants is not effective by the sixtieth day after the closing of the Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when we will have failed to maintain an effective registration statement, exercise warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act or another exemption.

Once the warrants become exercisable, we may call the warrants for redemption:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days’ prior written notice of redemption (the “30-day redemption period”) to each warrant holder; and
- if, and only if, the reported closing price of the New CEC Common Stock equals or exceeds \$18.00 per share (as adjusted for share splits, share capitalizations, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending three business days before we send to the notice of redemption to the warrant holders.

If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

We have established the last of the redemption criterion discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and we issue a notice of redemption of the warrants, each warrant holder will be entitled to exercise his, her or its warrant prior to the scheduled redemption date. However, the price of the New CEC Common Stock may fall below the \$18.00 redemption trigger price (as adjusted for share splits, share capitalizations, reorganizations, recapitalizations and the like) as well as the \$11.50 warrant exercise price after the redemption notice is issued.

[Table of Contents](#)

If we call the warrants for redemption as described above, our management will have the option to require any holder that wishes to exercise his, her or its warrant to do so on a “cashless basis.” In determining whether to require all holders to exercise their warrants on a “cashless basis,” our management will consider, among other factors, our cash position, the number of warrants that are outstanding and the dilutive effect on our stockholders of issuing the maximum number of shares of New CEC Common Stock issuable upon the exercise of our warrants. If our management takes advantage of this option, all holders of warrants would pay the exercise price by surrendering their warrants for that number of shares of New CEC Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of New CEC Common Stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” will mean the average reported closing price of the New CEC Common Stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants. If our management takes advantage of this option, the notice of redemption will contain the information necessary to calculate the number of shares of New CEC Common Stock to be received upon exercise of the warrants, including the “fair market value” in such case. Requiring a cashless exercise in this manner will reduce the number of shares to be issued and thereby lessen the dilutive effect of a warrant redemption. We believe this feature is an attractive option to us if we do not need the cash from the exercise of the warrants after the Business Combination. If we call our warrants for redemption and our management does not take advantage of this option, the holders of the private placement warrants and their permitted transferees would still be entitled to exercise their private placement warrants for cash or on a cashless basis using the same formula described above that other warrant holders would have been required to use had all warrant holders been required to exercise their warrants on a cashless basis, as described in more detail below.

A holder of a warrant may notify us in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person’s affiliates), to the warrant agent’s actual knowledge, would beneficially own in excess of 4.9% or 9.8% (as specified by the holder) of the shares of New CEC Common Stock issued and outstanding immediately after giving effect to such exercise.

If the number of shares of outstanding New CEC Common Stock is increased by a share dividend payable in New CEC Common Stock, or by a split-up of common stock or other similar event, then, on the effective date of such share dividend, split-up or similar event, the number of shares of New CEC Common Stock issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding shares of New CEC Common Stock. A rights offering to holders of New CEC Common Stock entitling holders to purchase New CEC Common Stock at a price less than the fair market value will be deemed a stock dividend of a number of shares of New CEC Common Stock equal to the product of (i) the number of shares of New CEC Common Stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for New CEC Common Stock) and (ii) the quotient of (x) the price per share of New CEC Common Stock paid in such rights offering and (y) the fair market value. For these purposes, (i) if the rights offering is for securities convertible into or exercisable for New CEC Common Stock, in determining the price payable for New CEC Common Stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (ii) fair market value means the volume weighted average price of New CEC Common Stock as reported during the ten (10) trading day period ending on the trading day prior to the first date on which the New CEC Common Stock trades on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to the holders of New CEC Common Stock on account of such New CEC Common Stock (or other securities into which the warrants are convertible), other than (a) as described above, (b) certain ordinary cash dividends or (c) to satisfy the redemption rights of the holders of Class A

[Table of Contents](#)

ordinary shares in connection with the Business Combination, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of New CEC Common Stock in respect of such event.

If the number of outstanding shares of New CEC Common Stock is decreased by a consolidation, combination, reverse stock split or reclassification of New CEC Common Stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of New CEC Common Stock issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding New CEC Common Stock.

Whenever the number of shares of New CEC Common Stock purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of New CEC Common Stock purchasable upon the exercise of the warrants immediately prior to such adjustment and (y) the denominator of which will be the number of Class A ordinary shares so purchasable immediately thereafter.

In case of any reclassification or reorganization of the outstanding New CEC Common Stock (other than those described above or that solely affects the par value of the New CEC Common Stock), or in the case of any merger or consolidation of us with or into another corporation (other than a consolidation or merger in which we are the continuing corporation and that does not result in any reclassification or reorganization of our outstanding New CEC Common Stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of us as an entirety or substantially as an entirety in connection with which we are dissolved, the holders of the warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the warrants and in lieu of the shares of New CEC Common Stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of New CEC Common Stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the warrants would have received if such holder had exercised their warrants immediately prior to such event. If less than 70% of the consideration receivable by the holders of New CEC Common Stock in such a transaction is payable in the form of common stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the registered holder of the warrant properly exercises the warrant within thirty days following public disclosure of such transaction, the warrant exercise price will be reduced as specified in the warrant agreement based on the Black-Scholes value (as defined in the warrant agreement) of the warrant. The purpose of such exercise price reduction is to provide additional value to holders of the warrants when an extraordinary transaction occurs during the exercise period of the warrants pursuant to which the holders of the warrants otherwise do not receive the full potential value of the warrants.

The warrants were issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then outstanding New CEC public warrants to make any change that adversely affects the interests of the registered holders. You should review a copy of the warrant agreement, which will be filed as an exhibit to the registration statement of which this prospectus is a part, for a complete description of the terms and conditions applicable to the warrants.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price (or on a cashless basis, if applicable), by certified or official bank check payable to us, for the number of warrants being exercised. The

[Table of Contents](#)

warrant holders do not have the rights or privileges of holders of New CEC Common Stock and any voting rights until they exercise their warrants and receive New CEC Common Stock. After the issuance of shares of New CEC Common Stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

No fractional shares will be issued upon exercise of the warrants. If, upon exercise of the warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round down to the nearest whole number the number of shares of New CEC Common Stock to be issued to the warrant holder.

Private Placement Warrants

The private placement warrants (including the shares of New CEC Common Stock issuable upon exercise of the private placement warrants) will not be transferable, assignable or salable until 30 days after the completion of the Business Combination, except pursuant to limited exceptions, and they will not be redeemable by us so long as they are held by the Sponsor or its permitted transferees. The Sponsor, or its permitted transferees, has the option to exercise the private placement warrants on a cashless basis. Except as described below, the private placement warrants have terms and provisions that are identical to those of the New CEC public warrants. If the private placement warrants are held by holders other than the Sponsor or its permitted transferees, the private placement warrants will be redeemable by us and exercisable by the holders on the same basis as the New CEC public warrants.

If holders of the private placement warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering his, her or its warrants for that number of shares of New CEC Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of New CEC Common Stock underlying the warrants, multiplied by the difference between the exercise price of the warrants and the “fair market value” (defined below) by (y) the fair market value. The “fair market value” will mean the average reported closing price of the New CEC Common Stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent. We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if he or she is in possession of material non-public information. Accordingly, unlike public stockholders who could exercise their warrants and sell the New CEC Common Stock received upon such exercise freely in the open market in order to recoup the cost of such exercise, the insiders could be significantly restricted from selling such securities. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.

In order to finance transaction costs in connection with an intended initial business combination, our sponsor or an affiliate of our sponsor or certain of our officers and directors may, but are not obligated to, loan us funds as may be required. Up to \$1,500,000 of such loans may be convertible into warrants of the post business combination entity at a price of \$1.50 per warrant at the option of the lender. Such warrants would be identical to the private placement warrants.

Transfer Agent and Warrant Agent

The transfer agent for New CEC Common Stock and warrant agent for the New CEC public warrants and private placement warrants will be Continental Stock Transfer & Trust Company.

SECURITIES ACT RESTRICTIONS ON RESALE OF NEW CEC COMMON STOCK

Pursuant to Rule 144 under the Securities Act (“Rule 144”), a person who has beneficially owned restricted New CEC Common Stock or New CEC warrants for at least six months would be entitled to sell their securities provided that (i) such person is not deemed to have been an affiliate of New CEC at the time of, or at any time during the three months preceding, a sale and (ii) New CEC is subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the twelve months (or such shorter period as New CEC was required to file reports) preceding the sale.

Persons who have beneficially owned restricted New CEC Common Stock shares or New CEC warrants for at least six months but who are affiliates of New CEC at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

- 1% of the total number of New CEC Common Stock then outstanding; or
- the average weekly reported trading volume of the New CEC Common Stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by affiliates of New CEC under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about New CEC.

Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Rule 144 is not available for the resale of securities initially issued by shell companies (other than business combination related shell companies) or issuers that have been at any time previously a shell company. However, Rule 144 also includes an important exception to this prohibition if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding twelve months (or such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

As a result, our initial shareholders will be able to sell their Class B ordinary shares and private placement warrants, as applicable, pursuant to Rule 144 without registration one year after we have completed our initial business combination.

We anticipate that following the consummation of the Business Combination, New CEC will no longer be a shell company, and so, once the conditions set forth in the exceptions listed above are satisfied, Rule 144 will become available for the resale of the above noted restricted securities.

See “*BCA Proposal—Related Agreements—Amended and Restated Registration Rights Agreement*” above.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of
Leo Holdings Corp.

Opinion on the Financial Statements

We have audited the accompanying balance sheets of Leo Holdings Corp. (the “Company”) as of December 31, 2018 and 2017, the related statements of operations, changes in shareholders’ equity and cash flows, for the year ended December 31, 2018 and for the period November 29, 2017 (date of inception) to December 31, 2017, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018 and 2017, and the results of its operations and its cash flows for the year ended December 31, 2018 and for the period November 29, 2017 (date of inception) to December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements if the Company is unable to complete a business combination by February 15, 2020, the Company will cease all operations except for the purpose of liquidating. This mandatory liquidation and subsequent dissolution raises substantial doubt about the Company’s ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the U.S. Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

/s/ WithumSmith+Brown, PC

We have served as the Company’s auditor since 2017.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Organization and Business Operations

Leo Holdings Corp. (the “Company”) is a blank check company incorporated in the Cayman Islands on November 29, 2017. The Company was formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses (the “Business Combination”). Although the Company is not limited to a particular industry or sector for purposes of consummating a Business Combination, the Company focuses its search on companies in the consumer sector. The Company is an emerging growth company and, as such, the Company is subject to all of the risks associated with emerging growth companies.

As of December 31, 2018, the Company had not commenced any operations. All activity for the period from November 29, 2017 (inception) to December 31, 2018 relates to the Company’s formation, the Initial Public Offering (as defined below), and since the closing of the offering, the search for a prospective initial Business Combination. The Company will not generate any operating revenues until after the completion of its initial Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income from the proceeds derived from the Initial Public Offering.

The Company’s sponsor is Leo Investors Limited Partnership, a Cayman Island exempted limited partnership (the “Sponsor”). The registration statement for the Company’s Initial Public Offering was declared effective on February 12, 2018. On February 15, 2018, the Company consummated its initial public offering (the “Initial Public Offering”) of 20,000,000 units (each, a “Unit” and collectively, the “Units”) sold to the public at a price of \$10.00 per Unit, generating gross proceeds of \$200.0 million, and incurring offering costs of approximately \$11.9 million, inclusive of \$7.0 million in deferred underwriting commissions (Note 5). The underwriter was granted a 45-day option from the date of the final prospectus relating to the Initial Public Offering to purchase up to 3,000,000 additional Units to cover over-allotments, if any, at \$10.00 per Unit. The over-allotment option was not exercised prior to its expiration.

Simultaneously with the closing of the Initial Public Offering, the Company consummated the private placement (the “Private Placement”) of 4,000,000 warrants (each, a “Private Placement Warrant” and collectively, the “Private Placement Warrants”) at a price of \$1.50 per Private Placement Warrant to the Sponsor, and generating gross proceeds of \$6 million (Note 4).

Upon the closing of the Initial Public Offering and Private Placement, \$200.0 million (\$10.00 per Unit) of the net proceeds of the sale of the Units in the Initial Public Offering and certain of the proceeds of the Private Placement were placed in a trust account (the “Trust Account”), located in the United States at J.P. Morgan Chase Bank, N.A., with Continental Stock Transfer & Trust Company acting as trustee, and invested only in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act of 1940, as amended (the “Investment Company Act”), with a maturity of 180 days or less or in any open-ended investment company that holds itself out as a money market fund selected by the Company meeting the conditions of paragraphs (d)(2), (d)(3) and (d)(4) of Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of: (i) the completion of a Business Combination and (ii) the distribution of the Trust Account as described below.

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the Initial Public Offering and the sale of Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. There is no assurance that the Company will be able to complete a Business Combination successfully. The Company must complete one or more initial Business Combinations having an aggregate fair market value of at least 80% of the assets held in the Trust Account (excluding the deferred underwriting commissions and taxes payable on income earned on the Trust Account) at the time of the agreement to enter into the initial Business Combination. However, the Company will only complete a Business Combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling

interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act.

The Company will provide holders of its outstanding Class A ordinary shares, par value \$0.0001 (“Class A ordinary shares”), sold in the Initial Public Offering (the “public shareholders”) with the opportunity to redeem all or a portion of their Public Shares (as defined below in Note 3) upon the completion of a Business Combination either (i) in connection with a shareholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek shareholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The public shareholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (initially at \$10.00 per Public Share). The per-share amount to be distributed to public shareholders who redeem their Public Shares will not be reduced by the deferred underwriting commissions the Company will pay to the underwriter (as discussed in Note 5). These Public Shares will be recorded at a redemption value and classified as temporary equity upon the completion of the Initial Public Offering in accordance with the Financial Accounting Standards Board’s (“FASB”) Accounting Standards Codification (“ASC”) Topic 480 “*Distinguishing Liabilities from Equity*.” In such case, the Company will proceed with a Business Combination if the Company has net tangible assets of at least \$5,000,001 upon consummation of such Business Combination and a majority of the shares voted are voted in favor of the Business Combination. If a shareholder vote is not required by law and the Company does not decide to hold a shareholder vote for business or other legal reasons, the Company will, pursuant to its amended and restated memorandum and articles of association, conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (the “SEC”) and file tender offer documents with the SEC prior to completing a Business Combination. If, however, shareholder approval of a Business Combination is required by law, or the Company decides to obtain shareholder approval for business or legal reasons, the Company will offer to redeem Public Shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Additionally, each public shareholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction. If the Company seeks shareholder approval in connection with a Business Combination, the Sponsor and the Company’s officers and directors agreed to vote their Founder Shares (as defined below in Note 4) and any Public Shares purchased during or after the Initial Public Offering in favor of a Business Combination. In addition, the Sponsor and the Company’s officers and directors agreed to waive their redemption rights with respect to their Founder Shares and Public Shares in connection with the completion of a Business Combination.

Notwithstanding the foregoing, the Company’s amended and restated memorandum and articles of association provide that a public shareholder, together with any affiliate of such shareholder or any other person with whom such shareholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), will be restricted from redeeming its shares with respect to more than an aggregate of 15% or more of the Class A ordinary shares sold in the Initial Public Offering, without the prior consent of the Company.

The Sponsor and the Company’s directors and executive officers agreed not to propose an amendment to the Company’s amended and restated memorandum and articles of association that would affect the substance or timing of the Company’s obligation to redeem 100% of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the public shareholders with the opportunity to redeem their Class A ordinary shares in conjunction with any such amendment.

If the Company is unable to complete a Business Combination within 24 months from the closing of the Initial Public Offering, or February 15, 2020 (the “Combination Period”), the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its income taxes (less up to \$100,000 of interest to pay dissolution expenses),

Table of Contents

divided by the number of then outstanding Public Shares, which redemption will completely extinguish public shareholders' rights as shareholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining shareholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Cayman Islands law to provide for claims of creditors and the requirements of other applicable law.

The Sponsor and the Company's officers and directors agreed to waive their liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Sponsor or the Company's officers and directors acquire Public Shares in or after the Initial Public Offering, they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriter of the Initial Public Offering agreed to waive its rights to its deferred underwriting commission (see Note 5) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, the deferred underwriting commission will be included with the other funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be only \$10.00 per share initially held in the Trust Account. In order to protect the amounts held in the Trust Account, the Sponsor agreed to be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the Trust Account or to any claims under the Company's indemnity of the underwriter of the Initial Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act"). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers, prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Going Concern Consideration

As of December 31, 2018, the Company had approximately \$550,000 in its operating bank account, approximately \$3.1 million of interest income available in the Trust Account to pay for taxes, and working capital of approximately \$585,000.

In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors may, but are not obligated to, loan the Company funds as may be required (the "Working Capital Loans") of up to \$1.5 million (Note 4).

In connection with the Company's assessment of going concern considerations in accordance with FASB Accounting Standards Update ("ASU") 2014-15, "*Disclosures of Uncertainties about an Entity's Ability to Continue as a Going Concern*," management has determined that the mandatory liquidation and subsequent dissolution raises substantial doubt about the Company's ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after February 15, 2020.

Note 2—Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented in U.S. dollars in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) and pursuant to the rules and regulations of the SEC.

Emerging Growth Company

Section 102(b)(1) of the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”) exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

This may make comparison of the Company’s financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Net Income Per Ordinary Share

The Company complies with accounting and disclosure requirements of FASB ASC Topic 260, “*Earnings Per Share*.” Net income per ordinary share is computed by dividing net income applicable to ordinary shareholders by the weighted average number of ordinary shares outstanding for the period. The Company has not considered the effect of the warrants sold in the Initial Public Offering and Private Placement to purchase an aggregate of 14,000,000 Class A ordinary shares in the calculation of diluted earnings per share, since their inclusion would be anti-dilutive under the treasury stock method. As a result, diluted earnings per ordinary share is the same as basic earnings per ordinary share for the periods presented.

The Company’s statements of operations (the “Statements of Operations”) include a presentation of income per share for ordinary shares subject to redemption in a manner similar to the two-class method of income per share. Net income per ordinary share, basic and diluted for Class A ordinary shares is calculated by dividing the interest income earned on the Trust Account, by the weighted average number of Class A ordinary shares outstanding for the period. Net loss per ordinary share, basic and diluted for Class B ordinary shares is calculated by dividing the net income, less income attributable to Class A ordinary shares and any working capital loans, by the weighted average number of Class B ordinary shares outstanding for the periods presented.

Reconciliation of Net Income (Loss) per Ordinary Share

The Company's net income (loss) is adjusted for the portion of income that is attributable to Class A ordinary shares subject to redemption, as these shares only participate in the earnings of the Trust Account (less applicable taxes) and not the income or losses of the Company. Accordingly, basic and diluted loss per Class A ordinary shares is calculated as follows:

	For the Year Ended December 31, 2018	For the period from November 29, 2017 (inception) through December 31, 2017
Interest income	\$ 3,081,753	\$ —
Expenses available to be paid with interest income from Trust	—	—
Net income available to holders of Class A ordinary shares	3,081,753	—
Net income (loss)	\$ 2,595,287	\$ (8,819)
Less: Income attributable to Class A ordinary shares	(3,081,753)	—
Net income (loss) attributable to holders of Class B ordinary shares	\$ (486,466)	\$ (8,819)
Basic and diluted weighted average shares outstanding of Class A ordinary shares	20,000,000	—
Basic and diluted net income per share, Class A	\$ 0.15	\$ —
Basic and diluted weighted average shares outstanding of Class B ordinary shares	5,000,000	5,000,000
Basic and diluted net loss per share, Class B	\$ (0.10)	\$ —

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the Federal Depository Insurance Coverage of \$250,000. At December 31, 2018, the Company has not experienced losses on these accounts and management believes the Company is not exposed to significant risks on such accounts.

Financial Instruments

The fair value of the Company's assets and liabilities, which qualify as financial instruments under the FASB ASC Topic 820, "Fair Value Measurements and Disclosures," approximates the carrying amounts represented in the Balance Sheets.

Fair Value Measurements

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to

[Table of Contents](#)

unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers include:

- Level 1, defined as observable inputs such as quoted prices for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

ASC Topic 820, *Fair Value Measurement and Disclosures*, requires all entities to disclose the fair value of financial instruments, both assets and liabilities for which it is practicable to estimate fair value, and defines fair value of a financial instrument as the amount at which the instrument could be exchanged in a current transaction between willing parties. As of December 31, 2018 and 2017, the recorded values of cash, prepaid expenses, accounts payable, and accrued expenses approximate the fair values due to the short-term nature of the instruments.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of expenses during the reporting period. Actual results could differ from those estimates.

Offering Costs

Offering costs consist of legal, accounting, underwriting fees and other costs that were directly related to the Initial Public Offering totaled approximately \$11.9 million, inclusive of \$7.0 million in deferred underwriting commissions, and were charged to shareholders' equity upon the completion of the Initial Public Offering.

Class A Ordinary Shares Subject to Possible Redemption

The Company accounts for its Class A ordinary shares subject to possible redemption in accordance with the guidance in FASB ASC Topic 480 "*Distinguishing Liabilities from Equity*." Class A ordinary shares subject to mandatory redemption (if any) are classified as liability instruments and are measured at fair value. Conditionally redeemable Class A ordinary shares (including Class A ordinary shares that feature redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company's control) are classified as temporary equity. At all other times, Class A ordinary shares are classified as shareholders' equity. The Company's Class A ordinary shares feature certain redemption rights that are considered to be outside of the Company's control and subject to the occurrence of uncertain future events. Accordingly, at December 31, 2018, 19,166,628 Class A ordinary shares subject to possible redemption at the redemption amount are presented as temporary equity, outside of the shareholders' equity section of the Company's Balance Sheets.

Income Taxes

The Company follows the asset and liability method of accounting for income taxes under FASB ASC Topic 740, "*Income Taxes*." Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates

expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

FASB ASC Topic 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company's management determined that the Cayman Islands is the Company's only major tax jurisdiction; therefore no income tax has been recorded. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of December 31, 2018 and 2017. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its current tax position.

The Company may be subject to potential examination by U.S. federal, U.S. state or foreign taxing authorities in the area of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with U.S. federal, U.S. state and foreign tax laws. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

Recent Accounting Pronouncements

In August 2018, the SEC adopted the final rule under SEC Release No. 33-10532, "Disclosure Update and Simplification," amending certain disclosure requirements that were redundant, duplicative, overlapping, outdated or superseded. In addition, the amendments expanded the disclosure requirements on the analysis of shareholders' equity for interim financial statements. Under the amendments, an analysis of changes in each caption of shareholders' equity presented in the balance sheet must be provided in a note or separate statement. The analysis should present a reconciliation of the beginning balance to the ending balance of each period for which a statement of income is required to be filed. The Company anticipates its first presentation of the revised presentation of changes in shareholders' equity, under the new guidance, will be included in its Form 10-Q for the quarter ended March 31, 2019.

The Company's management does not believe that there are any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company's financial statements.

Note 3—Initial Public Offering

On February 15, 2018, the Company sold 20,000,000 Units at a price of \$10.00 per Unit in the Initial Public Offering. Each Unit consists of one Class A ordinary share (such Class A ordinary shares included in the Units being offered, the "Public Shares"), and one-half of one redeemable warrant (each, a "Public Warrant"). Each whole Public Warrant entitles the holder to purchase one Class A ordinary share at a price of \$11.50 per share, subject to adjustment (see Note 6).

Note 4—Related Party Transactions

Founder Shares

On December 8, 2017, the Sponsor purchased 8,625,000 shares (the "Founder Shares") of the Company's Class B ordinary shares, par value \$0.0001 (the "Class B ordinary shares"), for an aggregate price of \$25,000. In February 2018, the Sponsor effected a surrender of 2,875,000 Founder Shares to the Company for no

[Table of Contents](#)

consideration, resulting in a decrease in the total number of Founder Shares from 8,625,000 to 5,750,000. The Founder Shares will automatically convert into Class A ordinary shares at the time of the Company's initial Business Combination and are subject to certain transfer restrictions, as described in Note 6. The Sponsor had agreed to forfeit up to 750,000 Founder Shares to the extent that the over-allotment option was not exercised in full by the underwriter. On March 29, 2018, the over-allotment option expired and an aggregate of 750,000 shares were subsequently forfeited by the Sponsor.

The Sponsor and the Company's officers and directors have agreed, subject to limited exceptions, not to transfer, assign or sell any of their Founder Shares until the earlier to occur of: (A) one year after the completion of the initial Business Combination or (B) subsequent to the initial Business Combination, (x) if the last sale price of the Class A ordinary shares equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the initial Business Combination, or (y) the date on which the Company completes a liquidation, merger, capital stock exchange or other similar transaction that results in all of the Company's shareholders having the right to exchange their ordinary shares for cash, securities or other property.

Private Placement Warrants

Concurrently with the closing of the Initial Public Offering, the Sponsor purchased 4,000,000 Private Placement Warrants at \$1.50 per Private Placement Warrant, and generating gross proceeds of \$6.0 million in the Private Placement.

Each Private Placement Warrant is exercisable for one Class A ordinary share at a price of \$11.50 per share. A portion of the proceeds from the sale of the Private Placement Warrants were added to the proceeds from the Initial Public Offering and deposited in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the Private Placement Warrants will expire worthless. The Private Placement Warrants will be non-redeemable and exercisable on a cashless basis so long as they are held by the Sponsor or its permitted transferees.

The Sponsor and the Company's officers and directors agreed, subject to limited exceptions, not to transfer, assign or sell any of their Private Placement Warrants until 30 days after the completion of the initial Business Combination.

Related Party Loans

The Sponsor and its affiliate had loaned the Company an aggregate of \$300,000 to cover expenses related to the Initial Public Offering pursuant to a promissory note. This loan was non-interest bearing and became payable upon the completion of the Initial Public Offering. The Company repaid \$300,000 on February 15, 2018. In addition, the Sponsor and its affiliate loaned the Company another \$25,000 for working capital. The Company fully repaid this amount on February 20, 2018.

In addition, in order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company's officers and directors may, but are not obligated to, lend the Company Working Capital Loans. If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of the proceeds held outside the Trust Account to repay the Working Capital Loans but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. The Working Capital Loans would either be repaid upon consummation of a Business Combination, without interest, or, at the lender's discretion, up to \$1.5 million of such Working Capital Loans may be convertible into warrants of the post Business

[Table of Contents](#)

Combination entity at a price of \$1.50 per warrant. The warrants would be identical to the Private Placement Warrants. As of December 31, 2018 and 2017, no Working Capital Loans were outstanding.

Administrative Support Agreement

The Company has agreed, commencing on the effective date of the Initial Public Offering through the earlier of the Company's consummation of a Business Combination and its liquidation, to pay the Sponsor a total of \$10,000 per month for office space, utilities and secretarial and administrative support. As of December 31, 2018, an aggregate of \$105,000 in connection with such services was accrued on the accompanying Balance Sheets. During the year ended December 31, 2018, an aggregate of \$105,000 in connection with such services was recorded in general and administrative expenses in the accompanying Statements of Operations. As of December 31, 2018, the full amount of \$105,000 was accrued on the accompanying Balance Sheet.

Note 5—Commitments & Contingencies

Registration Rights

The holders of Founder Shares, Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans, if any, will be entitled to registration rights (in the case of the Founder Shares, only after conversion of such shares to Class A ordinary shares) pursuant to a registration and shareholder rights agreement.

These holders will be entitled to certain demand and "piggyback" registration rights. However, the registration and shareholder rights agreement provides that the Company will not permit any registration statement filed under the Securities Act to become effective until the termination of the applicable lock-up period for the securities to be registered. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The Company granted the underwriter a 45-day option from the date of the final prospectus relating to the Initial Public Offering to purchase up to 3,000,000 additional Units to cover over-allotments, if any, at \$10.00 per Unit, less underwriting discounts and commissions. This option expired on March 29, 2018 without being exercised.

The underwriter was entitled to underwriting discounts of \$0.20 per Unit, or \$4.0 million in the aggregate, paid upon the closing of the Initial Public Offering. In addition, \$0.35 per Unit, or \$7.0 million in the aggregate, will be payable to the underwriter for deferred underwriting commissions. The deferred underwriting commissions will become payable to the underwriter from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

Note 6—Shareholders' Equity

Ordinary Shares

Class A Ordinary Shares—The Company is authorized to issue 200,000,000 Class A ordinary shares with a par value of \$0.0001 per share. As of December 31, 2018, there were 20,000,000 Class A ordinary shares issued or outstanding, including 19,166,628 Class A ordinary shares subject to possible redemption. As of December 31, 2017, there were no Class A ordinary shares issued or outstanding.

Class B Ordinary Shares—The Company is authorized to issue 20,000,000 Class B ordinary shares with a par value of \$0.0001 per share. Holders of Class B ordinary shares are entitled to one vote for each share. In December 2017, the Company initially issued 8,625,000 Class B ordinary shares to the Sponsor. In February 2018, in connection with the decrease of the size of the Initial Public Offering, the Sponsor effected a surrender of 2,875,000 Class B ordinary shares to the Company for no consideration, resulting in a decrease in the total

[Table of Contents](#)

number of Class B ordinary shares from 8,625,000 to 5,750,000. Of the 5,750,000 Class B ordinary shares outstanding, up to 750,000 shares were subject to forfeiture to the Company by the Sponsor for no consideration to the extent that the underwriter's over-allotment option was not exercised in full or in part, so that the Founder Shares would represent 20% of the Company's issued and outstanding ordinary shares after the Initial Public Offering. On March 29, 2018, the over-allotment option expired and an aggregate of 750,000 shares were subsequently forfeited by the Sponsor. As of December 31, 2018 and 2017, there were 5,000,000 and 5,750,000 Class B ordinary shares issued or outstanding, respectively.

Holders of Class A ordinary shares and Class B ordinary shares vote together as a single class on all matters submitted to a vote of shareholders except as required by law.

The Class B ordinary shares will automatically convert into Class A ordinary shares at the time of the initial Business Combination at a ratio such that the number of Class A ordinary shares issuable upon conversion of all Class B ordinary shares will equal, in the aggregate, on an as-converted basis, 20% of the sum of (i) the total number of Class A ordinary shares issued and outstanding upon completion of the Initial Public Offering, plus (ii) the sum of (a) the total number of Class A ordinary shares issued or deemed issued or issuable upon conversion or exercise of any equity-linked securities or rights issued or deemed issued, by the Company in connection with or in relation to the consummation of the initial Business Combination, excluding any Class A ordinary shares or equity-linked securities exercisable for or convertible into Class A ordinary shares issued, or to be issued, to any seller in the initial Business Combination and any warrants issued to the Sponsor upon conversion of Working Capital Loans, minus (b) the number of Public Shares redeemed by public shareholders in connection with the initial Business Combination.

Preference Shares—The Company is authorized to issue 1,000,000 preference shares with such designations, voting and other rights and preferences as may be determined from time to time by the Company's board of directors. As of December 31, 2018 and 2017, there were no preference shares issued or outstanding.

Warrants—The Public Warrants will become exercisable on the later of (a) 30 days after the completion of a Business Combination or (b) 12 months from the closing of the Initial Public Offering; provided in each case that the Company has an effective registration statement under the Securities Act covering the Class A ordinary shares issuable upon exercise of the Public Warrants and a current prospectus relating to them is available (or the Company permits holders to exercise their Public Warrants on a cashless basis and such cashless exercise is exempt from registration under the Securities Act). The Company agreed that as soon as practicable, but in no event later than 20 business days, after the closing of a Business Combination, the Company will use its best efforts to file with the SEC a registration statement for the registration, under the Securities Act, of the Class A ordinary shares issuable upon exercise of the Public Warrants. The Company will use its best efforts to cause the same to become effective and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the Public Warrants in accordance with the provisions of the warrant agreement. If a registration statement covering the Class A ordinary shares issuable upon exercise of the Public Warrants is not effective by the sixtieth day after the closing of the initial Business Combination, warrant holders may, until such time as there is an effective registration statement and during any period when the Company will have failed to maintain an effective registration statement, exercise warrants on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act or another exemption. The Public Warrants will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation and may only be exercised for a whole number of shares.

The Private Placement Warrants are identical to the Public Warrants included in the Units sold in the Initial Public Offering, except that the Private Placement Warrants and the Class A ordinary shares issuable upon exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants will be non-redeemable so long as they are held by the Sponsor or its permitted transferees. If the Private Placement Warrants are held by someone other than the Sponsor or its permitted transferees, the Private

[Table of Contents](#)

Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

The Company may call the Public Warrants for redemption:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days' prior written notice of redemption; and
- if, and only if, the last reported closing price of the ordinary shares equals or exceeds \$18.00 per share for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders.

If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a "cashless basis," as described in the warrant agreement.

The exercise price and number of Class A ordinary shares issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a share dividend, or recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuances of Class A ordinary shares at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrant shares. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company's assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of Queso Holdings Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Queso Holdings Inc. and its subsidiaries (the “Company”) as of December 30, 2018 and December 31, 2017, the related consolidated statements of earnings, comprehensive income (loss), changes in stockholders’ equity, and cash flows, for each of the three years in the period ended December 30, 2018, and the related notes and the financial statement schedule included within Schedule 1 (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 30, 2018 and December 31, 2017, and the results of its operations and its cash flows for each of the three years in the period ended December 30, 2018, in conformity with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, the Company has changed its method of accounting for revenue in 2018 due to the adoption of Accounting Standards Codification No. 606, *Revenue from Contracts with Customers*.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB and in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1. Description of Business and Summary of Significant Accounting Policies:

Description of Business: Queso Holdings Inc. and its subsidiaries (the “Company”) operate and franchise Chuck E. Cheese’s and Peter Piper Pizza family dining and entertainment centers (also referred to as “venues”) in a total of 47 states and 14 foreign countries and territories. As of December 30, 2018 we and our franchisees operated a total of 750 venues, of which 554 were Company-operated venues located in 44 states and Canada. Our franchisees operated a total of 196 venues located in 15 states and 13 foreign countries and territories, including Chile, Colombia, Guam, Guatemala, Honduras, Mexico, Panama, Peru, Puerto Rico, Saudi Arabia, Trinidad & Tobago, and the United Arab Emirates. As of December 30, 2018, a total of 181 Chuck E. Cheese’s venues are located in California, Texas, and Florida (178 are Company-operated and three are franchised locations), and a total of 135 Peter Piper Pizza venues are located in Arizona, Texas, and Mexico (34 are Company-operated and 101 are franchised locations). The use of the terms “CEC,” “we,” “us” and “our” throughout these Notes to Consolidated Financial Statements refer to Queso and its subsidiaries.

All of our venues utilize a consistent restaurant-entertainment format that features both family dining and entertainment areas with the same general mix of food, beverages, entertainment and merchandise. The economic characteristics, products and services, preparation processes, distribution methods and types of customers are substantially similar for each of our venues. Therefore, we aggregate each venue’s operating performance into one reportable segment for financial reporting purposes.

2014 Merger and Related Transactions: On January 15, 2014, Queso Holdings Inc., a Delaware corporation (“Queso”), and Q Merger Sub Inc., a Kansas corporation (“Merger Sub”) entered into an agreement and plan of merger (the “2014 Merger Agreement”) with CEC Entertainment, Inc. (“CEC”). Queso and Merger Sub were controlled by Apollo Global Management, LLC (“Apollo”) and its subsidiaries. Pursuant to the 2014 Merger Agreement, on January 16, 2014, Merger Sub commenced a tender offer to purchase all of the issued and outstanding shares of CEC’s common stock. Following the successful completion of the tender offer, on February 14, 2014, Merger Sub merged with and into CEC, with CEC surviving the merger (the “2014 Merger”) and becoming a wholly owned subsidiary of Queso. The 2014 Merger and the related tender offer are referred together as the “2014 Acquisition.”

Basis of Presentation: All intercompany accounts and transactions have been eliminated in consolidation.

We reclassified \$6.3 million of Depreciation and amortization in our Consolidated Statements of Earnings for the fiscal year ended January 1, 2017 from “General and administrative expenses” to “Depreciation and amortization”, and we reclassified “Depreciation and Amortization” of \$113.3 million for the fiscal year ended January 1, 2017 in our Consolidated Statements of Earnings from “Company venue operating costs” to “Other costs and expenses” to conform to the current period’s presentation.

The Company has a controlling financial interest in International Association of CEC Entertainment, Inc. (the “Association”), a VIE. The Association primarily administers the collection and disbursement of funds (the “Association Funds”) used for advertising, entertainment and media programs that benefit both us and our Chuck E. Cheese’s franchisees. We and our franchisees are required to contribute a percentage of gross sales to these funds and could be required to make additional contributions to fund any deficits that may be incurred by the Association. We include the Association in our Consolidated Financial Statements, as we concluded that we are the primary beneficiary of its variable interests because we (a) have the power to direct the majority of its significant operating activities; (b) provide it unsecured lines of credit; and (c) own the majority of the venues that benefit from the Association’s advertising, entertainment and media expenditures. We eliminate the intercompany portion of transactions with VIE’s from our financial results. The assets, liabilities and operating results of the Association are not material to our Consolidated Financial Statements.

The Association Funds are required to be segregated and used for specified purposes. Cash balances held by the Association are restricted for use in our advertising, entertainment and media programs, and are recorded as

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

“Restricted cash” on our Consolidated Balance Sheets. Contributions to the advertising, entertainment and media funds from our franchisees were \$2.2 million and \$2.1 million for the year ended December 30, 2018 and December 31, 2017, respectively.

Fiscal Year: We operate on a 52 or 53 week fiscal year that ends on the Sunday nearest to December 31. Each quarterly period has 13 weeks, except for a 53 week year when the fourth quarter has 14 weeks. The fiscal years ended December 30, 2018, December 31, 2017 and January 1, 2017 each consisted of 52 weeks.

Use of Estimates and Assumptions: The preparation of these Consolidated Financial Statements in conformity with accounting principles generally accepted in the United States (“U.S. GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of our Consolidated Financial Statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents: Cash and cash equivalents are comprised of demand deposits with banks and short-term cash investments with remaining maturities of three months or less from the purchase date.

Concentrations of Credit Risk: We have exposure to credit risk to the extent that our cash and cash equivalents exceed amounts covered by the United States and Canada deposit insurance limits, as we currently maintain a significant amount of our cash and cash equivalents balances with two major financial institutions. The individual balances, at times, may exceed the insured limits. We have not experienced any losses in such accounts. In management’s opinion, the capitalization and operating history of the financial institutions are such that the likelihood of a material loss is considered remote.

Inventories: Inventories of food, beverages, merchandise, paper products and other supplies needed for our food service and entertainment operations are stated at the lower of cost on a first-in, first-out basis or net realizable value. Our cost consists of amounts paid to third party suppliers.

Property and Equipment: Property and equipment are stated at cost, net of accumulated depreciation and amortization. Depreciation and amortization are charged to operations using the straight-line method over the assets’ estimated useful lives, which are as follows:

Buildings	40 years
Game and ride equipment	4 to 12 years
Non-technical play equipment	15 to 20 years
Furniture, fixtures and other equipment	4 to 20 years

Leasehold improvements are amortized using the straight-line method over the lesser of the lease term or the estimated useful lives of the related assets. We use a consistent lease period (generally, the initial non-cancelable lease term plus renewal option periods provided for in the lease that can be reasonably assured of being exercised) when estimating the depreciable lives of leasehold improvements, in determining classification of our leases as either operating or capital and in recognizing straight-line rent expense. Interest costs incurred during the construction period are capitalized and depreciated based on the estimated useful life of the underlying asset.

We review our property and equipment for indicators of impairment on an ongoing basis at the lowest level of cash flows available, which is on a venue-by-venue basis, to assess if the carrying amount may not be recoverable. Potential indicators of impairment may include a significant change in the business climate in a particular market area (for example, due to economic downturn or natural disaster), historical negative cash flows or plans to dispose of or sell the property and equipment before the end of its previously estimated useful life. If

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

an event or change in circumstances occurs, we estimate the future cash flows expected to result from the use of the property and equipment and its eventual disposition. If the sum of the expected future cash flows, undiscounted and without interest, is less than the asset carrying amount (an indication that the carrying amount may not be recoverable), we may be required to recognize an impairment loss. We estimate the fair value of a venue's property and equipment by discounting the expected future cash flows of the venue over its remaining lease term using a weighted average cost of capital commensurate with the risk. Any impairment loss recognized equals the amount by which the asset carrying amount exceeds its estimated fair value. In the event an asset is impaired, its carrying value is adjusted to the estimated fair value, and any subsequent increases in fair value are not recorded. Additionally, if it is determined that the estimated remaining useful life of the asset should be decreased, any periodic depreciation and amortization expense is adjusted based on the new carrying value of the asset unless the asset is written down to salvage value, at which time depreciation or amortization ceases. In Fiscal 2018, Fiscal 2017 and Fiscal 2016, we recognized asset impairment charges of \$6.9 million, \$1.8 million, and \$1.6 million, respectively.

Development of Internal Use Software: We capitalize our internal and external costs that are directly attributable to the development, testing and validation of internal use software, such as our enterprise resource planning (ERP) system and corporate and venue related IT system initiatives. Capitalized internal development costs include the compensation, benefits and various office costs primarily related to our IT department. The capitalization of costs related to a software development project ceases once the software is ready for its intended use and the asset is amortized according to our amortization policies. In Fiscal 2018, Fiscal 2017 and Fiscal 2016, we capitalized costs of \$2.8 million, \$3.2 million and \$10.5 million, respectively, related to the development of internal use software.

Capitalized Venue Development Costs: We capitalize our external and internal department costs that are directly attributable to venue development projects, such as the design and construction of a new venue and the remodeling and expansion of our existing venues. Capitalized internal department costs include certain compensation, benefits, travel and overhead costs related to our design, construction, facilities and legal departments. We also capitalize interest costs in conjunction with the construction of new venues. Venue development costs are initially accumulated in our construction in progress account until a project is completed. At the time of completion, the costs accumulated to date are then reclassified to property and equipment and depreciated according to our depreciation policies. In Fiscal 2018, Fiscal 2017 and Fiscal 2016, we capitalized internal costs of \$4.6 million, \$3.5 million, and \$3.4 million, respectively, related to our venue development activities.

Business Combinations: We allocate the purchase price of an acquisition to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values at the acquisition date. We recognize as goodwill the amount by which the purchase price of an acquired entity exceeds the net of the amounts assigned to the assets acquired and liabilities assumed. Fair value measurements are applied based on assumptions that market participants would use in the pricing of the asset or liability. We initially perform these valuations based upon preliminary estimates and assumptions by management or independent valuation specialists under our supervision, where appropriate, and make revisions as estimates and assumptions are finalized. We record the net assets and results of operations of an acquired entity in our Consolidated Financial Statements from the acquisition date. We expense acquisition-related costs as incurred.

Goodwill and Other Intangible Assets: The excess of the purchase price over fair value of net identifiable assets and liabilities of an acquired business ("goodwill"), trademarks, trade names and other indefinite-lived intangible assets are not amortized, but rather tested for impairment, at least annually. We assess the recoverability of the carrying amount of our goodwill and other indefinite-lived intangible assets either qualitatively or quantitatively annually at the beginning of the fourth quarter of each fiscal year, or whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

When assessing the recoverability of goodwill and other indefinite-lived intangible assets, we may first assess qualitative factors. If an initial qualitative assessment indicates that it is more likely than not the carrying amount exceeds fair value, a quantitative analysis may be required. We may also elect to skip the qualitative assessment and proceed directly to the quantitative analysis.

Recoverability of the carrying value of goodwill is measured at the reporting unit level. A reporting unit is an operating segment, or a business unit one level below that operating segment, for which discrete financial information is prepared and regularly reviewed by management. The Company has determined that the operations of Chuck E. Cheese's and Peter Piper Pizza represent two separate reporting units for purposes of measuring the recoverability of the carrying value of goodwill. In performing a quantitative analysis, we measure the recoverability of goodwill using: (i) a discounted cash flow model incorporating discount rates commensurate with the risks involved, which is classified as a Level 3 fair value measurement, and (ii) a market approach based upon public trading and recent transaction valuation multiples for similar companies. The key assumptions used in the discounted cash flow valuation model include discount rates, growth rates, tax rates, cash flow projections and terminal value rates. Discount rates, growth rates and cash flow projections are the most sensitive and susceptible to change as they require significant management judgment and are material to the financial statements.

If the calculated fair value is less than the current carrying amount, impairment of the reporting unit may exist. When the recoverability test indicates potential impairment, we calculate an implied fair value of goodwill for the reporting unit. The implied fair value of goodwill is determined in a manner similar to how goodwill is calculated in a business combination. If the implied fair value of goodwill exceeds the carrying amount of goodwill assigned to the reporting unit, there is no impairment. If the carrying amount of goodwill assigned to a reporting unit exceeds the implied fair value of the goodwill, an impairment loss is recorded to write down the carrying amount.

In performing a quantitative analysis, recoverability is measured by a comparison of the carrying amount of the indefinite-lived intangible asset over its fair value. Any excess of the carrying amount of the indefinite-lived intangible asset over its fair value is recognized as an impairment loss.

We test indefinite-lived intangible assets utilizing the relief from royalty method to determine the estimated fair value for each indefinite-lived intangible asset, which is classified as a Level 3 fair value measurement. The relief from royalty method estimates our theoretical royalty savings from ownership of the intangible asset. Key assumptions used in this model include discount rates, royalty rates, growth rates, tax rates, sales projections and terminal value rates. Discount rates, royalty rates, growth rates and sales projections are the assumptions most sensitive and susceptible to change as they require significant management judgment. Discount rates used are similar to the rates estimated by the weighted average cost of capital considering any differences in company-specific risk factors.

Intangible assets with finite lives are amortized over their estimated useful lives and are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. Estimated weighted average useful lives are 25 years for franchise agreements and 10 years for favorable lease agreements. An impairment loss would be indicated when estimated undiscounted future cash flows from the use of the asset are less than its carrying amount. An impairment loss would be measured as the difference between the fair value (based on discounted future cash flows) and the carrying amount of the asset.

Fair Value Disclosures: Fair value is defined as the price that we would expect to receive to sell an asset or pay to transfer a liability (an exit price) in an orderly transaction between market participants on the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

measurement date. In determining fair value, GAAP establishes a three-level hierarchy used in measuring fair value, as follows:

- Level 1— inputs are quoted prices available for identical assets or liabilities in active markets.
- Level 2— inputs are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; or other inputs that are observable or can be corroborated by observable market data.
- Level 3— inputs are unobservable and reflect our own assumptions.

We may also adjust the carrying amount of certain nonfinancial assets to fair value on a non-recurring basis when they are impaired. The fair values of our long-lived assets held and used are determined using Level 3 inputs based on the estimated discounted future cash flows of the respective venue over its expected remaining useful life or lease term. Due to uncertainties in the estimates and assumptions used, actual results could differ from the estimated fair values. See Note 4. “Property and Equipment” for our impairment of long-lived assets disclosures and Note 10. “Fair Value of Financial Instruments” for our fair value disclosures.

Self-Insurance Accruals: We are self-insured up to certain limits for certain losses related to workers’ compensation, general liability, property and our Company sponsored employee health insurance programs. We estimate the accrued liabilities for all risk retained by the Company at the end of each reporting period. This estimate is primarily based on historical claims experience and loss reserves, calculated with the assistance of an independent third-party actuary. Our deductibles generally range from \$0.2 million to \$0.5 million per occurrence. For claims that exceed the deductible amount, we record a gross liability and a corresponding receivable representing expected recoveries pursuant to the stop-loss coverage, since we are not legally relieved of our obligation to the claimant.

Contingent Loss Accruals: When a contingency involving uncertainty as to a possible loss occurs, an estimate of the loss may be accrued as a charge to income and a reserve established on the Consolidated Balance Sheets. We perform regular assessments of our contingent losses and develop estimates of the degree of probability for and range of possible settlement. We accrue liabilities for losses we deem probable and for which we can reasonably estimate an amount of settlement. We do not record liabilities for losses we believe are only reasonably possible to result in an adverse outcome, but provide disclosure of the reasonably possible range of loss to the extent it is estimable. Reserve balances may be increased or decreased in the future to reflect further developments. However, there can be no assurance that there will not be a loss different from the amounts accrued. Any such loss, if realized, could have a material effect on our consolidated results of operations in the period during which the underlying matters are resolved.

Foreign Currency Translation: Our Consolidated Financial Statements are presented in U.S. dollars. The assets and liabilities of our Canadian subsidiary are translated to U.S. dollars at year-end exchange rates, while revenues and expenses are translated at average exchange rates during the year. Adjustments that result from translating amounts are reported as a component of “Accumulated other comprehensive income (loss)” on our Consolidated Statements of Changes in Stockholders’ Equity and in our Consolidated Statements of Comprehensive Income (Loss). The effect of foreign currency exchange rate changes on cash is reported in our Consolidated Statements of Cash Flows as a separate component of the change in cash and cash equivalents during the period.

Stock-Based Compensation: We expense the fair value of stock-based compensation awards granted to our employees and directors in our Consolidated Financial Statements on a straight-line basis over the period that services are required to be provided in exchange for the award (“requisite service period”), which typically is the period over which the award vests. Stock-based compensation is recognized only for awards that vest, and we

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

record forfeitures as they occur. We measure the fair value of compensation cost related to stock options based on third party valuations.

Stock-based compensation expense is recorded in “General and administrative expenses” in the Consolidated Statements of Earnings, which is the same financial statement caption where the associated salary expense of employees with stock-based compensation awards is recorded. The gross benefits of tax deductions in excess of the compensation cost recognized from the vesting of stock options are tax effected and classified as cash inflows from financing activities in our Consolidated Statements of Cash Flows.

Revenue Recognition—Company Venue Activities: Food, beverage and merchandise revenues are recognized net of discounts, when sold. Game revenues are recognized as game-play tokens, game play credits on game cards, and game play time blocks are used by guests. Prior to the third quarter of 2018, we offered value-priced combination packages, which generally were comprised of food, beverage and game credits (and in some instances, merchandise), and allocated the revenue recognized from the sale of these combination packages, between “Food and beverage sales” and “Entertainment and merchandise sales” based upon the price charged for each component when it is sold separately, or in limited circumstances our best estimate of selling price if a component is not sold on a stand-alone basis, which we believe approximates each component’s fair value. Beginning in the third quarter of 2018, we offer combination packages comprised of food and beverage only, with game plays and/or time blocks available for purchase separately, and recognize revenue for each component at its stand-alone price.

Our entertainment revenue includes customer purchases of game play credits on Play Pass game cards which allow our customers to play the games in our venues and earn tickets that can be redeemed for merchandise. We recognize a liability for the estimated amount of unused game play credits and unredeemed tickets, which we believe our customers will redeem or utilize in the future based on credits remaining on Play Pass cards, utilization patterns, and revenue per game play credit sold. Our total estimate of unearned revenue for unused Play Pass credits and unredeemed tickets as of December 30, 2018 and December 31, 2017 was \$5.6 million and \$12.0 million, respectively, and is included in “Unearned revenues” in our Consolidated Balance Sheets.

We sell gift cards to our customers in our venues and through certain third-party distributors, which do not expire and do not incur a service fee on unused balances. Gift card sales are recorded as deferred revenue when sold and are recognized as revenue when: (a) the gift card is redeemed by the guest or (b) the likelihood of the gift card being redeemed by the guest is remote (“gift card breakage”) and we determine that we do not have a legal obligation to remit the value of the unredeemed gift card under applicable state unclaimed property escheat statutes. Gift card breakage is determined based upon historical redemption patterns of our gift cards.

Revenue Recognition—Franchise Fees and Royalties: Revenues from franchise activities include area development and initial franchise fees received from franchisees to establish new venues, and once a venue is opened, a franchisee is charged monthly royalties based on a percentage of franchised venues’ sales. These fees are collectively referred to as “Franchise fees and royalties” in our Consolidated Statements of Earnings. We earn monthly royalties from our franchisees based on a percentage of each franchise venue’s sales. We also receive development and initial franchise fees to establish new franchised venues, as well as earn fees from the sale of equipment and other items or services to franchisees. Historically, we recognized development and franchise fees as revenues when the franchise venue had opened and we had substantially completed our obligations to the franchisee relating to the opening of a venue. Effective January 1, 2018, with the adoption of Accounting Standards Update 2016-10 Revenues from Contracts with Customers (Topic 606) (“ASC 606”), we recognize initial and renewal development and franchise fees as revenues on a straight-line basis over the life of the franchise agreement starting when the franchise venue has opened. Continuing royalties and other miscellaneous sales and fees are recognized in the period earned. Continuing royalties and other miscellaneous sales and fees of

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

\$20.7 million, \$17.9 million and \$17.4 million for Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively, are included in “Franchise fees and royalties” in our Consolidated Statements of Earnings.

We and our franchisees are required to contribute a percentage of gross sales to administer all the national advertising programs that benefit both us and our franchisees. Effective January 1, 2018, with the adoption of ASC 606, our national advertising fund receipts from members of the International Association of CEC Entertainment, Inc. (the “Association”) are accounted for on a gross basis as revenue from franchisees, when historically they were netted against advertising expense (see Advertising Costs). Advertising contributions from our franchisees of \$2.2 million for Fiscal 2018 are included in “Franchise fees and royalties” in our Consolidated Statements of Earnings.

Cost of Food, Beverage, Entertainment and Merchandise: Cost of food and beverage includes all direct costs of food and beverage sold to our guests and related paper and birthday supplies used in our food service operations, less “vendor rebates” described below. Cost of entertainment and merchandise includes the direct cost of prizes provided and merchandise sold to our customers, as well as the cost of tickets dispensed to customers and redeemed for prize items, as well as the cost of Play Pass and AYCP cards and wristbands. These amounts exclude any allocation of other operating costs including labor and related costs for venue personnel and depreciation and amortization expense, which are disclosed separately.

Vendor Rebates: We receive rebate payments from certain third-party vendors. Pursuant to the terms of volume purchasing and promotional agreements entered into with the vendors, rebates are primarily provided based on the quantity of the vendors’ products we purchase over the term of the agreement. We record these allowances in the period they are earned as a reduction in the cost of the vendors’ products, and when the related inventory is sold, the allowances are recognized in “Cost of food and beverage” in our Consolidated Statements of Earnings.

Rent Expense: We recognize rent expense on a straight-line basis over the lease term, including the construction period and lease renewal option periods provided for in the lease that can be reasonably assured at the inception of the lease. The lease term commences on the date when we take possession and have the right to control use of the leased premises. The difference between actual rent payments and rent expense in any period is recorded as a deferred rent liability and included in “Other Noncurrent Liabilities” on our Consolidated Balance Sheets. Construction allowances received from the landlord as a lease incentive intended to reimburse us for the cost of leasehold improvements (“Landlord contributions”) are accrued as deferred landlord contributions. Landlord contributions are amortized on a straight-line basis over the lease term, including lease renewal option periods provided for in the lease that can be reasonably assured at the inception of the lease, as a reduction to rent expense.

Advertising Costs: Production costs for commercials and coupons are expensed in the period in which the commercials are initially aired and the coupons are distributed. All other advertising costs are expensed as incurred.

We and our franchisees are required to contribute a percentage of gross sales to administer all the national advertising programs that benefit both us and our franchisees. Prior to the adoption of ASC 606, effective January 1, 2018, our national advertising fund receipts from members the Association were netted against advertising expense. Our advertising contributions for Chuck E. Cheese’s franchise venues are paid to the Association and are eliminated in consolidation. Advertising contributions from our franchisees were \$2.1 million in Fiscal 2017 and \$2.2 million in Fiscal 2016.

Income Taxes: We account for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences attributable to

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

temporary differences between the financial statement carrying amounts of assets and liabilities and their respective tax basis. A valuation allowance is applied against net deferred tax assets if, based on the weight of available evidence, it is more likely than not that some or all of the deferred tax assets will not be realized.

We maintain tax reserves for federal, state and foreign income taxes when we believe a position may not be fully sustained upon review by taxing authorities. Although we believe that our tax positions are fully supported by the applicable tax laws and regulations, there are matters for which the ultimate outcome is uncertain. We recognize the benefit from an uncertain tax position in our Consolidated Financial Statements when the position is at least more-likely-than-not (a greater than 50 percent chance of being sustained). The amount recognized is measured using a probability weighted approach and is the largest amount of benefit that is greater than 50 percent likelihood of being realized upon settlement or ultimate resolution with the taxing authority. We routinely assess the adequacy of the estimated liability for unrecognized tax benefits, which may be affected by changing interpretations of laws, rulings by tax authorities and administrative policies, certain changes and/or developments with respect to audits and expirations of the statute of limitations. In our Consolidated Statements of Earnings, we include interest expense related to unrecognized tax benefits in "Interest expense" and include penalties in "General and administrative expenses." On our Consolidated Balance Sheets, we include current interest related to unrecognized tax benefits in "Accrued interest," current penalties in "Accrued expenses" and noncurrent accrued interest and penalties in "Other noncurrent liabilities."

Recently Issued Accounting Guidance:

Accounting Guidance Adopted:

Effective January 1, 2018, we adopted the following Accounting Standards Updates:

(i) ASU 2016-04, *Liabilities—Extinguishments of Liabilities (Subtopic 405-20)*. This amendment provides a narrow scope exception to Liabilities—Extinguishment of Liabilities (Subtopic 405-20) that requires breakage for those liabilities to be accounted for in accordance with the breakage guidance in ASU 2014-09 *Revenue From Contracts With Customers (Topic 606)*. Under the new guidance, if an entity expects to be entitled to a breakage amount for a liability resulting from the sale of a prepaid stored-value product, the entity shall derecognize the amount related to the expected breakage in proportion to the pattern of rights expected to be exercised by the product holder only to the extent that it is probable that a significant reversal of the recognized breakage amount will not subsequently occur. If an entity does not expect to be entitled to a breakage amount for a prepaid stored-value product, the entity shall derecognize the amount related to the breakage when the likelihood of the product holder exercising its remaining rights becomes remote. The adoption of this amendment did not have a significant impact on our Consolidated Financial Statements.

(ii) ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)* ("ASU 2014-09") and ASU 2016-10, *Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing* ("ASU 2016-10"). ASU 2014-09 replaces the historical U.S. GAAP revenue recognition guidance and establishes a new control-based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time, provides new and more detailed guidance on specific topics, and expands and improves disclosure about revenues. ASU 2016-10 updates the revenue guidance on identifying performance obligations and accounting for licenses of intellectual property, changing the FASB's previous proposals on right-of-use licenses and contractual restrictions. We elected the modified retrospective method to apply these standards. Under the modified retrospective method, results for reporting periods beginning on or after January 1, 2018 are presented under the revenue guidance in these amendments, while prior period amounts are not adjusted and continue to be reported in accordance with our historic accounting treatment. The cumulative impact of adopting this amendment was not material, and as such we did not record an adjustment to our opening accumulated deficit in our Consolidated Balance Sheet as of January 1, 2018. For further details, see Note 2. "Revenue."

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

(iii) ASU 2016-15, *Statement of Cash Flows (Topic 230)* and ASU 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash* on a retrospective basis. Amounts generally described as restricted cash and restricted cash equivalents are now presented with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. Accordingly, as a result of the adoption of these amendments, we reclassified \$0.1 million of restricted cash into cash, cash equivalents and restricted cash as of December 31, 2017 for a total balance of \$67.3 million, which resulted in a reduction in net cash provided by operating activities of less than \$0.1 million in the Consolidated Statement of Cash Flows for the year ended December 31, 2017. The adoption of these amendments did not impact net cash used in investing or financing activities for the year ended December 30, 2018.

The adoption of these amendments also requires us to reconcile our cash balance on our Consolidated Statements of Cash Flows to the cash balance on our Consolidated Balance Sheets, as well as make disclosures about the nature of restricted cash balances. A reconciliation of “Cash and cash equivalents” and “Restricted cash” as presented in our Consolidated Balance Sheets for the periods presented and “Cash, cash equivalents and restricted cash” as presented in our Consolidated Statements of Cash Flows for the years ended December 30, 2018 and December 31, 2017 is as follows:

	December 30, 2018	December 31, 2017	January 1, 2017
	(in thousands)		
Cash and cash equivalents	\$ 67,968	\$ 72,082	\$ 65,905
Restricted cash ⁽¹⁾	151	112	268
Cash, cash equivalents and restricted cash	<u>\$ 68,119</u>	<u>\$ 72,194</u>	<u>\$ 66,173</u>

(1) Restricted cash represents cash balances held by the Association that are restricted for use in our advertising, entertainment and media programs (see “Basis of Presentation” above for further discussion of the Association Funds).

(iv) ASU 2017-04, *Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment* on a prospective basis. This amendment eliminates Step 2 from the goodwill impairment test, which measures a goodwill impairment loss by comparing the implied fair value of a reporting unit’s goodwill with the carrying amount of that goodwill. Instead, under the amendments in this ASU, an entity should perform its annual, or interim, goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount. An entity should recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit’s fair value. However, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit. Additionally, an entity should consider income tax effects from any tax deductible goodwill on the carrying amount of the reporting unit when measuring the goodwill impairment loss, if applicable. We early adopted this amendment on January 1, 2018. The adoption of this amendment did not have a significant impact on our Consolidated Financial Statements.

Accounting Guidance Not Yet Adopted:

In February 2016, the Financial Accounting Standards Board (“FASB”) issued ASU 2016-02, *Leases (Topic 842)* (“ASU 2016-02”). This new standard introduces a new lease model that requires the recognition of lease assets and lease liabilities on the balance sheet and the disclosure of key information about leasing arrangements. While this new standard retains most of the principles of the existing lessor model under U.S. GAAP, it aligns many of those principles with *Accounting Standards Codification (“ASC”) 606: Revenue from Contracts with Customers*. Subsequent to ASU 2016-02, the FASB issued related ASUs, including ASU 2018-11 (“ASU 2018-11”), *Leases (Topic 842): Targeted Improvements*, which provides for another transition method in addition to the modified retrospective approach required by ASU 2016-02. This option allows entities to initially

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

apply the new leases standard at the adoption date and recognize a cumulative adjustment to the opening balance sheet of retained earnings in the period of adoption.

We will adopt ASU 2016-02 on December 31, 2018, the first day of Fiscal 2019, and apply the package of practical expedients included therein, which among other things, allows us to carryforward our historical lease classification. We will also utilize the transition method included in ASU 2018-11. By applying ASU 2016-02 at the adoption date, as opposed to at the beginning of the earliest period presented, the presentation of financial information for periods prior to December 31, 2018 will remain unchanged and in accordance with *Leases (Topic 840)*. The most significant impact of adopting the new guidance will be the recognition of Right of Use assets and lease liabilities for operating leases, while our accounting for capital leases will remain substantially unchanged. As of December 31, 2018, we expect to recognize additional Right-of-Use assets related to our operating leases between \$520 million and \$620 million and lease liabilities related to our operating leases of between \$550 million and \$650 million, respectively, with the difference recognized in accumulated deficit. We do not believe the adoption of the standard will have a material impact on our ongoing results of operations and cash flows. In preparation for the adoption, we have designed internal controls and information system functionality to enable the preparation of the necessary financial information.

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments—Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. This amendment changes the impairment model for most financial assets and certain other instruments. For trade and other receivables, held-to-maturity debt securities, loans and other instruments, entities will be required to use a new forward-looking “expected loss” model that generally will result in the earlier recognition of allowances for losses. The amendments in this update are effective for the Company for fiscal years beginning after December 15, 2020, including interim periods within those fiscal years. Entities may early adopt the amendments in this update as of the fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. We do not expect the adoption of this amendment to have a significant impact on our Consolidated Financial Statements.

In January 2017, the FASB issued ASU 2017-01, *Clarifying the Definition of a Business (Topic 805)*. The amendments in this update clarify the definition of a business to assist entities with evaluating whether transactions should be accounted for as acquisitions or disposals of assets or businesses. The definition of a business affects many areas of accounting, including acquisitions, disposals, goodwill and consolidation. This ASU will be effective for us for annual and interim reporting periods beginning on January 1, 2018. We do not expect the adoption of this amendment to have a significant impact on our Consolidated Financial Statements.

In August 2017, the FASB issued ASU 2017-12, *Derivatives and Hedging (Topic 815)*. This amendment expands and refines hedge accounting for both nonfinancial and financial risk components and aligns the recognition and presentation of the effects of the hedging instrument and the hedged item in the financial statements. It also includes certain targeted improvements to simplify the application of current guidance related to hedge accounting. This ASU will be effective for us for annual and interim reporting periods beginning on December 31, 2019, with early adoption permitted. We do not expect the adoption of this amendment to have a significant impact on our Consolidated Financial Statements.

In February 2018, the FASB issued ASU 2018-02, *Income Statement—Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income*. This standard provides companies with an option to reclassify stranded tax effects resulting from enactment of the Tax Cuts and Jobs Act (“TCJA”) from accumulated other comprehensive income to retained earnings. This ASU will be effective for us for annual and interim periods beginning on December 31, 2019. Early adoption of this standard is permitted and may be applied either in the period of adoption or retrospectively to each period in which the effect of the change in the tax rate as a result of TCJA is recognized. We do not expect the adoption of this ASU to have a material impact on our results of operations, financial position and cash flows.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. This standard will require entities to disclose the amount of total gains or losses for the period recognized in other comprehensive income that is attributable to fair value changes in assets and liabilities held as of the balance sheet date and categorized within Level 3 of the fair value hierarchy. This ASU will be effective for us for annual and interim periods beginning on December 31, 2020. Early adoption of this standard is permitted. We do not expect the adoption of this ASU to have a material impact on our results of operations, financial position and cash flows.

In August 2018, the FASB issued ASU 2018-15, *Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Customer’s Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract*. Under this standard customers will apply the same criteria for capitalizing implementation costs as they would for an arrangement that has a software license. The adoption of this new guidance prescribes the balance sheet, income statement, and cash flow classification of the capitalized implementation costs and related amortization expense, and additional quantitative and qualitative disclosures. This ASU will be effective for us for annual and interim periods beginning on December 30, 2020. Early adoption of this standard is permitted and may be applied either prospectively to eligible costs incurred on or after the date of the new guidance or retrospectively. We do not expect the adoption of this ASU to have a material impact on our results of operations, financial position and cash flows.

Note 2. Revenue:

Our venues sell food, beverages, entertainment, and merchandise to customers on a stand-alone basis and through discounted packaged deals. We consider our performance obligations for food and beverages to be separate and distinct from our performance obligations on entertainment and merchandise.

Revenues are recognized net of discounts. Net revenue from each stand-alone purchase is allocated to the performance obligation purchased. Net revenue from each package deal is allocated to each performance obligation purchased pro-rata their stand-alone menu prices. Revenues are recognized at the time we complete the performance obligation, generally on the day of sale. The portion of our entertainment and merchandise revenues representing purchased and unused credits, as well as unredeemed credits, is deferred and subsequently recognized based on credits remaining and utilization patterns.

We also earn revenues from our franchises. Our franchise agreements require the payment of various fixed fees as well as the payment of royalties that are based on a percentage of franchisee sales. In addition, franchisees have the option to purchase games and equipment from our inventory. We consider our performance obligations for the franchise agreement to be separate and distinct from our performance obligations on sales of inventory. Revenue from sales of our inventory is recognized when the franchisee takes possession of the games and equipment. All other payments from franchisees are allocated to the franchise agreement, where royalties are recognized as revenue on a monthly basis and the fixed fees are recognized as revenue on a straight-line basis over the life of the franchise agreement, beginning when the first venue opens.

We sell gift cards to our customers in our venues and through certain third-party distributors, which do not expire and do not incur a service fee on unused balances. Gift card sales are recorded as deferred revenue when sold and are recognized as revenue when: (a) the gift card is redeemed by the guest or (b) the likelihood of the gift card being redeemed by the guest is remote (“gift card breakage”) and we determine that we do not have a legal obligation to remit the value of the unredeemed gift card under applicable state unclaimed property escheat statutes. Gift card breakage is determined based upon our historical redemption patterns.

On January 1, 2018 we adopted the revenue guidance set forth in ASU 2016-10. Under the new guidance, there is a five-step model to apply to revenue recognition. The five-steps consist of: (i) the determination of

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

whether a contract, an agreement between two or more parties that creates legally enforceable rights and obligations, exists; (ii) the identification of the performance obligations in the contract; (iii) the determination of the transaction price; (iv) the allocation of the transaction price to the performance obligations in the contract; and (v) recognition of revenue when (or as) the performance obligation is satisfied.

ASU 2016-10 requires us to recognize initial and renewal franchise and development fees on a straight-line basis over the life of the related franchise agreement or the renewal period. Historically, we recognized revenue from initial franchise and development fees upon the opening of a franchised restaurant when we completed all of our material obligations and initial services. Additionally, our national advertising fund receipts from Association members are now accounted for on a gross basis as “Franchise fees and royalties,” when historically they were netted against “Advertising expense.” Revenue related to advertising contributions from our franchisees was \$3.6 million the twelve months ended December 30, 2018 and is recorded in “Franchise fees and royalties” in our Consolidated Statement of Earnings.

Liabilities relating to unused game credits, unredeemed tickets, gift card liabilities and deferred franchise and development fees are included in “Unearned revenues” on our Consolidated Balance Sheets. The following table presents changes in the Company’s Unearned revenue balances during the twelve months ended December 30, 2018:

Asset Impairments

During Fiscal 2018, we recognized an asset impairment charge of \$6.9 million primarily related to eight venues, of which one was previously impaired. During Fiscal 2017 and Fiscal 2016, we recognized asset impairment charges of \$1.8 million and \$1.6 million, respectively, primarily related to five venues and five venues, respectively. These impairment charges were the result of a decline in the venues' financial performance, primarily related to various economic factors in the markets in which the venues are located. As of December 30, 2018, the aggregate carrying value of the property and equipment at impaired venues, after the impairment charges, was \$4.5 million for venues impaired in 2018.

We were in compliance with the debt covenants in effect as of December 30, 2018 for both the CEC secured credit facilities and the CEC senior notes. For further discussion regarding the debt covenants, see CEC Secured Credit Facilities and CEC Senior Unsecured Notes sections below.

CEC Secured Credit Facilities

In connection with the 2014 Merger on February 14, 2014, CEC entered into new senior secured credit facilities, which include an initial \$760.0 million term loan facility with a maturity date of February 14, 2021 (the "term loan facility") and a \$150.0 million senior secured revolving credit facility with an original maturity date of February 14, 2019, which includes a letter of credit sub-facility and a \$30.0 million swingline loan sub-facility (the "revolving credit facility" and, together with the CEC term loan facility, the "secured credit facilities").

As of December 30, 2018, we had no borrowings outstanding and a \$9.0 million letter of credit issued but undrawn under the revolving credit facility and no borrowings outstanding and \$9.9 million of letter of credit

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

issued but undrawn under the revolving credit facility as of December 31, 2017. On May 8, 2018 CEC entered into an incremental assumption agreement with certain of our revolving credit facility lenders to extend the maturity on \$95.0 million of the revolving credit facility through November 16, 2020. In connection with the extension of the maturity date, we paid fees of \$0.4 million and agreed to the following covenants for the benefit of the revolving facility lenders: (a) with respect to each fiscal year (commencing with the fiscal year ending December 30, 2018), we are required to make a mandatory prepayment of term loan principal to the extent that 75% times our excess cash flow (as defined in the secured credit facilities agreement and subject to step-downs based on our net first lien senior secured leverage ratio) exceeds \$10 million and any such required mandatory payment shall be reduced by any optional prepayments of principal that may have occurred during the fiscal year, and (b) we shall not incur additional first lien senior secured debt in connection with certain acquisitions, mergers or consolidations unless our net first lien senior secured leverage ratio is not greater than 3.65 to 1.00 on a pro forma basis. The maturity date of the amount of the revolving credit facility that was not extended remains February 14, 2019. All borrowings under our revolving credit facility are subject to the satisfaction of customary conditions, including the absence of a default and the accuracy of representations and warranties.

We received net proceeds from the term loan facility of \$756.2 million, net of original issue discount of \$3.8 million, which were used to fund a portion of the 2014 Acquisition. We paid \$17.8 million and \$3.8 million in debt issuance costs related to the term loan facility and revolving credit facility (including fees related to extending the maturity date), respectively, which we capitalized in “Bank indebtedness and other long-term debt, net of deferred financing costs” on our Consolidated Balance Sheets. The original issue discount and deferred financing costs are amortized over the lives of the facilities and are included in “Interest expense” on our Consolidated Statements of Earnings.

We may request one or more incremental term loan facilities and/or increase commitments under our revolving credit facility in an aggregate amount of up to the sum of (a) \$200.0 million plus (b) such additional amount so long as, (i) in the case of loans under additional credit facilities that rank equally and without preference with the liens on the collateral securing the secured credit facilities, our consolidated net first lien senior secured leverage ratio would be no greater than 4.25 to 1.00 and (ii) in the case of loans under additional credit facilities that rank junior to the liens on the collateral securing the secured credit facilities, our consolidated total net secured leverage ratio would be no greater than 5.25 to 1.00, subject to certain conditions, and receipt of commitments by existing or additional lenders.

We may voluntarily repay outstanding loans under the secured credit facilities at any time, without prepayment premium or penalty, except in connection with a repricing event as described below, subject to customary “breakage” costs with respect to London Interbank Offered Rate (“LIBOR”) loans.

The secured credit facilities require scheduled quarterly payments on the term loan equal to 0.25% of the original principal amount of the term loan from July 2014 to December 2020, with the remaining balance paid at maturity, February 14, 2021. The secured credit facilities include customary mandatory prepayment requirements based on defined events, such as certain asset sales and debt issuances. In addition (as described above in more detail), we are required to make a mandatory prepayment of term loan principal to the extent that 75% times our excess cash flow exceeds \$10.0 million.

Borrowings under the secured credit facilities bear interest at a rate equal to, at our option, either (a) LIBOR determined by reference to the costs of funds for Eurodollar deposits for the interest period relevant to such borrowings, adjusted for certain additional costs, subject to a 1.00% floor in the case of term loans or (b) a base rate determined by reference to the highest of (i) the federal funds effective rate plus 0.50%; (ii) the prime rate of Deutsche Bank AG New York Branch; and (iii) the one-month adjusted LIBOR plus 1.00%, in each case plus an applicable margin. The applicable margin for borrowings under the term loan facility is subject to one step down to 3.00% based on our net first lien senior secured leverage ratio, and the applicable margin for borrowings under

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

the revolving credit facility is subject to two step-downs to 3.00% and 2.75% based on our net first lien senior secured leverage ratio. During Fiscal 2018, the applicable margin for LIBOR borrowings under both the term loan facility and the revolving credit facility was 3.25%.

During Fiscal 2018, the federal funds rate ranged from 1.34% to 2.40%, the prime rate ranged from 4.50% to 5.50% and the one-month LIBOR ranged from 1.55% to 2.52%.

The weighted average effective interest rate incurred on our borrowings under our secured credit facilities was 5.8% for the 2018 fiscal year, 4.7% for the 2017 fiscal year and 4.6% for the 2016 fiscal year, which includes amortization of debt issuance costs related to our secured credit facilities, amortization of our term loan facility original issue discount, and commitment and other fees related to our secured credit facilities.

All borrowings under our revolving credit facility are subject to the satisfaction of customary conditions, including the absence of a default and the accuracy of representations and warranties.

In addition to paying interest on outstanding principal under the secured credit facilities, we are required to pay a commitment fee equal to 0.50% per annum to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder. The applicable commitment fee under the revolving credit facility is subject to one step-down to 0.375% based on our net first lien senior secured leverage ratio. During Fiscal 2018, the commitment fee rate was 0.50%. We are also required to pay customary agency fees, as well as letter of credit participation fees computed at a rate per annum equal to the applicable margin for LIBOR rate borrowings on the dollar equivalent of the daily stated amount of outstanding letters of credit, plus such letter of credit issuer's customary documentary and processing and fronting fees computed at a rate equal to 0.125% per annum on the daily stated amount of each letter of credit.

Qeso unconditionally guarantees all obligations under the secured credit facilities on a limited-recourse basis. The senior credit facilities are also unconditionally guaranteed by each of CEC's existing and future direct and indirect material, wholly-owned domestic subsidiaries, subject to certain exceptions. The obligations are secured by a pledge of our capital stock and substantially all of our assets and those of each subsidiary guarantor, including capital stock of the subsidiary guarantors and 65.0% of the capital stock of the first-tier foreign subsidiaries that are not subsidiary guarantors, in each case subject to exceptions. Such security interests consist of a first-priority lien with respect to the collateral.

The secured credit facilities also contain customary covenants and events of default. The covenants limit our ability to, among other things: (i) incur additional debt or issue certain preferred shares; (ii) create liens on certain assets; (iii) make certain loans or investments (including acquisitions); (iv) pay dividends on or make distributions in respect of our capital stock or make other restricted payments; (v) consolidate, merge, sell or otherwise dispose of all or substantially all of our assets; (vi) sell assets; enter into certain transactions with our affiliates; (vii) enter into sale-leaseback transactions; (viii) change our lines of business; restrict dividends from our subsidiaries or restrict liens; (ix) change our fiscal year; and (x) modify the terms of certain debt or organizational agreements. The PPP acquisition and the sale leaseback transactions discussed in Note 6. "Goodwill and Intangible Assets, Net" and Note 13. "Sale Leaseback Transactions" were permitted under the secured credit facilities agreement.

Our revolving credit facility includes a springing financial maintenance covenant that requires our net first lien senior secured leverage ratio not to exceed 6.25 to 1.00 (the ratio of consolidated net debt secured by first-priority liens on the collateral to last twelve month's EBITDA, as defined in the Senior Credit Facilities). The covenant will be tested quarterly when the revolving credit facility is more than 30.0% drawn (excluding outstanding letters of credit) and will be a condition to drawings under the revolving credit facility that would result in more than 30.0% drawn thereunder.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)***CEC Senior Unsecured Notes***

On February 19, 2014, CEC issued \$255.0 million aggregate principal amount of 8.000% Senior Notes due 2022 which mature on February 15, 2022 (the “senior notes”) in a private offering. On December 2, 2014 we completed an exchange offer whereby the original senior notes were exchanged for new notes (the “exchange notes”) which are identical to the initial senior notes except that the issuance of the exchange notes is registered under the Securities Act, the exchange notes do not bear legends restricting their transfer and they are not entitled to registration rights under our registration rights agreement. We refer to the senior notes and the exchange notes collectively as the “CEC senior notes.” We may redeem some or all of the senior notes at certain redemption prices set forth in the indenture governing the senior notes (the “indenture”).

We paid \$6.4 million in debt issuance costs related to the CEC senior notes, which we recorded as an offset to “Bank indebtedness and other long-term debt, net of deferred financing costs” on our Consolidated Balance Sheets. The deferred financing costs are being amortized over the life of the senior notes to “Interest expense” on our Consolidated Statements of Earnings.

Our obligations under the CEC senior notes are fully and unconditionally guaranteed, jointly and severally, by our present and future direct and indirect wholly-owned material domestic subsidiaries that guarantee our secured credit facilities.

The indenture contains restrictive covenants that limit our ability to, among other things: (i) incur additional debt or issue certain preferred shares; (ii) create liens on certain assets; (iii) make certain loans or investments (including acquisitions); (iv) pay dividends on or make distributions in respect of our capital stock or make other restricted payments; (v) consolidate, merge, sell or otherwise dispose of all or substantially all of our assets; (vi) sell assets; (vii) enter into certain transactions with our affiliates; and (viii) restrict dividends from our subsidiaries. As a result of these restrictions, the amount of net assets of subsidiaries (as defined in Rule 4-08(e)(3) of Regulation S-X) was \$242.6 million as of December 30, 2018.

The weighted average effective interest rate incurred on borrowings under our CEC senior notes was 8.2% for the 2018, 2017, and 2016 fiscal years, which includes amortization of debt issuance costs and other fees related to our CEC senior notes.

Note 11. Fair Value of Financial Instruments:

Fair value measurements are determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy) has been established.

The following table presents information on our financial instruments as of the dates presented:

Bank indebtedness and other long-term debt:	\$977,747	\$892,263	\$984,806	\$944,882

(1) Excluding net deferred financing costs.

Our financial instruments consist of cash and cash equivalents, restricted cash, accounts receivable, accounts payable, our secured credit facilities and our CEC senior notes. The carrying amount of cash and cash equivalents, accounts receivable and accounts payable approximates fair value because of their short maturities. The estimated fair value of our secured credit facilities' term loan facility and senior notes was determined by using the respective average of the ask and bid price of our outstanding borrowings under our term loan facility

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

and our senior notes as of the nearest open market date preceding the reporting period end. The average of the ask and bid price are classified as Level 2 in the fair value hierarchy.

Our non-financial assets, which include long-lived assets, including property, plant and equipment, goodwill and intangible assets, are reported at carrying value and are not required to be measured at fair value on a recurring basis. However, on a periodic basis, or whenever events or changes in circumstances indicate that their carrying value may not be recoverable, we assess our long-lived assets for impairment.

During Fiscal 2018 and Fiscal 2017, there were no significant transfers among level 1, 2 or 3 fair value determinations.

(1) See Note 13 “Sale Leaseback Transaction” for further discussion on our sale leaseback obligations.

(2) In connection with three Peter Piper Pizza venues in Oklahoma that were closed in 2018, we recorded cease use liabilities totaling \$1.8 million related to future lease related obligations, net of expected future sublease income, which are included in “Other current liabilities” and “Other noncurrent liabilities” in our Consolidated Balance Sheets at December 30, 2018. The liabilities consisted of \$0.9 million related to future rental payments, net of expected future sublease income, and \$0.9 million related to future common area maintenance, property tax and insurance expenses, which are included in “Rent expense” and “Other venue operating expenses”, respectively, in our Consolidated Statements of Earnings for Fiscal 2018.

Note 13. Sale Leaseback Transactions:

On August 25, 2014, we completed a sale leaseback transaction (the “Sale Leaseback”) with National Retail Properties, Inc. (“NRP”). Pursuant to the Sale Leaseback, we sold 49 properties located throughout the United States to NRP, and we leased each of the 49 properties back from NRP pursuant to two separate master leases on a triple-net basis for their continued use as Chuck E. Cheese’s family dining and entertainment venues. On April 25, 2017, we completed an additional sale leaseback transaction with NADG NNN Acquisitions, Inc. (“NADG NNN”), pursuant to which we sold our property located in Conyers, Georgia to NADG NNN (the “Conyers Sale Leaseback” and together with the Sale Leaseback, the “Sale Leasebacks”), and we leased the property back from NADG NNN pursuant to a master lease on a triple-net basis for its continued use as Chuck-E-Cheese’s family dining and entertainment venue.

The leases in the Sale Leasebacks have an initial term of 20 years, with four five-year options to renew. For accounting purposes, these sale-leaseback transactions are accounted for under the financing method, rather than as completed sales. Under the financing method, we (i) include the sales proceeds received in other long-term

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

liabilities until our continuing involvement with the properties is terminated, (ii) report the associated property as owned assets, (iii) continue to depreciate the assets over their remaining useful lives, and (iv) record the rental payments as interest expense and a reduction of the sale leaseback obligation. When and if our continuing involvement with a property terminates and the sale of that property is recognized for accounting purposes, we expect to record a gain equal to the excess of the proceeds received over the remaining net book value of the property.

The aggregate purchase price for the properties in connection with the Sale Leaseback was \$183.7 million in cash, and the proceeds, net of taxes and transaction costs, realized by the Company were \$143.2 million. A portion of the proceeds from the Sale Leaseback was used for the PPP Acquisition. We used the remaining net proceeds from the Sale Leaseback for capital expenditure needs and other general corporate purposes. The aggregate purchase price for the property in connection with the Conyers Sale Leaseback transaction was approximately \$4.1 million in cash, and the net proceeds realized were approximately \$3.9 million.

The long-term and current portions of our obligations under the Sale Leasebacks were \$174.5 million and \$3.4 million, respectively, as of December 30, 2018, and are included in "Other noncurrent liabilities" and "Other current liabilities" in our Consolidated Balance Sheets. The net book value of the associated assets, which is included in "Property and equipment, net" in our Consolidated Balance Sheets, was \$82.4 million and \$79.3 million as of December 30, 2018 and December 31, 2017, respectively.

Our future minimum lease commitments related to the Sale Leasebacks, as of December 30, 2018 for fiscal years 2019, 2020, 2021, 2022, 2023 and thereafter are, in thousands, \$14,083, \$14,360, \$14,641, \$14,947, \$15,249 and \$183,737.

Note 14. Commitments and Contingencies:

Leases

We lease certain venues under operating and capital leases that expire at various dates through 2037 with renewal options that expire at various dates through 2054. The leases generally require us to pay a minimum rent, property taxes, insurance, other maintenance costs and, in some instances, additional rent equal to the amount by which a percentage of the venue's revenues exceed certain thresholds as stipulated in the respective lease agreement. The leases generally have initial terms of 10 to 20 years with various renewal options.

Unconditional Purchase Obligations

Our unconditional purchase obligations consist of agreements to purchase goods or services that are enforceable and legally binding on us and that specify all significant terms, including (a) fixed or minimum quantities to be purchased; (b) fixed, minimum or variable price provisions; and (c) the approximate timing of the transaction. Our purchase obligations with terms in excess of one year totaled \$9.2 million at December 30, 2018 and consisted primarily of obligations associated with the modernization of various information technology platforms and information technology data security service agreements, and the fixed price purchase agreements relating to beverage products. These purchase obligations exclude agreements that can be canceled without significant penalty.

Legal Proceedings

From time to time, we are involved in various inquiries, investigations, claims, lawsuits and other legal proceedings that are incidental to the conduct of our business. These matters typically involve claims from customers, employees or other third parties involved in operational issues common to the retail, restaurant and

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

entertainment industries. Such matters typically represent actions with respect to contracts, intellectual property, taxation, employment, employee benefits, personal injuries and other matters. A number of such claims may exist at any given time, and there are currently a number of claims and legal proceedings pending against us.

In the opinion of our management, after consultation with legal counsel, the amount of liability with respect to claims or proceedings currently pending against us is not expected to have a material effect on our consolidated financial condition, results of operations or cash flows. All necessary loss accruals based on the probability and estimate of loss have been recorded.

Litigation Related to the 2014 Merger: Following the January 16, 2014 announcement that CEC had entered into an agreement (“2014 Merger Agreement”), pursuant to which an entity controlled by Apollo Global Management, LLC (“Apollo”) and its subsidiaries merged with and into CEC, with CEC surviving the merger (the “2014 Merger”), four putative shareholder class actions were filed in the District Court of Shawnee County, Kansas, on behalf of purported stockholders of CEC, against A.P. VIII Queso Holdings, L.P., CEC, CEC’s directors, Apollo and Merger Sub (as defined in the 2014 Merger Agreement), in connection with the 2014 Merger Agreement and the transactions contemplated thereby. These actions were consolidated into one action (the “Consolidated Shareholder Litigation”) in March 2014, and on July 21, 2015, a consolidated class action petition was filed as the operative consolidated complaint, asserting claims against CEC’s former directors, adding The Goldman Sachs Group (“Goldman Sachs”) as a defendant, and removing all Apollo entities as defendants (the “Consolidated Class Action Petition”). The Consolidated Class Action Petition alleges that CEC’s directors breached their fiduciary duties to CEC’s stockholders in connection with their consideration and approval of the 2014 Merger Agreement by, among other things, conducting a deficient sales process, agreeing to an inadequate tender price, agreeing to certain provisions in the 2014 Merger Agreement, and filing materially deficient disclosures regarding the transaction. The Consolidated Class Action Petition also alleges that two members of CEC’s board who also served as the senior managers of CEC had material conflicts of interest and that Goldman Sachs aided and abetted the board’s breaches as a result of various conflicts of interest facing the bank. The Consolidated Class Action Petition sought, among other things, to recover damages, attorneys’ fees and costs. The Company assumed the defense of the Consolidated Shareholder Litigation on behalf of CEC’s named former directors and Goldman Sachs pursuant to existing indemnity agreements. On March 23, 2016, the Court conducted a hearing on the defendants’ Motion to Dismiss the Consolidated Class Action Petition and on March 1, 2017, the Special Master appointed by the Court issued a report recommending to the Court that the Consolidated Class Action Petition be dismissed. On March 17, 2017, Plaintiffs filed objections to the Special Master’s report and recommendation with the Kansas court and separately filed a motion with the Special Master seeking to amend the complaint as to Goldman Sachs, but not objecting to the dismissal of CEC or its former directors from the lawsuit. On September 9, 2018, the Court accepted the Special Master’s recommendations and dismissed the lawsuit in its entirety. On October 8, 2018, the Plaintiff in the Consolidated Shareholder Litigation filed a notice of appeal of the District Court’s decision; the remaining parties (Plaintiffs and Goldman Sachs) have fully briefed the appeal, but the court of appeals has not yet scheduled oral argument. While no assurance can be given as to the ultimate outcome of the consolidated matter, we currently believe that the final resolution of the action will not have a material adverse effect on our results of operations, financial position, liquidity or capital resources.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

(1) The Tax Cuts and Jobs Act of 2017 (enacted on December 22, 2017) resulted in a \$66.6 million decrease of our net deferred tax liability and a corresponding benefit to our deferred federal income taxes for Fiscal 2017.

Our effective income tax rates for Fiscal 2018 and Fiscal 2017 were 17.0% and 36.2%, respectively (excluding the adjustment to our deferred tax liability resulting from the decrease in the federal income tax rate from 35% to 21% enacted on December 22, 2017, as part of the Tax Cuts and Jobs Act (the "TCJA")). The TCJA made broad changes to the U.S. tax code that not only effected 2017 (e.g., one-time transition tax on certain unrepatriated earnings of foreign subsidiaries and bonus depreciation that will allow for full expensing of qualified property) but also impacted 2018 and subsequent years. Changes enacted by the TCJA that impact our 2018 and subsequent years include: (1) the reduction of the U.S. federal corporate income tax rate from 35% to 21% ; (2) bonus depreciation that will allow for full expensing of certain qualified property in the year acquired and placed in service; (3) elimination of the corporate alternative minimum tax (AMT); (4) a new limitation on the deductibility of interest expense; (5) limitations on the deductibility of certain executive compensation; (6) limitations on the use of foreign tax credits to reduce current U.S. income tax liability; and (7) limitations on net operating losses generated after December 31, 2017, to 80 percent of taxable income.

Our effective income tax rate for Fiscal 2018 was favorably impacted by employment-related federal income tax credits, offset by the negative impact of nondeductible litigation costs related to the 2014 Merger, nondeductible penalties, an increase in our state income tax expense for the year which in large part was caused by state tax legislation enacted during the second quarter that increased the amount of income subject to state taxation, foreign income taxes withheld (not offset by a foreign tax credits due to the foreign tax credit limitation), an increase in the reserve for uncertain tax positions, an increase in a valuation allowance for deferred tax assets associated with a carryforward of certain state tax credits and deferred tax assets relating to our Canada operations that could expire before they are utilized, partially offset by a favorable one-time adjustment to deferred tax (the tax effect of the cumulative foreign currency translation adjustment existing as of January 1, 2018) resulting from the change in our intent to no longer indefinitely reinvest monies previously loaned to our Canadian subsidiary recorded in the first quarter.

Our effective income tax rate for Fiscal 2018 was also favorably impacted by adjustments to the provisional estimates provided in Fiscal 2017 to account for the impact of the TCJA pursuant to Staff Accounting Bulletin No. 118 ("SAB 118"). The SEC staff issued SAB 118 on December 22, 2017, which allows a company to recognize provisional amounts during a measurement period when it does not have the necessary information available, prepared or analyzed (including computations) in reasonable detail to complete its accounting for the change in tax law. SAB 118 further provides that the measurement period for finalizing the provisional estimates should not extend beyond one year from the enactment of the TCJA and that any adjustments made to the provisional amounts under SAB 118 should be recorded as discrete adjustments in the period identified.

Pursuant to SAB 118, we included a provisional estimate of \$66.6 million tax benefit in our consolidated financial statements for the fiscal year ended December 31, 2017, relating to the enactment of TJCA, which primarily related to the re-measurement of our deferred tax liability. In the second, third, and fourth quarters of Fiscal 2018, we recorded adjustments to the provisional estimate related to the enactment of TJCA equal to \$0.2 million tax benefit, \$0.5 million tax benefit, and \$0.7 million tax benefit respectively. The measurement period relating to the enactment of the TCJA ended during our fourth quarter, and the tax effects thereof have been completed as of the end of Fiscal 2018.

(2) Valuation allowance for deferred tax assets relating to Canada net operating loss and other non-U.S. differences and certain state tax credits.

As of December 30, 2018, we have \$8.1 million of federal net operating loss carryforwards (\$5.2 million expiring at the end of tax year 2037 and \$2.8 million with an indefinite carryforward period), \$14.5 million of state net operating loss carryforwards (expiring at the end of tax years 2022 through 2037), and \$2.1 million of Canadian net operating loss carryforwards (expiring at the end of tax years 2034 through 2037). In addition, as of December 30, 2018, we have \$12.2 million of interest carryforwards with an indefinite carryforward period, \$0.5 million of Alternative Minimum Tax credit carryforwards with an indefinite carryforward period, and state income tax credit carryforwards of \$0.5 million net of their related valuation allowance (expiring at the end of 2019 through 2027).

We file numerous federal, state, and local income tax returns in the U.S. and some foreign jurisdictions. As a matter of ordinary course, we are subject to regular examination by various tax authorities. Certain of our federal and state income tax returns are currently under examination and are in various stages of the audit/appeals process. In general, the U.S. federal statute of limitations has expired for our federal income tax returns filed for tax years ended before 2014 with the exception of the Peter Piper Pizza federal income tax returns with net operating losses which have been carried forward to open tax years (whereas, adjustments can be made to these prior returns until the respective statute of limitations expire for the particular tax years the net

operating losses are utilized). In general, our state income tax statutes of limitations have expired for tax years ended before 2014. In general, the statute of limitations for our Canada income tax returns has expired for tax years ended before 2014.

A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows:

	Fiscal Year		
	2018	2017	2016
	(in thousands)		
Balance at beginning of period	\$3,853	\$3,119	\$3,288
Additions for tax positions taken in the current year	114	1,677	74

Decreases for tax positions taken in prior years	(48)	(390)	(964)
Settlements with tax authorities	(5)	(32)	(558)
Expiration of statute of limitations	(199)	(537)	(200)
Balance at end of period	<u>\$4,286</u>	<u>\$3,853</u>	<u>\$3,119</u>

Our liability for uncertain tax positions (excluding interest and penalties) was \$4.3 million and \$3.9 million as of December 30, 2018 and December 31, 2017, respectively, and if recognized would decrease our provision for income taxes by \$3.3 million. Within the next twelve months, we could settle or otherwise conclude certain ongoing income tax audits. As such, it is reasonably possible that the liability for uncertain tax positions could decrease within the next twelve months by as much as \$3.9 million as a result of payments and/or settlements with certain taxing authorities and expiring statutes of limitations within the next twelve months. The total accrued interest and penalties related to unrecognized tax benefits as of December 30, 2018 and December 31, 2017, was \$1.1 million and \$1.0 million, respectively. On the Consolidated Balance Sheets, we include current accrued interest related to unrecognized tax benefits in "Accrued interest," current accrued penalties in "Accrued expenses" and non-current accrued interest and penalties in "Other noncurrent liabilities."

Note 16. Stock-Based Compensation Arrangements:**2014 Equity Incentive Plan**

The 2014 Equity Incentive Plan provides us authority to grant equity incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, stock bonus awards or performance compensation awards to certain directors, officers or employees of the Company.

During 2018, 2017 and 2016, we granted options to purchase 112,769 shares, 123,603 shares, and 101,110 shares, respectively, of our common stock to certain directors, officers and employees of the Company. The options are subject to certain service and performance based vesting criteria, and were split evenly between Tranches A, B and C, which have different vesting requirements. The options in Tranche A are service based, and vest and become exercisable in equal installments on each of the first five anniversaries of the respective grant dates. The Black-Scholes model was used to estimate the fair value of Tranche A stock options. Tranche B and Tranche C options are performance based and vest and become exercisable when certain return thresholds are achieved. The Monte Carlo simulation model was used to estimate the fair value of Tranche B and Tranche C stock options. Unvested Tranche A options are also subject to accelerated vesting and exercisability on the first anniversary of a change in control of Queso or within 12 months following such a change in control. Tranche B and C options may also vest and become exercisable if applicable hurdles are achieved in connection with an initial public offering.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

The weighted-average fair value of the options granted in 2018, 2017 and 2016 was estimated at \$4.93, \$1.93 and \$0.98 per option, \$3.71, \$2.28 and \$1.28 per option and \$2.99, \$1.68 and \$0.87 per option, respectively, for Tranches A, B and C, respectively, on the date of grant based on the following assumptions:

(1) The weighted average exercise price reflects the original grant date fair value per option as adjusted for the dividend payment made in August 2015.

As of December 30, 2018, we had \$0.6 million of total unrecognized share based compensation expense related to unvested options, net of expected forfeitures, which is expected to be amortized over the remaining weighted average period of 3.1 years.

In January 2019 and February 2019, we granted additional options to purchase 314,051 shares and 110,994 shares, respectively, of our common stock to certain officers and employees of the Company.

Note 17. Earnings (Loss) Per Share:

Basic earnings (loss) per share (“EPS”) represents net income (loss) divided by the weighted average number of common shares outstanding during the period. Diluted EPS represents net income (loss) divided by the basic weighted average number of common shares and, if dilutive, potential common shares outstanding during the period. Potential common shares represent the incremental common shares issuable upon the vesting of unvested equity incentive stock options. The dilutive effect of potential common shares is determined using the treasury stock method, whereby unamortized stock-based compensation cost of unvested equity incentive stock options, and any associated excess tax benefits are assumed to be used to repurchase our common stock at the average market price during the period.

The following table sets forth the computation of basic and diluted EPS:

	Fiscal Year

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

Note 18. Stockholders' Equity:

We have one class of common capital stock, as disclosed on our Consolidated Balance Sheets. Holders of our common stock are entitled to one vote per share held on all matters submitted to a vote of the stockholders.

Note 19. Related Party Transactions:

CEC reimburses Apollo Management, L.P. for certain out-of-pocket expenses incurred in connection with travel and Board of Directors related expenses. In addition, CEC engages Apollo portfolio companies to provide various services, including security services to its venues, licensed music video content for use in its venues, and employment screening services to its recruiting functions. Included in our Total operating costs and expenses are \$1.5 million, \$1.4 million and \$1.7 million for Fiscal 2018, Fiscal 2017 and Fiscal 2016, respectively.

Note 20. Subsequent Events:

The Company has evaluated subsequent events through April 29, 2019, which is the date the financial statements were issued, and determined that there have been no events that have occurred that would require adjustments to our disclosures in the consolidated financial statements except for the transaction described below:

Business Combination: On April 7, 2019, the Company and Leo Holdings Corp. ("Leo"), a publicly traded special purpose acquisition company, together with the Company's controlling stockholder, an entity owned by funds managed by affiliates of Apollo Global Management, LLC ("Apollo"), entered into a definitive business combination agreement (the "Leo Merger Agreement"). Concurrent with the closing of the transaction, Leo will domesticate as a Delaware corporation, following which Queso will merge with and into Leo with the result that CEC will continue as a wholly-owned subsidiary of Leo, which will be renamed Chuck E. Cheese Brands Inc. (the "Business Combination"). Concurrent with the consummation of the transaction, additional investors will purchase \$100 million of common stock of Leo in a private placement. After giving effect to any redemptions by the public shareholders of Leo, the balance of the approximately \$200 million in cash held in Leo Holdings' trust account, together with the \$100 million in private placement proceeds, will be used to pay transaction expenses and de-leverage the Company's existing capital structure by repaying all or substantially all of the \$255 million CEC senior notes (see Note 10. "Indebtedness and Interest Expense—CEC Senior Unsecured Notes"). It is expected that existing shareholders including funds managed by Apollo, will hold an approximately 51% stake in New CEC upon completion of the transaction.

In connection with the proposed Business Combination, including the domestication of Leo as a Delaware corporation, Leo intends to file with the SEC a registration statement on Form S-4 containing a preliminary proxy statement and a preliminary prospectus of Leo. After the registration statement is declared effective, Leo will mail a definitive proxy statement/prospectus relating to the proposed Business Combination and other relevant materials for the proposed Business Combination to its shareholders as of a record date to be established for voting on the proposed Business Combination.

All information provided pursuant to this Section 7.2 shall remain subject in all respects to the Confidentiality Agreement.

being provided subject to the terms of a confidentiality agreement dated as of December 15, 2018 between Leo and the Company (the “**Confidentiality Agreement**”). Leo acknowledges that it is, and shall remain until the Closing, subject to the terms of the Confidentiality Agreement, which are incorporated herein by reference. If this Agreement is, for any reason, terminated prior to the Closing, the Confidentiality Agreement shall continue in full force and effect in accordance with its terms.

(b) Effective upon, and only upon, the Closing, the confidentiality obligations under the Confidentiality Agreement shall terminate, except with respect to the provisions regarding disclosure and use of confidential information not related to the Company Group or the Business, which shall continue indefinitely.

7.4 Efforts to Consummate; Consents and Filings

(a) Each of the parties and their respective Affiliates shall use all reasonable best efforts to take, or cause to be taken, all appropriate action to do, or cause to be done, all things necessary, proper or advisable under applicable Law or otherwise to consummate and make effective the transactions contemplated by this Agreement as promptly as practicable, including to (i) obtain from any Governmental Authority with regulatory jurisdiction over enforcement of any applicable Antitrust Laws (“**Governmental Antitrust Authority**”) all Approvals as are necessary for the consummation of the transactions contemplated by this Agreement and (ii) promptly (and, with respect to the HSR Act, in no event later than ten (10) Business Days after the date hereof) make all necessary filings (and, if required under applicable Law, drafts thereof), and thereafter make any other required submissions, with respect to the transactions contemplated by this Agreement required under the HSR Act or any other applicable Antitrust Law.

(b) Without limiting the generality of the parties’ undertaking pursuant to [Section 7.4\(a\)](#), each party agrees to use its reasonable best efforts and to take any and all steps necessary to avoid or eliminate each and every impediment under any Antitrust Law that may be asserted by any Governmental Antitrust Authority or any other party so as to enable the parties hereto to expeditiously close the transactions contemplated by this Agreement no later than the Outside Date. Each party hereto shall use reasonable best efforts to resolve such objections, if any, as may be asserted by any Governmental Antitrust Authority with respect to the transactions contemplated hereby. In connection therewith, if any Action is instituted (or threatened to be instituted) challenging such transactions, and if, by mutual agreement, the parties hereto decide that litigation is in their best interests, each party shall cooperate and use reasonable best efforts vigorously to contest and resist any such action or proceeding and to have vacated, lifted, reversed, or overturned any Order that is in effect and that prohibits, prevents, or restricts consummation of such transactions. Notwithstanding the foregoing, no party nor any of its Affiliates shall be required to (i) divest or hold separate, or enter into any licensing or similar arrangement with respect to, any assets or any portion of the business of any party or to otherwise propose, proffer or agree to any other requirement, obligation, condition or restriction on the conduct of the business of any party, or (ii) to litigate any suit, claim, action, investigation or proceeding challenging or seeking to restrain or prohibit the consummation of the transaction.

(c) Each of the parties shall promptly notify the other parties of any substantive communication it or any of its Affiliates receives from any Governmental Antitrust Authority and of any substantive communication received or given in connection with any proceeding by a private party relating to the matters that are the subject of this Agreement, and consult each other party prior to any substantive communication with any Governmental Antitrust Authority to permit the other parties to review in advance any proposed communication by such party to any Governmental Antitrust Authority. No party to this Agreement shall agree to participate in any substantive meeting with any Governmental Antitrust Authority in respect of any filings, investigation or other inquiry (including in connection with any proceeding by a private party) unless it consults with the other parties in advance and, to the extent permitted by such Governmental Antitrust Authority, gives the other parties the opportunity to attend and participate at such meeting. Subject to the Confidentiality Agreement, the parties will coordinate and cooperate fully with each other in exchanging such information and providing such assistance as the other parties may reasonably request in connection with the foregoing and in seeking early termination of any

applicable waiting periods, including under the HSR Act. Subject to the Confidentiality Agreement, the parties will provide each other with copies of all correspondence, filings (except for Item 4(c) and 4(d) documents) or communications between them or any of their Representatives, on the one hand, and any Governmental Antitrust Authority or members of its staff, on the other hand, with respect to this Agreement and the transactions contemplated hereby.

(d) During the Interim Period, except with the prior written consent of the Company, neither Leo nor its Affiliates shall do anything, including entering into any transaction (or making any antitrust or competition law filing in connection with such transaction), that could reasonably be expected to prevent or delay any filings or Approvals required under the HSR Act or other applicable Antitrust Laws.

7.5 Expenses; Transfer Taxes

(a) All costs and expenses incurred in connection with this Agreement and the Related Documents and the transactions contemplated hereby and thereby shall be paid (i) in the case of the Company and the Seller, by the Company, and (ii) in the case of Leo, by Leo; provided, that, in the event that the Closing is consummated, at the Closing, Leo shall pay all costs and expenses incurred by Leo, the Company or the Seller, including any premiums related to any representation and warranty insurance policy obtained (provided that the aggregate cost of such representation and warranty insurance policy shall in no event exceed \$675,000, including all premium amounts, underwriting fees, due diligence expenses and any other fees, costs or expenses incurred or to be incurred in connection with procuring such policy), in connection with this Agreement and the Related Documents and the transactions contemplated hereby and thereby (all of the foregoing, collectively, the “**Transaction Costs**”). Exhibit G sets forth each service provider with respect to which each of Leo, the Company or the Seller will incur any Transaction Costs, and none of the parties hereto shall engage any service provider in connection with the transactions contemplated by this Agreement other than those listed on Exhibit G without the prior written consent of Leo, in the case of service providers engaged by the Company or the Seller, and the Seller, in the case of service providers engaged by Leo.

(b) All transfer, documentary, sales, use, registration, value-added and other similar Taxes (including all applicable real estate transfer Taxes and real property transfer gains Taxes and including any filing and recording fees) incurred by the Company (or any of its Subsidiaries) or Leo in connection with this Agreement, the Related Documents, the Merger and the other transactions contemplated hereby and thereby (“**Transfer Taxes**”) shall be paid by the Surviving Company as incurred (other than any Transfer Taxes incurred in connection with the Domestication and the transactions contemplated by the Sponsor Shares Surrender Agreement, which shall be paid by Leo). The Surviving Company (or Leo, as applicable) shall file, or cause to be filed, all Tax Returns required to be filed in connection with any such Transfer Taxes. Each party shall use commercially reasonable efforts to avail itself of any available exemptions from any such Transfer Taxes, and to cooperate with the other parties in providing any information and documentation that may be necessary to obtain such exemptions.

7.6 Tax Treatment of the Merger

(a) Leo and the Company shall use their respective reasonable best efforts to cause the Merger to qualify as, and agree not to, and not to permit or cause any Affiliate or any Subsidiary to, take any actions or cause any action to be taken that could reasonably be expected to prevent the Merger from qualifying as, a “reorganization” under Section 368(a) of the Code.

(b) This Agreement is intended to constitute and hereby is adopted as a “plan of reorganization” with respect to the Domestication and the Merger within the meaning of Treasury Regulations Section 1.368-2(g) and 1.368-3(a) for purposes of Sections 354, 361 and 368 of the Code and the Treasury Regulations thereunder.

(c) Leo and the Company shall prepare and file all income Tax Returns consistent with, and shall not take any income Tax reporting position inconsistent with, the Tax Treatment of the Transactions for U.S. federal,

state and other relevant income Tax purposes, unless otherwise required pursuant to a “determination” within the meaning of Section 1313(a) of the Code.

(d) To the extent that any opinions relating to the Tax Treatment of the Merger or the Tax Treatment of the Domestication are required in connection with the Form S-4 or the Proxy Statement, (i) the Company shall deliver to each of Morgan, Lewis & Bockius LLP and Kirkland & Ellis LLP an officer’s certificate, dated as of the Closing Date (and, if required, as of the effective date of the Form S-4 or the Proxy Statement, as applicable), signed by an officer of the Company, containing customary representations and warranties of the Company as shall be reasonably necessary or appropriate to enable such counsel to render its opinion, and (ii) Leo shall deliver to each of Morgan, Lewis & Bockius LLP and Kirkland & Ellis LLP an officer’s certificate, dated as of the Closing Date (and, if required, as of the effective date of the Form S-4 or the Proxy Statement, as applicable), signed by an officer of Leo, containing customary representations and warranties of Leo as shall be reasonably necessary or appropriate to enable such counsel to render its opinion.

7.7 Publicity

The Seller and Leo shall reasonably cooperate to (a) prepare and make a public announcement regarding the transactions contemplated by this Agreement on the date hereof and (b) create and implement a communications plan regarding the transactions contemplated hereby (the “**Communications Plan**”) promptly following the date hereof. Notwithstanding the foregoing, none of the parties hereto will make any public announcement or issue any public communication regarding this Agreement, the Related Documents or the transactions contemplated hereby or any matter related to the foregoing, without the prior written consent of the Seller, in the case of a public announcement by Leo, or Leo, in the case of a public announcement by the Seller or the Company (such consents, in either case, not to be unreasonably withheld, conditioned or delayed), except (i) if such announcement or other communication is required by applicable Law, in which case the disclosing party shall, to the extent permitted by applicable Law, first allow such other parties to review such announcement or communication and the opportunity to comment thereon and the disclosing party shall consider such comments in good faith, (ii) in the case of the Seller, Leo and their respective Affiliates, if such announcement or other communication is made in connection with fundraising or other investment related activities and is made to such Person’s direct and indirect investors or potential investors or financing sources subject to an obligation of confidentiality, (iii) to the extent provided for in the Communications Plan, internal announcements to employees of the Company, (iv) to the extent such announcements or other communications contain only information previously disclosed in a public statement, press release or other communication previously approved in accordance with this [Section 7.7](#), and (v) announcements and communications to Governmental Authorities in connection with filings or Permits relating to the transactions contemplated hereby required to be made under this Agreement.

7.8 Directors’ and Officers’ Indemnification and Insurance

(a) The parties hereto acknowledge and agree that all rights to indemnification, exculpation and advancement existing in favor of the current or former directors, officers, employees and agents of any member of the Company Group or Leo and each Person who served at the request of the Company or Leo as a director, officer, member, trustee or fiduciary of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or enterprise (the “**D&O Indemnified Persons**”), as provided in the certificate of incorporation, articles of organization, bylaws or similar constituent documents of any member of the Company Group in effect on the date of this Agreement, or in any indemnification agreement or arrangement as in effect as of the date of this Agreement with respect to matters occurring prior to or at the Closing, shall survive the consummation of the Merger and the transactions contemplated hereby and shall continue in full force and effect and that any member of the Company Group will perform and discharge such member of the Company Group’s respective obligations to provide such indemnity and exculpation from and after the Closing for a period of six years or until the settlement or final adjudication of any Action commenced during such period. The Surviving Company shall cause the Surviving Company Certificate of Incorporation and the Surviving Company Bylaws to

contain provisions with respect to indemnification, exculpation and advancement of the D&O Indemnified Persons no less favorable to the D&O Indemnified Persons than set forth in the Company's certificate of incorporation and bylaws (or other comparable governing documents), as in effect on the date of this Agreement, which provisions shall not be amended, repealed or otherwise modified after the Closing in any manner that would adversely affect the rights of any D&O Indemnified Person thereunder except as is required under applicable Law. From and after the Closing, the Surviving Company shall assume, guarantee and stand surety for, and shall cause the members of the Company Group to honor, in accordance with their respective terms, each of the covenants contained in this Section 7.8.

(b) From and following the Closing Date, the Surviving Company, shall, and shall cause the members of the Company Group to, to the fullest extent permitted under applicable Law, indemnify and hold harmless (and advance funds in respect of each of the foregoing, following receipt of any undertakings required by applicable Law) each of the D&O Indemnified Persons against any liabilities, losses, penalties, fines, claims, damages, reasonable and documented out-of-pocket costs or expenses in connection with any actual or threatened, in writing, Action, arising out of, relating to or in connection with any action or omission occurring or alleged to have occurred in such D&O Indemnified Person's capacity as a director or officer of any member of the Company Group, or in such D&O Indemnified Person's capacity as a director, officer, member, trustee or fiduciary of another corporation, partnership, joint venture, trust, pension or other employee benefit plan or enterprise at the request or for the benefit of any member of the Company Group, before the Closing Date (including acts or omissions in connection with such persons serving as an officer, director or other fiduciary in any entity if such service was at the request or for the benefit of any member of the Company Group). In the event of any such Action, the Surviving Company and the members of the Company Group, as applicable, shall reasonably cooperate with the D&O Indemnified Person in the defense of any Action; provided, that none of the Surviving Company and the members of the Company Group shall be liable for any settlement effected without its prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed). Each of Leo and the Company hereby acknowledges that certain D&O Indemnified Persons may have rights to indemnification and advancement of expenses provided by a former stockholder of the Company (including the Seller) or its respective Affiliates (each, a "**Former Stockholder Indemnitor**") (directly or through insurance obtained by any such entity). Each of Leo and the Company hereby agrees and acknowledges that (i) the Surviving Company is the indemnitor of first resort with respect to the D&O Indemnified Persons, (ii) the Surviving Company shall be required to advance the full amount of expenses incurred by the D&O Indemnified Persons, as required by Law, the terms of the Surviving Company's organizational documents, any applicable agreement, vote of stockholders or disinterested directors, or otherwise, without regard to any rights the D&O Indemnified Persons may have against any Former Stockholder Indemnitors and (iii) to the extent permitted by Law, the Surviving Company irrevocably waives, relinquishes and releases the Former Stockholder Indemnitors from any and all claims for contribution, subrogation or any other recovery of any kind in respect thereof. Each of Leo and the Company further agrees no advancement or payment by any Former Stockholder Indemnitor with respect to any claim for which the D&O Indemnified Persons have sought indemnification pursuant hereto shall affect the foregoing, and such Former Stockholder Indemnitors shall have a right of contribution and/or be subrogated to the extent of such advancement or payment to all of the rights of recovery of the D&O Indemnified Persons against the Surviving Company.

(c) For a period of six years from the Closing Date, the Surviving Company shall maintain directors' and officers' liability insurance covering (as direct beneficiaries) all D&O Indemnified Persons, in each case of the type and with the amount of coverage no less favorable than those of the directors' and officers' liability insurance maintained as of the date of this Agreement by, or for the benefit of, the Company Group (the "**Current Policies**"), and with such other terms as are no less favorable than those in the Current Policies; provided, however, that (i) in no event shall the Surviving Company be obligated to pay annual premiums greater than 300% of such premiums paid or payable as of the date of this Agreement and (ii) if the annual premium for such coverage and amount of insurance would exceed 300% of such current annual rate, the Surviving Company shall provide the maximum coverage which shall then be available at an annual premium not exceeding 300% of such rate. The Surviving Company shall maintain any such directors' and officers' liability insurance in full force

and effect for its full term, and honor all obligations thereunder (including the payment of any applicable premiums). Without limiting the foregoing, the Company shall obtain prior to the Closing a fully-paid six-year “tail” insurance policy (the “**D&O Tail**”) with respect to directors’ and officers’ liability insurance of the type and with the amount of coverage and such other terms as are no less favorable in the aggregate than those in the Current Policies, and the cost of the D&O Tail shall be included as a Transaction Cost. The Surviving Company shall maintain the D&O Tail in full force and effect for its full term and will honor all obligations thereunder.

(d) If the Surviving Company or any of its respective successors or assigns (i) shall consolidate with or merge into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger or (ii) shall transfer all or substantially all of its properties and assets to any Person, then, and in each such case, proper provisions shall be made so that the successors and assigns of the Surviving Company shall assume all of the obligations of the Surviving Company set forth in this [Section 7.8](#).

(e) The provisions of this [Section 7.8](#) shall survive the Closing and are (i) intended to be for the benefit of, and will be enforceable by, each D&O Indemnified Person, and each D&O Indemnified Person’s heirs, legatees, representatives, successors and assigns, and shall be binding on all successors and assigns of Leo and may not be terminated or amended in any manner adverse to such D&O Indemnified Person without its prior written consent and (ii) in addition to, and not in substitution for, any other rights to indemnification or contribution that any such Person may have by Contract or otherwise.

7.9 Employee Matters

(a) The Surviving Company shall, or shall cause one of its Subsidiaries to, continue to employ, immediately following the Effective Time, each individual employed by the Surviving Company or any of its respective Company Subsidiaries immediately prior to the Effective Time, including those on vacation, sick leave, maternity leave, military service, lay-off, disability or other approved leave of absence (such employees, collectively, the “**Company Group Employees**”). During the 12-month period following the Effective Time (the “**Benefit Period**”), the Surviving Company shall, or shall cause one of its Subsidiaries to, provide the Company Group Employees who continue to be actively employed by the Surviving Company (or any of its Subsidiaries) during such 12-month period with base salary and base wages to such Company Group Employees that are substantially similar to those provided to the Company Group Employees immediately prior to the Effective Time and with annual target cash bonus opportunities (excluding, for the avoidance of doubt, equity or equity based compensation, deferred compensation, or transaction bonuses) and 401(k) and group health benefits that are substantially similar in the aggregate to those provided to the similarly situated Company Group Employees immediately prior to the Closing Date.

(b) With respect to any employee benefits that are provided to the Company Group Employees under employee benefits plans of the Surviving Company or its Subsidiaries (the “**Surviving Company Plans**”) that replace the Benefit Plans (as provided by the Company Group immediately prior to the Effective Time) during the Benefit Period for such Company Group Employee, the Surviving Company shall, or shall cause its Subsidiaries to, use commercially reasonable efforts to provide that each Company Group Employee shall be immediately eligible to participate, without any waiting time, and service accrued by the Company Group Employees during employment with any member of each Company Group or their predecessors prior to Closing Date shall be recognized to the same extent and for the same purpose as recognized under the analogous Benefit Plan, except to the extent necessary to prevent duplication of benefits. With respect to any medical, dental or other group health benefits that are provided to the Company Group Employees under the Surviving Company Plans, the Surviving Company shall, or shall cause its Subsidiaries to, use commercially reasonable efforts to provide that any applicable pre-existing condition exclusions and actively-at-work requirements (except to the extent not satisfied under the comparable Benefit Plan as of such time) shall be waived, and any expenses incurred before such time under the comparable Benefit Plan shall be taken into account under such the Surviving Company Plan for purposes of satisfying applicable deductible, coinsurance and maximum out-of-pocket provisions.

Table of Contents

(c) Nothing herein shall (i) be construed to establish or be treated as an amendment or modification of any Benefit Plan or Surviving Company Plan, (ii) alter or limit the Surviving Company's ability to amend, modify or interpret or terminate any Surviving Company Plan at any time in accordance with the terms of such plan and applicable Law or (iii) give any third party, including any Company Group Employee, any right to continued employment or any particular term or condition of employment following the Closing or to rely upon or demand or enforce the provisions of this Section 7.9.

7.10 [Reserved]

(b) Prior to the Closing, the Company Group shall exercise, consistent with the terms and conditions set forth in this Agreement, complete control and supervision over its operations.

7.12 Exclusivity

(a) From the date of this Agreement and ending on the earlier of (i) the Closing and (ii) the termination of this Agreement pursuant to Article IX in accordance with its terms (the "**Interim Period**"), the Seller shall not, and shall cause the Company and their respective Representatives not to, directly or indirectly, (A) enter into, solicit, initiate or continue any discussions or negotiations with, or encourage or respond to any inquiries or proposals by, or participate in any negotiations with, or provide any information to, or otherwise cooperate in any way with, any Person or other entity or group, concerning any sale of any material assets of the Company or any of the outstanding Common Stock or any conversion, consolidation, liquidation, dissolution or similar transaction involving the Company other than with Leo and its Representatives (an "**Alternative Transaction**"), (B) enter into any agreement regarding, continue or otherwise participate in any discussions regarding, or furnish to any Person any information with respect to, or cooperate in any way that would otherwise reasonably be expected to lead to, any Alternative Transaction or (C) commence, continue or renew any due diligence investigation regarding any Alternative Transaction; provided that the execution, delivery and performance of this Agreement and the Related Documents and the consummation of the transactions contemplated hereby shall not be deemed a violation of this Section 7.12. The Seller shall, and shall cause its respective Affiliates and respective Representatives to, immediately cease any and all existing discussions or negotiations with any Person conducted heretofore with respect to any Alternative Transaction. If the Seller, the Company or any of their respective Representatives receives any inquiry or proposal with respect to an Alternative Transaction at any time prior to the Closing, then the Seller shall promptly (and in no event later than 24 hours after the Seller becomes aware of such inquiry or proposal) notify such Person in writing that the Seller is subject to an exclusivity agreement with respect to the sale of the Company that prohibits them from considering such inquiry or proposal. Without limiting the foregoing, the parties hereto agree that any violation of the restrictions set forth in this Section 7.12(a) by the Seller or its Affiliates or Representatives shall be deemed to be a breach of this Section 7.12(a) by the Seller.

Leo shall, and shall cause each of its Affiliates and their respective Representatives to, immediately

cease any and all existing discussions or negotiations with any Person conducted heretofore with respect to any Business Combination Proposal. 9.2 Effect of Termination

If this Agreement is terminated and the transactions contemplated hereby are abandoned as described in [Section 9.1](#), this Agreement shall become null and void and of no further force and effect, except for the provisions of this [Section 9.2](#) and [Sections 4.4](#), [5.20](#), [6.16](#), [7.3](#), [7.5\(a\)](#), [7.7](#), [7.12\(b\)](#), [7.21](#), [Article X](#) and any

corresponding definitions set forth in [Annex I](#). Nothing in this [Section 9.2](#) shall be deemed to release any party from any liability for any Intentional Breach by such party of the terms and provisions of this Agreement prior to such termination.

ARTICLE X

GENERAL PROVISIONS

10.1 [Reserved]

10.2 Survival and Indemnification

(a) Except for the Fundamental Representations, the representations and warranties and the covenants to be performed at or prior to the Closing, in each case, set forth in this Agreement, any Related Document or in any document delivered in connection herewith or therewith shall terminate and be of no further force and effect from and after the Closing; provided, that for the avoidance of doubt, all covenants or agreements of the parties that by their terms require performance after the Closing shall survive the Closing in accordance with their terms.

(b) The Fundamental Representations shall survive the Closing and the consummation of the transactions contemplated by this Agreement and the Related Documents until the fourth (4th) anniversary of the Closing Date and notwithstanding the foregoing, (i) any representation or warranty that would otherwise terminate in accordance with the immediately preceding sentence shall survive and continue in full force and effect if a notice shall have been timely given under [Sections 10.2\(e\)](#) and [10.2\(f\)](#) on or prior to such termination date, until the related claim for indemnification has been satisfied or otherwise resolved as provided in this [Section 10.2](#), and (ii) the obligations of the Seller to indemnify and hold harmless the Leo Indemnified Parties for any claim based on or arising out of any claim for Fraud shall not terminate.

(c) Subject to the limitations set forth in this [Section 10.2](#), the Seller shall indemnify and hold harmless Leo and each of its respective Affiliates, and each of the officers, directors, managers, equityholders, partners, employees, agents and representatives of the foregoing, and any Person claiming by or through any of them, in each case as determined immediately prior to the Effective Time (each, a “**Leo Indemnified Party**”), against and in respect of any and all claims, costs, Taxes, expenses, damages, liabilities or losses (including attorneys’ fees and other costs and expenses incident to any Action, but subject to [Section 10.14](#), “**Damages**”) arising out of, resulting from, or incurred in connection with any inaccuracy or breach of (i) any Fundamental Representation made by the Seller in [Article IV](#) or (ii) any Fundamental Representation made by the Company in [Article V](#) (in each case, the existence of such inaccuracy or breach, and in each case, the Damages related thereto, to be determined without regard to any qualifications therein referencing the terms “materiality,” “Material Adverse Effect,” “Knowledge” or other terms of similar import or effect); provided, however, that (A) the cumulative indemnification obligations of the Seller under [Section 10.2\(c\)](#) for Damages arising out of, resulting from, or incurred in connection with any inaccuracy or breach of any Fundamental Representation made by the Seller in [Article IV](#) or made by the Company in [Article V](#) shall in no event exceed the Cap except for any claim for indemnification based on Fraud.

(d) Each Leo Indemnified Party shall use its commercially reasonable efforts to pursue and collect on any recovery available under any applicable insurance policies prior to seeking indemnification from the Seller under this [Section 10.2](#). The indemnification obligations of the Seller under this [Section 10.2](#) shall be reduced by any and all amounts actually recovered by any Leo Indemnified Party under applicable insurance policies or from any other Person responsible for such Damages (net of any actual expenses incurred by such Leo Indemnified Party in connection with such recovery). If a Leo Indemnified Party actually receives any amounts under applicable insurance policies or from any other Person responsible for any Damages subsequent to an indemnification payment by the Seller, then such Leo Indemnified Party shall promptly reimburse the Seller for any reasonable and documented out-of-pocket payment made or expense incurred by the Seller in connection

with providing such indemnification up to the amount received by the Leo Indemnified Party, net of any actual expenses incurred by such Leo Indemnified Party in collecting such amount.

(e) In the case of any claim for indemnification arising from a claim of a third party (a “**Third-Party Claim**”), a Leo Indemnified Party shall give prompt written notice to the Seller (a “**Notice of Claim**”) of any claim or demand for which such Leo Indemnified Party has knowledge and as to which it may request indemnification hereunder (provided that no delay on the part of the Leo Indemnified Party in notifying the Seller shall relieve the Seller from any indemnification obligation hereunder unless the Seller is actually materially prejudiced as a result of such delay). With respect to any Third-Party Claim, the Notice of Claim shall describe the facts and circumstances giving rise to such claim, the basis upon which indemnity is being sought and the amount or estimated amount of such claim (to the extent then reasonably determinable by the Leo Indemnified Party) and shall include copies of any documents served on the Leo Indemnified Party with respect to such Third-Party Claim. Except as otherwise provided herein, the Seller shall have the right to defend and to direct the defense against any such Third-Party Claim (other than any Third-Party Claim that constitutes or arises out of an Action relating to Taxes), in its name or in the name of the Leo Indemnified Party, as the case may be, at the expense of the Seller, and with counsel selected by the Seller; provided, however, that the Seller shall not be entitled to assume the defense or control of a Third-Party Claim (and the Leo Indemnified Party shall be entitled to have sole control over the defense of such Third-Party Claim) if (i) such Third-Party Claim involves any criminal proceeding, action, indictment, allegation or investigation or (ii) counsel to the Leo Indemnified Party shall have reasonably concluded that (A) there is a conflict of interest other than the indemnity obligations between the Leo Indemnified Party and the Seller in the conduct of the defense of such Third-Party Claim (other than any conflict of interest arising out of the indemnification rights and obligations of the parties hereunder) or (B) the Leo Indemnified Party has one or more defenses not available to the Seller; provided, further, that in the event any Third-Party Claim is brought or asserted that (together with all other claims against the Seller that are subject to unresolved Notices of Claim) seeks recovery in excess of the then remaining portion of the Cap, the Leo Indemnified Party may elect to participate in a joint defense of such Third-Party Claim at the expense of such Leo Indemnified Party and with counsel reasonably satisfactory to both parties. The Leo Indemnified Party shall have the right to participate in the defense of any Third-Party Claim with counsel employed at its own expense; provided, however, that in the case of any Third-Party Claim described in clause (i) and (ii) above or as to which the Seller shall not in fact have employed counsel to assume the defense of such Third-Party Claim, the reasonable and documented out-of-pocket fees and disbursements of such counsel shall be at the expense of the Seller. No compromise or settlement of any Third-Party Claim may be effected by the Seller without the Leo Indemnified Party’s written consent (which shall not be unreasonably withheld, conditioned or delayed) unless (x) there is no finding or admission of any violation of Law and no effect on any other claims that may be made against such Leo Indemnified Party or its Affiliates and (y) each Leo Indemnified Party that is party to such Third-Party Claim is fully and unconditionally released from liability with respect to such claim. The Seller shall have no indemnification obligations with respect to any Third-Party Claim which shall be settled by the Leo Indemnified Party without the prior written consent of the Seller, which consent shall not be unreasonably withheld, conditioned or delayed.

(f) In the event that a Leo Indemnified Party determines that it has a claim for Damages against a Seller under this [Section 10.2](#) other than as a result of a Third-Party Claim (an “**Inter-Party Claim**”), the Leo Indemnified Party shall promptly deliver to the Seller a Notice of Claim with respect to such Inter-Party Claim, which Notice of Claim shall describe the facts and circumstances giving rise to such claim, the basis upon which indemnity is being sought and the amount or estimated amount of such claim (to the extent then reasonably determinable by the Leo Indemnified Party) (provided that no delay on the part of the Leo Indemnified Party in notifying the Seller shall relieve the Seller from any indemnification obligation hereunder unless the Seller is actually materially prejudiced as a result of such delay). The Leo Indemnified Party will reasonably cooperate and assist the Seller in determining the validity of any claim for indemnity by the Leo Indemnified Party and in otherwise resolving such matters. Such assistance and cooperation will include, subject to advance notice by the Seller, providing reasonable access to and copies of information, records and documents relating to such matters, furnishing employees to assist in the investigation, defense and resolution of such matters and providing legal

and business assistance with respect to such matters. The Seller shall notify the Leo Indemnified Party within fifteen (15) days following its receipt of a Notice of Claim if the Seller disputes its liability to the Leo Indemnified Party under this Section 10.2. If the Seller has timely disputed its liability with respect to such claim as provided above, the Seller and the Leo Indemnified Party shall negotiate in good faith to resolve such dispute. If no notice of dispute is delivered by the Seller within fifteen (15) days of the Seller's receipt of the Notice of Claim or such dispute remains unresolved as of the fifteenth (15th) day after receipt by Leo of the Seller's timely delivery of its notice of dispute, the Leo Indemnified Party shall have the right to commence an Action against the Seller to seek to enforce its purported rights to indemnification from and against any Damages that are the subject of such Notice of Claim.

(g) Promptly and in any event within five (5) Business Days following the final determination of the amount of any Damages payable by the Seller to any Leo Indemnified Party pursuant to the indemnification obligations of the Seller under this Section 10.2, the Seller shall, subject to the Cap, pay to Leo or such Leo Indemnified Party the amount of such Damages as so determined by wire transfer of immediately available funds to a bank account designated in writing by Leo or such Leo Indemnified Party, provided that notwithstanding the foregoing, nothing herein shall limit claims or remedies for Fraud.

(h) Leo acknowledges and agrees that, should the Closing occur, its and each Leo Indemnified Party's sole and exclusive remedy with respect to any and all matters arising out of, relating to or connected with this Agreement, the Related Documents, the transactions contemplated hereby and thereby, the Company Group and their respective assets and liabilities, the Company Stock shall be pursuant to the indemnification provisions set forth in this Article X; provided that notwithstanding the foregoing, nothing herein shall limit claims or remedies for Fraud or specific performance.

(i) Solely for the purposes of this Section 10.2, by execution and approval of the transactions contemplated hereby and pursuant to the Leo Shareholder Approvals, Sponsor shall be appointed as the representative and attorney-in-fact of all shareholders of record of Leo as of immediately prior to the date hereof in their capacities as a Leo Indemnified Party, with full power and authority, including power of substitution, to act on behalf of such Leo Indemnified Party under this Section 10.2, which Sponsor may deem necessary or advisable, or which may be required pursuant to this Section 10.2 and the performance of all obligations under this Section 10.2 following the Closing, including, but not limited to, the exercise of the power to: (i) give and receive notices and communications to or from such Leo Indemnified Party relating to this Section 10.2; (ii) negotiate, settle, compromise and otherwise handle any claims for indemnification under this Section 10.2 on behalf of each such Leo Indemnified Party under this Section 10.2, (iii) to do each and every act and exercise any and all rights which each such Leo Indemnified Party is, or collectively are, permitted or required to do or exercise under Section 10.2, and (iv) take all actions necessary or appropriate in the judgment of Sponsor for the accomplishment of the foregoing. Sponsor shall have the authority and power to act on behalf of each such Leo Indemnified Party with respect to the disposition, settlement or other handling of all claims under this Section 10.2 and all rights or obligations arising hereunder. Such Leo Indemnified Parties shall be bound by all actions taken and documents executed by Sponsor in connection with this Section 10.2, and the Seller shall be entitled to rely on any action or decision of Sponsor related thereto. Sponsor shall receive no compensation for its services. Notices or communications to or from Sponsor with respect to this Section 10.2 shall constitute notice to or from each such Leo Indemnified Party. In performing the functions specified in this Section 10.2(i), Sponsor shall not be liable to any such Leo Indemnified Party for any damages, losses or liabilities whatsoever, other than actual losses that are determined by a final, nonappealable judgement of Delaware court to have been primarily caused by the willful misconduct of Sponsor.

10.3 Notices

All notices or other communications required or permitted to be given hereunder shall be in writing and shall be delivered by hand, facsimile, electronic mail or postage prepaid mail (registered or certified) or nationally recognized overnight courier service and shall be deemed given when so delivered by hand, facsimile or electronic mail, or if mailed, three days after mailing (one Business Day in the case of overnight courier service), as follows:

10.4 Severability

It is the desire and intent of the parties hereto that the provisions of this Agreement be enforced to the fullest extent permissible under the Laws and public policies applied in each jurisdiction in which enforcement is sought. Accordingly, if any particular provision of this Agreement shall be adjudicated by a court of competent jurisdiction to be invalid, prohibited or unenforceable for any reason, such provision, as to such jurisdiction, shall be ineffective, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be invalid, prohibited or unenforceable in such jurisdiction, it shall, as to such jurisdiction, be so narrowly drawn, without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such provision in any other jurisdiction.

10.5 Specific Performance

The parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and the Related Documents and to enforce specifically the terms and provisions of this Agreement and the Related Documents.

10.6 Entire Agreement

This Agreement, the Related Documents and the Confidentiality Agreement (including the Exhibits and Schedules hereto and thereto) contain the entire agreement and understanding between the parties hereto with respect to the subject matter hereof and supersede all prior agreements and understandings relating to such subject matter. No party shall be liable or bound to any other party in any manner by any representations, warranties or covenants relating to such subject matter except as specifically set forth herein or in the Related Documents or the Confidentiality Agreement.

10.7 Assignment

This Agreement and the rights and obligations hereunder shall not be assignable or transferable by any of the parties hereto, in whole or in part (including by operation of law in connection with a merger or consolidation or conversion of Leo, other than the Domestication), without the prior written consent of the other parties, which any such party may withhold in its absolute discretion.

10.8 No Third-Party Beneficiaries

Except as set forth in the last sentence of this [Section 10.8](#) and [Section 10.2](#), this Agreement is for the sole benefit of the parties hereto and their respective successors and permitted assigns and nothing in this Agreement

[Table of Contents](#)

expressed or implied shall give or be construed to give to any Person, other than the parties hereto and such successors and permitted assigns, any legal or equitable rights under this Agreement. Notwithstanding anything to the contrary set forth in this Agreement, (a) each of the Related Parties shall be a third-party beneficiary of the provisions set forth in [Section 10.13](#) and (b) if the Merger is consummated, (i) each of the D&O Indemnified Persons shall be a third-party beneficiary of the provisions set forth in [Section 7.8](#) and (ii) the Seller's and the Company's Representatives shall be third-party beneficiaries of the last sentence of [Section 7.5\(a\)](#).

10.9 Amendment

This Agreement may be amended by the parties to this Agreement at any time before the Closing, by an instrument in writing signed on behalf of each party, and any purported amendment, modification or supplement by any of the parties in any manner that does not comply with this [Section 10.9](#) shall be void and of no force and effect.

10.10 Waiver

No provision of this Agreement may be waived unless such waiver is in writing and signed by the party or parties against whom such waiver is to be effective. No failure or delay of any party in exercising any right or remedy hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such right or power, or any abandonment or discontinuance of steps to enforce such right or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right or power. The rights and remedies of the parties hereunder are cumulative and are not exclusive of any rights or remedies that they would otherwise have hereunder.

10.11 Governing Law; Jurisdiction

(a) This Agreement and all disputes, claims or controversies relating to, arising out of, or in connection with this Agreement shall be governed by and construed in accordance with the internal Laws of the State of Delaware applicable to contracts executed in and to be performed in that State, without giving effect to any choice of Law or conflict of Laws rules or provisions (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the State of Delaware.

(b) Each party irrevocably agrees that any Action arising out of or relating to this Agreement brought by the other party or its successors or assigns shall be brought and determined in the Court of Chancery of the State of Delaware (or, solely if such courts decline jurisdiction, in any federal court located in the State of Delaware), and each party hereby irrevocably submits to the exclusive jurisdiction of the aforesaid courts for itself and with respect to its property, generally and unconditionally, with regard to any such Action arising out of or relating to this Agreement and the transactions contemplated hereby. Each party agrees not to commence any Action relating thereto except in the courts described above in Delaware, other than actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in Delaware as described herein. Each party further agrees that notice as provided herein shall constitute sufficient service of process and each party further waives any argument that such service is insufficient. Each party hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any Action arising out of or relating to this Agreement or the transactions contemplated hereby, (i) any claim that it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (ii) that it or its property is exempt or immune from the jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (iii) that (A) the Action in any such court is brought in an inconvenient forum, (B) the venue of such Action is improper or (C) this Agreement, or the subject matter hereof, may not be enforced in or by such courts. Each party agrees that a final, non-appealable judgment in any action or proceeding so brought shall be conclusive and may be enforced by suit on the judgment or in any other manner provided by Law.

10.12 Waiver of Jury Trial

EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE IT HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER, (B) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF SUCH WAIVER, (C) IT MAKES SUCH WAIVER VOLUNTARILY AND (D) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVER AND CERTIFICATIONS IN THIS [SECTION 10.12](#).

10.13 Recourse

All Actions, obligations or losses (whether in Contract, in tort, in Law or in equity, or granted by statute whether by or through attempted piercing of the corporate, limited partnership or limited liability company veil) that may be based upon, in respect of, arise under, out or by reason of, be connected with, or relate in any manner to (i) this Agreement, (ii) the negotiation, execution or performance of this Agreement (including any representation or warranty made in connection with, or as inducement to, this Agreement), (iii) any breach or violation of this Agreement and (iv) any failure of the Merger or any other transaction contemplated by this Agreement to be consummated, in each case, may be made only against (and are those solely of) the Persons that are expressly identified as parties to this Agreement. In furtherance and not in limitation of the foregoing, and notwithstanding anything that may be expressed or implied in this Agreement, and notwithstanding the fact that certain of the parties may be partnerships or limited liability companies, each party hereto covenants, agrees and acknowledges that no recourse under this Agreement, any Related Document or any documents or instruments delivered in connection with this Agreement or any Related Document shall be had against any party's Affiliates or any of such party's or such parties Affiliates' former, current or future direct or indirect equityholders, controlling persons, stockholders, directors, officers, employees, agents, members, managers, general or limited partners or assignees (each a "**Related Party**" and collectively, the "**Related Parties**"), in each case other than the parties hereto and each of their respective successors and permitted assignees under this Agreement (and, in the case of any Related Document, the applicable parties thereto and each of their respective successors and permitted assigns), whether in Contract, tort, by the enforcement of any assessment or by any legal or equitable proceeding, or by virtue of any applicable Law, it being expressly agreed and acknowledged that no personal liability whatsoever shall attach to, be imposed on or otherwise be incurred by any of the Related Parties, as such, for any obligation or liability of any party under this Agreement or any documents or instruments delivered in connection herewith for any claim based on, in respect of or by reason of such obligations or liabilities or their creation; provided, however, that nothing in this [Section 10.13](#) shall relieve or otherwise limit the liability of any party hereto or any of their respective successors or permitted assigns for any breach or violation of its obligations under such agreements, documents or instruments.

10.14 Limitation on Damages

No party shall be liable for any punitive damages relating to the breach of this Agreement (except to the extent asserted against a party pursuant to a Third-Party Claim).

10.15 Disclosure Schedules

The information set forth in this Agreement and the Disclosure Schedules attached hereto is disclosed solely for purposes of this Agreement, and no information set forth herein or therein shall be deemed to be an admission

[Table of Contents](#)

by any party hereto to any Person (including any other party) of any matter whatsoever (including any violation of Law or breach of Contract). Notwithstanding any provision of this Agreement or anything to the contrary contained in the Disclosure Schedules, the information and disclosures contained in any section or subsection of the Disclosure Schedules shall be deemed to be disclosed with respect to, and qualify, any representation or warranty of the Seller or any member of the Company Group to which the relevance of such information and disclosure is reasonably apparent on the face of such disclosure. The fact that any item of information is disclosed in any section or subsection of the Disclosure Schedules shall not be construed to mean that such information is required to be disclosed by this Agreement or is material to or outside the ordinary course of the business of any Seller or any member of the Company Group. Such information and the dollar thresholds set forth herein and therein shall not be used as a basis for interpreting the terms “material” or “Material Adverse Effect” or other similar qualifier in this Agreement. In addition, matters reflected in any section or subsection of the Disclosure Schedules are not necessarily limited to matters required by this Agreement to be reflected in the Disclosure Schedules. Such additional matters are set forth for informational purposes only and do not necessarily include other matters of a similar nature.

10.16 Interpretation

The headings set forth in this Agreement, in any Exhibit or Disclosure Schedule hereto and in the table of contents to this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. Except when the context requires otherwise, any reference in this Agreement to any Article, Section, clause, Schedule or Exhibit shall be to the Articles, Sections and clauses of, and Schedules and Exhibits to, this Agreement. The words “include,” “includes” and “including” are deemed to be followed by the phrase “without limitation” and the term “dollar” or “\$” means lawful currency of the United States. Reference to any Person includes such Person’s successors and assigns to the extent such successors and assigns are permitted by the terms of any applicable agreement, and reference to a Person in a particular capacity excludes such Person in any other capacity or individually. Reference to any agreement (including this Agreement), document or instrument means such agreement, document or instrument as amended or modified and in effect from time to time in accordance with the terms thereof and, if applicable, the terms hereof. Reference to any Law means such Law as amended, modified, codified, replaced or re-enacted, in whole or in part, including rules, regulations, enforcement procedures and any interpretations promulgated thereunder, all as in effect on the date of this Agreement. Any reference to the masculine, feminine or neuter gender shall include such other genders and any reference to the singular or plural shall include the other, in each case unless the context otherwise requires. All Exhibits and Disclosure Schedules annexed hereto or referred to herein are hereby incorporated in and made a part of this Agreement as if set forth in full herein. When a reference is made in this Agreement to a Section, Exhibit or Disclosure Schedule, such reference shall be to a Section of, or an Exhibit or Disclosure Schedule to, this Agreement unless otherwise indicated. The words “made available” and words of similar import refer to materials posted to the Data Room no later than 5:30 pm EST on April 6, 2019, provided that any such material that is subject to privilege or confidentiality restrictions has not been uploaded to the Data Room, but has been physically provided to Leo’s counsel prior to the date of this Agreement.

10.17 No Presumption Against Drafting Party

Each of the parties acknowledges that it has been represented by counsel in connection with this Agreement and the transactions contemplated hereby. Accordingly, any rule of law or any legal decision that would require interpretation of any claimed ambiguities in this Agreement against the drafting party has no application and is expressly waived.

10.18 Company and the Seller Privilege

The Seller has advised Leo that Morgan, Lewis & Bockius LLP (the “*Firm*”) has represented both the Company and the Seller prior to the Closing with respect to the transactions contemplated hereby (the “*Pre-Closing Engagement*”), and, recognizing that the Seller intends to engage the Firm to act as legal counsel

[Table of Contents](#)

to the Seller and its Affiliates after the Closing, Leo hereby waives, on its own behalf, and agrees to cause its Affiliates (including, to the extent permissible, the Surviving Company after the Closing), to waive any conflict of interest that may arise in connection with the Firm representing the Seller or any of its Affiliates after the Closing as it relates to the Pre-Closing Engagement. In light of the foregoing and subject to the following sentence, the Parties agree that any attorney-client privilege or attorney work-product to the extent recognized as such under applicable Law with respect to the Pre-Closing Engagement and all information and documents to the extent covered by such privilege or protection under applicable Law and all confidential communications solely between and documents solely exchanged by the Company Group, the Seller, their respective Affiliates, on one hand, and the Firm, on the other hand, with respect to the Pre-Closing Engagement (the “**Privileged Communications**”) shall belong to and be controlled by the Seller (and not the Company Group) and may be waived only by the Seller (and not the Company Group) and shall not pass to or be claimed or used by Leo, the Surviving Company or any of their respective Affiliates after the Closing. Accordingly, the Company Group shall not, without the Seller’s consent, have access to the files of the Firm relating to the Pre-Closing Engagement to the extent they constitute Privileged Communications. Without limiting the generality of the foregoing, upon and after the Closing, (a) the Seller and its Affiliates (and not the Company Group) shall be the sole holders of the Privileged Communications with respect to the Pre-Closing Engagement, and no member of the Company Group shall be a holder thereof, (b) to the extent that files of the Firm in respect of the Pre-Closing Engagement constitute property of the Seller or Privileged Communications, only the Seller and its Affiliates (and not the Company Group) shall hold such property rights and (c) the Firm shall have no duty whatsoever to reveal or disclose any such Privileged Communications to any of the Company Group by reason of any attorney-client relationship between the Firm and the Company Group or otherwise. The Firm shall not disclose any Privileged Communications to any third parties (other than representatives, accountants and advisors of the Seller and its respective Affiliates; provided, that such representatives, accountants and advisors are instructed to maintain the confidence of the Privileged Communications).

10.19 Execution of Agreement

This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when one or more such counterparts have been signed by each of the parties and delivered to the other party. Facsimile or electronic mail transmission of counterpart signatures to this Agreement shall be acceptable and binding.

- 2.2 The Directors may pay, out of the capital or any other monies of the Company, all expenses incurred in or about the formation and establishment of the Company, including the expenses of registration.

3 Issue of Shares

- 3.1 Subject to the provisions, if any, in the Memorandum (and to any direction that may be given by the Company in general meeting) and, where applicable, the rules of the Designated Stock Exchange and/or any competent regulatory authority, and without prejudice to any rights attached to any existing Shares, the Directors may allot, issue, grant options over or otherwise dispose of Shares (including fractions of a Share) with or without preferred, deferred or other rights or restrictions, whether in regard to Dividend or other distribution, voting, return of capital or otherwise and to such persons, at such times and on such other terms as they think proper, and may also (subject to the Statute and the Articles) vary such rights, save that the Directors shall not allot, issue, grant options over or otherwise dispose of Shares (including fractions of a Share) to the extent that it may affect the ability of the Company to carry out a Class B Share Conversion described at Article 17.
- 3.2 The Company may issue rights, options, warrants or convertible securities or securities of similar nature conferring the right upon the holders thereof to subscribe for, purchase or receive any class of Shares or other securities in the Company on such terms as the Directors may from time to time determine.
- 3.3 The Company may issue units of securities in the Company, which may be comprised of whole or fractional Shares, rights, options, warrants or convertible securities or securities of similar nature conferring the right upon the holders thereof to subscribe for, purchase or receive any class of Shares or other securities in the Company, upon such terms as the Directors may from time to time determine. The securities comprising any such units which are issued pursuant to the IPO can only be traded separately from one another on the 52nd day following the date of the prospectus relating to the IPO unless the Underwriters determine that an earlier date is acceptable, subject to the Company having filed a current report on Form 8-K with the SEC and a press release announcing when such separate trading will begin. Prior to such date, the units can be traded, but the securities comprising such units cannot be traded separately from one another.
- 3.4 The Company shall not issue Shares to bearer.

- 5.1 For the purpose of determining Members entitled to notice of, or to vote at any meeting of Members or any adjournment thereof, or Members entitled to receive payment of any Dividend or other distribution, or in order to make a determination of Members for any other purpose, the Directors may, after notice has been given by any means in accordance with the requirements of the Designated Stock Exchange, provide that the Register of Members shall be closed for transfers for a stated period which shall not in any case exceed forty days.

Table of Contents

- 5.2 In lieu of, or apart from, closing the Register of Members, the Directors may fix in advance or arrears a date as the record date for any such determination of Members entitled to notice of, or to vote at any meeting of the Members or any adjournment thereof, or for the purpose of determining the Members entitled to receive payment of any Dividend or other distribution, or in order to make a determination of Members for any other purpose.
- 5.3 If the Register of Members is not so closed and no record date is fixed for the determination of Members entitled to notice of, or to vote at, a meeting of Members or Members entitled to receive payment of a Dividend or other distribution, the date on which notice of the meeting is sent or the date on which the resolution of the Directors resolving to pay such Dividend or other distribution is passed, as the case may be, shall be the record date for such determination of Members. 6 Certificates for Shares

- 6.1 A Member shall only be entitled to a share certificate if the Directors resolve that share certificates shall be issued. Share certificates representing Shares, if any, shall be in such form as the Directors may determine. Share certificates shall be signed by one or more Directors or other person authorised by the Directors. The Directors may authorise certificates to be issued with the authorised signature(s) affixed by mechanical process. All certificates for Shares shall be consecutively numbered or otherwise identified and shall specify the Shares to which they relate. All certificates surrendered to the Company for transfer shall be cancelled and, subject to the Articles, no new certificate shall be issued until the former certificate representing a like number of relevant Shares shall have been surrendered and cancelled.
- 6.2 The Company shall not be bound to issue more than one certificate for Shares held jointly by more than one person and delivery of a certificate to one joint holder shall be a sufficient delivery to all of them.
- 6.3 If a share certificate is defaced, worn out, lost or destroyed, it may be renewed on such terms (if any) as to evidence and indemnity and on the payment of such expenses reasonably incurred by the Company in investigating evidence, as the Directors may prescribe, and (in the case of defacement or wearing out) upon delivery of the old certificate.
- 6.4 Every share certificate sent in accordance with the Articles will be sent at the risk of the Member or other person entitled to the certificate. The Company will not be responsible for any share certificate lost or delayed in the course of delivery.
- 6.5 Share certificates shall be issued within the relevant time limit as prescribed by the Statute, if applicable, or as the Designated Stock Exchange may from time to time determine, whichever is shorter, after the allotment or, except in the case of a Share transfer which the Company is for the time being entitled to refuse to register and does not register, after lodgement of a Share transfer with the Company.

7 Transfer of Shares

- 7.1 Subject to the terms of the Articles, any Member may transfer all or any of his Shares by an instrument of transfer provided that such transfer complies with applicable rules of the SEC and federal and state securities laws of the United States. If the Shares in question were issued in conjunction with rights, options or warrants issued pursuant to Article 3 on terms that one cannot be transferred without the other, the Directors shall refuse to register the transfer of any such Share without evidence satisfactory to them of the like transfer of such option or warrant.
- 7.2 The instrument of transfer of any Share shall be in writing in the usual or common form or in a form prescribed by the Designated Stock Exchange or in any other form approved by the Directors and shall be executed by or on behalf of the transferor (and if the Directors so require, signed by or on behalf of the transferee) and may be under hand or, if the transferor or transferee is a clearing house or its nominee(s),

by hand or by machine imprinted signature or by such other manner of execution as the Directors may approve from time to time. The transferor shall be deemed to remain the holder of a Share until the name of the transferee is entered in the Register of Members.

8 Redemption, Repurchase and Surrender of Shares

- 8.1 Subject to the provisions of the Statute, and, where applicable, the rules of the Designated Stock Exchange and/or any competent regulatory authority, the Company may issue Shares that are to be redeemed or are liable to be redeemed at the option of the Member or the Company. The redemption of such Shares, except Public Shares, shall be effected in such manner and upon such other terms as the Company may, by Special Resolution, determine before the issue of such Shares. With respect to redeeming or repurchasing the Shares:
- (a) Members who hold Public Shares are entitled to request the redemption of such Shares in the circumstances described in Article 49.3;
 - (b) Shares held by the Founders shall be surrendered by the Founders on a pro rata basis for no consideration to the extent that the Over-Allotment Option is not exercised in full so that the Founders will own 20% of the Company's issued Shares after the IPO (exclusive of any securities purchased in a private placement simultaneously with the IPO); and
 - (c) Public Shares shall be repurchased by way of tender offer in the circumstances set out in Article 49.2(b).
- 8.2 Subject to the provisions of the Statute, and, where applicable, the rules of the Designated Stock Exchange and/or any competent regulatory authority, the Company may purchase its own Shares (including any redeemable Shares) in such manner and on such other terms as the Directors may agree with the relevant Member. For the avoidance of doubt, redemptions and repurchases of Shares in the circumstances described at Articles 8.1(a), 8.1(b) and 8.1(c) above shall not require further approval of the Members.
- 8.3 The Company may make a payment in respect of the redemption or purchase of its own Shares in any manner permitted by the Statute, including out of capital.
- 8.4 The Directors may accept the surrender for no consideration of any fully paid Share.

9 Treasury Shares

- 9.1 The Directors may, prior to the purchase, redemption or surrender of any Share, determine that such Share shall be held as a Treasury Share.
- 9.2 The Directors may determine to cancel a Treasury Share or transfer a Treasury Share on such terms as they think proper (including, without limitation, for nil consideration).

10 Variation of Rights of Shares

- 10.1 If at any time the share capital of the Company is divided into different classes of Shares, all or any of the rights attached to any class (unless otherwise provided by the terms of issue of the Shares of that class) may, whether or not the Company is being wound up, be varied without the consent of the holders of the issued Shares of that class where such variation is considered by the Directors not to have a material adverse effect upon such rights; otherwise, any such variation shall be made only with the consent in writing of the holders of not less than two thirds of the issued Shares of that class (other than with respect to a waiver of the provisions of Article 17.2 hereof, which as stated therein shall only require the consent in writing of the holders of a majority of the issued Shares of that class), or with the approval of a resolution passed by a majority of not less than two thirds of the votes cast at a separate meeting of the holders of the Shares of that class. For the avoidance of doubt, the Directors reserve the right, notwithstanding that any

Table of Contents

such variation may not have a material adverse effect, to obtain consent from the holders of Shares of the relevant class. To any such meeting all the provisions of the Articles relating to general meetings shall apply *mutatis mutandis*, except that the necessary quorum shall be one person holding or representing by proxy at least fifty per cent of the issued Shares of the class and that any holder of Shares of the class present in person or by proxy may demand a poll.

- 10.2 For the purposes of a separate class meeting, the Directors may treat two or more or all the classes of Shares as forming one class of Shares if the Directors consider that such class of Shares would be affected in the same way by the proposals under consideration, but in any other case shall treat them as separate classes of Shares.
- 10.3 The rights conferred upon the holders of the Shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the Shares of that class, be deemed to be varied by the creation or issue of further Shares ranking *pari passu* therewith.

11 Commission on Sale of Shares

The Company may, in so far as the Statute permits, pay a commission to any person in consideration of his subscribing or agreeing to subscribe (whether absolutely or conditionally) or procuring or agreeing to procure subscriptions (whether absolutely or conditionally) for any Shares. Such commissions may be satisfied by the payment of cash and/or the issue of fully or partly paid-up Shares. The Company may also on any issue of Shares pay such brokerage as may be lawful.

12 Non Recognition of Trusts

The Company shall not be bound by or compelled to recognise in any way (even when notified) any equitable, contingent, future or partial interest in any Share, or (except only as is otherwise provided by the Articles or the Statute) any other rights in respect of any Share other than an absolute right to the entirety thereof in the holder.

13 Lien on Shares

- 13.1 The Company shall have a first and paramount lien on all Shares (whether fully paid-up or not) registered in the name of a Member (whether solely or jointly with others) for all debts, liabilities or engagements to or with the Company (whether presently payable or not) by such Member or his estate, either alone or jointly with any other person, whether a Member or not, but the Directors may at any time declare any Share to be wholly or in part exempt from the provisions of this Article. The registration of a transfer of any such Share shall operate as a waiver of the Company's lien thereon. The Company's lien on a Share shall also extend to any amount payable in respect of that Share.
- 13.2 The Company may sell, in such manner as the Directors think fit, any Shares on which the Company has a lien, if a sum in respect of which the lien exists is presently payable, and is not paid within fourteen clear days after notice has been received or deemed to have been received by the holder of the Shares, or to the person entitled to it in consequence of the death or bankruptcy of the holder, demanding payment and stating that if the notice is not complied with the Shares may be sold.
- 13.3 To give effect to any such sale the Directors may authorise any person to execute an instrument of transfer of the Shares sold to, or in accordance with the directions of, the purchaser. The purchaser or his nominee shall be registered as the holder of the Shares comprised in any such transfer, and he shall not be bound to see to the application of the purchase money, nor shall his title to the Shares be affected by any irregularity or invalidity in the sale or the exercise of the Company's power of sale under the Articles.
- 13.4 The net proceeds of such sale after payment of costs, shall be applied in payment of such part of the amount in respect of which the lien exists as is presently payable and any balance shall (subject to a like lien for sums not presently payable as existed upon the Shares before the sale) be paid to the person entitled to the Shares at the date of the sale.

14 Call on Shares

- 14.1 Subject to the terms of the allotment and issue of any Shares, the Directors may make calls upon the Members in respect of any monies unpaid on their Shares (whether in respect of par value or premium), and each Member shall (subject to receiving at least fourteen clear days' notice specifying the time or times of payment) pay to the Company at the time or times so specified the amount called on the Shares. A call may be revoked or postponed, in whole or in part, as the Directors may determine. A call may be required to be paid by instalments. A person upon whom a call is made shall remain liable for calls made upon him notwithstanding the subsequent transfer of the Shares in respect of which the call was made.
- 14.2 A call shall be deemed to have been made at the time when the resolution of the Directors authorising such call was passed.
- 14.3 The joint holders of a Share shall be jointly and severally liable to pay all calls in respect thereof.
- 14.4 If a call remains unpaid after it has become due and payable, the person from whom it is due shall pay interest on the amount unpaid from the day it became due and payable until it is paid at such rate as the Directors may determine (and in addition all expenses that have been incurred by the Company by reason of such non-payment), but the Directors may waive payment of the interest or expenses wholly or in part.
- 14.5 An amount payable in respect of a Share on issue or allotment or at any fixed date, whether on account of the par value of the Share or premium or otherwise, shall be deemed to be a call and if it is not paid all the provisions of the Articles shall apply as if that amount had become due and payable by virtue of a call.
- 14.6 The Directors may issue Shares with different terms as to the amount and times of payment of calls, or the interest to be paid.
- 14.7 The Directors may, if they think fit, receive an amount from any Member willing to advance all or any part of the monies uncalled and unpaid upon any Shares held by him, and may (until the amount would otherwise become payable) pay interest at such rate as may be agreed upon between the Directors and the Member paying such amount in advance.
- 14.8 No such amount paid in advance of calls shall entitle the Member paying such amount to any portion of a Dividend or other distribution payable in respect of any period prior to the date upon which such amount would, but for such payment, become payable.

15 Forfeiture of Shares

- 15.1 If a call or instalment of a call remains unpaid after it has become due and payable the Directors may give to the person from whom it is due not less than fourteen clear days' notice requiring payment of the amount unpaid together with any interest which may have accrued and any expenses incurred by the Company by reason of such non-payment. The notice shall specify where payment is to be made and shall state that if the notice is not complied with the Shares in respect of which the call was made will be liable to be forfeited.
- 15.2 If the notice is not complied with, any Share in respect of which it was given may, before the payment required by the notice has been made, be forfeited by a resolution of the Directors. Such forfeiture shall include all Dividends, other distributions or other monies payable in respect of the forfeited Share and not paid before the forfeiture.
- 15.3 A forfeited Share may be sold, re-allotted or otherwise disposed of on such terms and in such manner as the Directors think fit and at any time before a sale, re-allotment or disposition the forfeiture may be cancelled on such terms as the Directors think fit. Where for the purposes of its disposal a forfeited Share is to be transferred to any person the Directors may authorise some person to execute an instrument of transfer of the Share in favour of that person.
- 15.4 A person any of whose Shares have been forfeited shall cease to be a Member in respect of them and shall surrender to the Company for cancellation the certificate for the Shares forfeited and shall remain liable to

pay to the Company all monies which at the date of forfeiture were payable by him to the Company in respect of those Shares together with interest at such rate as the Directors may determine, but his liability shall cease if and when the Company shall have received payment in full of all monies due and payable by him in respect of those Shares.

- 15.5 A certificate in writing under the hand of one Director or officer of the Company that a Share has been forfeited on a specified date shall be conclusive evidence of the facts stated in it as against all persons claiming to be entitled to the Share. The certificate shall (subject to the execution of an instrument of transfer) constitute a good title to the Share and the person to whom the Share is sold or otherwise disposed of shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the Share.
- 15.6 The provisions of the Articles as to forfeiture shall apply in the case of non payment of any sum which, by the terms of issue of a Share, becomes payable at a fixed time, whether on account of the par value of the Share or by way of premium as if it had been payable by virtue of a call duly made and notified.

16 Transmission of Shares

- 16.1 If a Member dies, the survivor or survivors (where he was a joint holder), or his legal personal representatives (where he was a sole holder), shall be the only persons recognised by the Company as having any title to his Shares. The estate of a deceased Member is not thereby released from any liability in respect of any Share, for which he was a joint or sole holder.
- 16.2 Any person becoming entitled to a Share in consequence of the death or bankruptcy or liquidation or dissolution of a Member (or in any other way than by transfer) may, upon such evidence being produced as may be required by the Directors, elect, by a notice in writing sent by him to the Company, either to become the holder of such Share or to have some person nominated by him registered as the holder of such Share. If he elects to have another person registered as the holder of such Share he shall sign an instrument of transfer of that Share to that person. The Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the relevant Member before his death or bankruptcy or liquidation or dissolution, as the case may be.
- 16.3 A person becoming entitled to a Share by reason of the death or bankruptcy or liquidation or dissolution of a Member (or in any other case than by transfer) shall be entitled to the same Dividends, other distributions and other advantages to which he would be entitled if he were the holder of such Share. However, he shall not, before becoming a Member in respect of a Share, be entitled in respect of it to exercise any right conferred by membership in relation to general meetings of the Company and the Directors may at any time give notice requiring any such person to elect either to be registered himself or to have some person nominated by him be registered as the holder of the Share (but the Directors shall, in either case, have the same right to decline or suspend registration as they would have had in the case of a transfer of the Share by the relevant Member before his death or bankruptcy or liquidation or dissolution or any other case than by transfer, as the case may be). If the notice is not complied with within ninety days of being received or deemed to be received (as determined pursuant to the Articles), the Directors may thereafter withhold payment of all Dividends, other distributions, bonuses or other monies payable in respect of the Share until the requirements of the notice have been complied with.

17 Class B Share Conversion

- 17.1 The rights attaching to all Shares shall rank *pari passu* in all respects, and the Class A Shares and Class B Shares shall vote together as a single class on all matters (subject to Article 10) with the exception that the holder of a Class B Share shall have the Conversion Rights referred to in this Article 17.

Table of Contents

- 17.2 On the first business day following the consummation of the Company's initial Business Combination, the issued Class B Shares shall automatically be converted into such number of Class A Shares as is equal to 20% of the sum of:
- (a) the total number of Class A Shares issued in the IPO (including pursuant to the Over-Allotment Option), plus
 - (b) the sum of (i) the total number of Class A Shares issued or deemed issued, or issuable upon the conversion or exercise of any equity-linked securities issued or deemed issued, by the Company in connection with or in relation to the consummation of the initial Business Combination, excluding any Class A Shares or equity-linked securities exercisable for or convertible into Class A Shares issued, or to be issued, to any seller in the initial Business Combination and any Private Placement Warrants issued to the Sponsor, minus (ii) the total number of Public Shares repurchased pursuant to the IPO Redemption.
- 17.3 References in this Article to "**converted**", "**conversion**" or "**exchange**" shall mean the compulsory redemption without notice of Class B Shares of any Member and, on behalf of such Members, automatic application of such redemption proceeds in paying for such new Class A Shares into which the Class B Shares have been converted or exchanged at a price per Class B Share necessary to give effect to a conversion or exchange calculated on the basis that the Class A Shares to be issued as part of the conversion or exchange will be issued at par. The Class A Shares to be issued on an exchange or conversion shall be registered in the name of such Member or in such name as the Member may direct.
- 17.4 Notwithstanding anything to the contrary in this Article 17, in no event may any Class B Share convert into Class A Shares at a ratio that is less than one-for-one.
- Each Class B Share shall convert into its *pro rata* number of Class A Shares as set forth in this Article 4.2. The *pro rata* share for each holder of Class B Shares will be determined as follows: Each Class B Share shall convert into such number of Class A Shares as is equal to the product of 1 multiplied by a fraction, the numerator of which shall be the total number of Class A Shares into which all of the issued Class B Shares shall be converted pursuant to this Article and the denominator of which shall be the total number of issued Class B Shares at the time of conversion.
- 17.5 The Directors shall not allot or issue Class A Shares such that the number of authorised but unissued Class A Shares would at any time be insufficient to permit the conversion of all Class B Shares from time to time issued into Class A Shares.
- 18 Amendments of Memorandum and Articles of Association and Alteration of Capital**
- 18.1 The Company may by Ordinary Resolution:
- (a) increase its share capital by such sum as the Ordinary Resolution shall prescribe and with such rights, priorities and privileges annexed thereto, as the Company in general meeting may determine;
 - (b) consolidate and divide all or any of its share capital into Shares of larger amount than its existing Shares;
 - (c) convert all or any of its paid-up Shares into stock, and reconvert that stock into paid-up Shares of any denomination;
 - (d) by subdivision of its existing Shares or any of them divide the whole or any part of its share capital into Shares of smaller amount than is fixed by the Memorandum or into Shares without par value; and
 - (e) cancel any Shares that at the date of the passing of the Ordinary Resolution have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the Shares so cancelled.

Table of Contents

- 18.2 All new Shares created in accordance with the provisions of the preceding Article shall be subject to the same provisions of the Articles with reference to the payment of calls, liens, transfer, transmission, forfeiture and otherwise as the Shares in the original share capital.

Any annual general meeting shall be held at such time and place as the Directors shall appoint and if no other time and place is prescribed by them, it shall be held at the Registered Office on the second Wednesday in December of each year at ten o'clock in the morning. Where a Member appoints more than one proxy the instrument of proxy shall specify the number of Shares in respect of which each proxy is entitled to exercise the related votes.

Any Dividend or other distribution which remains unclaimed after a period of six years from the date on which such Dividend or other distribution becomes payable shall be forfeited and shall revert to the Company.

40 Capitalisation

The Directors may at any time capitalise any sum standing to the credit of any of the Company's reserve accounts or funds (including the share premium account and capital redemption reserve fund) or any sum standing to the credit of the profit and loss account or otherwise available for distribution; appropriate such sum to Members in the proportions in which such sum would have been divisible amongst such Members had the same been a distribution of profits by way of Dividend or other distribution; and apply such sum on their behalf in paying up in full unissued Shares for allotment and distribution credited as fully paid-up to and amongst them in the proportion aforesaid. In such event the Directors shall do all acts and things required to give effect to such capitalisation, with full power given to the Directors to make such provisions as they think fit in the case of Shares becoming distributable in fractions (including provisions whereby the benefit of fractional entitlements accrue to the Company rather than to the Members concerned). The Directors may authorise any person to enter on behalf of all of the Members interested into an agreement with the Company providing for such capitalisation and matters incidental or relating thereto and any agreement made under such authority shall be effective and binding on all such Members and the Company.

Table of Contents

41 Books of Account

- 41.1 The Directors shall cause proper books of account (including, where applicable, material underlying documentation including contracts and invoices) to be kept with respect to all sums of money received and expended by the Company and the matters in respect of which the receipt or expenditure takes place, all sales and purchases of goods by the Company and the assets and liabilities of the Company. Such books of account must be retained for a minimum period of five years from the date on which they are prepared. Proper books shall not be deemed to be kept if there are not kept such books of account as are necessary to give a true and fair view of the state of the Company's affairs and to explain its transactions.
- 41.2 The Directors shall determine whether and to what extent and at what times and places and under what conditions or regulations the accounts and books of the Company or any of them shall be open to the inspection of Members not being Directors and no Member (not being a Director) shall have any right of inspecting any account or book or document of the Company except as conferred by Statute or authorised by the Directors or by the Company in general meeting.
- 41.3 The Directors may cause to be prepared and to be laid before the Company in general meeting profit and loss accounts, balance sheets, group accounts (if any) and such other reports and accounts as may be required by law.

42 Audit

- 42.1 The Directors may appoint an Auditor of the Company who shall hold office on such terms as the Directors determine.
- 42.2 Without prejudice to the freedom of the Directors to establish any other committee, if the Shares (or depositary receipts therefor) are listed or quoted on the Designated Stock Exchange, and if required by the Designated Stock Exchange, the Directors shall establish and maintain an Audit Committee as a committee of the Directors and shall adopt a formal written Audit Committee charter and review and assess the adequacy of the formal written charter on an annual basis. The composition and responsibilities of the Audit Committee shall comply with the rules and regulations of the SEC and the Designated Stock Exchange. The Audit Committee shall meet at least once every financial quarter, or more frequently as circumstances dictate.
- 42.3 If the Shares (or depositary receipts therefor) are listed or quoted on the Designated Stock Exchange, the Company shall conduct an appropriate review of all related party transactions on an ongoing basis and shall utilise the Audit Committee for the review and approval of potential conflicts of interest.
- 42.4 The remuneration of the Auditor shall be fixed by the Audit Committee (if one exists).
- 42.5 If the office of Auditor becomes vacant by resignation or death of the Auditor, or by his becoming incapable of acting by reason of illness or other disability at a time when his services are required, the Directors shall fill the vacancy and determine the remuneration of such Auditor.
- 42.6 Every Auditor of the Company shall have a right of access at all times to the books and accounts and vouchers of the Company and shall be entitled to require from the Directors and officers of the Company such information and explanation as may be necessary for the performance of the duties of the Auditor.
- 42.7 Auditors shall, if so required by the Directors, make a report on the accounts of the Company during their tenure of office at the next annual general meeting following their appointment in the case of a company which is registered with the Registrar of Companies as an ordinary company, and at the next extraordinary general meeting following their appointment in the case of a company which is registered with the Registrar of Companies as an exempted company, and at any other time during their term of office, upon request of the Directors or any general meeting of the Members.

43 Notices

- 43.1 Notices shall be in writing and may be given by the Company to any Member either personally or by sending it by courier, post, cable, telex, fax or e-mail to him or to his address as shown in the Register of Members (or where the notice is given by e-mail by sending it to the e-mail address provided by such Member). Notice may also be served in accordance with the requirements of the Designated Stock Exchange.
- 43.2 Where a notice is sent by courier, service of the notice shall be deemed to be effected by delivery of the notice to a courier company, and shall be deemed to have been received on the third day (not including Saturdays or Sundays or public holidays) following the day on which the notice was delivered to the courier. Where a notice is sent by post, service of the notice shall be deemed to be effected by properly addressing, pre paying and posting a letter containing the notice, and shall be deemed to have been received on the fifth day (not including Saturdays or Sundays or public holidays in the Cayman Islands) following the day on which the notice was posted. Where a notice is sent by cable, telex or fax, service of the notice shall be deemed to be effected by properly addressing and sending such notice and shall be deemed to have been received on the same day that it was transmitted. Where a notice is given by e-mail service shall be deemed to be effected by transmitting the e-mail to the e-mail address provided by the intended recipient and shall be deemed to have been received on the same day that it was sent, and it shall not be necessary for the receipt of the e-mail to be acknowledged by the recipient.
- 43.3 A notice may be given by the Company to the person or persons which the Company has been advised are entitled to a Share or Shares in consequence of the death or bankruptcy of a Member in the same manner as other notices which are required to be given under the Articles and shall be addressed to them by name, or by the title of representatives of the deceased, or trustee of the bankrupt, or by any like description at the address supplied for that purpose by the persons claiming to be so entitled, or at the option of the Company by giving the notice in any manner in which the same might have been given if the death or bankruptcy had not occurred.
- 43.4 Notice of every general meeting shall be given in any manner authorised by the Articles to every holder of Shares carrying an entitlement to receive such notice on the record date for such meeting except that in the case of joint holders the notice shall be sufficient if given to the joint holder first named in the Register of Members and every person upon whom the ownership of a Share devolves by reason of his being a legal personal representative or a trustee in bankruptcy of a Member where the Member but for his death or bankruptcy would be entitled to receive notice of the meeting, and no other person shall be entitled to receive notices of general meetings.

44 Winding Up

- 44.1 If the Company shall be wound up, the liquidator shall apply the assets of the Company in satisfaction of creditors' claims in such manner and order as such liquidator thinks fit. Subject to the rights attaching to any Shares, in a winding up:
- (a) if the assets available for distribution amongst the Members shall be insufficient to repay the whole of the Company's issued share capital, such assets shall be distributed so that, as nearly as may be, the losses shall be borne by the Members in proportion to the par value of the Shares held by them; or
 - (b) if the assets available for distribution amongst the Members shall be more than sufficient to repay the whole of the Company's issued share capital at the commencement of the winding up, the surplus shall be distributed amongst the Members in proportion to the par value of the Shares held by them at the commencement of the winding up subject to a deduction from those Shares in respect of which there are monies due, of all monies payable to the Company for unpaid calls or otherwise.
- 44.2 If the Company shall be wound up the liquidator may, subject to the rights attaching to any Shares and with the approval of a Special Resolution of the Company and any other approval required by the Statute,

divide amongst the Members in kind the whole or any part of the assets of the Company (whether such assets shall consist of property of the same kind or not) and may for that purpose value any assets and determine how the division shall be carried out as between the Members or different classes of Members. The liquidator may, with the like approval, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the Members as the liquidator, with the like approval, shall think fit, but so that no Member shall be compelled to accept any asset upon which there is a liability.

45 Indemnity and Insurance

- 45.1 Every Director and officer of the Company (which for the avoidance of doubt, shall not include auditors of the Company), together with every former Director and former officer of the Company (each an “**Indemnified Person**”) shall be indemnified out of the assets of the Company against any liability, action, proceeding, claim, demand, costs, damages or expenses, including legal expenses, whatsoever which they or any of them may incur as a result of any act or failure to act in carrying out their functions other than such liability (if any) that they may incur by reason of their own actual fraud, wilful neglect or wilful default. No Indemnified Person shall be liable to the Company for any loss or damage incurred by the Company as a result (whether direct or indirect) of the carrying out of their functions unless that liability arises through the actual fraud, wilful neglect or wilful default of such Indemnified Person. No person shall be found to have committed actual fraud, wilful neglect or wilful default under this Article unless or until a court of competent jurisdiction shall have made a finding to that effect.
- 45.2 The Company shall advance to each Indemnified Person reasonable attorneys’ fees and other costs and expenses incurred in connection with the defence of any action, suit, proceeding or investigation involving such Indemnified Person for which indemnity will or could be sought. In connection with any advance of any expenses hereunder, the Indemnified Person shall execute an undertaking to repay the advanced amount to the Company if it shall be determined by final judgment or other final adjudication that such Indemnified Person was not entitled to indemnification pursuant to this Article. If it shall be determined by a final judgment or other final adjudication that such Indemnified Person was not entitled to indemnification with respect to such judgment, costs or expenses, then such party shall not be indemnified with respect to such judgment, costs or expenses and any advancement shall be returned to the Company (without interest) by the Indemnified Person.
- 45.3 The Directors, on behalf of the Company, may purchase and maintain insurance for the benefit of any Director or other officer of the Company against any liability which, by virtue of any rule of law, would otherwise attach to such person in respect of any negligence, default, breach of duty or breach of trust of which such person may be guilty in relation to the Company.

46 Financial Year

Unless the Directors otherwise prescribe, the financial year of the Company shall end on 31st December in each year and, following the year of incorporation, shall begin on 1st January in each year.

47 Transfer by Way of Continuation

If the Company is exempted as defined in the Statute, it shall, subject to the provisions of the Statute and with the approval of a Special Resolution, have the power to register by way of continuation as a body corporate under the laws of any jurisdiction outside the Cayman Islands and to be deregistered in the Cayman Islands.

48 Mergers and Consolidations

The Company shall have the power to merge or consolidate with one or more other constituent companies (as defined in the Statute) upon such terms as the Directors may determine and (to the extent required by the Statute) with the approval of a Special Resolution.

49 Business Combination

- 49.1 Notwithstanding any other provision of the Articles, this Article 49 shall apply during the period commencing upon the adoption of the Articles and terminating upon the first to occur of the consummation of any Business Combination and the distribution of the Trust Fund pursuant to Article 49.4. In the event of a conflict between this Article 49 and any other Articles, the provisions of this Article 49 shall prevail and Articles 49.1, 49.3 and 49.4 may not be amended prior to the consummation of a Business Combination without a Special Resolution, the approval threshold for which is unanimity (100%) of all Members entitled to vote.
- 49.2 Prior to the consummation of any Business Combination, the Company shall either:
- (a) submit such Business Combination to its Members for approval; or
 - (b) provide Members with the opportunity to have their Shares repurchased by means of a tender offer for a per-Share repurchase price payable in cash, equal to the aggregate amount then on deposit in the Trust Fund, calculated as of two business days prior to the consummation of a Business Combination, including interest earned on the Trust Fund (net of taxes payable), divided by the number of then Public Shares in issue, provided that the Company shall not repurchase Public Shares in an amount that would cause the Company's net tangible assets to be less than US\$5,000,001.

If the Company initiates any tender offer in accordance with Rule 13e-4 and Regulation 14E of the Exchange Act in connection with a Business Combination, it shall file tender offer documents with the SEC prior to completing a Business Combination which contain substantially the same financial and other information about such Business Combination and the redemption rights as is required under Regulation 14A of the Exchange Act.

If, alternatively, the Company holds a Member vote to approve a proposed Business Combination, the Company will conduct any compulsory redemption in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act and not pursuant to the tender offer rules and file proxy materials with the SEC.

At a general meeting called for the purposes of approving a Business Combination pursuant to this Article, in the event that a majority of the Shares voted are voted for the approval of a Business Combination, the Company shall be authorised to consummate a Business Combination.

- 49.3 Any Member holding Public Shares who is not a Founder, officer or Director may, contemporaneously with any vote on a Business Combination, elect to have their Public Shares redeemed for cash (the "**IPO Redemption**"), provided that no such Member acting together with any affiliate of his or any other person with whom he is acting in concert or as a partnership, syndicate, or other group for the purposes of acquiring, holding, or disposing of Shares may exercise this redemption right with respect to more than 15% of the Public Shares, and provided further that any holder that holds Public Shares beneficially through a nominee must identify itself to the Company in connection with any redemption election in order to validly redeem such Public Shares. In connection with any vote held to approve a proposed Business Combination, holders of Public Shares seeking to exercise their redemption rights will be required to either tender their certificates (if any) to the Company's transfer agent or to deliver their shares to the transfer agent electronically using The Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, at the holder's option, in each case up to two business days prior to the initially scheduled vote on the proposal to approve a Business Combination. If so demanded, the Company shall pay any such redeeming Member, regardless of whether he is voting for or against such proposed Business Combination, a per-Share redemption price payable in cash, equal to the aggregate amount then on deposit in the Trust Fund calculated as of two business days prior to the consummation of a Business Combination, including interest earned on the Trust Fund not previously released to the Company (net of taxes payable), divided by the number of then Public Shares in issue (such redemption price being referred to herein as the "**Redemption Price**").

Table of Contents

The Redemption Price shall be paid promptly following the consummation of the relevant Business Combination. If the proposed Business Combination is not approved or completed for any reason then such redemptions shall be cancelled and share certificates (if any) returned to the relevant Members as appropriate.

49.4 In the event that:

- (a) the Company does not consummate a Business Combination by twenty-four months after the closing of the IPO, or such later time as the Members of the Company may approve in accordance with the Articles, the Company shall: (i) cease all operations except for the purpose of winding up; (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-Share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Fund, including interest earned on the Trust Fund (less taxes payable and up to US\$100,000 of interest to pay liquidation expenses), divided by the number of then Public Shares in issue, which redemption will completely extinguish public Members' rights as Members (including the right to receive further liquidation distributions, if any); and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company's remaining Members and the Directors, liquidate and dissolve, subject in the case of sub-articles (ii) and (iii), to its obligations under Cayman Islands law to provide for claims of creditors and in all cases subject to the other requirements of applicable law; and
- (b) any amendment is made to Article 49.4 that would affect the substance or timing of the Company's obligation to redeem 100% of the Public Shares if the Company has not consummated an initial Business Combination within twenty-four months after the date of the closing of the IPO, each holder of Public Shares who is not a Founder, officer or Director shall be provided with the opportunity to redeem their Public Shares upon the approval of any such amendment at a per-Share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Fund, including interest earned on the Trust Fund not previously released to the Company (net of taxes payable), divided by the number of then Public Shares in issue.

49.5 Except for the withdrawal of interest to pay income taxes, if any, none of the funds held in the Trust Fund shall be released from the Trust Fund until the earlier of an IPO Redemption pursuant to Article 49.3, a repurchase of Shares by means of a tender offer pursuant to Article 49.2(b), a distribution of the Trust Fund pursuant to Article 49.4(a) or an amendment under Article 49.4(b). In no other circumstance shall a holder of Public Shares have any right or interest of any kind in the Trust Fund.

49.6 After the issue of Public Shares, and prior to the consummation of a Business Combination, the Directors shall not issue additional Shares or any other securities that would entitle the holders thereof to: (a) receive funds from Trust Fund; or (b) vote on any Business Combination.

49.7 The Company must complete one or more Business Combinations having an aggregate fair market value of at least 80% of the assets held in the Trust Fund (net of amounts previously disbursed to the Company's management for working capital purposes and excluding the amount of deferred underwriting discounts held in the Trust Fund) at the time of the Company's signing a definitive agreement in connection with a Business Combination. An initial Business Combination must not be effectuated with another blank cheque company or a similar company with nominal operations

49.8 The uninterested independent Directors shall approve any transaction or transactions between the Company and any of the following parties:

- (a) any Member owning an interest in the voting power of the Company that gives such Member a significant influence over the Company; and
- (b) any Director or officer of the Company and any affiliate or relative of such Director or officer.

49.9 Any payment made to members of the Audit Committee (if one exists) shall require the review and approval of the Directors, with any Director interested in such payment abstaining from such review and approval.

Table of Contents

- 49.10 A Director may vote in respect of any Business Combination in which such Director has a conflict of interest with respect to the evaluation of such Business Combination. Such Director must disclose such interest or conflict to the other Directors.
- 49.11 The Audit Committee shall monitor compliance with the terms of the IPO and, if any non-compliance is identified, the Audit Committee shall be charged with the responsibility to take all action necessary to rectify such non-compliance or otherwise cause compliance with the terms of the IPO.
- 49.12 The Company may enter into a Business Combination with a target business that is affiliated with the Sponsor, the Directors or officers of the Company.

50 Certain Tax Filings

Each Tax Filing Authorised Person and any such other person, acting alone, as any Director shall designate from time to time, are authorised to file tax forms SS-4, W-8 BEN, W-8 IMY, W-9, 8832 and 2553 and such other similar tax forms as are customary to file with any US state or federal governmental authorities or foreign governmental authorities in connection with the formation, activities and/or elections of the Company and such other tax forms as may be approved from time to time by any Director or officer of the Company. The Company further ratifies and approves any such filing made by any Tax Filing Authorised Person or such other person prior to the date of the Articles.

51 Business Opportunities

- 51.1 In recognition and anticipation of the facts that: (a) directors, managers, officers, members, partners, managing members, employees and/or agents of one or more members of the Investor Group (each of the foregoing, an “**Investor Group Related Person**”) may serve as Directors and/or officers of the Company; and (b) the Investor Group engages, and may continue to engage in the same or similar activities or related lines of business as those in which the Company, directly or indirectly, may engage and/or other business activities that overlap with or compete with those in which the Company, directly or indirectly, may engage, the provisions under this heading “Business Opportunities” are set forth to regulate and define the conduct of certain affairs of the Company as they may involve the Members and the Investor Group Related Persons, and the powers, rights, duties and liabilities of the Company and its officers, Directors and Members in connection therewith.
- 51.2 To the fullest extent permitted by Applicable Law, the Investor Group and the Investor Group Related Persons shall have no duty, except and to the extent expressly assumed by contract, to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as the Company. To the fullest extent permitted by Applicable Law, the Company renounces any interest or expectancy of the Company in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for either the Investor Group or the Investor Group Related Persons, on the one hand, and the Company, on the other. Except to the extent expressly assumed by contract, to the fullest extent permitted by Applicable Law, the Investor Group and the Investor Group Related Persons shall have no duty to communicate or offer any such corporate opportunity to the Company and shall not be liable to the Company or its Members for breach of any fiduciary duty as a Member, Director and/or officer of the Company solely by reason of the fact that such party pursues or acquires such corporate opportunity for itself, himself or herself, directs such corporate opportunity to another person, or does not communicate information regarding such corporate opportunity to the Company, unless such opportunity is expressly offered to such Investor Group Related Person in their capacity as an Officer or Director of the Company and the opportunity is one the Company is permitted to complete on a reasonable basis.
- 51.3 Except as provided elsewhere in the Articles, the Company hereby renounces any interest or expectancy of the Company in, or in being offered an opportunity to participate in, any potential transaction or matter which may be a corporate opportunity for both the Company and the Investor Group, about which a Director and/or officer of the Company who is also an Investor Group Related Person acquires knowledge.

- 51.4 To the extent a court might hold that the conduct of any activity related to a corporate opportunity that is renounced in this Article to be a breach of duty to the Company or its Members, the Company hereby waives, to the fullest extent permitted by Applicable Law, any and all claims and causes of action that the Company may have for such activities. To the fullest extent permitted by Applicable Law, the provisions of this Article apply equally to activities conducted in the future and that have been conducted in the past.

The number of authorized shares of Preferred Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the voting power of all of the then outstanding shares of the capital stock of the Corporation entitled to vote thereon, voting together as a single class, without a separate vote of the holders of the Preferred Stock, or any series thereof, unless a vote of any such holders is required pursuant to any Preferred Stock Designation.

B. Common Stock. Except as otherwise required by law or as otherwise provided in any Preferred Stock Designation, the holders of the Common Stock shall exclusively possess all voting power and each share of Common Stock shall have one vote for each such share on each matter properly submitted to the stockholders on which the holders of Common Stock are entitled to vote; provided, however, that, except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to this Certificate of Incorporation (including any Preferred Stock Designation relating to any series of Preferred Stock) that relates solely to the terms of one or more outstanding series of Preferred Stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon pursuant to this Certificate of Incorporation (including any Preferred Stock Designation relating to any series of Preferred Stock). Table of Contents

A. Election of directors need not be by ballot unless the Bylaws of the Corporation (as they may be amended from time to time, the “Bylaws”) so provide.

B. Subject to the rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances and the terms and conditions of the Director Nomination Agreement by and among the Corporation, AP VIII CEC Holdings, L.P. (“AP VIII”) and Leo Investors Limited Partnership (the “Leo Sponsor”), dated as of [], 2019 (as amended, supplemented or otherwise modified from time to time in accordance with its terms, the “Director Nomination Agreement”), the number of directors which shall constitute the Board of Directors shall be not less than five (5) nor more than eleven (11). Subject to the rights of the holders of any series of Preferred Stock and the terms and conditions of the Director Nomination Agreement, the exact number of directors shall be fixed from time to time, within the limits specified herein, by the Board of Directors.

C. Except as the DGCL or the Director Nomination Agreement may otherwise require, in the interim between annual meetings of stockholders or special meetings of stockholders called for the election of directors and/or the removal of one or more directors and the filling of any vacancy in that connection, newly created directorships and any vacancies on the Board of Directors, including unfilled vacancies resulting from the removal of directors, may be filled by the affirmative vote of a majority of the remaining directors then in office, although less than a quorum, or by the sole remaining director. All directors shall hold office until the expiration of their respective terms of office and until their successors shall have been elected and qualified. A director elected or appointed to fill a vacancy resulting from the death, resignation or removal of a director or a newly created directorship shall serve for a term expiring at the next annual meeting of stockholders and until his or her successor shall have been elected and qualified.

D. Any director may be removed from office with or without cause by the affirmative vote of the holders of a majority of the voting power of all of the then outstanding shares then entitled to vote at an election of directors. Subject to the terms and conditions of the Director Nomination Agreement, in case the Board of Directors or any one or more directors should be so removed, new directors may be elected at the same time for the unexpired portion of the full term of the director or directors so removed.

E. Except as may be otherwise specifically required by law, this Certificate of Incorporation or the Bylaws, at all meetings of the Board of Directors or any committee thereof, unanimous attendance of all directors then serving on the Board of Directors or such committee, as the case may be, shall be required to constitute a quorum for the transaction of business; provided, however, that attendance at such meeting by a majority of the entire Board of Directors (meaning the total number of authorized directors whether or not there exist any vacancies in previously authorized directorships) or by a majority of the members of such committee shall constitute a quorum (a “Majority Quorum Standard”) (x) if at least one director designated by Leo Sponsor (a “Leo Director”) and at least one director designated by AP VII (a “AP VIII Director”) is present at such meeting (provided that, in the case of a committee, the presence of a Leo Director or AP VIII Director, as applicable, shall not be required for the application of a Majority Quorum Standard if a Leo Director or AP VIII Director, as applicable, is not a member of such committee and, in any case, the presence of a Leo Director or AP VIII Director, as applicable, shall not be required for the application of a Majority Quorum Standard if the Leo Sponsor or AP VIII (or its successors or assigns), as applicable, no longer has a right to designate any directors pursuant to the Director Nomination Agreement) (y) if all Leo Directors or AP VIII Directors, as applicable, then on the Board of Directors or such committee and not present at such meeting have recused themselves from such meeting by informing the Corporation in writing that they will not attend such meeting and that they consent to a quorum without their presence and (z) from and after the time that neither the Leo Sponsor nor AP VIII (or its successors or assigns) no longer have a right to designate any directors pursuant to the Director Nomination Agreement; provided, further, that if a quorum shall not be present at any meeting of the Board of Directors or any committee thereof (an “Adjourned Meeting”) because either no Leo Director or no AP VIII Director is present and all Leo Director(s) or AP VIII Director(s), as applicable (in the case of a committee, who are members of the committee at the time of the Adjourned Meeting), had received written notice of the time and

[Table of Contents](#)

place of such Adjourned Meeting in accordance with Section 3.4 (or any successor provision) of the Bylaws, the Majority Quorum Standard shall apply to a subsequent meeting of the Board of Directors or such committee if such meeting is duly called in accordance with Section 3.4 of the Bylaws (or any successor provision) and relates solely to the same or similar matters that were to be addressed at the Adjourned Meeting. The affirmative vote of a majority of the directors taken at a meeting at which there is a quorum shall be the act of the Board of Directors. If a quorum shall not be present at any meeting of the Board of Directors or of any committee thereof, a majority of the directors present thereat may adjourn the meeting from time to time, without notice, other than announcement at the meeting, until a quorum shall be present.

F. The Board of Directors shall have the power, without the assent or vote of the stockholders, to make, alter, amend, change, add to or repeal the Bylaws.

G. The directors in their discretion may submit any contract or act for approval or ratification at any annual meeting of the stockholders or at any meeting of the stockholders called for the purpose of considering any such act or contract, and, to the fullest extent permitted by law, any contract or act that shall be approved or be ratified by the affirmative vote of the holders of a majority of the voting power of the stock of the Corporation which is represented in person or by proxy at such meeting and entitled to vote thereon (provided that a lawful quorum of stockholders be there represented in person or by proxy) shall be as valid and binding upon the Corporation and upon all the stockholders as though it had been approved or ratified by every stockholder of the Corporation, whether or not the contract or act would otherwise be open to legal attack because of directors' interests, or for any other reason.

H. In addition to the powers and authorities hereinbefore or by statute expressly conferred upon them, the directors are hereby empowered to exercise all such powers and do all such acts and things as may be exercised or done by the Corporation; subject, nevertheless, to the provisions of the statutes of Delaware, of this Certificate of Incorporation, and to any Bylaws from time to time made by the stockholders; provided, however, that no Bylaw so made shall invalidate any prior act of the directors which would have been valid if such Bylaw had not been made.

I. Subject to the rights of the holders of any series of Preferred Stock, any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of such holders and may not be effected by written consent of the stockholders.

J. Notwithstanding the foregoing provisions of this Article FIFTH, any director elected pursuant to the right, if any, of the holders of Preferred Stock to elect additional directors under specified circumstances shall serve for such term or terms and pursuant to such other provisions as specified in the relevant Preferred Stock Designation.

SIXTH: To the fullest extent permitted by the DGCL, a person who serves as a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. Any repeal or modification of this Article SIXTH by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation with respect to events occurring prior to the time of such repeal or modification.

SEVENTH: A. Unless the Board of Directors consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any current or former director, officer or other employee of the Corporation or current or former stockholder of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation, its

current or former directors, officers, employees or stockholders arising pursuant to any provision of the DGCL or this Certificate of Incorporation or the Bylaws, or (iv) any action asserting a claim against the Corporation, its current or former directors, officers, employees or stockholders governed by the internal affairs doctrine, except for, as to each of (i) through (iv) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction.

B. To the fullest extent permitted by law, if any action the subject matter of which is within the scope of paragraph A immediately above is filed in a court other than a court located within the State of Delaware (a “Foreign Action”) in the name of any stockholder, such stockholder shall be deemed to have consented to (i) the personal jurisdiction of the state and federal courts located within the State of Delaware in connection with any action brought in any such court to enforce paragraph A immediately above (an “FSC Enforcement Action”) and (ii) having service of process made upon such stockholder in any such FSC Enforcement Action by service upon such stockholder’s counsel in the Foreign Action as agent for such stockholder.

C. If any provision or provisions of this Article SEVENTH shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article SEVENTH (including, without limitation, each portion of any sentence of this Article SEVENTH containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby. Any person or entity purchasing or otherwise acquiring any interest in shares of capital stock of the Corporation shall be deemed to have notice of and consented to the provisions of this Article SEVENTH.

EIGHTH: A. The Corporation elects not to be governed by Section 203 of the DGCL.

B. Notwithstanding the foregoing, the Corporation shall not engage in any business combination (as defined below) with any interested stockholder (as defined below) for a period of three (3) years following the time that such stockholder became an interested stockholder, unless: (i) prior to such time, the Board of Directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder; (ii) upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least eighty-five percent (85%) of the voting stock (as defined below) of the Corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned by (1) persons (as defined below) who are directors and also officers of the Corporation and (2) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or (iii) at or subsequent to such time, the business combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66-2/3% of the outstanding voting stock which is not owned by the interested stockholder.

C. Solely for purposes of this Article EIGHTH:

(i) “affiliate” means a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, another person.

(iii) “associate,” when used to indicate a relationship with any person, means: (1) any corporation, partnership, unincorporated association or other entity of which such person is a director, officer or partner or is, directly or indirectly, the owner of twenty percent (20%) or more of any class of voting stock; (2) any trust or other estate in which such person has at least a twenty percent (20%) beneficial interest or as to which such person serves as trustee or in a similar fiduciary capacity; and (3) any relative or spouse of such person, or any relative of such spouse, who has the same residence as such person.

(iv) “business combination,” when used in reference to the Corporation and any interested stockholder of the Corporation, means:

(1) any merger or consolidation of the Corporation (other than a merger effected pursuant to Sections 253 or 267 of the DGCL) or any direct or indirect majority-owned subsidiary of the Corporation (a) with the interested stockholder, or (b) with any other corporation, partnership, unincorporated association or other entity if the merger or consolidation is caused by the interested stockholder and as a result of such merger or consolidation paragraph B of this ARTICLE EIGHTH is not applicable to the surviving entity;

(2) any sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), except proportionately as a stockholder of the Corporation, to or with the interested stockholder, whether as part of a dissolution or otherwise, of assets of the Corporation or of any direct or indirect majority-owned subsidiary of the Corporation which assets have an aggregate market value equal to ten percent (10%) or more of either the aggregate market value of all the assets of the Corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock (as defined below) of the Corporation;

(3) any transaction which results in the issuance or transfer by the Corporation or by any direct or indirect majority-owned subsidiary of the Corporation of any stock of the Corporation or of such subsidiary to the interested stockholder, except: (a) pursuant to the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into stock of the Corporation or any such subsidiary which securities were outstanding prior to the time that the interested stockholder became such; (b) pursuant to a merger under Section 251(g), 253 or 267 of the DGCL; (c) pursuant to a dividend or distribution paid or made, or the exercise, exchange or conversion of securities exercisable for, exchangeable for or convertible into stock of the Corporation or any such subsidiary which security is distributed, pro rata to all holders of a class or series of stock of the Corporation subsequent to the time the interested stockholder became such; (d) pursuant to an exchange offer by the Corporation to purchase stock made on the same terms to all stockholders of said stock; or (e) any issuance or transfer of stock by the Corporation; provided, however, that in no case under items (c)-(e) of this subsection (3) shall there be an increase in the interested stockholder’s proportionate share of the stock of any class or series of the Corporation or of the voting stock of the Corporation;

(4) any transaction involving the Corporation or any direct or indirect majority-owned subsidiary of the Corporation which has the effect, directly or indirectly, of increasing the proportionate share of the stock of any class or series, or securities convertible into the stock of any class or series, of the Corporation or of any such subsidiary which is owned by the interested stockholder, except as a result of immaterial changes due to fractional share adjustments or as a result of any purchase or redemption of any shares of stock not caused, directly or indirectly, by the interested stockholder; or

(5) any receipt by the interested stockholder of the benefit, directly or indirectly (except proportionately as a stockholder of the Corporation), of any loans, advances, guarantees or pledges (other than those expressly permitted in subsections (1)-(4) above) provided by or through the Corporation or any direct or indirect majority-owned subsidiary.

policies of a person, whether through the ownership of voting stock, by contract, or otherwise. A person who is the owner of twenty percent (20%) or more of the outstanding voting stock of any corporation, partnership, unincorporated association or other entity shall be presumed to have control of such entity, in the absence of proof by a preponderance of the evidence to the contrary. Notwithstanding the foregoing, a presumption of control shall not apply where such person holds voting stock, in good faith and not for the purpose of circumventing this ARTICLE EIGHTH, as an agent, bank, broker, nominee, custodian or trustee for one or more owners who do not individually or as a group have control of such entity.

(vi) “Exempted Person” means (A) any of the Leo Sponsor, AP VIII, and any Affiliated Company, (B) any person that acquires, directly or indirectly from any person included in subsection (A) of this definition of Exempted Person, or from any other Exempted Person, at least 15% of the Corporation’s outstanding voting stock, (C) any successors of any person included in subsection (A) or (B) of this definition of Exempted Person and (D) any “group” of which any person included in subsection (A), (B) or (C) of this definition is a part under Rule 13d-5 of the Exchange Act.

(vii) “interested stockholder” means any person (other than the Corporation and any direct or indirect majority-owned subsidiary of the Corporation) that (1) is the owner of fifteen percent (15%) or more of the outstanding voting stock of the Corporation, or (2) is an affiliate or associate of the Corporation and was the owner of fifteen percent (15%) or more of the outstanding voting stock of the Corporation at any time within the three (3) year period immediately prior to the date on which it is sought to be determined whether such person is an interested stockholder; and the affiliates and associates of such person; provided, however, that the term “interested stockholder” shall not include (a) any Exempted Person, or (b) any person whose ownership of shares in excess of the fifteen percent (15%) limitation set forth herein is the result of any action taken solely by the Corporation; provided, that with respect to clause (b) such person shall be an interested stockholder if thereafter such person acquires additional shares of voting stock of the Corporation, except as a result of further corporate action not caused, directly or indirectly, by such person. For the purpose of determining whether a person is an interested stockholder, the voting stock of the Corporation deemed to be outstanding shall include stock deemed to be owned by the person through application of the definition of “owner” below but shall not include any other unissued stock of the Corporation which may be issuable pursuant to any agreement, arrangement or understanding, or upon exercise of conversion rights, warrants or options, or otherwise.

(viii) “owner,” including the terms “own” and “owned,” when used with respect to any stock, means a person that individually or with or through any of its affiliates or associates: (1) beneficially owns such stock, directly or indirectly; or (2) has (a) the right to acquire such stock (whether such right is exercisable immediately or only after the passage of time) pursuant to any agreement, arrangement or understanding, or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise; provided, however, that a person shall not be deemed the owner of stock tendered pursuant to a tender or exchange offer made by such person or any of such person’s affiliates or associates until such tendered stock is accepted for purchase or exchange; or (b) the right to vote such stock pursuant to any agreement, arrangement or understanding; provided, however, that a person shall not be deemed the owner of any stock because of such person’s right to vote such stock if the agreement, arrangement or understanding to vote such stock arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made to ten (10) or more persons; or (3) has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting (except voting pursuant to a revocable proxy or consent as described in item (b) of subsection (2) above), or disposing of such stock with any other person that beneficially owns, or whose affiliates or associates beneficially own, directly or indirectly, such stock.

(ix) “person” means any individual, corporation, partnership, unincorporated association or other entity.

(x) “stock” means, with respect to any corporation, capital stock and, with respect to any other entity, any equity interest.

Table of Contents

(xi) “voting stock” means, with respect to any corporation, stock of any class or series entitled to vote generally in the election of directors and, with respect to any entity that is not a corporation, any equity interest entitled to vote generally in the election of the governing body of such entity. Every reference to a percentage of voting stock in this Article EIGHTH shall refer to such percentage of the votes of such voting stock.

D. The restrictions contained in this Article EIGHTH shall not apply if:

(i) a stockholder becomes an interested stockholder inadvertently and (1) as soon as practicable divests itself of ownership of sufficient shares so that the stockholder ceases to be an interested stockholder; and (2) would not, at any time within the three-year period immediately prior to a business combination between the Corporation and such stockholder, have been an interested stockholder but for the inadvertent acquisition of ownership;

(ii) the business combination is proposed prior to the consummation or abandonment of and subsequent to the earlier of the public announcement or the notice required hereunder of a proposed transaction which (1) constitutes one of the transactions described in the second sentence of this subparagraph D.(ii) of Article EIGHTH; (2) is with or by a person who either was not an interested stockholder during the previous three years or who became an interested stockholder with the approval of the Board of Directors; and (3) is approved or not opposed by a majority of the members of the Board of Directors then in office (but not less than one) who were directors prior to any person becoming an interested stockholder during the previous three years or were recommended for election or elected to succeed such directors by a majority of such directors. The proposed transactions referred to in the preceding sentence are limited to (x) a merger or consolidation of the Corporation (except for a merger in respect of which, pursuant to Section 251(f) of the DGCL, no vote of the stockholders of the Corporation is required); (y) a sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), whether as part of a dissolution or otherwise, of assets of the Corporation or of any direct or indirect majority-owned subsidiary of the Corporation (other than to any direct or indirect wholly-owned subsidiary or to the Corporation) having an aggregate market value equal to fifty percent (50%) or more of either that aggregate market value of all of the assets of the Corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock of the Corporation; or (z) a proposed tender or exchange offer for fifty percent (50%) or more of the outstanding voting stock of the Corporation. The Corporation shall give not less than 20 days’ notice to all interested stockholders prior to the consummation of any of the transactions described in clause (x) or (y) of the second sentence of this subparagraph D.(ii) of Article EIGHTH; or

(iii) the Corporation does not have a class of voting stock that is: (1) listed on a national securities exchange; or (2) held of record by more than 2,000 stockholders, unless any of the foregoing results from action taken, directly or indirectly, by an interested stockholder or from a transaction in which a person becomes an interested stockholder.

NINTH: A. The doctrine of corporate opportunity, or any other analogous doctrine, shall not apply with respect to the Corporation or any of its directors (other than directors that are employees of the Corporation or any of its subsidiaries) in circumstances where the application of any such doctrine to a corporate opportunity would conflict with any fiduciary duties or contractual obligations they may have as of the date of this Certificate of Incorporation or in the future. In addition to the foregoing, the doctrine of corporate opportunity shall not apply to any other corporate opportunity with respect to any of the directors of the Corporation (other than directors that are employees of the Corporation or any of its subsidiaries) unless such corporate opportunity is offered to such person solely in his or her capacity as a director of the Corporation and such opportunity is one the Corporation is legally and contractually permitted to undertake and would otherwise be reasonable for the Corporation to pursue.

B. Without limiting the foregoing, to the extent permitted by applicable law, each of the stockholders and directors of the Corporation, their respective affiliates and all of their respective partners, principals, directors,

officers, members, managers, equity holders and/or employees, including any of the foregoing who serve as directors or officers of the Corporation (other than the Corporation and its subsidiaries and other than directors that are employees of the Corporation or any of its subsidiaries) (each, an “Exempted Person”) shall not have any fiduciary duty to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as the Corporation or any of its subsidiaries, except as otherwise expressly provided in any agreement entered into between the Corporation and such Exempted Person. To the fullest extent permitted by applicable law, the Corporation, on behalf of itself and its subsidiaries, renounces any interest or expectancy of the Corporation and its subsidiaries in, or in being offered an opportunity to participate in, business opportunities that are from time to time available to the Exempted Persons, even if the opportunity is one that the Corporation or its subsidiaries might reasonably be deemed to have pursued or had the ability or desire to pursue if granted the opportunity to do so, and each such Exempted Person shall have no duty to communicate or offer such business opportunity to the Corporation (and there shall be no restriction on the Exempted Persons using the general knowledge and understanding of the industry in which the Corporation operates which it has gained as an Exempted Person in considering and pursuing such opportunities or in making investment, voting, monitoring, governance or other decisions relating to other entities or securities) and, to the fullest extent permitted by applicable law, no Exempted Person shall be liable to the Corporation or any of its subsidiaries or stockholders for breach of any fiduciary or other duty, as a director or otherwise, by reason of the fact that such Exempted Person pursues or acquires such business opportunity, directs such business opportunity to another person or fails to present such business opportunity, or information regarding such business opportunity, to the Corporation or its subsidiaries, or uses such knowledge and understanding in the manner described herein, in each case, except (i) as otherwise expressly provided in any agreement entered into between the Company and such Exempted Person and (ii) for such opportunities offered to a person solely in his or her capacity as a director or officer of the Corporation. In addition to and notwithstanding the foregoing, a corporate opportunity shall not be deemed to belong to the Corporation if it is a business opportunity that the Corporation is not financially able or contractually permitted or legally able to undertake, or that is, from its nature, not in the line of the Corporation’s business or is of no practical advantage to it or that is one in which the Corporation has no interest or reasonable expectancy. Any person or entity purchasing or otherwise acquiring any interest in any shares of stock of the Corporation shall be deemed to have notice of the provisions of this Article NINTH.

C. Any alteration, amendment, addition to or repeal of this Article NINTH shall require the affirmative vote of at least 80% of the outstanding voting stock. Neither the alteration, amendment, addition to or repeal of this Article NINTH, nor the adoption of any provision of this Certificate of Incorporation (including any Preferred Stock Designation) inconsistent with this Article NINTH, shall eliminate or reduce the effect of this Article NINTH in respect of any business opportunity first identified or any other matter occurring, or any cause of action, suit or claim that, but for this Article NINTH, would accrue or arise, prior to such alteration, amendment, addition, repeal or adoption. This Article NINTH shall not limit any protections or defenses available to, or indemnification or advancement rights of, any director or officer of the Corporation under this Certificate of Incorporation, the Bylaws or applicable law.

TENTH: The Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation (including any Preferred Stock Designation), in the manner now or hereafter prescribed by this Certificate of Incorporation and the DGCL; and all rights, preferences and privileges herein conferred upon stockholders, directors or any other persons by and pursuant to this Certificate of Incorporation (including any Preferred Stock Designation) in its present form or as hereafter amended are granted subject to the right reserved in this Article TENTH. In the event that the provisions of this Certificate of Incorporation and the Director Nomination Agreement conflict, the provisions of the Director Nomination Agreement shall take precedence over this Certificate of Incorporation.

ELEVENTH: The Corporation shall not, without the affirmative vote of the holders of eighty-five percent of the voting power of all of the then outstanding shares of the Corporation entitled to vote thereon, voting together as a single class, adopt any stockholder rights plan or similar plan or agreement (or amend or modify any such plan or agreement) or adopt or approve any provision of this Certificate of Incorporation or the Bylaws, in each

ARTICLE II

MEETINGS OF STOCKHOLDERS

2.1 Place of Meetings. All meetings of the stockholders shall be held at such time and place, either within or without the State of Delaware, as shall be designated from time to time by the Board of Directors and stated in the notice of the meeting or in a duly executed waiver of notice thereof; provided, that the Board of Directors may in its sole discretion determine that the meeting shall not be held at any place, but may instead be held solely by means of remote communication pursuant to Section 2.13.

2.2 Annual Meetings. The annual meeting of stockholders shall be held on such date and at such time as may be fixed by the Board of Directors and stated in the notice of the meeting, for the purpose of electing directors and for the transaction of only such other business as is properly brought before the meeting in accordance with these Bylaws (the “Bylaws”).

Except as otherwise required by law, written notice of an annual meeting stating the place, date and hour of the meeting, shall be given to each stockholder entitled to vote at such meeting not less than ten (10) nor more than sixty (60) days before the date of the annual meeting.

To be properly brought before the annual meeting, business must be either (i) specified in the notice of annual meeting (or any supplement or amendment thereto) given by or at the direction of the Board of Directors, (ii) otherwise brought before the annual meeting by or at the direction of the Board of Directors, or (iii) otherwise properly brought before the annual meeting by a stockholder who is a stockholder of record on the date of the giving of the notice required by this Section 2.2 and on the record date for the determination of stockholders entitled to vote at such annual meeting and who complies with the notice procedures in this Section 2.2. In addition to any other applicable requirements, for business to be properly brought before an annual meeting by a stockholder, the stockholder must have given timely notice thereof in writing to the Secretary of the Corporation. To be timely, a stockholder’s notice must be delivered to or mailed and received at the principal executive offices

of the Corporation not less than sixty (60) days nor more than ninety (90) days prior to the anniversary date of the immediately preceding annual meeting; provided, however, that in the event that the annual meeting is called for a date that is not within thirty (30) days before or after such anniversary date, or if no annual meeting was held in the preceding year, notice by the stockholder in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs. For purposes of this Section 2.2, the [2019] annual meeting of stockholders shall be deemed to have been held on [, 2019]. In no event shall any adjournment or postponement of an annual meeting or the announcement thereof commence a new time period for the giving of a stockholder's notice as described above. A stockholder's notice to the Secretary shall set forth (a) as to each matter the stockholder proposes to bring before the annual meeting (i) a brief description of the business desired to be brought before the annual meeting (including the text of any resolutions proposed for consideration and in the event such business includes a proposal to amend these Bylaws, the language of the proposed amendment) and the reasons for conducting such business at the annual meeting, (ii) any material interest of the stockholder in such business, (iii) a description of all arrangements or understandings between or among the stockholder or any Stockholder Associated Person and any other person or entity (including their names) in connection with the proposal of such business by the stockholder and any material interest of the stockholder, any Stockholder Associated Person or such other person or entity in such business, and (iv) a representation as to whether the stockholder or any Stockholder Associated Person intends or is part of a group which intends to deliver a proxy statement and/or form of proxy to the holders of at least the percentage of the Corporation's outstanding capital stock required to approve the proposal or otherwise to solicit proxies or votes from stockholders in support of the proposal; and (b) as to the stockholder giving the notice (i) the name and address of the stockholder as they appear on the Corporation's books, (ii) the name and address (if different from the Corporation's books) of the stockholder, (iii) the name and address of any Stockholder Associated Person, (iv) the class, series and number of shares of capital stock of the Corporation which are directly or indirectly held of record or beneficially owned by the stockholder or by any Stockholder Associated Person, (v) a description of any Derivative Positions directly or indirectly held or beneficially held by the stockholder or any Stockholder Associated Person, (vi) whether and to the extent to which a Hedging Transaction has been entered into by or on behalf of such stockholder or any Stockholder Associated Person, (vii) a representation that the stockholder is a stockholder of record of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the annual meeting to bring such business before the meeting and (viii) any other information related to the stockholder or any Stockholder Associated Person that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies or consents (even if a solicitation is not involved) by such stockholder or Stockholder Associated Person in support of the business proposed to be brought before the meeting pursuant to Section 14 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules, regulations and schedules promulgated thereunder. A stockholder providing notice of business proposed to be brought before an annual meeting shall further update and supplement such notice, if necessary, so that the information provided or required to be provided in such notice pursuant to this Article II, Section 2 shall be true and correct as of the record date for determining the stockholders entitled to receive notice of the annual meeting and such update and supplement shall be delivered to or be mailed and received by the Secretary at the principal executive offices of the Corporation not later than five (5) business days after the record date for determining the stockholders entitled to receive notice of the annual meeting. Notwithstanding anything in these Bylaws to the contrary, no business shall be conducted at the annual meeting except in accordance with the procedures set forth in this Article II, Section 2. The person presiding at an annual meeting shall, if the facts warrant, determine and declare to the annual meeting that business was not properly brought before the annual meeting in accordance with the provisions of this Article II, Section 2, and if such person should so determine, such person shall so declare to the annual meeting and any such business not properly brought before the meeting shall not be transacted. As used in these Bylaws, "Stockholder Associated Person" means, with respect to any stockholder, (A) any person controlling, directly or indirectly, such stockholder, (B) any beneficial owner of shares of stock of the Corporation owned of record or beneficially by such stockholder, (C) any person directly or indirectly controlling, controlled by or under common control with such Stockholder Associated Person or (D) any person who is an "associate" (as such term is defined in Rule 12b-2 under the Exchange Act) of such stockholder;

Table of Contents

“Derivative Positions” means, with respect to any stockholder or any Stockholder Associated Person, any derivative positions including, without limitation, any short position, profits interest, option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to any class or series of shares of the Corporation or with a value derived in whole or in part from the value of any class or series of shares of the Corporation, whether or not such instrument or right shall be subject to settlement in the underlying class or series of capital stock of the Corporation or otherwise and any performance-related fees to which such stockholder or any Stockholder Associated Person is entitled, based, directly or indirectly, on any increase or decrease in the value of shares of capital stock of the Corporation; and “Hedging Transaction” means, with respect to any stockholder or any Stockholder Associated Person, any hedging or other transaction (such as borrowed or loaned shares) or series of transactions, or any other agreement, arrangement or understanding, the effect or intent of which is to increase or decrease the voting power or economic or pecuniary interest of such stockholder or any Stockholder Associated Person with respect to the Corporation’s securities.

2.3 Special Meetings. Special meetings of the stockholders, for any purpose or purposes, unless otherwise prescribed by statute or by the Certificate of Incorporation of the Corporation (the “Certificate of Incorporation”), may only be called by a majority of the entire Board of Directors (meaning the total number of authorized directors whether or not there exist any vacancies in previously authorized directorships) or the Chief Executive Officer, and shall be called by the Secretary at the request in writing of stockholders owning a majority in voting power of the capital stock of the Corporation issued and outstanding and entitled to vote. Without limiting the foregoing, upon the request of (a) Leo Investors Limited Partnership (the “Leo Sponsor”) so long as it has the right to nominate at least one director for election to the Board of Directors in accordance with the Director Nomination Agreement, by and among the Corporation, the Leo Sponsor and AP VIII CEC Holdings, L.P. (“AP VIII”), dated as of [], 2019 (as amended, supplemented or otherwise modified from time to time in accordance with its terms, the “Director Nomination Agreement”), or (b) AP VIII (or its successors or assigns) so long as it (or its successors or assigns) has the right to nominate at least one director for election to the Board of Directors in accordance with the Director Nomination Agreement, the Chief Executive Officer shall call a special meeting of stockholders, which meeting shall be held within [] days of such request. Such request shall state the purpose or purposes of the proposed meeting.

Unless otherwise required by law, written notice of a special meeting of stockholders, stating the time, place and purpose or purposes thereof, shall be given to each stockholder entitled to vote at such meeting, not less than ten (10) or more than sixty (60) days before the date fixed for the meeting. Business transacted at any special meeting of stockholders shall be limited to the purposes stated in the notice.

2.4 Quorum. The holders of a majority of the voting power of the capital stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise required by law or provided by the Certificate of Incorporation. If, however, such quorum shall not be present or represented at any meeting of the stockholders, the holders of a majority of the voting power present in person or represented by proxy, shall have power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally noticed. If the adjournment is for more than thirty (30) days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each stockholder entitled to vote at such adjourned meeting as of the record date fixed for notice of such adjourned meeting.

2.5 Organization. The Chairman of the Board of Directors shall act as chairman of meetings of the stockholders. The Board of Directors may designate any other officer or director of the Corporation to act as chairman of any meeting in the absence of the Chairman of the Board of Directors, and the Board of Directors may further provide for determining who shall act as chairman of any stockholders meeting in the absence of the Chairman of the Board of Directors and such designee. The Chairman of the Board of Directors may be removed

as Chairman at any time by the affirmative vote of a majority of the Board of Directors. Any vacancy in the role of Chairman of the Board of Directors shall be filled in accordance with the procedures set forth in the Director Nomination Agreement. For so long as AP VIII has a right to appoint a Co-Chairman of the Board of Directors and the Leo Sponsor has a right to appoint a Co-Chairman of the Board of Directors pursuant to the Director Nomination Agreement, two directors shall serve as Co-Chairmen, and all references to the Chairman in these Bylaws shall be deemed references to such Co-Chairmen for so long as the applicable directors serve in such capacity.

The Secretary of the Corporation or an Assistant Secretary shall act as secretary of all meetings of the stockholders, but in the absence of the Secretary the person presiding at the meeting may appoint any other person to act as secretary of any meeting.

2.6 Voting. Unless otherwise required by law, the Certificate of Incorporation, the Director Nomination Agreement or these Bylaws, any matter (other than the election of directors) brought before any meeting of stockholders shall be decided by the affirmative vote of the holders of a majority of the voting power of the capital stock present in person or represented by proxy and entitled to vote thereon. At all meetings of stockholders for the election of directors, a plurality of the votes cast shall be sufficient to elect. Each stockholder represented at a meeting of stockholders shall be entitled to cast one vote for each share of the capital stock entitled to vote thereat held by such stockholder, unless otherwise provided by the Certificate of Incorporation. Each stockholder entitled to vote at a meeting of stockholders may authorize any person or persons to act for him or her by proxy. No proxy shall be voted or acted upon after three (3) years from its date, unless the proxy provides for a longer period. The Board of Directors, in its discretion, or the person presiding at a meeting of stockholders, in such person's discretion, may require that any votes cast at such meeting shall be cast by written ballot.

2.7 Action of Shareholders Without Meeting. Any action required or permitted to be taken by the stockholders of the Corporation must be effected by a duly called annual or special meeting of such holders and may not be effected by written consent of the stockholders.

2.8 Voting List. The Corporation shall, at least 10 days before every meeting of stockholders, prepare and make a complete list of stockholders entitled to vote at any meeting of stockholders; provided, however, if the record date for determining the stockholders entitled to vote is less than 10 days before the meeting date, the list shall reflect the stockholders entitled to vote as of the 10th day before the meeting date, arranged in alphabetical order and showing the address of each such stockholder and the number of shares registered in his or her name. Such list shall be open to the examination of any stockholder for a period of at least 10 days prior to the meeting in the manner provided by law. A stock list shall also be open to the examination of any stockholder during the whole time of the meeting as provided by law.

2.9 Stock Ledger. The stock ledger of the Corporation shall be the only evidence as to who are the stockholders entitled to examine the list required by Section 2.8 of this Article II, or to vote in person or by proxy at any meeting of stockholders.

2.10 Adjournment. Any meeting of the stockholders (whether or not a quorum is present), including one at which directors are to be elected, may be adjourned by the person presiding at the meeting or the stockholders present in person or by proxy and entitled to vote thereon; provided, that a special meeting held upon the request of the Leo Sponsor or AP VIII (or its successors or assigns) cannot be adjourned by the person presiding at the meeting without the consent of person requesting the meeting.

2.11 Ratification. The directors in their discretion may submit any contract or act for approval or ratification at any annual meeting of the stockholders or at any meeting of the stockholders called for the purpose of considering any such act or contract, and, to the fullest extent permitted by law, any contract or act that shall be approved or be ratified by the affirmative vote of the holders of a majority of the voting power of the stock of the

Corporation which is represented in person or by proxy at such meeting and entitled to vote thereon (provided that a lawful quorum of stockholders be there represented in person or by proxy) shall be as valid and binding upon the Corporation and upon all the stockholders as though it had been approved or ratified by every stockholder of the Corporation, whether or not the contract or act would otherwise be open to legal attack because of directors' interests, or for any other reason.

2.12 Inspectors. In advance of any meeting of the stockholders, the Corporation shall appoint one or more inspectors to act at the meeting and make a written report thereof, and the election of directors and any vote by ballot at any meeting of the stockholders shall be supervised by at least one such appointed inspector. If the inspector so appointed shall refuse to serve or shall not be present, a replacement appointment shall be made by the person presiding at the meeting.

2.13 Meetings by Means of Conference Telephone. To the fullest extent permitted by law, stockholders may participate in a meeting of the stockholders by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting pursuant to this subsection shall constitute presence in person at such meeting.

ARTICLE III

DIRECTORS

3.1 Powers; Number; Qualifications. The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors, except as may be otherwise provided by law or in the Certificate of Incorporation. Subject to the Director Nomination Agreement and the Certificate of Incorporation, the number of directors which shall constitute the Board of Directors shall be not less than five (5) nor more than eleven (11). Subject to the Director Nomination Agreement and the Certificate of Incorporation, the exact number of directors shall be fixed from time to time, within the limits specified in this Article III, Section 3.1 or in the Certificate of Incorporation, by the Board of Directors. Directors need not be stockholders of the Corporation.

3.2 Election; Term of Office; Resignation; Removal; Vacancies. Each director shall serve for a term expiring at the next annual meeting following such director's election and shall hold office until such director's successor is elected and qualified, or such director's earlier resignation, removal from office or death. Unless otherwise provided in the Certificate of Incorporation or the Director Nomination Agreement, vacancies and newly created directorships resulting from any increase in the authorized number of directors or from any other cause may be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director and each director so chosen shall serve for a term expiring at the next annual meeting and shall hold office until such director's successor is elected and qualified, or such director's earlier resignation, removal from office or death.

3.3 Nominations. Subject to the Director Nomination Agreement, nominations of persons for election to the Board of Directors of the Corporation at a meeting of stockholders of the Corporation may be made at such meeting (i) by or at the direction of the Board of Directors, (ii) by any committee or persons appointed by the Board of Directors or (iii) by any stockholder of the Corporation entitled to vote for the election of directors at the meeting who is a stockholder of record on the date of the giving of the notice required by this Section 3.3 and on the record date for the determination of stockholders entitled to vote at such meeting and who complies with the notice procedures set forth in this Article III, Section 3.3. For the avoidance of doubt, the foregoing clause (iii) shall be the exclusive means for a stockholder to make nominations (other than nominees included in the Corporation's proxy materials pursuant to the Director Nomination Agreement). Such nominations by any stockholder (other than any stockholder entitled to nominate a director pursuant to a Director Nomination Agreement) shall be made pursuant to timely notice in writing to the Secretary of the Corporation. To be timely, a stockholder's notice shall be delivered to or mailed and received at the principal executive offices of the

Corporation (a) in the case of an annual meeting, not less than sixty (60) days nor more than ninety (90) days prior to the anniversary date of the immediately preceding annual meeting; provided, however, that in the event that the annual meeting is called for a date that is not within thirty (30) days before or after such anniversary date, or if no annual meeting was held in the preceding year, notice by the stockholder in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs (provided, further, that for purposes of this Section 3.3, the [2019] annual meeting of stockholders shall be deemed to have been held on [, 2019]); and (b) in the case of a special meeting of stockholders called for the purpose of electing directors, not later than the close of business on the tenth (10th) day following the day on which notice of the date of the special meeting was mailed or public disclosure of the date of the special meeting was made, whichever first occurs. A stockholder providing notice of nomination to be made at an annual meeting or special meeting shall further update and supplement such notice, if necessary, so that the information provided or required to be provided in such notice pursuant to this Article III, Section 3.3 shall be true and correct as of the record date for determining the stockholders entitled to receive notice of the annual meeting or special meeting and such update and supplement shall be delivered to or be mailed and received by the Secretary at the principal executive offices of the Corporation not later than five (5) business days after the record date for determining the stockholders entitled to receive notice of the annual meeting or special meeting. The Corporation may require any proposed nominee (other than nominees included in the Corporation's proxy materials pursuant to the Director Nomination Agreement) to furnish such other information as may reasonably be required by the Corporation to determine the eligibility of such proposed nominee to serve as a director of the Corporation. Subject to the Director Nomination Agreement, no person shall be eligible for election as a director of the Corporation unless nominated in accordance with the procedures set forth herein. The person presiding at an annual meeting or a special meeting shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the foregoing procedure, and if he

or she should so determine, he or she shall so declare to the meeting and the defective nomination shall be disregarded. In no event shall any adjournment or postponement of an annual meeting or special meeting, or the announcement thereof, commence a new time period for the giving of a stockholder's notice as described above.

3.4 Meetings. The Board of Directors of the Corporation may hold meetings, both regular and special, either within or without the State of Delaware, or solely by means of electronic communication in accordance with Section 141(i) of the Delaware General Corporation Law (the "DGCL"). The first meeting of each newly elected Board of Directors shall be held immediately after and at the same place as the meeting of the stockholders at which it is elected and no notice of such meeting shall be necessary to the directors in order to legally constitute the meeting, provided a quorum shall be present. Regular meetings of the Board of Directors may be held without notice at such time and place as shall from time to time be determined by the Board of Directors. Special meetings of the Board of Directors may be called by the Chief Executive Officer (including upon the written request of at least two directors then in office) or a majority of the entire Board of Directors, and shall be called upon the request of (a) the Leo Sponsor so long as it has the right to designate at least one director for nomination to the Board of Directors in accordance with the Director Nomination Agreement or (b) AP VIII (or its successors or assigns) so long as it (or its successors or assigns) has the right to designate at least one director for nomination to the Board of Directors in accordance with the Director Nomination Agreement. Notice thereof stating the place, date and hour of the meeting shall be given to each director either by mail not less than seventy-two (72) hours before the date of the meeting, or, if given personally or by telephone, facsimile, telegram or e-mail on forty-eight (48) hours' notice.

3.5 Organization of Meetings. Subject to the Director Nomination Agreement, the Board of Directors shall elect one of its members to be Chairman of the Board of Directors. The Chairman of the Board of Directors shall lead the Board of Directors in fulfilling its responsibilities as set forth in these Bylaws, including its responsibility to oversee the performance of the Corporation, and shall determine the agenda and perform all other duties and exercise all other powers which are or from time to time may be delegated to him or her by the Board of Directors.

Meetings of the Board of Directors shall be presided over by the Chairman of the Board of Directors, or in his or her absence, by the Chief Executive Officer, or in the absence of the Chairman of the Board of Directors and the Chief Executive Officer by such other person as the Board of Directors may designate or the members present may select.

3.6 Actions of Board of Directors Without Meeting. Unless otherwise restricted by the Certificate of Incorporation or these Bylaws, any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all members of the Board of Directors or of such committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions are filed with the minutes of proceedings of the Board of Directors or committee.

3.7 Removal of Directors by Stockholders. Any director may be removed by the stockholders only in accordance with the Certificate of Incorporation.

3.8 Resignations. Any director may resign at any time by submitting his or her written resignation to the Board of Directors or Secretary of the Corporation. Such resignation shall take effect at the time of its receipt by the Corporation unless another time be fixed in the resignation, in which case it shall become effective at the time so fixed. The acceptance of a resignation shall not be required to make it effective.

3.9 Committees. Subject to the Director Nomination Agreement, the Board of Directors may designate one or more committees, each committee to consist of one or more of the directors of the Corporation. Subject to the Director Nomination Agreement, in the absence or disqualification of a member of a committee, the member or members thereof present at any meeting and not disqualified from voting, whether or not he or she or they

constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent provided by law and in the resolution of the Board of Directors establishing such committee, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it. Each committee shall keep regular minutes of its meetings and report the same to the Board of Directors when required.

3.10 Compensation. The directors may be paid their reasonable, documented out-of-pocket expenses, if any, of attendance at each meeting of the Board of Directors and may be paid a fixed amount (in cash or other form of consideration) for attendance at each meeting of the Board of Directors and any other meetings or events attended on behalf of the Corporation at the Corporation's request or a stated salary as a director. No such payment shall preclude any director from serving the Corporation in any other capacity and receiving compensation therefor. Members of special or standing committees may be allowed like compensation for attending committee meetings.

3.11 Interested Directors. No contract or transaction between the Corporation and one or more of its directors or officers, or between the Corporation and any other corporation, partnership, association, or other organization in which one or more of its directors or officers are directors or officers or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or committee thereof which authorizes the contract or transaction, or solely because his, her or their votes are counted for such purpose, if (a) the material facts as to his, her or their relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and the Board of Directors or committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum; (b) the material facts as to his, her or their relationship or interest and as to the contract or transaction are disclosed or are known to the stockholders entitled to vote thereon, and the contract or transaction is specifically approved in good faith by vote of the stockholders; or (c) the contract or transaction is fair as to the Corporation as of the time it is authorized, approved or ratified, by the Board of Directors, a committee thereof or the stockholders. Common or interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

3.12 Meetings by Means of Conference Telephone. Members of the Board of Directors or any committee designed by the Board of Directors may participate in a meeting of the Board of Directors or of a committee of the Board of Directors by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting pursuant to this subsection shall constitute presence in person at such meeting.

CAPITAL STOCK

5.1 Form of Certificates. The shares of stock in the Corporation may be represented by certificates, provided that the Board of Directors may provide by resolution or resolutions that some or all of any or all classes or series of the Corporation's stock shall be in uncertificated form. Stock certificates shall be in such forms as the Board of Directors may prescribe and signed by or in the name of the Corporation by any two of the Chief Executive Officer, a Vice President, the Secretary, an Assistant Secretary, the Treasurer, an Assistant Treasurer or any other authorized officers of the Corporation, certifying the number of shares owned by him or her.

5.2 Signatures. Any or all of the signatures on a stock certificate may be a facsimile, including, but not limited to, signatures of officers of the Corporation and countersignatures of a transfer agent or registrar. In case an officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if such person were such officer, transfer agent or registrar at the date of issue.

5.3 Lost Certificates. The Board of Directors may direct a new stock certificate or certificates to be issued in place of any stock certificate or certificates theretofore issued by the Corporation alleged to have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming the certificate of stock to be lost, stolen or destroyed. When authorizing such issue of a new stock certificate, the Board of Directors may, in its discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed certificate, or his or her legal representative, to give the Corporation a bond in such sum as it may direct as indemnity against any claim that may be made against the Corporation with respect to the certificate alleged to have been lost, stolen or destroyed.

5.4 Fixing Record Date.

(a) In order that the Corporation may determine the stockholders entitled to notice of any meeting of stockholders or any adjournment thereof, the Board may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board, and which record date shall not be more than 60 nor less than 10 days before the date of such meeting. If the Board so fixes a date, such date shall also be the record date for determining the stockholders entitled to vote at such meeting unless the Board determines, at the time it fixes such record date, that a later date on or before the date of the meeting shall be the date for making such determination. If the Board does not fix a record date for any meeting of the stockholders, the record date for determining stockholders entitled to notice and to vote at a meeting of stockholders shall be the close of business on the day next preceding the day on which notice of such meeting is given, or, if notice is waived, the close of business on the day next preceding the day on which the meeting is held.

(b) In order that the Corporation may determine the stockholders entitled to receive payment of any dividend or other distribution or allotment of any rights, or the stockholders entitled to exercise any rights in connection with any change, conversion or exchange of stock, or for the purpose of any other lawful action, the

Table of Contents

Board may fix a record date, which record date shall not precede the date upon which the resolution fixing the record date is adopted, and which record date shall not be more than 60 days prior to such action. If no record date is fixed, the record date for determining stockholders for any such purpose shall be the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

(c) A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

5.5 Registered Stockholders. Prior to due presentment for transfer of any share or shares, the Corporation shall treat the registered owner thereof as the person exclusively entitled to vote, to receive notifications and to all other benefits of ownership with respect to such share or shares, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of any other person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of the State of Delaware.

ARTICLE VI

NOTICES

6.1 Form of Notice. If mailed, notice to stockholders shall be deemed given when deposited in the mail, postage prepaid, directed to the stockholder at such stockholder's address as it appears on the records of the Corporation. Without limiting the manner by which notice otherwise may be given effectively to stockholders, any notice to stockholders may be given by electronic transmission in the manner provided in Section 232 of the DGCL.

6.2 Waiver of Notice. Whenever any notice is required to be given under the provisions of law or the Certificate of Incorporation or by these Bylaws of the Corporation, a written waiver, signed by the person or persons entitled to notice, whether before or after the time stated therein, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular, or special meeting of the stockholders, Directors, or members of a committee of Directors need be specified in any written waiver of notice unless so required by the Certificate of Incorporation.

ARTICLE VII

INDEMNIFICATION OF DIRECTORS AND OFFICERS

7.1 To the fullest extent permitted by the DGCL, as the same exists or as may hereafter be amended, a person who serves as a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. If the DGCL is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the DGCL, as so amended. Any repeal or modification of this Section 7.1 shall not adversely affect any right or protection of a director of the Corporation with respect to events occurring prior to the time of such repeal or modification.

7.2 To the fullest extent permitted by law, as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than such law permitted the Corporation to provide prior to such amendment), the Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any

threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he or she is or was a director or officer of the Corporation, or while serving as a director or officer of the Corporation, is or was serving at the request of the Corporation as an employee or agent of the Corporation or as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise (including a subsidiary of the Corporation) (any person in such a position, an “Indemnified Person”), whether the basis of such action, suit or proceeding is alleged action in an official capacity as a director or officer of the Corporation or in any other capacity while serving as a director or officer of the Corporation, against expenses (including attorneys’ fees), judgments, fines, losses and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding; provided, however, that, except as provided in Section 7.8 of these Bylaws with respect to proceedings to enforce rights to indemnification or advancement, the Corporation shall indemnify any such Indemnified Person in connection with a proceeding (or part thereof) initiated by such Indemnified Person only if such proceeding (or part thereof) was authorized by the Board of Directors. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the Indemnified Person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was unlawful.

7.3 The Corporation hereby acknowledges that an Indemnified Person may have certain rights to other indemnification, advancement of expenses and/or insurance from persons other than the Corporation (collectively, the “Other Indemnitors”). The Corporation hereby agrees that with respect to any and all expenses (including attorneys’ fees), judgments, fines, losses and amounts paid in settlement arising by reason of the fact that such Indemnified Person is or was an Indemnified Person, (a) that the Corporation is the indemnitor of first resort (i.e., its obligations to an Indemnified Person are primary and any obligation of the Other Indemnitors to advance expenses, provide indemnification or otherwise pay for the same amounts incurred by such Indemnified Person are secondary), (b) that the Corporation shall be required to advance the full amount of expenses incurred by an Indemnified Person in accordance with this Article VII and shall be liable for the full amount of all amounts to the extent legally permitted and as required by the terms of these Bylaws (or any other agreement between the Corporation and an Indemnified Person), without regard to any rights an Indemnified Person may have against the Other Indemnitors, and, (c) that the Corporation irrevocably waives, relinquishes and releases the Other Indemnitors from any and all claims against the Other Indemnitors for contribution, subrogation or any other recovery of any kind in respect thereof. The Corporation further agrees that no advancement or payment by the Other Indemnitors on behalf of an Indemnified Person with respect to any claim for which such Indemnified Person has sought indemnification or advancement from the Corporation shall affect the foregoing and the Other Indemnitors shall have a right of contribution and/or to be subrogated to the extent of such advancement or payment to all of the rights of recovery of such Indemnified Person against the Corporation. The Corporation and each Indemnified Person agree that the Other Indemnitors are express third party beneficiaries of the terms of this Article VII.

7.4 Expenses (including attorneys’ fees) incurred by an Indemnified Person in defending any civil, criminal, administrative or investigative action, suit or proceeding referenced in Section 7.1 shall be paid by the Corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such Indemnified Person to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the Corporation. The rights to indemnification and advancement of expenses conferred by this Section 7.4 shall be contract rights and such rights shall continue as to an Indemnified Person who has ceased to be a director or officer of the Corporation and shall inure to the benefit of his or her heirs, executors and administrators.

7.5 Any repeal or amendment of this Article VII or by changes in law, or the adoption of any other provision of the Certificate of Incorporation or the Bylaws inconsistent with this Article VII, shall, unless otherwise required by law, be prospective only (except to the extent such amendment or change in law permits the Corporation to provide broader indemnification or advancement rights on a retroactive basis than permitted

prior thereto), and shall not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision in respect of any proceeding (regardless of when such proceeding is first threatened, commenced or completed) arising out of or related to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

7.6 The indemnification and advancement of expenses provided by, or granted pursuant to the other sections of this Article VII shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office.

7.7 The Corporation shall have power to purchase and maintain insurance on behalf of any person who is or was an Indemnified Person against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such, whether or not the Corporation would have the power to indemnify him or her against such liability under the provisions of this Article VII.

7.8 If a claim under Section 7.2 or 7.4 of these Bylaws is not paid in full by the Corporation within 60 days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be 20 days, the Indemnified Person may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. To the fullest extent permitted by law, if successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses, the Indemnified Person shall be entitled to be paid also the expense of prosecuting or defending such suit. In (a) any suit brought by the Indemnified Person to enforce a right to indemnification hereunder (but not in a suit brought by the Indemnified Person to enforce a right to an advancement of expenses) it shall be a defense that, and (b) in any suit brought by the Corporation to recover an advancement of expenses, the Corporation shall be entitled to recover such expenses only upon a final adjudication that, the Indemnified Person has not met any applicable standard for indemnification set forth in the DGCL. Neither the failure of the Corporation (including its directors who are not parties to such action, a committee of such directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the Indemnified Person is proper in the circumstances because the Indemnified Person has met the applicable standard of conduct set forth in the DGCL, nor an actual determination by the Corporation (including its directors who are not parties to such action, a committee of such directors, independent legal counsel, or its stockholders) that the Indemnified Person has not met such applicable standard of conduct, shall create a presumption that the Indemnified Person has not met the applicable standard of conduct or, in the case of such a suit brought by the Indemnified Person, be a defense to such suit. In any suit brought by the Indemnified Person to enforce a right to indemnification or to an advancement of expenses hereunder, or brought by the Corporation to recover an advancement of expenses, the burden of proving that the Indemnified Person is not entitled to be indemnified, or to such advancement of expenses, under this Article VI or otherwise shall be on the Corporation.

7.9 For purposes of this Article VII, references to “other enterprises” shall include employee benefit plans; references to “fines” shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to “serving at the request of the Corporation” shall include any service which imposes duties on, or involves services by, the Indemnified Person with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner he or she reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “not opposed to the best interests of the Corporation” as referred to in this Article VII.

7.10 The indemnification and advancement of expenses provided by, or granted pursuant to, this Article VII shall continue as to a person who has ceased to be an Indemnified Person and shall inure to the benefit of the heirs, executors and administrators of such a person.

7.11 The Corporation may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification and to the advancement of expenses to any employee or agent of the Corporation to the fullest extent of the provisions of this Article with respect to the indemnification and advancement of expenses of Indemnified Persons.

8.7 Amendments. Subject to the Director Nomination Agreement, the original or other Bylaws may be adopted, amended or repealed by the stockholders entitled to vote thereon at any regular or special meeting or, if the Certificate of Incorporation so provides, by the Board of Directors. The fact that such power has been so conferred upon the Board of Directors shall not divest the stockholders of the power nor limit their power to adopt, amend or repeal these Bylaws.

8.8 Interpretation of Bylaws. All words, terms and provisions of these Bylaws shall be interpreted and defined by and in accordance with the DGCL, as amended, and as amended from time to time hereafter. In the event that the provisions of these Bylaws and the Director Nomination Agreement conflict, the provisions of the Director Nomination Agreement shall take precedence over these Bylaws.

(d) Subject to the terms and conditions of this Agreement, from and after the Effective Time and until the Sponsor Termination Event shall have occurred, the Company will, as promptly as practicable, take all necessary and desirable actions within its control (including, without limitation, calling special meetings of the Board and the stockholders of the Company and recommending, supporting and soliciting proxies), so that:

Notwithstanding anything to the contrary, the Director position for such Stockholder Director or such Sponsor Director shall not be filled pending such designation and appointment unless the Stockholder or its permitted assignees, or Sponsor, as applicable, fails to designate such successor Nominee within 30 days after receipt of written notice from the Company notifying the Stockholder, or its permitted assignees, or Sponsor, as applicable, that such vacancy has occurred, and after such 30-day period, the Company may appoint a successor nominee who may serve as a Director only until the Stockholder or Sponsor, or its permitted assignees, as applicable, designates such successor Nominee.

(g) If a Nominee is not elected because of such Nominee's death, disability, disqualification, withdrawal as a nominee for election to the Board or for any other reason (and such Nominee is not replaced as a nominee pursuant to [Section 1\(e\)](#) above), (i) the Stockholder, or its permitted assignees, or Sponsor, as applicable, shall be entitled to designate promptly a replacement Nominee, (ii) the Company will, within ten days of such designation, take all necessary and desirable actions within its control such that such replacement Nominee is appointed as a Director the Company and (iii) the Company will take all necessary and desirable actions within its control such that the Director position for which the original Nominee was nominated shall not be filled pending such designation of a replacement Nominee. (h) The Company shall pay the reasonable, documented out-of-pocket expenses incurred by each Stockholder Director and Sponsor Director in connection with his or her services provided to or on behalf of the Company, including, but not limited to, attending meetings or events attended on behalf of the Company at the Company's request.

(i) In accordance with the Bylaws, the Board may from time to time by resolution establish and maintain one or more committees of the Board, each committee to consist of one or more Directors. To the extent feasible, the Company shall notify the Stockholder, or its permitted assignees, as applicable, in writing of any new committee of the Board to be established at least 15 days prior to the effective establishment of such committee. If requested by the Stockholder, or its permitted assignees, as applicable, the Company shall take all necessary steps to cause at least one Stockholder Director as requested by Stockholder, or its permitted assignees, as applicable, to be appointed as a member of each such committee of the Board unless such designation would violate any legal restriction on such committee's composition or the rules and regulations of any applicable exchange on which the Company's securities may be listed.

(j) The Company shall (i) purchase directors' and officers' liability insurance in an amount determined by the Board to be reasonable and customary and (ii) for so long as any Stockholder Director or Sponsor Director serves as a Director, maintain such directors' and officers' liability insurance coverage with respect to such Director; provided, that upon removal or resignation of such Stockholder Director or Sponsor Director for any reason, the Company shall take all actions reasonably necessary to extend such directors' and officers' liability insurance coverage with respect to such Stockholder Director or Sponsor Director for a period of not less than six years from any such event in respect of any act or omission of such Stockholder Director or Sponsor Director occurring at or prior to such event.

(l) Notwithstanding anything herein to the contrary, if the Stockholder, or its permitted assignees, as applicable, has the right to designate one or more Nominees and either has not exercised such right or the applicable Nominee has not been elected as a Stockholder Director, then the Stockholder, or its permitted assignees, as applicable, may elect at such time, in its sole discretion, to designate one Board observer (regardless of the number of such designation rights held by the Stockholder, or its permitted assignees, as applicable) (each, a "**Board Observer**") to attend and participate in all meetings of the Board or any committees thereof, in a non-voting capacity by the giving of written notice to the Company of such election (each, a "**Observation Election**"). In connection therewith, the Company shall simultaneously give each Board Observer copies of all notices, consents, minutes and other materials, financial or otherwise, which the Company provides to the Board; provided, however, that, if the Board Observer does not, upon the request of the Company, before attending any meetings of the Board, execute and deliver to the Company an agreement to abide by all Company policies applicable to Directors and a confidentiality agreement reasonably acceptable to the Company, such Board Observer may be excluded from access to any material or meeting or portion thereof if the Board determines in good faith that such exclusion is reasonably necessary to protect highly confidential and proprietary information of the Company or confidential and proprietary information of third-parties that the Company is required to hold in confidence, or for other similar reasons. The Stockholder, or its permitted assignees, as applicable, may revoke any such Observation Election at any time upon written notice to the Company after which the Stockholder, or its permitted assignees, as applicable, shall be entitled to designate a replacement Board Observer.

(m) At any time when (i) the Sponsor has the right to designate any Sponsor Nominees, all such Sponsor Nominees must qualify as "independent" pursuant to listing standards of the New York Stock Exchange ("**NYSE**") applicable to directors other than members of the audit committee and (ii) the Sponsor has the right to designate three Sponsor Nominees pursuant to Section 1(d)(i), at least one must qualify as "independent" pursuant to listing standards of the NYSE applicable to directors serving as members of the audit committee and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (collectively, the "**Audit Committee Independence Requirements**"). Section 10. Counterparts. This Agreement may be executed in one or more counterparts, and may be delivered by means of facsimile or electronic transmission in portable document format, each of which shall be deemed to be an original and shall be binding upon the party who executed the same, but all of such counterparts shall constitute the same agreement.

ARTICLE II
REGISTRATIONS

2.1 Shelf Registration.

2.1.1 Filing. The Company shall file, within 30 days of the Closing Date, a Registration Statement for a Shelf Registration on Form S-3 (the “**Form S-3 Shelf**”) or if the Company is ineligible to use a Form S-3 Shelf, a Registration Statement for a Shelf Registration on Form S-1 (the “**Form S-1 Shelf**,” and together with the Form S-3 Shelf (and any Subsequent Shelf Registration), the “**Shelf**”), in each case, covering the resale of all the Registrable Securities (determined as of two business days prior to such filing) on a delayed or continuous basis. The Company shall use its commercially reasonable efforts to cause the Shelf to become effective as soon as practicable after such filing. The Shelf shall provide for the resale of the Registrable Securities included therein pursuant to any method or combination of methods legally available to, and requested by, any Holder. The Company shall maintain the Shelf in accordance with the terms hereof, and shall prepare and file with the SEC such amendments, including post-effective amendments, and supplements as may be necessary to keep such Shelf continuously effective, available for use and in compliance with the provisions of the Securities Act until such time as there are no longer any Registrable Securities. In the event the Company files a Form S-1 Shelf, the Company shall use its commercially reasonable efforts to convert the Form S-1 Shelf (and any Subsequent Shelf Registration) to a Form S-3 Shelf as soon as practicable after the Company is eligible to use Form S-3.

2.1.2 Subsequent Shelf Registration. If any Shelf ceases to be effective under the Securities Act for any reason at any time while Registrable Securities are still outstanding, the Company shall use its commercially reasonable efforts to as promptly as is reasonably practicable cause such Shelf to again become effective under the Securities Act (including obtaining the prompt withdrawal of any order suspending the effectiveness of such Shelf), and shall use its commercially reasonable efforts to as promptly as is reasonably practicable amend such Shelf in a manner reasonably expected to result in the withdrawal of any order suspending the effectiveness of such Shelf or file an additional registration statement as a Shelf Registration (a “**Subsequent Shelf Registration**”) registering the resale of all Registrable Securities from time to time, and pursuant to any method or combination of methods legally available to, and requested by, any Holder. If a Subsequent Shelf Registration is filed, the Company shall use its commercially reasonable efforts to (i) cause such Subsequent Shelf Registration to become effective under the Securities Act as promptly as is reasonably practicable after the filing thereof (it being agreed that the Subsequent Shelf Registration shall be an Automatic Shelf Registration Statement if the Company is a Well-Known Seasoned Issuer) and (ii) keep such Subsequent Shelf Registration continuously effective, available for use and in compliance with the provisions of the Securities Act until such time as there are no longer any Registrable Securities. Any such Subsequent Shelf Registration shall be on Form S-3 to the extent that the Company is eligible to use such form. Otherwise, such Subsequent Shelf Registration shall be on another appropriate form. In the event that (i) Earnout Shares are issued, or (ii) any Holder holds Registrable Securities that are not registered for resale on a delayed or continuous basis, the Company, upon request of a Holder shall promptly use its commercially reasonable efforts to cause the resale of such Registrable Securities to be covered by either, at the Company’s option, the Shelf (including by means of a post-effective amendment) or a Subsequent Shelf Registration and cause the same to become effective as soon as practicable after such filing and such Shelf or Subsequent Shelf Registration shall be subject to the terms hereof; provided, however, the Company shall only be required to cause such Registrable Securities to be so covered once annually after inquiry of the Holders unless the Registrable Securities are Earnout Shares delivered pursuant to the BCA in which case the Company shall register such shares as soon as reasonably possible following issuance, but in no event more than 90 days thereafter.

2.1.3 Requests for Underwritten Shelf Takedowns. At any time and from time to time after the Shelf has been declared effective by the Commission, the Lion Holders or any Seller’s Shareholders (but for the avoidance of doubt, no Management Holder) may request to sell all or any portion of its Registrable Securities in an underwritten offering that is registered pursuant to the Shelf (each, an “**Underwritten Shelf Takedown**”); provided that the Company shall only be obligated to effect an Underwritten Shelf Takedown if such offering

shall include securities with a total offering price (including piggyback securities and before deduction of underwriting discounts) reasonably expected to exceed, in the aggregate, \$20.0 million (the “**Minimum Takedown Threshold**”); provided that the Minimum Takedown Threshold shall not apply to an Underwritten Shelf Takedown solely of Earnout Shares. All requests for Underwritten Shelf Takedowns shall be made by giving written notice to the Company, which shall specify the approximate number of Registrable Securities proposed to be sold in the Underwritten Shelf Takedown and the expected price range (net of underwriting discounts and commissions) of such Underwritten Shelf Takedown. During an Excess Scenario, (i) the Lion Holders must provide five (5) business days’ written notice to the Seller’s Shareholders and their transferee Holders prior to any request for an Underwritten Shelf Takedown to be requested by any Lion Holder, and (ii) if at any time during such five (5) business day period, the Seller’s Shareholders or their transferee Holders demand an Underwritten Shelf Takedown, then such Seller’s Shareholders’ Underwritten Shelf Takedown demand shall take effect (and constitute one demand for purposes of this [Section 2.1.3](#)) and the Company shall include such number of Registrable Securities that the Seller’s Shareholders and their transferee Holders and the Lion Holders desire to sell to such Underwritten Shelf Takedown. If an Underwritten Shelf Takedown is effected in the manner described in the foregoing sentence, the Seller’s Shareholders and their transferee Holders participating in such Underwritten Shelf Takedown shall be deemed to be the Demanding Holders, and the Lion Holders participating in such Underwritten Shelf Takedown shall be deemed to be Requesting Holders. The Holders that requested such Underwritten Shelf Takedown (the “**Demanding Holders**”) shall have the right to select the Underwriters for such offering (which shall consist of one or more reputable nationally or regionally recognized investment banks), and to agree to the pricing and other terms of such offering. The Lion Holders may demand three Underwritten Shelf Takedowns in total and the Seller’s Shareholders (on a collective basis) may demand four Underwritten Shelf Takedowns in total; provided that the Seller’s Shareholders shall be entitled to a fifth demand that may only be used with respect to Earnout Shares. Notwithstanding anything to the contrary, in no event shall any Lion Capital or any transferee thereof request an Underwritten Shelf Takedown during the Lock-Up Period.

2.1.4 Reduction of Underwritten Offering. If the managing Underwriter or Underwriters in an Underwritten Shelf Takedown, in good faith, advise the Company, the Demanding Holders and the Requesting Holders (if any) in writing that the dollar amount or number of Registrable Securities that the Demanding Holders and the Requesting Holders (if any) desire to sell, taken together with all other shares of Common Stock or other equity securities that the Company desires to sell and all other Common Stock or other equity securities, if any, that have been requested to be sold in such Underwritten Offering pursuant to separate written contractual piggyback registration rights held by any other shareholders, exceeds the maximum dollar amount or maximum number of equity securities that can be sold in the Underwritten Offering without adversely affecting the proposed offering price, the timing, the distribution method, or the probability of success of such offering (such maximum dollar amount or maximum number of such securities, as applicable, the “**Maximum Number of Securities**”), then the Company shall include in such Underwritten Offering, as follows: At all times (i) first, the Registrable Securities of the Demanding Holders and the Requesting Holders (if any) (*pro rata* based on the respective number of Registrable Securities that each Demanding Holder and Requesting Holder (if any) has requested be included in such Underwritten Shelf Takedown) that can be sold without exceeding the Maximum Number of Securities; (ii) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (i), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; (iii) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i) and (ii), the Registrable Securities of other Holders, including Management Holders, requested to be included pursuant to [Section 2.2](#), and (iv) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (i), (ii) and (iii), the Common Stock or other equity securities of other persons or entities that the Company is obligated to include in such Underwritten Offering pursuant to separate written contractual arrangements with such persons and that can be sold without exceeding the Maximum Number of Securities.

2.1.5 Withdrawal. Any of the Demanding Holders initiating a Shelf Takedown shall have the right to withdraw from a Shelf Takedown for any or no reason whatsoever upon written notification (a “**Withdrawal Notice**”) to the Company and the Underwriter or Underwriters (if any) of their intention to withdraw from such

Shelf Takedown; provided that the Lion Holders or any Seller's Shareholders may elect to have the Company continue an Underwritten Shelf Takedown if the Minimum Takedown Threshold would still be satisfied. If withdrawn, a demand for an Underwritten Shelf Takedown shall constitute a demand for an Underwritten Shelf Takedown for purposes of subsection 2.1.3, unless either (i) such withdrawal occurs during a period the Company has deferred taking action pursuant to Section 3.4 hereof or (ii) the Holder reimburses the Company for all Registration Expenses with respect to such Underwritten Shelf Takedown; provided, that if a Holder elects to continue an Underwritten Shelf Takedown pursuant to the proviso in the immediately preceding sentence, such Underwritten Shelf Takedown shall count as an Underwritten Shelf Takedown demanded by such Holder for purposes of subsection 2.1.3. Following the receipt of any Withdrawal Notice, the Company shall promptly forward such Withdrawal Notice to any other Holders that had elected to participate in such Shelf Takedown. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with a Shelf Takedown prior to its withdrawal under this subsection 2.1.5, other than if a Demanding Holder elects to pay such Registration Expenses pursuant to the second sentence of this subsection 2.1.5.

2.2 Piggyback Registration

2.2.1 Piggyback Rights. If the Company or any Holder proposes to conduct a registered offering of, or if the Company proposes to file a Registration Statement under the Securities Act with respect to an offering of equity securities of the Company, or securities or other obligations exercisable or exchangeable for, or convertible into equity securities of the Company, for its own account or for the account of shareholders of the Company (or by the Company and by the shareholders of the Company including, without limitation, an Underwritten Shelf Takedown pursuant to Section 2.1 hereof), other than a Registration Statement (or any registered offering with respect thereto) (i) filed in connection with any employee stock option or other benefit plan, (ii) for an exchange offer or offering of securities solely to the Company's existing shareholders, (iii) for an offering of debt that is convertible into equity securities of the Company or (iv) for a dividend reinvestment plan, then the Company shall give written notice of such proposed offering to all of the Holders of Registrable Securities (including for the avoidance of doubt, the Management Holders) as soon as practicable but not less than 10 days before the anticipated filing date of such Registration Statement or, in the case of an underwritten offering pursuant to a Shelf Registration, the launch date of such offering, which notice shall (A) describe the amount and type of securities to be included in such offering, the intended method(s) of distribution, and the name of the proposed managing Underwriter or Underwriters, if any and if known, in such offering, and (B) offer to all of the Holders of Registrable Securities the opportunity to include in such registered offering such number of Registrable Securities as such Holders may request in writing within five days after receipt of such written notice (such registered offering, a "**Piggyback Registration**"). The Company shall, in good faith, cause such Registrable Securities to be included in such Piggyback Registration and shall use its best efforts to cause the managing Underwriter or Underwriters of a proposed Underwritten Offering to permit the Registrable Securities requested by the Holders pursuant to this subsection 2.2.1 to be included in a Piggyback Registration on the same terms and conditions as any similar securities of the Company included in such registered offering and to permit the sale or other disposition of such Registrable Securities in accordance with the intended method(s) of distribution thereof. The inclusion of any Holder's Registrable Securities in a Piggyback Registration shall be subject to such Holder's agreement to abide by the terms of Section 3.3 below.

2.2.2 Reduction of Piggyback Registration. If the managing Underwriter or Underwriters in an Underwritten Offering that is to be a Piggyback Registration, in good faith, advises the Company and the Holders of Registrable Securities participating in the Piggyback Registration in writing that the dollar amount or number of the Common Stock or other equity securities that the Company desires to sell, taken together with (i) the Common Stock or other equity securities, if any, as to which Registration or a registered offering has been demanded pursuant to separate written contractual arrangements with persons or entities other than the Holders of Registrable Securities hereunder (ii) the Common Stock or other equity securities, if any, as to which registration has been requested pursuant to Section 2.2 hereof, and (iii) the Common Stock or other equity

securities, if any, as to which Registration has been requested pursuant to separate written contractual piggyback registration rights of other shareholders of the Company, exceeds the Maximum Number of Securities, then:

(a) If the Registration or registered offering is undertaken for the Company's account, the Company shall include in any such Registration or registered offering (A) first, the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1 hereof, *pro rata*, which can be sold without exceeding the Maximum Number of Securities; and (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Common Stock or other equity securities, if any, as to which Registration has been requested pursuant to written contractual piggyback registration rights of other shareholders of the Company, which can be sold without exceeding the Maximum Number of Securities;

(b) If the Registration or registered offering is pursuant to a request by persons or entities other than the Holders of Registrable Securities, then the Company shall include in any such Registration or registered offering (A) first, the Common Stock or other equity securities, if any, of such requesting persons or entities, other than the Holders of Registrable Securities, which can be sold without exceeding the Maximum Number of Securities; (B) second, to the extent that the Maximum Number of Securities has not been reached under the foregoing clause (A), the Registrable Securities of Holders exercising their rights to register their Registrable Securities pursuant to subsection 2.2.1, *pro rata* based on the number of Registrable Securities that each Holder has requested be included in such Underwritten Offering, which can be sold without exceeding the Maximum Number of Securities; (C) third, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A) and (B), the Common Stock or other equity securities that the Company desires to sell, which can be sold without exceeding the Maximum Number of Securities; and (D) fourth, to the extent that the Maximum Number of Securities has not been reached under the foregoing clauses (A), (B) and (C), the Common Stock or other equity securities for the account of other persons or entities that the Company is obligated to register pursuant to separate written contractual arrangements with such persons or entities, which can be sold without exceeding the Maximum Number of Securities.

2.2.3 Piggyback Registration Withdrawal. Any Holder of Registrable Securities shall have the right to withdraw from a Piggyback Registration for any or no reason whatsoever upon written notification to the Company and the Underwriter or Underwriters (if any) of his, her or its intention to withdraw from such Piggyback Registration prior to the effectiveness of the Registration Statement filed with the Commission with respect to such Piggyback Registration or, in the case of a Piggyback Registration pursuant to a Shelf Registration, the filing of the applicable "red herring" prospectus or prospectus supplement with respect to such Piggyback Registration used for marketing such transaction. The Company (whether on its own good faith determination or as the result of a request for withdrawal by persons pursuant to separate written contractual obligations) may withdraw a Registration Statement filed with the Commission in connection with a Piggyback Registration (which, in no circumstance, shall include the Shelf) at any time prior to the effectiveness of such Registration Statement. Notwithstanding anything to the contrary in this Agreement, the Company shall be responsible for the Registration Expenses incurred in connection with the Piggyback Registration prior to its withdrawal under this subsection 2.2.3.

2.2.4 Unlimited Piggyback Registration Rights. For purposes of clarity, subject to subsection 2.1.5, any Piggyback Registration effected pursuant to Section 2.2 hereof shall not be counted as a demand for an Underwritten Shelf Takedown under subsection 2.1.3 hereof.

2.3 Restrictions on Transfer. In connection with any Underwritten Offering of equity securities of the Company, each Holder that holds more than 10% of the issued and outstanding Common Stock, agrees that it shall not transfer any Common Stock (other than those included in such offering pursuant to this Agreement), without the prior written consent of the Company, during the seven days prior to and the 90-day period beginning

on the date of pricing of such offering, except in the event the Underwriter managing the offering otherwise agrees by written consent. Each Holder agrees to execute a customary lock-up agreement in favor of the Underwriters to such effect (in each case on substantially the same terms and conditions as all such Holders). Notwithstanding the foregoing, with respect to an Underwritten Offering, a Holder shall not be subject to this Section 2.3 with respect to an Underwritten Offering unless each shareholder of the Company that (together with their Affiliates) hold at least 10% of the issued and outstanding Common Stock and each of the Company's directors and officers have executed a lock-up on terms at least as restrictive with respect to such Underwritten Offering as requested of the Holders. A Holder's obligations under the second sentence of this Section 2.3 shall only apply for so long as such Holder (together with its Affiliates) holds at least 10% of the issued and outstanding Common Stock.

ARTICLE III COMPANY PROCEDURES

3.1 General Procedures. In connection with effecting any Shelf Registration and/or Shelf Takedown, the Company shall use its best efforts to effect such Registration to permit the sale of such Registrable Securities in accordance with the intended plan of distribution thereof, and pursuant thereto the Company shall, as expeditiously as possible:

3.1.1 prepare and file with the Commission as soon as practicable a Registration Statement with respect to such Registrable Securities and use its reasonable best efforts to cause such Registration Statement to become effective and remain effective until all Registrable Securities covered by such Registration Statement have been sold;

3.1.2 prepare and file with the Commission such amendments and post-effective amendments to the Registration Statement, and such supplements to the Prospectus, as may be requested by any Holder that holds at least five percent of the Registrable Securities or as may be required by the rules, regulations or instructions applicable to the registration form used by the Company or by the Securities Act or rules and regulations thereunder to keep the Registration Statement effective until all Registrable Securities covered by such Registration Statement are sold in accordance with the intended plan of distribution set forth in such Registration Statement or supplement to the Prospectus;

3.1.3 prior to filing a Registration Statement or prospectus, or any amendment or supplement thereto, furnish without charge to the Underwriters, if any, and the Holders of Registrable Securities included in such Registration, and such Holders' legal counsel, copies of such Registration Statement as proposed to be filed, each amendment and supplement to such Registration Statement (in each case including all exhibits thereto and documents incorporated by reference therein), the Prospectus included in such Registration Statement (including each preliminary Prospectus), and such other documents as the Underwriters and the Holders of Registrable Securities included in such Registration or the legal counsel for any such Holders may request in order to facilitate the disposition of the Registrable Securities owned by such Holders;

3.1.4 prior to any public offering of Registrable Securities, use its best efforts to (i) register or qualify the Registrable Securities covered by the Registration Statement under such securities or "blue sky" laws of such jurisdictions in the United States as the Holders of Registrable Securities included in such Registration Statement (in light of their intended plan of distribution) may request (or provide evidence satisfactory to such Holders that the Registrable Securities are exempt from such registration or qualification) and (ii) take such action necessary to cause such Registrable Securities covered by the Registration Statement to be registered with or approved by such other governmental authorities as may be necessary by virtue of the business and operations of the Company and do any and all other acts and things that may be necessary or advisable to enable the Holders of Registrable Securities included in such Registration Statement to consummate the disposition of such Registrable Securities in such jurisdictions; provided, however, that the Company shall not be required to qualify generally to

[Table of Contents](#)

do business in any jurisdiction where it would not otherwise be required to qualify or take any action to which it would be subject to general service of process or taxation in any such jurisdiction where it is not then otherwise so subject;

3.1.5 cause all such Registrable Securities to be listed on each securities exchange or automated quotation system on which similar securities issued by the Company are then listed;

3.1.6 provide a transfer agent or warrant agent, as applicable, and registrar for all such Registrable Securities no later than the effective date of such Registration Statement;

3.1.7 advise each seller of such Registrable Securities, promptly after it shall receive notice or obtain knowledge thereof, of the issuance of any stop order by the Commission suspending the effectiveness of such Registration Statement or the initiation or threatening of any proceeding for such purpose and promptly use its reasonable best efforts to prevent the issuance of any stop order or to obtain its withdrawal if such stop order should be issued;

3.1.8 at least five days prior to the filing of any Registration Statement or Prospectus or any amendment or supplement to such Registration Statement or Prospectus or any document that is to be incorporated by reference into such Registration Statement or Prospectus furnish a draft thereof to each seller of such Registrable Securities or its counsel (excluding any exhibits thereto and any filing made under the Exchange Act that is to be incorporated by reference therein);

3.1.9 notify the Holders at any time when a Prospectus relating to such Registration Statement is required to be delivered under the Securities Act, of the happening of any event as a result of which the Prospectus included in such Registration Statement, as then in effect, includes a Misstatement, and then to correct such Misstatement as set forth in [Section 3.4](#) hereof;

3.1.10 permit representatives of the Holders, the Underwriters, if any, and any attorney, consultant or accountant retained by such Holders or Underwriter to participate, at each such person's own expense, in the preparation of the Registration Statement, and cause the Company's officers, directors and employees to supply all information reasonably requested by any such representative, Underwriter, attorney or accountant in connection with the Registration; provided, however, that such representatives or Underwriters agree to confidentiality arrangements reasonably satisfactory to the Company, prior to the release or disclosure of any such information;

3.1.11 obtain a "cold comfort" letter from the Company's independent registered public accountants in the event of an Underwritten Offering which the participating Holders may rely on, in customary form and covering such matters of the type customarily covered by "cold comfort" letters as the managing Underwriter may reasonably request, and reasonably satisfactory to a majority-in-interest of the participating Holders;

3.1.12 on the date the Registrable Securities are delivered for sale pursuant to such Registration, obtain an opinion, dated such date, of counsel representing the Company for the purposes of such Registration, addressed to the Holders, the placement agent or sales agent, if any, and the Underwriters, if any, covering such legal matters with respect to the Registration in respect of which such opinion is being given as the Holders, placement agent, sales agent, or Underwriter may reasonably request and as are customarily included in such opinions and negative assurance letters, and reasonably satisfactory to a majority in interest of the participating Holders;

3.1.13 in the event of any Underwritten Offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the managing Underwriter of such offering;

3.1.14 make available to its security holders, as soon as reasonably practicable, an earnings statement covering the period of at least 12 months beginning with the first day of the Company's first full calendar quarter

Table of Contents

after the effective date of the Registration Statement which satisfies the provisions of Section 11(a) of the Securities Act and Rule 158 thereunder (or any successor rule promulgated thereafter by the Commission);

3.1.15 if an Underwritten Offering involves Registrable Securities with a total offering price (including piggyback securities and before deduction of underwriting discounts) reasonably expected to exceed, in the aggregate, \$35.0 million, use its reasonable efforts to make available senior executives of the Company to participate in customary “road show” presentations that may be reasonably requested by the Underwriter in such Underwritten Offering; and

3.1.16 otherwise, in good faith, cooperate reasonably with, and take such customary actions as may reasonably be requested by the Holders, in connection with such Registration.

3.2 Registration Expenses. The Registration Expenses of all Registrations shall be borne by the Company. It is acknowledged by the Holders that the Holders shall bear all incremental selling expenses relating to the sale of Registrable Securities, such as Underwriters’ commissions and discounts, brokerage fees, Underwriter marketing costs and, other than as set forth in the definition of “**Registration Expenses**,” all reasonable fees and expenses of any legal counsel representing the Holders.

3.3 Requirements for Participation in Underwritten Offerings. Notwithstanding anything in this Agreement to the contrary, if any Holder does not provide the Company with its requested Holder Information, the Company may exclude such Holder’s Registrable Securities from the applicable Registration Statement or Prospectus if the Company determines, based on the advice of counsel, that such information is necessary to effect the registration and such Holder continues thereafter to withhold such information. No person may participate in any Underwritten Offering for equity securities of the Company pursuant to a Registration hereunder unless such person (i) agrees to sell such person’s securities on the basis provided in any underwriting and other arrangements approved by the Company in the case of an Underwritten Offering initiated by the Company, and the Demanding Holders in the case of an Underwritten Offering initiated by the Demanding Holders and (ii) completes and executes all customary questionnaires, powers of attorney, indemnities, lock-up agreements, underwriting agreements and other customary documents as may be reasonably required under the terms of such underwriting arrangements. Subject to the minimum thresholds set forth in Section 2.1.3 and 3.1.15 of this Agreement, the exclusion of a Holder’s Registrable Securities as a result of this Section 3.3 shall not affect the registration of the other Registrable Securities to be included in such Registration.

3.4 Suspension of Sales; Adverse Disclosure. Upon receipt of written notice from the Company that a Registration Statement or Prospectus contains a Misstatement, each of the Holders shall forthwith discontinue disposition of Registrable Securities until it has received copies of a supplemented or amended Prospectus correcting the Misstatement (it being understood that the Company hereby covenants to prepare and file such supplement or amendment as soon as practicable after the time of such notice), or until it is advised in writing by the Company that the use of the Prospectus may be resumed. If the filing, initial effectiveness or continued use of a Registration Statement in respect of any Registration at any time would require the Company to make an Adverse Disclosure or would require the inclusion in such Registration Statement of financial statements that are unavailable to the Company for reasons beyond the Company’s control, the Company may, upon giving prompt written notice of such action to the Holders, delay the filing or initial effectiveness of, or suspend use of, such Registration Statement for the shortest period of time, but in no event more than 45 days, determined in good faith by the Company to be necessary for such purpose; provided that such right to delay or suspend shall be exercised by the Company not more than two times, which may be consecutive, in any 12-month period. In the event the Company exercises its rights under the preceding sentence, the Holders agree to suspend, immediately upon their receipt of the notice referred to above, their use of the Prospectus relating to any Registration in connection with any sale or offer to sell Registrable Securities. The Company shall immediately notify the Holders of the expiration of any period during which it exercised its rights under this Section 3.4.

3.5 Reporting Obligations. As long as any Holder shall own Registrable Securities, the Company, at all times while it shall be a reporting company under the Exchange Act, covenants to file timely (or obtain

extensions in respect thereof and file within the applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to Sections 13(a) or 15(d) of the Exchange Act and to promptly furnish the Holders with true and complete copies of all such filings; provided that any documents publicly filed or furnished with the Commission pursuant to the Electronic Data Gathering, Analysis and Retrieval System shall be deemed to have been furnished or delivered to the Holders pursuant to this Section 3.5.

3.6 Other Obligations. In connection with a sale or transfer of Registrable Securities exempt from Section 5 of the Securities Act or through any broker-dealer transactions described in the plan of distribution set forth within the Prospectus and pursuant to the Registration Statement of which such Prospectus forms a part, the Company shall, subject to the receipt of the any customary documentation required from the applicable Holders in connection therewith, (i) promptly instruct its transfer agent to remove any restrictive legends applicable to the Registrable Securities being sold or transferred and (ii) cause its legal counsel to deliver the necessary legal opinions, if any, to the transfer agent in connection with the instruction under subclause (i). In addition, the Company shall cooperate reasonably with, and take such customary actions as may reasonably be requested by the Holders, in connection with the aforementioned sales or transfers; provided, however, that the Company shall have no obligation to participate in any “road shows” or assist with the preparation of any offering memoranda or related documentation with respect to any sale or transfer of Registrable Securities in any transaction that does not constitute an Underwritten Offering.

ARTICLE IV INDEMNIFICATION AND CONTRIBUTION

4.1 Indemnification.

4.1.1 The Company agrees to indemnify, to the extent permitted by law, each Holder of Registrable Securities, its officers and directors and each person who controls such Holder (within the meaning of the Securities Act) against all losses, claims, damages, liabilities and expenses (including attorneys’ fees) caused by any untrue or alleged untrue statement of material fact contained in any Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission or alleged omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, except insofar as the same are caused by or contained in any information furnished in writing to the Company by such Holder expressly for use therein. The Company shall indemnify the Underwriters, their officers and directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to the indemnification of the Holder.

4.1.2 In connection with any Registration Statement in which a Holder of Registrable Securities is participating, such Holder shall furnish to the Company in writing such information and affidavits as the Company reasonably requests for use in connection with any such Registration Statement or Prospectus (the “**Holder Information**”) and, to the extent permitted by law, shall indemnify the Company, its directors and officers and agents and each person who controls the Company (within the meaning of the Securities Act) against any losses, claims, damages, liabilities and expenses (including without limitation reasonable attorneys’ fees) resulting from any untrue statement of material fact contained in the Registration Statement, Prospectus or preliminary Prospectus or any amendment thereof or supplement thereto or any omission of a material fact required to be stated therein or necessary to make the statements therein not misleading, but only to the extent that such untrue statement or omission is contained in any information or affidavit so furnished in writing by such Holder expressly for use therein; provided, however, that the obligation to indemnify shall be several, not joint and several, among such Holders of Registrable Securities, and the liability of each such Holder of Registrable Securities shall be in proportion to and limited to the net proceeds received by such Holder from the sale of Registrable Securities pursuant to such Registration Statement. The Holders of Registrable Securities shall indemnify the Underwriters, their officers, directors and each person who controls such Underwriters (within the meaning of the Securities Act) to the same extent as provided in the foregoing with respect to indemnification of the Company.

4.1.3 Any person entitled to indemnification herein shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification (provided that the failure to give prompt notice shall not impair any person's right to indemnification hereunder to the extent such failure has not materially prejudiced the indemnifying party) and (ii) unless in such indemnified party's reasonable judgment a conflict of interest between such indemnified and indemnifying parties may exist with respect to such claim, permit such indemnifying party to assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent shall not be unreasonably withheld). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party a conflict of interest may exist between such indemnified party and any other of such indemnified parties with respect to such claim. No indemnifying party shall, without the consent of the indemnified party, consent to the entry of any judgment or enter into any settlement which cannot be settled in all respects by the payment of money (and such money is so paid by the indemnifying party pursuant to the terms of such settlement) or which settlement does not include as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

4.1.4 The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling person of such indemnified party and shall survive the transfer of securities. The Company and each Holder of Registrable Securities participating in an offering also agrees to make such provisions as are reasonably requested by any indemnified party for contribution to such party in the event the Company's or such Holder's indemnification is unavailable for any reason.

4.1.5 If the indemnification provided under [Section 4.1](#) hereof from the indemnifying party is unavailable or insufficient to hold harmless an indemnified party in respect of any losses, claims, damages, liabilities and expenses referred to herein, then the indemnifying party, in lieu of indemnifying the indemnified party, shall contribute to the amount paid or payable by the indemnified party as a result of such losses, claims, damages, liabilities and expenses in such proportion as is appropriate to reflect the relative fault of the indemnifying party and the indemnified party, as well as any other relevant equitable considerations. The relative fault of the indemnifying party and indemnified party shall be determined by reference to, among other things, whether any action in question, including any untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact, was made by, or relates to information supplied by, such indemnifying party or indemnified party, and the indemnifying party's and indemnified party's relative intent, knowledge, access to information and opportunity to correct or prevent such action; provided, however, that the liability of any Holder under this [subsection 4.1.5](#) shall be limited to the amount of the net proceeds received by such Holder in such offering giving rise to such liability. The amount paid or payable by a party as a result of the losses or other liabilities referred to above shall be deemed to include, subject to the limitations set forth in [subsections 4.1.1, 4.1.2 and 4.1.3](#) above, any legal or other fees, charges or expenses reasonably incurred by such party in connection with any investigation or proceeding. The parties hereto agree that it would not be just and equitable if contribution pursuant to this [subsection 4.1.5](#) were determined by *pro rata* allocation or by any other method of allocation, which does not take account of the equitable considerations referred to in this [subsection 4.1.5](#). No person guilty of fraudulent misrepresentation (within the meaning of [Section 11\(f\)](#) of the Securities Act) shall be entitled to contribution pursuant to this [subsection 4.1.5](#) from any person who was not guilty of such fraudulent misrepresentation.

5.2.2 Prior to the expiration of the Lock-up Period to the extent applicable to such Holder, no Holder may assign or delegate such Holder's rights, duties or obligations under this Agreement, in whole or in part, except to (a) an Affiliate of such Holder, (b) direct and/or indirect equity holders of any Lion Holder pursuant to a distribution as described in Section 5.12 of this Agreement or (c) any person with the prior written consent of the Company. A sale or transfer that qualifies pursuant to an exemption from the Securities Act shall not be deemed to have been made pursuant to a registration statement.

5.2.3 After the expiration of the Lock-up Period to the extent applicable to such Holder, a Holder may assign or delegate such Holder's rights, duties or obligations under this Agreement, in whole or in part, to (a) up to five Permitted Transferees, provided, however, that each such Permitted Transferee holds, after giving effect to such assignment or delegation, at least five percent of the then-outstanding Common Stock, (b) an Affiliate of such Holder, (c) direct and/or indirect equity holders of any Lion Holder pursuant to a distribution as described in Section 5.12 of this Agreement or (d) any person with the prior written consent of the Company.

5.2.4 This Agreement and the provisions hereof shall be binding upon and shall inure to the benefit of each of the parties and its successors and the permitted assigns of the Holders.

5.2.5 This Agreement shall not confer any rights or benefits on any persons that are not parties hereto, other than as expressly set forth in this Agreement and Section 5.2 hereof.

5.2.6 No assignment by any party hereto of such party's rights, duties and obligations hereunder shall be binding upon or obligate the Company unless and until the Company shall have received (i) written notice of such assignment as provided in Section 5.1 hereof and (ii) the written agreement of the assignee, in a form reasonably satisfactory to the Company, to be bound by the terms and provisions of this Agreement (which may be accomplished by an addendum or certificate of joinder to this Agreement). Any transfer or assignment made other than as provided in this Section 5.2 shall be null and void.

5.2.7 In no event may Lion Capital assign or delegate its rights, duties or obligations under this Agreement, in whole or in part, to any person to whom it transfers its commitment to acquire Shares under its Subscription Agreement dated as of April , 2019 with the Company.

5.3 Counterparts. This Agreement may be executed in multiple counterparts (including facsimile or PDF counterparts), each of which shall be deemed an original, and all of which together shall constitute the same instrument, but only one of which need be produced.

5.4 Governing Law; Venue. NOTWITHSTANDING THE PLACE WHERE THIS AGREEMENT MAY BE EXECUTED BY ANY OF THE PARTIES HERETO, THE PARTIES EXPRESSLY AGREE THAT (I) THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED UNDER THE LAWS OF THE STATE OF NEW YORK AS APPLIED TO AGREEMENTS AMONG NEW YORK RESIDENTS ENTERED INTO AND TO BE PERFORMED ENTIRELY WITHIN NEW YORK, WITHOUT REGARD TO THE CONFLICT OF LAW PROVISIONS OF SUCH JURISDICTION AND (II) THE VENUE FOR ANY ACTION TAKEN WITH RESPECT TO THE AGREEMENT SHALL BE ANY STATE OR FEDERAL COURT IN NEW YORK COUNTY IN THE STATE OF NEW YORK.

5.5 TRIAL BY JURY. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND, THEREFORE, EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT TO ANY ACTION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT.

5.6 Amendments and Modifications. Upon the written consent of the Company and the Holders of at least a majority in interest of the Registrable Securities at the time in question as determined in good faith by the Company, compliance with any of the provisions, covenants and conditions set forth in this Agreement may be waived, or any of such provisions, covenants or conditions may be amended or modified; provided, however, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects one Holder, solely in its capacity as a holder of the shares of capital stock of the Company, in a manner that is materially different from the other Holders (in such capacity) shall require the consent of the Holder so affected. No course of dealing between any Holder or the Company and any other party hereto or any failure or delay on the part of a Holder or the Company in exercising any rights or remedies under this Agreement shall operate as a waiver of any rights or remedies of any Holder or the Company. No single or partial exercise of any rights or remedies under this Agreement by a party shall operate as a waiver or preclude the exercise of any other rights or remedies hereunder or thereunder by such party.

5.7 Other Registration Rights. Other than the registration rights conferred in certain subscription agreements with respect to equity securities of the Company to be issued on the Closing Date, the Company represents and warrants that no person, other than a Holder of Registrable Securities, has any right to require the Company to register any securities of the Company for sale or to include such securities of the Company in any Registration Statement filed by the Company for the sale of securities for its own account or for the account of any other person. Further, the Company represents and warrants that this Agreement supersedes any other registration

rights agreement or agreement with similar terms and conditions and in the event of a conflict between any such agreement or agreements and this Agreement, the terms of this Agreement shall prevail.

5.8 Rule 144. With a view to making available to the Holders the benefits of Rule 144 promulgated under the Securities Act, the Company covenants that it will (x) make available information necessary to comply with Rule 144, if available with respect to resales of the Registrable Securities under the Securities Act, at all times, and (y) take such further action as the Holders may reasonably request, all to the extent required from time to time to enable them to sell Registrable Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144 promulgated under the Securities Act (if available with respect to resales of the Registrable Securities), as such rule may be amended from time to time. Upon the reasonable request of the Holders, the Company will deliver to it a written statement as to whether they have complied with such information requirements, and, if not, the specific reasons for non-compliance.

5.9 Term. This Agreement shall terminate with respect to any Holder on the date that such Holder no longer holds any Registrable Securities; provided, however, that if after such termination, a Holder is issued Earnout Shares (as defined in the BCA) in accordance with the terms of the BCA, such Earnout Shares shall be treated as Registrable Securities under this Agreement and such Holder shall be entitled to all of the rights under this Agreement with respect to such Earnout Shares. The provisions of Section 3.5 and Article IV shall survive any termination.

5.10 Holder Information. Each Holder agrees, if requested in writing, to represent to the Company the total number of Registrable Securities held by such Holder in order for the Company to make determinations hereunder, including, without limitation, for purposes of Section 5.8 hereof.

5.11 Restatement. Upon the closing of the transactions contemplated by the BCA, the Original RSRA is no longer of any force or effect.

5.12 Distributions.

5.12.1 In the event that any Lion Holder distributes, or has distributed, all of its Registrable Securities to its direct and/or indirect equity holders, such distributees shall be treated as a Lion Holder hereunder; provided that only the holders of a majority of the Registrable Securities held by all such distributees, as determined in good faith by the Company, shall be entitled to take any action under this Agreement that such Lion Holder is entitled to take, provided, further, that such distributees, taken as a whole, shall not be entitled to rights in excess of those conferred to the applicable Lion Holder, as if it remained a single entity party to this Agreement.

5.12.2 In the event that the Seller's Shareholders distribute, or have distributed, all of their Registrable Securities to their direct and/or indirect equity holders, such distributees shall be treated as the Seller's Shareholders hereunder; provided that only the holders of a majority of the Registrable Securities held by all such distributees, as determined in good faith by the Company, shall be entitled to take any action under this Agreement that the Seller's Shareholders are entitled to take, provided, further, that such distributees, taken as a whole, shall not be entitled to rights in excess of those conferred to the Seller's Shareholders, as if they remained a single party to this Agreement.

5.13 Adjustments. If, and as often as, there are any changes in the Common Stock by way of stock split, stock dividend, combination or reclassification, or through merger, consolidation, reorganization, recapitalization or sale, or by any other means, appropriate adjustment shall be made in the provisions of this Agreement, as may be required, so that the rights, privileges, duties and obligations hereunder shall continue with respect to the Common Stock as so changed.

Item 20. Indemnification of directors and officers.

Cayman Islands law does not limit the extent to which a company's memorandum and articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the Cayman Islands courts to be contrary to public policy, such as to provide indemnification against willful default, willful neglect, civil fraud or the consequences of committing a crime. Our amended and restated memorandum and articles of association provided for indemnification of our officers and directors to the maximum extent permitted by law, including for any liability incurred in their capacities as such, except through their own actual fraud, willful default or willful neglect.

We have entered into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our amended and restated memorandum and articles of association. We have purchased a policy of directors' and officers' liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 22. Undertakings.

1. The undersigned Registrant hereby undertakes:
 - (a) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement.
 - (b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 - (d) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
 - (e) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

Table of Contents

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
2. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
 3. The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other items of the applicable form.
 4. The registrant undertakes that every prospectus: (1) that is filed pursuant to the immediately preceding paragraph, or (2) that purports to meet the requirements of Section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 5. The undersigned Registrant hereby undertakes to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11, or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the Registration Statement through the date of responding to the request.
 6. The undersigned Registrant hereby undertakes to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the Registration Statement when it became effective.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the Registrant has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Los Angeles, State of California, on the 29th day of April, 2019.

Form of Lock-Up Agreement

LOCK-UP AGREEMENT

THIS LOCK-UP AGREEMENT (this “**Agreement**”) is made and entered into as of [●], 2019 by and between (a) Chuck E. Cheese Brands Inc., a Delaware corporation (including any predecessor or successor entity thereto, the “**Company**”) and (b) AP VIII CEC Holdings, L.P., Delaware limited partnership (“**AP VIII**”). Capitalized terms used but not otherwise defined in this Agreement will have the meaning ascribed to such term in the Business Combination Agreement, dated as of April [●], 2019, by and among the Company, Queso Holdings Inc., a Delaware corporation, AP VIII, and solely for purposes of Section 7.14(f) thereof, Leo Investors Limited Partnership, a Cayman limited partnership (as it may be amended or supplemented from time to time, the “**BCA**”). AP VIII and any person or entity who hereafter becomes a party to this Agreement pursuant to Section 1 are referred to herein, individually, as a “Holder” and, collectively, as the “Holders.”

WHEREAS, pursuant to the BCA, and in view of the valuable consideration to be received by the parties thereunder, the parties desire to enter into this Agreement, pursuant to the Holders’ Leo Common Stock (the “**Restricted Securities**”) shall become subject to limitations on disposition as set forth herein.

NOW, THEREFORE, in consideration of the premises set forth above, which are incorporated in this Agreement as if fully set forth below, and intending to be legally bound hereby, the parties hereby agree as follows:

1. Lock-Up Provisions.

(a) The Holders hereby agree not to, during the period commencing from the Closing and through the earlier of (x) the one hundred and eightieth (180) day anniversary of the date of the Closing and (y) the date after the Closing on which the Company consummates a Change of Control (as defined in the BCA) (the “**Lock-Up Period**”): (i) lend, offer, pledge, hypothecate, encumber, donate, assign, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of any Restricted Securities, or (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of the Restricted Securities, whether any such transaction described in clauses (i) or (ii) above is to be settled by delivery of Restricted Securities or other securities, in cash or otherwise (any of the foregoing described in clauses (i) or (ii), a “**Prohibited Transfer**”); and provided, for the avoidance of doubt, that nothing in this Agreement shall restrict any Holder’s right to cause the Company to file and cause to become effective a registration statement with the Securities and Exchange Commission naming such Holder as a selling securityholder (and to make any required disclosures on Schedule 13D in respect thereof). The foregoing sentence shall not apply:

- (A) to the transfer of any or all of the Restricted Securities by a *bona fide* gift or charitable contribution;
- (B) to the transfer of any or all of the Restricted Securities to any Permitted Transferee;

(C) to the establishment of a trading plan pursuant to Rule 10b5-1 under the Exchange Act for the transfer of Restricted Securities; provided, that such plan does not provide for the transfer of Restricted Securities during the Lock-Up Period; and

(D) with respect to voting rights pursuant to the execution and delivery of a support, voting or similar agreement in connection with a Change of Control;

provided, however, that in any of cases (A) or (B), it shall be a condition to such transfer that the transferee executes and delivers to the Company an agreement stating that the transferee is receiving and holding the Restricted Securities subject to the provisions of this Agreement applicable to such holder, and there shall be no further transfer of such Restricted Securities except in accordance with this Agreement; provided, further, that in any of the of cases (A) or (B) such transfer or distribution shall not involve a disposition for value.

As used in this Agreement, the term “*Permitted Transferee*” shall mean:

(i) as a distribution to the direct or indirect general partners, limited partners, shareholders, members of, or owners of similar equity interests in a Holder; or

(ii) any affiliate of AP VIII.

The Holders further agree to execute such agreements as may be reasonably requested by the Company that are consistent with the foregoing or that are necessary to give further effect thereto.

(b) If any Prohibited Transfer is made or attempted contrary to the provisions of this Agreement, such purported Prohibited Transfer shall be null and void ab initio, and the Company shall refuse to recognize any such purported transferee of the Restricted Securities as one of its equity holders for any purpose. In order to enforce this Section 1, the Company may impose stop-transfer instructions with respect to the Restricted Securities (and permitted transferees and assigns thereof) until the end of the Lock-Up Period.

(c) During the Lock-Up Period, each certificate or book-entry position evidencing any Restricted Securities shall be marked with a legend in substantially the following form, in addition to any other applicable legends:

“THE SECURITIES REPRESENTED HEREBY ARE SUBJECT TO RESTRICTIONS ON TRANSFER SET FORTH IN A LOCK-UP AGREEMENT, DATED AS OF [●], 2019, BY AND AMONG THE ISSUER OF SUCH SECURITIES AND THE REGISTERED HOLDER OF THE SHARES (OR THE PREDECESSOR IN INTEREST TO THE SHARES). A COPY OF SUCH LOCK-UP AGREEMENT WILL BE FURNISHED WITHOUT CHARGE BY THE ISSUER TO THE HOLDER HEREOF UPON WRITTEN REQUEST.”

(d) For the avoidance of doubt, each Holder shall retain all of its rights as a shareholder of the Company with respect to the Restricted Securities during the Lock-Up Period, including the right to vote any Restricted Securities that are entitled to vote. The Company agrees to (i) instruct its transfer agent to remove the legends in clause (c) immediately above upon the expiration of the Lock-Up Period and (ii) cause its legal counsel to deliver the necessary legal opinions, if any, to the transfer agent in connection with the instruction under subclause (i).

2. Miscellaneous.

(a) Binding Effect; Assignment. This Agreement and all of the provisions hereof shall be binding upon and inure to the benefit of the parties hereto and their respective permitted successors and assigns. This Agreement and all obligations of a Holder are personal to such Holder and may not be transferred or delegated at any time.

(b) Third Parties. Nothing contained in this Agreement or in any instrument or document executed by any party in connection with the transactions contemplated hereby shall create any rights in, or be deemed to have been executed for the benefit of, any person or entity that is not a party hereto or thereto or a successor or permitted assign of such a party.

(c) Governing Law; Venue. NOTWITHSTANDING THE PLACE WHERE THIS AGREEMENT MAY BE EXECUTED BY ANY OF THE PARTIES HERETO, THE PARTIES EXPRESSLY AGREE THAT (I) ALL ISSUES AND QUESTIONS CONCERNING THE CONSTRUCTION, VALIDITY, INTERPRETATION AND ENFORCEABILITY OF THIS AGREEMENT AND THE EXHIBITS AND SCHEDULES HERETO SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF DELAWARE, WITHOUT GIVING EFFECT TO ANY CHOICE OF LAW OR CONFLICT OF LAW RULES OR PROVISIONS (WHETHER OF THE STATE OF DELAWARE OR ANY OTHER JURISDICTION) THAT WOULD CAUSE THE APPLICATION OF THE LAWS OF ANY JURISDICTION OTHER THAN THE STATE OF DELAWARE AND (II) THE VENUE FOR ANY ACTION TAKEN WITH RESPECT TO THE AGREEMENT SHALL BE ANY STATE OR FEDERAL COURT IN NEW YORK COUNTY IN THE STATE OF DELAWARE.

(d) WAIVER OF JURY TRIAL. EACH PARTY HERETO ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND, THEREFORE, EACH SUCH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT TO ANY ACTION DIRECTLY OR INDIRECTLY ARISING OUT OF, UNDER OR IN CONNECTION WITH OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT.

(e) Interpretation. The titles and subtitles used in this Agreement are for convenience only and are not to be considered in construing or interpreting this Agreement. In this Agreement, unless the context otherwise requires: (i) any pronoun used in this Agreement shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns, pronouns and verbs shall include the plural and vice versa; (ii) "including" (and with correlative meaning "include") means including without limiting the generality of any description preceding or succeeding such term and shall be deemed in each case to be followed by the words "without limitation"; (iii) the words "herein," "hereto," and "hereby" and other words of similar import in this Agreement shall be deemed in each case to refer to this Agreement as a whole and not to any

particular section or other subdivision of this Agreement; and (iv) the term “or” means “and/or”. The parties have participated jointly in the negotiation and drafting of this Agreement. Consequently, in the event an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties hereto, and no presumption or burden of proof shall arise favoring or disfavoring any party by virtue of the authorship of any provision of this Agreement.

(f) **Notices.** Any notice provided for in this Agreement shall be in writing and shall be either personally delivered, or mailed first class mail (postage prepaid, return receipt requested) or sent by reputable overnight courier service (charges prepaid) to the Company or AP VIII, or its permitted assignees, as applicable, at the addresses set forth below. Notices shall be deemed to have been given hereunder when delivered personally, three days after deposit in the U.S. mail or one day after deposit with a reputable overnight courier service, as applicable.

(g) Amendments and Waivers. Only upon the approval by a majority of the members of the Board of Directors of the Company then in office that qualify as “independent” for purposes of audit committee membership under Section 10A-3 under the Exchange Act of 1934, as amended, compliance with any of the provisions, covenants and conditions set forth in this Agreement may be waived by the Company, or any of such provisions, covenants or conditions may be amended or modified; provided, however, that notwithstanding the foregoing, any amendment hereto or waiver hereof that adversely affects one Holder, solely in its capacity as a holder of Restricted Securities, shall require the consent of the Holder so affected. No course of dealing between any Holder or the Company and any other party hereto or any failure or delay on the part of a Holder or the Company in exercising any rights or remedies under this Agreement shall operate as a waiver of any rights or remedies of any Holder or the Company. No single or partial exercise of any rights or remedies under this Agreement by a party shall operate as a waiver or preclude the exercise of any other rights or remedies hereunder or thereunder by such party.

(h) Severability. In case any provision in this Agreement shall be held invalid, illegal or unenforceable in a jurisdiction, such provision shall be modified or deleted, as to the jurisdiction involved, only to the extent necessary to render the same valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions hereof shall not in any way be affected or impaired thereby nor shall the validity, legality or enforceability of such provision be affected thereby in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties will substitute for any invalid, illegal or unenforceable provision a suitable and equitable provision that carries out, so far as may be valid, legal and enforceable, the intent and purpose of such invalid, illegal or unenforceable provision.

(i) Specific Performance. Each Holder acknowledges that its obligations under this Agreement are unique, recognizes and affirms that in the event of a breach of this Agreement by such Holder, money damages will be inadequate and the Company will have no adequate remedy at law, and agrees that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed by such Holder in accordance with their specific terms or were otherwise breached. Accordingly, the Company shall be entitled to an injunction or restraining order to prevent breaches of this Agreement by a Holder and to enforce specifically the terms and provisions hereof, without the requirement to post any bond or other security or to prove that money damages would be inadequate, this being in addition to any other right or remedy to which such party may be entitled under this Agreement, at law or in equity.

(j) Entire Agreement. This Agreement constitutes the full and entire understanding and agreement among the parties with respect to the subject matter hereof, and any other written or oral agreement relating to the subject matter hereof existing between the parties is expressly canceled; provided, that, for the avoidance of doubt, the foregoing shall not affect the rights and obligations of the parties under the BCA or any documents related thereto or referred to therein. Notwithstanding the foregoing, nothing in this Agreement shall limit any of the rights or remedies of the Company or any of the obligations of any of the Holders under any other agreement between any of the Holders and the Company or any certificate or instrument executed by any of the Holders in favor of the Company, and nothing in any other agreement, certificate or instrument shall limit any of the rights or remedies of the Company or any of the obligations of any of the Holders under this Agreement.

(k) Further Assurances. From time to time, at another party's request and without further consideration (but at the requesting party's reasonable cost and expense), each party shall execute and deliver such additional documents and take all such further action as may be reasonably necessary to consummate the transactions contemplated by this Agreement.

(l) Counterparts; Facsimile. This Agreement may also be executed and delivered by facsimile signature or by other electronic means in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties have executed this Lock-Up Agreement as of the date first written above.
